ITEM 4 – ADVISORY BUSINESS

<p>Item 4.A</p>	<p>Describe your advisory firm, including how long you have been in business. Identify your principal owner(s).</p> <p>Darwin provides discretionary investment advisory services for affiliated private investment funds (the “Funds”). Each of the Funds is a fund-of-funds that makes investments in venture capital firms. Darwin does not offer investment advisory services to any other types of clients.</p> <p>Darwin is a Delaware limited liability company formed in September of 2002.</p> <p>The Funds are:</p> <ul style="list-style-type: none"> • Darwin Venture Capital Fund-of-Funds, LP (“Fund I”), a Delaware limited partnership; and • Darwin Venture Capital Fund-of-Funds II, LP (“Fund II”), a Delaware limited partnership. <p>Frank R. Caufield, Jr. (the “Principal”) is the principal owner of Darwin Ventures LLC and Darwin Ventures II, LLC.</p> <p>Darwin Ventures LLC and Darwin Ventures II, LLC are the respective general partner of each Fund.</p>
<p>Item 4.B</p>	<p>Describe the types of advisory services you offer. If you hold yourself out as specializing in a particular type of advisory service, such as financial planning, quantitative analysis, or market timing, explain the nature of that service in greater detail. If you provide investment advice only with respect to limited types of investments, explain the type of investment advice you offer, and disclose that your advice is limited to those types of investments.</p> <p>Darwin is the investment adviser to the Funds, each of which is a “fund-of-funds.” As stated in item 4.A, the Funds invest primarily other private funds that invest in US-based venture capital funds. The Funds investments are diversified across Venture Fund focusing on various industries, with investments primarily in the technology and healthcare-focused funds.</p> <p>Darwin seeks to provide investors in the Funds (“Investors”) unique access and benefits to what it believes is top tier venture capital investing with the added diversification, scaling, administrative efficiency and cost effectiveness of a fund-of-funds.</p>
<p>Item 4.C</p>	<p>Explain whether (and, if so, how) you tailor your advisory services to the individual needs of <i>clients</i>. Explain whether <i>clients</i> may impose restrictions on investing in certain securities or types of securities.</p> <p>Darwin does not tailor its advisory services to the individual needs of Investors and Investors may not impose restrictions on investing in certain securities or types of securities. The Private Placement Memorandum, in the case of Fund I,</p>

	<p>and the Limited Partnership Agreement, in the case of Fund II, (together with the other governing documents of the Funds, the “Offering Documents”) set forth such Fund’s investment strategy, including guidelines regarding the types of securities the Funds will invest in and portfolio limits, along with other important information about the Funds. It is important that each potential investor fully read the Offering Documents prior to investing.</p> <p>Investing in the Funds is only available to persons who are deemed “accredited investors” under the Securities Act of 1933, as amended. The Funds are not made available to the general public and are not a registered investment company.</p> <p>Darwin’s disclosure of information within this Brochure that pertains to the Funds is not intended to be a solicitation for or an advertisement of the Funds. Instead, such disclosures have been made to provide important information about the services provided by Darwin and the overall risks involved in these types of activities as they relate to Darwin’s advisory business.</p>
Item 4.D	<p>If you participate in <i>wrap fee programs</i> by providing portfolio management services, (1) describe the differences, if any, between how you manage wrap fee accounts and how you manage other accounts, and (2) explain that you receive a portion of the wrap fee for your services.</p> <p>Darwin does not participate in wrap fee programs.</p>
Item 4.E	<p>If you manage <i>client</i> assets, disclose the amount of <i>client</i> assets you manage on a <i>discretionary basis</i> and the amount of <i>client</i> assets you manage on a <i>non-discretionary basis</i>. Disclose the date “as of” which you calculated the amounts.</p> <p>As of December 31, 2012 Darwin had \$154,287,841 in discretionary assets under management. Of the assets under management 100% are Fund assets. Darwin is a 1% partner/owner in each Fund.</p>

ITEM 5 – FEES AND COMPENSATION

Item 5.A	<p>Describe how you are compensated for your advisory services. Provide your fee schedule. Disclose whether the fees are negotiable.</p> <p>The management fees paid by each Fund are fully described in their respective Offering Documents. Below is a summary:</p> <p><i>Darwin Venture Capital Fund-of-Funds, LP</i> - the annual management fee for the Fund is equal to 1% of the Fund’s Committed Capital per year for the first five years of the Fund life, 0.75% for years six through nine, and 0.50% for years ten through thirteen, payable semiannually in advance until the dissolution of the partnership.</p> <p><i>Darwin Venture Capital Fund-of-Funds II, LP</i> – the annual management fee for the Fund is equal to 1% of Fund’s Committed Capital per year for the first four years of the Fund life, 0.75% for years five through eight, and 0.50% for years</p>
-----------------	---

	<p>nine through thirteen payable semi-annually in advance until the dissolution of the partnership.</p> <p>The Funds will have a lifetime dictated largely by the duration of its underlying funds. It is expected that the Fund-of-Funds will have a natural lifetime of 13 years</p> <p>The management fees paid by the Funds are not negotiable by investors.</p>
Item 5.B	<p>Describe whether you deduct fees from <i>clients</i>' assets or bill <i>clients</i> for fees incurred. If <i>clients</i> may select either method, disclose this fact. Explain how often you bill <i>clients</i> or deduct your fees.</p> <p>Darwin or the Affiliated General Partner deducts management fees directly from the investor's' capital accounts. Investors do not have the ability to choose to be billed directly for fees incurred.</p> <p>In general, Darwin or the Affiliated General Partner receives a management fee from each Fund based on a fixed percentage of each Fund's committed capital as described above.</p> <p>It is important that Investors refer to the relevant Offering Documents for a complete understanding of how Darwin is compensated for it services provided to the Funds. The information contained herein is a summary only and is qualified in its entirety by such documents.</p>
Item 5.C	<p>Describe any other types of fees or expenses <i>clients</i> may pay in connection with your advisory services, such as custodian fees or mutual fund expenses. Disclose that <i>clients</i> will incur brokerage and other transaction costs, and direct <i>clients</i> to the section(s) of your <i>brochure</i> that discuss brokerage.</p> <p>Except for the Fund Expenses outlined below, Darwin or the Affiliated General Partner will be responsible for all of the normal day-to-day overhead expenses of managing the Funds, including wages, salaries, rent, utilities, bookkeeping and other such expenses of Darwin or the Affiliated General Partner. In addition, Darwin or the Affiliated General Partner will be responsible for expenses incurred in connection with the research and analysis of potential portfolio investments and divestments and the management of the respective Fund's investment portfolio, except to the extent that legal, accounting or other specialized consulting or professional services are required that Darwin or Affiliated General Partner would not normally be expected to render with their own professional staff.</p> <p>Darwin or the Affiliated General Partner will be responsible for organizational expenses of the respective Fund for up to a maximum amount of 1% of such Funds committed capital, including, but not limited to, formation expenses and all expenses incurred in connection with such Fund's operations, including legal and accounting expenses, governmental compliance audit and related costs of any kind, annual meeting and reporting expenses, advisory board expenses, expenses incurred in connection with the purchase, holding, sale or proposed sale of the respective Fund's investments (unless paid for by the underlying portfolio company which is the subject of the investment), interest on and fees and</p>

	<p>expenses arising out of all permitted borrowing made by such Fund and, all expenses of liquidating the respective Fund. All such expenses defined in this paragraph (the “Fund Expenses”)</p> <p>It is critical that Investors refer to the relevant Offering Documents for a complete understanding of expenses they may pay through an investment in the Funds. The information contained herein is a summary only and is qualified in its entirety by such documents.</p>
Item 5.D	<p>If your <i>clients</i> either may or must pay your fees in advance, disclose this fact. Explain how a <i>client</i> may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.</p> <p>Management fees are paid quarterly in advance. It is anticipated that upon dissolution of the Funds, no refund of fees will be due.</p> <p>Investors may not withdraw from their respective Fund, and may not transfer any of their interest, rights or obligations under the Fund without the prior written consent of Darwin or the Affiliated General Partner.</p>
Item 5.E	<p>If you or any of your <i>supervised persons</i> accepts compensation for the sale of securities or other investment products, including asset-based sales charges or service fees from the sale of mutual funds, disclose this fact and respond to Items 5.E.1, 5.E.2, 5.E.3 and 5.E.4.</p> <p>Not applicable to Darwin.</p>
Item 5.E.1	<p>Explain that this practice presents a conflict of interest and gives you or your <i>supervised persons</i> an incentive to recommend investment products based on the compensation received, rather than on a <i>client’s</i> needs. Describe generally how you address conflicts that arise, including your procedures for disclosing the conflicts to <i>clients</i>. If you primarily recommend mutual funds, disclose whether you will recommend “no-load” funds.</p> <p>Not applicable to Darwin.</p>
Item 5.E.2	<p>Explain that <i>clients</i> have the option to purchase investment products that you recommend through other brokers or agents that are not affiliated with you.</p> <p>Not applicable to Darwin.</p>
Item 5.E.3	<p>If more than 50% of your revenue from advisory <i>clients</i> results from commissions and other compensation for the sale of investment products you recommend to your <i>clients</i>, including asset-based distribution fees from the sale of mutual funds, disclose that commissions provide your primary or, if applicable, your exclusive compensation.</p> <p>Not applicable to Darwin.</p>

Item 5.E.4	<p>If you charge advisory fees in addition to commissions or markups, disclose whether you reduce your advisory fees to offset the commissions or markups.</p> <p>Note: If you receive compensation in connection with the purchase or sale of securities, you should carefully consider the applicability of the broker-dealer registration requirements of the Securities Exchange Act of 1934 and any applicable state securities statutes</p> <p>Not applicable to Darwin.</p>

Item 6 – PERFORMANCE BASED FEES AND SIDE BY SIDE MANAGEMENT

Item 6.A	<p>If you or any of your <i>supervised persons</i> accepts <i>performance-based fees</i> – that is, fees based on a share of capital gains on or capital appreciation of the assets of a <i>client</i> (such as a <i>client</i> that is a hedge fund or other pooled investment vehicle) – disclose this fact. If you or any of your <i>supervised persons</i> manage both accounts that are charged a <i>performance-based fee</i> and accounts that are charged another type of fee, such as an hourly or flat fee or an asset-based fee, disclose this fact. Explain the conflicts of interest that you or your <i>supervised persons</i> face by managing these accounts at the same time, including that you or your <i>supervised persons</i> have an incentive to favor accounts for which you or your <i>supervised persons</i> receive a <i>performance-based fee</i>, and describe generally how you address these conflicts.</p> <p>While the Funds’ Offering Documents allow for Darwin to be paid an incentive for as General Partner, the Funds are not currently paying, and Darwin or its Affiliated General Partner is not requiring the Funds to pay such fee and will not at any time collect such fee. Complete details regarding the incentive fees that may be paid in the future are in each Fund’s Offering Documents.</p>

ITEM 7 – TYPES OF CLIENTS

Item 7.A	<p>Describe the types of <i>clients</i> to whom you generally provide investment advice, such as individuals, trusts, investment companies, or pension plans. If you have any requirements for opening or maintaining an account, such as a minimum account size, disclose the requirements.</p> <p>Darwin provides investment advisory services to pooled investment vehicles operating as private investment funds. See details in Item 4 – Advisory Services above.</p> <p>Each Investor must meet the eligibility provisions outlined in Item 5.A, above. The minimum capital commitment is \$1,000,000 for an institutional or corporate investor and \$500,000 for an individual investor, subject to waiver by Darwin or its Affiliated General Partner, as applicable.</p> <p>Investments in the Funds are available only to a limited number of sophisticated investors who meet the definition of “accredited investor” under Regulation D of</p>
----------	---

	<p>the Securities Act. The minimum initial investment in each Private Fund by an investor is \$1,000,000, which may only be waived or reduced by the Fund's General Partner.</p> <p>Prior to being admitted as an investor in a Fund, prospective investors will be required to complete an investor questionnaire, which will include detailed information about the prospective investor's financial qualifications, sophistication, and experience sufficient to determine the prospective investor's eligibility to become an investor in one or both of the Funds. Then, all accepted investors are required to execute a Subscription Agreement containing certain representations and warranties and setting forth the terms and conditions of an investment in the applicable Fund, including the adoption of the Fund's Limited Partnership Agreement.</p>

ITEM 8 – METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Item 8.A	<p>Describe the methods of analysis and investment strategies you use in formulating investment advice or managing assets. Explain that investing in securities involves risk of loss that <i>clients</i> should be prepared to bear.</p> <p>The following summarizes the methods of analysis and investment strategies used by Darwin in formulating investment advice. There can be no assurance that Darwin or the Funds will achieve their investment objectives or that the investment strategies employed by Darwin will be successful.</p> <p>As described in Item 4.B., above, Darwin's principal strategy involves investing in a diversified portfolio of venture capital funds. The Funds' investment strategy is to invest primarily in top-tier US-based venture capital funds. The Funds intend to diversify investments across venture capital funds focused on various industry sectors and over three years. The Funds intend to allocate at least 75% of Committed Capital to investments in traditional US-directed venture capital partnerships. In addition, up to 25% of the Funds Committed Capital may be invested opportunistically in non-US-directed venture capital partnerships and companies.</p> <p>Darwin will seek to invest in what it believes are top tier US-based venture funds. Darwin will select venture funds based on variety of factors including but not limited to: past performance; managerial and technology experience; team cohesion and appropriate alignment of economic incentives; and the firm's standing within the venture capital and technology industries. Darwin will also choose venture funds to provide diversification across industry sectors including information technology, life sciences and biotechnology, and traditional industries.</p> <p>The Fund's investments are characterized by a high degree of risk, volatility and illiquidity. Investors and prospective investors should thoroughly review the information contained in the relevant Offering Document for the Funds.</p>
Item 8.B	<p>For each significant investment strategy or method of analysis you use, explain the material risks involved. If the method of analysis or strategy involves significant or unusual risks, discuss these risks in detail. If your</p>

	<p>primary strategy involves frequent trading of securities, explain how frequent trading can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.</p> <p>An investment in the Funds involves a significant degree of risk. There can be no assurance that the Funds' targeted rate of return will be achieved or that there will be any return of capital. The environment for private equity investments is increasingly competitive and an Investor should only invest in the Funds if the Investor can withstand the liquidity constraints of an investment in the Fund and a total loss of its investment.</p> <p>In addition to the risk factors set forth in the Offering Documents, investors should carefully consider the following:</p> <p><u>Risks Relating to Investments Made by the Fund</u></p> <p>Risk Tolerance: The Funds' investments, in accordance with its investment objective and principal strategies, may result in an above average amount of risk and volatility or loss of principal. The Funds' investments in Venture Capital funds may be highly speculative and aggressive, and therefore, an investment in the Funds partnership interests may not be appropriate for an investor's risk tolerance.</p> <p>Reliance On the Investment Advisor: The investment decisions of the Funds will be made exclusively by Darwin or the Affiliated General Partner. Investors will have no right or power to take part in the management of the Funds. Accordingly, investors must be willing to entrust all management aspects of the Fund to Darwin or the Affiliated General Partner.</p> <p>Past Performance: Past performance of the venture capital industry is not necessarily indicative of its future performance, nor is it necessarily a good proxy for predicting the returns of the Fund. It is not guaranteed that the Fund will meet the rates of return historically realized by these industries.</p> <p><u>Risks Relating to Investments in Venture Firms</u></p> <p>Competitive Marketplace; Availability of Investment Opportunities: The fund-of-funds business is highly competitive and has become more so in recent years due to a substantially increased flow of capital into venture funds and similar investment organizations. Darwin or the Affiliated General Partner will be competing with other established companies and funds with substantial resources and experience, for investments the Funds will make. As a result of this competition, there may be fewer attractively priced investment opportunities than would otherwise be available, which could have an adverse impact on the length of time required for the Funds to become fully invested. In addition, no assurance can be given that the Funds will be able to identify investment opportunities that satisfy the Funds investment objectives or, if the Funds are successful in identifying such investment opportunities, that the Funds will be permitted to invest, or invest in the amounts desired in such opportunities. There is no assurance that the Funds will be able to invest its capital on attractive terms.</p> <p>Risks Associated with Fund-of-Funds Investments: As the Funds rely on the skills of outside venture capitalists funds, there is no assurance that the Funds' investments will be profitable. Any return on investment will depend upon</p>
--	---

	<p>successful investments made on behalf of the Funds by Darwin or the affiliated General Partner. There generally will be little or no publicly available information regarding the status and prospects of portfolio funds. Many investment decisions by Darwin will be dependent upon its ability to obtain relevant information from non-public sources, and they may be required to make decisions without complete information. The marketability and value of each investment will depend upon many factors beyond Darwin's control. Each portfolio fund will be managed by its own officers/partners (who generally will not be affiliated with Darwin or the Affiliated General Partner). Portfolio funds may have substantial variations in operating results from period to period, face competition, and experience failures or substantial declines in value at any stage.</p> <p>Risks Associated with the Technology Industries: The Funds' assets will be invested in Venture Firms that finance young companies working to develop certain nascent and untested technologies. In light of the rapid pace at which technology is evolving, the Funds' underlying funds will necessarily be required to invest in young portfolio companies that have not fully researched or developed the technologies or products that they intend to exploit, and have not fully explored the commercial viability or applications for such technologies or services, if any. There are additional special risks associated with this type of investment which include extended research and development cycles, the development of technologies for which no applications exist, rapid technological change and obsolescence, pervasive regulatory requirements of federal and state governments, intense competition, and the inability to fully protect intellectual property once discoveries have been made. These factors will likely lead to unanticipated problems in connection with the development of new technologies and the efforts of some or all of the portfolio companies in which the Funds is indirectly invested may be unsuccessful. Based upon the foregoing, Darwin or affiliated the General Partner's expectation regarding the development of commercially viable technologies during the Funds' term may not prove to be correct, complete or otherwise valid.</p> <p>No guarantee or representation is made that the Funds' investment program will be successful.</p> <p>Investors were provided with Offering Documents which contain a detailed description of the material risks related to an investment in the Funds, and/or were advised to carefully review and discuss <u>all</u> risk factors with Darwin prior to investment. Offering Documents.</p>
Item 8.C	<p>If you recommend primarily a particular type of security, explain the material risks involved. If the type of security involves significant or unusual risks, discuss these risks in detail.</p> <p>Please see the response to Item 8.B above.</p>

If an event is immaterial, you are not required to disclose it. When you review a legal or disciplinary event involving your firm or a <i>management person</i> to determine whether it is appropriate to rebut the presumption of materiality, you should consider all of the following factors: (1) the proximity of the <i>person involved</i> in the disciplinary event to the advisory function; (2) the nature of the infraction that led to the disciplinary event; (3) the severity of the disciplinary sanction; and (4) the time elapsed since the date of the disciplinary event. If you conclude that the materiality presumption has been overcome, you must prepare and maintain a file memorandum of your determination in your records. See SEC rule 204-2(a)(14)(iii).</p> <p>Darwin nor its Affiliated General Partner, officers, director or employees have any disciplinary events to disclose.</p>

ITEM 10 – OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Item 10.A	<p>If you or any of your <i>management persons</i> are registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer, disclose this fact.</p> <p>Not applicable to Darwin.</p>

ITEM 11 – CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

Item 11.A	<p>If you are an SEC-registered adviser, briefly describe your code of ethics adopted pursuant to SEC rule 204A-1 or similar state rules. Explain that you will provide a copy of your code of ethics to any <i>client</i> or prospective <i>client</i> upon request.</p> <p>Darwin’s Code of Ethics (the “Code”) is designed to meet the requirements of Rule 204A-1 of the Investment Advisers Act of 1940 (the “Advisers Act”). The Code applies to Darwin’s “Access Persons.” Access Persons include, generally, any partner, officer or director of Darwin and any employee or other supervised person of Darwin who, in relation to the Funds, (1) has access to non-public information regarding any purchase or sale of securities, or non-public information regarding securities holdings or (2) is involved in making securities recommendations, executing securities recommendations, or has access to such</p>
-----------	--

	<p>recommendations that are non-public. All Darwin employees are deemed to be Access Persons.</p> <p>The Code sets forth a standard of business conduct that takes into account Darwin's status as a fiduciary and requires Access Persons to place the interests of Funds above their own interests and the interests of Darwin. The Code requires Access Persons to comply with applicable federal securities laws. Further, Access Persons are required to promptly bring violations of the Code to the attention of Frank Caufield, Darwin's Chief Compliance Officer (the "Chief Compliance Officer"). All Access Persons are provided with a copy of the Code and are required to acknowledge receipt of the Code upon hire and on at least an annual basis thereafter.</p> <p>The Code also sets forth certain reporting and pre-clearance requirements with respect to personal trading by Access Persons. Access Persons must provide Darwin's Chief Compliance Officer with a list of their personal accounts and an initial holdings report within 10 days of becoming an Access Person. In addition, Darwin's Access Persons must provide annual holdings reports and quarterly transaction reports in accordance with Advisers Act Rule 204A-1.</p> <p>In addition, the Code seeks to ensure the protection of nonpublic information about the activities of the Funds. Investors or prospective Investors may obtain a copy of the Code by contacting the Chief Compliance Officer at frank@darwinvc.com.</p>
Item 11.B	<p>If you or a <i>related person</i> recommends to <i>clients</i>, or buys or sells for <i>client</i> accounts, securities in which you or a <i>related person</i> has a material financial interest, describe your practice and discuss the conflicts of interest it presents. Describe generally how you address conflicts that arise.</p> <p>Examples: (1) You or a <i>related person</i>, as principal, buys securities from (or sells securities to) your <i>clients</i>; (2) you or a <i>related person</i> acts as general partner in a partnership in which you solicit <i>client</i> investments; or (3) you or a <i>related person</i> acts as an investment adviser to an investment company that you recommend to <i>clients</i>.</p> <p>As explained in Item 10.C above, Darwin serves as investment advisor to the Funds. Darwin recommends interests in the Funds to prospective Investors.</p> <p>The fact that Darwin's Principal has indirect financial ownership interests in the Funds creates a potential conflict in that it could cause Darwin to make different investment decisions than if such parties did not have such financial ownership interests. Such potential conflicts are addressed by the personal securities transaction pre-clearance and reporting requirements described in Item 11. A. and 11. C.</p> <p>Darwin seeks to address these potential conflicts through regular monitoring of the Funds' portfolios for consistency with the Funds' objectives, strategies, and target capacity. Further, Darwin carefully considers the risks involved in any investments. The Code requires Access Persons to place the interests of the Funds over their own or those of Darwin, and all Access Persons are required to acknowledge their receipt and understanding of the Code.</p>

	<p>Further, Darwin receives a management fee which is payable without regard to the overall success or income earned by the Funds and therefore may create an incentive on the part of Darwin to raise or otherwise increase assets under management to a higher level than would be the case if Darwin was receiving a lower or no management fee. Performance-based fees may create an incentive for Darwin to make investments that are riskier or more speculative than in the absence of such performance-based fees.</p>
Item 11.C	<p>If you or a <i>related person</i> invests in the same securities (or related securities, e.g., warrants, options or futures) that you or a <i>related person</i> recommends to <i>clients</i>, describe your practice and discuss the conflicts of interest this presents and generally how you address the conflicts that arise in connection with personal trading.</p> <p>Darwin, or its employees do not make investments in the Venture Capital Funds that the Funds invest in. . Notwithstanding the above, Darwin or its employees may make investments in these Venture Capital Funds in the future and if so will amend this Brochure or if potential conflicts of interests do arise.</p> <p>Darwin seeks to manage the potential conflicts of interest inherent in Access Person personal trading by rigorous enforcement of its Code, which contains strict pre-clearance and reporting guidelines for Access Persons. Darwin requires that Access Person’s transactions in certain “reportable securities” (as defined in Section 202(a)(18) of the Advisers Act) be pre-cleared with the Chief Compliance Officer. The following transaction are subject to this pre-clearance requirement:</p> <ul style="list-style-type: none"> (i) direct or indirect purchase or sale of beneficial ownership in a security in an initial public offering; (ii) direct or indirect purchase or sale of beneficial ownership in a security in a limited offering, which includes but is not limited to, U.S. and offshore hedge funds, private equity funds and venture capital funds (including, for the avoidance of doubt, any funds managed by Darwin and Portfolio Funds); <p>Further details are available in the Code which is available to Investors upon request.</p> <p>As a general matter, Access Persons are prohibited from trading in the securities of issuers that are included on Darwin’s Restricted List (or any other securities to which the material non-public information relates) for either a Personal Account or for any Fund. The Restricted List will be available to all Access Persons and should be reviewed prior to submitting a pre-clearance request.</p> <p>In addition, Darwin receives transaction and holdings reports in accordance with Advisers Act Rule 204A-1. The Chief Compliance Officer or his designee also reviews Access Persons’ personal transaction and holdings reports to make sure each Access Person is conducting his or her personal securities transactions in a manner that is consistent with the Code.</p>

Item 11.D	<p>If you or a <i>related person</i> recommends securities to <i>clients</i>, or buys or sells securities for <i>client</i> accounts, at or about the same time that you or a <i>related person</i> buys or sells the same securities for your own (or the <i>related person's</i> own) account, describe your practice and discuss the conflicts of interest it presents. Describe generally how you address conflicts that arise.</p> <p>Note: The description required by Item 11.A may include information responsive to Item 11.B, C or D. If so, it is not necessary to make repeated disclosures of the same information. You do not have to provide disclosure in response to Item 11.B, 11.C, or 11.D with respect to securities that are not “reportable securities” under SEC rule 204A-1(e)(10) and similar state rules.</p> <p>Please refer to Items 11.A, 11.B, and 11.C.</p>

Any proxies voted by Darwin tend to be related to changes being implemented at underlying funds invested in by Funds of Darwin. To the extent Darwin does vote proxies, Darwin understands and appreciates the importance of proxy voting. Where Darwin has discretion to vote the proxies of its Funds, it will vote any such proxies in the best interests of Funds and in accordance with set compliance procedures. A summary of Darwin’ procedure is provided below.</p> <p>Prior to voting any proxies, Darwin’s Chief Compliance Officer will determine if there are any conflicts of interest related to the proxy in question. If no material conflict is identified pursuant to its set procedures, the Chief Compliance Officer will make a decision on how to vote the proxy in question based upon input received from Darwin’s investment professionals.
