This brochure provides information about the qualifications and business practices of Align Wealth Management, LLC. If you have any questions about the contents of this brochure, please contact us at 405-607-4820. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Align Wealth Management, LLC is available on the SEC's website at www.adviserinfo.sec.gov.

Align Wealth Management, LLC is a registered investment adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Item 2 Summary of Material Changes

This is our first Annual Updating Amendment for our Appendix 1, ("Wrap Brochure"). This Brochure is only provided to our existing legacy clients who are still in the Wrap Fee Program. This program is not available to new clients. Since the initial filing of our Wrap Brochure dated February 11, 2013 there have been no material changes.

Item 9 Additional Information	Page 10
Item 10 Requirements for State-Registered Advisers	Page 12

Item 4 Services, Fees, and Compensation

Align Wealth Management, LLC is a registered investment advisor headquartered in Oklahoma City, Oklahoma with an office in St. Petersburg, Florida. We are organized as a limited liability company under the laws of the State of Oklahoma. We have been providing investment advisory services since 1993. W. Brian Puckett, Managing Member and Chief Compliance Officer, is our principal owner. Our advisory representatives are Certified Financial Planners who can help you manage your investments, plan your retirement, reduce your taxes, minimize your risks, and leave a legacy to your loved ones.

As used in this brochure, the words "we", "our" and "us" refer to Align Wealth Management, LLC and the words "you", "your" and "client" refer to you as either a client or prospective client of our firm. Also, you may see the term Associated Person throughout this Brochure. As used in this Brochure, our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm.

We offer portfolio management services through a wrap-fee program ("Program") as described in this wrap fee program brochure to prospective and existing clients. We are the sponsor and investment adviser for the Program. A wrap-fee program is a type of investment program that provides clients with asset management and brokerage services for one all-inclusive fee. If you participate in our wrap fee program, you will pay our firm a single fee, which includes money management fees, certain transaction costs, and custodial and administrative costs. You are not charged separate fees for the respective components of the total services. We receive a portion of the wrap fee for our services. The overall cost you will incur if you participate in our wrap fee program may be higher or lower than you might incur by separately purchasing the types of securities available in the Program.

Prior to becoming a client under the Program, you will be required to enter into a separate written agreement with us that sets forth the terms and conditions of the engagement and describes the scope of the services to be provided, and the fees to be paid.

Client Investment Process

We offer discretionary portfolio management services. Our investment advice is tailored to meet our clients' needs and investment objectives. If you retain our firm for portfolio management services, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information at the beginning of our advisory relationship. We will use the information we gather to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investments on your behalf. As part of our portfolio management services, we customize an investment portfolio for you in accordance with your risk tolerance and investing objectives. Once we construct an investment portfolio for you, we will monitor your portfolio's performance on an ongoing basis, and will rebalance the portfolio as required by changes in market conditions and in your financial circumstances.

As a client of our discretionary portfolio management services, we require you to grant our firm discretionary authority to manage your account. Discretionary authorization will allow our firm to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction, but will be done according to the agreed upon Investment Policy Statement. Discretionary authority is typically granted by the investment advisory agreement you sign with our firm, a power of attorney, or trading authorization forms. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased for your account) by providing our firm with your restrictions and guidelines in writing.

Assets for program accounts are held at TD Ameritrade Institutional, a division of TD Ameritrade, Inc., member FINRA/SIPC (hereinafter "TD Ameritrade") as custodian. TD Ameritrade also acts as executing broker/dealer for transactions placed in Program accounts, and provides other administrative services as described throughout this Brochure. To compare the cost of the wrap fee program with non-wrap fee portfolio management services, you should consider the frequency of trading activity associated with our investment strategies and the brokerage commissions charged by TD Ameritrade and the advisory fees charged by investment advisers.

Changes in Your Financial Circumstances

In providing the contracted services, we are not required to verify any information we receive from you or from your other professionals (e.g. attorney, accountant, etc.) and we are expressly authorized to rely on the information you provide. Furthermore, unless you indicate to the contrary, we shall assume that there are no restrictions on our services, other than to manage your account in accordance with your designated investment objectives. It is responsibility to promptly notify us if there are ever any changes in your financial situation or investment objectives for the purpose of reviewing/evaluating/revising our previous recommendations and/or services.

The Program Fee

We charge an annual "wrap-fee" for participation in the Program depending upon the market value of your assets under our management. You are not charged separate fees for the different components of the services provided by the Program. Our firm pays all trade expenses of trades placed on your behalf. Our Program fee includes the fee we pay to any portfolio manager for their management of your account and TD Ameritrade's transaction or execution costs. Assets in each of your account(s) are included in the fee assessment unless specifically identified in writing for exclusion. In special circumstances, and in our sole discretion, we may negotiate a lesser management fee based upon certain criteria (i.e., anticipated future earning capacity, dollar amount of assets to be managed, related accounts, account composition, pre-existing client relationship, account retention, etc.).

On an annualized basis, our Program fees are as follows:

Combined Account Size	Annual Fee
\$500,000 - \$1,000,000	1.00%
Next \$2,000,000	0.90%
Next \$2,000,000	0.75%
Next \$5,000,000	0.60%
Over \$10,000,000	0.40%

Households under \$500,000 may be accepted on a case by case basis and Align's annual fee in such cases is 1.20%.

As a client, you should be aware that the wrap fee charged by our firm may be higher (or lower) than those charged by others in the industry, and that it may be possible to obtain the same or similar services from other firms at lower (or higher) rates. A client may be able to obtain some or all of the types of services available through our firm's wrap fee program on an individual basis through other firms and, depending on the circumstances, the aggregate of any separately paid fees may be lower or higher than the annual fees shown above.

Our annual portfolio management fee is billed and payable quarterly in arrears based on the value of your account on the last day of the quarter. For the initial quarter of portfolio management services, the first quarter's fees will be calculated on a pro rata basis, which means the advisory fee is payable in proportion to the number of days in the quarter for which you are a client.

You may withdraw account assets on notice to our firm, and subject to the usual and customary securities settlement procedures. However, we design our portfolios as long-term investments and asset withdrawals may impair the achievement of your specific investment objectives.

We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. Further, the qualified custodian will deliver an account statement to you at least quarterly. These account statements will show all disbursements from your account. You should review all statements for accuracy. Generally, we will receive a duplicate copy of your account statements.

Termination of Advisory Relationship

You may terminate the wrap fee program agreement upon written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the wrap fee program agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

Upon termination of accounts held at TD Ameritrade, they will deliver securities and funds held in the account per your instructions unless you request that the account be liquidated. After the wrap fee program agreement has been terminated, transactions are processed at the prevailing brokerage rates/fees. You become responsible for monitoring your own assets and our firm has no further obligation to act upon or to provide advice with respect to those assets.

Wrap Fee Program Disclosures

- The benefits under a wrap fee program depend, in part, upon the size of the Account, the management fee charged, and the number of transactions likely to be generated in the Account. For example, a wrap fee program may not be suitable for Accounts with little trading activity. In order to evaluate whether a wrap fee program is suitable for you, you should compare the Program Fee and any other costs of the Program with the amounts that would be charged by other advisers, broker-dealers, and custodians, for advisory fees, brokerage and other execution costs, and custodial services comparable to those provided under the Program.
- In considering the investment programs described in this brochure, you should be aware that participating in a wrap fee program may cost more or less than the cost of purchasing advisory, brokerage, and custodial services separately from other advisers or broker-dealers.
- Our firm and Associated Persons receive compensation as a result of your participation in the Program. Accordingly, a conflict of interest exists because our firm and our Associated Persons have a financial incentive to recommend the Program.
- Similar advisory services may be available from other registered investment advisers for lower fees.

Additional Fees And Expenses

The Program Fee includes the costs of brokerage commissions for transactions executed through the Qualified Custodian (or a broker-dealer designated by the Qualified Custodian), and charges relating to the settlement, clearance, or custody of securities in the Account. The Program Fee does not include mark-ups and mark-downs, dealer spreads or other costs associated with the purchase or sale of securities, interest, taxes, or other costs, such as national securities exchange fees, charges for transactions not executed through the Qualified Custodian, costs associated with exchanging currencies, wire transfer fees, or other fees required by law or imposed by third parties. The Account will be responsible for these additional fees and expenses.

The wrap program fees that you pay to our firm for portfolio management services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others.

Brokerage Practices

If you participate in the Program, you will be required to establish an account with TD Ameritrade, member FINRA/SIPC/, an unaffiliated SEC-registered broker-dealer. If you do not direct our firm to execute transactions through TD Ameritrade, we reserve the right to not accept your account. Not all advisers require their clients to direct brokerage. Since you are required to use TD Ameritrade, we may be unable to achieve the most favorable execution of your transactions. We believe that TD Ameritrade provides quality execution services based on several factors, including, but not limited to, the ability to provide professional services, reputation, experience and financial stability.

We participate in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC/NFA. TD Ameritrade is an independent and unaffiliated SEC-registered broker-dealer. TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some benefits from TD Ameritrade through our participation in the program.

We participate in TD Ameritrade's institutional customer program and we may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our participation in the program and the investment advice we give to our Clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our related persons. Some of the products and services made available by TD Ameritrade through the program may benefit us but may not benefit our Client accounts. These products or services may assist us in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by us or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by us or our related persons in and of itself creates a potential conflict of interest and may indirectly influence the our choice of TD Ameritrade for custody and brokerage services.

Brokerage for Client Referrals

We do not receive client referrals from broker-dealers in exchange for cash or other compensation, such as brokerage services or research.

Item 5 Account Requirements and Types of Clients

We offer investment advisory services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, 401(k) plans and other business entities.

In general, we require a minimum of \$400,000 to open a new advisory account with us. At our discretion, we may waive or lower this minimum account size. We may also combine account values for you and your minor children, joint accounts with your spouse, and other types of related accounts to meet the stated minimum.

Item 6 Portfolio Manager Selection and Evaluation

We are the sponsor and sole portfolio manager for the Program.

Performance-Based Fees and Side-by-Side Management

We do not accept performance-based fees or participate in side-by-side management. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Our fees are calculated as described above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Methods of Analysis, Investment Strategies and Risk of Loss

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

We may use one or more of the following methods of analysis when formulating investment advice:

- Fundamental Analysis - involves analyzing asset classes and/or individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience and expertise of the company's management, and the outlook for the company's industry. The resulting data is used to measure the true value of the company's stock compared to the current market value.
- Modern Portfolio Theory (MPT) is a theory of investment which attempts to maximize portfolio expected return for a given amount of portfolio risk, or equivalently minimize risk for a given level of expected return, by carefully diversifying the proportions of various assets.

Associated Risks

Fundamental Analysis - The risk of fundamental analysis is that information obtained may be incorrect and the analysis may not provide an accurate estimate of earnings, which may be the basis for a stock's value. If securities prices adjust rapidly to new information, utilizing fundamental analysis may not result in favorable performance.

We generally utilize investment strategies involving long term purchases with the expectation that the value of those securities will grow over a relatively long period of time, generally greater than three years.

Tax Considerations

For taxable accounts, we take a number of steps to maximize after-tax returns. During our investment screening process, we assess the tax efficiency of each potential holding. Our objective is to identify investments that will deliver solid after-tax returns. We consider carefully whether it makes sense to continue to hold investments that we might otherwise sell once they have built up large capital gains. Using our portfolio trading software, we assess the opportunity cost of holding an existing position with a significant unrealized gain vs. selling and generating capital gain taxes. We review a variety of scenarios before making a final sell decision. When the markets are volatile on the downside, we look for opportunities to harvest capital losses by selling investments, or specific tax lots, that have unrealized losses that could be used to offset gains on a client's tax return.

If we are planning on selling an investment position with a gain, we will first consider the holding period and if we are close to creating a long-term capital gain, (after a one year holding period), then we may consider holding the position for a few more days or weeks in order to allow the client to take advantage of lower tax rates on long-term capital gains. For our taxable accounts that include fixed income, municipal tax-free bonds are often used in lieu of taxable bonds.

Moreover, as a result of revised IRS regulations, custodians and broker-dealers will begin reporting the cost basis of equities acquired in client accounts on or after January 1, 2011. Our firm will instruct the custodian to use the first-in, first-out ("FIFO") accounting method for calculating and reporting the cost basis of your investments, although other methods may be used on a transaction by transaction basis. Any such method would be discussed with you prior to executing the transaction.

Please note that decisions about cost basis accounting methods will need to be made before trades settle, as the cost basis method cannot be changed after settlement.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Proxy Voting

We will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of applicable securities, you are responsible for exercising your right to vote as a shareholder. In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward any electronic solicitation to vote proxies.

Item 7 Client Information Provided to Portfolio Managers

As required, in order to provide the Program services, we will provide your private information to your account custodian, TD Ameritrade. We may also provide your private information to mutual fund companies and/or private managers. We will only share the information necessary in order to carry out our obligations to you in servicing your account. We share your personal account data in accordance with our privacy policy as described below.

Privacy Policy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, insurance agencies and insurance companies, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact our main office at the telephone number on the cover page of this brochure if you have any questions regarding this policy.

Item 8 Client Contact with Portfolio Managers

Without restriction, you should contact our firm or your advisory representative directly with any questions regarding your Program account.

Item 9 Additional Information

Disciplinary Information

We are required to disclose the facts of any legal or disciplinary events that are material to a client's evaluation of our advisory business or the integrity of our management. We do not have any required disclosures under this item.

Other Financial Industry Activities and Affiliations

W. Brian Puckett, Managing Member/CCO is a Certified Public Accountant ("CPA"). Mr. Puckett is also president and sole owner of the Puckett Law Firm, P.C., a law firm specializing in estate planning and tax law. Mr. Puckett currently spends approximately less than 5% of his professional time on behalf of the Puckett Law Firm as an attorney and/or providing tax advice as a CPA. Clients of Align may also

be clients of the Puckett Law Firm. Fees charged by the Puckett Law Firm for legal services and/or tax services are separate and distinct from investment advisory fees charged by our firm. You are under no obligation to engage Mr. Puckett for legal or tax services.

Recommendation of Other Advisers

We may recommend that you use a third party money manager ("MM") based on your needs and suitability. We will receive compensation from the MM for recommending that you use their services. These compensation arrangements present a conflict of interest because we have a financial incentive to recommend the services of the third party adviser. You are not obligated, contractually or otherwise, to use the services of any MM we recommend.

Code of Ethics

We have adopted a Code of Ethics that sets the standard of conduct expected to comply with applicable securities laws. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. We adhere strictly to these guidelines. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Clients or prospective clients may obtain a copy of our Code of Ethics by contacting us at the telephone number on the cover page of this brochure.

Participation or Interest in Client Transactions

Neither our firm nor any of our Associated Persons has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this brochure.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell the same securities that we recommend to you or securities in which you are already invested. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To mitigate this conflict of interest, it is our policy that neither our firm nor persons associated with our firm shall have priority over your account in the purchase or sale of securities.

Review of Accounts

W. Brian Puckett, Managing Member/CCO and Dennis Packard, Member/IAR, will conduct a weekly policy investment meeting. They will monitor your accounts and holdings on a daily basis. We typically recommend formal in-person meetings 2 - 4 times per year with our clients who live in the Oklahoma City and Tampa Bay areas, based upon each client's preference. For our clients who live outside of these areas, we suggest regular updates via email, phone, web-conferencing and in-person meetings as appropriate. Additional reviews may be conducted based on various circumstances, including, but not limited to:

- contributions and withdrawals,
- year-end tax planning,
- changes in your goals,
- security specific events, and/or,
- changes in your risk/return objectives.

We will send you a detailed performance report each quarter that compares your portfolio's performance to a series of relevant benchmarks. You will also receive trade confirmations and monthly or quarterly statements from your account custodian(s).

Client Referrals and Other Compensation

We have solicitor arrangements whereby we directly compensate non-employee (outside) consultants, individuals, and/or entities (Solicitors) for client referrals. In order to receive a cash referral fee from our firm, Solicitors must comply with the requirements of the jurisdictions in which they operate. If you were referred to our firm by a Solicitor, you should have received a copy of this Disclosure Brochure along with the Solicitor's disclosure statement at the time of the referral. If you become a client, the Solicitor that referred you to our firm will receive a percentage of the advisory fee you pay our firm for as long as you are a client with our firm, or until such time as our agreement with the Solicitor expires.

You will not pay additional or higher fees because of this referral arrangement. Referral fees paid to a Solicitor are contingent upon your entering into an advisory agreement with our firm. Therefore, a Solicitor has a financial incentive to recommend our firm to you for advisory services.

We do not receive any economic benefit, compensation or kickback from a non-client in connection with providing investment advice or other advisory services to you.

Block Trades

We typically combine multiple orders for shares of the same securities purchased for advisory accounts we manage (this practice is commonly referred to as "block trading"). We will then distribute a portion of the shares to participating accounts in a fair and equitable manner. The distribution of the shares purchased is typically proportionate to the size of the account; however, smaller clients may bear higher charges if they fail to meet the minimum account sizes set by the broker. This practice is not based on account performance or the amount or structure of management fees. Subject to our discretion regarding factual and market conditions, when we combine orders, each participating account pays an average price per share for all transactions and pays a proportionate share of all transaction costs. Accounts owned by our firm or persons associated with our firm may participate in block trading with your accounts; however, they will not be given preferential treatment.

Financial Information

We are not required to provide a balance sheet or other financial information to our clients, because we do not require the prepayment of fees in excess of \$500 and six months or more in advance; we do not take custody of client funds or securities; and, we do not have a financial condition that is reasonably likely to impair our ability to meet our commitments to you. Moreover, we have never been the subject of a bankruptcy petition.

Trade Errors

In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account.

Class Action Lawsuits

We do not determine if securities held by you are the subject of a class action lawsuit. Moreover, we do not determine whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf.

Item 10 Requirements for State-Registered Advisers

This section is not applicable to our firm because we are an SEC registered investment adviser.
