Item 4: Advisory Business

A. Description of the Advisory Firm

Innovatum Capital Partners (“ICP” or the “Advisor”) is a California limited liability company, and was organized on May 25, 2010. Kevin T. Carias holds the position and responsibilities as the firm’s sole owner and Managing Member. ICP provides investment advisory services to individually managed accounts.

ICP registered and became effective as an Investment Adviser with the U.S. Securities and Exchange Commission as of July 20, 2010. The Advisor concurrently notice filed with the California Department of Corporations, Securities Regulation Division effective as of July 20, 2010. ICP is transitioning from being an investment adviser registered with the SEC to becoming effectively registered as an investment adviser with the California Department of Corporations, Securities Regulation Division. ICP shall withdraw its investment adviser registration with the SEC with its registration with the California Department of Corporations.

B. Types of Advisory Services

Innovatum Capital Partners, LLC, offers the following services to advisory clients:

Investment Supervisory Services for Individual Client Accounts

ICP offers initial and ongoing consultations and portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. ICP creates an Investment Policy Statement for each client, which outlines the client’s current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client’s specific situation. Investment Supervisory Services include, but are not limited to, the following:

- | | |
|-----------------------|--------------------------------|
| • Investment strategy | • Personal investment policy |
| • Asset allocation | • Asset selection |
| • Risk tolerance | • Regular portfolio monitoring |

The Advisor evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. Innovatum Capital Partners will request discretionary authority from clients in order to select securities and execute transactions without permission from the client prior to each transaction. Risk tolerance levels are documented in the Investment Policy Statement, which is given to each client.

Services Limited to Specific Types of Investments

Individual Client Accounts

Concerning individual client accounts, the Advisor limits the investments vehicles utilized to equity securities, corporate debt securities, U.S. government securities, option contracts on securities, and futures contracts. Innovatum Capital Partners may use other securities as well to help diversify an individual client’s portfolio when applicable.

C. Client Tailored Services and Client Imposed Restrictions

Individual Client Accounts

ICP offers the same suite of services to all of its individual client accounts. However, specific client financial plans and their implementation are dependent upon the client's Investment Policy Statement which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may not impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs.

D. Wrap Fee Programs

Innovatum Capital Partners does not participate in any wrap fee programs.

E. Amounts Under Management

Current assets under management by Innovatum Capital Partners are approximately \$30,750, 000 USD as of its fiscal year-end dated December 31, 2011.

Item 5: Fees and Compensation

A. Fee Schedule

ICP expects to provide its investment advisory services to individual client accounts. The Applicant shall be compensated as follows:

Investment Supervisory Services for Individual Client Account Fees

ICP provides investment advisory services to separate client accounts. Client accounts generally set-up individually with a qualified custodian. As an Individual Client Account ("ICA"), the Client authorizes ICP to manage their investment capital/portfolio based upon the Investment Advisor's discretion or judgment, but does not have custody of the Client's capital or securities. ICP does not have the authority or access to withdraw such client's capital or securities. ICP is granted only limited trade authorization to effectuate trades/investments on behalf of the client accounts.

Non-Qualified Client Account Fees:

For any investor, who maintains an ICA with the Advisor, deemed to be a "Non-Qualified Client," the Client will pay the Advisor a quarterly **Management Fee** equal to 0.375% (i.e., $\frac{1}{4}$ of 1.5% per annum) of the Account's beginning period Net Assets before withdrawals made during the period. The Management Fee rate shall vary from 1.0% to 1.5% per annum depending on the agreed upon advisory services

performed by ICP. The term “Net Assets” of the Account shall mean total assets less liabilities of the Account, excluding accrued management fees. The Management Fee shall be payable to the Advisor at the beginning of each quarter. An Account which commences or terminates will be pro-rated based on the ratio of the number of days in the period in which the Account receives advice from the Advisor to the total number of days in the period (i.e., 90 days in each quarter). Clients who elect to withdraw capital from their Individual Account on a date other than the last day of quarter will receive a pro-rated refund of any Management Fee paid in advance.

Furthermore, a Non-Qualified Client **shall not be charged** a performance-based fee, which is the Performance Allocation.

Qualified Client Discretionary Account Fees:

For any investor, who maintains an ICA with the Advisor, deemed to be a “Qualified Client”, the Client will pay the Advisor a quarterly **Management Fee** equal to 0.375% (i.e., $\frac{1}{4}$ of 1.5% per annum) of the Account’s beginning period Net Assets before withdrawals made during the period. The Management Fee rate shall vary from 1.0% to 1.5% per annum depending on the agreed upon advisory services performed by ICP. The term “Net Assets” of the Account shall mean total assets less liabilities of the Account, excluding accrued management fees. The Management Fee shall be payable to the Advisor in advance at the beginning of each quarterly period. An Account which commences or terminates will be pro-rated based on the ratio of the number of days in the period in which the Account receives advice from the Advisor to the total number of days in the period (i.e., 90 days in each quarter). Clients who elect to withdraw capital from their Account on a date other than the last day of quarter will receive a pro-rated refund of any Management Fee paid in advance.

In addition, a Qualified Client will pay the Advisor, at the end of each calendar quarter, a performance-based fee (the “**Performance Fee**”) equal to 20% of the Net Profits earned by the Client’s Account as of each calendar quarter. The Advisor shall charge the Performance Allocation on the following quarter-end dates: March 31, June 30, September 30 and December 31. Performance Allocations are subject to a “high watermark” procedure whereby the Advisor charges a Performance Allocation from a Client only to the extent Net Profits allocated to the Client’s Account **exceed** any Net Losses allocated to the Account that have not been recovered. In the event a Client Account has **unrecovered** Net Losses, the Advisor shall not charge a Performance Allocation to the Client’s Account until the Account has first recovered such Net Losses.

Net Profits and Net Losses are calculated by combining the aggregate net realized and unrealized changes in the value of the Client Account net assets with all other income and expense of any kind as of the end of each calendar quarter. Interim profit and loss allocations to the Client Account will be made at the time any capital contributions or withdrawals are made during the quarter. If the Advisory Agreement is terminated as of any date which is not the end of a calendar quarter, the Performance Allocation described above will be charged on a pro-rata basis – accounting for all net profits up to such termination date. Once the interim withdrawal is made, a Performance Allocation will not be reduced by losses incurred in subsequent periods.

The Performance Fee will only be charged to Qualified Clients that have a minimum of \$1.0 million USD under management with the Advisor or have a net worth of more than \$2.0 million USD. The Advisor will charge the Performance Fee to the extent allowable under the provisions of CCR section 260.234.

*** ICP believes that its fees are competitive with those fees charged by other investment advisors for comparable services. However, comparable services may be available from other sources for lower fees than those charged by ICP.

B. Payment of Fees

Payment of Investment Advisory Fees

Management Fee

Management Fees will be automatically deducted from the Client Account by the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client Account at the beginning of each calendar quarter date. The amount due is calculated by applying the quarterly rate (i.e., annual rate of 1.0% to 1.5% divided by 4) to the total assets under management with ICP at the beginning of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the Management Fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting ICP to be paid directly from their accounts held by the Custodian as part of the Investment Advisory Agreement and separate account forms provided by the Custodian.

Performance Fee

The Performance Fee will be determined quarterly in arrears. ICP will send to the account Custodian an invoice and the Client an invoice showing the amount to be withdrawn and how that figure was calculated. The Custodian will debit the Client's account and allocate those funds to the Advisor.

The Custodian is provided a copy of the standard investment advisory agreement utilized by ICP which delineates how fees are to be charged and assessed to client accounts. In addition, ICP provides a copy of the invoice delineating on a periodic basis the client's account status and fee disbursements. ICP does not have the ability to withdraw securities or monies from client accounts other than the duly authorized investment advisory charges as agreed upon.

Clients may not select the method in which they are billed.

C. Clients Are Responsible For Third Party Fees

Clients are responsible for the payment of all third party fees (i.e. custodian fees, mutual fund fees, transaction fees, etc.). Those fees are separate and distinct from the fees and expenses charged by Innovatum Capital Partners. Please see Item 12 of this brochure regarding broker/custodian.

D. Prepayment of Fees

Innovatum Capital Partners collects a Management Fee and Performance Fee for rendering its advisory services to clients. The Management Fee is charged in advance while the Performance Fee is charged in arrears on a quarterly period.

The Management Fee shall be the only fee payable to the Advisor in advance at the beginning of each quarterly period. An Account which commences or terminates will be pro-rated based on the ratio of the number of days in the period in which the Account receives advice from the Advisor to the total number of days in the period (i.e., 90 days in each quarter). Clients who elect to withdraw capital from their Account on a date other than the last day of quarter will receive a pro-rated refund of any Management Fee paid in advance.

E. Outside Compensation For the Sale of Securities to Clients

Neither Innovatum Capital Partners nor its supervised persons accept any compensation for the sale of securities or other investment products, including asset-based sales charges or services fees from the sale of mutual funds.

Item 6: Performance-Based Fees and Side-By-Side Management

Innovatum Capital Partners accepts performance-based fees which are based on a share of capital gains on or capital appreciation of the assets of a client. As delineated in Item 5: Fees and Compensation, the Advisor shall charge a performance-based fee only to those Individual Clients who are deemed to be "Qualified Clients." An investor is categorized as a Qualified Client if they have \$1.0 million USD under management with the Advisor or have a net worth of more than \$2.0 million USD.

Performance-based fees will only be charged in accordance with the provisions of California Code of Regulations Section 260.234. Performance-based fees will only be charged to "qualified clients" as defined in paragraph (d) of Rule 205-3 (17 CFR 275.205-3(d)) under the Investment Advisers Act of 1940.

The Advisor shall charge the Performance Fee in arrears at the end of each calendar year. Performance Fees are subject to a "high watermark" procedure whereby the Advisor charges a Performance Fee from a Client only to the extent Net Profits allocated to the Client's Account **exceed** any Net Losses allocated to the Account that have not been recovered. In the event a Client Account has **unrecovered** Net Losses, the Advisor shall not charge a Performance Fee to the Client's Account until the Account has first recovered such Net Losses.

Innovatum Capital Partners currently has only one management person and only one executive officer: Kevin T. Carias. Kevin T. Carias's education and business background can be found on the Supplemental ADV Part 2B form.

B. Other Businesses in Which This Advisory Firm or its Personnel are Engaged and Time Spent on Those (If Any)

Kevin T. Carias's other business activities can be found on the Supplemental ADV Part 2B form.

C. How Performance Based Fees are Calculated and Degree of Risk to Clients

Innovatum Capital Partners charges a performance-based fee which is based on a share of capital gains on or capital appreciation of the assets of a client. As delineated in Item 5: Fees and Compensation, the Advisor shall charge a performance-based fee only to those Limited Partners who are deemed to be "Qualified Clients." An investor is categorized as a Qualified Client if they have \$1.0 million USD under management with the Advisor or have a net worth of more than \$2.0 million USD.

The Advisor shall charge the Performance Allocation in arrears at the end of each calendar year. Performance Allocations are subject to a "high watermark" procedure whereby the Advisor charges a Performance Allocation from a Client only to the extent Net Profits allocated to the Client's Account **exceed** any Net Losses allocated to the Account that have not been recovered. In the event a Client Account has **unrecovered** Net Losses, the Advisor shall not charge a Performance Allocation to the Client's Account until the Account has first recovered such Net Losses.

Net Profits and Net Losses are calculated by combining the aggregate net realized and unrealized changes in the value of the Client Account net assets with all other income and expense of any kind as of the end of each calendar year. Interim profit and loss allocations to the Client Account will be made at the time any capital contributions or withdrawals are made during the calendar year. If the Advisory Agreement is terminated as of any date which is not the end of a calendar year, the Performance Allocation described above will be charged on a pro-rata basis – accounting for all net profits up to such termination date. Once the interim withdrawal is made, a Performance Allocation will not be reduced by losses incurred in subsequent periods.

The structure of the Performance Allocation may involve a conflict of interest, because it may create an incentive to cause the Advisor to make riskier or more speculative investments than it otherwise would. In some cases, the Performance Allocation together with the management fees charged by the Advisor may be greater than the total fees and other benefits provided by other investment advisers for similar services; in other cases the benefits may be lower.

D. Material Disciplinary Disclosures for Management Persons of this Firm

Innovatum Capital Partners has no material disclosures to disclose.

E. Material Relationships That Management Persons Have With Issuers of Securities (If Any)

Neither Innovatum Capital Partners, nor its management persons, has any relationship or arrangement with issuers of securities.

F. Material Conflicts of Interest Disclosure

The Advisor, its associated officers, employees and affiliates have endeavored to disclose to the fullest any material relationships or conflicts of interest, in accordance with Section 260.238(k) of CCR, which could be

reasonably expected to impair the rendering of unbiased and objective advice. Conflicts of Interest disclosure can be found in the following Item 20, herein.

Item 20: CONFLICTS OF INTEREST

The contractual and other arrangements among the Advisor, its employees/representatives and their affiliates are subject to various conflicts of interest in their relations with the Advisor and its clients. Prospective clients should read the entire Client Brochure and accompanying exhibits and should ask such questions of and obtain such additional information from the Advisor as they shall deem necessary before deciding to retain Innovatum Capital Partners as its investment advisor.

In evaluating these conflicts of interests, potential clients should be aware that Innovatum Capital Partners has a responsibility to the Clients to exercise good faith and fairness in all dealings affecting their respective client accounts. In the event that a Client believes that the Advisor has violated its duty to the Clients, it may seek legal relief for itself or on behalf of the Clients under applicable laws and regulations to recover damages from or require an accounting by the Advisor. Clients should be aware that the performance by Innovatum Capital Partners of its responsibilities to the Clients will be measured by the terms of the respective investment advisor agreement(s) and applicable law. Clients should be aware that it may be difficult to establish that the Advisor's trading has been excessive due to the broad trading discretion given to the Innovatum Capital Partners under the Investment Advisor Agreement and the absence of judicial or administrative standards defining excessive trading.

Incentive Allocation and Fees

The structure of the Incentive Allocation may involve a conflict of interest, because it may create an incentive to cause the Advisor to make riskier or more speculative investments than it otherwise would. In some cases, the Incentive Allocation together with the fees charged by the Advisor may be greater than the total fees and other benefits provided by other investment advisers for similar services; in other cases the benefits may be lower.

Competition with Other Clients' Managed Accounts for Securities Transactions

Innovatum Capital Partners and its principals are free to manage accounts for investors, investment vehicles, itself, its employees, its principals, and their respective families, and is free to trade on the basis of methods similar or identical to those employed on behalf of client accounts or methods which are entirely independent of such methods. Clients will not be permitted to inspect the records of the Advisors' other client accounts.

It is possible that orders for the account of the Advisor or its principals may be entered in advance of the Advisor's client accounts for legitimate and explainable reasons such as a neutral order allocation system, a different trading program, or a higher risk level of trading. However, any such proprietary trading is subject to the duty of the Advisor to exercise good faith and fairness in all matters effecting client accounts, respectively.

Competition with Innovatum Capital Partners for the Time and Services of Common Officer(s) and Director(s)
