Item 4: Advisory Business

A. Description of our advisory firm, including how long we have been in business and our principal owner(s).

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of Alabama. Our firm has been in business as an investment adviser since 2012 and is owned in equal parts by the following members:

Larry Goldberg
David Wayne Harris
Kathryn Michael
Jacqueline A. Tucker
Henry Ware
DeLynn Zell
Jeffrey McCormack

B. Description of the Types of Advisory Services We Offer.

(i) Financial Planning and Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

(ii) Investment Management:

We emphasize continuous and regular account supervision. As part of our investment management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

(iii) Pension Consulting:

We provide pension consulting services to employer plan sponsors on an ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement).

(iv) Referrals to Third Party Money Managers:

We provide clients with a list of investment advisory services of third party professional Portfolio Management firms for the individual management of client accounts. As part of this process, we assist clients in identifying an appropriate third party money manager. We provide initial due diligence on third party money managers and ongoing reviews of their management of client accounts.

In order to assist clients in the selection of a third party money manager, we typically gather information from the client about their financial situation, investment objectives, and reasonable restrictions they can impose on the management of the account, which are often very limited. It is important to note that we do not offer advice on any specific securities or other investments in connection with this service. Investment advice and trading of securities is only offered by or through the third party money managers to clients.

We periodically review third party money managers' reports provided to the client, but no less often than on an annual basis. Our associates contact the clients from time to time, as agreed to with the client, in order to review their financial situation and objectives; communicate information to third party money managers as warranted; and, assist the client in understanding and evaluating the services provided by the third party money manager. The client will be expected to notify us of any changes in his/her financial

situation, investment objectives, or account restrictions that could affect their account. The client may also directly contact the third party money manager managing the account or sponsoring the program.

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of clients, whether clients may impose restrictions on investing in certain securities or types of securities.

(i) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing the following services offered by our firm: Investment Management. Additionally, we offer general investment advice to clients utilizing the following services offered by our firm: Financial Planning and Consulting, Pension Consulting, Referrals to Third Party Money Managers.

(ii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Investment Management services. We do not manage assets through our other services.

D. Participation in Wrap Fee Programs.

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the "Wrap Fee Program Brochure") of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

E. Disclosure of the amount of client assets we manage on a discretionary basis and the amount of client assets we manage on a non-discretionary.

We manage \$298,095,072 on a discretionary basis and \$16,929,423 on a non-discretionary basis as of December 31, 2012. The total amount of client asset under our management is \$315,024,495.

The total estimated fee, as well as the ultimate fee that we charge, is based on the scope and complexity of the engagement. Our hourly fees begin at \$150 for financial advisors. Flat fees generally range from \$1,500 to \$10,000. In certain cases our consulting fee may be calculated as a percentage of the assets for which the consultations are provided and generally ranges between 1% and 3%. Financial planning and consulting services may be ongoing and are indicated in the advisory agreement. All financial planning and consultation fees are at the discretion of the advisor.

(iii) Pension Consulting:

We generally charge on an hourly or a flat fee basis for pension consulting services. All pension consulting fees are at the discretion of the advisor.

(iv) Referrals to Third Party Money Managers:

We are paid by third party money managers when we refer clients to them for account management. Third party money managers pay us a portion of the investment advisory fee that they charge for managing accounts. Fees paid to us by third party money manager are generally ongoing. All fees we receive from third party money managers and the written separate disclosures made regarding these fees comply with applicable state statutes and rules. The separate written disclosures provide include a copy of the third party money manager's Form ADV Part 2, all relevant Brochures, a Solicitation Disclosure Statement detailing the exact fees we are paid and a copy of the third party money manager's privacy policy. The third party money managers we recommend will not directly charge a higher fee than they would have charged without us introducing clients to them.

B. Description of whether we deduct fees from clients' assets or bill clients for fees incurred.

(i) Investment Management:

Fees will generally be automatically deducted from the managed account*. As part of this process, clients understand and acknowledge the following:

- a) Independent custodian sends statements at least quarterly to clients showing all disbursements in client account(s), including the amount of the advisory fees paid to us;
- b) Clients provide authorization permitting us to be directly paid by these terms;
- c) If we send a copy of our invoice to the client, we send a copy of our invoice to the independent custodian at the same time;
- d) If we send a copy of our invoice to the client, our invoice includes a legend as required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940.**

*In certain circumstances we allow direct billing as an option to our Investment Management clients.

**The legend urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

(ii) Financial Planning and Consulting:

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to the client and due to us within thirty (30) days of the financial plan being delivered or consultation rendered. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

(iii) Pension Consulting:

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement. The client will be invoiced directly for the fees.

(iv) Referrals to third party money managers:

Third party money managers establish and maintain their own separate billing processes over which we have no control. In general, they will bill the client directly and describe how this works in their separate written disclosure documents.

C. Description of any other types of fees or expenses clients may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Non-Wrap fee Clients may incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm through which the trades are executed. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

D. We must disclose if client's advisory fees are due quarterly in advance. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

We charge our advisory fees quarterly in advance. In the event that a client wishes to terminate our services, we will refund the unearned portion of our advisory fee. The client will need to contact us in writing and state that he/she wishes to terminate our services. Upon receipt of a letter of termination, we will proceed to close out the client's account and process a pro-rata refund of unearned advisory fees.

E. Commissionable securities sales.

We sell securities for a commission in our non-advisory accounts. In order to sell securities for a commission, our supervised persons are registered representatives of LPL Financial, member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. Clients should be aware that the practice of accepting commissions for the sale of securities:

- 1) May create a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on the needs of the client. We generally address commissionable sales conflicts that arise:
 - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
 - b) when recommending commissionable mutual funds, explaining that "no-load" funds are available through our firm if the client wishes to become an investment advisory client.

- 2) In no way prohibits clients from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not charge performance fees to our clients.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individual Households;
- High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, limited liability companies and/or other business types

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$250,000 for our Investment Management services. Generally, this minimum account balance may be waived at the advisors discretion.
- We generally charge a minimum fee of \$1,500 for written financial plans.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Our investment philosophy is built on the basic beliefs that investors should be adequately compensated for the risks they take, should be positioned to have a high probability of reaching their goals, and avoid potentially disastrous risks. Our investment analysis and portfolio construction process seeks to balance the investor's risk tolerance and current resources capacity with their quest for reasonable investment returns.

Our investment strategies and analysis are developed and conducted by our Investment Committee. We utilize quantitative analysis which may include analysis of management expertise, industry cycles, strength of research and development as well as fundamental analysis and research which includes reviewing financial analysts' reports to gain insight on the future performance of a security to guide our investment allocation decisions. We first consider the development of long-term capital market assumptions. We then work with the client to develop strategic asset allocations designed to address risk and reward over a given time period.

Other considerations are used to provide guidance on shorter-term decisions in investment management. These considerations include the timing of rebalancing, investing cash, making distributions, and tactical over or under-weights in the previously developed strategic allocation. These methods include technical analysis (charting current trends and trend reversals), quantitative analysis (reviewing market and economic trends), and global macro analysis of overall economic and political views of various countries.

We consider multiple time horizons, including long, medium, and short term, when determining strategies. Depending on the client's needs, we may employ various risk-management strategies.

We avoid market timing, but may increase cash holdings or tilt allocation slightly when necessary. This is based on the client's risk tolerance and our expectations of market behavior.

Please note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and client account(s) could enjoy a gain, it is also possible that the stock market may decrease and client account(s) could suffer a loss. It is important that clients understand the risks associated with investing in the stock market, are appropriately diversified in client investments, and ask us any questions they may have.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees related to our Investment Management service, as applicable.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

Advisory representatives of our firm are registered representatives of LPL Financial, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn and may not necessarily be in the best interests of the client.

Many of our representatives are licensed insurance agents. As such, they may have an incentive to sell and recommend insurance products to advisory clients. When such recommendations or sales are made, a conflict of interest exists as they may earn insurance commissions for the sale of those products. Clients are under no obligation to purchase insurance products through our representatives.

Please see Item 4B (iv) of this Brochure in regard to the recommendation of other investment advisors. Prior to referring clients to third party advisors, we will ensure that third party advisors are licensed or notice filed with the respective authorities.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

A. Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Likewise our related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 48 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Item 12: Brokerage Practices

- A. Description of the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

Custodians are selected by Bridgeworth. In some cases we may mutually agree with the client to choose a custodian of the client's preference.

Our firm is independently owned and operated and not affiliated with any custodian. Regardless of the custodian chosen, the client is required to select Bridgeworth as its adviser on their accounts. The chosen custodian will maintain custody of all client funds and securities.

Our firm may have non-soft-dollar arrangements with custodian of your choice under which we may receive non-soft-dollar services such as research and administrative functions including portfolio pricing, account statement generation and fee calculations, which are intended to support our firm in conducting business and in serving the best interests of our clients. These services do not incentivize us to recommend any particular custodian. Our recommendation to our clients is based on our clients' interests in receiving best execution and the level of competitive, professional services custodians provide. Our firm does not receive client brokerage commissions (or markups or markdowns) to obtain research or other products or services. We do not receive soft dollars, products or services acquired with client brokerage commissions. Each custodian may have different account fees, execution charges and execution capabilities. At times a client may incur higher account-related fees and execution charges based on the custodian chosen. Factors we consider include cost, anticipated level of asset safety, client confidentiality, communication and reporting. We base each decision on a client's individual goals, objectives, and circumstances. We do not direct client transactions to Custodians in return for soft-dollar benefits.

- B. Discussion of whether, and under what conditions, we aggregate the purchase or sale of securities for various client accounts in quantities sufficient to obtain reduced transaction costs (known as bunching). If we do not bunch orders when we have the opportunity to do so, we are required to explain our practice and describe the costs to clients of not bunching.

We do not aggregate the purchase or sale of securities for various client accounts but rather review accounts independently and place transactions accordingly. Whether or not securities are purchased or sold at approximately the same time, all client transactions will incur individual transaction fees. Whether or not we aggregate our orders, LPL Financial does bunch orders. The advantage of bunching is that orders are handled in a way that may mitigate market impact, when applicable and possible. If orders are bunched, each client gets the same average execution price.

Item 13: Review of Accounts or Financial Plans

- A. Review of client accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

We review accounts on at least a quarterly basis for our clients subscribing to our Investment Management services. Third Party Money Management clients receive at least annual reviews. The nature of these reviews is to learn whether clients' accounts are in line with their

investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Our Financial Advisors or qualified staff will conduct reviews.

Pension consulting clients receive reviews of their pension plans for the duration of the pension consulting service. We also provide ongoing services to pension consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

We may provide ongoing services to financial planning/consulting clients. Clients may receive reviews of their written plans. We will meet with clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

B. Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

C. Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact clients who subscribe to the following services: Investment Management and Third Party Money Management. Reports may be provided for accounts held away at various brokers from our recommended broker.

As mentioned in Item 13A of this Brochure, pension clients do not receive written or verbal updated reports regarding their pension plans unless they choose to contract with us for ongoing Pension Consulting services.

As also mentioned in Item 13A of this Brochure, financial planning clients do not receive written or verbal updated reports regarding their financial plans unless arrangements are made for a post-financial plan meeting or update to their initial written financial plan.

Item 14: Client Referrals & Other Compensation

A. If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

Investment or Brokerage Discretion

We provide discretionary portfolio management services where the investment advice provided is custom tailored to meet the needs and investment objectives of each client. Accordingly, we are authorized to perform various functions, at the client's expense, without further approval from the client. Such functions include the determination of securities to be

purchased/sold and the amount of securities to be purchased/sold. We do not have discretionary authority over the broker or dealer to be used.

Suggestion of Brokers to Clients

We may recommend LPL Financial. LPL Financial is the broker-dealer with which our representatives are also associated. As a result of the individual association of our representatives with LPL, we may require clients to utilize the brokerage/custodial services of LPL Financial for investment advisory accounts. If mutually agreed upon, clients may use the custodian of their choice. Our general policies relative to the execution of client securities brokerage transactions are as follows:

Execution of Brokerage Transactions (when applicable)

If requested, we will arrange for the execution of securities brokerage transactions for the account through broker-dealers that we reasonably believe will provide "best execution". In seeking "best execution", the determinative factor is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution. We also take into consideration the full range of a broker-dealer's services including execution capability, commission rates, and responsiveness. Although we will seek competitive commission rates, it may not necessarily obtain the lowest possible commission rates for account transactions.

Over-the-Counter (OTC) securities transactions for our clients are generally effected based on two (2) separate broker-dealers: (1) a "dealer" or "principal" acting as market-maker; and (2) the executing broker-dealer that acts in an agency capacity for the client's account. Dealers executing principal transactions typically include a mark-up/down, which is included in the offer or bid price of the securities purchased or sold. In addition to the dealer mark-up/down, the client may also incur the transaction fee imposed by the executing broker-dealer. We do not receive any portion of the dealer mark-up/down or the executing broker-dealer transaction fee.

Transactions for each client account generally will be effected independently, unless we decide to purchase or sell the same securities for several clients at approximately the same time. We may, but are not obligated to, combine or "batch" such orders to obtain "best execution", to negotiate more favorable commission rates, to allocate fairly among the clients' differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among our clients in proportion to the purchase and sale orders placed for each client account on any given day. To the extent that we determine to aggregate client orders for the purchase or sale of securities, including securities in which our principals) and/or associated persons) may invest, we shall generally do so in accordance with the parameters set forth in SEC No-Action Letter, SMC Capital, Inc. We shall not receive any additional compensation or remuneration as a result of the aggregation.

When referring clients to dealers, we will only refer clients to dealers registered in states where the clients reside.

We may receive from LPL Financial or a mutual fund company, without cost and/or at a discount support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other

technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL Financial as result of this arrangement. There is no commitment made by us to LPL Financial or any other institution as a result of the above arrangement.

- B. If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Item 15: Custody

- A. If we have custody of client funds or securities and a qualified custodian as defined in SEC rule 206(4)-2 or similar state rules (for example, a broker-dealer or bank) and do not send account statements with respect to those funds or securities directly to our clients, we must disclose that we have custody and explain the risks that you will face because of this.

All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

- B. If we have custody of client funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to our clients, we are required to explain that you will receive account statements from the broker-dealer, bank, or other qualified custodian and that you should carefully review those statements.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians with whom we do business will send clients independent account statements listing account balance(s), transaction history and any fee debits or other fees taken out of client account.

Item 16: Investment Discretion

We accept discretionary authority over client accounts. Our clients are required to sign a discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Investment Management clients. We do not take or exercise discretion with respect to our other clients.

Item 17: Voting Client Securities

We do not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18: Financial Information

We do not require nor do we solicit prepayment of more than \$1,200 in fees per client, six months or more in advance. Therefore we have not included a balance sheet for our most recent fiscal year. We have never been the subject of a bankruptcy petition.
