**SEPTEMBER 2013**

This wrap fee program brochure provides information about the qualifications and business practices of ArmourWealth Management, LLC. If you have any questions about the contents of this brochure, please contact by telephone at 402-609-7567 or by email at [brett@armourwealth.com](mailto:brett@armourwealth.com). The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about ArmourWealth Management, LLC is also available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov)

Please note use of the term "registered investment adviser" and description of ArmourWealth Management, LLC and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and its employees.

## **Item 2: Material Changes to Part 2A Appendix 1 (Wrap Fee Program Brochure of Our Form ADV)**

ArmourWealth Management, LLC is required to advise you of any material changes to our Wrap Fee Program Brochure (“Wrap Brochure”) from our last annual update, identify those changes on the cover page of our Wrap Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Wrap Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Wrap Brochure, and we must provide the date of the last annual update of our Wrap Brochure.

Please note we do not have to provide this information to a client or prospective client who has not received a previous version of our Wrap Brochure. At this time, there are no material changes to report about our Wrap Brochure.

Item 7: Client Information Provided to Portfolio Manager(s) .....	12
Item 8: Client Contact with Portfolio Manager(s) .....	12
Item 9: Additional Information .....	13

## Item 4: Services, Fees & Compensation

- A. Description of our services, including the types of portfolio management services, provided under each program. We must indicate the wrap fee charged for each program, or, if fees vary according to a schedule, provide such schedule. Further, we are required to indicate whether fees are negotiable and identify the portion of the total fee, or range of fees, paid to portfolio managers.

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

(i) Our Asset Management Wrap Fee Program:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals, and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding asset management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

We pay compensation to Independent Managers for services rendered by these firms to clients and our firm. This compensation, is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory fee paid to Independent Managers shall be negotiable in certain circumstances, but shall never exceed the overall amount in our published fee statement. We usually pay twenty-five (25) to fifty-percent (50%) of the overall advisory fee to Independent Managers for their services.

Our Asset Management Wrap Fee Program Fee Schedule:

<u>Assets Under Management</u>	<u>Annual Percentage of Assets Charge*</u>
\$0 to \$499,999	1.90%
\$500,000 to \$999,999	1.65%
\$1,000,000 to \$9,999,999	1.40%
\$10,000,000 to \$49,999,999	1.15%
Over \$50,000,000	0.90%

\*Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the time-weighted daily average of the previous quarter.

(ii) Comprehensive Portfolio Management Wrap Fee Program:

Our comprehensive portfolio management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds, mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding comprehensive portfolio management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

We pay compensation to Independent Managers for services rendered by these firms to clients and our firm. This compensation, is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory fee paid to Independent Managers shall be negotiable in certain circumstances, but shall never exceed the overall amount in our published fee statement. We usually pay twenty-five (25) to fifty-percent (50%) of the overall advisory fee to Independent Managers for their services.

Comprehensive Portfolio Management Wrap Fee Program Fee Schedule:

<u>Assets Under Management</u>	<u>Annual Percentage of Assets Charge*</u>
\$0 to \$499,999	2.10%
\$500,000 to \$999,999	1.85%
\$1,000,000 to \$9,999,999	1.60%
\$10,000,000 to \$49,999,999	1.35%
Over \$50,000,000	1.10%

\*Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the time-weighted daily average of the previous quarter.

- B. Explanation that a wrap fee program may cost you more or less than purchasing such services separately and description of the factors that bear upon the relative cost of the program, such as the cost of the services if provided separately and the trading activity in your account(s).

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management and/or advice concerning selection of other advisers, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their

trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

- C. Description of any fees that you may pay in addition to a wrap fee, and description of the circumstances under which you may pay these fees, including, if applicable, mutual fund expenses and mark-ups, mark-downs, or spreads paid to market makers.

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

- D. If someone recommending a wrap fee program to you, receives compensation as a result of your participation in the program, we must disclose this fact. Further, we are required to explain, if applicable, that the amount of the compensation may be more than what the person would receive if you participated in our other wrap fee program or paid separately for investment advice, brokerage and other services. Finally, we must explain that someone recommending a wrap fee program may have a financial incentive to recommend the wrap fee program over other programs or services.

Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

## Item 5: Account Requirements & Types of Clients

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Pension and Profit Sharing Plans;
- Endowments;
- Retirement Plans (401(k), 403(b), 457, etc.);
- Corporate Accounts and Investment Pools;
- Mutual Fund.

We do not require a minimum account balance or a minimum fee to maintain an account with us. However, investments placed with outside managers or in funds may.

## Item 6: Portfolio Manager Selection & Evaluation

- A. Description of how our firm selects and reviews portfolio managers, our basis for recommending or selecting portfolio managers for particular clients, and our criteria for replacing or recommending the replacement of portfolio managers for the program and for particular clients.

Our firm does not utilize outside portfolio managers. All accounts are managed by our in-house professionals.

- B. Disclosure of whether our firm or any related persons act as a portfolio manager for a wrap fee program described in the wrap fee program brochure. We must explain the conflicts of interest that we face because of this arrangement and describe how we address these conflicts of interest. Further, we must disclose whether related person portfolio managers are subject to the same selection and review as the other portfolio managers that participate in the wrap fee program. If they are not, we must describe how we select and review related person portfolio managers.

Our firm and its related persons act as portfolio manager(s) for the wrap fee program(s) previously described in this Wrap Fee Program Brochure. This may create a conflict of interest in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our related person portfolio managers are not subject to the same selection and review as outside portfolio managers that participate in the wrap fee program.

- C. If our firm, or any of our supervised persons covered under or investment adviser registration, act as a portfolio manager for a wrap fee program described in the wrap fee program brochure, we must respond to Items 4.B, 4.C, 4.D (Advisory Business), 6 (Performance-Based Fees and Side-By-Side Management), 8.A (Methods of Analysis, Investment Strategies and Risk of Loss) and 17 (Voting Client Securities) of Part 2A of Form ADV (Firm Brochure).

Our firm and supervised persons do act as portfolio manager(s) for a wrap fee program described in this Wrap Fee Program Brochure.

(1) Advisory Business:

See Item 4 of this Wrap Fee Program Brochure for information about our wrap fee advisory programs.

(2) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing the following services offered by our firm: Wrap Asset Portfolio Management and Wrap Comprehensive Portfolio Management. Additionally, we offer general investment advice to clients utilizing our Financial Planning and Consulting, Pension Consulting and Portfolio Monitoring services.

(3) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

We usually do not allow clients to impose restrictions on investing in certain securities or types of securities due to the level of difficulty this would entail in managing their account. In the rare instance that we would allow restrictions, it would be limited to the following services: Comprehensive Portfolio Management, Asset Management, Wrap Asset Portfolio Management and Wrap Comprehensive Portfolio Management.

(4) Participation in Wrap Fee Programs.

Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in Item 4.D., we receive a portion of the wrap fee for our services.

(5) Performance-Based Fees & Side-By-Side Management.

Our firm may charge qualified clients<sup>1</sup> "performance fees" – that is, fees based on a share of capital gains on or capital appreciation of the managed assets of a client. We charge performance based fees as follows:

<u>Outperformance vs. a Weighted Index</u>	<u>Annual Percentage of Assets Charge*:</u>
X = percentage of outperformance	(X - 10%) multiplied by 0.3%
Example(1): 16% outperformance	(16% - 10%) multiplied by 0.3% = 1.8%
Example(2): 10% outperformance	(10% - 10%) multiplied by 0.3% = 0%
Example(3): 6% outperformance	No excess condition met = 0%

\*Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the time-weighted daily average of the previous quarter.

We also charge a performance based fee quarterly in arrears at the beginning of each quarter as follows:

- 25% of the net profits (i.e., profits after our management fee has been deducted) achieved for the previous quarter of account management.

In charging performance fees to some of our client accounts, we face a conflict because we can potentially receive greater fees from client accounts having a performance-based compensation structure than from those accounts we only charge a fee unrelated to performance (e.g., an asset-based fee). As a result, we may have an incentive to direct the best investment ideas to, or to allocate or sequence trades in favor of, the account that pays a performance fee.

We have taken several important steps to ensure that our performance based accounts are not favored over our client's non-performance fee based accounts. These steps include:

- 1) A periodic comparison of our performance based and non-performance accounts. Our comparison will entail a review of our ten most profitable and ten least profitable (including unrealized gain or loss) investment decisions based on total return of positions opened and closed for each investment strategy or mandate offered to clients. We keep track of securities ticker symbol, purchase date, sale date, percentage of gain and/or loss, and dollar amount of the gain and/or loss. In the event that we find performance based accounts are being unduly (i.e., consistently) favored over non-performance based accounts, we would take action to address the situation. This could include allowing non-performance based

---

<sup>1</sup> We are currently permitted to charge performance based fees only to clients with at least \$1,000,000 under management with our firm or a net worth of at least \$2,000,000. It is expected that the SEC will revisit this standard in the near future and tie the definition of a qualified client to inflation. It is unclear at this time whether the SEC will grandfather or exempt existing qualified clients being charged performance based fees from a greater financial threshold for meeting the qualified client standard should the definition change.

accounts to trade before performance based accounts to the extent practicable, or if the problem persists, not allowing new performance based accounts, waiving our performance based fees or cancelling our performance based fee arrangements altogether and in some cases, termination of firm personnel.

- 2) The use of block trades and allocations made based on client's risk tolerance, investment objectives and restrictions. A periodic review of the block trade allocations to detect whether profitable trades are being disproportionately allocated to performance based accounts, while unprofitable trades are being disproportionately allocated to pure-fee based accounts with no performance fee. If our firm detects a problem in the allocation of block trades, our remedies are the same as those outlined above.

#### (6) Methods of Analysis, Investment Strategies & Risk of Loss

##### Description of the Methods of Analysis and Investment Strategies We Use In Formulating Investment Advice or Managing Assets

###### Methods of Analysis:

Dynamic Risk Differential Analysis which includes, but is not limited to subcomponents of the following:

- Fundamental
- Technical
- Behavioral Finance
- Charting
- Cyclical

###### Investment Strategies We Use:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Option Writing, Including Covered Options, Uncovered Options Or Spreading Strategies.

###### Please Note:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

##### Description Of The Specific Risks Involved If We Primarily Use A Particular Method Of Analysis Or Strategy.

Our firm will utilize one method of analysis. All subcomponent disciplines may be additive, but will never forecast the direction of prices through the study of past market data, primarily price and volume by examining what investors fear or think about those developments. Technical analysis is frequently contrasted with fundamental analysis and each has limitations because of assumptions about the market. We enlist a more rational approach by utilizing elements of both types of analyses. In addition to these we may employ some elements of charting which plot the span between the high and low prices of a trading period. Some widen and fill the interval between the open and close prices to emphasize the open/close relationship. The risk of relying on pure charting would be similar to the weaknesses of the pure technical approach, where the

price reflects the trend as opposed to fundamental which holds that economic factors influence the price. Studying recurring, preferably periodic, movements in prices or other time series or cyclical analysis may also be incorporated in our methods of analysis. Cyclical may too narrowly predict price without integrating relevant factors. We strive to avoid risks of any one method by incorporating productive and reproducible elements of several methods.

(7) Voting Client Securities

- (i) If we have, or will accept, proxy authority to vote client securities, we must briefly describe our voting policies and procedures, including those adopted pursuant to SEC Rule 206(4)-6.

SEC Rule 206(4)-6 requires investment advisers who have voting authority with respect to securities held in their clients' accounts to monitor corporate actions and vote proxies in their clients' interests. We are required by the SEC to adopt written policies and procedures, make those policies and procedures available to clients, and retain certain records with respect to proxy votes cast.

We consider proxy voting an important right of our clients as shareholders and believe that reasonable care and diligence must be taken to ensure that such rights are properly and timely exercised. When we have discretion to vote the proxies of our clients, we will vote those proxies in your best interests and in accordance with these policies and procedures. Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our Chief Compliance Officer, Brett Rosenberger by phone at 402-609-7567 or email at [brett@armourwealth.com](mailto:brett@armourwealth.com).

1. Policy for Voting Proxies.

All proxies received by our firm will be given to our chief compliance officer for processing. Our chief compliance officer will determine which accounts managed by our firm hold the security to which the proxy relates. These accounts and their share holdings will be matched to the proxies received for each security. Missing proxies or significant variances in shares held will be investigated. A grid of shares held by the client for each security being voted will be updated with each proxy being voted. Our chief compliance officer will review each item for voting on each proxy. Based on our proxy voting guidelines outlined below, a determination of how our firm votes will be made. Any undefined issues will be referred to our president. A listing of each proxy voted will be updated at the time the proxy is voted. Proxies will generally be voted online unless custodian requires mailed form. In the absence of specific voting guidelines from the client, we will vote proxies in the best interest of each particular client. We look to ensure that our firm is compliant with the new exchange act rule 14a-11. In accordance with the aforementioned rule, our firm provides shareholders with the opportunity to nominate directors at a shareholder meeting under the applicable state or foreign law. Clients also have the ability to have their nominees included in the company proxy materials sent to all of our shareholders. Furthermore, the clients as shareholders also have the ability to use the shareholder proposal process to establish procedures for the inclusion of shareholder director nominations in company proxy materials.

2. Proxies Voting Guidelines.

Where voting authority exists, proxies are voted by our firm in the best interests of plan beneficiaries:

- for directors and for management on routine matters.

- for a limit on or reduction of the number of directors, and for an increase in the number of directors on a case by case basis.
- against the creation of a tiered board.
- for the elimination of cumulative voting.
- for independence of auditors
- for deferred compensation.
- for profit sharing plans.
- for stock option plans unless the plan could result in material dilution to shares outstanding or is excessive.
- for stock repurchases.
- for an increase in authorized shares unless the authorization effectively results in a blind investment pool for shareholders.
- for reductions in the par value of stock.
- for company name changes.
- for routine appointments of auditors.

We abstain on motions to limit directors' liability. Material issues not addressed above (e.g., mergers, poison pills, social investing and miscellaneous shareholder proposals) are dealt with on a case-by-case basis. We generally vote according to board recommendations.

(ii) Description of whether (and, if so, how) our clients can direct our vote in a particular solicitation.

Our firm will defer to client voting policies as directed. Eligible shares are monitored against ballots received from custodians, and detailed records of all issues and votes are maintained and reported to clients as requested.

(iii) How we address conflicts of interest between our firm and clients are addressed with respect to voting their securities.

We recognize that under certain circumstances we may have a conflict of interest between us and our clients. Such circumstances may include, but are not limited to, situations where our firm or one or more of our affiliates, including officers, directors and employees, has or is seeking a client relationship with the issuer of the security that is the subject of the proxy vote. We shall periodically inform our employees that they are under an obligation to be aware of the potential for conflicts of interest on the part of our firm with respect to voting proxies on behalf of funds, both as a result of our employee's personal relationships and due to circumstances that may arise during the conduct of our business, and to bring conflicts of interest of which they become aware to the attention of the proxy manager. We shall not vote proxies relating to such issuers on behalf of client accounts until we have determined that the conflict of interest is not material or a method of resolving such conflict of interest has been agreed upon by our management team. A conflict of interest will be considered material to the extent that it is determined that such conflict has the potential to influence our decision-making in voting a proxy. Materiality determinations will be based upon an assessment of the particular facts and circumstances. If we determine that a conflict of interest is not material, we may vote proxies notwithstanding the existence of a conflict. If the conflict of interest is determined to be material, the conflict shall be disclosed to our management team and we shall follow the instructions of the management team. We shall keep a record of all materiality decisions and report them to the management team on an annual basis.

(iv) Description of how clients may obtain information from us about how we voted their securities.

Our chief compliance officer will maintain files relating to our proxy voting procedures. Records will be maintained and preserved for five years from the end of the fiscal year during which the last entry was made on a record, with records for the last two years kept on our premises. Records of the following will be included in the files:

- copies of these proxy voting policies and procedures, and any amendments thereto.
- a copy of each proxy statement that we receive, provided however that our firm may rely on obtaining a copy of proxy statements from the SEC Edgar System for those proxy statements that are available.
- a record of each vote that we cast.
- a copy of any document we created that was material to making a decision how to vote proxies, or that memorializes that decision.
- a copy of each written client request for information on how we voted such client's proxies, and a copy of any written response to any client request for information on how we voted their proxies.

(v) How clients may obtain a copy of our proxy voting policies and procedures upon request.

Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our chief compliance officer, Brett Rosenberger by phone at 402-609-7567 or email at [brett@armourwealth.com](mailto:brett@armourwealth.com).

**Please note:** We do not pay for proxy voting services with soft dollars. Also, we do not charge an additional fee to vote proxies.

### Item 7: Client Information Provided to Portfolio Manager(s)

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly, monthly, etc) to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

### Item 8: Client Contact with Portfolio Manager(s)

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

## Item 9: Additional Information

A. We are required to respond to: 1. Item 9 (Disciplinary Information); and 2. Item 10 (Other Financial Industry Activities and Affiliations) of Part 2A of Form ADV.

1. We have determined that our firm and management have no disciplinary information to disclose.
2. We have the following financial industry activities and affiliations to disclose:

RMR Wealth Creations, Inc. is an affiliated registered investment adviser. Clients may be solicited to invest through RMR Wealth Creations, Inc. and vice versa if in the best interest of the client.

Armour Tactical Flex Fund is an affiliated mutual fund operated by Brett Rosenberger, the majority shareholder of both RMR Wealth Creations, Inc. and ArmourWealth, Management, LLC. This represents a conflict of interest because our clients will be solicited to invest in the Fund. There may be fees associated with investing in the Fund that the client would have to bear. Please refer to the Fund's prospectus and offering memorandum for more information.

B. We are required to respond to: 1. Items 11 (Code of Ethics or Interest in Client Transactions and Personal Trading); 2. Item 13 (review of Accounts); 3. Item 14 (Client Referrals and Other Compensation); and 4. Item 18 (Financial Information) of Part 2A of Form ADV, as applicable to our wrap fee clients.

### 1. Code of Ethics, Participation or Interest in Client Transactions & Personal Trading.

Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts<sup>2</sup>. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities

<sup>2</sup> For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

## 2. Review of Accounts.

- a) Review of client accounts, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review

We review accounts on at least a weekly basis for our clients subscribing to the following services: Wrap Asset Portfolio Management and Wrap Comprehensive Portfolio Management. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

- b) Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

- c) Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to the following service(s): Wrap Asset Portfolio Management and Wrap Comprehensive Portfolio Management.

## 3. Client Referrals & Other Compensation.

- a) If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

Our firm participates in TD Ameritrade's institutional customer program and our firm may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice it gives to its Clients, although we receive economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic

communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to our firm by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit us by may not benefit its Client accounts. These products or services may assist our firm in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop its business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to clients, the firm endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

- b) If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

#### 4. Financial Information.

We do not require nor do we solicit prepayment of more than \$1,200 in fees per client, six months or more in advance. Therefore we have not included a balance sheet for our most recent fiscal year.
