Item 4 – Advisory Business

Overview of the Firm

BAAM, a Delaware limited partnership, is a leading hedge fund solutions provider and primarily provides investment advisory services to private investment funds (collectively, the “BAAM Funds”) that predominantly engage in multi-manager investment programs. The BAAM Funds are commonly referred to in the industry as funds of hedge funds or FoHFs. BAAM also may advise clients/accounts, typically on a non-discretionary basis, regarding such clients’ hedge fund portfolio (together with BAAM Funds, the “Clients”).

BAAM was founded in 1990 as part of The Blackstone Group L.P. (NYSE: BX) (“Blackstone”), which is the ultimate parent of BAAM. Blackstone is one of the leading alternative investment managers in the world with investment programs and services concentrating in the private equity, real estate, corporate advisory and debt/credit areas, as well as the hedge fund solutions business. BAAM shares employees and facilities with Blackstone Strategic Alliance Advisors L.L.C., Blackstone Alternative Solutions L.L.C., Blackstone Strategic Capital Advisors L.L.C. and Blackstone Alternative Investment Advisors L.L.C., each a registered investment adviser. Please see Item **10 – Other Financial Industry Activities and Affiliations** for more information.

Blackstone Alternative Asset Management L.P.

Item 4 – Advisory Business

BAAM's assets under management ("AUM") were \$54 billion as of December 31, 2013. This excludes all investments made by one BAAM Fund into another BAAM Fund to avoid double counting assets. Please note that this is an unaudited estimate.

Overview of Advisory Services

As investment advisor to BAAM's Clients, BAAM:

- ▶ Identifies and implements investment opportunities for Clients;
- ▶ Participates in the monitoring of Clients' investments;
- ▶ Makes decisions on behalf of Clients to make and/or redeem investments;
- ▶ May engage in foreign currency hedging transactions and/or the hedging of certain market exposures for certain Clients;
- ▶ May facilitate credit arrangements with a third party on behalf of certain Clients to allow the Client to borrow for bridge financing purposes and to leverage their investments (within the leverage limits stated in the Client's governing documents); and

A BAAM Fund's strategy generally is to allocate capital to a diversified group of portfolio (i.e., hedge fund) managers (the "Underlying Managers"), that invest or trade in a wide variety of securities and other instruments, including, but not limited to, equities and fixed income securities, currencies, commodities, futures contracts, options and other derivative instruments, all of which may be listed or unlisted, rated or unrated, distressed or publicly or privately issued. BAAM Funds also may invest in separate managed accounts with Underlying Managers (the funds and accounts managed by Underlying Managers are referred to herein as the "Underlying Investment Vehicles").

In general, BAAM offers three types of products:

1. Commingled Funds

"Commingled Funds" are BAAM Funds that are offered to multiple investors and invest in multiple Underlying Managers. BAAM mandates the investment guidelines (e.g., risk factors, leverage, concentration limits, etc.) and makes investment decisions in its sole discretion. Commingled Funds also may invest in other BAAM Funds, including in certain circumstances a BAAM Fund which invests in a single Underlying Manager (referred to by BAAM as "Wrappers") or a group of Underlying Managers concentrated in one investment thesis (referred to by BAAM as "Pods"). Where a BAAM Fund invests in other BAAM Funds, to avoid duplication of fees typically, no advisory fees are charged by the underlying BAAM Fund.

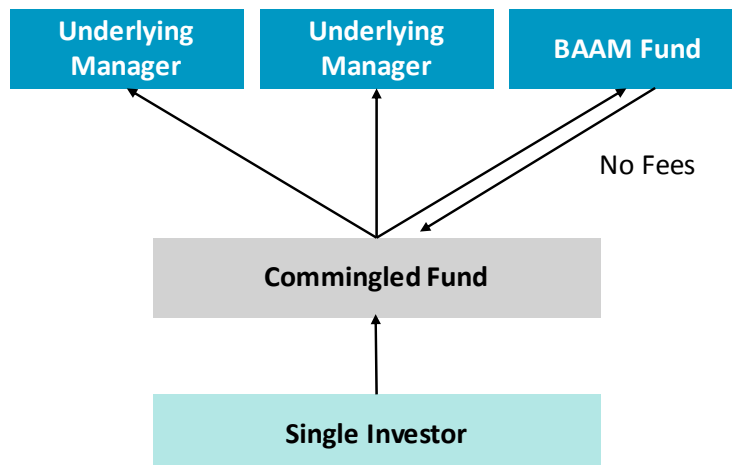

Blackstone Alternative Asset Management L.P.

Item 4 – Advisory Business

2. Customized Funds

A “Customized Fund” is where BAAM establishes a fund or account for a single investor and such fund or account invests directly in Underlying Managers and/or BAAM Funds. The investor is involved in establishing the investment guidelines and terms of the Customized Fund, although generally BAAM maintains discretion to make investment decisions. If a Customized Fund invests in another BAAM Fund, to avoid duplication of fees, no advisory fees are charged by the underlying BAAM Fund.

Blackstone Alternative Asset Management L.P.

Item 4 – Advisory Business

3. Advisory Clients

On a limited basis, BAAM provides investment advisory services regarding a Client’s hedge fund portfolio (an “Advisory Client”). Advisory Clients typically maintain discretion over their portfolios (i.e., the right to make all investment decisions) and such portfolios are unaffiliated with BAAM.

BAAM Funds, Customized Funds and Advisory Clients constitute BAAM’s Clients. Investors in BAAM Funds (“Investors”) are not deemed to be BAAM Clients but are entitled to the rights and benefits described in the applicable Confidential Offering Memorandum, Limited Partnership Agreements, Investment Management Agreements and other applicable constituent fund documents (the “Client Constituent Documents”).

Investors invested in the Customized Funds and Advisory Clients generally are subject to a significantly higher minimum investment threshold than Investors invested in the Commingled Funds due to the individualized nature of services provided.

BAAM typically engages third party service providers, such as custodians, administrators and/or auditors, on behalf of the Clients.

Blackstone Alternative Asset Management L.P.

Item 5 – Fees and Compensation

Asset-Based Advisory Fees

In general, BAAM charges an asset-based advisory fee of up to 2% of assets under management. Generally, employees and retired partners of Blackstone are not subject to such asset-based advisory fees.

BAAM's asset-based advisory fees and performance-based fees are not inclusive of all fees. Please see **Additional Fees and Expenses** section below.

Performance-Based Fees

Please see **Item 6 – Performance-Based Fees** for more detail.

Fee Negotiations

Fees generally are non-negotiable, except in the case of Customized Funds and Advisory Clients.

Payment of Asset-Based Advisory Fees

Fees are paid to BAAM in accordance with the Client Constituent Documents. In general, asset-based advisory fees accrue on a monthly basis and are paid on a quarterly basis. A Client may be charged an asset-based advisory fee in advance on the first day of each fiscal quarter or in arrears on the last day of each fiscal quarter. Investors only will be charged for the days that they are invested with BAAM. If a payment was made in advance and an Investor redeems prior to the end of the payment period, a pro rata portion of the asset-based advisory fee (based on the number of days remaining in the payment period) will be refunded by BAAM to the Investor.

Fees typically are deducted from a Client's assets invested with BAAM at the payment date, but may be invoiced at a later time. Investors in a BAAM Fund are allocated their pro rata share of asset-based fees for the time period they are invested in the BAAM Funds.

Additional Fees and Expenses:

BAAM's advisory fees are not inclusive of all the fees Clients may pay. The following is a list of fees and/or expenses that Clients may pay to third parties. This list is not intended to be exhaustive; the relevant Client Constituent Documents provide further detail relating to fees and expenses.

- ▶ Underlying Manager Advisory and Performance Fees
- ▶ Underlying Manager Expenses
- ▶ Credit Facility Fees, including Interest Charges
- ▶ Directors/Trustees Fees

Blackstone Alternative Asset Management L.P.

Item 5 – Fees and Compensation

- ▶ Legal Fees
- ▶ Regulatory Filing Fees, including Preparation Fees
- ▶ Taxes
- ▶ Administrative Fees
- ▶ Technology Expenses, including News and Quotation Services
- ▶ Audit and Accounting Fees
- ▶ Brokerage Commissions
- ▶ Transaction Fees
- ▶ Custodial Fees
- ▶ Wire transfer and Electronic Fund Processing Fees
- ▶ Travel Expenses
- ▶ Consulting Fees
- ▶ Litigation Expenses

Investors in a BAAM Fund indirectly bear their pro rata share of such additional fees and expenses for the time period they are invested in the BAAM Fund.

BAAM employees do not receive (directly or indirectly) any compensation from the purchase or sale of securities or investments that are purchased or sold for Clients or for which BAAM provides advisory expertise/services. BAAM is a “fee only” investment adviser and, therefore, BAAM does not have any potential conflicts of interest relating to any additional, undisclosed compensation from Clients or Underlying Managers.

Blackstone Alternative Asset Management L.P.

Item 6 – Performance-Based Fees

In addition to the asset-based advisory fees disclosed in **Item 5 – Fees and Compensation** above, BAAM Clients also may pay a performance-based fee of up to 20% of net profits, subject to loss carryforward provisions (and, in some cases, a “performance hurdle”). Under a loss carryforward provision (also referred to as a “high water mark”), if a Client has a loss chargeable to it during any fiscal year, and during a subsequent fiscal year there is a profit allocable to such Client, there will be no performance-based fee payable with respect to such Client until the amount of the loss previously allocated has been recouped.

The size of the performance-based fee varies and depends on a number of factors including, but not limited to, the level of asset-based advisory fee charged and the use of performance hurdles. Investors in a BAAM Fund are allocated their pro rata share of performance-based fees for the time period they are invested in the BAAM Fund. These fee arrangements are more thoroughly described in the relevant Client Constituent Documents.

Generally, employees and retired partners of Blackstone are not subject to performance-based fees.

Note: BAAM’s asset-based advisory fees and performance-based fees are not inclusive of all fees. Please see **Item 5 – Additional Fees and Expenses** section.

The existence of a performance-based fee may incentivize BAAM to manage the Clients’ assets in a more aggressive manner than if there was no performance-based fee. Further, the existence of differing performance-based fees for BAAM Clients trading side-by-side may create a conflict of interest on the part of BAAM with respect to the allocation of investment opportunities. BAAM has a trade allocation policy (see **Item 12 – Brokerage Practices**) that is designed to address these potential conflicts of interest.

Blackstone Alternative Asset Management L.P.

All Clients and Investors are subject to applicable suitability requirements.

Blackstone Alternative Asset Management L.P.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Analysis

BAAM identifies, researches, interviews, evaluates, selects and monitors the Underlying Managers with which the Clients invest. The Underlying Managers execute various types of investment strategies. BAAM selects and monitors the Underlying Managers based on certain criteria, which include, but are not limited to:

- ▶ Investment performance
- ▶ Risk management techniques
- ▶ Levels of volatility
- ▶ Liquidity
- ▶ Investment philosophies
- ▶ Factors relating to management and investment professionals such as experience and commitment

Investment Strategies

BAAM employs various types of investment strategies, which include, but are not limited to:

- ▶ Broadly diversified
- ▶ Strategy focused
 - Equity
 - Fundamental
 - Opportunistic trading
 - Top down
 - Private equity
 - Quantitative long/short
 - Credit
 - Opportunistic
 - Relative value
 - Mortgages
 - Structured/asset back securities

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- Direct Origination
- Reinsurance
- Hedging
- Managed futures
- Commodities
- Interest rates
- Emerging markets

Risk of Loss

General Economic and Market Conditions: The success of BAAM's and the Underlying Manager's investments activities will be affected by general economic and market conditions, such as:

- ▶ Interest rates
- ▶ Availability of credit
- ▶ Credit defaults
- ▶ Inflation rates
- ▶ Economic uncertainty
- ▶ Changes in laws (including laws relating to taxation of the Underlying Managers' investments)
- ▶ Trade barriers
- ▶ Currency exchange controls
- ▶ National and international political circumstances (including wars, terrorist acts or security operations)

These factors may affect the level and volatility of financial instruments' prices and the liquidity of the investments. Volatility or illiquidity could impair the investment profitability or result in losses.

The Underlying Managers may maintain substantial trading positions that can be adversely affected by the level of volatility in the financial markets — the larger the positions, the greater the potential for loss. Certain Underlying Managers may invest outside of the U.S. and the economies of non-U.S. countries may differ favorably or unfavorably from the U.S. economy in such respects as:

- ▶ Growth of gross domestic product
- ▶ Rate of inflation

Blackstone Alternative Asset Management L.P.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- ▶ Currency depreciation
- ▶ Asset reinvestment
- ▶ Resource self-sufficiency, and
- ▶ Balance of payments position

Further, certain non-U.S. economies are heavily dependent upon international trade and, accordingly, have been and may continue to be adversely affected by trade barriers, exchange controls, managed adjustments in relative currency values and other protectionist measures imposed or negotiated by the countries with which they trade. The economies of certain non-U.S. countries may be based, predominantly, on only a few industries and may be vulnerable to changes in trade conditions and may have higher levels of debt or inflation.

Investment and Trading Risk: All investments made by the Clients risk the loss of capital (i.e., invested amount). Underlying Managers may utilize such investment techniques as margin transactions, short sales, option transactions, forward and futures contracts, and other derivatives trading, which practices, in certain circumstances, will increase the risk of losses. No guarantee or representation is made that BAAM's or any Underlying Manager's investment program will be successful, and investment results may vary substantially over time. Clients and Investors are subject to the risk of substantial losses. BAAM does not have any responsibility for, involvement with or control over the Underlying Managers' investments or other activities.

Additional risks associated with investments in BAAM Funds and with Advisory Client relationships include (among others):

Risks Primarily Associated with BAAM and the Operation of the BAAM Funds

- ▶ General Economic and Market Conditions
- ▶ Investments and Trading Risks
- ▶ Accounting for Uncertainty in Income Taxes
- ▶ Leverage
- ▶ Compulsory Redemption
- ▶ Concentration of Fund Portfolio
- ▶ Decision Making Authority
- ▶ Dependence on BAAM and the Underlying Managers
- ▶ Direct Investments by the Fund
- ▶ Diversification
- ▶ Duplicative Payments and Expenses

Blackstone Alternative Asset Management L.P.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- ▶ Estimates
- ▶ Gates, Suspensions and Redemption Fees
- ▶ Increased Regulatory Oversight
- ▶ Information Technology Systems
- ▶ Limited Liquidity
- ▶ Liquidity and Information Rights
- ▶ Limited Operating History of the Underlying Managers
- ▶ Lack of Operating History
- ▶ Liquidity Mismatch
- ▶ Other Activities of BAAM
- ▶ Redemptions in Kind; Liquidating SPVs
- ▶ Volatility

Risks Primarily Arising from Investment Activities of the Underlying Managers

- ▶ “Style Drift”
- ▶ Business and Regulatory Risks of Underlying Investment Vehicles
- ▶ Compensation Arrangements with Underlying Managers
- ▶ Concentration of Underlying Investment Vehicles’ Portfolios
- ▶ Corporate Debt Obligations
- ▶ Currency Trading
- ▶ Exemption from Regulation
- ▶ Forward Trading
- ▶ Futures, Options and Derivative Instruments
- ▶ Hedging Transactions
- ▶ Highly Volatile Markets
- ▶ Independent Underlying Managers; Offsetting Positions
- ▶ Interest Rate Risk
- ▶ Underlying Investment Vehicles’ Exposure to Lehman Brothers Bankruptcy and Its Affiliates’ Insolvency
- ▶ Leverage
- ▶ Lower-Rated Securities
- ▶ Non-U.S. Securities

Blackstone Alternative Asset Management L.P.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- ▶ Reliance on Underlying Managers for Portfolio Valuation
- ▶ Proprietary Investment Strategies
- ▶ Redemptions from Underlying Investment Vehicles; Re-Allocation of Investments
- ▶ Risk Management Activities
- ▶ Indirectly Investing in “Side Pockets”
- ▶ Short Selling
- ▶ Significant Positions
- ▶ Systemic Risk
- ▶ Tax Considerations
- ▶ Trading in Securities and Other Investments That May be Illiquid
- ▶ Turnover
- ▶ U.S. Government Securities
- ▶ Use of Swap Agreements
- ▶ New Issues
- ▶ Currency Exposure
- ▶ Arbitrage Transactions
- ▶ Bank Debt
- ▶ Commodity and Financial Futures Contracts
- ▶ Distressed Securities
- ▶ Emerging Market Investments
- ▶ Project Finance Investments
- ▶ Proxy Contests and Unfriendly Transactions
- ▶ Event Driven Investment
- ▶ Relative Value Investing
- ▶ Cross Class Liability
- ▶ Regulatory Changes
- ▶ Identity of Beneficial Ownership and Withholding on Certain Payments
- ▶ Currency Hedging

Blackstone Alternative Asset Management L.P.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- ▶ Delayed Schedules K-1
- ▶ Non-Voting Securities; Investment Company Act

Please refer to the relevant Client Constituent Documents for a more detailed discussion of risk factors.

Blackstone Alternative Asset Management L.P.

Item 9 – Disciplinary Information

BAAM does not have any legal, financial or other “disciplinary” item to report to you. BAAM is obligated to disclose any disciplinary event that would be material to you when evaluating a client/advisor relationship.

On occasion, in the ordinary course of its business, Blackstone is named as a defendant in a lawsuit or arbitration. BAAM does not believe that any current litigation to which Blackstone is a party will have a material adverse effect on BAAM and/or the BAAM Funds. As of the date of this ADV Part 2A coversheet, BAAM and its employees are not currently the subject of litigation.

Potential Conflicts of Interest specific to Blackstone Advisory Partners L.P.

Blackstone Advisory Partners L.P (“BAP”) provides various financial and business advisory services. In the regular course of its advisory businesses, BAP represents possible buyers, sellers and other parties regarding businesses that may be suitable for investment by BAAM Clients. In these cases, BAP’s client typically would require Blackstone to act only on BAP’s client’s behalf, thus preventing the BAAM Client from directly acquiring or investing in such business. BAP will

Blackstone Alternative Asset Management L.P.

Item 10 – Other Financial Industry Activities and Affiliations

not decline these transactions in order to make the investment opportunity available to the BAAM Client. Such limitations would not apply to investments by Underlying Managers.

BAP may represent creditors or debtors in restructuring or bankruptcy proceedings, under Chapter 11 of the Bankruptcy Code. BAP also may serve as advisor to creditor or equity committees. Such engagements may prevent a BAAM Client from participating in such restructuring or holding a position in the debtor or may force the BAAM Client to dispose of such position. These restrictions would not apply to Underlying Managers.

BAP may be engaged to render advisory services to Underlying Managers and to creditor committees and groups that include Underlying Managers. None of the fees earned by BAP in such circumstances are to the benefit of BAAM or BAAM Clients.

BAP and Park Hill Group LLC are registered broker dealers. They do not make markets in any securities and generally do not hold proprietary positions in securities or other investments. BAP engages in underwriting activities, which generally involve underwriting of debt and equity securities by Blackstone private equity portfolio companies. Park Hill Group LLC does not engage in any underwriting activities, but it does serve as placement agents for private equity, real estate and hedge fund businesses.

See **Item 11 – Code of Ethics** for a further discussion of potential conflicts of interest.

Blackstone Alternative Asset Management L.P.

Item 11 – Code of Ethics

As required by the Advisers Act, Blackstone and BAAM have adopted a Code of Ethics (the “Code”) that governs a number of potential conflicts of interest which exist when providing advisory services to you. This Code is designed to enable BAAM to meet its fiduciary obligation to BAAM’s Clients (or prospective Clients) and to instill a culture of compliance within BAAM. An additional benefit of the Code is to assist Blackstone and BAAM in preventing violations of securities laws.

The Code is distributed to each employee at the time of hire and annually thereafter, and it is available on Blackstone’s intranet. BAAM also supplements the Code with ongoing monitoring of employee activity.

The Code includes (among other things):

- ▶ Requirements related to confidentiality
- ▶ Limitations on, and reporting of, gifts and entertainment
- ▶ Pre-clearance of political contributions
- ▶ Pre-clearance and reporting of employee personal securities transactions
- ▶ Pre-clearance of outside business activities
- ▶ Protection of persons who engage in “whistle blowing” activities from retaliation

Potential Conflicts of Interest

Blackstone offers many different products and services and there are several potential conflicts of interest which may arise, including, but not limited to, those identified below. BAAM has adopted, and continues to adopt, policies and procedures to address such potential conflicts of interest.

Some of BAAM's Clients may make seed investments in investment vehicles and may enter into revenue sharing agreements with Underlying Managers. Revenues generated from such arrangements accrue only to such Clients.	Clients are notified of the potential for such arrangements.
Some Clients have a credit facility arrangement which facilitates bridge financing for temporary cash needs. The lack of a credit facility may cause Clients to forego on certain investment opportunities.	Clients are notified of such potential for missing investment opportunities.
Some Customized Funds may require Investor approval in a manner which potentially could preclude investment decisions in a timely manner, thereby precluding participation in the investment opportunity.	To the extent applicable, Investors in Customized Funds are notified of such potential for missing investment opportunities.
BAAM or its affiliates may sponsor, manage or advise other investment funds with overlapping investment objectives with those of the BAAM Funds. BAAM may invest the Clients' assets in other BAAM Funds and these investments may be significant. By investing in other BAAM Funds, the Clients may receive preferable notice requirements and liquidity terms. BAAM may have an incentive to allocate the Client's assets to other BAAM Funds since BAAM or one of its affiliates has a direct or indirect financial interest in the success of such funds.	All investment decisions are approved by BAAM's Investment Committee and all investment allocations are approved by both BAAM's Investment and Executive Committees (see Item 13 – Review of Accounts for further details). To avoid duplication of fees, Clients typically will not be charged fees by other BAAM Funds or BAAM will waive fees on the portion of the Clients' assets invested in other BAAM Funds.

Certain employees of BAAM and Blackstone may invest in the BAAM Funds, including an Employee Fund. Typically, no advisory fees are charged to such investors. The employees invested in the funds may be individuals responsible for allocating investment opportunities among the Clients and may have an interest in fund allocations.

The Employee Fund may be allocated limited investment opportunities in the same manner as other BAAM Funds. In addition, the investors in the Employee Fund are subject to a shorter lock-up period than investors who are directly invested in

<p>Blackstone performs investment advisory and other activities and as a result of such activities BAAM and/or BAAM Clients may face restrictions in their investment activities. Blackstone and its affiliates typically would receive a significant portion of the revenues attributable to these Blackstone Proprietary Funds. Item 12 – Brokerage Practices

General Considerations

BAAM uses brokerage services on a limited basis, typically only in connection with hedging transactions. To the extent BAAM does effectuate any brokerage transactions, there are no limitations as to which broker-dealers are used or as to the commission rates or similar charges paid. Transactions will be allocated to brokers on the basis of best execution. The following factors, among others, will be considered in determining best execution:

- ▶ Commissions and similar charges
- ▶ Quality of execution services and trading expertise
- ▶ Research services
- ▶ Clearance, settlement and custodial services
- ▶ Financial stability
- ▶ Reputation
- ▶ Integrity
- ▶ Facilities
- ▶ Financial services offered
- ▶ Willingness and ability to commit capital
- ▶ Reliability in keeping records

Research and Other Soft Dollar Benefits

Research products or services may include research reports on particular industries and companies, economic surveys and analyses, recommendations as to specific securities, and other products or services used by BAAM in the performance of its investment decision-making responsibilities.

BAAM does not utilize soft dollars to pay for third-party brokerage services. Underlying Managers may use “soft dollars” (*i.e.*, consideration other than cash is exchanged for services) both within and outside of the safe harbor of Section 28(e) of the Securities Exchange Act of 1934, as amended (“Exchange Act”), to obtain both research and non-research products and services. **Brokerage for Client Referrals**

BAAM does not use brokerage relationships for client referrals. BAAM does have distribution relationships and placement agreements, however, as described further in **Item 14 – Client Referrals and Other Compensation**.

Blackstone Alternative Asset Management L.P.

Item 12 – Brokerage Practices

Block Trading Procedures

In the event that futures, forward, options, or spot currency transactions are traded for multiple BAAM Clients, generally trade orders would be aggregated for execution and allocated pro rata.

Principal Trading

BAAM does not engage in principal trading (*i.e.*, trading for BAAM's proprietary accounts).

Cross Transactions – Agency Cross Transactions

BAAM does not engage in any agency cross transactions. Cross transactions may be deemed to occur in certain instances where one BAAM Client is withdrawing from an Underlying Investment Vehicle and another BAAM Client simultaneously is subscribing to invest in such investment vehicle, and such simultaneous withdrawal and subscription is effectuated as a transfer. BAAM's employees and affiliates may hold interests in one or both of the BAAM Clients involved in such transfer. Cross transactions will be subject to the approval of BAAM's General Counsel or Chief Compliance Officer.

Trade Allocations

The Investment Committee will determine allocations (investment and redemption) for the Clients based upon the following criteria and any other relevant factors that the Investment Committee sees fit: expected performance of the investment, reputation of the principals of the Underlying Manager, availability of cash, liquidity needs, Client investment objectives, Client risk parameters, ERISA capacity, general capacity, tax efficiency, investment limits, diversification guidelines, operational factors, and legal and regulatory factors (collectively, the "Investment Criteria"). The Investment Committee seeks to ensure that investment opportunities will be allocated in a fair and equitable manner, after consideration of the Clients' Investment Criteria. In situations of limited availability in an Underlying Manager, allocations generally will be made to eligible Clients on a pro rata basis in accordance with BAAM's allocation policies. Conflicts may arise where BAAM Clients wish to invest with the same Underlying Manager as the BAS Funds and there is limited capacity. In such cases, BAAM and BAS will endeavor to make allocations in a fair and equitable manner in accordance with their allocation policies.

Trade Errors

Trade errors are evaluated on a case-by-case basis. If BAAM determines that BAAM's gross negligence, willful misconduct or fraud was the direct cause of a trade error, BAAM generally will compensate a BAAM Client for any losses resulting from such trade error. If a third-party's negligence or other wrongdoing causes a trading error that is material to a BAAM Client, BAAM will attempt to recover the amount of loss from the third party for the BAAM Client. BAAM does not assume responsibility for compensating the BAAM Client, or making the third party compensate the BAAM Client, in such cases.

Blackstone Alternative Asset Management L.P.

Item 13 – Review of Accounts

The Investment Committee

The Investment Committee, which includes select BAAM Senior Managing Directors and Managing Directors, is responsible for the investment and redemption decisions for the Clients. The Investment Committee also approves Underlying Managers, co-investments, and hedging themes and parameters.

The Investment Committee makes its investment decisions based on a variety of criteria including, but not limited to:

- ▶ The expected performance of the investment
- ▶ Reputation of the principals of the Underlying Manager
- ▶ Availability of cash
- ▶ Liquidity needs
- ▶ Client investment objectives
- ▶ Client risk parameters
- ▶ ERISA capacity
- ▶ General capacity
- ▶ Tax efficiency
- ▶ Investment limits
- ▶ Diversification guidelines
- ▶ Operational factors
- ▶ Legal and regulatory factors

The Investment Committee also reviews the information presented to assess the allocations in light of the standard of being fair and equitable, particularly with respect to any potential conflicts of interest.

There is significant overlap among the members of BAAM, BSAA, BAS, BAIA and BSCA investment committees.

The Executive Committee

The Executive Committee, which includes BAAM's Chief Executive Officer, Chief Operating Officer and General Counsel, reviews and approves or disapproves the investment allocation decisions of the Investment Committee.

Blackstone Alternative Asset Management L.P.

Item 13 – Review of Accounts

Monitoring Process

The BAAM Investment Committee and Investment Team monitor the performance of the Clients on an ongoing basis. This monitoring includes, but is not limited to, reviewing for:

- ▶ Potential conflicts
- ▶ Market conditions
- ▶ Adherence to investment guidelines
- ▶ Performance attribution, and
- ▶ Performance deviation

Commingled Fund Investor Reporting

BAAM generally provides Investors in Commingled Funds monthly and quarterly reports regarding their investments, which include capital balances and Fund performance. Investors also receive annual audited financial statements for the Commingled Funds in which they are invested. In generating these reports, BAAM generally will rely, in part, on information provided by the Underlying Managers.

Customized Products and Non-Discretionary Advisory Services Investor Reporting

Investors in Customized Funds and Advisory Clients will receive reporting as agreed upon between BAAM and the Investor/Client and as described in the Client Constituent Documents.

BAAM Operations Team Reconciliation

The BAAM Operations Team performs daily cash reconciliations to determine that fundings, redemptions, expense payments, and other cash movements are properly processed.

Administrator Reconciliation, if applicable⁽¹⁾

Each BAAM Fund's administrator performs a reconciliation of cash, investor activity, and investments as part of its independent determination of the net asset value for such BAAM Fund, and produces the final capital/shareholder statements.

Custodian Reconciliation, if applicable⁽¹⁾

Each BAAM Fund's custodian reviews and reconciles the Fund's accounts on a monthly basis.

⁽¹⁾ Not all BAAM Funds have administrators and/or custodians appointed by BAAM.

Blackstone Alternative Asset Management L.P.

Item 14 – Client Referrals and Other Compensation

For certain Commingled Funds, BAAM has entered into distribution and/or placement agent arrangements. In a typical distribution/placement arrangement, BAAM agrees to pay a third-party solicitor for referring investors in BAAM Funds.

Typically, the third-party solicitors will receive a portion of the management fee and/or performance fee paid to BAAM (although other payment arrangements could exist). A prospective investor solicited by a third party will be informed of (and may be asked to acknowledge in writing its understanding of) any such arrangement. All fees for such solicitation services will be borne by BAAM and the investor will not be subject to any increased or additional fees or charges. Third-party solicitors in the U.S. will be registered as broker-dealers with the SEC. Third-party solicitors outside the U.S. may be registered with a non-U.S. regulatory body to the extent such registration is required in the applicable non-U.S. jurisdiction.

BAAM has a placement arrangement with Park Hill Group LLC, an affiliate of BAAM. Also, Blackstone Advisory Partners L.P., an affiliate of BAAM, serves as a placement agent for the BAAM Funds in the U.S. but is not compensated for such services. BAAM has distribution/placement arrangements with a number of other unaffiliated third parties.

Blackstone Alternative Asset Management L.P.

Item 15 – Custody

Rule 206(4)-2 of the Advisers Act defines custody as holding client securities or assets or having any authority to obtain possession of them. BAAM Funds structured as U.S. entities generally have a BAAM affiliate acting as general partner and, as such, BAAM is deemed to have custody of the Funds' assets. For the BAAM Funds structured as non-U.S. entities, BAAM also is typically deemed to have custody of the Funds' assets. Although BAAM does not serve as the general partner or managing member of the non-U.S. Funds, does not constitute a majority of the non-U.S. Fund's Board of Directors, and does not hold voting shares in the Fund, BAAM has access to Fund assets for trading purposes and to pay expenses. BAAM generally complies with the Advisers Act custody rules by providing all investors in a BAAM Fund with audited financial statements within 180 days of the Fund's fiscal year end (subject to a few exceptions where financials are delivered within 60 or 120 days of fiscal year end).

A BAAM Fund's assets are mostly comprised of interests in Underlying Investment Vehicles, represented by a subscription agreement, and cash, held in bank or brokerage accounts in the name of the BAAM Fund. Substantially all of the BAAM Funds utilize a third-party, independent custodian to hold the Funds' subscription agreements for these investments in Underlying Investment Vehicles.

BAAM does not maintain custody in the case of the Advisory Clients.

Blackstone Alternative Asset Management L.P.

Item 16 – Investment Discretion

Investment Guidelines

Investment decisions are made within the investment guidelines as described in the Client Constituent Documents. For Commingled Funds and certain Customized Funds, BAAM has discretion in determining the Underlying Managers in which the Clients may invest and the amount to invest.

Multiple Clients may invest in the same Underlying Manager. If two or more Clients wish to invest in or redeem from the same Underlying Manager at the same time, BAAM will implement such decisions in a manner deemed to be fair and in accordance with BAAM's allocation policies and procedures.

Types of Investment

BAAM has broad discretion to make investments within the guidelines of the Client Constituent Documents, except in the case of the Advisory Clients. Clients primarily will invest in Underlying Managers. In addition, in order to hedge investor contributions denominated in currencies other than U.S. dollars or to hedge certain market exposures, Clients may invest in securities and other instruments, including but limited to:

- ▶ Futures
- ▶ Forwards
- ▶ Spot contracts
- ▶ Options
- ▶ Other derivative contracts and similar instruments

BAAM also may obtain exposure to Underlying Managers through total return swaps or an investment in equity shares of exchange traded closed-end funds. BAAM typically has full discretion and authority to make all investment decisions with respect to these transactions. When futures, forward, options, and spot currency transactions are traded for multiple Clients, generally trade orders are aggregated for execution and allocated pro rata.

Underlying Managers may participate in the purchase and sale of initial equity public offerings ("New Issues") for BAAM Funds. Although it is not expected to occur, BAAM Funds also may directly purchase New Issues. The subscription documents for the BAAM Funds require each Investor to make an initial representation to its status as either a restricted investor (*i.e.*, may not invest in New Issues) or non-restricted investor (*i.e.*, may invest in New Issues). On an annual basis thereafter, BAAM will confirm an Investor's status through a negative confirmation process by sending a letter via electronic communication or hard copy and asking for a response only if the Investor's eligibility status has changed.

Blackstone Alternative Asset Management L.P.

Item 16 – Investment Discretion

BAAM Funds may acquire or hold, directly or indirectly, assets or securities that are illiquid, including for example, where an Underlying Manager determines to “side pocket” all or a portion of an investment. Underlying Investment Vehicles may themselves be illiquid investments. BAAM, in its sole discretion, may treat these investments (including Underlying Investment Vehicles) as “side pockets” and Investors may be issued a separate series of shares or ownership interests to represent a Side Pocket.

Please refer to the relevant Client Constituent Documents for a more detailed discussion of investment guidelines and types of investment.

Blackstone Alternative Asset Management L.P.

Item 17 – Voting Client Securities (i.e., Proxy Voting)

BAAM has adopted proxy voting policies and procedures (the "Proxy Policy") to vote proxy proposals, amendments, consents or resolutions (collectively, "proxies") relating to investments with Underlying Managers. From time to time, Underlying Managers may require consent from investors to change various aspects of their business or to make certain investments.

The general policy is to vote proxies relating to investments with Underlying Managers in a manner that serves the best interests of the Clients as determined by BAAM in its discretion.

At times, conflicts may arise between the interests of the Client, on the one hand, and the interests of BAAM or its affiliates, on the other hand. If BAAM determines that it has, or may be perceived to have, a conflict of interest when voting a proxy, BAAM will address matters involving such conflicts of interest on a case-by-case basis in a fair and equitable manner, subject to legal, regulatory, contractual or other applicable considerations. BAAM, in its sole discretion, may elect not to vote a proxy if unduly burdensome.

Clients and Investors may request a copy of the Proxy Policy and the proxy voting records by contacting BAAM at the address, telephone number or e-mail on the cover of this Brochure.

Blackstone Alternative Asset Management L.P.

Item 18 – Financial Information

BAAM does not charge or solicit prepayment of \$1,200 or more in fees per client six or more months in advance.

BAAM is not aware of any financial condition reasonably likely to impair its ability to meet contractual commitment to its Clients.
