Firm Brochure (Part 2A of Form ADV)

March 31, 2013

This brochure provides information about the qualifications and business practices of Columbia Pacific Capital Management. If you have any questions about the contents of this brochure, please contact us at (206) 257-3577. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Columbia Pacific Capital Management is a registered investment adviser. Registration of an investment adviser does not imply any level of skill or training. The oral and written communications of an adviser provide you with the information with which you determine to hire or retain an adviser.

Additional information about Columbia Pacific Capital Management also is available on the SEC's website at www.adviserinfo.sec.gov.

Item 2 – Material Changes

This Firm Brochure, dated March 31, 2013, is an update to our March 30, 2012 disclosure document prepared according to the SEC's new requirements and rules. The only material change since our March 30, 2012 brochure is being mentioned on this page.

We opened a Private Equity fund, CP Multi-Asset Fund, LP. The CP Multi-Asset Fund was formed to invest solely in the GEM Liquid Markets Fund A, LP.

You will find information on this fund under Item numbers 4, 5, 6, 8, 13 and 15.

Item 15 - Custody	8
Item 16 - Investment Discretion	8
Item 17 - Voting Client Securities	8
Item 18 - Financial Information	8

Item 4 – Advisory Business

Columbia Pacific Capital Management (CPCM) is a Washington limited liability company. We began conducting business in January 2011.

Listed below are the firm's principal owners:

ALEXANDER B. WASHBURN (controls at least 10%)

DANIEL R. BATY (controls at least 10%)

STANLEY L. BATY (controls at least 10%)

BRANDON D. BATY (controls at least 10%)

JEREMY KIEFER (controls at least 10%)

PEDER SCHMITZ (controls at least 10%)

CPCM seeks to construct globally diversified investment portfolios with the goal of providing high net worth individuals, institutions, foundations and endowments with superior risk-adjusted returns. We primarily use exchange traded funds ("ETFs"), mutual funds, separately managed accounts, limited partnerships and sometimes individual stocks and bonds to help our clients achieve their investment objectives.

We tailor our advisory services to meet each client's individual needs, based upon specific circumstances and investment objectives. A client may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

In addition to investment management, we provide financial planning advice to our clients, including assistance with answers to questions such as:

- When will I be able to retire?
- What is the best withdrawal strategy for me when I am retired?
- How can I use my portfolio to help fund my lifestyle in retirement?
- Will I need to make any changes to sustain a long retirement?
- When should I take Social Security?
- What are the best ways to save for my children's and grandchildren's college education?

We also may provide referrals to professionals who specialize in taxation, estate planning, mortgage financing, insurance and other areas as needed.

Our compensation is solely from fees paid directly to us by clients. We do not receive commissions based on the client's purchase of any financial product, including insurance. No commissions in any form are accepted. No referral fees are paid or accepted. No benefits are received from custodians/broker-dealers based on client securities transactions ("soft dollar benefits").

CP Multi-Asset Fund, LP

The CP Multi-Asset Fund, LP (the "CPMA Fund") is a Delaware limited partnership which is open only to qualified purchasers. CPCM, LLC is the general partner of the CPMA Fund. The CPMA Fund was formed solely to offer an opportunity to invest in the GEM Liquid Markets Fund A, LP (the "GEM Fund"); an endowment-style investment program. The CPMA Fund will not invest in any other investment partnership or fund, except that it may hold liquid funds in a money market fund for limited periods of time. The CPMA Fund has a perpetual term but may cease to offer limited partnership interests to current or prospective investors at any time as we may determine at our discretion. A Limited Partner of the CPMA Fund may withdraw amounts from their capital accounts as of each month-end with written notice prior to the 24th of the desired withdrawal month. No withdrawal will be permitted if it would reduce a Limited Partner's capital account below \$1,000,000 unless such withdrawal is a complete withdrawal. We may permit withdrawals on other terms in our sole discretion. The minimum investment is \$1,000,000. We reserve the right to waive this requirement.

As of December 31, 2012, we were actively managing total client assets of approximately \$260,855,000. Approximately \$248,745,000 of clients' assets was managed on a discretionary basis. Approximately \$12,110,000 of client assets was managed on a non-discretionary basis.

Item 5 – Fees and Compensation

CPCM charges clients a management fee based upon a percentage of assets under management. The specific manner in which fees are charged is established in a client's written agreement with CPCM. Fees are payable in advance on a quarterly basis and are debited directly from a client's brokerage account(s) unless requested to be billed directly.

Management fees shall be prorated for each capital contribution and withdrawal made during the applicable calendar quarter (with the exception of contributions and withdrawals less than 10% of the account value).

Accounts initiated during a calendar quarter will be charged a prorated fee based upon the number of days the account was under our management in the relevant quarter. Termination of an account is subject to a 30 day written notification. When an account is terminated during a calendar quarter fees are prorated; therefore, any prepaid, unearned fees will be promptly refunded by crediting the client's brokerage account and any earned, unpaid fees will be due and payable.

Ours fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which a client will incur. You may incur certain charges imposed by custodians, brokers, investment managers and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Separately managed accounts, mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus. We do not receive any portion of these commissions, fees and costs.

The stated CPCM fee schedule is as follows:

Fee	Market Value of Investments
0.85%	per annum for the first \$5,000,000; plus
0.55%	per annum for amounts greater than \$5,000,000 and up to \$10,000,000; plus
0.35%	per annum for amounts greater than \$10,000,000
**Note: There is a minimum fee of \$2,500/quarter.	

All fees are subject to negotiation.

Item 12 further describes the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (*e.g.*, commissions).

CP Multi-Asset Fund, LP

Global Endowment Management, LP, the General Partner of the GEM Liquid Markets Fund A, LP charges the CPMA Fund a management fee at an annual rate of 0.35% of the Net Asset Value (NAV) of each Limited Partner's capital account. The fee is calculated and paid monthly in advance based on the NAV as of the beginning of the first day of the month. We do not receive any portion of this fee; however, we will be reimbursed by the Fund's Limited Partners for all CPMA Fund operating costs and expenses as described in the Partnership Agreement as follows:

- (i) Expenses associated with the organization and management of the CPMA Fund or incurred in connection with the purchase, retention or sale by the CPMA Fund of its investments in the GEM Fund or temporary money market fund;
- (ii) Costs of, or relating to administration, custody, bookkeeping, accounting (including preparation of Schedule K-1), audit, reporting, printing, and similar services, functions or requirements;

- (iii) Income, transfer, stamp and other taxes and charges (including penalties), all fees and other governmental charges levied against the CPMA Fund and all expenses incurred in connection with any tax audit, investigation, settlement or review of the CPMA Fund;
- (iv) Extraordinary expenses (including litigation) and all indemnification and insurance expenses;
- (v) Expenses of liquidating the CPMA Fund; and
- (vi) All other expenses related to or incidental to, or in support of, the ongoing operation of the CPMA Fund, the issuance of Interests and the investment of the CPMA Fund funds into the GEM Fund. To the extent the General Partner or the Management Company pays, or has paid, such expenses on behalf of the CPMA Fund, the CPMA Fund will reimburse such expenses.

Item 6 – Performance-Based Fees and Side-By-Side Management

CPCM does not charge any performance-based fees (fees based on a share of capital gains or on capital appreciation of the assets of a client). CP Multi-Asset Fund, LP is not charged any performance based fees by the General Partner (Global Endowment Management, LP) of the GEM Liquid Markets Fund A, LP.

Item 7 – Types of Clients

CPCM provides investment consulting and wealth management services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Corporate pension and profit-sharing plans
- Defined contribution plans
- Charitable institutions, foundations and endowments.

Our stated minimum family account size is \$5,000,000; which is subject to negotiation.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

CPCM uses a proprietary allocation process to create customized investment portfolios according to each client's perceived risk capacity and tolerance. CPCM's analysis process relies on historical holding-based and style-based analysis, as well as economic, fundamental, and technical analysis to create both strategic and tactical allocation as well as in our manager selection process.

Our investment philosophy is based on the belief that asset allocation is the primary driver of investment returns; that diversification is an important tool for risk reduction; and that investment portfolios should attempt to lower costs and increase tax efficiency.

Our investment approach emphasizes risk-adjusted returns and our portfolios are typically well diversified across markets, asset classes, and managers. We use a manager-of-manager approach where we control the asset allocation decision while specialized, third party investment managers conduct sector and security selection.

CP Multi-Asset Fund, LP

CPMA Fund only invests in GEM Liquid Markets Fund A, LP; which is a private investment partnership offering an endowment investment-style program. The GEM Fund invests with a long-term horizon, among various asset classes, in an effort to provide a diversified, single-portfolio investment strategy for its investors. It invests primarily in publicly-traded securities and other assets that GEM Fund determines to be liquid. Please see the GEM Liquid Markets Fund A, LP Confidential Offering Memorandum, for additional information regarding the investment program, objectives, strategy and the specific risks associated with the GEM Fund.

Investing in securities involves risk of loss that clients should be prepared to bear.

Item 9 – Disciplinary Information

Registered investment advisors are required to disclose all material facts regarding any legal or disciplinary events that would be material to the evaluation of CPCM or the integrity of our management. We have no information applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

Certain owners of CPCM have an affiliation with another investment advisor. In addition to an ownership stake in CPCM, these owners also have an ownership interest in Columbia Pacific Advisors, LLC (CPA). CPA is (i) the general partner of Columbia Pacific Opportunity Fund, L.P. a Washington limited partnership and (ii) the investment manager to Columbia Pacific Distressed Fund, L.P., CPDFCI, L.P., Columbia Pacific Senior Housing Fund, L.P., Columbia Pacific Income Fund I, L.P. and Columbia Pacific Real Estate Fund I, L.P., each of which is a Delaware limited partnership; and Union Bay Capital Partners I, LLC which is a Delaware limited liability company.

CPCM is a separate entity with a separate office. The owners of CPA will not have any direct involvement (except from an ownership basis) in the daily management of client accounts at CPCM. If a CPCM client invests in any CPA vehicle, CPCM will exclude those assets from CPCM's management fee. However, CPCM may receive a portion of the normal and customary management fee CPA charges their limited partners.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

CPCM has adopted a Code of Ethics ("Code") for all supervised persons of the firm describing its high standard of business conduct, and fiduciary duty to its clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading, a prohibition of rumor mongering, restrictions on the acceptance of significant gifts and the reporting of certain gifts and business entertainment items, and personal securities trading procedures, among other things. All supervised persons at CPCM must acknowledge the terms of the Code of Ethics annually, or as amended.

CPCM anticipates that, in appropriate circumstances, consistent with clients' investment objectives, it will cause accounts over which CPCM has management authority to effect and recommend to investment advisory clients, the purchase or sale of securities in which CPCM, its affiliates and/or clients, directly or indirectly, have a position of interest. CPCM's employees and persons associated with CPCM are required to follow CPCM's Code of Ethics. Subject to satisfying this policy and applicable laws, officers, directors and employees of CPCM and its affiliates may trade for their own accounts in securities which are recommended to and/or purchased for CPCM's clients.

The Code of Ethics is designed to assure that the personal securities transactions, activities and interests of the employees of CPCM will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Under the Code certain classes of securities have been designated as exempt transactions, based upon a determination that these would not materially interfere with the best interest of CPCM clients. In addition, the Code requires pre-clearance of many transactions, and restricts trading in close proximity to client trading activity.

Nonetheless, because the Code of Ethics in some circumstances would permit employees to invest in the same securities as clients, there is a possibility that employees might benefit from market activity by a client in a security held by an employee. Employee trading is periodically monitored under the Code of Ethics to reasonably prevent conflicts of interest between CPCM and its clients.

Certain affiliated accounts may trade in the same securities on the same day with client accounts on an aggregated basis when consistent with CPCM's obligation of best execution. In such circumstances, the affiliated and client accounts at the same custodian will receive securities at the same average price. CPCM will retain records of the trade order (specifying each participating account) and its allocation. Partially filled orders will usually be allocated on a pro rata or random basis.

It is CPCM's policy that the firm will not affect any principal or agency cross securities transactions for client accounts. CPCM will also not cross trades between client accounts. Principal transactions are generally defined as transactions where an advisor, acting as principal for its own account or the account of an affiliated broker-dealer, buys from or sells any security to any advisory client. A principal transaction may also be deemed to have occurred if a security is crossed between an affiliated hedge fund and another client account. An agency cross transaction is defined as a transaction where a person acts as an investment advisor in relation to a transaction in which the investment advisor, or any person controlled by or under common control with the investment advisor, acts as broker for both the advisory client and for another person on the other side of the transaction. Agency cross transactions may arise where an advisor is dually registered as a broker-dealer or has an affiliated broker-dealer.

CPCM's clients or prospective clients may request a copy of the firm's Code of Ethics by contacting Paul Parietti, the Chief Compliance Officer, at (206) 701-7887.

Item 12 – Brokerage Practices

CPCM has an arrangement with National Financial Services, LLC and Fidelity Brokerage Services, LLC ("Fidelity") and Charles Schwab Advisor Services ("Schwab") through which Fidelity and Schwab provide us with "institutional platform services". We believe Fidelity and Schwab serve the best interests of our clients but the institutional relationship may also benefit us. The institutional platform includes, among other factors; brokerage, custody and related services.

The institutional platform services provided by Fidelity and Schwab that assist us in managing and administering clients' accounts include software and other technology that:

- (i) Provide access to client account data (such as trade confirmations and account statements);
- (ii) Facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- (iii) Provide research, pricing and other market data;
- (iv) Facilitate payment of fees from its clients' accounts; and
- (v) Assist with back-office functions, recordkeeping and client reporting.

Fidelity and Schwab also offer other services intended to help CPCM manage and further develop its advisory practice. Such services include, but are not limited to, performance reporting, financial planning, contact management systems, third party research, publications, access to educational conferences, roundtables and webinars, practice management resources, access to consultants and other third party service providers who provide a wide array of business related services and technology with whom CPCM may contract directly. As a result of receiving such services for no additional cost, we may have an incentive to continue to use or expand the use of Fidelity's and Schwab's services. We examined the potential conflicts of interest with these relationships and have determined that the relationships are in the best interests of CPCM clients and satisfy our client obligations, including the duty to seek best execution.

Fidelity and Schwab generally do not charge its advisor clients separately for custody services, but is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Fidelity or Schwab, or that settle into Fidelity or Schwab accounts (i.e., transactions fees are charged for certain no-load mutual funds and for securities traded away from Fidelity or Schwab, commissions are charged for individual equity and debt securities transactions).

We do not receive any compensation from either brokerage firm and we believe that both firms provide adequate service for reasonable commissions. CPCM is independently owned and operated and is not affiliated with Fidelity or Schwab.

Selection Criteria – Execution Quality

CPCM's criteria for the selection or recommendation of a broker dealer or custodian are consistent with our fiduciary obligation to provide best execution to our clients. Best Execution, however, is not a defined term, it is a concept. In seeking best execution for client transactions, we evaluate brokers on a number of factors and may not necessarily result in the best price or lowest commission charge. We evaluate brokers on the following criteria:

- Ability to promptly and reliably effect transactions
- Commission charges / spreads
- Clearing and settlement
- The financial strength, integrity and stability of the broker
- Competitiveness of commission rates and charges
- Support services that may be provided (non-soft dollars)

Consistent with obtaining best execution for our clients, selected broker-dealers may be paid commissions that exceed the amounts other broker-dealers would have charged, if we have determined in good faith that such amounts are reasonable in relation to the value of the brokerage and/or research services provided. We do not exclude any broker or dealer from consideration because they do not provide research or other services.

“Soft Dollars”

CPCM does not utilize soft dollar arrangements or avail itself of the safe harbor under Section 28(e) of the Securities and Exchange Act of 1934.

Directed Brokerage

We typically trade using the broker-dealer who is also the custodian of the client's account. However, we do have the authority for some (but not all) clients to trade away from their broker-dealer/custodian when attempting to receive a more advantageous price. In such a case, we will evaluate whether there are additional costs to trade away (either on a Prime Broker or Trade Away basis) and whether it is in each client's best interest consistent with our fiduciary obligations of best execution.

For Fidelity accounts with greater than \$125,000 of assets and Schwab accounts with greater than \$100,000 of assets; CPCM requires that clients provide us with written authority to determine the broker-dealer and commission costs that will be charged to our clients for these transactions.

Any limitations on this discretionary authority must be agreed upon by the client and CPCM and included in this written authority statement. Clients may change/amend these limitations as required. Such amendments must be provided to us in writing.

For client accounts held at Fidelity with less than \$125,000 in value and at Schwab with less than \$100,000 in value, clients do not qualify for prime brokerage execution per Fidelity's and Schwab's policies. We therefore cannot be given discretion to determine the broker-dealer or commission costs that will be charged. Hence, these Fidelity accounts must execute trades solely at Fidelity and these Schwab accounts must execute trades solely at Schwab; we therefore cannot guarantee best execution.

Aggregation of Orders

CPCM may, but is not obligated to aggregate trades for more than one client with transactions in the same securities at the same time. The benefit to block trading is the ability for CPCM to negotiate price and commission and achieve better (best) execution versus placing the transactions separately. This also allows us to allocate limited investment opportunities across a number of clients in a fair and equitable manner. CPCM will typically aggregate trades among clients whose accounts can be traded at a given broker. CPCM's block trading policy and procedures are as follows:

- We will identify the aggregate amount of the security needed for a complete fill.
- We will ensure that each participating client is identified prior to the trade being placed (pre-allocation).
- We will average the prices of multiple transactions executed on a given day to obtain the full amount of the security (the average price of all transactions which is provided to each participating client).
- For partial fills, we will utilize a proportional or random allocation across all participating client accounts.
- If a pre-execution allocation was not completed, CPCM will allocate as follows:
 - Random or proportional (pro-rated) allocation will be made based on a number of factors such as account suitability, cash available, size of the portfolio, etc.
- CPCM permits the aggregate blocking of employee securities transactions with those of clients if the block is filled on the same day (average price for all participants);
 - If the order is partially filled or takes multiple days to fill, shares for employee accounts are allocated on a prorated or random basis along with clients (thus, employee accounts could be allocated shares and client accounts could not or vice-versa) or else the employee accounts are excluded from the allocation and clients are allocated on a prorated or random basis.
 - Under no circumstance will a partial fill be allocated solely to an employee account.
- Allocation Exceptions: if the executed amount is deemed by the CIO to be de minimis, shares may be allocated to the participating client accounts that are the smallest (i.e., complete fills, for example share allocations of 150 or less) or allocated to an account that is out of line with the desired allocation or sector weighting)
 - For sale transactions, allocations may be given to accounts in need of cash

Item 13 – Review of Accounts

CPCM regularly monitors client accounts regarding the investments and their appropriateness. At least quarterly, the Chief Investment Officer (CIO), Director of Financial Planner (DFP) or Relationship Manager (RM) will review a client's account with regard to the specific client's model portfolio allocation weighting. At least annually, we will meet with clients to review investment accounts and their personal financial situation. The purpose will be to update planning models, inputs and assumptions. The annual meeting can be conducted over the phone, as a webcast or in person; at the client's choice. This review may be organized by the CIO, DFP and/or a RM. We will meet on a more frequent basis if desired. We provide quarterly position and performance reports either via a secure log-in on our client portal or via regular mail.

CP Multi-Asset Fund, LP

CPCM's CIO monitors the performance of the GEM Liquid Markets Fund A, LP monthly. The CIO will also visit Global Endowment Management, LP (the General Partner of the GEM Liquid Markets Fund A, LP) on at least an annual basis to continue his due diligence.

The Fund will use its reasonable efforts to issue to its Limited Partners:

- (i) audited annual financial statements prepared in accordance with U.S. generally accepted accounting principles within 180 days after each year-end,
- (ii) monthly estimated "performance and exposure reports" of the GEM Investment Fund by the 11th business day after the end of each of the first 11 months of the year.

The information set forth in the annual and quarterly reports will also include, for each Limited Partner, capital account balances. Schedule K-1s are provided on an annual basis.

Item 14 – Client Referrals and Other Compensation

CPCM does not have referral arrangements for compensation.

Item 15 – Custody

We choose to custody our clients assets at Fidelity Investments and/or Charles Schwab & Co. We do not receive any compensation from either custodian and believe that both firms provide adequate service for reasonable fees.

Our clients will receive monthly statements from the qualified custodian that hold and maintain a client's investment accounts. We urge clients to carefully review such statements and compare such official custodial records to the account statements that we may directly provide. Our statements may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

CP Multi-Asset Fund, LP

Global Endowment Management, L.P. custodies the investments held in the CPMA Fund. Any limited partner's cash in transition of being invested or redeemed is custodied by us at Fidelity Investments.

Item 16 – Investment Discretion

CPCM usually receives discretionary authority from the client at the outset of an advisory relationship to select the identity and amount of securities to be bought or sold. In all cases, however, such discretion is to be exercised in a manner that is prudent for the particular client account.

When selecting securities and determining amounts, CPCM observes the investment policies, limitations and restrictions of the clients for which it advises. For registered investment companies, CPCM's authority to trade securities may also be limited by certain federal securities and tax laws that require diversification of investments and favor the holding of investments once made.

Investment guidelines and restrictions must be provided to CPCM in writing.

Item 17 – Voting Client Securities

CPCM has adopted a policy that the voting of proxies will be done by the individual client. We will not vote any client proxies.

Item 18 – Financial Information

Registered investment advisors are required in this Item to provide clients with certain financial information or disclosures about CPCM's financial condition. We have no financial commitment that impairs our ability to meet contractual and fiduciary commitments to clients, and have not been the subject of a bankruptcy proceeding.
