Item 4: Advisory Business

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of California. Our firm has been in business as an investment adviser since 2014 and is solely owned by James Decota.

Description of the Types of Advisory Services We Offer

Comprehensive Portfolio Management:

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds ("ETFs"), mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Policy Review, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and

documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Pension Consulting:

We provide pension consulting services to employer plan sponsors on an ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement).

Tailoring of Advisory Services

We offer individualized investment advice to clients utilizing our Comprehensive Portfolio Management service. Additionally, we offer general investment advice to clients utilizing our Financial Planning & Consulting and Pension Consulting services.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Comprehensive Portfolio Management service. We do not manage assets through our Financial Planning & Consulting and Pension Consulting services.

Participation in Wrap Fee Programs

We offer a bundled fee option as further described in Part 2A, Appendix 1 (the "Wrap Fee Program Brochure") of our Brochure, where our clients pay a specified fee for investment advisory services and the execution of transactions. Regardless of service, all accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

Regulatory Assets Under Management

We manage \$0 on a discretionary basis and \$0 on a non-discretionary basis as of March 2014.

Item 5: Fees & Compensation

How We Are Compensated for Our Advisory Services

Comprehensive Portfolio Management:

Assets Under Management	Annual Percentage of Assets Charge
\$0 to \$250,000	1.50%
\$250,000 to \$750,000	1.25%
\$750,000 to \$1,500,000	1.00%
\$1,500,000 to \$5,000,000	0.90%
Over \$5,000,000	Negotiable

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Our fees may be negotiable. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

- a) You provide written authorization permitting us to be paid directly from the managed account held by the independent custodian;
- b) Our firm sends a bill to the custodian indicating the amount of the fee to be paid from the client's managed account;
- b) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- c) As required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940, we urge our clients to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client.

*In rare cases, we will agree to direct bill clients.

Financial Planning & Consulting:

We charge on a flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our flat fees generally range from \$1,500 to \$5,000.

We do not require a retainer and the ultimate financial planning or consulting fee we charge you is due upon engagement.

Pension Consulting:

We charge on a flat fee basis for pension consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our flat fees generally range from \$1,500 to \$5,000.

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement. The client will be invoiced directly for the fees.

Other Fees:

Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Clients who subscribe to our bundled fee service will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Bundled fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

Refunds Following Termination

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

Commissionable Securities Sales

We do not sell securities for a commission in our advisory accounts.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not accept performance-based fees.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$1,250,000 for our Comprehensive Portfolio Management service.
- We generally charge a minimum fee of \$1,500 for written financial plans.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis:

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

- Charting;
- Cyclical;
- Fundamental;
- Technical.

Investment Strategies We Use:

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Short Sales;
- Margin Transactions;

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Description of Material, Significant or Unusual Risks

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to Asset Management and Comprehensive Portfolio Management, as applicable.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

Representatives of our firm are insurance agents/brokers. They may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 24 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

Item 12: Brokerage Practices

Selecting a Brokerage Firms

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Liquidity of the securities traded
- Willingness to commit capital
- Ability to place trades in difficult market environments
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation

With this in consideration, our firm has an arrangement with Charles Schwab & Co., Inc. ("Schwab") a FINRA-registered broker-dealer, member SIPC, as the qualified custodian. Schwab is an independent and unaffiliated SEC-registered broker-dealer. Schwab offers to independent investment advisers, services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some "safe harbor" soft dollar benefits from Schwab through our participation in the program.

Schwab may make certain research and brokerage services available at no additional cost to our firm. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by Schwab may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide

lawful and appropriate assistance by Schwab to our firm in the performance of our investment decision-making responsibilities.

We do not use client brokerage commissions to obtain research or other products or services. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As a result of receiving the services discussed in 12A.1, we may have an incentive to continue to use or expand the use of Schwab services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with Schwab and we have determined that the relationship is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

Schwab charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Schwab enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Schwab commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by Schwab may be higher or lower than those charged by other custodians and broker-dealers.

Our clients may pay a commission to Schwab that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Soft Dollars

Although the investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account. Our firm receives financial compensation from Schwab that will be utilized for marketing purposes, compliance support, website development, and in-house software.

Our firm does not accept products or services that do not qualify for Safe Harbor outlined in Section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution.

Directed Brokerage

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer. Our firm

recommends the use of Schwab. Each client will be required to establish their account(s) with Schwab if not already done. Please note that not all advisers have this requirement.

Permissibility of Client-Directed Brokerage

We allow clients to direct brokerage outside our recommendation. However, we may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Aggregation of Purchase or Sale

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

We review accounts on at least a quarterly basis for our clients subscribing to our Comprehensive Portfolio Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews. We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact clients who subscribe to our Comprehensive Portfolio Management service.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Pension Consulting clients receive reviews of their pension plans for the duration of the pension consulting service. We also provide ongoing services to Pension Consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Pension Consulting clients do not receive written or verbal updated reports regarding their pension plans unless they choose to contract with us for ongoing Pension Consulting services.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14: Client Referrals & Other Compensation

We receive an economic benefit from Schwab in the form of the support products and services it makes available to us and other independent investment advisors that have their clients maintain accounts at Schwab. These products and services, how they benefit us, and the related conflicts of interest are described above (*see Item 12 – Brokerage Practices*). The availability to us of Schwab's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

While we recommend that you use Schwab as custodian/broker, you will decide whether to do so and open your account with Schwab by entering into an account agreement directly with them. We do not open the account for you. Even though your account is maintained at Schwab, we can still use other brokers to execute trades for your account, as described in the next paragraph.

Referral Fees

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Item 15: Custody

We do not have custody of client funds or securities. All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16: Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, the total amount to be bought and sold, and the costs at which the transactions will be effected. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

SEC Rule 206(4)-6 requires investment advisers who have voting authority with respect to securities held in their clients' accounts to monitor corporate actions and vote proxies in their clients' interests. We are required by the SEC to adopt written policies and procedures, make those policies and procedures available to clients, and retain certain records with respect to proxy votes cast.

We consider proxy voting an important right of our clients as shareholders and believe that reasonable care and diligence must be taken to ensure that such rights are properly and timely exercised. When we have discretion to vote the proxies of our clients, we will vote those proxies in your best interests and in accordance with these policies and procedures. Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our Chief Compliance Officer, James Decota, by phone at (415) 225--7235 or email at jimdecota@me.com.

Policy for Voting Proxies:

All proxies received by our firm will be given to our chief compliance officer for processing. Our chief compliance officer will determine which accounts managed by our firm hold the security to which the proxy relates. These accounts and their share holdings will be matched to the proxies received for each security. Missing proxies or significant variances in shares held will be investigated. A grid of shares held by the client for each security being voted will be updated with each proxy being voted. Our chief compliance officer will review each item for voting on each proxy. Based on our proxy voting guidelines outlined below, a determination of how our firm votes will be made. Any undefined issues will be referred to our president. A listing of each proxy voted will be updated at the time the proxy is voted. Proxies will generally be voted online unless custodian requires mailed form. In the absence of specific voting guidelines from the client, we will vote proxies in the best interest of each particular client. We look to ensure that our firm is compliant with the new exchange act rule 14a-11. In accordance with the aforementioned rule, our firm provides shareholders with the opportunity to nominate directors at a shareholder meeting under the applicable state or foreign law. Clients also have the ability to have their nominees included in the company proxy materials sent to all of our shareholders. Furthermore, the clients as

shareholders also have the ability to use the shareholder proposal process to establish procedures for the inclusion of shareholder director nominations in company proxy materials.

Proxies Voting Guidelines:

Where voting authority exists, proxies are voted by our firm in the best interests of plan beneficiaries:

- for directors and for management on routine matters.
- for a limit on or reduction of the number of directors, and for an increase in the number of directors on a case by case basis.
- against the creation of a tiered board.
- for the elimination of cumulative voting.
- for independence of auditors
- for deferred compensation.
- for profit sharing plans.
- for stock option plans unless the plan could result in material dilution to shares outstanding or is excessive.
- for stock repurchases.
- for an increase in authorized shares unless the authorization effectively results in a blind investment pool for shareholders.
- for reductions in the par value of stock.
- for company name changes.
- for routine appointments of auditors.

We abstain on motions to limit directors' liability. Material issues not addressed above (e.g., mergers, poison pills, social investing and miscellaneous shareholder proposals) are dealt with on a case-by-case basis.

Our firm will defer to client voting policies as directed. Eligible shares are monitored against ballots received from custodians, and detailed records of all issues and votes are maintained and reported to clients as requested.

We recognize that under certain circumstances we may have a conflict of interest between us and our clients. Such circumstances may include, but are not limited to, situations where our firm or one or more of our affiliates, including officers, directors and employees, has or is seeking a client relationship with the issuer of the security that is the subject of the proxy vote. We shall periodically inform our employees that they are under an obligation to be aware of the potential for conflicts of interest on the part of our firm with respect to voting proxies on behalf of funds, both as a result of our employee's personal relationships and due to circumstances that may arise during the conduct of our business, and to bring conflicts of interest of which they become aware to the attention of the proxy manager. We shall not vote proxies relating to such issuers on behalf of client accounts until we have determined that the conflict of interest is not material or a method of resolving such conflict of interest has been agreed upon by our management team. A conflict of interest will be considered material to the extent that it is determined that such conflict has the potential to influence our decision-making in voting a proxy. Materiality determinations will be based upon an assessment of the particular facts and circumstances. If we determine that a conflict of interest is not material, we may vote proxies notwithstanding the existence of a conflict. If the conflict of interest is determined to be material, the conflict shall be disclosed to our management

team and we shall follow the instructions of the management team. We shall keep a record of all materiality decisions and report them to the management team on an annual basis.

Our chief compliance officer will maintain files relating to our proxy voting procedures. Records will be maintained and preserved for five years from the end of the fiscal year during which the last entry was made on a record, with records for the last two years kept on our premises. Records of the following will be included in the files:

- copies of these proxy voting policies and procedures, and any amendments thereto.
- a copy of each proxy statement that we receive, provided however that our firm may rely on obtaining a copy of proxy statements from the SEC Edgar System for those proxy statements that are available.
- a record of each vote that we cast.
- a copy of any document we created that was material to making a decision how to vote proxies, or that memorializes that decision.
- a copy of each written client request for information on how we voted such client's proxies, and a copy of any written response to any client request for information on how we voted their proxies.

Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our Chief Compliance Officer, James Decota by phone at (415) 225-7235 or email at jimdecota@me.com.

Item 18: Financial Information

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
