Item 4 Advisory Business

- A. PWM Advisory Group, LLC (“PWM Advisory Group”) is a limited liability company formed on May 23, 2011 in the State of New Jersey. PWM become an SEC registered investment advisor firm on August 12, 2011. PWM Advisory Group is principally owned by Pinnacle Capital Management, LLC. James F. Ferrare is PWM Advisory Group’s Managing Member.
- B. As discussed below, PWM Advisory Group offers to its clients (individuals, investment companies, investment limited partnerships, pension and profit sharing plans, business entities, trusts, estates and charitable organizations, etc.) investment advisory services. PWM Advisory Group **does not** hold itself out as providing financial planning, estate planning or accounting services.

INVESTMENT ADVISORY SERVICES

The client can determine to engage PWM Advisory Group to provide discretionary investment advisory services on a *fee-only* basis. PWM Advisory Group’s annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under PWM Advisory Group’s management, generally between negotiable and 1.00%.

MISCELLANEOUS

Limited Consulting/Implementation Services. Although PWM Advisory Group does not hold itself out as providing financial planning, estate planning or accounting services, to the extent specifically requested by the client, PWM Advisory Group *may* provide limited consultation services to its investment management clients on investment and non-investment related matters, such as cash flow projections, estate planning, tax planning, insurance, etc. PWM Advisory Group shall not receive any separate or additional fee for any such consultation services. Neither PWM Advisory Group, nor any of its representatives, serves as an attorney, accountant, or licensed insurance agent, and no portion of PWM Advisory Group’s services should be construed as same. To the extent requested by a client, PWM Advisory Group may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc). The client is under no obligation to engage the services of any such recommended professional. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client’s responsibility to promptly notify PWM Advisory Group if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising PWM Advisory Group’s previous recommendations and/or services.

Private Investment Funds. One of PWM Advisory Group’s Members, Pinnacle Associates Ltd. (“Pinnacle Associates”), currently serves as investment adviser and/or General Partner of certain investment limited partnerships (the “*Partnerships*”). To the extent

certain of PWM Advisory Group's individual advisory clients qualify, they will be eligible to participate as limited partners of the *Partnerships*. All relevant information, terms and conditions relative to the *Partnerships*, including the compensation to be received by Pinnacle Associates as the General Partner, suitability, risk factors, and potential conflicts of interest, are set forth in the Confidential Private Offering Memorandum, Limited Partnership Agreement and Subscription Agreement, which each limited partner is required to receive and/or execute prior to being accepted as a limited partner of any of the *Partnerships*.

Please Note: Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund's offering documents, which will be provided to each client for review and consideration. Unlike liquid investments that a client may maintain, private investment funds do not provide daily liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the fund, and acknowledges and accepts the various risk factors that are associated with such an investment.

Please Also Note: Valuation. In the event that PWM Advisory Group references private investment funds owned by the client on any supplemental account reports prepared by PWM Advisory Group, the value(s) for all such private investment funds shall reflect either the initial purchase and/or the most recent valuation provided by the fund sponsor. If the valuation reflects the initial purchase price (and/or a value as of a previous date), the current value(s) (to the extent ascertainable) could be **significantly more or less** than the original purchase price.

Please Also Note: Because PWM Advisory Group's Member, Pinnacle Associates, may receive compensation from the *Partnerships* that may exceed the compensation that it is entitled to receive as a result of distributions attributable to its ownership interest in PWM Advisory Group, the recommendation that a client become a *Partnerships* investor presents a **conflict of interest**. No client is under any obligation to become a *Partnerships* investor. **PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions regarding this conflict of interest.**

Sub-Advisory Arrangements. PWM Advisory Group may engage sub-advisors for the purpose of assisting PWM Advisory Group with the management of its client accounts. The sub-advisor(s) shall have discretionary authority for the day-to-day management of the assets that are allocated to it by PWM Advisory Group. The sub-advisor shall continue in such capacity until such arrangement is terminated or modified by PWM Advisory Group. PWM Advisory Group shall pay a portion of the investment advisory fee received for these allocated assets to the sub-advisor for its sub-advisory services. Specifically, PWM Advisory Group has a sub-advisory agreement with one of its Members, Pinnacle Associates (*See* Item 10.C below.). PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions concerning PWM Advisory Group's sub-advisory arrangements.

Administrative Support. PWM Advisory Group has entered into a contractual relationship with Pinnacle Associates to assist PWM Advisory Group with administrative support services. **PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions that a client or prospective client may have regarding this arrangement.**

Please Note: Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being **no guarantee** that such anticipated market conditions/events will occur), PWM Advisory Group *may* maintain cash positions for defensive or other purposes. All cash positions (money markets, etc.) shall be included as part of assets under management for purposes of calculating PWM Advisory Group's advisory fee. **PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions that a client or prospective client may have regarding the above fee billing practice.**

Client Obligations. In performing its services, PWM Advisory Group shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify PWM Advisory Group if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising PWM Advisory Group's previous recommendations and/or services.

Disclosure Statement. A copy of PWM Advisory Group's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*.

- C. PWM Advisory Group shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, PWM Advisory Group shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on PWM Advisory Group's services.
- D. PWM Advisory Group does not participate in a wrap fee program.
- E. As of December 31, 2013, PWM Advisory Group had \$198,000,000 in assets under management on a discretionary basis.

Item 5 Fees and Compensation

- A. The client can determine to engage PWM Advisory Group to provide discretionary investment advisory services on a *fee* basis.

INVESTMENT ADVISORY SERVICES

If a client determines to engage PWM Advisory Group to provide discretionary investment advisory services on a *fee-only* basis, PWM Advisory Group's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under PWM Advisory Group's management (between negotiable and 1.00%) as follows:

<u>Assets Under Management</u>	<u>Range of Fees (Annual)</u>
Initial \$5 Million	1.00%
Next \$10 Million	0.75%
Next \$20 Million	0.50%
All additional assets	0.25%

- B. Clients may elect to have PWM Advisory Group's advisory fees deducted from their custodial account. Both PWM Advisory Group's *Investment Advisory Agreement* and the custodial/ clearing agreement may authorize the custodian to debit the account for the amount of PWM Advisory Group's investment advisory fee and to directly remit that management fee to PWM Advisory Group in compliance with regulatory procedures. In the limited event that PWM Advisory Group bills the client directly, payment is due upon receipt of PWM Advisory Group's invoice. PWM Advisory Group shall deduct fees and/or bill clients quarterly in advance or arrears, based upon the market value of the assets on the last business day of the previous quarter.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, PWM Advisory Group shall generally recommend that Charles Schwab and Co., Inc. ("*Schwab*") and/or TD Ameritrade serve as the broker-dealer/custodian for client investment management assets. PWM Advisory Group participates in the institutional advisor program (the "*Program*") offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC/NFA ("*Ameritrade*"), an unaffiliated SEC-registered broker-dealer and FINRA member. Broker-dealers such as *Schwab* and *Ameritrade* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to PWM Advisory Group's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses. When beneficial to the client, individual fixed-income and/or equity transactions may be effected through broker-dealers with whom PWM Advisory Group and/or the client have entered into arrangements for prime brokerage clearing services, including effecting certain client transactions through other SEC registered and FINRA member broker-dealers (in which event, the client generally will incur both the transaction fee charged by the executing broker-dealer and a "tradeaway" fee charged by *Schwab* and/or *Ameritrade*).
- D. PWM Advisory Group's annual investment advisory fee shall be prorated and paid quarterly, in advance or arrears, as the case may be, based upon the market value of the assets on the last business day of the previous quarter. The *Investment Advisory Agreement* between PWM Advisory Group and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, PWM Advisory Group shall either

refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter or debit or separately bill the account for the pro-rated portion of the unpaid advanced advisory fee based upon the number of days that services were provided during the billing quarter, as the case may be.

- E. Neither PWM Advisory Group, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither PWM Advisory Group nor any supervised person of PWM Advisory Group accepts performance-based fees.

Item 7 Types of Clients

PWM Advisory Group's clients shall generally include individuals, investment companies, investment limited partnerships, pension and profit sharing plans, business entities, trusts, estates and charitable organizations. PWM Advisory Group generally requires a \$1,000,000 minimum asset level for investment advisory services. PWM Advisory Group, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. PWM Advisory Group may utilize the following methods of security analysis:
- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
 - Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
 - Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
 - Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

PWM Advisory Group may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment

or investment strategy (including the investments and/or investment strategies recommended or undertaken by PWM Advisory Group) will be profitable or equal any specific performance level(s). **Please Also Note:** Investing in securities involves risk of loss that clients should be prepared to bear.

- B. PWM Advisory Group's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis PWM Advisory Group must have access to current/new market information. PWM Advisory Group has no control over the dissemination rate of market information; therefore, unbeknownst to PWM Advisory Group, certain analyses may be compiled with outdated market information, limiting the value of PWM Advisory Group's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

PWM Advisory Group's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, PWM Advisory Group may also implement and/or recommend options transactions, a strategy that has a high level of inherent risk. (See discussion below).

The use of options transactions as an investment strategy involves a high level of inherent risk. Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the purchase or the recommendation to purchase an option contract by PWM Advisory Group shall be with the intent of offsetting/"hedging" a potential market risk in a client's portfolio. **Please Note:** Although the intent of the options-related transactions that may be implemented by PWM Advisory Group is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Thus, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct PWM Advisory Group, in writing, not to employ any or all such strategies for his/her/their/its accounts.

- C. Currently, PWM Advisory Group primarily allocates client investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds and/or exchange traded funds (“ETFs”) on a discretionary basis in accordance with the client’s designated investment objective(s).

Item 9 Disciplinary Information

PWM Advisory Group has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither PWM Advisory Group, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither PWM Advisory Group, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Accounting Firm.** PWM Advisory Group does not render accounting advice or tax preparation services to its clients. Rather, to the extent that a client requires accounting advice and/or tax preparation services, PWM Advisory Group may recommend the services of a Certified Public Accountant, all of which services shall be rendered independent of PWM Advisory Group pursuant to a separate agreement between the client and the Certified Public Accountant. PWM Advisory Group shall not receive any of the fees charged by any recommended Certified Public Accountant, referral or otherwise. Specifically, one of PWM Advisory Group’s Members, WS + B Financial Services Group, LLC (“WS + B”), is owned by WithumSmith + Brown, P.C. a certified public accounting firm (“WS+B, CPA”). Specifically, to the extent that WS+B, CPA provides accounting and/or tax preparation services to any clients, including clients of PWM Advisory Group, all such services shall be performed by WS+B, CPA, in its separate professional capacity, independent of PWM Advisory Group, for which services PWM Advisory Group shall not receive any portion of the fees charged by WS+B, CPA, referral or otherwise. It is expected that the members of WS+B, CPA, solely incidental to their respective practices as Certified Public Accountants with WS+B, CPA, shall recommend PWM Advisory Group’s services to certain of WS+B, CPA’s clients. WS+B, CPA is not involved in providing investment advice on behalf of PWM Advisory Group, nor does WS+B, CPA hold itself out as providing investment advisory services on behalf of PWM Advisory Group. The recommendation by PWM Advisory Group that a client use the services of WS+B, CPA’s presents a *conflict of interest*. No client of PWM Advisory Group is required to use the services of WS+B, CPA. **PWM Advisory Group’s Chief Compliance Officer, Carmine D’Avino, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Other Investment Advisers. WS + B and/or WS+B, CPA provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.). If PWM Advisory Group’s clients require and/or request the above financial planning and/or consulting services, PWM

Advisory Group may recommend the services of WS + B, and/or WS+B, CPA thereby creating a **conflict of interest**. Because WS + B is a Member of PWM Advisory Group, PWM Advisory Group may have an incentive to recommend WS + B's and/or WS+B, CPA's services to PWM Advisory Group's clients. No client of PWM Advisory Group is under any obligation to engage WS + B and/or WS+B, CPA for such financial planning services. **Please Note:** In the event that a client of PWM Advisory Group engages the services of WS + B and/or WS+B, CPA to provide financial planning and/or consulting services, all such services shall be provided by WS + B and/or WS+B, CPA, independent of PWM Advisory Group, for which PWM Advisory Group will not receive any portion of the fee for such services, referral or otherwise. **Please Also Note:** PWM Advisory Group has entered into a separate written agreement with WS + B, whereby WS + B may receive compensation that is above and beyond the compensation WS + B may receive as a result of its ownership interest in PWM Advisory Group, as a result of client referrals to PWM Advisory Group. **PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Other Investment Adviser. PWM Advisory Group provides investment management services to its clients through one of its Members, Pinnacle Associates, an SEC registered investment adviser. (See Sub-Advisory Arrangements above).

- D. PWM Advisory Group does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. PWM Advisory Group maintains an investment policy relative to personal securities transactions. This investment policy is part of PWM Advisory Group's overall Code of Ethics, which serves to establish a standard of business conduct for all of PWM Advisory Group's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, PWM Advisory Group also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by PWM Advisory Group or any person associated with PWM Advisory Group.

- B. Neither PWM Advisory Group nor any related person of PWM Advisory Group recommends, buys, or sells for client accounts, securities in which PWM Advisory Group or any related person of PWM Advisory Group has a material financial interest.
- C. PWM Advisory Group and/or representatives of PWM Advisory Group *may* buy or sell securities that are also recommended to clients. This practice may create a situation where PWM Advisory Group and/or representatives of PWM Advisory Group are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if PWM Advisory Group did not

have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of PWM Advisory Group’s clients) and other potentially abusive practices.

PWM Advisory Group has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of PWM Advisory Group’s “Access Persons”. PWM Advisory Group’s securities transaction policy requires that an Access Person of PWM Advisory Group must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date PWM Advisory Group selects; provided, however that at any time that PWM Advisory Group has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. PWM Advisory Group and/or representatives of PWM Advisory Group *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where PWM Advisory Group and/or representatives of PWM Advisory Group are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11.C, PWM Advisory Group has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of PWM Advisory Group’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that PWM Advisory Group recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct PWM Advisory Group to use a specific broker-dealer/custodian), PWM Advisory Group generally recommends that investment management accounts be maintained at *Schwab* and/or *Ameritrade*. Prior to engaging PWM Advisory Group to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with PWM Advisory Group setting forth the terms and conditions under which PWM Advisory Group shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that PWM Advisory Group considers in recommending *Schwab* and/or *Ameritrade* or any other broker-dealer/custodian to clients) include historical relationship with PWM Advisory Group, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by PWM Advisory Group's clients shall comply with PWM Advisory Group's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where PWM Advisory Group determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although PWM Advisory Group will seek

competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, PWM Advisory Group's investment management fee. PWM Advisory Group's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. TD Ameritrade Institutional Customer Program

PWM Advisory Group participates in the institutional advisor program (the "*Program*") offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC/NFA ("*TD Ameritrade*"), an unaffiliated SEC-registered broker-dealer and FINRA member. *TD Ameritrade* offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. PWM Advisory Group receives some benefits from *TD Ameritrade* through its participation in the *Program*.

There is no direct link between PWM Advisory Group's participation in the *Program* and the investment advice it gives to its clients, although PWM Advisory Group receives economic benefits through its participation in the *Program* that are not typically available to *TD Ameritrade* retail investors. These benefits include the following products and services (provided without cost or at a discount): duplicate client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing research, technology, and practice management products or services provided to PWM Advisory Group by third party vendors. *TD Ameritrade* may also have paid for business consulting and professional services received by PWM Advisory Group. Some of the products and services made available by *TD Ameritrade* through the *Program* may benefit PWM Advisory Group but may not benefit its client accounts. These products or services may assist PWM Advisory Group in managing and administering client accounts, including accounts not maintained at *TD Ameritrade*. Other services made available by *TD Ameritrade* are intended to help PWM Advisory Group manage and further develop its business enterprise. *TD Ameritrade* may also pay or reimburse expenses (including travel, lodging, meals and entertainment expenses) for PWM Advisory Group's representatives to attend conferences or meetings relating to the *Program* or to *TD Ameritrade's* advisor custody and brokerage services generally. The benefits received by PWM Advisory Group or its representatives through participation in the *Program* do not depend on the amount of brokerage transactions directed to *TD Ameritrade*. Clients should be aware, however, that the receipt of economic benefits by PWM Advisory Group or its representatives in and of itself creates a potential conflict of interest and may indirectly influence PWM Advisory Group's recommendation of *TD Ameritrade* for custody and brokerage services.

PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, PWM Advisory Group may receive from *Schwab* and/or *Ameritrade* (or another broker-dealer/custodian) without cost (and/or at a discount) support services and/or products, certain of which assist PWM Advisory Group to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by PWM Advisory Group may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by PWM Advisory Group in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist PWM Advisory Group in managing and administering client accounts. Others do not directly provide such assistance, but rather assist PWM Advisory Group to manage and further develop its business enterprise.

PWM Advisory Group's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* and/or *Ameritrade* as a result of this arrangement. There is no corresponding commitment made by PWM Advisory Group to *Schwab* and/or *Ameritrade* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. PWM Advisory Group does not receive referrals from broker-dealers.
3. PWM Advisory Group will accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and PWM Advisory Group will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by PWM Advisory Group. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs PWM Advisory Group to effect securities transactions for the client's accounts through a specific broker-dealer, the

client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through PWM Advisory Group.

PWM Advisory Group's Chief Compliance Officer, Carmine D'Avino, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that PWM Advisory Group provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless PWM Advisory Group decides to purchase or sell the same securities for several clients at approximately the same time. PWM Advisory Group may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among PWM Advisory Group's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. PWM Advisory Group shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom PWM Advisory Group provides investment supervisory services, account reviews are conducted on an ongoing basis by PWM Advisory Group's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise PWM Advisory Group of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with PWM Advisory Group on an annual basis.
- B. PWM Advisory Group *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. PWM Advisory Group may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation
