Firm Contact: Mark D. Holmertz, Chief Compliance Officer

Firm Website Address: www.integrayswealth.com

This wrap fee program brochure provides information about the qualifications and business practices of Integrays Wealth Advisors LLC. If you have any questions about the contents of this brochure, please contact our firm at (847) 918-9100 or (847) 223-7500. Alternatively, you may email us at info@integrayswealth.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about Integrays Wealth Advisors LLC is also available on the SEC's website at www.adviserinfo.sec.gov

Please note use of the term “registered investment adviser” and description of Integrays Wealth Advisors LLC and/or our associates as “registered” does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates which advise you for more information on the qualifications of our firm and its employees.

ITEM 2: MATERIAL CHANGES

Integrus Wealth Advisors LLC is required to advise you of any material changes to our Wrap Fee Program Brochure ("Wrap Brochure") from our last annual update, identify those changes on the cover page of our Wrap Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Wrap Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Wrap Brochure, and we must provide the date of the last annual update of our Wrap Brochure.

Please note we do not have to provide this information to a client or prospective client who has not received a previous version of our Wrap Brochure.

The date of the last annual update of our Wrap Brochure was filed on January 25, 2013. There have been no material changes since the last annual update of our Wrap Brochure.

Item 6: Portfolio Manager Selection & Evaluation	6
Item 7: Client Information Provided to Portfolio Manager(s).....	8
Item 8: Client Contact with Portfolio Manager(s).....	9
Item 9: Additional Information.....	9

ITEM 4: SERVICES, FEES & COMPENSATION

- A. Description of our services, including the types of portfolio management services, provided under each program. We must indicate the wrap fee charged for each program, or, if fees vary according to a schedule, provide such schedule. Further, we are required to indicate whether fees are negotiable and identify the portion of the total fee, or range of fees, paid to portfolio managers.

Integrays Wealth Advisors' Wrap Fee Program is an investment advisory program sponsored by Integrays Wealth Advisors LLC, an independent registered investment adviser with the Securities and Exchange Commission.

Wrap Fee Program:

Our wrap comprehensive portfolio management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds, mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding comprehensive portfolio management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

Wrap Fee Program Fee Schedule:

Our annual fees for our Wrap Fee Program shall be based on the market value of the assets under management and shall be calculated at up to 2.00% of all assets under management. Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. We may exclude certain positions from billing (i.e. a large stock position with a low basis).

- B. Explanation that a wrap fee program may cost you more or less than purchasing such services separately and description of the factors that bear upon the relative cost of the program, such as the cost of the services if provided separately and the trading activity in your account(s).

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions.

The advisory services may include portfolio management and/or advice concerning selection of other advisers, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This may result in a higher or lower advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

- C. Description of any fees that you may pay in addition to a wrap fee, and description of the circumstances under which you may pay these fees, including, if applicable, mutual fund expenses and mark-ups, mark-downs, or spreads paid to market makers.

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

- D. If someone recommending a wrap fee program to you, receives compensation as a result of your participation in the program, we must disclose this fact. Further, we are required to explain, if applicable, that the amount of the compensation may be more than what the person would receive if you participated in our other wrap fee program or paid separately for investment advice, brokerage and other services. Finally, we must explain that someone recommending a wrap fee program may have a financial incentive to recommend the wrap fee program over other programs or services.

Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

ITEM 5: ACCOUNT REQUIREMENTS & TYPES OF CLIENTS

Our firm does not have account requirements for opening and/or maintaining accounts or otherwise engaging us.

We service individuals and high-net worth clients.

ITEM 6: PORTFOLIO MANAGER SELECTION & EVALUATION

- A. Description of how our firm selects and reviews portfolio managers, our basis for recommending or selecting portfolio managers for particular clients, and our criteria for replacing or recommending the replacement of portfolio managers for the program and for particular clients.

Our firm selects and reviews outside portfolio managers based on the following factors:

- past performance;
- investment philosophy;
- market outlook;
- experience of portfolio managers and executive team;
- disciplinary, legal and regulatory histories of the firm and its associates;
- whether established compliance procedures are in place to address at a minimum, insider trading, conflicts of interest, anti-money laundering.

- 1) Standards we use to calculate portfolio manager performance, such as industry standards or standards used solely by our firm.

Our firm utilizes Morningstar, Inc. performance reporting products to calculate performance and evaluate outside portfolio managers.

- 2) Indication of whether we review, or whether any third-party reviews, performance information to determine or verify its accuracy or its compliance with presentation standards. If so, we must briefly describe the nature of the review and the name of any third party conducting the review.

We review third party performance information provided to us by outside portfolio managers. Our firm utilizes Morningstar, Inc. performance reporting products to calculate and verify investment results reported to us, which are in turn presented to prospective and existing clients.

- B. Disclosure of whether our firm or any related persons act as a portfolio manager for a wrap fee program described in the wrap fee program brochure. We must explain the conflicts of interest that we face because of this arrangement and describe how we address these conflicts of interest. Further, we must disclose whether related person portfolio managers are subject to the same selection and review as the other portfolio managers that participate in the wrap fee program. If they are not, we must describe how we select and review related person portfolio managers.

Our firm and its related persons act as portfolio manager(s) for the wrap fee program(s) previously described in this Wrap Fee Program Brochure. This may create a conflict of interest in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our related person portfolio managers are not subject to the same selection and review as outside portfolio managers that participate in the wrap fee program.

- C. If our firm, or any of our supervised persons covered under or investment adviser registration, act as a portfolio manager for a wrap fee program described in the wrap fee program brochure, we must respond to Items 4.B, 4.C, 4.D (Advisory Business), 6 (Performance-Based Fees and Side-By-Side Management), 8.A (Methods of Analysis, Investment Strategies and Risk of Loss) and 17 (Voting Client Securities) of Part 2A of Form ADV (Firm Brochure).

Our firm and supervised persons do act as portfolio manager(s) for a wrap fee program described in this Wrap Fee Program Brochure.

(i) Advisory Business:

See Item 4 of this Wrap Fee Program Brochure for a full description of Wrap Fee Program service description. Additionally, we offer individualized investment advice to our clients. We usually do not allow clients to impose restrictions on investing in certain securities or types of securities due to the level of difficulty this would entail in managing their account. In the rare instance, we may allow restrictions.

Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts.

(ii) Performance-Based Fees & Side-By-Side Management.

We do not charge performance fees to our clients.

(iii) Methods of Analysis, Investment Strategies & Risk of Loss.

Methods of Analysis:

Technical Analysis. We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement. Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Investment Strategies:

Long-term purchases. When utilizing this strategy, we may purchase securities with the idea of holding them for a relatively long time (typically held for at least a year).

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-term purchases. When utilizing this strategy, we may also purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Margin transactions. We will purchase stocks for your portfolio with money borrowed from your brokerage account. This allows you to purchase more stock than you would be able to with your available cash, and allows us to purchase stock without selling other holdings.

Option writing. We may use options as an investment strategy. An option is a contract that gives the buyer the right, but not the obligation, to buy or sell an asset (such as a share of stock) at a specific price on or before a certain date. An option, just like a stock or bond, is a security. An option is also a derivative, because it derives its value from an underlying asset.

Risk of Loss:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

(iv) Voting Client Securities.

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

ITEM 7: CLIENT INFORMATION PROVIDED TO PORTFOLIO MANAGER(S)

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly, monthly, etc) to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

ITEM 8: CLIENT CONTACT WITH PORTFOLIO MANAGER(S)

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

ITEM 9: ADDITIONAL INFORMATION

A. We are required to respond to: 1. Item 9 (Disciplinary Information); and 2. Item 10 (Other Financial Industry Activities and Affiliations) of Part 2A of Form ADV.

1. Our firm and management have no disciplinary information to disclose.
2. We have the following Other Financial Industry Activities and Affiliations to disclose:

Associated persons are a registered representative of Purshe Kaplan Sterling Investments ("PKS"), member FINRA/SIPC. In their capacities as registered representative, associated persons may recommend securities or other products and receive normal transaction commissions or other compensation. Thus, a conflict of interest may exist between the interests of the associated persons and those of the advisory clients. However, clients are under no obligation to act upon any recommendations of the associated persons or effect any transactions through the associated persons if they decide to follow the recommendations.

Advisory representatives are licensed insurance agents through various insurance companies. In such a capacity, they may offer insurance products and receive normal and customary commissions as a result of such a purchase. This presents a conflict of interest to the extent that they recommend the purchase of an insurance product which results in a commission being paid to them as an insurance agent. Advisory clients are never under any obligation to purchase insurance products.

B. We are required to respond to: 1. Items 11 (Code of Ethics or Interest in Client Transactions and Personal Trading); 2. Item 13 (review of Accounts); 3. Item 14 (Client Referrals and Other Compensation); and 4. Item 18 (Financial Information) of Part 2A of Form ADV, as applicable to our wrap fee clients.

1. Code of Ethics, Participation or Interest in Client Transactions & Personal Trading.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures.

We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

2. Review of Accounts.

We review accounts on at least a quarterly basis for our clients. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when contact clients.

3. Client Referrals & Other Compensation.

- a) If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

We participate in the institutional advisor program (the "Program") offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC/NFA ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the Program. As disclosed above, Advisor participates in TD Ameritrade's institutional customer program and Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between Advisor's participation in the program and the investment advice it gives to its Clients, although Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors.

The aforementioned benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit Advisor but may not benefit its Client accounts. These products or services may assist Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help Advisor manage and further develop its business enterprise. The benefits received by Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by Advisor or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

We receive from TD Ameritrade certain additional economic benefits ("Additional Services") that may or may not be offered to any other independent investment Advisors participating in the program as described in Item 12 of this Brochure. Specifically, the Additional Services include (i) access to Morningstar Inc., a provider of independent investment research; (ii) Redtail Technologies, a client management software; (iii) eMoney Advisor, LLC, a financial planning software; (iv) Law Offices of Patrick J. Burns, Jr., P.C., a securities law firm for initial RIA formation; and (v) Smarsh, Inc., an e-mail achieving and encryption software.

TD Ameritrade provides the Additional Services to our firm at its sole discretion and at its own expense, and we do not pay any fees to TD Ameritrade for the Additional Services. Our firm and TD Ameritrade have entered into a separate agreement ("Additional Services Addendum") to govern the terms of the provision of the Additional Services.

Our receipt of Additional Services raises potential conflicts of interest. In providing Additional Services to our firm, TD Ameritrade most likely considers the amount and profitability to TD Ameritrade of the assets in, and trades placed for, our client accounts maintained with TD Ameritrade. TD Ameritrade has the right to terminate the Additional Services Addendum with our firm, in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from TD Ameritrade, we may have an incentive to recommend to its Clients that the assets under management by our firm be held in custody with TD Ameritrade and to place transactions for Client accounts with TD Ameritrade. Our receipt of Additional Services does not diminish its duty to act in the best interests of its Clients, including seeking best execution of trades for Client accounts.

- b) If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

4. Financial Information.

We are not required to provide financial information to our clients because:

- We do not require the prepayment of more than \$1,200 in fees when services cannot be rendered within 6 (six) months.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs its ability to meet contractual and fiduciary obligations to clients.
- We have never been the subject of a bankruptcy proceeding.
