This brochure provides information about the qualifications and business practices of Sitrin Capital Management LLC. If you have any questions about the contents of this brochure, please contact Efren Bolisay, Chief Compliance Officer, by telephone at (424) 777-4400 or by email at efren@sitrincapital.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about Sitrin Capital Management LLC also is available on the SEC's website at www.adviserinfo.sec.gov.

Please note that the use of the term "registered investment adviser" and description of Sitrin Capital Management LLC and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and our employees.

Item 2. Material Changes to Our Part 2A of Form ADV: Firm Brochure

Sitrin Capital Management LLC is required to advise you of any material changes to our Firm Brochure ("Brochure") from our last annual update, identify those changes on the cover page of our Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Brochure, and we must provide the date of the last annual update of our Brochure.

Please note that we do not have to provide this information to a client or prospective client who has not received a previous version of our brochure.

At this time, there are no material changes to report about our Brochure.

ITEM 4. ADVISORY BUSINESS

A. Firm Description

Sitrin Capital Management LLC is dedicated to providing our clients with a wide array of investment advisory services. We specialize in asset management and financial planning and consulting. Our firm is a limited liability company formed in the State of California. We have been in business as an investment adviser since 2012 and is solely owned by Marcus Sitrin.

B. Advisory Services

Comprehensive Portfolio Management:

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds, mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

C. Individual Tailoring of Advice to Clients & Ability of Clients to Impose Restrictions

We offer individualized investment advice to clients utilizing our firm's Asset Management services. Additionally, we offer general investment advice to clients our firm's Financial Planning and Consulting services.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Asset Management services. We do not manage assets through our other services.

D. Participation in wrap fee programs

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the "Wrap Fee Program Brochure") of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

E. Assets under Management

We manage¹ \$134,000,000 on a discretionary basis and \$20,070,000 on a non discretionary basis as of March 29, 2012.

ITEM 5. FEES AND COMPENSATION

Sitrin Capital Management LLC ("SCM") is required to describe our brokerage, custody, fees, and fund expenses so you will know how much you are charged and by whom for our advisory services provided to you. Our fees are generally not negotiable.

A. Description of how we are compensated for our advisory services

SCM's annual fee is prorated and charged quarterly, in advance, based upon the market value of the assets being managed by SCM on the last day of the previous quarter. The annual fee charged by the firm varies depending on the market value of the assets under management and the type of investment management services to be rendered, but generally up to 2.0% depending on the market value of the assets under management and the type of investment management services to be rendered (including account composition).

SCM, in its sole discretion, may negotiate to charge a lesser management fee based upon certain criteria (i.e., anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, pre-existing client, account retention, *pro bono* activities, etc.).

B. Deduction of Fees

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based upon the market value of the assets being managed by SCM on the last day of the previous quarter. Fees will be automatically deducted from your managed account through a qualified custodian. As part of this process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to You showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms;
- c) If we send a copy of our invoice to You, we send a copy of our invoice to the independent custodian at the same time we send the invoice to You;
- d) If we send a copy of our invoice to You, our invoice includes a legend as required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940.*

¹ Please note that our method for computing the amount of "client assets we manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute "client assets we manage," we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our "as of" date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

*The legend urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

C. Additional Types of Fees

Non-Wrap fee Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

D. Payment of Fees in Advance

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

E. Commissionable securities sales.

We:

- Do **not** charge any markup on securities purchased or sold for clients.
- Do **not** receive any compensation based on the specific securities used in the portfolios we manage.
- Do **not** receive commissions of any kind from trades executed for our clients.

ITEM 6. PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

SCM does not provide any services for performance-based fees. Performance-based fees are those based on a share of capital gains on or capital appreciation of the assets of a client.

ITEM 7. TYPES OF CLIENTS AND ACCOUNT REQUIREMENTS

We may service the following types of clients:

- Individuals
- High Net Worth Individuals
- Trusts, Estates or Charitable Organizations
- Pension and Profit Sharing Plans
- Corporations, limited liability companies and/or other business types

SCM does not have requirements for opening and maintaining accounts.

Item 8. Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of analysis and Investment Strategies

SCM employs an investment process focused on top-down analysis, closely tracking the S&P 500 index. The firm first identifies analyzes the current market environment. From there, SCM seeks to identify leading sectors and industries and then seeks out what it believes are the best companies within those industries. SCM predominantly invests in individual equities and fixed income, but may also incorporate ETFs for small accounts to provide diversification.

As part of its evaluation, SCM's evaluations of securities may contain aspects of fundamental, technical and cyclical analysis.

Fundamental analysis involves the fundamental financial condition and competitive position of a company. SCM will analyze the financial condition, capabilities of management, earnings, new products and services, as well as the company's markets and position amongst its competitors in order to determine the recommendations made to clients. The primary risk in using fundamental analysis is that while the overall health and position of a company may be good, market conditions may negatively impact the security.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that SCM will be able to accurately predict such a reoccurrence.

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that SCM is recommending. The risks with cyclical analysis are similar to those of technical analysis.

B. Risk of Loss:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

C. Cash Balances

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to asset management, as applicable.

Item 9. Disciplinary Information

Our firm and management persons have not been involved in any legal or disciplinary events that would be material to the evaluation of the firm or the integrity of its management.

Item 10. Other Financial Industry Activities and Affiliations

We have no other financial industry activities and affiliations to disclose.

Item 11. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts². In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

² For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

B. Purchases/Sales By Owners/Employees

See Item 11A of this Brochure. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

C. Timing of Purchases/Sales by Owners/Employees

See Item 11A of this brochure. Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Item 12. Brokerage Practices

A. Selection of Broker-Dealers

Our firm generally recommends that clients establish brokerage accounts with Schwab to maintain custody of their assets and to effect trades for their accounts. Schwab may provide us with access to their institutional custody and trading services, which are typically not available to Schwab retail investors. Schwab's services may also include research and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment. Please note, however, that our firm is independently owned and operated and not affiliated with Schwab, and we may recommend that clients establish accounts with firms other than Schwab.

executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

For client accounts maintained in their custody, Schwab does not charge separately for trading, but is compensated by our firm out of the advisory fees that we charge. Our firm places trades for clients' accounts subject to its duty to seek best execution and its other fiduciary duties. While our firm may use broker-dealers other than Schwab to execute trades for client accounts maintained at Schwab, this practice may result in additional costs to clients, so that we are more likely to place trades through Schwab rather than other broker-dealers. Schwab's execution quality may be different than other broker-dealers. Neither our firm, nor any of its principals and/or employees, receives any portion of the brokerage commissions and/or transaction fees directly charged by a broker-dealer to our firm or charged to Client by a broker-dealer, which are then absorbed by our firm and credited back to Client.

1. Research and Other Benefits.

Our firm may have arrangements with Schwab which provide us with their "platform" services. Schwab's services include, among others, brokerage, custodial, administrative support, record keeping and related services that are intended to support our firm in conducting business and in serving the best interests of our clients.

Schwab also makes certain research and brokerage services available at no additional cost to our firm. These non soft-dollar services include certain research and brokerage services, including research services obtained by Schwab directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by Schwab to our firm may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by Schwab to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

We may also gain access to non soft-dollar products and services that will help us in managing and administering client accounts. These include software and other technology that: provide access to client account data (i.e. trade confirmations and account statements); facilitate trade executions; provide research, pricing information, and other market data; facilitate in the payment of our firm's fees from its clients' accounts; and assist with back-office functions, record-keeping, and client reporting. Many of these services may be used to service all or a substantial number of our accounts.

As a result of receiving the services for no additional cost, we may have an incentive to continue to use or expand the use of Schwab's services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with Schwab and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

Schwab charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions

are charged for individual equity and debt securities transactions). In some instances, Schwab does charge transaction fees to clients, in which case, our firm will reimburse the client those fees. Schwab enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Schwab's commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by Schwab may be higher or lower than those charged by other custodians and broker-dealers.

The investment research products and services that may be obtained by our firm will generally be used to service all of our clients.

2. Brokerage for Client Referrals

Our firm does not receive brokerage for client referrals.

3. Directed Brokerage

Our firm generally does not permit clients to direct that we execute transactions through a specified broker-dealer. We may recommend clients execute through Schwab, but we do not have discretion over the direction of brokerage.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

B. Aggregation of Purchases/Sales

Our firm does not aggregate the purchase or sale of securities for various client accounts in quantities sufficient to obtain reduced transaction costs. Schwab charges the same transaction fees for the purchase and sale of widely traded securities in block and non-block procedures. Long term client accounts are traded differently for a variety of reasons, including tax circumstances and investment objectives.

Item 13. Review of Accounts or Financial Plans

For those clients to whom SCM provides investment management services, SCM monitors those portfolios as part of an ongoing process while regular account reviews are conducted on at least a quarterly basis. For those clients to whom SCM provides financial planning and/or consulting services, reviews are conducted on an “as needed” basis. Such reviews are conducted by one of SCM’s investment adviser representatives. All investment advisory clients are encouraged to discuss their needs, goals, and objectives with SCM and to keep SCM informed of any changes thereto. SCM contacts ongoing investment advisory clients at least annually to review its previous services and/or recommendations and to discuss the impact resulting from any changes in the client’s financial situation and/or investment objectives.

Unless otherwise agreed upon, clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer or custodian for the client accounts. Those clients to whom SCM provides investment advisory services will also receive a report from SCM that may include such relevant account and/or market-related information such as an inventory of account holdings and account performance as clients may periodically request. Clients should compare the account statements they receive from their custodian with those they receive from SCM.

Item 14. Client Referrals and Other Compensation

A. Economic Benefits From Others

Our firm may recommend that clients establish brokerage accounts with Schwab, to maintain custody of our clients’ assets and to effect trades for their accounts. Our firm is independently owned and operated and not affiliated with Schwab. Our firm may also recommend that clients establish accounts with firms other than Schwab.

Our firm places trades for its clients’ accounts subject to its duty to seek best execution and its other fiduciary duties. Our firm may use broker-dealers other than Schwab to execute trades for client accounts maintained at Schwab, but this practice may result in additional costs to clients so that we are more likely to place trades through Schwab rather than other broker-dealers. Schwab’s execution quality may be different than other broker-dealers.

Some of the products, services and other benefits provided by Schwab benefit us and may not benefit our firm’s client accounts. Our recommendation/requirement that a client place assets in Schwab’s custody may be based in part on benefits Schwab provides to us, and not solely on the nature, cost or quality of custody and execution services provided by Schwab.

In addition to the benefits described in Item 12.A.1 of this Brochure, Schwab also makes available to our firm other products and services that benefit us, but may not benefit our clients’ accounts. These non soft-dollar benefits may include national, regional or investment adviser specific educational events organized and/or sponsored by Schwab. Other potential benefits may include occasional business entertainment of personnel of our firm by Schwab personnel, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Schwab also makes available to our firm other

services intended to help our firm manage and further develop our business enterprise. These services may include professional compliance assistance, legal and business consulting, and publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance, and marketing. In addition, Schwab may make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties. Schwab may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. While, as a fiduciary, our firm endeavors to act in its clients' best interests, our recommendation/requirement that clients maintain their assets in accounts at Schwab may be based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost, or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

As a result of receiving the aforementioned products and services for no cost, we may have an incentive to continue to place client trades through Schwab. This interest conflicts with the clients' interest of obtaining the lowest commission rate available. Therefore, we must determine in good faith, based on the best execution policy stated above, that such commissions are reasonable in relation to the value of the services provided by Schwab. Our firm examined this potential conflict of interest when we chose to enter into the relationship with Schwab and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

From time to time, our firm may make an error in submitting a trade order on a client's behalf. When this occurs, we may place a correcting trade with the broker-dealer which has custody of the client's account. If an investment gain results from the correcting trade, the gain will remain in the client's account unless the same error involved other client account(s) that should have received the gain, it is not permissible for the client to retain the gain, or our firm confers with the client and the client decides to forego the gain (e.g., due to tax reasons). If the gain does not remain in the client's account and Schwab is the custodian, Schwab will donate the amount of any gain \$100 and over to charity. If a loss occurs greater than \$100, we will pay for the loss. Schwab will maintain the loss or gain (if such gain is not retained in the client's account) if it is under \$100 to minimize and offset its administrative time and expense. Generally, if related trade errors result in both gains and losses in the client's account, they may be netted.

B. Compensation to Others

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15. Custody

All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16. Investment Discretion

SCM is given the authority to exercise discretion on behalf of clients. SCM is considered to exercise investment discretion over a client's account if it can effect transactions for the client without first having to seek the client's consent. SCM is given this authority through a power-of-attorney included in the agreement between SCM and the client. Clients may request a limitation on this authority (such as certain securities not to be bought or sold). SCM takes discretion over the following activities:

- The securities to be purchased or sold;
- The amount of securities to be purchased or sold; and
- When transactions are made.

Item 17. Voting Client Securities

SCM may vote client securities (proxies) on behalf of its clients. When SCM accepts such responsibility, it will only cast proxy votes in a manner consistent with the best interest of its clients. Absent special circumstances, which are fully- described in SCM's Proxy Voting Policies and Procedures, all proxies will be voted consistent with guidelines established and described in SCM's Proxy Voting Policies and Procedures, as they may be amended from time-to-time. Clients may contact SCM to request information about how SCM voted proxies for that client's securities or to get a copy of SCM's Proxy Voting Policies and Procedures. A brief summary of SCM's Proxy Voting Policies and Procedures is as follows:

- SCM has formed a Proxy Voting Committee that will be responsible for monitoring corporate actions, making voting decisions in the best interest of clients, and ensuring that proxies are submitted in a timely manner.
- The Proxy Voting Committee will generally vote proxies according to SCM's then current Proxy Voting Guidelines. The Proxy Voting Guidelines include many specific examples of voting decisions for the types of proposals that are most frequently presented, including: composition of the board of directors; approval of independent auditors; management and director compensation; anti-takeover mechanisms and related issues; changes to capital structure; corporate and social policy issues; and issues involving mutual funds.

- Although the Proxy Voting Guidelines are followed as a general policy, certain issues are considered on a case-by-case basis based on the relevant facts and circumstances. Since corporate governance issues are diverse and continually evolving, SCM devotes an appropriate amount of time and resources to monitor these changes.
- Clients cannot direct SCM's vote on a particular solicitation but can revoke SCM's authority to vote proxies.

In situations where there may be a conflict of interest in the voting of proxies due to business or personal relationships that SCM maintains with persons having an interest in the outcome of certain votes, SCM takes appropriate steps to ensure that its proxy voting decisions are made in the best interest of its clients and are not the product of such conflict.

Item 18. Financial Information

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs its ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
