The advisory services delivered by these other firms are distinct from those provided by SoHo Asset Management, LLC and are provided for separate compensation. The other firms' advisory services may be recommended to SoHo Asset Management, LLC's clients for whom it is appropriate. There are no referral fee arrangements between SoHo Asset Management LLC and the affiliated advisory firms. However, a conflict of interest is created by this arrangement to the extent that Mr. Troise recommends that a client open an account with the other advisory firms through which he will receive additional compensation. No client is obligated to use the other advisory firms' services.

Clients should be aware that the receipt of additional compensation by SoHo Asset Management LLC and its management persons creates a conflict of interest that may impair the objectivity of these individuals when making advisory recommendations. Mr. Troise endeavors at all times to put the interest of clients first as part of his fiduciary duty, and takes the following steps to address this conflict:

- discloses to clients the existence of all material conflicts of interest, including the potential for the firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;
- discloses to clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
- collects, maintains and documents accurate, complete and relevant client background information, including the client's financial goals, objectives and risk tolerance;
- conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to the client's needs and circumstances;
