Item 4: Advisory Business

We specialize in the following types of services: Asset Management, Financial Planning & Consulting, Pension Consulting, and Referrals to Third Party Money Managers).

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of California. Our firm has been in business as an investment adviser since 2013 and is owned equally by Jeffery E. Fong and Jay C. Fong.

Description of the Types of Advisory Services We Offer

Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Pension Consulting:

We provide pension consulting services to employer plan sponsors on an ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement).

Referrals to Third Party Money Managers:

We provide clients with a list of investment advisory services of third party professional Portfolio Management firms for the individual management of client accounts. As part of this process, we assist clients in identifying an appropriate third party money manager. We provide initial due diligence on third party money managers and ongoing reviews of their management of your account.

In order to assist clients in the selection of a third party money manager, we typically gather information from the client about their financial situation, investment objectives, and reasonable restrictions they can impose on the management of the account, which are often very limited. It is important to note that we do not offer advice on any specific securities or other investments in connection with this service. Investment advice and trading of securities is only offered by or through the third party money managers to clients.

We periodically review third party money managers' reports provided to the client, but no less often than on an annual basis. Our associates contact the clients from time to time, as agreed to with the client, in order to review their financial situation and objectives; communicate information to third party money managers as warranted; and, assist the client in understanding and evaluating the services provided by the third party money manager. The client will be expected to notify us of any changes in his/her financial situation, investment objectives, or account restrictions that could affect their account. The client may also directly contact the third party money manager managing the account or sponsoring the program.

Tailoring of Advisory Services

We offer individualized investment advice to clients utilizing our Asset Management service. Additionally, we offer general investment advice to clients utilizing the following services offered by our firm: Financial Planning & Consulting, Pension Consulting, and Referrals to Third Party Money Managers.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Asset Management service. We do not manage assets through our other services.

Participation in Wrap Fee Programs

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”) of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client’s investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

Regulatory Assets Under Management

As of September 2013, we manage¹ \$84,000,000 on a discretionary basis and \$17,000,000 on a non-discretionary basis.

Item 5: Fees & Compensation

How We Are Compensated for Our Advisory Services

Asset Management:

Assets Under Management	Annual Percentage of Assets Charge
First \$2,000,000	1.50%
\$2,000,001- \$3,000,000	1.25%
\$3,000,001 – \$5,000,000	1.00%
Above \$5,000,001	Negotiable

Held Away Accounts

For assets held away from our primary custodian, we charge 0.50% on all assets under management, with a minimum fee of \$500.

Our firm’s fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the time-weighted daily average of the quarter. Our fees are generally not negotiable. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms;
- c) If we send a copy of our invoice to you, we send a copy of our invoice to the independent custodian at the same time we send the invoice to you;

¹ Please note that our method for computing the amount of “client assets we manage” can be different from the method for computing “assets under management” required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute “client assets we manage,” we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our “as of” date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

- d) If we send a copy of our invoice to you, our invoice includes a legend as required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940.**

*In rare cases, we will agree to direct bill clients.

**The legend urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

Financial Planning & Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fees are \$350 for financial advisors, \$150 per hour for para-planners and \$75 for administrative time. Flat fees generally range from \$2,000 to \$30,000.

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

Pension Consulting:

We charge on an hourly or flat fee basis for pension consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fee is \$350. Our flat fees generally range from \$2,000 to \$30,000. Flat fees will be charged annually for ongoing pension consulting services.

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement. The client will be invoiced directly for the fees.

Referrals to Third Party Money Managers:

We are paid by third party money managers when we refer you to them and you decide to open a managed account. Third party money managers pay us a portion of the investment advisory fee that they charge you for managing your account. Fees paid to us by third party money manager are generally ongoing. All fees we receive from third party money managers and the written separate disclosures made to you regarding these fees comply with applicable state statutes and rules. The separate written disclosures you need to be provided with include a copy of the third party money manager's Form ADV Part 2, all relevant Brochures, a Solicitation Disclosure Statement detailing the exact fees we are paid and a copy of the third party money manager's privacy policy. The third party money managers we recommend will not directly charge you a higher fee than they would have charged without us introducing you to them.

Third party money managers establish and maintain their own separate billing processes over which we have no control. In general, they will directly bill you and describe how this works in their separate written disclosure documents.

Other Fees

Non-Wrap fee Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

Refunds Following Termination

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

Commissionable Securities Sales

We sell securities for a commission. In order to sell securities for a commission, our supervised persons are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise:
 - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
 - b) when recommending commissionable mutual funds, explaining that "no-load" funds are available through our firm if the client wishes to become an investment advisory client.
- 2) In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not charge performance fees to our clients.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Pension and Profit Sharing Plans;
- Trusts, Estates or Charitable Organizations; and
- Corporations, Limited Liability Companies and/or Other Business Types

We do not have requirements for opening and maintaining accounts or otherwise engaging us.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

- Charting;
- Fundamental;
- Technical;
- Cyclical.

Investment Strategies We Use

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Short Sales;
- Margin Transactions;
- Option Writing, including Covered Options, Uncovered Options or Spreading Strategies;

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Item 9: Disciplinary Information

We have determined that our firm and management have nothing to disclose under the aforementioned standard.

Item 10: Other Financial Industry Activities & Affiliations

Representatives of our firm are registered representatives of PKS, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn and may not necessarily be in the best interests of the client.

Representatives of our firm are insurance agents/brokers. They may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn and may not necessarily be in the best interests of the client.

The compensation paid to us by third party managers may vary, and thus, there may be a conflict of interest in recommending a manager who shares a larger portion of its advisory fees over another manager. Our firm's fees are not higher than they would have been had our client obtained services directly from the third party money manager. Prior to referring clients to third party advisors, we will ensure that third party advisors are licensed or notice filed with the respective authorities. A potential conflict of interest in utilizing third party advisors may be an incentive to us in selecting a particular advisor over another in the form of fees or services. In order to minimize this conflict our firm will make our selections in the best interest of our clients.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts². In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised

² For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 24 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

Item 12: Brokerage Practices

Selecting a Brokerage Firms

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Liquidity of the securities traded
- Willingness to commit capital
- Ability to place trades in difficult market environments
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities

- Financial condition
- Business reputation

Our firm participates in the TD Ameritrade Institutional program, a division of TD Ameritrade, Inc. ("TD Ameritrade") and Purshe Kaplan Sterling Investments, Inc. ("PKS"), members FINRA/SIPC/NFA. TD Ameritrade and PKS offer to independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some non-soft dollar benefits from TD Ameritrade and PKS through our participation in the program. Please see the disclosure under Item 14 of this Brochure.

TD Ameritrade and PKS may make certain research and brokerage services available at no additional cost to our firm. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by TD Ameritrade and PKS may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by TD Ameritrade and PKS to our firm in the performance of our investment decision-making responsibilities.

As part of the arrangement described in Item 12A.1, TD Ameritrade and PKS also make certain research and brokerage services available at no additional cost to our firm. These services include certain research and brokerage services, including research services obtained by TD Ameritrade and PKS directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by TD Ameritrade and PKS to our firm may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by TD Ameritrade and PKS to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As a result of receiving the services discussed in 12A.1(a) of this Firm Brochure for no additional cost, we may have an incentive to continue to use or expand the use of TD Ameritrade and PKS services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with TD Ameritrade and PKS and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

TD Ameritrade and PKS charge brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). TD Ameritrade and PKS enable us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. TD Ameritrade and PKS' commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by TD Ameritrade and PKS may be higher or lower than those charged by other custodians and broker-dealers.

Our non-wrap fee program clients may pay a commission to TD Ameritrade and PKS that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Soft Dollars

Although the non-soft dollar investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

Our firm does not accept products or services that do not qualify for Safe Harbor outlined in Section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution.

Client Brokerage Commissions

We do not acquire client brokerage commissions (or markups or markdowns).

Procedures to Direct Client Transactions in Return for Soft Dollars

We do not receive any soft dollar relationships and do not direct client transactions to a particular broker-dealer in return for soft dollar benefits.

Brokerage for Client Referrals

Our firm does not receive brokerage for client referrals.

Directed Brokerage

In certain instances, clients may seek to limit or restrict our discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. Clients may seek to limit our authority in this area by directing that transactions (or some specified percentage of transactions) be executed through specified brokers in return for portfolio evaluation or other services deemed by the client to be of value. Any such client direction must be in writing (often through our advisory agreement), and may contain a representation from the client that the arrangement is permissible under its governing laws and documents, if this is relevant.

We provide appropriate disclosure in writing to clients who direct trades to particular brokers, that with respect to their directed trades, they will be treated as if they have retained the investment discretion that we otherwise would have in selecting brokers to effect transactions and in negotiating commissions and that such direction may adversely affect our ability to obtain best

price and execution. In addition, we will inform you in writing that your trade orders may not be aggregated with other clients' orders and that direction of brokerage may hinder best execution.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Permissibility of Client-Directed Brokerage

We do not allow client-directed brokerage outside our recommendations.

Aggregation of Purchase or Sale

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

We review accounts on at least a quarterly basis for our clients subscribing to our Asset Management and Third Party Money Management services. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Pension Consulting clients receive reviews of their pension plans for the duration of the pension consulting service. We also provide ongoing services to Pension Consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Pension Consulting clients do not receive written or verbal updated reports regarding their pension plans unless they choose to contract with us for ongoing Pension Consulting services.

Financial Planning clients receive annual reviews of their written plans. We do provide ongoing services to financial planning clients, and are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14: Client Referrals & Other Compensation

TD Ameritrade

As disclosed under Item 12 of this Brochure, we participate in TD Ameritrade's institutional customer program and we may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our Clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit our firm but may not benefit our Client accounts. These products or services may assist us in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to our clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

We may receive client referrals from TD Ameritrade through our participation in TD Ameritrade AdvisorDirect. In addition to meeting the minimum eligibility criteria for participation in AdvisorDirect, we may have been selected to participate in AdvisorDirect based on the amount and profitability to TD Ameritrade of the assets in, and trades placed for, client accounts maintained with TD Ameritrade. TD Ameritrade is a discount broker-dealer independent of and unaffiliated

with us and there is no employee or agency relationship between us. TD Ameritrade has established AdvisorDirect as a means of referring its brokerage customers and other investors seeking fee-based personal investment management services or financial planning services to independent investment advisors. TD Ameritrade does not supervise us and has no responsibility for our management of client portfolios or our other advice or services. We pay TD Ameritrade an on-going fee for each successful client referral. This fee is usually a percentage (not to exceed 25%) of the advisory fee that the client pays to us ("Solicitation Fee"). We will also pay TD Ameritrade the Solicitation Fee on any advisory fees received by us from any of a referred client's family members, including a spouse, child or any other immediate family member who resides with the referred client and hired us on the recommendation of such referred client. We will not charge clients referred through AdvisorDirect any fees or costs higher than our standard fee schedule offered to our clients or otherwise pass Solicitation Fees paid to TD Ameritrade to our clients. For information regarding additional or other fees paid directly or indirectly to TD Ameritrade, please refer to the TD Ameritrade AdvisorDirect Disclosure and Acknowledgement Form.

Our participation in AdvisorDirect raises potential conflicts of interest. TD Ameritrade will most likely refer clients through AdvisorDirect to investment advisors that encourage their clients to custody their assets at TD Ameritrade and whose client accounts are profitable to TD Ameritrade. Consequently, in order to obtain client referrals from TD Ameritrade, we may have an incentive to recommend to clients that the assets under management by us be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade. In addition, we have agreed not to solicit clients referred to our firm through AdvisorDirect to transfer their accounts from TD Ameritrade or to establish brokerage or custody accounts at other custodians, except when its fiduciary duties require doing so. Our participation in AdvisorDirect does not diminish our duty to seek best execution of trades for client accounts.

Referral Fees

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15: Custody

All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16: Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, the total amount to be bought and sold, and the costs at which the transactions will be effected. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18: Financial Information

We are not required to provide financial information in this Brochure because we do not require the prepayment of more than \$1,200 in fees and six or more months in advance, we do not take custody of client funds or securities and we do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
