ITEM 4 - SERVICES, FEES AND COMPENSATION

The Wealth Management Platform – SMA and UMA Program (“Program”), sponsored by VISION2020 Wealth Management Corp. (“us” or “we” or “our”), an SEC-registered Investment Adviser, is an investment management program that provides you with access to multiple third party managers (“Third Party Managers”) who provide investment advice to your portfolios consisting of individual stocks, bonds, exchange traded and mutual funds.

The Program is presented to you by Investment Adviser Representatives (“Advisory Representatives”) of a registered investment adviser (“Advisor”) that may be a Related Person (as defined in Form ADV) to us. Please refer to the Advisor’s Form ADV, Part I to determine if your Advisor is a Related Person to us.

To join the Program, you will enter into an investment advisory client agreement (“Client Agreement”) with us and your Advisor. We have a master agreement with Envestnet Asset Management (“Envestnet”), which in turn has a separate agreement with each Third Party Manager in the Program. Neither we nor Advisor exercises investment discretion over your assets allocated to Third Party Managers. Each Third Party Manager directs your Advisor’s clearing firm, Pershing, LLC or on a limited basis, National Financial Services, LLC (collectively, “Custodian”), to effect transactions for your Program account.

Advisory Services

Your Advisor will present the Program investment options for your selection which will consist of: a) Third Party Managers who will manage your funds according to a particular model or strategy; b) no-load mutual funds (“Funds”); c) exchange traded funds (“ETFs”); or a combination of the preceding bundled together in an investment asset allocation model (individually or collectively, “Program Investments”). The actual Program Investments presented to you will depend on your suitability as determined by your Advisor and you. Program Investments may be managed in one or a series of Separately Managed Accounts (collectively, “SMA Account”) or in a Unified Managed Account (“UMA Account”) as further described below.

All Program Investments (including the investments of Third Party Managers) will be held by the Custodian in a single custodial brokerage account or multiple custodial brokerage accounts as referenced above. To participate in the Program, you agree to establish such brokerage accounts (individually or collectively, “Program Account”) on a fully disclosed basis with the Advisor’s associated broker-dealer.

Your Advisor will assist you in the selection of Program Investments suitable for you. Suitability will be determined through your responses to a risk tolerance questionnaire (“Questionnaire”) and/or discussion between you and your Advisor regarding among other things, investment objective, risk tolerance, investment time horizon, Program Account restrictions, and overall financial situation.

We, through a sub-agreement with Envestnet Asset Management, Inc. (“Envestnet”) will: i) provide you and your Advisor with Program Investment research and the ongoing review, evaluation and continued recommendation of Program Investments, ii) recommend asset allocation models and specific Program Investments to place within the recommended asset allocation models. You and your Advisor may adjust the aforementioned, within predetermined limits, upon suitability determinations made by you and your Advisor iii) generate on a quarterly basis, a report outlining your Program Investment performance, iv) calculate the quarterly advisory fee and instruct the Custodian to withdraw the fee from your Program Account, v) provide a web site and associated technology to assist you and your Advisor with the selection of Program Investments and generation of the Investment Strategy Proposal and other associated documents, vi) direct the investment, reinvestment and periodic rebalancing of Program Investments in the Program Account, in accordance with the information and instructions provided by you and your Advisor and vii) provide overlay account management to UMA Accounts to coordinate trading activity, rebalance and provide greater tax-efficiency.

Program Account Types

Program Investments may be managed in one or a series of Separately Managed Accounts (collectively, "SMA Account") or in a Unified Managed Account ("UMA Account") as further described below.

SMA Account

An SMA Account may contain one or multiple Third Party Managers with each Third Party Manager investing according to a specific model or strategy and each in their own custodial account. The SMA Account may also contain Funds, generally used to compliment the Third Party Managers employed within the SMA Account and when the recommended allocation to an asset class is too small for a Third Party Manager to manage.

After you discuss your financial goals and objectives with your Advisor and after the relevant information is processed, the Program will provide an asset allocation model which consists of asset allocation targets or sleeves across various asset classes and investment strategies. You and your Advisor complete the SMA Account by choosing which Third Party Managers and Funds will be contained within each asset allocation sleeve. Upon suitability determinations made by you and your Advisor, your Advisor may adjust the aforementioned asset allocation targets, within predetermined limits.

UMA Account

A UMA Account may contain one or multiple Third Party Managers with each Third Party Manager investing according to a specific model or strategy. The UMA Account may also contain Funds and ETFs. Unlike the SMA Account, all Third Party Manager investments, Funds and ETFs will be held in a single custodial account. Overlay management is provided to coordinate the trading activities of UMA Account Third Party Managers, rebalancing and to provide greater tax-efficiency.

After you discuss your financial goals and objectives with your Advisor and after the relevant information is processed, the Program will provide an asset allocation model which consists of asset allocation targets or sleeves across various asset classes and investment strategies. You and your Advisor complete the UMA Account by choosing which Third Party Managers, Funds and ETFs will be contained within each asset allocation sleeve. Upon suitability determinations made by you and your Advisor, your Advisor may adjust the aforementioned asset allocation targets or create its own asset allocation model within predetermined limits.

Trading

You will approve the initial asset allocation model and the Program Investment selections presented to you. Generally, the Program Investment selections include Third Party Managers, therefore you grant discretion to Third Party Managers to purchase and sell securities without your prior consent according to the Third Party Managers' stated investment objectives.

For the UMA Account, Envestnet acts as an overlay manager ("Overlay Manager") to coordinate Third Party Manager trading activity including whether and how to implement trading instructions received from the Third Party Managers. Overlay Manager's objective is to facilitate diversification, account rebalancing and management of tax implications of Third Party Manager activity.

Transaction Aggregation

Each Third Party Manager may aggregate transactions in the same security on behalf of more than one client to facilitate best execution and to possibly reduce the price per share and other costs. Each Third Party Manager effects the aggregated transactions in a manner designed to ensure that no participating client is favored over any other client. With respect to the aggregated order, you will participate at the average share price for all of the Third Party Manager transactions in that security on that business day. When possible, securities bought or sold in an aggregated transaction are allocated pro-rata to the participating Client's accounts in proportion to the size of the orders placed for each account. When a Third Party Manager is unable

to fully execute an aggregated order, the Third Party Manager will allocate such transactions on a pro-rata basis or in a manner the Third Party Manager determines in good faith to be a fair and equitable allocation.

Tax Management

You may elect to have the following tax-management services added to your Program Account.

- *Tax Sensitive Overlay*: Using predefined parameters, this service employs a rebalancing process that utilizes tax-aware portfolio management techniques that seek to better maximize expected after-tax returns on a risk-adjusted basis.
- *Tax Management Service*: Using more customizable parameters, this service seeks to control or customize the realization of large unrealized gains that may be embedded in a Program Account.

Employing either of the above referenced services may:

- 1) limit the universe of Program Investments available for Program Account investment.
- 2) cause a divergence in Program Account performance if such services were not selected.
- 3) limit performance reporting capabilities.

SRI Screens

You may elect to apply a Socially Responsible Investing Screen ("SRI Screen") to your Program Account. The screen is designed to restrict the Program Account from purchasing Program Investments of companies associated with certain industries such as Tobacco, Firearms and Gaming.

Employing an SRI Screen may limit the universe of Program Investments available for Program Account investment and cause a divergence in Program Account performance if such screens were not selected.

Program Costs

You will be charged an annual fee based upon the value of the Program assets you have under management which covers management, administrative and transaction costs ("Account Fee" or "Wrap Fee"). Depending upon the level of the Account Fee, the amount of portfolio activity in your Account, the value of custodial and other services provided under the Program and other factors, the Wrap Fee may or may not exceed the aggregate cost of such services if they were to be provided to you separately.

Your Account Fee will bill quarterly, in advance, based upon the market value of the Program assets as of the last business day of the preceding calendar quarter. In the event that additions to, or withdrawals from, the account are made in excess of \$10,000 or more during any given quarter, the applicable Account Fee will be adjusted on a pro-rata basis, based on the market value of the assets at such time to reflect the addition or withdrawal.

Please find below, the maximum Account Fee guidelines for SMA and UMA Accounts. Your actual Account Fee schedule is included in the Statement of Investment Selection ("SIS") which will be provided to you.

UMA Accounts

Total Account Value	Maximum Program Fee ¹	Maximum Advisory Fee ²	Maximum Account Fee ³
\$150,000 to \$249,999	1.430%	1.220%	2.650%
\$250,000 to \$499,999	1.390%	1.260%	2.650%
\$500,000 to \$749,999	1.390%	1.210%	2.600%
\$750,000 to \$999,999	1.350%	1.250%	2.600%

¹ Portions of the Program Fee are remitted to, 1) Third Party Managers, for investment management services, 2) Envestnet, for services provided through sub-agreement with us as referenced above and 3) Custodian, for execution of transactions with respect to assets and custodial services. The remainder of the Program Fee is retained by us or our Related Persons.

Different Third Party Managers charge different fee rates for the provision of their investment management services to the Program. The Maximum Program Fee quoted above has been calculated assuming the highest rate that any Third Party Manager would charge.

² The Advisory Fee is primarily paid to your Advisory Representative for services provided on behalf of the Adviser as outlined above. Your Advisory Representative's supervisor and associated Broker-Dealer will also receive a small portion of the Advisory Fee for supervisory and administrative purposes.

The Maximum Advisory Fee quoted above assumes a Program Fee that includes the highest rate that any Third Party Manager would charge. If your Advisory Representative uses a Third Party Manager that charges a lower rate, the Maximum Advisory Fee may be higher than what is quoted above. However, in no case will the Maximum Account Fee that you pay exceed what is quoted above.

³ The Account Fee is composed of two components, the Program Fee and the Advisory Fee and represents the maximum Account Fee that you will pay.

\$1,000,000 to \$1,249,999	1.325%	1.300%	2.550%
\$1,250,000 to \$1,999,999	1.300%	1.250 %	2.550%
\$2,000,000 to \$4,999,999	1.250%	1.295%	2.550%
\$5,000,000 to \$24,999,999	1.185%	1.265%	2.450%
\$25,000,000 and Over	1.145%	1.305%	2.450%

Minimum Account Size = \$150,000;

An additional 10 basis pts (.10%) will be added to your Account Fee if you elect the Tax Management Overlay or Tax Management Service described above. An additional 10 basis pts (.10%) will be added to your Account Fee if you employ the use of an SRI screen.

Methods of Calculating Account Fees

Your Account Fee may be billed using the “Tiered” or “Linear” method. To illustrate, please refer to the sample billing schedule below:

Total Account Value:	Account Fee:
\$0 - \$249,999	X%
\$250,000 - \$499,999	Y%

- Under the Tiered billing method, a Total Account Value of \$400,000 would be billed as follows: the first \$249,999 would be billed at X% with the remaining \$150,001 to be billed at Y%.
- Under the Linear billing method, a Total Account Value of \$400,000 would be billed at Y%.

The Statement of Investment Selection which will be provided to you will disclose if your Account Fee is calculated using Tiered or Linear billing.

Negotiation of Account Fees

Subject to the maximum Account Fee limitations imposed by the fee schedules above, each Advisory Representative: (i) negotiates with clients their own Account Fee schedule, and (ii) determines on a client by client basis the Accounts that will be included in the same “household” for purposes of calculating the Account Fee.

Account Fees and terms are negotiated on a case-by-case basis, depending on a variety of factors, including the nature and complexity of the particular service, the requirements of your particular Advisory Representative, your relationship with your Advisory Representative, the size of the Account, the potential for other business or clients, the amount of work anticipated and the attention needed to manage the Account, among other factors.

General Information Concerning Fees And Other Client Charges

You will bear a proportionate share of the fees and expenses of any Funds selected and for money market funds used as “sweep vehicles” for uninvested cash balances. These fees and expenses may include investment advisory, administrative, distribution, transfer agent, custodial, legal, audit and other customary fees and expenses related to investment in Funds and are in addition to the Account Fee. Please read the prospectuses of the funds selected for a more complete explanation of these fees and expenses.

You may be able to purchase shares of mutual funds outside of the Program directly from the mutual fund issuer, its principal underwriter or a distributor without purchasing the services of the Program or paying the Account Fee on such shares (but subject to any applicable sales charges). Certain mutual funds are offered to

the public without a sales charge. In the case of mutual funds offered with a sales charge, the prevailing sales charge (as described in the mutual fund prospectus) may be more or less than the Account Fee.

Additionally, you will bear a proportionate share of any fees and expenses associated with American Depository Receipts (ADRs)⁴, Global Depository Receipts (GDRs)⁵ and Real Estate Investment trusts (REITs)⁶ in which your assets are invested and may also bear any fees and expenses associated with converting non-US securities into ADRs or GDRs.

You will be charged an additional fee of \$1.50 for each trade confirmation that you do not elect to receive electronically or do not elect to suppress as described in the Program Client Agreement. You may also be subject to an additional, per-trade transaction charge on the selling of certain securities as disclosed on your trade confirmation (generally less than \$1.00 on trades of \$50,000 or less).

There are additional fees relating to IRA and Qualified Retirement Plan accounts that you may incur such as maintenance and termination fees. You will find these fees disclosed in the account application paperwork provided to you associated with these accounts.

Accordingly, you should review the Account Fee and the other fees outlined above to fully understand the total amount of fees you pay.

Depending upon the level of the Account Fee, your Advisor may receive more compensation:

- 1) as a result of your participation in the Program then if you participate in other programs that your Advisor offers.
- 2) as a result of charging you the Account Fee which wraps management and transaction costs into one fee rather than having you pay for management and transaction costs separately.

As such, your Advisor may have a financial incentive to recommend the Program to you over other programs or services.

Termination of Program Investments

We reserve the right to terminate the offering of any Program Investment at any time and in any manner. In the event of termination, you will be given reasonable advance notice of the termination and a reasonable opportunity to select a different Program Investment. If you fail to act within 30 days after receiving such notice, we reserve the right in our sole discretion, to transfer your Program Account assets to a non-discretionary, unmanaged brokerage account or substitute the terminated Program Investment with another substantially similar Program Investment.

ITEM 5 - ACCOUNT REQUIREMENTS AND TYPES OF CLIENTS

Types of Clients

The Program is available to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, banks as well as other business entities.

⁴ "ADRs" are receipts issued by a US bank or trust company that evidence ownership of non-US securities and are traded on a US exchange or in the over-the-counter market.

⁵ "GDRs" are receipts issued generally by a non-US bank or trust company that evidence ownership of non-US securities.

⁶ "REITs" are corporations or business trusts whose shares are usually traded publicly, investing primarily in income producing real estate and/or real estate related loans or mortgages.

Minimum Account Size

The minimum account size for Program Accounts is disclosed above in Item 4 under the SMA and UMA Account Fee schedules.

ITEM 6 - PORTFOLIO MANAGER SELECTION AND EVALUATION

We select Third Party Managers for participation in the Program from a list provided by Envestnet. Third Party Managers in the Program are considered “approved” or “available,” depending on the level of due diligence performed. All Third Party Managers are subject to a due diligence process which includes annual reviews designed to determine if a manager meets a sufficient level of quality and stability through their policies and practices. We rely on Envestnet's recommendations for Approved Third Party Managers and generally include all Approved Third Party Managers recommended by Envestnet in the Program. Approved Third Party Managers undergo qualitative and quantitative risk/return evaluations based on periodic performance reviews relative to their peer group. In addition, certain Third Party Managers may be added as an accommodation in certain limited circumstances, e.g., clients who wish to join the Program and may want to retain previously hired managers not on our list. Your Advisor has the sole responsibility for assisting you in the selection of Third Party Managers suitable for your investment objectives.

On an ongoing basis, Envestnet reviews Third Party Managers participating in the Program to determine whether they continue to meet Envestnet's guidelines and evaluation criteria. If Envestnet detects relevant information at any time (including qualification and/or performance concerns), we will generally follow Envestnet's recommendation as to whether to continue to include the Third Party Manager as an investment suitable for the Program or add a Third Party manager to the Program.

Third Party Managers are evaluated using a variety of data and information from one or more resources, which may include: public or private independent databases, responses to periodic due diligence questionnaires, quantitative and qualitative information, research, performance reports, and other pertinent information concerning the manager. We receive research, performance information and other information from Envestnet about Third Party Managers but do not independently verify or guarantee the accuracy or validity of this information received from Envestnet, or any other source. Further, the performance information that we receive from Envestnet may not be calculated on a uniform or consistent basis.

Neither we nor your Advisor make any representations regarding the future performance of any investment strategy of, or security recommended by, any Third Party Manager participating in the Program. As always, past performance is not a guarantee of future results.
