

Form ADV Part 2A Appendix 1: Wrap Fee Program Brochure

Private Wealth Advisors LLC Wrap Fee Program

August 22, 2013

Private Wealth Advisors

**7447 N. First Street
Suite 202
Fresno, CA 93720**

**Telephone: 559-451-3463
Facsimile: 559-432-1938**

This brochure provides information about the qualifications and business practices of Private Wealth Advisors. If you have any questions about the contents of this brochure, please contact us at 559-451-3463. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Private Wealth Advisors is available on the SEC's website at www.adviserinfo.sec.gov.

Private Wealth Advisors is a registered investment adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Item 2 Summary of Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Although we have had no material changes to our advisory business, services, or fees since our last annual updating amendment submitted on March 14, 2012, we have substantially revised Appendix 1 - the Private Wealth Advisors Wrap Fee Program. We implemented these changes to this brochure on October 31, 2012. This Appendix 1 - the Wrap Fee brochure provides fuller disclosure of our wrap fee programs, services, fees and required disclosures.

Item 10 Requirements for State-Registered Advisers	Page 13

Item 4 Services, Fees, and Compensation

Private Wealth Advisors is a registered investment adviser based in Fresno, CA. We are organized as a limited liability company under the laws of the State of CA. Martin L. Mazorra and Chris M. Murray are our principal owners.

As used in this brochure, the words "we", "our" and "us" refer to Private Wealth Advisors and the words "you", "your" and "client" refer to you as a client or prospective client of our firm. Also, you may see the term Associated Person in throughout this brochure. Our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm.

We offer portfolio management services through a wrap-fee program ("Program") as described in this Program brochure to prospective and existing clients. We are the sponsor and investment adviser for the Program. A wrap-fee program is a type of investment program that provides clients with asset management and brokerage services for one all-inclusive fee. If you participate in our wrap fee program, you will pay our firm a single fee, which includes money management fees, certain transaction costs, and custodial and administrative costs. You are not charged separate fees for the respective components of the total services. We receive a portion of the wrap fee for our services. The overall cost you will incur if you participate in our wrap fee program may be higher or lower than you might incur by separately purchasing the types of securities available in the Program.

Prior to becoming a client under the Program, you will be required to enter into a separate written agreement with us that sets forth the terms and conditions of the engagement and describes the scope of the services to be provided, and the fees to be paid.

Client Investment Process

We provide non-discretionary portfolio management services in accordance with your individual investment objectives. Once the portfolio is constructed, we provide continuous supervision of the portfolio as changes in market conditions and client circumstances may require.

Associated Persons of our firm will work with you to identify your investment goals and objectives as well as risk tolerance in order to create an initial portfolio allocation designed to complement your overall strategic wealth management plan. We may create a portfolio, consisting of mutual funds, cash, cd's, and fixed income instruments. Investment strategy will focus primarily on a long-term buy and hold approach. Each portfolio will be initially designed to meet a particular investment goal, which we have determined to be suitable to your circumstances. Once the appropriate portfolio has been determined, we will review the portfolio quarterly and if necessary, rebalance the portfolio based upon the your individual needs, stated goals and objectives.

However, each client will have the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions and/or guidelines on investments (for example, limiting the types of securities that can be purchased for your account) should be provided to our firm in writing. Restrictions and guidelines you impose may affect the composition and performance of your portfolio. For these reasons, performance of your portfolio may not be identical with the average client in our wrap fee program.

If you enter into non-discretionary arrangements with our firm, we must obtain your approval prior to executing any transactions on behalf of your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Assets for program accounts are held at Fidelity Investments ("Fidelity") through its clearing firm National Financial Services LLC as custodian. Fidelity also acts as executing broker/dealer for transactions placed in Program accounts, and provides other administrative services as described throughout this Brochure. To compare the cost of the wrap fee program with non-wrap fee portfolio management services, you should consider the frequency of trading activity associated with our investment strategies and the brokerage commissions charged by Fidelity and the advisory fees charged by investment advisers.

Changes in Your Financial Circumstances

In providing the contracted services, we are not required to verify any information we receive from you or from your other professionals (e.g. attorney, accountant, etc.) and we are expressly authorized to rely on the information you provide. Furthermore, unless you indicate to the contrary, we shall assume that there are no restrictions on our services, other than to manage your account in accordance with your designated investment objectives. It is your responsibility to promptly notify us if there are ever any changes in your financial situation or investment objectives for the purpose of reviewing/evaluating/revising our previous recommendations and/or services.

The Program Fee

We charge an annual "wrap-fee" for participation in the Program depending upon the market value of your assets under our management. You are not charged separate fees for the different components of the services provided by the Program. Our firm pays all transaction expenses of trades placed on your behalf. Our Program fee includes the fee we pay to any portfolio manager for their management of your account and Fidelity's transaction or execution costs. Assets in each of your account(s) are included in the fee assessment unless specifically identified in writing for exclusion. In special circumstances, and in our sole discretion, we may negotiate a lesser management fee based upon certain criteria (i.e., anticipated future earning capacity, dollar amount of assets to be managed, related accounts, account composition, pre-existing client relationship, account retention, etc.).

On an annualized basis, our Program fees are as follows:

Assets Under Management	Maximum Annual Fee as % of Portfolio
\$0 to \$149,999	1.50%
\$150,000 to \$249,999	1.35%
\$500,000 to \$749,000	1.25%
\$750,000 to \$999,999	1.00%
\$1,000,000 to \$1,999,999	0.95%
\$2,000,000 to \$2,999,999	0.85%
Over \$3,000,000	0.70%

We observe "hard breaks" on fee brackets. "Hard breaks" refer to the area within the fee schedule which is imposed on you, the Client. You will only pay for the fee in the exact tier your total assets under management correspond with. For example, if you have \$501,000 total assets under management, you are within the "\$500,000 to \$749,000" tier and will pay the corresponding "1.25%" annually on all assets under management.

As a client, you should be aware that the wrap fee charged by our firm may be higher (or lower) than those charged by others in the industry, and that it may be possible to obtain the same or similar services from other firms at lower (or higher) rates. A client may be able to obtain some or all of the

types of services available through our firm's wrap fee program on an individual basis through other firms and, depending on the circumstances, the aggregate of any separately paid fees may be lower or higher than the annual fees shown above.

Our annual portfolio management fee is billed and payable quarterly in advance based on the value of your account on the last day of the previous quarter. For the initial quarter of portfolio management services, the first quarter's fees will be calculated on a pro rata basis, which means the advisory fee is payable in proportion to the number of days in the quarter for which you are a client.

You may withdraw account assets on notice to our firm, and subject to the usual and customary securities settlement procedures. However, we design our portfolios as long-term investments and asset withdrawals may impair the achievement of your specific investment objectives.

We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. Further, the qualified custodian will deliver an account statement to you at least quarterly. These account statements will show all disbursements from your account. You should review all statements for accuracy. Generally, we will receive a duplicate copy of your account statements.

Termination of Advisory Relationship

You may terminate the wrap fee program agreement upon written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the wrap fee program agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

You may incur account termination charges and/or other brokerage fees when closing your account. These charges and fees are typically imposed by the broker-dealer or custodian through whom your account transactions are executed. We do not share in any portion of the brokerage fees or charges imposed by the broker-dealer or custodian.

Upon termination of accounts held at Fidelity, they will deliver securities and funds held in the account per your instructions unless you request that the account be liquidated. After the wrap fee program agreement has been terminated, transactions are processed at the prevailing brokerage rates/fees. You become responsible for monitoring your own assets and our firm has no further obligation to act upon or to provide advice with respect to those assets.

Wrap Fee Program Disclosures

- The benefits under a wrap fee program depend, in part, upon the size of the Account, the management fee charged, and the number of transactions likely to be generated in the Account. For example, a wrap fee program may not be suitable for Accounts with little trading activity. In order to evaluate whether a wrap fee program is suitable for you, you should compare the Program Fee and any other costs of the Program with the amounts that would be charged by other advisers, broker-dealers, and custodians, for advisory fees, brokerage and other execution costs, and custodial services comparable to those provided under the Program.
- In considering the investment programs described in this brochure, you should be aware that participating in a wrap fee program may cost more or less than the cost of purchasing advisory, brokerage, and custodial services separately from other advisers or broker-dealers.
- Our firm and Associated Persons receive compensation as a result of your participation in the Program. This compensation may be more than the amount our firm or the Associated Persons

would receive if you paid separately for investment advice, brokerage, and other services. Accordingly, a conflict of interest exists because our firm and our Associated Persons have a financial incentive to recommend the Program.

- Similar advisory services may be available from other registered investment advisers for lower fees.

Additional Fees And Expenses

The Program Fee includes the costs of brokerage commissions for transactions executed through the Qualified Custodian (or a broker-dealer designated by the Qualified Custodian), and charges relating to the settlement, clearance, or custody of securities in the Account. The Program Fee does not include mark-ups and mark-downs, dealer spreads or other costs associated with the purchase or sale of securities, interest, taxes, or other costs, such as national securities exchange fees, charges for transactions not executed through the Qualified Custodian, costs associated with exchanging currencies, wire transfer fees, or other fees required by law or imposed by third parties. Clients may also pay or collect a premium for buying or selling an option and/or incur additional related transaction costs. The Account will be responsible for these additional fees and expenses.

The wrap program fees that you pay to our firm for portfolio management services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others.

Brokerage Practices

If you participate in the Program, you will be required to establish an account with Fidelity Investments ("Fidelity"), member FINRA/SIPC, an unaffiliated SEC-registered broker-dealer. If you do not direct our firm to execute transactions through Fidelity, we reserve the right to not accept your account. Not all advisers require their clients to direct brokerage. Since you are required to use Fidelity, we may be unable to achieve the most favorable execution of your transactions. We believe that Fidelity provides quality execution services based on several factors, including, but not limited to, the ability to provide professional services, reputation, experience and financial stability.

Research and Other Soft Dollar Benefits

Fidelity provides our firm with "institutional platform services." The institutional platform services include brokerage, custody, and other related services. Fidelity's institutional platform services that assist us in managing and administering clients' accounts include software and other technology that (i) provide access to client account data (such as trade confirmations and account statements); (ii) facilitate trade execution and allocate aggregated trade orders for multiple client accounts; (iii) provide research, pricing and other market data; (iv) facilitate payment of fees from its clients' accounts; and (v) assist with back-office functions, recordkeeping and client reporting.

Fidelity also offers other services intended to help our firm manage and further develop its advisory practice. Such services include, but are not limited to, performance reporting, financial planning, contact management systems, third party research, publications, access to educational conferences, roundtables and webinars, practice management resources, access to consultants and other third party service providers who provide a wide array of business related services and technology with whom Private Wealth Advisors, LLC may contract directly.

The above services provided by Fidelity are available to all investment advisers who use Fidelity's institutional platform and are not considered a soft dollar arrangement.

Brokerage for Client Referrals

We do not receive client referrals from broker-dealers in exchange for cash or other compensation, such as brokerage services or research.

Item 5 Account Requirements and Types of Clients

We offer investment advisory services to individuals, trusts, estates, charitable organizations, corporations, and other business entities.

Generally, we require a minimum account size of \$50,000 to open and maintain an advisory account with our firm. We may waive or lower this minimum requirement in our sole discretion. We may combine the account values of family members living in the same household to meet this minimum and/or determine the applicable advisory fee.

Item 6 Portfolio Manager Selection and Evaluation

We are the sponsor and sole portfolio manager for the Program. Our firm does not utilize outside portfolio managers. Our firm and our Associated Persons act as portfolio managers for the wrap fee program described in this Wrap Fee Program Brochure.

You will work with an Associated Person of our firm to identify your financial needs, investment objectives, tolerance for risk, and investment time horizon for each account to be established in the Program. Based on information you provide, we will assist you in identifying objectives in accordance with the risk profile that is suitable for the account. Each portfolio is constructed with a view to achieving certain objectives and risk profiles, and we will manage the account's assets to reflect the portfolio selected by you.

Advisory Business

Please see the disclosures above regarding Services, Fees and Compensation, including the Wrap Fee disclosures.

Performance-Based Fees and Side-by-Side Management

We do not accept performance-based fees or participate in side-by-side management. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Our fees are calculated as described above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Methods of Analysis, Investment Strategies and Risk of Loss***METHODS OF ANALYSIS***

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the security itself) to determine if it is a good fit for client portfolios.

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Risks for all forms of analysis. Our securities analysis method relies on the assumption that the securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy in managing client accounts, provided that such strategy is appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to present good long-term value, and/or
- we want exposure to a particular asset class over time.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term trading gains that could be profitable to a client. Moreover, as is the case with short-term strategies, a security may decline sharply in value before we make the recommendation to sell.

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

Tax Considerations

Our strategies and investments may have unique and significant tax implications. However, unless we specifically agree otherwise, and in writing, tax efficiency is not our primary consideration in the management of your assets. Regardless of your account size or any other factors, we strongly recommend that you consult with a tax professional prior to and throughout the investing of your assets.

Moreover, as a result of revised IRS regulations, custodians and broker-dealers will begin reporting the cost basis of equities acquired in client accounts on or after January 1, 2011. Your custodian will default to the FIFO (First-In First-Out) accounting method for calculating the cost basis of your investments. You are responsible for contacting your tax advisor to determine if this accounting method is the right choice for you. If your tax advisor believes another accounting method is more advantageous, please provide written notice to our firm immediately and we will alert your account custodian of your individually selected accounting method. Please note that decisions about cost basis accounting methods will need to be made before trades settle, as the cost basis method cannot be changed after settlement.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Proxy Voting

We will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of applicable securities, you are responsible for exercising your right to vote as a shareholder. In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward any electronic solicitation to vote proxies.

Item 7 Client Information Provided to Portfolio Managers

The Private Wealth Advisors wrap fee program is managed on a client by client basis. We take into account each client's personal circumstances, short and long-term goals, and volatility tolerance. We then develop an asset allocation target (equities and fixed income) that is mutually agreed upon. The portfolio will be rebalanced back to the allocation target(s) periodically—typically semi-annually. The target mix will be adjusted over time as the client's circumstances change.

Our Associated Persons communicate directly with clients on a regular basis as needed in order to ensure your most current investment goals and objectives are understood and are followed. In most cases, we will communicate such information as part of our regular investment management duties. In addition, you may communicate personal information, instructions, and changes in your investment goals and objectives when market or economic conditions warrant such action directly to an Associated Person of Private Wealth Advisors LLC.

Item 8 Client Contact with Portfolio Managers

You should contact our firm or your advisory representative directly with any questions regarding your account.

Item 9 Additional Information**Disciplinary Information**

We are required to disclose the facts of any legal or disciplinary events that are material to a client's evaluation of our advisory business or the integrity of our management. We do not have any required disclosures under this item.

Other Financial Industry Activities and Affiliations**Registrations with Broker-Dealer**

Persons providing investment advice on behalf of our firm may also be registered representatives with Mutual Securities, a securities broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation.

Code of Ethics

We have adopted a Code of Ethics that sets the standard of conduct expected to comply with applicable securities laws. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. We adhere strictly to these guidelines. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Clients or prospective clients may obtain a copy of our Code of Ethics by contacting us at the telephone number on the cover page of this brochure.

Participation or Interest in Client Transactions

Neither our firm nor any of our Associated Persons has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this brochure.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell the same securities that we recommend to you or securities in which you are already invested. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To mitigate this conflict of interest, it is our policy that neither our firm nor persons associated with our firm shall have priority over your account in the purchase or sale of securities.

Review of Accounts

We monitor client portfolios as part of an ongoing process while account reviews are conducted at least semi-annually. The reviews are designed to ensure that the advisory services provided to you are consistent with your stated investment needs and objectives. Additional reviews may be conducted at your request, or based on various circumstances, including, but not limited to contributions and withdrawals, year-end tax planning, market moving events, security specific events, and/or, changes in your risk/return objectives.

Personnel currently performing reviews are:

Martin L. Mazorr, Managing Member and Chief Compliance Officer
Chris Murray, Managing Member

The individuals conducting reviews may vary from time to time, as personnel join or leave our firm.

You will receive trade confirmations and monthly or quarterly statements from your account custodian. In addition, we provide semi-annual reports summarizing account performance, balances and holdings.

Client Referrals and Other Compensation

We receive an economic benefit from Fidelity in the form of the support products and services it makes available to us and other independent investment advisors that have their clients maintain accounts at Fidelity. These products and services, how they benefit us, and the related conflicts of interest are described above (*see Item 4 - Services, Fees, and Compensation*). The availability to us of Fidelity's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

As disclosed above, some persons providing investment advice on behalf of our firm are registered representatives with Mutual Securities, a securities broker-dealer, member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation and a registered investment adviser.

We directly compensate non-employee (outside) consultants, individuals, and/or entities (Solicitors) for client referrals. In order to receive a cash referral fee from our firm, Solicitors must comply with the requirements of the jurisdictions in which they operate. If you were referred to our firm by a Solicitor, you should have received a copy of this brochure along with the Solicitor's disclosure statement at the time of the referral. If you become a client, the Solicitor that referred you to our firm will receive a percentage of the advisory fee you pay our firm for as long as you are a client with our firm, or until such time as our agreement with the Solicitor expires. You will not pay additional fees because of this referral arrangement. Referral fees paid to a Solicitor are contingent upon your entering into an advisory agreement with our firm. Therefore, a Solicitor has a financial incentive to recommend our firm to you for advisory services. This creates a conflict of interest; however, you are not obligated to retain our firm for advisory services. Comparable services and/or lower fees may be available through other firms.

Solicitors that refer business to more than one investment adviser may have a financial incentive to recommend advisers with more favorable compensation arrangements. We request that our Solicitors disclose to you whether multiple referral relationships exist and that comparable services may be available from other advisers for lower fees and/or where the Solicitor's compensation is less favorable.

It is Private Wealth Advisors, LLC 's policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Financial Information

We are not required to provide a balance sheet or other financial information to our clients, because we do not require the prepayment of fees in excess of \$1,200 and six months or more in advance; we do not take custody of client funds or securities; and, we do not have a financial condition that is reasonably likely to impair our ability to meet our commitments to you. Moreover, we have never been the subject of a bankruptcy petition.

Privacy Policy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, insurance agencies and insurance companies, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact our main office at the telephone number on the cover page of this brochure if you have any questions regarding this policy.

Trade Errors

In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account.

Class Action Lawsuits

We do not determine if securities held by you are the subject of a class action lawsuit. Moreover, we do not determine whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf.

Item 10 Requirements for State-Registered Advisers

This section is not applicable to our firm because we are an SEC registered investment adviser.
