This wrap fee program brochure provides information about the qualifications and business practices of Cornerstone Financial Advisors. If you have any questions about the contents of this brochure, please contact by telephone at 704-987-3410 or email at [crubrecht@cfpwealthplan.com](mailto:crubrecht@cfpwealthplan.com). The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about Cornerstone Financial Advisors is also available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov)

Please note use of the term "registered investment adviser" and description of Cornerstone Financial Advisors and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and its employees.

## **Item 2: Material Changes**

Cornerstone Financial Advisors is required to advise you of any material changes to our Wrap Fee Program Brochure ("Wrap Brochure") from our last annual update, identify those changes on the cover page of our Wrap Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Wrap Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Wrap Brochure, and we must provide the date of the last annual update of our Wrap Brochure.

Since our last annual update on 3/27/2014, we clarified billing in our wrap program in that fees are negotiable, deducted from your account or in rare cases paid directly to us and a 45-day termination of services for client non-payment.

#### Item 4: Services, Fees & Compensation

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services include portfolio management is not based upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

#### Our Wrap Advisory Services

##### Comprehensive Portfolio Management Wrap Fee Program:

Our comprehensive portfolio management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds, mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

<b>Assets under Management</b>	<b>Annual Percentage of assets charge*:</b>
Up to \$100,000	1.75%
Up to \$1,000,000	1.50%
\$1,000,000 to \$2,500,000	1.25%
\$2,500,000 to 5,000,000	1.00%
Over \$5,000,000	Negotiable

\*Our firm's fees are billed on a pro-rata annualized basis monthly/quarterly in advance based on the value of your account on the last day of the previous month/quarter. Fees are negotiable and are deducted from your account. On rare occasions we allow direct billing. If no response or payments are received within 45 days services will be terminated and no future updates will be provided. If no response or payments are received within 45 days services will be terminated and no future updates will be provided.

## **Other Types of Fees & Expenses**

---

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

We do not recommend or offer the wrap program services of other providers. Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

## **Other Important Considerations**

- The advisory fee is an ongoing wrap fee for investment advisory services, the execution of transactions and other administrative and custodial services. The advisory fee may cost the client more than purchasing the program services separately, for example, paying an advisory fee plus commissions for each transaction in the account. Factors that bear upon the cost of the account in relation to the cost of the same services purchased separately include the type and size of the account, historical and or expected size or number of trades for the account, and number and range of supplementary advisory and client-related services provided to the client.
- The advisory fee also may cost the client more than if assets were held in a traditional brokerage account. In a brokerage account, a client is charged a commission for each transaction, and the representative has no duty to provide ongoing advice with respect to the account. If the client plans to follow a buy and hold strategy for the account or does not wish to purchase ongoing investment advice or management services, the client should consider opening a brokerage account rather than a program account.
- The Advisor recommending the program to the client receives compensation as a result of the client's participation in the program. This compensation includes the advisory fee and also may include other compensation, such as bonuses, awards or other things of value offered by LPL to the Advisor or its associated persons. The amount of this compensation may be more or less than what the Advisor would receive if the client participated in other LPL programs, programs of other investment advisors or paid separately for investment advice, brokerage and other client services. Therefore, the Advisor may have a financial incentive to recommend a program account over other programs and services.
- The investment products available to be purchased in the program can be purchased by clients outside of a program account, through broker-dealers or other investment firms not affiliated with Advisor.

## **Item 5: Account Requirements & Types of Clients**

We impose the following requirement(s) to open or maintain an account:

- We require a minimum account balance of \$30,000 for our Comprehensive Portfolio Management. Generally, this minimum account balance requirement is not negotiable and would be required throughout the course of the client's relationship with our firm.

Types of clients we typically manage wrap fee accounts on behalf of, include:

- Individuals and High Net-Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, limited liability companies and/or other business types.

## **Item 6: Portfolio Manager Selection & Evaluation**

Our firm does not utilize outside portfolio managers. All accounts are managed by our in-house professionals. We do not calculate portfolio manager performance. Instead, we rely upon the performance figures based on client's monthly or quarterly statements. We review account performance information at least quarterly. However, performance information may not be calculated on a uniform and consistent basis.

There is a conflict of interest in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our portfolio managers are not subject to the same selection and review as outside portfolio managers that participate in the wrap fee program. This is because we have chosen not to utilize outside portfolio managers.

### **Advisory Business**

---

See Item 4 of this Wrap Fee Program Brochure for information about our wrap fee advisory programs. We offer individualized investment advice to clients utilizing comprehensive portfolio management services. We usually do not allow clients to impose restrictions on investing in certain securities or types of securities due to the level of difficulty this would entail in managing their account. In the rare instance that we would allow restrictions, it would be limited to our comprehensive portfolio management services.

Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. Nor do we do not charge performance fees to our clients.

### **Methods of Analysis, Investment Strategies and Risk of Loss**

---

#### Methods of Analysis:

- Fundamental;
- Technical;
- Cyclical.

Our firm will utilize several disciplines of analysis. On occasion we will use a technical analysis for forecasting the direction of prices through the study of past market data, primarily price and volume by examining what investors fear or think about those developments and whether or not investors have the wherewithal to back up their opinions as opposed to a fundamental analysis which examines earnings, dividends, new products, research and the like. Technical analysis is frequently contrasted with fundamental analysis and each has limitations because of assumptions about the market. We enlist a more rational approach by utilizing both types of analyses. Studying recurring, preferably periodic, movements in prices or other time series or cyclical analysis may also be incorporated in our methods of analysis. Cyclical may too narrowly predict price without integrating relevant factors. We strive to avoid risks of any one method by incorporating several methods.

#### Investment Strategies we use:

- Long term purchases (securities held at least a year);
- Short term purchases (securities sold within a year);
- Trading (securities sold within 30 days);
- Short sales.

Our firm will make long term purchases (securities held at least a year), short term purchases (securities sold within a year), and trading (securities sold within 30 days). Generally there is more risk involved with shorter trading. We also use short sales to implement our strategies in which we would hope to make a profit from prices going down. The related risks occur when the price of the assets rises. There may also be costs for shorting such as a fee for borrowing the assets and payment of any dividends on the borrowed assets. Similarly margin transactions, option writing, including covered options, uncovered options or spreading strategies may be used to implement our strategies.

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

#### **Voting Client Securities**

---

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

#### **Item 7: Client Information Provided to Portfolio Manager(s)**

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly, monthly, etc) to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment

management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

**Please also note the following:**

In the Wrap Fee program, we are responsible for account management; there is no separate portfolio manager involved. Our firm obtains the necessary financial data from the client and assists the client in setting an appropriate investment objective for the account. Our firm obtains this information by having the client complete an advisory agreement and other documentation. Clients are encouraged to contact us if there have been any changes in the client's financial situation or investment objectives or if they wish to impose any reasonable restrictions on the management of the account or reasonably modify existing restrictions. Client should be aware that the investment objective selected for the program is an overall objective for the entire account and may be inconsistent with a particular holding and the account's performance at any time. Client should further be aware that achievement of the stated investment objective is a long-term goal for the account.

**Item 8: Client Contact with Portfolio Manager(s)**

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

**Item 9: Additional Information**

**Disciplinary Information**

We have determined that our firm and management have no disciplinary information to disclose.

**Financial Industry Activities & Affiliations**

Some of our advisory affiliates are registered representative of LPL Financial Corporation, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. This presents a conflict of interest to the extent that the advisory affiliate recommends that a client invest in a security which results in a commission being paid to the advisory affiliate.

Certain of our firm's Advisory Affiliates, in their individual capacities, are also licensed insurance agents with various insurance companies, and in such capacity, may recommend, on a fully disclosed commission basis, the purchase of certain insurance products. While our firm does not sell such insurance products to our investment advisory clients, we permit our Advisory Affiliates, in their individual capacities as licensed insurance agents, to sell insurance products to our investment advisory clients. A conflict of interest exists to the extent that our firm recommends the purchase of insurance products where our firm's Advisory Affiliates receive insurance commissions or other additional compensation.

**Code of Ethics, Participation or Interest in Client Transactions & Personal Trading**

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in

a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts<sup>1</sup>. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates. Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Further, related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 48 hours of buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

## **Review of Accounts**

---

We review accounts on at least a quarterly basis for our clients for whom we manage assets. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

---

<sup>1</sup> For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not provide written reports to clients, unless asked to do so. Oral reports to clients take place on at least an annual basis when we contact clients for whom we manage assets.

## **Client Referrals & Other Compensation**

---

### **Investment or Brokerage Discretion**

We provide discretionary portfolio management services where the investment advice provided is custom tailored to meet the needs and investment objectives of each client. Accordingly, we are authorized to perform various functions, at the client's expense, without further approval from the client. Such functions include the determination of securities to be purchased/sold and the amount of securities to be purchased/sold. We do not have discretionary authority over the broker or dealer to be used.

### **Suggestion of Brokers to Clients**

We shall recommend Custodians. LPL Financial ("LPL") and National Financial Services LLC and Fidelity Brokerage Services LLC (collectively, and together with all affiliates, "Fidelity") are the broker-dealers with which our representatives are also associated. As a result of the individual association of our representatives with LPL, we are generally required to utilize the brokerage/custodial services of LPL for investment advisory accounts. Our general policies relative to the execution of client securities brokerage transactions are as follows:

### **Execution of Brokerage Transactions (when applicable)**

If requested, we will arrange for the execution of securities brokerage transactions for the account through broker-dealers that we reasonably believe will provide "best execution". In seeking "best execution", the determinative factor is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution. We also take into consideration the full range of a broker-dealer's services including execution capability, commission rates, and responsiveness. Although we will seek competitive commission rates, it may not necessarily obtain the lowest possible commission rates for account transactions.

Over-the-Counter (OTC) securities transactions for our clients are generally effected based on two (2) separate broker-dealers: (1) a "dealer" or "principal" acting as market-maker; and (2) the executing broker-dealer that acts in an agency capacity for the client's account. Dealers executing principal transactions typically include a mark-up/down, which is included in the offer or bid price of the securities purchased or sold. In addition to the dealer mark-up/down, the client may also incur the transaction fee imposed by the executing broker-dealer. We do not receive any portion of the dealer mark-up/down or the executing broker-dealer transaction fee.

Transactions for each client account generally will be effected independently, unless we decide to purchase or sell the same securities for several clients at approximately the same time. We may, but are not obligated to, combine or "batch" such orders to obtain "best execution", to negotiate more favorable commission rates, to allocate fairly among the clients' differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among our clients in proportion to the purchase and sale orders placed for each client account on any given day. To the extent that we determine to aggregate client orders for the purchase or sale of

securities, including securities in which our principals) and/or associated persons) may invest, we shall generally do so in accordance with the parameters set forth in SEC No-Action Letter, SMC Capital, Inc. We shall not receive any additional compensation or remuneration as a result of the aggregation.

When referring clients to dealers, we will only refer clients to dealers registered in states where the clients reside.

### **Additional Compensation**

---

We may receive from LPL, Fidelity or a mutual fund company, without cost and/or at a discount support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL or Fidelity as result of this arrangement. There is no commitment made by us to either custodian or any other institution as a result of the above arrangement.

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

### **Financial Information**

---

We do not require nor do we solicit prepayment of more than \$1,200 in fees per client, six months or more in advance. Therefore we have not included a balance sheet for our most recent fiscal year. Cornerstone Financial Partners, Inc. has never filed for bankruptcy and is not aware of any financial condition that is expected to affect its ability to manage client accounts.
