Item 4 Advisory Business

- A. Victory Asset Management co., Inc. (the “Registrant”) is a corporation formed on August 21, 1995 in the State of New Jersey. The Registrant became registered as an Investment Adviser Firm in 1995. The Registrant is owned by Howard R. Verfaillie, Jr. as the sole shareholder of Registrant. On September 22, 2014, Victory Asset Management Co., Inc. filed with the State of New Jersey to register an Alternate Name for a Domestic Profit Corporation. Victory Asset Management Co., Inc. may now use the name “Victory Fiduciary Consulting” for business, marketing and legal purposes. The Registrant intends to use both its legal name and its Alternate Name in the future. The Registrant will generally use its Alternate Name for its pension plan and retirement plan lines of business. The Registrant will continue to use its legal name for its business dealings with individual investment advisory clients.
- B. As discussed below, the Registrant offers to its clients (individuals, business entities, trusts, estates, pension and profit sharing plans and charitable organizations, etc.) investment advisory services, and, to the extent specifically requested by a client, financial planning and related consulting services.

INVESTMENT ADVISORY SERVICES

In the event the client determines to implement investment recommendations through the Registrant, the Registrant will allocate investment management assets, on a discretionary basis, in accordance with the client’s indicated investment objectives, among various mutual funds pursuant to Registrant’s proprietary mutual fund asset allocation program. Client can also implement investment recommendations using variable annuities and separate account management programs. Registrant shall charge an annual investment management fee based for participation in its mutual fund asset allocation, variable annuity, and separate account programs based upon a percentage of the market value of the assets being managed by Registrant. The maximum annual investment management fee charged shall be 2.00% of the assets under management.

Registrant's annual investment advisory fee may include investment advisory services, and, to the extent specifically requested by the client, and for an additional fee, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant’s planning and consulting fees are negotiable, but generally range from \$500 to \$1,500 on a fixed fee basis, and from \$75 to \$250 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided,

and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including Registrant's representatives in their individual capacities as licensed insurance agents. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation, decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

RETIREMENT CONSULTING

The Registrant also provides non-discretionary pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives (generally open-end mutual funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. In addition, to the extent requested by the plan sponsor, the Registrant shall also provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The terms and conditions of the engagement shall generally be set forth in a *Retirement Plan Consulting Agreement* between the Registrant and the plan sponsor.

MISCELLANEOUS

Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant may provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Neither the Registrant, nor any of its representatives, serves as an attorney or accountant, and no portion of the Registrant's services should be construed as same. To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents etc.), including representatives of the Registrant in their separate licensed capacities as discussed below. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*, *Consulting Agreement*, or *Financial Planning and Consulting Agreement* or *Retirement Plan*.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of March 7, 2013, the Registrant had \$67,972,122 in assets under management on a discretionary basis and \$28,459,773 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

- A. The client can determine to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a *fee* basis.

INVESTMENT ADVISORY SERVICES

Registrant shall charge an annual investment management fee based for participation in its mutual fund asset allocation, variable annuity, and separate account programs based upon a percentage of the market value of the assets being managed by Registrant. The maximum annual investment management fee charged shall be 2.00% of the assets under management.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$500 to \$1,500 on a fixed fee basis, and from \$75 to \$250 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

- B. Clients shall direct the custodian of their account to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/ clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.

- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab and Co., Inc. ("*Schwab*") and/or Fidelity Investments Institutional Brokerage Group ("*Fidelity*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* and/or *Fidelity* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).
- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. The Registrant will generally require a minimum account size of \$50,000.00. However, Registrant, in its sole discretion, may charge a lesser investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).
- The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.
- E. The Registrant or its representatives may accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, trusts, pension and profit sharing plans, estates and charitable organizations. The Registrant will generally require a minimum account size of \$50,000.00. However, Registrant, in its sole discretion, may charge a lesser investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant shall utilize the following methods of security analysis:
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)

The Registrant shall utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

Registrant uses Morningstar, Fi360, proprietary research, outside research, research shared by portfolio management organizations, and various Internet resources as part of its investment research.

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy

- C. Currently, the Registrant primarily allocates client investment assets among various individual equity and fixed income securities, mutual funds and/or variable annuity and separate account management programs on a discretionary basis in accordance with the client's designated investment objective(s).

Registrant's proprietary mutual fund asset allocation program has been designed to comply with the requirements of Rule 3a-4 of the Investment Company Act of 1940. Rule 3a-4 provides similarly managed investment programs, such as Registrant's proprietary mutual fund asset allocation program, with a non-exclusive safe harbor from

the definition of an investment company. In accordance with Rule 3a-4, the following disclosure is specifically applicable to Registrant's management of client assets under Registrant's proprietary mutual fund asset allocation program:

1. **Initial Interview** - an initial interview is conducted with each Client (either in person or via a questionnaire) to determine the **CLIENT's** financial circumstances, goals, acceptable levels of risk and other relevant circumstances;
2. **Individual Treatment** - the **CLIENT's Account** is managed on the basis of the **CLIENT's** financial circumstances and investment objectives;
3. **Monitoring** - the **CLIENT's** circumstances shall be monitored through quarterly **Account** reviews;
4. **Consultation Available** - Adviser shall be reasonably available to consult with the **CLIENT** relative to the status of **CLIENT's Account**;
5. **Notice of Transactions** - the **CLIENT** shall receive, at least monthly, notice of all transactions in the **CLIENT's Account**;
6. **Quarterly Statement** - the **CLIENT** shall be provided with a quarterly statement containing a description of all activity in the **CLIENT's Account**.
7. **Ability to Impose Restrictions** - **CLIENT** shall have the ability to impose reasonable restrictions on the management of his/her/its **Account**, including the ability to instruct the Adviser not to purchase certain mutual funds or individual.
8. **No Pooling** - the **CLIENT's** beneficial interest in a security does not represent an undivided interest in all the securities held by the Custodian, but rather represents a direct and beneficial interest in the securities which comprise the **CLIENT's Account**;
9. **Separate Account** - A separate account is maintained for the **CLIENT** with the **Custodian**; and;
10. **Ownership** - each **CLIENT** retains indicia of ownership of the **Account** (e. g. right to withdraw securities or cash, exercise or delegate proxy voting, and receive transaction confirmations);
11. **Adviser's Fee** - The **ADVISED** believes that its annual fee is reasonable in relation to: (1) the advisory services provided under this Agreement; and (2) the fees charged by other investment advisers offering similar services/programs. In addition to Adviser's annual fee, the **CLIENT** will also incur charges imposed at the mutual fund level (e.g., advisory fees and other fund expenses)

Registrant's annual investment management fee may be higher or lower than that charged by other investment advisers offering similar services/programs. Registrant's investment programs may involve above-average portfolio turnover which could negatively impact upon the net after-tax gain experienced by an individual client in a taxable account.

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C.
8. **Licensed Insurance Agents.** Howard R. (Bud) Verfaillie, Jr. and Ashley Rosser in their individual capacities, is a licensed insurance agents, may recommend the purchase of certain insurance-related products on a commission basis. As referenced in Item 4 B above, clients can engage certain of Registrant's representatives to effect insurance transactions on a commission basis.
- **Conflict of Interest:** The recommendation by either Howard (Bud) Verfaillie, Jr. or Ashley Rosser that a client purchase a securities or insurance commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend investment products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Howard R. (Bud) Verfaillie, Jr. or Ashley Rosser. Clients are reminded that they may purchase insurance products recommended by Registrant through other, non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Howard R. (Bud) Verfaillie, Jr., remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**
- D. If Registrant refers a client to an unaffiliated investment advisor, and the client engages that investment advisor, Registrant may be compensated for its services by receipt of a referral fee to be paid by the referred investment advisor to the Registrant in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities laws or requirements. Any such referral fee shall be paid solely from the investment advisor's investment management fee, and shall not result in any additional charge to the client. In addition to Registrant's written disclosure statement as set forth on Part 2A of Form ADV, the client shall also receive the written disclosure statement of the designated investment advisor.

Conflict of Interest: The recommendation by Registrant's representative that a client engage another investment advisor presents a *conflict of interest*, as the receipt of the referral fee may provide an incentive to recommend the investment advisor based on the amount of the referral fee to be received rather than making the referral based on the client's specific needs. No person or entity is under any obligation to engage the any investment advisor recommended by the Registrant. **The Registrant's Chief Compliance Officer, Howard R. (Bud) Verfaillie, Jr., remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the firm are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the *Firm* has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the firm are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab and/or Fidelity*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab* and/or *Fidelity* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker-dealer services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab* and/or *Fidelity* (or another broker-dealer/custodian) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* and/or *Fidelity* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* and/or *Fidelity* or any other any entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as result of the above arrangement.

The Registrant's Chief Compliance Officer, Howard R. (Bud) Verfaillie, Jr., remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant.

The Registrant's Chief Compliance Officer, Howard (Bud) Verfaillie, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 **Review of Accounts**

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and Chief Compliance Officer. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 **Client Referrals and Other Compensation**

- A. As referenced in Item 12 A 1 above, the Registrant may receive an indirect economic benefit from *Schwab* and/or *Fidelity*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab* and/or *Fidelity*.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* and/or *Fidelity* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* and/or *Fidelity* or any other any entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as result of the above arrangement.

The Registrant's Chief Compliance Officer, Howard R. (Bud) Verfaillie, Jr., remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant *may* pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name for found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority.
