Item 4. Advisory Business

A. Description of our advisory firm, including how long we have been in business and our principal owner(s).

Prism Investment Management Inc. is dedicated to providing our clients with a wide array of investment advisory services. We specialize in comprehensive portfolio management, financial planning and consulting, pension consulting, and selection of other advisers. Our firm is a corporation formed in the State of Arizona, and is owned as follows:

David Tyler Heymann – Fifty-percent owner

Patricia Ann Lloyd – Fifty-percent owner

B. Description of the types of advisory services we offer.

(i) Comprehensive Portfolio Management:

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds, mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

(ii) Pension Consulting:

We provide pension consulting services to employer plan sponsors on a one-time or ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan,

and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement).

(iii) Financial Planning and Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

We disclose to our financial planning clients that a conflict of interest may exist between us and our clients. The client is under no obligation to act upon the investment adviser's recommendation. If the client elects to act on our recommendations, the client is under no obligation to effect the transaction through us.

(iv) Selection of other Advisers:

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding comprehensive Portfolio Management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

On the other hand, we may also refer clients to Independent Money Managers for a flat fee. We provide clients with a list of investment advisory services of third party professional Portfolio Management firms for the individual management of client accounts. As part of this process, we assist clients in identifying an appropriate third party money manager. We provide initial due diligence on Independent Money Managers and ongoing reviews of their management of your account.

In order to assist clients in the selection of Independent Money Managers, we typically gather information from the client about their financial situation, investment objectives, and reasonable restrictions they can impose on the management of the account, which are often very limited. It is important to note that we do not offer advice on any specific securities or other investments in connection with this service. Investment advice and trading of securities is only offered by or through the third party money managers to clients.

We periodically review Independent Money Managers' reports provided to the client, but no less often than on an annual basis. Our associates contact the clients from time to time, as agreed to with the client, in order to review their financial situation and objectives; communicate information to Independent Money Managers as warranted; and, assist the client in understanding and evaluating the services provided by the Independent Money Managers. The client will be expected to notify us of any changes in his/her financial situation, investment objectives, or account restrictions that could affect their account. The client may also directly contact the Independent Money Manager managing the account or sponsoring the program.

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of clients, whether clients may impose restrictions on investing in certain securities or types of securities.

(i) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing our firm's Comprehensive Portfolio Management service. Additionally, we offer general investment advice to clients utilizing our firm's Financial Planning and Consulting, Pension Consulting, and Selection of other Advisers.

(ii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

We usually do not allow clients to impose restrictions on investing in certain securities or types of securities due to the level of difficulty this would entail in managing their account. In the rare instance that we would allow restrictions, it would be limited to our firm's Comprehensive Portfolio Management service.

D. Participation in wrap fee programs.

We do not offer wrap fee programs.

E. Disclosure of the amount of client assets we manage on a discretionary basis and the amount of client assets we manage on a non-discretionary basis.

We manage¹ \$18,000,000 on a discretionary basis and \$2,000,000 on a non discretionary basis as of April 13, 2011.

Item 5. Fees and Compensation

We are required to describe our brokerage, custody, fees, and fund expenses so you will know how much you are charged and by whom for our advisory services provided to you. Please be aware that lower fees for comparable services may be available from other sources. Our fees may be negotiable based on the scope and complexity of each client's project.

A. Description of how we are compensated for our advisory services provided to you.

(i) Comprehensive Portfolio Management:

| <u>Assets under management</u> | <u>Annual Percentage of assets charge*:</u> |
|--------------------------------|---|
| \$0 to \$100,000 | 1.55% |
| \$100,000 to \$250,000 | 1.35% |
| \$250,000 to \$500,000 | 1.20% |
| \$500,000 to \$1,000,000 | 1.10% |
| \$1,000,000 to \$2,500,000 | 0.90% |
| \$2,500,000 to \$5,000,000 | 0.80% |
| \$5,000,000 to \$10,000,000 | 0.65% |

*Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

¹ Please note that our method for computing the amount of "client assets we manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute "client assets we manage," we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our "as of" date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

(ii) Pension Consulting:

| <u>Assets under management</u> | <u>Annual Percentage of assets charge*:</u> |
|--------------------------------|---|
| \$0 to \$100,000 | 1.00% |
| \$100,000 to \$250,000 | 0.75% |
| \$250,000 to \$2,500,000 | 0.50% |
| \$2,500,000 to \$5,000,000 | 0.40% |
| \$5,000,000 to \$50,000,000 | 0.35% |

(iii) Financial Planning and Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fees are \$250. Flat fees generally range from \$500 to \$10,000.

(iv) Selection of other Advisers:

Both our firm and Independent Money Managers will be compensated for providing advisory services as outlined in separate advisory agreements, generally by respectively deducting fees directly from the client's account. The combined advisory fee paid to our firm and the Independent Money Managers shall always be below 3.00%.

On the other hand, we are paid by Independent Money Managers when we refer you to them and you decide to open a managed account. Independent Money Managers pay us a portion of the investment advisory fee that they charge you for managing your account. Fees paid to us by Independent Money Managers may be ongoing or a one-time flat fee. All fees we receive from Independent Money Managers and the written separate disclosures made to you regarding these fees comply with applicable state statutes and rules. The separate written disclosures you need to be provided with include a copy of the third party money manager's Form ADV Part 2, all relevant Brochures, a Solicitation Disclosure Statement detailing the exact fees we are paid and a copy of the third party money manager's privacy policy. Independent Money Managers we recommend will not directly charge you a higher fee than they would have charged without us introducing you to them.

B. Description of whether we deduct fees from clients' assets or bill clients for fees incurred.

(i) Comprehensive Portfolio Management:

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to you showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms;
- c) We send a copy of our invoice to you, we send a copy of our invoice to the independent custodian at the same time we send the invoice to you;
- d) We send a copy of our invoice to you, our invoice includes a legend as required by State statutes and rules.**

*In rare cases, we will agree to direct bill clients.

**The legend urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

(ii) Pension Consulting:

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement. The client will be invoiced directly for the fees.

(iii) Financial Planning and Consulting:

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$500 when services cannot be rendered within 6 (six) months.

(iv) Selection of other Advisers:

Independent Managers establish and maintain their own separate billing processes which we have no control over. In general, they will directly bill you and describe how this works in their separate written disclosure documents.

C. Description of any other types of fees or expenses clients may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

D. We must disclose if client's advisory fees are due quarterly in advance. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

Please Note: Clients may terminate their contract without penalty within five business days of signing the contract if the client was not furnished Form ADV Part 2 at least 48 hours prior to signing.

E. Commissionable securities sales.

We sell securities for a commission. In order to sell securities for a commission, our supervised persons are registered representatives of Cambridge Investment Research Advisors, Inc., member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise:
 - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
 - b) when recommending commissionable mutual funds, explaining that "no-load" funds are available through our firm if the client wishes to become an investment advisory client.

Item 6. Performance-Based Fees and Side-By-Side Management

We do not charge performance fees to our clients.

Item 7. Types of Clients

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, limited liability companies and/or other business types.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$100,000 for our Comprehensive Portfolio Management service. This minimum account balance requirement may be negotiable based on the scope and complexity of each client's project.
- We generally charge a minimum fee of \$500 for written financial plans.

Item 8. Methods of Analysis, Investment Strategies and Risk of Loss

Our firm will utilize several disciplines of analysis. On occasion we will use a technical analysis for forecasting the direction of prices through the study of past market data, primarily price and volume by examining what investors fear or think about those developments and whether or not investors have the wherewithal to back up their opinions as opposed to a fundamental analysis which examines earnings, dividends, new products, research and the like. Technical analysis is frequently contrasted with fundamental analysis and each have limitations because of assumptions about the market. We enlist a more rational approach by utilizing both types of analyses. In addition to these we may employ charting which plot the span between the high and low prices of a trading period. Some widen and fill the interval between the open and close prices to emphasize the open/close relationship. The risk of relying on charting would be similar to the weaknesses of the technical approach, where the price reflects the trend as opposed to fundamental which holds that economic factors influence the price. Studying recurring, preferably periodic, movements in prices or other time series or cyclical analysis may also be incorporated in our methods of analysis. Cyclical may too narrowly predict price without integrating relevant factors. We strive to avoid risks of any one method by incorporating several methods.

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Our firm will make long term purchases (securities held at least a year), short term purchases (securities sold within a year), trading (securities sold within 30 days). Generally there is more risk involved with shorter trading. We also use short sales to implement our strategies in which we would hope to make a profit from prices going down. The related risks occur when the price of the assets rises. There may also be costs for shorting such as a fee for borrowing the assets and payment of any dividends on the borrowed assets. Similarly margin transactions, option writing, including covered options, uncovered options or spreading strategies may be used to implement our strategies.

Additional information regarding our investment strategies:

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to comprehensive portfolio management, asset management service and portfolio monitoring, as applicable.

Item 9. Disciplinary Information

We are required to disclose whether there are legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management. There are a number of specific legal and disciplinary events that we must presume are material for this Item. If our advisory firm or a management person has been involved in one of these events, we must disclose it under this Item for ten years following the date of the event, unless (1) the event was resolved in our or the management person's favor, or was reversed, suspended or vacated, or (2) the event is not material. For purposes of calculating this ten-year period, the "date" of an event is the date that the final order, judgment, or decree was entered, or the date that any rights of appeal from preliminary orders, judgments or decrees lapsed.

The SEC and/or State Regulators have not provided us with an exclusive list of material disciplinary events, which need to be disclosed. If our advisory firm or a management person has been involved in a legal or disciplinary event that is not specifically required to be disclosed, but nonetheless is material to a client's or prospective client's evaluation of our advisory business or the integrity of our management, we must disclose the event. Similarly, even if more than ten years has passed since the date of the event, we must disclose the event if it is so serious that it remains currently material to a client's or prospective client's evaluation of our firm or management.

We have determined that our firm and management have nothing to disclose under the aforementioned standard.

Item 10. Other Financial Industry Activities and Affiliations

- A. Our firm or our management persons are registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer. The details are as follows:

Our management persons are registered representative of Cambridge Investment Research Advisors, Inc, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. This presents a conflict of interest to the extent that our management persons recommend that a client invest in a security which results in a commission being paid to them.

A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products incentive to recommend products based on the compensation adviser and/or our supervised persons may earn and may not necessarily be in the best interests of the client.

- B. If we recommend or select other investment advisers for our clients and we receive compensation directly or indirectly from those advisers, or we have other business relationships with those advisers, we are required to describe these practices and discuss the conflicts of interest these practices create and how we address them.

Please see Item 4B (iv) of this Brochure. Prior to utilizing or referring clients to Independent Money Managers, we will ensure that Independent Money Managers are licensed or notice filed with the respective authorities.

Item 11. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. Brief description of our Code of Ethics and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts². In order to monitor compliance with our

² For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

- B. If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

See Item 11A of this Brochure. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

- C. If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

See Item 11A of this brochure. Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Item 12. Brokerage Practices

A. Description of the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

1. **Research and Other Soft Dollar Benefits.** If we receive research or other products or services other than execution from a broker-dealer or a third party in connection with client securities transactions (“soft dollar benefits”), we are required to disclose our practices and discuss the conflicts of interest they create. Please note that we must disclose all soft dollar benefits we receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

Our firm participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. (“TD Ameritrade”) member FINRA/SIPC/NFA. TD Ameritrade is an independent [and unaffiliated] SEC-registered broker-dealer. TD Ameritrade offers to independent investment Advisors services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some benefits from TD Ameritrade through our participation in the program. (Please see the disclosure under Item 14 of this Brochure.)

- a. **Explanation of when we use client brokerage commissions (or markups or markdowns) to obtain research or other products or services, and how we receive a benefit because our firm does not have to produce or pay for the research, products or services.**

As part of the arrangement described in Item 12A1, TD Ameritrade also makes certain research and brokerage services available at no additional cost to our firm. These services include certain research and brokerage services, including research services obtained by TD Ameritrade directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by TD Ameritrade to our firm may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by TD Ameritrade to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

- b. Incentive to select or recommend a broker-dealer based on our interest in receiving the research or other products or services, rather than on our clients' interest in receiving best execution.

As a result of receiving the services discussed in 12A(1)a of this Firm Brochure for no additional cost, we may have an incentive to continue to use or expand the use of TD Ameritrade's services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with TD Ameritrade and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

TD Ameritrade charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). TD Ameritrade enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. TD Ameritrade's commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by TD Ameritrade may be higher or lower than those charged by other custodians and broker-dealers.

- c. Causing clients to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up).

Our non-wrap fee program clients may pay a commission to TD Ameritrade that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

- d. Disclosure of whether we use soft dollar benefits to service all of our clients' accounts or only those that paid for the benefits, as well as whether we seek to allocate soft dollar benefits to client accounts proportionately to the soft dollar credits the accounts generate.

Although the investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

- e. Description of the types of products and services our firm or any of our related persons acquired with client brokerage commissions (or markups or markdowns within our last fiscal year.

We do not acquire client brokerage commissions (or markups or markdowns).

- f. Explanation of the procedures we used during our last fiscal year to direct client transactions to a particular broker-dealer in return for soft dollar benefits we received.

We do not direct client transactions to a particular broker-dealer in return for soft dollar benefits.

- 2. Brokerage for Client Referrals. If we use client brokerage to compensate or otherwise reward brokers for client referrals, we must disclose this practice, the conflicts of interest it creates, and any procedures we used to direct client brokerage to referring brokers during the last fiscal year (i.e., the system of controls used by us when allocating brokerage).

Our firm does not receive brokerage for client referrals.

- 3. Directed Brokerage.

- a. If we routinely recommend, request or require that a client directs us to execute transactions through a specified broker-dealer, we are required to describe our practice or policy. Further, we must explain that not all advisers require their clients to direct brokerage. If our firm and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, we are further required to describe the relationship and discuss the conflicts of interest it presents by explaining that through the direction of brokerage we may be unable to achieve best execution of client transactions, and that this practice may cost our clients more money.

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

- b. If we permit a client to direct brokerage, we are required to describe our practice. If applicable, we must also explain that we may be unable to achieve best execution of your transactions. Directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices on transactions.

We do not allow client-directed brokerage.

Special Considerations for Sub-advisory Management Clients

- a. We select brokers and dealers for any purchase or sale of assets of Client Accounts and are responsible for obtaining best execution for transactions. Consistent with this idea, we may, in the allocation of portfolio brokerage business and the payment of brokerage commissions, consider the brokerage and research services furnished the Sub-Adviser by brokers and dealers, in accordance with the provisions of Section 28(e) of the Securities Exchange Act of 1934, as amended. Such research generally will be used to service all of our clients, but brokerage commissions paid by the Client Accounts may be used to pay for research that is not used in managing the Client Accounts.
 - b. Should a Client direct in writing that the Adviser or our firm use a particular broker or dealer, then such Client will negotiate terms and arrangements for their Account with that broker or dealer and we will not seek better execution services or prices from other broker-dealers. As a result, such Client Account may pay higher commissions or greater spreads, or receive less favorable net prices, on transactions for the Client Account than would otherwise be the case.
 - c. Adviser and our firm are not responsible or liable for the acts or omissions of any broker-dealer.
- B. Discussion of whether, and under what conditions, we aggregate the purchase or sale of securities for various client accounts in quantities sufficient to obtain reduced transaction costs (known as bunching). If we do not bunch orders when we have the opportunity to do so, we are required to explain our practice and describe the costs to clients of not bunching.

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration

client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13. Review of Accounts

- A. Review of client accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

We review accounts on at least a quarterly basis for our clients subscribing to our firm's Comprehensive Portfolio Management service. Third Party Money Management clients receive at least quarterly reviews. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

Pension consulting clients receive reviews of their pension plans for the duration of the pension consulting service. We also provide ongoing services to pension consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

Financial planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

- B. Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

- C. Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to our firm's Comprehensive Portfolio Management and Third Party Money Management services.

As mentioned in Item 13A of this Brochure, pension clients do not receive written or verbal updated reports regarding their pension plans unless they choose to contract with us for ongoing Pension Consulting services.

As also mentioned in Item 13A of this Brochure, financial planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately

contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14. Client Referrals and Other Compensation

- A. If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

TD Ameritrade:

As disclosed above, our firm participates in TD Ameritrade's institutional customer program and our firm may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice it gives to its Clients, although we receive economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to our firm by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit us by may not benefit its Client accounts. These products or services may assist our firm in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop its business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to clients, the firm endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

- B. If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with State rules and regulations. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15. Custody

- A. If we have custody of client funds or securities and a qualified custodian as defined in state rules (for example, a broker-dealer or bank) does not send account statements with respect to those funds or securities directly to our clients, we must disclose that we have custody and explain the risks that you will face because of this.

State Securities Bureaus or their equivalent generally takes the position that any arrangement under which a registered investment adviser is authorized or permitted to withdraw client funds or securities maintained with a custodian upon the adviser's instruction to the custodian is deemed to have custody of client funds and securities.

As such, we have adopted the following safeguarding procedures:

- (1) Our clients must provide us with written authorization permitting direct payment to us of our advisory fees from their account(s) maintained by a custodian who is independent of our firm;
- (2) We must send a statement to our clients showing the amount of our fee, the value of your assets upon which our fee was based, and the specific manner in which our fee was calculated;
- (3) We must disclose to you that it is your responsibility to verify the accuracy of our fee calculation, and that the custodian will not determine whether the fee is properly calculated; and
- (4) Your account custodian must agree to send you a statement, at least quarterly, showing all disbursements from your account, including advisory fees.

- B. If we have custody of client funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to our clients, we are required to explain that you will receive account statements from the broker-dealer, bank, or other qualified custodian and that you should carefully review those statements.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16. Investment Discretion

If we accept discretionary authority to manage securities accounts on behalf of clients, we are required to disclose this fact and describe any limitations our clients may place on our authority. The following procedures are followed before we assume this authority:

Our clients need to sign a discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Comprehensive Portfolio clients. We do not take or exercise discretion with respect to our other clients.

Item 17. Voting Client Securities

If we have, or will accept, proxy authority to vote client securities, we must briefly describe our voting policies and procedures.

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

However, third party money managers selected or recommended by our firm may vote proxies for clients. Therefore, except in the event a third party money manager votes proxies, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Therefore (except for proxies that may be voted by a third party money manager), our firm and/or you shall instruct your qualified custodian to forward to you copies of all proxies and shareholder communications relating to your investment assets.

Item 18. Financial Information

- A. If we require or solicit prepayment of more than \$500 in fees per client, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We do not require nor do we solicit prepayment of more than \$500 in fees per client, six months or more in advance. Therefore we have not included a balance sheet for our most recent fiscal year.

- B. If we are an State registered adviser and have discretionary authority or custody of client funds or securities, or we require or solicit prepayment of more than \$500 in fees per client, six months or more in advance, we must disclose any financial condition that is reasonably likely to impair our ability to meet contractual commitments to clients.

We have nothing to disclose in this regard.

- C. If we have been the subject of a bankruptcy petition at any time during the past ten years, we must disclose this fact, the date the petition was first brought, and the current status.

We have nothing to disclose in this regard.

B. Description of any business in which we are actively engaged (other than giving investment advice) and the approximate amount of time spent on that business.

Ms. Lloyd is a Certified Public Accountant. She may recommend our firm to accounting clients in need of advisory services. We may recommend Ms. Lloyd in her CPA capacity to advisory clients in need of accounting services. Accounting services provided by Ms. Lloyd are separate and distinct from our firm's advisory services, and are provided for separate and typical compensation. There are no fee arrangements between our firm and Ms. Lloyd for these referrals. Our clients are not obligated to use Ms. Lloyd for any accounting services. CPA clients may be solicited to use our firm for any advisory services. A conflict of interest exists to the extent that Ms. Lloyd may recommend accounting services where she receives compensation. Ms. Lloyd will always put the interest of our firm's clients first.

Ms. Lloyd also prepares taxes, offers tax planning, 1031 exchange consulting (from a tax perspective), business consulting, business forward planning (budgeting), bookkeeping and general consultation services. These clients may be solicited to use our firm for any advisory services, and our firm's clients are not obligated to use Ms. Lloyd in her capacity as tax consultant for any tax services. A conflict of interest exists to the extent that Ms. Lloyd may recommend tax services where she receives compensation. However, Ms. Lloyd will always put the interest of our firm's clients first.

Our management persons are Members with one-third ownership interest of Umbrella, LLC, which owns Lawyer Financial Group, LLC ("LFG") and Homeowner 101. LFG provides a one source solution for short sale advice to homeowners and realtors and negotiates with lenders on behalf of clients that are trying to short sell real estate holdings that are worth less than the amount owed to lenders. They will not have direct responsibilities relative to this company; however, they will be providing financial advice and strategic planning advice to

the company and financial advice to the clients of these companies under their capacities as a financial consultants.

Our management persons are licensed insurance agents through various insurance companies. In such capacity, they may offer insurance products and receive normal and customary commissions as a result of such a purchase. This presents a conflict of interest to the extent that they recommend the purchase of an insurance product which results in a commission being paid to them as insurance agents. Our management persons spend about 3% of their time on these activities.

Ms. Lloyd is a real estate agent through various real estate companies. Clients of these companies are not solicited to invest through our firm. Ms. Lloyd spends about 10% of her time and may receive compensation for such activities.

- C. In addition to the description of our fees in response to Item 5 of Part 2A, if our firm or a supervised person is compensated for advisory services with performance-based fees, we must explain how these fees will be calculated. Further, we must disclose specifically that performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

We do not charge performance-based fees.

- D. If our firm or a management person has been involved in one of the events listed below, we must disclose all material facts regarding the event.

1. An award or otherwise being found liable in an arbitration claim alleging damages in excess of \$2,500, involving any of the following:

- (a) an investment or an investment-related business or activity;
- (b) fraud, false statement(s), or omissions;
- (c) theft, embezzlement, or other wrongful taking of property;
- (d) bribery, forgery, counterfeiting, or extortion; or
- (e) dishonest, unfair, or unethical practices.

We have nothing to disclose in this regard.

2. An award or otherwise being found liable in a civil, self-regulatory organization, or administrative proceeding involving any of the following:

- (a) an investment or an investment-related business or activity;
- (b) fraud, false statement(s), or omissions;
- (c) theft, embezzlement, or other wrongful taking of property;
- (d) bribery, forgery, counterfeiting, or extortion; or
- (e) dishonest, unfair, or unethical practices.

We have nothing to disclose in this regard.

- E. In addition to any relationship or arrangement described in response to Item 10.C. of Part 2A, we must describe any relationship or arrangement that our firm or any of our management persons have with any issuer of securities that is not listed in Item 10.C. of Part 2A.

We have nothing to disclose in this regard.
