#### Item 4: Advisory Business

We specialize in the following types of services: Comprehensive Portfolio Management, Financial Planning & Consulting and Separately Managed Accounts. Our assets under management are \$0 as of September 2013.

A. Description of our advisory firm, including how long we have been in business and our principal owner.

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of Delaware. Our firm has been in business as an investment adviser since 2013 and is owned by Robert Wade.

B. Description of the Types of Advisory Services We Offer.

(i) Comprehensive Portfolio Management:

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds ("ETFs"), mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

(ii) Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the

clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

(iii) Separately Managed Accounts ("SMA"):

We participate in the Schwab Managed Account Program and offer separately managed accounts from the Managed Account Select and Managed Account Access programs. These Schwab programs allow access to independent money management firms offered by the Schwab Advisor Services division of Charles Schwab & Co. Inc. ("Schwab"). Our firm performs management searches of various investment managers. Based on the client's individual circumstances and we determine which selected manager's portfolio management style is appropriate for that client. Factors considered in making this determination include account size, risk tolerance, the objectives of each client and the investment philosophy of the selected manager. Clients should refer to the manager's Firm Brochure or other disclosure document for a full description of the services offered. We will furnish a copy of the disclosure brochures for each manager selected. We will recommend one or more managers who will manage the client's account on a discretionary basis. On an ongoing basis, we monitor the performance of the manager(s).

- **Managed Account Select ("Select")**

Under this program, the Schwab Center for Financial Research provides institutional investment research with insights and decision making tools to help serve clients' needs. Clients are provided a choice of prescreened money managers across various investment styles. The program then bundles the research, Schwab's brokerage, custodial and client reporting under a single, all-inclusive fee, which is in addition to the fee charged by our firm.

Access to managers in this program is offered at the following account levels: \$100,000 for Stock/Equity Managers and \$250,000 for Bond/Fixed Income Managers. Some money managers may have a higher account minimum.

The Schwab Managed Account Select program fees include the institutional money manager fee, Schwab's program fee and fees for brokerage/clearing/custodial services. Fees may include a minimum monthly fee, please see related program documents for a complete description of specific fees.

- **Managed Account Access ("Access")**

Managed Account Access allows clients to work with an array of money managers and conduct their own research within a bundled fee program. Schwab's fees are charged in

addition to fees charged by our firm. Access provides money manager services and Schwab's brokerage and custody services for a simple, asset-based fee and with streamlined paperwork. Features include single contract structure, low account minimums, bundled fees, manager and strategy flexibility and variety, performance reporting and managed account tools and resource.

Access to managers in this program is offered at the following account levels: \$100,000 for Stock/Equity Managers and \$250,000 for Bond/Fixed Income Managers. Some money managers may have a higher account minimum.

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of clients, whether clients may impose restrictions on investing in certain securities or types of securities.

We offer individualized investment advice to clients utilizing our Comprehensive Portfolio Management service. Additionally, we offer general investment advice to clients utilizing our Financial Planning & Consulting, and SMA services.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Comprehensive Portfolio Management. We do not manage assets through our other services.

D. Participation in Wrap Fee Programs.

We do not offer wrap fee programs.

E. Disclosure of the amount of client assets we manage on a discretionary basis and the amount of client assets we manage on a non-discretionary basis as of September 2013.

We manage<sup>1</sup> \$0 on a discretionary basis and \$0 on a non-discretionary basis.

---

<sup>1</sup> Please note that our method for computing the amount of "client assets we manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute "client assets we manage," we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our "as of" date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

## Item 5: Fees & Compensation

### A. Description of how we are compensated for our advisory services provided to you.

#### (i) Comprehensive Portfolio Management:

<b>Assets Under Management</b>	<b>Annual Percentage of Assets Charge</b>
\$0 - \$1,000,000	1.75%
\$1,000,000 - \$5,000,000	1.65%
\$5,000,000 - \$10,000,000	1.55%
\$10,000,000 - \$20,000,000	1.45%
\$20,000,000 - \$50,000,000	1.35%
\$50,000,000 - \$100,000,000	1.20%
\$100,000,000 plus	1.00%

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Our fees are negotiable.

#### (ii) Financial Planning & Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fee is \$350. Flat fees generally range from \$1,500 to \$10,000. Our fees are negotiable.

#### (iii) Separately Managed Accounts:

We shall charge an annual fee of 1.00% of client's assets under management, while Schwab charges a separate and additional annual fee of 0.50% for client's assets under management.

### B. Description of whether we deduct fees from clients' assets or bill clients for fees incurred.

#### (i) Comprehensive Portfolio Management:

Fees will generally be automatically deducted from your managed account\*. As part of this process, you understand and acknowledge the following:

- Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- You provide authorization permitting us to be directly paid by these terms;
- If we send a copy of our invoice to you, we send a copy of our invoice to the independent custodian at the same time we send the invoice to you;
- If we send a copy of our invoice to you, our invoice includes a legend as required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940.\*\*

\*In rare cases, we will agree to direct bill clients. \*\*The legend urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

(ii) Financial Planning & Consulting:

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

(iii) Separately Managed Accounts:

Our asset management fee is charged pro-rata quarterly in advance based on the value of your account on the last day of the previous quarter.

To calculate your SMA program fee, Schwab multiplies the actual daily balance of your account by the daily pro rata portion of the annual rate and then adds together the fees for each day of the month. The program fee is billed to your account monthly, which may result in your paying a higher fee on an annual basis than the annual rate due to the effects of compounding.

C. Description of any other types of fees or expenses clients may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

D. We must disclose if client's advisory fees are due quarterly in advance. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

E. Commissionable Securities Sales.

In order to sell securities for a commission, our supervised persons are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), a registered broker-dealer and Member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise:
  - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
  - b) when recommending commissionable mutual funds, explaining that “no-load” funds are also available.
- 2) In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

#### **Item 6: Performance-Based Fees & Side-By-Side Management**

We do not accept performance-based fees.

#### **Item 7: Types of Clients & Account Requirements**

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types

We do not have requirements for opening and maintaining accounts or otherwise engaging us.

#### **Item 8: Methods of Analysis, Investment Strategies & Risk of Loss**

##### **Methods of Analysis:**

- Charting;
- Cyclical;
- Fundamental;
- Technical.

##### **Investment Strategies We Use:**

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Short Sales;
- Margin Transactions.

##### **Please Note:**

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

### **Item 9: Disciplinary Information**

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

### **Item 10: Other Financial Industry Activities & Affiliations**

Representatives of our firm are registered representatives of PKS, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn and may not necessarily be in the best interests of the client.

### **Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading**

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts<sup>2</sup>. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest.

<sup>2</sup> For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 24 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

## **Item 12: Brokerage Practices**

A. Description of the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Liquidity of the securities traded
- Willingness to commit capital
- Ability to place trades in difficult market environments
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation

With this in consideration, our firm has an arrangement with Charles Schwab & Co., Inc. ("Schwab"). Schwab offers to independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some non-soft dollar benefits from Schwab through our participation in the program. Please see the disclosure under Item 14 of this Brochure.

1. Research & Other Soft Dollar Benefits. If we receive non-soft dollar research or other products or services other than execution from a broker-dealer or a third party in

connection with client securities transactions (“soft dollar benefits”), we are required to disclose our practices and discuss the conflicts of interest they create. Please note that we must disclose all soft dollar benefits we receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

Schwab may make certain research and brokerage services available at no additional cost to our firm. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by Schwab may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by Schwab to our firm in the performance of our investment decision-making responsibilities.

- a. Explanation of when we use client brokerage commissions (or markups or markdowns) to obtain research or other products or services, and how we receive a benefit because our firm does not have to produce or pay for the research, products or services.

We do not use client brokerage commissions to obtain research or other products or services. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

- b. Incentive to select or recommend a broker-dealer based on our interest in receiving the research or other products or services, rather than on our clients’ interest in receiving best execution.

As a result of receiving the services discussed in 12A.1, we may have an incentive to continue to use or expand the use of Schwab services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with Schwab and we have determined that the relationship is in the best interest of our firm’s clients and satisfies our fiduciary obligations, including our duty to seek best execution.

Schwab charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Schwab enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Schwab commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by Schwab may be higher or lower than those charged by other custodians and broker-dealers.

- c. Causing clients to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up).

Our clients may pay a commission to Schwab that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

- d. Disclosure of whether we use soft dollar benefits to service all of our clients' accounts or only those that paid for the benefits, as well as whether we seek to allocate soft dollar benefits to client accounts proportionately to the soft dollar credits the accounts generate.

Although the non-soft dollar investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

- e. Description of the types of products and services our firm or any of our related persons acquired with client brokerage commissions (or markups or markdowns within our last fiscal year.

We have not completed our first fiscal year and therefore this item is not applicable.

- f. Explanation of the procedures we used during our last fiscal year to direct client transactions to a particular broker-dealer in return for soft dollar benefits we received.

We have not completed our first fiscal year and therefore this item is not applicable.

2. Brokerage for Client Referrals. If we use client brokerage to compensate or otherwise reward brokers for client referrals, we must disclose this practice, the conflicts of interest it creates, and any procedures we used to direct client brokerage to referring brokers during the last fiscal year (i.e., the system of controls used by us when allocating brokerage).

Our firm does not receive brokerage for client referrals.

3. Directed Brokerage.

- a. If we routinely recommend, request or require that a client directs us to execute transactions through a specified broker-dealer, we are required to describe our practice or policy. Further, we must explain that not all advisers require their clients to direct brokerage. If our firm and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, we are further required to describe the relationship and discuss the conflicts of interest it presents by explaining that through the direction of brokerage we may be unable to achieve best execution of client transactions, and that this practice may cost our clients more money.

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer. Our firm recommends the use of Schwab. Each client will be required to establish their account(s) with Schwab if not already done. Please note that not all advisers have this requirement.

#### **Special Considerations for ERISA Clients**

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

b. **Permissibility of Client-Directed Brokerage.**

We allow clients to direct brokerage outside our recommendation. However, we may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

B. **Discussion of whether, and under what conditions, we aggregate the purchase or sale of securities for various client accounts in quantities sufficient to obtain reduced transaction costs (known as bunching). If we do not bunch orders when we have the opportunity to do so, we are required to explain our practice and describe the costs to clients of not bunching.**

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

### **Item 13: Review of Accounts or Financial Plans**

A. **Review of client accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.**

We review accounts on at least a quarterly basis for our clients subscribing to our Comprehensive Portfolio Management and SMA services. The nature of these reviews is to learn

whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

Pension Consulting clients receive reviews of their pension plans for the duration of the pension consulting service. We also provide ongoing services to Pension Consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

**B. Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.**

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

**C. Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.**

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact clients who subscribe to our Comprehensive Portfolio Management and SMA services.

As mentioned in Item 13A of this Brochure, Pension Consulting clients do not receive written or verbal updated reports regarding their pension plans unless they choose to contract with us for ongoing Pension Consulting services.

As also mentioned in Item 13A of this Brochure, Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

## **Item 14: Client Referrals & Other Compensation**

### **Schwab**

Our firm may recommend that clients establish brokerage accounts with Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"), registered broker-dealers, Members SIPC, to maintain custody of Clients' assets and to effect trades for their accounts. Our firm is independently owned and operated and not affiliated with Schwab. Our firm may also recommend that Clients establish accounts with firms other than Schwab.

Our firm places trades for its Clients' accounts subject to its duty to seek best execution and its other fiduciary duties. Our firm may use broker-dealers other than Schwab to execute trades for client accounts maintained at Schwab, but this practice may result in additional costs to clients so that we are more likely to place trades through Schwab rather than other broker-dealers. Schwab's execution quality may be different than other broker-dealers.

For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions or other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Some of the products, services and other benefits provided by Schwab benefit us and may not benefit our firm's client accounts. Our recommendation/requirement that a client place assets in Schwab's custody may be based in part on benefits Schwab provides to us, and not solely on the nature, cost or quality of custody and execution services provided by Schwab.

Schwab also makes available to our firm other products and services that benefit us but may not benefit clients' accounts. These benefits may include national, regional or specific to our firm, educational events organized and/or sponsored by Schwab Institutional. Other potential benefits may include occasional business entertainment of personnel of our firm by Schwab Institutional personnel, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Other of these products and services assist us in managing and administering clients' accounts. These include software and other technology (and related technological training) that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of our fees from its clients' accounts, and assist with back-office training and support functions, recordkeeping and client reporting. Many of these services generally may be used to service all or some substantial number of our firm's accounts, including accounts not maintained at Schwab Institutional. Schwab Institutional also makes available to us other services intended to help our firm manage and further develop its business enterprise. These services may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance and marketing. In addition, Schwab may make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to us. While, as a fiduciary, Our firm endeavors to act in its clients' best interests, our recommendation/requirement that clients maintain their assets in accounts at Schwab may be based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

But for soft dollar arrangements, we would have to obtain the aforementioned services and products for cash. As a result of receiving such products and services for no cost, we may have an incentive to continue to place Client trades through broker-dealers that offer soft dollar arrangements. This interest conflicts with the Clients' interest of obtaining the lowest commission rate available. Therefore, our firm must determine in good faith, based on the "best execution" policy stated above that such commissions are reasonable in relation to the value of the services provided by such executing broker-dealers.

From time-to-time our firm may make an error in submitting a trade order on a client's behalf. When this occurs, we may place a correcting trade with the broker-dealer which has custody of the client's account. If an investment gain results from the correcting trade, the gain will remain in the client's account unless the same error involved other client account(s) that should have received the gain, it is not permissible for the client to retain the gain, or our firm confers with the client and

the client decides to forego the gain (e.g., due to tax reasons). If the gain does not remain in the client's account and Schwab is the custodian, Schwab will donate the amount of any gain \$100 and over to charity. If a loss occurs greater than \$100, we will pay for the loss. Schwab will maintain the loss or gain (if such gain is not retained in the client's account) if it is under \$100 to minimize and offset its administrative time and expense. Generally, if related trade errors result in both gains and losses in the client's account, they may be netted.

### **Referral Fees**

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

## **Item 15: Custody**

All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

## **Item 16: Investment Discretion**

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, the total amount to be bought and sold, and the costs at which the transactions will be effected. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

### **Item 17: Voting Client Securities**

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

### **Item 18: Financial Information**

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
