Please note that the use of the term "registered investment adviser" and description of Cornerstone Wealth Management, LLC and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and our employees.

Item 2. Material Changes

Cornerstone Wealth Management, LLC is required to advise you of any material changes to our Managed Asset Program Brochure (“Program Brochure”) from our last annual update, identify those changes on the cover page of our Program Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Program Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Program Brochure, and we must provide the date of the last annual update of our Program Brochure.

Please note we do not have to provide this information to a client or prospective client who has not received a previous version of our Program Brochure. At this time, there are no material changes to report about our Program Brochure.

Item 4. Services, Fees and Compensation

- A. Description of our services, including the types of portfolio management services, provided under each program. We must indicate the wrap fee charged for each program, or, if fees vary according to a schedule, provide such schedule. Further, we are required to indicate whether fees are negotiable and identify the portion of the total fee, or range of fees, paid to portfolio managers.

(i) Our Managed Asset Program:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds (“ETFs”), options, mutual funds and other public and private securities or investments. The client’s individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client’s circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client’s individual needs, stated goals, and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding asset management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

Our Managed Asset Program maximum fee schedule:

<u>Assets under management charge</u>	<u>Annual Percentage of assets</u>
\$0 to \$499,999.99	Up to 2.75%
\$500,000 to \$999,999.99	Up to 2.25%
Over \$1,000,000	Up to 1.75%

*Our firm’s fees are generally not negotiable and are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

We may pay compensation to Independent Managers for services rendered by these firms to our clients and our firm. This compensation is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory fee paid to Independent Managers shall be negotiable in certain circumstances, but shall never exceed the overall amount in our published fee statement. We usually pay twenty-five (25) to fifty-percent (50%) of the overall advisory fee to Independent Managers for their services.

- B. Explanation that a wrap fee program may cost you more or less than purchasing such services separately and description of the factors that bear upon the relative cost of the program, such as the cost of the services if provided separately and the trading activity in your account(s).

Our Managed Asset Program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management and/or advice concerning selection of other advisers, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in our Managed Asset Program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

- C. Description of any fees that you may pay in addition to a wrap fee, and description of the circumstances under which you may pay these fees, including, if applicable, mutual fund expenses and mark-ups, mark-downs, or spreads paid to market makers.

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the Managed Asset Program fee you are charged by our firm.

- D. If someone recommending a wrap fee program to you, receives compensation as a result of your participation in the program, we must disclose this fact. Further, we are required to explain, if applicable, that the amount of the compensation may be more than what the person would receive if you participated in our other wrap fee program or paid separately for investment advice, brokerage and other services. Finally, we must explain that someone recommending a wrap fee program may have a financial incentive to recommend the wrap fee program over other programs or services.

Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in our Managed Asset Program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through our Managed Asset Program arrangement if your account is not actively traded.

Item 5. Account Requirements and Types of Clients

We do not impose minimum account size to open or maintain an account with us. The types of clients we typically manage accounts on behalf of, include:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, limited liability companies and/or other business types;
- Other Investment Advisers.

Item 6. Portfolio Manager Selection and Evaluation

- A. Description of how our firm selects and reviews portfolio managers, our basis for recommending or selecting portfolio managers for particular clients, and our criteria for replacing or recommending the replacement of portfolio managers for the program and for particular clients.

Our firm does not utilize outside portfolio managers. All accounts are managed by our in-house professionals.

- B. Disclosure of whether our firm or any related persons act as a portfolio manager for a wrap fee program described in the wrap fee program brochure. We must explain the conflicts of interest that we face because of this arrangement and describe how we address these conflicts of interest. Further, we must disclose whether related person portfolio managers are subject to the same selection and review as the other portfolio managers that participate in the wrap fee program. If they are not, we must describe how we select and review related person portfolio managers.

Our firm and its related persons act as portfolio manager(s) for services previously described in this Program Brochure. This may create a conflict of interest in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our related person portfolio managers are not subject to the same selection and review as outside portfolio managers that participate in the program. This is because we have chosen not to utilize outside portfolio managers.

- C. If our firm, or any of our supervised persons covered under or investment adviser registration, act as a portfolio manager for a wrap fee program described in the wrap fee program brochure, we must respond to Items 4.B, 4.C, 4.D (Advisory Business), 6 (Performance-Based Fees and Side-By-Side Management), 8.A (Methods of Analysis, Investment Strategies and Risk of Loss) and 17 (Voting Client Securities) of Part 2A of Form ADV (Firm Brochure).

Our firm and supervised persons act as portfolio manager(s) for our program described in this Program Brochure.

(i) Advisory Business:

See Item 4 of this Program Brochure for information about our advisory program.

(ii) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing our Managed Asset Program services.

(iii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Managed Asset Program service.

(iv) Participation in wrap fee programs.

All accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage Managed Asset Program accounts in a different fashion than non-wrap fee accounts.

(v) Performance-based fees and side-by-side management.

We do not charge performance fees to our clients.

Methods of analysis, investment strategies and risk of loss.

Description of the methods of analysis and investment strategies we use in formulating investment advice or managing assets.

Methods of Analysis:

- Charting;
- Fundamental;
- Technical;
- Cyclical.

Investment Strategies we use:

- Long term purchases (securities held at least a year);
- Short term purchases (securities sold within a year);
- Trading (securities sold within 30 days);
- Short sales;
- Margin transactions;
- Option writing, including covered options, uncovered options or spreading strategies.

Please note:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Voting client securities.

- A. If we have, or will accept, proxy authority to vote client securities, we must briefly describe our voting policies and procedures, including those adopted pursuant to SEC Rule 206(4)-6.

We do not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

However, third party money managers selected or recommended by our firm may vote proxies for clients. Therefore, except in the event a third party money manager votes proxies, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Therefore (except for proxies that may be voted by a third party money manager), our firm and/or you shall instruct your qualified custodian to forward to you copies of all proxies and shareholder communications relating to your investment assets.

Item 7. Client Information Provided to Portfolio Manager(s)

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly, monthly, etc) to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

Item 8. Client Contact with Portfolio Manager(s)

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

Item 9. Additional Information

A. We are required to respond to: 1. Item 9 (Disciplinary Information); and 2. Item 10 (Other Financial Industry Activities and Affiliations) of Part 2A of Form ADV.

1. We have determined that our firm and management have no disciplinary information to disclose.

2. We participate in LPL Financial's hybrid RIA program. As such, our investment adviser representatives are also registered representatives with LPL, in which all brokerage transactions will be implemented through LPL. Investment adviser representatives are required to implement brokerage trades in this manner as a result of them being registered representatives with LPL. This relationship will be disclosed to all clients prior to any transactions being implemented. As a result of this relationship, we do not recommend directed brokerage trades, negotiating fees or commissions or receiving additional incentives from other broker/dealers for trades executed through them. However, clients will be made aware that as registered representatives, the investment adviser representatives receive services including but not limited to: administrative functions including portfolio pricing, account statement generation, fee calculations, back-office support, trade execution and research. Clients are not obligated to implement transactions through the investment adviser representatives in their separate capacities as registered representatives. Clients' trades will always be implemented based on the goals and objectives of the client and not on the incentives to the representatives for implementing the trades. Our firm's management persons will only receive commissions for securities recommendations they make to brokerage clients in non-advisory accounts. Compensation for brokerage commissions of registered representatives of LPL are paid directly to the registered representative by LPL in their individual capacity and separate from Cornerstone Wealth Management, LLC.

Representatives of our firm are insurance agents with various insurance companies. They may offer insurance products and receive normal and customary commissions as a result of transactions. This presents a conflict of interest to the extent that they recommend that a client invest in an insurance product which results in a commission being paid to them. We will address conflicts by providing the client this disclosure and doing our best to ensure that any insurance products purchased are in line with the client portfolio and investment objectives.

- B. We are required to respond to: 1. Items 11 (Code of Ethics or Interest in Client Transactions and Personal Trading); 2. Item 13 (review of Accounts); 3. Item 14 (Client Referrals and Other Compensation); and 4. Item 18 (Financial Information) of Part 2A of Form ADV, as applicable to our wrap fee clients.

**1. Code of ethics, participation or interest in
client transactions and personal trading.**

Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

- a) If our firm or a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest (excluding an interest as a shareholder of an SEC-registered, open-end investment company), we must describe our practice and discuss the conflicts of interest it presents.

We have nothing to disclose in this regard.

- b) If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

See Item 9 Section B (1.) of our Code of Ethics description. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

- c) If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

See Item 9 Section B (1.) of our Code of Ethics description. Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 48 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

2. Review of accounts.

- a) Review of client accounts, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

We review accounts on at least a semi-annual basis for our clients subscribing to our Managed Asset Program. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

- b) Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

- c) Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact our clients who subscribe to our Managed Asset Program service.

3. Client referrals and other compensation.

- a) If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

We generally recommend LPL Financial. LPL is the broker-dealer and investment adviser with which our representatives are also associated. As a result of the individual association of our representatives with LPL, we are generally required to utilize the brokerage/custodial services of LPL for investment advisory accounts. Our general policies relative to the execution of client securities brokerage transactions are as follows:

Execution of Brokerage Transactions (when applicable)

If requested, we will arrange for the execution of securities brokerage transactions for the account through broker-dealers that we reasonably believe will provide "best execution". In seeking "best execution", the determinative factor is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution. We also take into consideration the full range of a broker-dealer's services including

execution capability, commission rates, and responsiveness. Although we will seek competitive commission rates, it may not necessarily obtain the lowest possible commission rates for account transactions.

Over-the-Counter (OTC) securities transactions for our clients are generally effected based on two (2) separate broker-dealers: (1) a “dealer” or “principal” acting as market-maker; and (2) the executing broker-dealer that acts in an agency capacity for the client’s account. Dealers executing principal transactions typically include a mark-up/down, which is included in the offer or bid price of the securities purchased or sold. In addition to the dealer mark-up/down, the client may also incur the transaction fee imposed by the executing broker-dealer. We do not receive any portion of the dealer mark-up/down or the executing broker-dealer transaction fee.

Transactions for each client account generally will be effected independently, unless we decide to purchase or sell the same securities for several clients at approximately the same time. We may, but are not obligated to, combine or “batch” such orders to obtain “best execution”, to negotiate more favorable commission rates, to allocate fairly among the clients’ differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among our clients in proportion to the purchase and sale orders placed for each client account on any given day. To the extent that we determine to aggregate client orders for the purchase or sale of securities, including securities in which our principals) and/or associated persons) may invest, we shall generally do so in accordance with the parameters set forth in SEC No-Action Letter, SMC Capital, Inc. We shall not receive any additional compensation or remuneration as a result of the aggregation.

When referring clients to dealers, we will only refer clients to dealers registered in states where the clients reside.

Additional Compensation

We may receive from LPL or a mutual fund company, without cost and/or at a discount support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL as result of this arrangement. There is no commitment made by us to LPL or any other institution as a result of the above arrangement.

- b) If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

4. Financial information.

- a) If we require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We do not require nor do we solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, therefore we have not included a balance sheet for our most recent fiscal year.

- b) If we are an SEC-registered adviser and have discretionary authority or custody of client funds or securities, or we require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, we must disclose any financial condition that is reasonably likely to impair our ability to meet contractual commitments to clients.

We have nothing to disclose in this regard.

- c) If we have been the subject of a bankruptcy petition at any time during the past ten years, we must disclose this fact, the date the petition was first brought, and the current status.

We have nothing to disclose in this regard.
