Item 4 – Advisory Services

A. Firm Information

SilverLake Wealth Management LLC (“SilverLake” or the “Advisor”) is a Registered Investment Advisor with the State of Vermont, which is organized as a Limited Liability Company (“LLC”) under the laws of the State of Vermont. SilverLake was founded in October 2005, and is owned and operated by Managing Partners, Richard J. Briand, Robert Eddy, Thomas Golonka, Theodore Rhiele, and Jeffrey Steele. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by SilverLake.

B. Advisory Services Offered

SilverLake offers investment advisory services to individuals, high net worth individuals, trusts, , estates and defined contribution plans in Vermont and other states (each referred to as a “Client”).

Account Portfolio Management

SilverLake’s investment philosophy is customized to the needs of each Client based on a deep understanding of the Client’s long-term goals. SilverLake provides continuous personal Client contact and interaction while providing investment management and consulting services. Silverlike primarily offers discretionary investment management services, but Client’s may request such services to be provided on a non-discretionary basis. SilverLake works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. SilverLake may also offer non-discretionary management upon request of the Client.

SilverLake will then construct a portfolio, consisting of individual equity securities, individual fixed income securities, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize other investment types, as appropriate, to meet the needs of its Clients. Diversification is sought to reduce overall portfolio risk, which can include using different asset classes as well as different sectors/industries.

Depending on the needs of each Client, SilverLake may create a customized portfolio or invest all or a portion of Client assets in its model portfolios. Portfolio construction strategy is developed based on the needs of each Client, including such factors as other investments, tax sensitivity, and/or the alignment of a SilverLake portfolio with a Client’s particular needs.

SilverLake’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. SilverLake will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

SilverLake evaluates and selects investments for inclusion in Client portfolios only after applying their internal due diligence process. SilverLake may recommend, on occasion, redistributing investment allocations to diversify the portfolio. SilverLake may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. SilverLake may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

SilverLake will provide investment advisory services and portfolio management services and will not provide securities custodial or other administrative services. At no time will SilverLake accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client Investment Advisory Agreement.

Financial Planning Services

SilverLake will typically provide a variety of financial planning services to individuals and families, pursuant to a written Financial Planning Agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. SilverLake may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For planning engagements that encompass an ad-hoc analysis, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

C. Client Account Management

Prior to engaging SilverLake to provide investment advisory services, each Client is required to enter into an Investment Advisory Agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Policy Statement – SilverLake, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – SilverLake will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – SilverLake will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – SilverLake will provide investment management and ongoing oversight of the Client's portfolio and overall account.

D. Wrap Fee Programs

SilverLake does not manage a wrap fee program. SilverLake may pay the transaction fees for Client accounts as part of its overall Investment Advisory Fees. The inclusion of these transaction costs into the investment advisory fee is sometimes considered a "wrap fee program". While a traditional wrap fee program has a defined set of investment options and uniform trading practices, SilverLake *customizes* its investment advisory services for its Clients. Please see Item 5 – Fees and Compensation for details regarding fees.

E. Assets Under Management

As of the date of this filing, January 29, 2013, the Advisor manages approximately \$45,000,000 in discretionary assets and \$0 in non-discretionary assets. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for investment management. Each Client shall sign an Investment Advisory Agreement that details the responsibilities of SilverLake and the Client.

A. Fees for Advisory Services

Account Portfolio Management

Investment Advisory Fees are paid quarterly in advance pursuant to the terms of the Investment Advisory Agreement. Investment Advisory Fees are based on the market value of assets under management at the end of each calendar quarter. Investment Advisory Fees range from 0.50% to 1.50% depending on the size and complexity of the Client relationship. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

Investment Advisory Fees in the first quarter of service are prorated to the inception date of the account to the end of the first quarter. Investment Advisory Fees are negotiable and the agreed upon fee will be included in the Investment Advisory Agreement. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by SilverLake will be independently valued by the designated Custodian. SilverLake will not have the authority or responsibility to value portfolio securities.

Financial Planning Services

SilverLake offers financial planning services on an hourly basis at a rate of up to \$300 per hour or on a fixed fee basis, which may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total hours will be determined prior to establishing the advisory relationship so that the Client will have a full understanding of the total fees for the respective planning engagement. The Advisor's fee is exclusive of, and in addition to brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs. The hourly fees are determined after considering many factors, such as the level and scope of the services.

B. Fee Billing

Account Portfolio Management

Investment Advisory Fees will be automatically deducted from the Client Account by the Custodian under the contractual arrangement between the Custodian and the Client. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with SilverLake at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the Investment Advisory Fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting SilverLake to be paid directly from their accounts held by the Custodian as part of the Investment Advisory Agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees are invoiced by the Advisor and are due upon receipt of the agreed upon deliverable.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than SilverLake, in connection with investment made on behalf of the Client's account[s]. The Client is responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The Investment Advisory Fee charged by SilverLake is separate and distinct from these custodian and execution fees.

In addition, all fees paid to SilverLake for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee.

A Client could invest in these products directly, without the services of SilverLake, but would not receive the services provided by SilverLake which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by SilverLake to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Account Portfolio Management

SilverLake is compensated for its services in advance the quarter in which investment advisory services are rendered investment advisory services are rendered. Clients may request to terminate their Investment Advisory Agreement with SilverLake, in whole or in part, by providing advance written notice. The Client shall be responsible for Investment Advisory Fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid Investment Advisory Fees from the effective date of termination to the end of the quarter. The Client's Investment Advisory Agreement with the Advisor is non-transferable without Client's written approval.

Financial Planning Services

In the event that a Client should wish to cancel the financial planning agreement under which any plan is being created, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate. Any surplus in the Advisor's possession as the result of collecting a deposit at the time of signing the financial planning agreement will be returned to the Client within 5 business days of cancellation.

Either party may terminate a planning or consulting agreement at anytime by providing written notice to the other party. In addition, the Client may terminate the agreement within five (5) days of signing the Advisor's financial planning agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Refunds will be given on a pro-rata basis.

E. Compensation for Sales of Securities

SilverLake does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the Investment Advisory Fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

SilverLake does not charge performance-based fees for its investment advisory services. The fees charged by SilverLake are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client. SilverLake does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

SilverLake offers investment advisory services to individuals, high net worth individuals, trusts, estates and defined contribution plans in Vermont and other states. The relative percentage each type of Client is available on SilverLake's Form ADV Part 1. These percentages will change over time. SilverLake generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

SilverLake primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. The Advisor may also employ other analysis methods. Research and analysis from SilverLake is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others. As noted above, SilverLake generally employs a long-term investment strategy for its

Clients, as consistent with their financial goals. SilverLake will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, SilverLake may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. SilverLake will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Market Risk

The price of a security may decrease in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a securities particular underlying circumstances.

Fundamental Analysis

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included in Item 13.

In its technical analysis, the Advisor seeks to determine the future direction of prices through the study of past market data, primarily price and volume. This is done by charting the movement of investments to identify trends and patterns used in the selection of securities to purchase and price points to buy and sell. While this type of analysis helps the Advisor to determine approximate timing for purchases and sales, it does not guarantee that the investment will increase in value.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

In their separate capacity as registered representatives, Advisory Persons will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons of SilverLake. Neither SilverLake nor its Advisory Persons will earn investment advisory fees in connection with any services implemented in an Advisory Person’s separate capacity as a registered representative where commissions are also earned.

Generally, recommendations made by SilverLake to its Clients are implemented by Advisory Persons in their role as Investment Advisor Representatives of SilverLake and not in their role as a Registered Representatives. As such, Clients of SilverLake only pay advisory fees as described above. In no circumstances will SilverLake earn an advisory fee and a commission on the same investment.

Insurance Agency Affiliations

Certain Advisory Persons of SilverLake are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from the Advisory Person’s role with the SilverLake. As insurance professionals, these Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

SilverLake has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with SilverLake. B. Personal Trading with Material Interest

SilverLake allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. SilverLake does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advice an investment company. SilverLake does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

SilverLake allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. We have also adopted written policies and procedures to detect the misuse of material, non-public information. We may have an interest or position in certain securities, which may also be recommended to you.

In addition the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

D. Personal Trading at Same Time as Client

While SilverLake allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, these are either grouped with Client trades or they will be placed only after Client orders have been placed and filled.

At no time, will SilverLake or any associated person of SilverLake, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

SilverLake does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services or the administrator for defined contribution accounts. The Client will select the broker-dealer or custodian (herein the "custodian") to safeguard Client assets and authorize SilverLake to direct trades to this custodian as agreed in the Investment Advisory Agreement. Further, SilverLake does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where SilverLake does not exercise discretion over the selection of the custodian, they do recommend the custodian[s] to Clients for execution and/or custodial services. SilverLake will primarily recommend LPL Financial as a custodian based on the affiliation its Advisory Persons have with LPL. Clients are not obligated to use the recommended custodian and will not incur any extra fee or cost associated with using a broker not recommended by SilverLake. SilverLake may recommend a custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and location of the custodian's offices. SilverLake does not receive research services, other products, or compensation as a result of recommending a particular broker that may result in the Client paying higher commissions than those obtainable through other brokers.

Following are additional details regarding the brokerage practices of the Advisor:

- 1. Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **SilverLake does not participate in soft dollar programs sponsored or offered by any broker-dealer.**
- 2. Brokerage Referrals** - SilverLake does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.
- 3. Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where SilverLake will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the custodian, SilverLake will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. SilverLake will execute its transactions through an unaffiliated broker-dealer selected by the Client. SilverLake may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Accounts are monitored on a regular and continuous basis by Principals of SilverLake. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify SilverLake if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or custodian. These brokerage statements are sent directly from the custodian to the Client. The Client may also establish electronic access to the custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by SilverLake

Broker-Dealer Affiliation

Certain Advisory Persons of SilverLake are also registered representatives of LPL Financial. In their separate capacity as registered representatives, Advisory Persons will receive commissions for the implementation of recommendations for commissionable transactions. Additional details are included in Item 10 above.

Certain Advisory Persons of SilverLake are also licensed insurance professionals. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. B. Client Referrals from Solicitors

SilverLake does not engage paid solicitors for Client referrals.

Item 15 – Custody

SilverLake does not accept or maintain custody of any Client accounts. All Clients must place their assets with a qualified custodian. Clients are required to select their own custodian to retain their funds and securities and direct SilverLake to utilize that custodian for the Client's security transactions. SilverLake encourages Clients to review statements provided by account custodian for accuracy.

The deduction of the Advisor's Investment Advisory Fee from the Client is considered custody of Client funds. To mitigate any conflict, the Advisor recommends LPL Financial as the qualified custodian. LPL calculated and deducts the Investment Advisory Fees on behalf of the Advisor and the Client pursuant to the Client's direct agreement with LPL. The Advisor does not have the authority to deduct any fees. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Item 16 – Investment Discretion

SilverLake generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by SilverLake. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by SilverLake will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

SilverLake does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

The Chartered Financial Analyst ("CFA") charter is a professional designation established in 1962 and awarded by CFA Institute. To earn the CFA charter, candidates must pass three sequential, six-hour examinations over two to four years. The three levels of the CFA Program test a wide range of investment topics, including ethical and professional standards, fixed-income analysis, alternative and derivative investments, and portfolio management and wealth planning. In addition, CFA charterholders must have at least four years of acceptable professional experience in the investment decision-making process and must commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct

("CFP Board"). The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP Board's Standards of Professional Conduct, a set of documents outlining the ethical and practice standards for CFP® professionals.
- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the Code of Ethics and other parts of the Standards of Professional Conduct, to maintain competence and keep up with developments in the financial planning field; and
