Item 4. Other Business Activities

Messrs. Kellner, Friedman and Pultz hold various positions with some of the affiliated entities of Kellner Private including a registered investment advisor entity that provides investment management and advisory services to affiliated registered investment companies. Because these affiliated registered investment companies have a similar investment strategy to the pooled investment vehicles which Kellner Private provides investment management and advisory services, a conflict of interest exists.

Kellner Private has adopted and implemented policies and procedures intended to address conflicts of interest related to multiple clients managed by Kellner Private and entities under common control that share a similar investment strategy and the allocation of investment opportunities. Kellner Private reviews investment decisions for the purpose of ensuring the accounts with a similar investment strategy are treated equitably. The performance of similarly managed accounts is compared at least monthly to determine whether there are any unexplained significant discrepancies. In addition, Kellner Private's procedures relating to the allocation of investment opportunities require that similarly managed accounts participate in investment opportunities on a pro rata basis, when appropriate, to the extent that orders are aggregated and that they be done so on an average price basis. Finally, Kellner Private's procedures also require that objective allocation for limited opportunities to ensure fair and equitable allocation among accounts.

Item 5. Additional Compensation
