Item 4 – Advisory Business

Global Select Advisors Ltd. (“**Global Select Advisors**”) is an investment advisory firm newly registered with the Securities and Exchange Commission. The owner and control person of Global Select Advisors is Mr. Roy Thomas Phillips, Jr. (“Tom Phillips”). Global Select Advisors provides asset management services to its sole client, Global Select Assets, Ltd. a British Virgin Islands Business Company (“**Company**”) organized on April 9, 2014.

Global Select Advisors is the investment adviser of the Company and is responsible for the day-to-day administration of the Company’s affairs. Global Select Advisors has complete discretionary investment authority over the Company’s assets and the Company has given complete discretion to Global Select Advisors to manage the Company’s assets in accordance with the Company’s Confidential Private Placement Memorandum (“**Offering Documents**”).

The Company was formed to pool investment funds of its investors (each a “**Shareholder**” and, collectively, “**Shareholders**”). The Company’s investment objective is capital appreciation. The Company seeks to achieve its objective primarily by investing securities issued by publicly traded companies. However, there are no restrictions on the Company’s investments.

The Company was “seeded” with Mr. Tom Phillips’ personal assets to generate a track record and operating history. However, as of the date of this brochure, the Company has not formally commenced operations. Therefore Global Select Advisors does not have any third-party assets under management as of the date of this Brochure.

Global Select Advisors does not provide advisory services to separate managed account clients.

This Brochure provides information regarding the Investment Adviser and the qualifications, business practices, and nature of advisory services that should be considered. Please contact Mr. Tom Phillips if you have any questions about this Brochure. Additional information about the Investment Adviser is available on the Internet at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. The CRD number for Global Select Advisors is 171348.

Item 5 – Fees and Compensation

Global Select Advisors receive a management fee (“**Management Fee**”) equal to 1/12th of 1% (approximately 1% annually) of each shareholder’s share of the Company’s Net Asset Value (as defined below). The Management Fee is charged to each Shareholder’s Capital Account separately. The Management Fee is calculated and paid monthly as of the last day of the calendar month. A pro rata Management Fee is charged to Shareholders on any amounts permitted to be invested or withdrawn during any month. Global Select Advisors, in its sole discretion, may waive or reduce the Management Fee with respect to one or more Shareholders for any period of time, or agree to apply a different Management Fee for that Shareholder.

Item 6 – Performance Based Fees and Side-by-Side Management

Generally, Global Select Advisors receives from the Company a monthly performance allocation (“**Performance Allocation**”) at the close of each calendar month equal to fifty percent (50%) of the net increase in Net Asset Value on the Calculation Date as determined on the accrual basis of accounting (the “**Performance Allocation**”). A pro rata Performance Allocation is charged to Shareholders on any amounts permitted to be invested or withdrawn during any calendar month. Global Select Advisors may, in its sole discretion, reallocate all or any portion of the Performance Allocation to certain Shareholders.

Item 7 – Types of Clients

The sole client of Global Select Advisors is the Company.

The Company offers interests in the Company (“**Interests**”) on a continuous basis to persons who are Accredited Investors (as such term is defined in Rule 501 of Regulation D under the Securities Act) and Qualified Clients (as such term is defined in Rule 205-3(d)(1) of the Investment Advisers Act of 1940, as amended, subject to certain exceptions. Each Interest represents a percentage interest in the Company determined by reference to the capital account of each Shareholder in relation to the aggregate capital accounts of all Shareholder. Global Select Advisors, in its discretion, may admit up to 35 non-Accredited Investors who have close relationships with Global Select Advisors.

The Company Interests are continuously offered in the sole discretion of Global Select Advisors. The minimum initial investment or capital contribution that will be accepted from a new Shareholder is fifty thousand dollars (\$50,000); however, Global Select Advisors will have the discretion to accept lesser amounts. There is no minimum or maximum aggregate amount of monies that may be contributed by all Shareholders to the Company. Shareholders are not required to make any additional capital contributions to the Company. The minimum additional capital contribution that will be accepted from an existing Shareholder is twenty five thousand dollars (\$25,000), unless Global Select Advisors agrees otherwise. Global Select Advisors, in its sole discretion, can accept or reject any initial subscriptions from prospective Shareholders and any additional capital contributions from existing Shareholders.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Global Select Advisors seeks to achieve its objective primarily by taking long or short positions in bonds, options, private equity, and equity securities that Global Select Advisors believes are inefficiently priced compared to the rest of the market. Global Select Advisors’ investment focus will be on bonds, options, private equity, and equity securities that Global Select Advisors anticipates will be subject to significant revaluation in the near term.

There are no limitations on the kinds of securities or instruments in which the Company may invest. Consequently, Global Select Advisors may invest the Company's assets in all forms of equity or debt securities, financial instruments or agreements, including but not limited to domestic preferred and common stock, convertible securities, warrants, rights, bonds, money market instruments, options and derivative instruments.

Before purchasing an Interest in the Company, investors should carefully consider various risk factors and conflicts of interest, as well as suitability requirements, restrictions on transfer and withdrawal of Interests and various legal, tax and other considerations, all of which are discussed in the Offering Documents. The Company's investment program entails substantial risk of loss that investors should be prepared to bear and there can be no assurance that their investment objectives will be achieved.

No assurance can be given, however, that the Company will achieve its objective, and investment results may vary substantially over time and from period to period.

Item 9 – Disciplinary Information

This section requires registered investment advisers to disclose all material facts regarding any legal or disciplinary events that would be material to the evaluation of the advisory business or the integrity of the firm's management. Neither Global Select Advisors nor Mr. Tom Phillips has been involved in any legal, regulatory or disciplinary events. No prospective Client has threatened Global Select Advisors or Mr. Tom Phillips with disciplinary activities.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliations. None.

Futures/ Commodities Affiliations. None.

Material Relationships. Global Select Advisors acts as investment adviser to the Company.

Conflicts of Interest. Global Select Advisors is accountable to the Company as a fiduciary and, consequently, must exercise good faith and integrity in handling the business of the Company. Nevertheless, in the conduct of such business, conflicts may arise between the interests of Global Select Advisors and those of investors, and you should be aware of these conflicts of interest before investing.

Diverse Shareholders. The Shareholders are expected to include taxable and tax-exempt entities and persons or entities resident of or organized in various jurisdictions. As a result, conflicts of interest may arise in connection with decisions made by Global Select Advisors that may be more beneficial for one type of Shareholder. In making such decisions, Global Select

Advisors intends to consider the investment objectives of the Company as a whole, not the investment objectives of any Shareholder individually.

Use of Third Party Marketers. Global Select Advisors may enter into fee sharing arrangements with third party marketers or solicitors who refer investors to the Company. All such arrangements shall be conducted in compliance with SEC Rule 206(4)-3. Such third party marketers may have a conflict of interest in advising prospective investors whether to purchase or redeem Interests.

Advisory Services to Others. Global Select Advisors and/or its managers, members, officers, affiliates and employees provide investment advice to other parties and may manage other accounts and private investment vehicles similar to the Company. In connection with such other investment management activities, Global Select Advisors and/or its managers, members, officers, affiliates and employees may decide to invest the funds of one or more other accounts or clients or recommend the investment of funds by other parties, rather than the Company's funds, in a particular security or strategy. In addition, Global Select Advisors and such other persons will determine the allocation of funds from the Company and such other accounts or clients to investment strategies and techniques on whatever basis they consider appropriate or desirable in their sole and absolute discretion.

Lack of Separate Representation. Neither the Company Agreement nor any of the agreements, contracts and arrangements between the Company, on the one hand, and Global Select Advisors on the other hand, were or will be the result of arm's-length negotiations. The attorneys, accountants and others who have performed services for the Company in connection with this offering, and who will perform services for the Company in the future, have been and will be selected by Global Select Advisors. No independent counsel has been retained to represent the interests of investors or Shareholders, and the Company Agreement has not been reviewed by any attorney on their behalf. Investors are therefore urged to consult their own counsel as to the terms and provisions of the Company Agreement.

No Obligation of Full-Time Service. Neither Global Select Advisors and/or Mr. Tom Phillips have any obligation to devote their full time to the business of the Company. They are only required to devote such time and attention to the affairs of the Company as they decide is necessary for the Company's operations and they may engage in other activities or ventures, including competing ventures and/or unrelated employment, which may result in various conflicts of interest between such persons and the Company.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics. None.

Personal Trading by Global Select Advisors and Affiliates. Global Select Advisors and its principals and affiliates may make trades and investments for their own accounts. In these accounts, they may use trading and investment methods that are similar to, or substantially

different from, the methods used by them to direct the Company's account. The records of these personal accounts will not be made available to Shareholders.

Item 12 – Brokerage Practices

Soft Dollars and Directed Brokerage. Global Select Advisors may be offered non-monetary benefits or “soft dollars” by brokers to induce Global Select Advisors to engage such brokers to execute securities transactions on behalf of the Company. These soft dollars may take the form of research and other related services regarding securities investments and may be available for use by Global Select Advisors or their affiliates in connection with transactions in which the Company does not participate. Brokers may also solicit or refer investors to invest in the Company. The availability of these benefits may influence Global Select Advisors to select one broker rather than another to perform services for the Company. Global Select Advisors intends to use its best efforts to assure either that the fees and costs for services provided to the Company by such brokers are reasonable in relation to the fees and costs charged by other equally capable brokers not offering such services or that the Company also will benefit from the services.

Brokerage Practices. Portfolio transactions for the Company will be allocated by Global Select Advisors to brokers on the basis of best execution and in consideration of such brokers' ability to effect transactions, the brokers' facilities, reliability and financial responsibility, and the provision or payment of the costs of research and other services or property. Global Select Capital Corp will provide brokerage and custodian services for the Company, and will generally execute (on the basis of payment against delivery) the securities transactions of the Company. Accordingly, the Broker may receive substantial brokerage commissions and/or margin interest related to the securities transactions of the Company. The Company is not committed to continue its brokerage and custodial relationship with the Broker for any minimum period, and may enter into brokerage and custodial relationships with other brokers.

Referral of Investors. Global Select Advisors may also direct some Company brokerage business to brokers who refer prospective investors to the Company. If such referrals occur, they are likely to benefit Global Select Advisors while, at the same time, provide little, if any, benefit to the Shareholders. Consequently, Global Select Advisors will have a conflict of interest with the Company when allocating Company brokerage business to a broker who has referred investors to the Company. To prevent Company brokerage commissions from being used to pay investor referral fees, Global Select Advisors will not allocate Company brokerage business to a referring broker unless Global Select Advisors determines in good faith that the commissions payable to such broker are reasonable in relation to those available from non-referring brokers offering services of substantially equal value to the Company.

Selling commissions and/or referral fees may be paid in connection with the sale of Interests. Global Select Advisors may share a portion of its Management Fee with third parties introducing Shareholders to the Company, or Global Select Advisors may use its own resources to compensate third parties for such introductions.

Placement agents may or may not be used by the Company in connection with the Company. If a placement agent is used, the Company will not bear any related placement fee, other than a placement fee paid by the Company and offset against the Management Fee on a dollar-for-dollar basis.

Allocation of Trades. Global Select Advisors may at times determine that certain securities will be suitable for acquisition by the Company and by other accounts managed by Global Select Advisors, possibly including Global Select Advisors' own accounts, or accounts of an affiliate. If that occurs and Global Select Advisors is not able to acquire the desired aggregate amount of such securities on terms and conditions which Global Select Advisors deems advisable, Global Select Advisors will endeavor to allocate, in good faith, the limited amount of such securities acquired among the various accounts for which Global Select Advisors considers them to be suitable. Global Select Advisors may make such allocations among the accounts in any manner which it considers to be equitable under the circumstances including, but not limited to, allocations based on relative account sizes, the degree of risk involved in the securities acquired, and the extent to which a position in such securities is consistent with the investment policies and strategies of the various accounts involved.

Aggregation of Orders. Global Select Advisors may aggregate purchase and sale orders of securities held by the Company with similar orders being made simultaneously for other accounts or entities if, in Global Select Advisors' reasonable judgment, such aggregation is reasonably likely to result in an overall economic benefit based on an evaluation that the Company will be benefited by relatively better purchase or sale prices, lower commission expenses or beneficial timing of transactions, or a combination of these and other factors. In many instances, the purchase or sale of securities for the Company will be affected simultaneously with the purchase or sale of like securities for other accounts or entities. Such transactions may be made at slightly different prices, due to the volume of securities purchased or sold. In such event, the average price of all securities purchased or sold in such transactions may be determined, at Global Select Advisors' sole discretion, and the Company may be charged or credited, as the case may be, with the average transaction price.

Item 13– Review of Accounts

Account Reviews

Global Select Advisors provides professional investment management services to the Company and monitors its portfolio on a continuous basis. Each Shareholder receives from the Company: (a) annual financial statements of the Company audited by an independent certified public accounting firm, (b) an unaudited quarterly performance report from the Global Select Advisors discussing the results of the Company, (c) copies of such Shareholder's Schedule K-1 to the Company's tax returns, and (d) other reports as determined by Global Select Advisors in its sole discretion. The Company bears all fees incurred in providing such tax returns and reports.

Item 14 – Client Referrals and Other Compensation

Global Select Advisors does not have any such referral arrangements.

Item 15 – Custody

Global Select Capital Corp will provide brokerage and custodian services. Clearing services will be provided by Persing. The Company reserves the right to use other and/or additional firms for brokerage services.

Item 16 – Investment Discretion

Global Select Advisors has discretionary authority to manage funds and securities on behalf of the Company as described in its Offering Documents. Global Select Advisors has the authority to determine the type of securities and the amount of securities that can be bought or sold for the Company's portfolio without obtaining the shareholder's consent for each transaction.

Item 17 – Voting of Client Securities

Global Select Advisors, as a matter of policy and as a fiduciary to the Company, has a responsibility for voting proxies for portfolio securities in the collective best interest of the Company and its Shareholders.

Item 18 – Financial Requirements

Regulations require that registered investment advisers provide certain financial information if they require or solicit prepayment of fees six months or more in advance. Global Select Advisors does not require this sort of prepayment and therefore there is nothing to disclose in this regard. Global Select Advisors does not have a financial condition that is likely to impair its contractual commitments to the Company. Neither Global Select Advisors nor Mr. Tom Phillips has ever been the subject of a bankruptcy petition and currently neither is the subject of a bankruptcy petition.
