This brochure provides information about the qualifications and business practices of Greenspring Wealth Management, Inc. If you have any questions about the contents of this brochure, please contact us at 443-564-4600 or josh.itzoe@greenspringwealth.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Greenspring Wealth Management, Inc. also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 132669.

Item 2 Material Changes

This Firm Brochure, dated August 11, 2014, provides you with a summary of Greenspring Wealth Management, Inc.'s advisory services and fees, professionals, certain business practices and policies, as well as actual or potential conflicts of interest, among other things. This Item is used to provide our clients with a summary of new and/or updated information; we will inform of the revision(s) based on the nature of the information as follows.

1. **Annual Update:** We are required to update certain information at least annually, within 90 days of our firm's fiscal year end (FYE) of December 31, 2013. We will provide you with either a summary of the revised information with an offer to deliver the full revised Brochure within 120 days of our FYE or we will provide you with our revised Brochure that will include a summary of those changes in this Item.
2. **Material Changes:** Should a material change in our operations occur, depending on its nature we will promptly communicate this change to clients (and it will be summarized in this Item). "Material changes" requiring prompt notification will include changes of ownership or control; location; disciplinary proceedings; significant changes to our advisory services or advisory affiliates – any information that is critical to a client's full understanding of who we are, how to find us, and how we do business.

The following summarizes new or revised disclosures based on information previously provided in our Firm Brochure dated March 13, 2013.

Item 4 Advisory Business

Greenspring Wealth Management, Inc. is a SEC-registered investment adviser with its principal place of business located in Maryland. Greenspring Wealth Management, Inc. began conducting business in 2004.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- John Patrick Collins Jr., Partner & Managing Director, Private Client Group
- Joshua Philip Itzoe, Partner & Managing Director, Institutional Client Group

Greenspring Wealth Management, Inc. offers the following advisory services to our clients:

PRIVATE MONEY MANAGEMENT SERVICES

Our firm provides continuous advice to a client (individuals and trusts, estates, non-profit organizations and charitable organizations) regarding the investment of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on a client's particular circumstances are established, we develop a client's personal investment policy and create and manage a portfolio based on that policy. During our data-gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary or non-discretionary basis. Account supervision is guided by the client's stated objectives (e.g. conservative, moderate, balanced, growth, aggressive), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Securities traded over-the-counter
- Foreign issuers
- Corporate debt securities (other than commercial paper)
- Commercial paper
- Certificates of deposit

- Municipal securities
- Variable life insurance
- Variable annuities
- Mutual fund shares
- United States governmental securities
- Options contracts on securities
- Interests in partnerships investing in real estate

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

COMPREHENSIVE WEALTH MANAGEMENT SERVICES

Our firm also provides Comprehensive Wealth Management Services to clients which include all of the services listed for Private Money Management clients plus certain financial planning services which may involve tax planning, retirement planning, risk management analysis, estate planning, cash flow planning, business planning and/or education planning.

RETIREMENT PLAN CONSULTING SERVICES

We also provide several advisory services separately or in combination. The primary clients for these services will be the sponsors of pension, profit sharing and 401(k) plans.

Retirement Plan Consulting Services are generally comprised of fiduciary services and non-fiduciary services at both the plan level and participant level. With regard to fiduciary services, we provide clients (i.e. Plan Sponsors) with plan-level non-discretionary investment advice services, plan-level discretionary investment management services under Section 3(38) of ERISA, participant-level discretionary investment management services under Section 3(38) of ERISA, and participant-level non-discretionary investment advice services.

With regard to non-fiduciary services, we provide plan-level services and participant-level services. Clients (i.e. Plan Sponsors) may choose to use any or all of the services described below with the exception of choosing to use either plan-level non-discretionary investment advice services or plan-level discretionary investment management services

under Section 3(38) of ERISA as determined by the scope of the engagement.

FIDUCIARY SERVICES

I. PLAN-LEVEL NON-DISCRETIONARY INVESTMENT ADVICE SERVICES

A. **Investment Policy Design** - Greenspring will assist Client in the development of an investment policy statement (IPS). The IPS establishes the investment policies and objectives for the Plan and shall set forth the number of general investment options and asset class categories to be offered under the Plan. Client shall have the ultimate responsibility and authority to establish such policies and objectives and to adopt and amend the IPS.

B. **Investment Selection** - Greenspring will provide non-discretionary investment advice to Client about asset classes and investment alternatives available for the Plan in accordance with the Plan's investment policies and objectives. Greenspring will utilize multiple analytic tools and databases at its disposal. Client shall have the final decision-making authority regarding the initial selection, retention, removal and addition of investment options.

C. **ERISA 404(c) Investment Selection** - Greenspring will assist Client with the selection of a broad range of investment options consistent with ERISA Section 404(c) and the regulations thereunder. Client shall have the final decision-making authority regarding the selection of investment options. Client retains the sole responsibility to provide all notices to participants required under ERISA section 404(c).

D. **Investment Monitoring** - Greenspring will assist Client in monitoring investment options by preparing periodic investment reports that document investment performance, consistency of fund management and conformance to the guidelines set forth in the IPS and make recommendations to maintain or remove and replace investment options. Greenspring will meet with the Client in-person, telephonically, or by electronic means at least annually to discuss the reports and the investment recommendations. Client has the authority and will be solely responsible for the actual selection or replacement of investment options.

E. **Selection of QDIA** - Greenspring will provide non-discretionary investment advice to Client with respect to the selection of a qualified default investment alternative ("QDIA") for participants who are automatically enrolled in the Plan or who otherwise fail to make an investment election. Client shall have the final decision-making authority

regarding the selection of the QDIA and Client retains the sole responsibility to provide all notices to participants required under ERISA Section 404(c)(5).

II. PLAN-LEVEL DISCRETIONARY INVESTMENT MANAGEMENT SERVICES UNDER SECTION 3(38) OF ERISA

A. Investment Policy Design - Greenspring will develop an investment policy statement (IPS) for Client. The IPS establishes the investment policies and objectives for the Plan and shall set forth the number of general investment options and asset class categories to be offered under the Plan. Greenspring shall have the ultimate responsibility and authority to develop the IPS and shall have the sole authority to amend it.

B. Investment Selection - Greenspring will provide discretionary investment advice to Client about asset classes and investment alternatives available for the Plan in accordance with the Plan's investment policies and objectives. Greenspring will utilize multiple analytic tools and databases at its disposal and will have decision-making authority regarding the initial selection, retention, removal and addition of investment options.

C. ERISA 404(c) Investment Selection - Greenspring will select a broad range of investment options consistent with ERISA Section 404(c) and the regulations thereunder. Client retains the sole responsibility to provide all notices to participants required under ERISA section 404(c).

D. Investment Monitoring - Greenspring will monitor investment options by preparing periodic investment reports that document investment performance, consistency of fund management and conformance to the guidelines set forth in the IPS and determine whether to maintain or remove and replace investment options.

E. Selection of QDIA - Greenspring will consult with Client as to whether the Plan should have a qualified default investment alternative ("QDIA") for participants who are automatically enrolled in the Plan or who otherwise fail to make an investment election and as to the type of investment to serve as a QDIA (e.g., target date fund, balanced fund, or managed account). If Client decides to have a QDIA under the plan and decides upon the type of investment that will serve as a QDIA, the Greenspring will select the investment to serve as the QDIA. Client retains the sole responsibility to provide all notices to participants required under ERISA Section 404(c)(5).

III. PARTICIPANT-LEVEL DISCRETIONARY INVESTMENT MANAGEMENT SERVICES UNDER SECTION 3(38) OF ERISA

A. Discretionary Investment Management - Greenspring will provide ERISA section 3(38) discretionary investment management services to Plan participants as a designated investment manager.

IV. PARTICIPANT-LEVEL NON-DISCRETIONARY INVESTMENT ADVICE SERVICES

A. Investment Selection - Greenspring will provide non-discretionary investment advice to Plan participants about Plan investment alternatives. Greenspring will utilize multiple analytic tools and databases at its disposal. Plan participants shall have the final decision-making authority regarding the initial selection, retention, and changes in investment selections.

NON-FIDUCIARY SERVICES

I. PLAN-LEVEL SERVICES

A. Committee Formation, Education and Support - Greenspring will help the Client establish or refine a Committee as needed. On a periodic basis, Greenspring will educate Plan fiduciaries on their duties and responsibilities and how to manage them as well as providing legislative and regulatory updates as necessary. Education will include general training regarding the fiduciary duty and prohibited transaction provisions of ERISA as well as the importance of the documents and instruments governing the Plan. Greenspring will periodically meet with the Client to review and discuss various aspects of the Plan, which may include preparation of meeting deliverables for the Client.

B. Fee Analysis, Benchmarking and Negotiation - Greenspring will periodically assist the Client in evaluating the reasonableness of Plan fees. This may include documenting and benchmarking both direct and indirect fees (e.g. revenue sharing payments) to help the Client understand what the Plan is paying and how it compares to other plans and products. Greenspring may also recommend specific steps that can be taken to reduce those fees, if applicable. When appropriate, Greenspring will assist the Client in negotiating fee arrangements and cost structures.

C. Vendor Benchmarking, Search and Selection - Greenspring will periodically assist the Client by providing an analysis and comparison of the Plan's current vendor(s) products, services, and pricing to other plans and service providers.

D. **Plan Conversion Services** - As needed, Greenspring will assist the Client with the conversion to a new provider's platform.

E. **Operational Assistance and Issue Resolution** - As needed, Greenspring will assist the Client with resolving operational or administrative issues that may arise with the Plan. Greenspring may provide these services or, alternatively, may arrange for the Plan's other providers to provide these services, as agreed upon between Greenspring and the Client.

II. **PARTICIPANT-LEVEL SERVICES**

A. **Participant Education and Communication**- Greenspring will periodically provide education, presentations, webinars, or written investment materials. Information provided may include a description of investment alternatives (along with the objectives and risk and return characteristics of the assets comprising the investment portfolio), hypothetical asset allocation models, or other general financial and investment concepts consistent with Department of Labor Interpretive Bulletin 96-1.

FINANCIAL PLANNING

We provide financial planning services. Financial planning is a comprehensive evaluation of a client's current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans. Through the financial planning process, certain questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the client. Clients purchasing this service receive a written report which provides the client with a detailed financial plan designed to assist the client achieve his or her financial goals and objectives.

In general, the financial plan can address any or all of the following areas:

PERSONAL: We may review family records, budgeting, personal liability, estate information and financial goals.

TAX & CASH FLOW: We may analyze the client's income tax and spending and planning for past, current and future years; then illustrate the impact of various investments on the client's current income tax and future tax liability.

INVESTMENTS: We may analyze investment alternatives and their effect on the client's

portfolio.

INSURANCE: We may review existing policies to ensure proper coverage for life, health, disability, long-term care, liability, home and automobile.

RETIREMENT: We may analyze current strategies and investment plans to help the client achieve his or her retirement goals.

DEATH & DISABILITY: We may review the client's cash needs at death, income needs of surviving dependents, estate planning and disability income.

ESTATE: We may assist the client in assessing and developing long-term strategies, including as appropriate, living trusts, wills, review estate tax, powers of attorney, asset protection plans, nursing homes, Medicaid and elder law.

We gather required information through in-depth personal interviews. Information gathered includes the client's current financial status, tax status, future goals, returns objectives and attitudes towards risk. We carefully review documents supplied by the client, including a questionnaire completed by the client, and prepare a written report.

Should the client choose to implement the recommendations contained in the plan, we suggest the client work closely with his/her attorney, accountant, insurance agent, and/or stockbroker. Implementation of financial plan recommendations is entirely at the client's discretion.

We also provide general non-securities advice on topics that may include tax and budgetary planning, estate planning and business planning.

Typically the financial plan is presented to the client within six months of the contract date, provided that all information needed to prepare the financial plan has been promptly provided.

FINANCIAL CONSULTING SERVICES

Clients can also receive investment and financial consulting advice on a more focused basis.

This may include advice on only an isolated area(s) of concern such as estate planning, retirement planning, or any other specific topic. We also provide specific consultation and administrative services regarding investment and financial concerns of the client.

AMOUNT OF MANAGED ASSETS

As of 12/31/2013, we were actively managing \$193,730,734 of clients' assets on a discretionary basis plus \$782,522 of clients' assets on a non-discretionary basis. Also, as of that date we were overseeing another \$1,392,265,944 of clients' assets without trading authorization.

Item 5 Fees and Compensation

INVESTMENT SUPERVISORY SERVICES

Private Money Management and Comprehensive Wealth Management Services

The annualized fee for Private Money Management and Comprehensive Wealth Management Services will be charged as a percentage of assets under management, according to the following schedule:

<u>Assets Under Management</u>	<u>Annual Fee</u>
First \$300,000	1.25%
\$300,001 to \$1,000,000	1.00%
\$1,000,001 to \$3,000,000	0.75%
\$3,000,001 and above	0.50%

Based on the fee schedule above, a minimum annual fee of \$5,000 is required for Private Money Management Services and a minimum annual fee of \$10,000 is required for Comprehensive Wealth Management Services. If a client's assets under management are not sufficient to generate the minimum annual fee, they have the option paying the difference (until their assets are sufficient) to receive the desired level of service. For instance, if a client desires to receive Comprehensive Wealth Management Services and their assets generate an annualized fee of \$8,000, they have the option of paying the difference (i.e. an additional \$2,000) to reach the minimum annual fee of \$10,000 until the assets under management are sufficient to generate the minimum annual fee.

Limited Negotiability of Advisory Fees. Although Greenspring Wealth Management, Inc. has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs will be considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related

accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule will be identified in the contract between the adviser and each client.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

RETIREMENT PLAN CONSULTING FEES

Our fees for Retirement Plan Consulting Services are based on a percentage of assets under advisement, according to the following schedule:

<i><u>Assets Under Management</u></i>	<i><u>Annual Fee</u></i>
First \$2,000,000	0.50%
\$2,000,001 to \$10,000,000	0.40%
\$10,000,001 to \$25,000,000	0.30%
\$25,000,001 and above	0.20%

Alternatively, we may charge an annual fee for Retirement Plan Consulting Services which generally ranges from \$20,000 to \$200,000 depending on the services requested and the size of the plan.

Plan sponsors are invoiced in advance at the beginning of each calendar quarter unless their retirement plan provider's billing system requires billing to occur in arrears. There are two ways that a Plan might pay our fee.

Employer pays

An Employer may pay our fee, paying it from the Employer's money without using the Plan's assets. Concerning a Governmental Plan, we may refuse to accept payment from an Employer if we believe that the Employer lacks authority to pay our fee.

Plan pays

A Plan may pay our fee. To do so, the Plan's Named Fiduciary or Trustee must have and use a power to pay us, or to instruct a corporate directed trustee or insurer to pay us. If the Plan pays our fee, the Named Fiduciary or Trustee decides how to allocate that expense among the Plan's accounts, which may include Participants' Plan Accounts.

We never have authority to "deduct" or collect our fee from a Plan's or any person's assets. Only the Plan Sponsor can pay our fee or direct the Plan to pay our fee.

A total minimum annual fee of \$20,000 is generally required although exceptions may be granted to this minimum at the discretion of Greenspring. This minimum fee may

prevent Greenspring Wealth Management, Inc. from providing services to very small ERISA plans.

Limited Negotiability of Advisory Fees: Although Greenspring Wealth Management, Inc. has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs will be considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule will be identified in the contract between the adviser and each client.

FINANCIAL PLANNING FEES

Greenspring Wealth Management, Inc.'s Financial Planning fee will be determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

Our Financial Planning fees are calculated and charged on a fixed fee basis, typically ranging from \$2,000 to \$15,000, depending on the specific arrangement reached with the client.

Alternatively, our Financial Planning fees may be calculated and charged on an hourly basis, ranging from \$150 to \$500 per hour. Although the length of time it will take to provide a Financial Plan will depend on each client's personal situation, we will provide an estimate for the total hours at the start of the advisory relationship.

We require one-half of the negotiated financial planning fee to be paid at the outset of the engagement with the balance is due upon completion of the plan.

Financial Planning Fee Offset: Greenspring Wealth Management, Inc. reserves the discretion to reduce or waive the hourly fee and/or the minimum fixed fee if a financial planning client chooses to engage us for our Private Money Management or Comprehensive Wealth Management Services.

The client will be billed quarterly in advance based on our total estimated Financial Planning fees.

The client will be billed quarterly in arrears based on actual hours accrued.

Item 6 Performance-Based Fees and Side-By-Side Management

Greenspring Wealth Management, Inc. does not charge performance-based fees. As a matter of policy and practice, Greenspring does not generally block client trades and, therefore, will typically implement client transactions separately for each account. Due to this practice, certain client trades may be executed before others and, depending on the type of security traded, may be executed at a different price and/or commission rate.

Additionally, Greenspring clients may not receive volume discounts which may be available to advisers that block client trades.

Item 7 Types of Clients

Greenspring Wealth Management, Inc. provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Pension and profit sharing plans including plan participants
- Trusts, estates, non-profit and/or charitable organizations
- Corporations or other businesses not listed above

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the service(s) being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Quantitative Analysis. We use mathematical models in an attempt to obtain more accurate measurements of a company's quantifiable data, such as the value of a share price or earnings per share, and predict changes to that data.

A risk in using quantitative analysis is that the models used may be based on assumptions that prove to be incorrect.

Qualitative Analysis. We subjectively evaluate non-quantifiable factors such as quality of management, labor relations, and strength of research and development factors not readily subject to measurement, and predict changes to share price based on that data.

A risk in using qualitative analysis is that our subjective judgment may prove incorrect.

Asset Allocation. Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, will no longer be appropriate for the client's goals.

Mutual Fund and/or ETF Analysis. We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

Third-Party Money Manager Analysis. We examine the experience, expertise, investment philosophies, and past performance of independent third-party investment managers in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We monitor the manager's underlying holdings, strategies, concentrations and leverage as part of our overall periodic risk assessment. Additionally, as part of our due-diligence process, we may survey the manager's compliance and business enterprise risks.

A risk of investing with a third-party manager who has been successful in the past is that he/she may not be able to replicate that success in the future. In addition, as we do not

control the underlying investments in a third-party manager's portfolio, there is also a risk that a manager may deviate from the stated investment mandate or strategy of the portfolio, making it a less suitable investment for our clients. Moreover, as we do not control the manager's daily business and compliance operations, we may be unaware of the lack of internal controls necessary to prevent business, regulatory or reputational deficiencies.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-term purchases. When utilizing this strategy, we purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

A short-term purchase strategy poses risks should the anticipated price swing not materialize; we are then left with the option of having a long-term investment in a security that was designed to be a short-term purchase, or potentially taking a loss.

In addition, this strategy involves more frequent trading than does a longer-term strategy, and will result in increased brokerage and other transaction-related costs, as well as less favorable tax treatment of short-term capital gains.

Risk of Loss. Securities investments are not guaranteed and you may lose money on

your investments. We ask that you work with us to help us understand your tolerance for risk.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

Since our founding, Greenspring has aspired to give back by making meaningful financial and relational investments in our local communities. To further our stewardship efforts and commitment to charitable giving, we created the concept of the Greenspring Grant Program in 2012 to support organizations that focus their efforts in Maryland and Georgia. At the discretion of the firms' partners, a specified amount of funds from the Greenspring corporate account will be set aside into a Donor Advised Fund established through the American Endowment Foundation and held in an account custodied with Fidelity Investments. The funds will not be invested in any positions and will be held as cash.

Each calendar year, three Greenspring employees will be randomly drawn to head the Greenspring Grant Committee so that each employee will have an opportunity to sit on the committee. Preferably, at least one of the committee members should be located in the Georgia office. Their responsibilities will include but are not limited to:

- Writing or editing the information on the Greenspring website pertaining to the Grant. (All information must be approved by a Partner before it's uploaded to the website if it is not uploaded by a Partner directly).
- Developing public interest in the Grant
- Reviewing applications received to determine if the applicants meets the general guidelines (listed below) as well as the objective of the Grant.
- Determine which applicant(s) should be awarded the funds and how the funds should be allocated.
- Report to the remainder of the Greenspring staff on the status of applications, the review process, and any other news related to the program.

The following guidelines were crafted by the first Greenspring Grant Committee and may be altered as necessary by the preceding committee members:

- Applications are accepted year-round and awarded on an annual basis in July/August.
- Grants are limited to organizations located in Maryland and Georgia.
- Greenspring Grants awards grants between \$1,000 and \$10,000 based on the funding requested and the needs addressed.
- Organizations must be non-profit organizations certified tax-exempt under section 501(c)(3) of the U.S. Internal Revenue Service codes.

The Greenspring Grant Committee members and firms' Partners should monitor this practice to ensure that any such grant is reasonable and fair in light of its fiduciary duties to all clients and that the firm strictly adheres to written criteria regarding any such grants.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Greenspring Wealth Management, Inc. and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Greenspring Wealth Management, Inc.'s Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to josh.itzoe@greenspringwealth.com, or by calling us at 443-564-4600.

Greenspring Wealth Management, Inc. and individuals associated with our firm are prohibited from engaging in principal transactions.

Greenspring Wealth Management, Inc. and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security or securities which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and

records.

7. Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
8. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
9. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
11. Any individual who violates any of the above restrictions may be subject to termination.

Item 12 Brokerage Practices

For discretionary clients, Greenspring Wealth Management, Inc. requires these clients to provide us with written authority to determine the broker dealer to use and the commission costs that will be charged to these clients for these transactions.

As a matter of policy and practice, Greenspring does not generally block client trades and, therefore, will typically implement client transactions separately for each account. Due to this practice, certain client trades may be executed before others and, depending on the type of security traded, may be executed at a different price and/or commission rate. Additionally, Greenspring clients may not receive volume discounts which may be available to advisers that block client trades.

Greenspring Wealth Management, Inc. has an arrangement with National Financial Services LLC, and Fidelity Brokerage Services LLC (together with all affiliates, "Fidelity") through which Fidelity provides our firm with their "platform" services. The platform services include, among others, brokerage, custodial, administrative support, record keeping and related services that are intended to support intermediaries like Greenspring Wealth Management, Inc. in conducting business and in serving the best interests of our clients but that may also benefit us.

Fidelity charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transactions fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Fidelity enables Greenspring Wealth Management, Inc. to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Fidelity's commission rates are generally considered discounted from customary retail commission rates. However, the commissions and transaction fees charged by

Fidelity may be higher or lower than those charged by other custodians and broker-dealers. As part of the arrangement, Fidelity also makes available to our firm, at no additional charge to us, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies, as selected by Greenspring Wealth Management, Inc. (within specified parameters). These research and brokerage services presently include services such as Investor's Business Daily Digital Edition, Standard & Poor's, MarketEdge, Argus, Decision Economics, MarketGrader and Zack's which may be used by our firm to manage accounts for which we have investment discretion.

Greenspring Wealth Management, Inc. may also receive additional services which may include These benefits include the following products and services (provided without cost or at a discount): duplicate client statements and confirmations; research related products and tools; consulting services ; access to a trading desk serving adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain Institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Greenspring Wealth Management, Inc. by third party vendors. Fidelity may also pay for business consulting and professional services received by Greenspring Wealth Management, Inc.'s related persons. Without this arrangement, we might be compelled to purchase the same or similar services at our own expense.

As a result of receiving such services for no additional cost, we may have an incentive to continue to use or expand the use of Fidelity's services. We examined this potential conflict of interest when we chose to enter into the relationship with Fidelity and have determined that the relationship is in the best interests of Greenspring Wealth Management, Inc.'s clients and satisfies our client obligations, including our duty to seek best execution. A client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, while Greenspring Wealth Management, Inc. will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions. Although the investment research products and services that may be obtained by us will generally be

used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account. Greenspring Wealth Management, Inc. and Fidelity are not affiliated.

Greenspring Wealth Management, Inc. participates in the institutional customer program offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member SIPC ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions. Greenspring Wealth Management, Inc. receives some benefits from TD Ameritrade through our participation in the program.

Greenspring Wealth Management, Inc. participates in TD Ameritrade's Institutional customer program and we may require clients to maintain accounts with TD Ameritrade OR recommend TD Ameritrade to our clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors.

These benefits include the following products and services (provided without cost or at a discount): duplicate client statements and confirmations; research related products and tools; consulting services ; access to a trading desk serving adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain Institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Greenspring Wealth Management, Inc. by third party vendors. TD Ameritrade may also pay for business consulting and professional services received by Greenspring Wealth Management, Inc.'s related persons.

TD Ameritrade may also pay or reimburse expenses (including travel, lodging, meals, and entertainment expenses) for Greenspring Wealth Management, Inc.'s personnel to attend conferences or meetings relating to the program or to TD Ameritrade's adviser custody and brokerage services generally.

Some of the products and services made available by TD Ameritrade through the program may benefit Greenspring Wealth Management, Inc. but may not benefit our client accounts. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by Greenspring Wealth Management, Inc.

or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. Clients should be aware, however, that the receipt of economic benefits by Greenspring Wealth Management, Inc. or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our choice or recommendation of TD Ameritrade for custody and brokerage services.

Greenspring Wealth Management, Inc. also receives from TD Ameritrade certain additional economic benefits ("Additional Services") that may or may not be offered to any other independent investment advisers participating in the program. TD Ameritrade provides the Additional Services to our firm in its sole discretion and at its own expense, and Greenspring Wealth Management, Inc. does not pay any fees to TD Ameritrade for the Additional Services. Greenspring Wealth Management, Inc. and TD Ameritrade have entered into a separate agreement ("Additional Services Addendum") to govern the terms of the provision of the Additional Services.

Greenspring Wealth Management, Inc.'s receipt of Additional Services raises potential conflicts of interest. In providing Additional Services to our firm, TD Ameritrade most likely considers the amount and profitability to TD Ameritrade of the assets in, and trades placed for, our client accounts maintained with TD Ameritrade. TD Ameritrade has the right to terminate the Additional Services Addendum with Greenspring Wealth Management, Inc., in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from TD Ameritrade, we may have an incentive to recommend to our clients that the assets under management by us be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade.

Greenspring Wealth Management, Inc. works with many different vendors in the retirement plan industry to serve the needs of our clients. There is no direct link between our firm's relationship with these vendors and the advisory services we provide to our clients, although we may receive economic benefits through these relationships that may not otherwise be available.

These benefits include the following products and services (provided without cost or at a discount): research related products and tools; consulting services; access to an electronic communications network for client account information; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Greenspring Wealth Management, Inc. by third party vendors. These vendors may also pay for business consulting and professional services received by Greenspring Wealth Management, Inc.'s related persons.

These vendors may also pay or reimburse expenses (including travel, lodging, meals, and entertainment expenses) for Greenspring Wealth Management, Inc.'s personnel to attend conferences or meetings relating to their services.

Some of the products and services made available by these vendors may benefit Greenspring Wealth Management, Inc. but may not benefit our client accounts. These products or services may assist us in managing and administering client accounts. Other services made available by these vendors are intended to help us manage and further develop our business enterprise. The benefits received by Greenspring Wealth Management, Inc. or our personnel do not depend on the amount of business directed to these vendors. Clients should be aware, however, that the receipt of economic benefits by Greenspring Wealth Management, Inc. or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our choice or recommendation of these vendors for retirement plan provider services.

Greenspring Wealth Management, Inc.'s receipt of Additional Services does not diminish our duty to act in the best interests of our clients, including seeking best execution of trades for client accounts.

Item 13 Review of Accounts

PRIVATE MONEY MANAGEMENT AND COMPREHENSIVE WEALTH MANAGEMENT SERVICES

REVIEWS: While the underlying securities within Private Money Management and Comprehensive Wealth Management Services accounts are continually monitored, these accounts are reviewed at least quarterly. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: Patrick Collins, Joshua Itzoe, Molly Goetz, Tim Voelkel, Matt Morehead and Jeff Bernfeld.

REPORTS: In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we provide quarterly reports summarizing account performance, balances and holdings.

RETIREMENT PLAN CONSULTING SERVICES

REVIEWS: Greenspring Wealth Management, Inc. will review the client's Investment Policy Statement (IPS) whenever the client advises us of a change in circumstances regarding the needs of the plan. Greenspring Wealth Management, Inc. will also review the investment options of the plan according to the agreed upon time intervals established in the IPS. Such reviews will generally occur quarterly, but no less than annually.

These accounts may be reviewed by: Joshua Itzoe, Matt Cellini, Evan Melcher, Tim Voelkel and Patrick Collins.

REPORTS: Greenspring Wealth Management, Inc. will provide reports to Retirement Plan Consulting Services clients based on the terms set forth in the client's Investment Policy Statement (IPS).

FINANCIAL PLANNING SERVICES

REVIEWS: While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Financial Planning clients unless otherwise contracted for.

REPORTS: Financial Planning clients will receive a completed financial plan. Additional reports will not typically be provided unless otherwise contracted for.

Item 14 Client Referrals and Other Compensation

CLIENT REFERRALS

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- whether the fee paid to us by the client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

It is Greenspring Wealth Management, Inc.'s policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is

required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

Our firm does not have actual or constructive custody of client accounts.

Item 16 Investment Discretion

Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the security to buy or sell; and/or
- Determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

VOTING CLIENT SECURITIES

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We may provide clients with consulting assistance regarding proxy issues if they contact us with questions at our principal place of business.

Item 18 Financial Information

Under no circumstances do we require or solicit payment of fees in excess of \$1,200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

As an advisory firm that maintains discretionary authority for client accounts, we are also required to disclose any financial condition that is reasonably likely to impair our ability to meet our contractual obligations. Currently, there are no such financial conditions that exist.

Greenspring Wealth Management, Inc. has not been the subject of a bankruptcy petition at any time during the past ten years.
