Item 4 Advisory Business

- A. Opes Advisors, Inc. (the “Registrant”) is a corporation formed on July 7, 2004 in the state of California. The Registrant became registered as an Investment Adviser Firm in January 2005. The Registrant is principally owned by Susan McHan and Jonathan Lee. Ms. McHan is the Registrant’s President.

- B. As discussed below, the Registrant offers to its clients (individuals, business entities, trusts, and pension and profit sharing plans, etc.) investment advisory services, mortgage banking services, financial planning services, and, to the extent specifically requested by a client, related consulting services.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee-only* basis. The Registrant’s annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant’s management (between 0.30% and 1.50%) as listed in the Fees and Compensation section below.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

Each Investment Advisory client receives a Retirement Plan at the beginning of the client engagement at no additional fee. An update to the Plan is offered without fee on an annual basis; clients are not required to participate.

To the extent requested by a client, the Registrant *may* determine to provide additional financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant’s planning and consulting fees are negotiable, but generally range from \$1,000 to \$3,000 on a fixed fee basis, and from \$100 to \$300 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Prior to engaging the Registrant to provide additional planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client’s responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant’s previous recommendations and/or services.

REPORTING SERVICES AND AGGREGATE DATA STORAGE

Registrant, as part of its investment advisory fee, offers investment data storage and periodic comprehensive reporting services which can incorporate all of the client's investment assets, including those investment assets that are not part of the assets managed by the Registrant (the "*Excluded Assets*") through the Emoney application. Should the client desire reporting services, the Registrant's service is limited to reporting and data storage services only and **does not** include investment management, review, or monitoring services, nor investment recommendations or advice. As such, the client, and not the Registrant, shall be exclusively responsible for the investment performance of the *Excluded Assets*. In the event the client desires that the Registrant provide investment management services with respect to the *Excluded Assets*, the client may engage the Registrant to do so for a separate and additional fee in accordance with the fee schedule set forth above.

Mortgage Lending Services. Registrant provides mortgage lending services in its separate registered and regulated capacity as a California mortgage banker. ***No investment advisory client is required to engage Registrant for mortgage lending services, and no mortgage lending client is required to engage Registrant for investment advisory services.*** Should Registrant be engaged for mortgage lending services, the service shall not include any investment advisory services. Further, in the event that a mortgage client receives cash proceeds as result of any mortgage transaction, ***the client shall not be obligated in any manner whatsoever to engage Registrant to invest the proceeds thereof.*** The providing of both mortgage and investment advisory services creates a **conflict of interest** when the Registrant recommends its additional services to existing mortgage and/or investment advisory clients. The Registrant's Chief Compliance Officer, David Firth, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.

MISCELLANEOUS

Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant *may* provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, expert witness, etc. Neither the Registrant, nor any of its representatives, serves as an attorney, accountant, or licensed insurance agent, and no portion of the Registrant's services should be construed as same. To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains

his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement or Financial Planning and Consulting Agreement*. Any client who has not received a copy of Registrant's written Brochure at least 48 hours prior to executing the *Investment Advisory Agreement or Financial Planning and Consulting Agreement* shall have five business days subsequent to executing the agreement to terminate the Registrant's services without penalty.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2013, the Registrant had \$266,444,362, in assets under management on a discretionary basis.

Item 5 Fees and Compensation

- A. The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee-only* basis.

INVESTMENT ADVISORY SERVICES

If a client determines to engage the Registrant to provide discretionary investment advisory services on a *fee-only* basis, the Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management (between 0.30% and 1.50%) as follows:

- 1.50% of the value of the account up to \$500,000
- 1.00% of the value of the account over \$500,000 and up to \$1.0M
- 0.65% of the value of the account over \$1.0 Million and up to \$2.0 Million
- 0.55% of the value of the account over \$2.0 Million and up to \$5 Million
- 0.35% of the value of the account over \$5.0 Million and up to \$10 Million
- 0.30% of the value of the account over \$10 Million

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/ clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.

- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that *Schwab* serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses). When beneficial to the client, individual fixed-income and/or equity transactions may be effected through broker-dealers with whom Registrant and/or the client have entered into arrangements for prime brokerage clearing services, including effecting certain client transactions through other SEC registered and FINRA member broker-dealers (in which event, the client generally will incur both the transaction fee charged by the executing broker-dealer and a "tradeaway" fee charged by *Schwab*).
- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter.

The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.

- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, trusts, and pension and profit sharing plans. Registrant generally requires a minimum account of \$1,000,000 and an annual minimum fee of \$7,500 for investment advisory services. Registrant, in its sole discretion, may charge a lesser investment management fee and/or waive or reduce its minimum fee or asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant shall utilize the following methods of security analysis:
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
 - Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
 - Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant shall utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an

accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

- C. Currently, the Registrant primarily allocates client investment assets among various individual equity and fixed income securities and/or mutual funds, on a discretionary basis in accordance with the client's designated investment objective(s).

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. Other Investment Advisor. Registrant's representative, David Firth, also serves as Vice President, and Retirement Plan and Pension Specialist, for Thatcher Retirement Services ("Thatcher"), pursuant to which Mr. Firth consults with corporations of larger than 10 employees in the design, installation and operation of retirement plans. Thatcher clients may engage the Registrant for investment advisory services, all of which services are separate and independent of Mr. Firth's services for Thatcher. **The Registrant's Chief Compliance Officer, David Firth, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.**
- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is

based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally

recommends that investment management accounts be maintained at *Schwab*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab* (or another broker-dealer/custodian) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, David Firth, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant.

The Registrant's Chief Compliance Officer, David Firth, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment advisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and/or its representatives. All clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or telephonically) are encouraged to review financial planning issues to

the extent applicable), investment objectives and account performance with the Registrant on an annual basis.

- B. The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer/custodian for the client accounts. Those clients to whom Registrant provides investment advisory services will also receive a quarterly report from the Registrant summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant may receive an indirect economic benefit from *Schwab*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab*.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, David Firth, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant *may* pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer/custodian for the client accounts. Those clients to whom Registrant provides investment advisory services

will also receive a quarterly report from the Registrant summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please**

Also Note: The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. Unless the client directs otherwise in writing, the Registrant is responsible for voting client proxies (**However**, the client shall maintain exclusive responsibility for all legal proceedings or other type events pertaining to the account assets, including, but not limited to, class action lawsuits.). The Registrant shall vote proxies in accordance with its Proxy Voting Policy, a copy of which is available upon request. The Registrant shall monitor corporate actions of individual issuers and investment companies consistent with the Registrant's fiduciary duty to vote proxies in the best interests of its clients. Although the factors which Registrant will consider when determining how it will vote differ on a case by case basis, they may, but are not be limited to, include the following a review of recommendations from issuer management, shareholder proposals, cost effects of such proposals, effect on employees and executive and director compensation. With respect to individual issuers, the Registrant may be solicited to vote on matters including corporate governance, adoption or amendments to compensation plans (including stock options), and matters involving social issues and corporate responsibility. With respect to investment companies (e.g., mutual funds), the Registrant may be solicited to vote on matters including the approval of advisory contracts, distribution plans, and mergers. The Registrant shall maintain records pertaining to proxy voting as required pursuant to Rule 204-2 (c)(2) under the Advisers Act. Copies of Rules 206(4)-6 and 204-2(c)(2) are available upon written request. In addition, information pertaining to how the Registrant voted on any specific proxy issue is also available upon written request. Requests should be made by contacting the Registrant's Chief Compliance Officer, David Firth.
- B. As set forth in Item 17.A above, the Registrant votes client proxies.

Item 18 Financial Information

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, David Firth, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
