Item 4 Advisory Business

- A. Sterling Investment Advisors, Ltd. (the “Registrant”) is a corporation formed on March 13, 2000 in the Commonwealth of Pennsylvania. The Registrant became registered as an Investment Adviser Firm in May 2006. The Registrant is owned by Timothy Flatley and Sean Flatley. Timothy Flatley is also the Registrant’s President.
- B. As discussed below, the Registrant offers to its clients (individuals, high net worth individuals, pension and profit sharing plans, charitable organizations, etc.) investment advisory services, and, to the extent specifically requested by a client, financial planning and related consulting services.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a *fee* basis. Through personal discussions in which goals and objectives based on a client’s particular circumstances are established, the Registrant develops each client’s personal investment policy and creates and manages a portfolio, which may include the individual’s personal 401k assets, based on that investment policy.

RETIREMENT PLAN CONSULTING

The Registrant also provides pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. Regarding Defined Benefit plans and Nonqualified plans, the Registrant may assist plan sponsors in constructing asset allocation models, after reviewing various investments to determine which investments are most appropriate for each client’s situation. The Registrant will continuously monitor the client’s plan and make periodic recommendations based upon each client’s designation investment objectives. In addition, for defined contribution plans, to the extent requested by the plan sponsor, the Registrant shall assist the plan sponsor in selecting investment options for participants to choose from and provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The terms and conditions of the engagement shall generally be set forth in a *Retirement Plan Consulting Agreement* between the Registrant and the plan sponsor.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including personal planning, tax and cash flow planning, insurance planning, retirement planning etc.) on a stand-alone separate fee basis. Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including the Registrant’s representatives in their individual capacities as registered representatives

of a broker-dealer and/or licensed insurance agents. (*See* disclosure at Item 10 C) The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant.

Please Note: If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services. The client also understand that many variables are used in constructing a long term financial forecast. Any changes in any of the variables can result in a significant change from the financial forecast.

MISCELLANEOUS

Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant *may* provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Neither the Registrant, nor any of its representatives, serves as an attorney or accountant and no portion of the Registrant's services should be construed as same. To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents, etc.), including representatives of the Registrant in their separate registered/licensed capacities as discussed below. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Please Note: Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis **must be willing to accept** that the Registrant cannot effect any account transactions without obtaining prior verbal consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, the Registrant will be unable to effect any account transactions (as it would for its discretionary clients) **without first obtaining the client's verbal consent.**

Please Note (Wrap/Managed Account programs): In the event that Registrant is engaged to provide investment management services as part of an unaffiliated wrap-fee program, Registrant will be unable to negotiate commissions and/or transaction costs. Under a wrap program, the wrap program sponsor arranges for the investor participant to receive investment advisory services, the execution of securities brokerage transactions, custody and reporting services for a single specified fee. Participation in a wrap program may cost the participant more or less than purchasing such services separately. In the event that Registrant is engaged to provide investment management services as part of an unaffiliated managed account program, Registrant will likewise be unable to negotiate commissions and/or transaction costs. If the program is offered on a non-wrap basis, the program sponsor will determine the broker-dealer through which transactions must be effected, and the amount of transaction fees and/or commissions to be charged to the participant investor accounts.

Independent Managers. The Registrant may allocate (and/or recommend that the client allocate) a portion of a client's investment assets among unaffiliated independent investment managers in accordance with the client's designated investment objective(s). In such situations, the *Independent Manager(s)* shall have day-to-day responsibility for the active discretionary management of the allocated assets. The Registrant shall continue to render investment advisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending *Independent Manager(s)* include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2 of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*, *Financial Planning and Consulting Agreement* or *Retirement Plan Consulting Agreement*.

Retirement Plan Rollovers-No Obligation/Conflict of Interest: A client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in his/her former employer's plan, if permitted, (ii) roll over the assets to his/her new employer's plan, if one is available and rollovers are permitted, (iii) rollover to an IRA, or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). The Registrant may recommend an investor roll over plan assets to an Individual Retirement Account ("IRA") managed by the Registrant. As a result the Registrant and its representatives may earn an asset-based fee. In contrast, a recommendation that a client or prospective client leave his or her plan assets with his/her former employer or roll the assets to a plan sponsored by a new employer will generally result in no compensation to the Registrant (unless clients engage the Registrant to monitor and/or manage the account while maintained at his/her employer). The

Registrant has an economic incentive to encourage an investor to roll plan assets into an IRA that the Registrant will manage or to engage the Registrant to monitor and/or manage the account while maintained at the client's employer. There are various factors that the Registrant may consider before recommending a rollover, including but not limited to: (i) the investment options available in the plan versus the investment options available in an IRA, (ii) fees and expenses in the plan versus the fees and expenses in an IRA, (iii) the services and responsiveness of the plan's investment professionals versus the Registrant's, (iv) protection of assets from creditors and legal judgments, (v) required minimum distributions and age considerations, and (vi) employer stock tax consequences, if any. **No client is under any obligation to rollover plan assets to an IRA managed by the Registrant or to engage the Registrant to monitor and/or manage the account while maintained at the client's employer. The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding its prospective engagement and the corresponding conflict of interest presented by such engagement.**

Use of Mutual Funds. Most mutual funds are available directly to the public. Thus, a client or prospective client can obtain many of the mutual funds that may be recommended and/or utilized by Registrant independent of engaging Registrant as an investment advisor. However, if a client or prospective client determines to do so, he/she/it will not receive the benefit of Registrant's initial and ongoing investment advisory services.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). Portfolio weighting between funds and market sectors will be determined by each individual client's needs and circumstances. The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant is a participating investment adviser in certain unaffiliated wrap and managed account fee programs. There is no significant difference between how the Registrant manages wrap fee accounts and non-wrap fee accounts. **Please Note:** When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its investment advisory services, the balance of the wrap fee after all other costs incorporated into the wrap fee have been deducted.
- E. As of December 31, 2014, the Registrant had \$207,286,600 in assets under management on a discretionary basis and \$133,253,691 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

- A. The client can determine to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a *fee* basis.

INVESTMENT ADVISORY SERVICES

If a client determines to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on negotiable a *fee* basis, the Registrant's annual investment advisory fee is generally based upon a percentage (%) of the market value and type of assets placed under the Registrant's management (between 1.50% and negotiable) as follows:

<u>Market Value of Portfolio</u>	<u>% of Assets</u>
First \$1,000,000	1.50%
Next \$4,000,000	1.00%
Over \$5,000,000	Negotiable

RETIREMENT PLAN CONSULTING

The Registrant also provides non-discretionary pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. In addition, to the extent requested by the plan sponsor, the Registrant shall also provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The Registrant's negotiable annual retirement consulting fee shall generally range between 0.25% and 0.75% of the market value of the plan assets.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$3,000 to \$20,000 on a fixed fee basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

- B. Clients may elect to have the Registrant's advisory fees and financial planning fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/ clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.

- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab and Co., Inc. ("*Schwab*") and/or Pershe Kaplan Sterling Investments, ("*PKS*") serve as the broker-dealer/custodian for client investment management assets. Please note: *PKS* clears all transactions through National Financial Services, LLC ("*NFS*"), a FINRA registered broker/dealer. Broker-dealers such as *Schwab*, *PKS* and/or *NFS* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).
- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. The Registrant does not generally require an annual minimum fee or asset level for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee based upon certain criteria. (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.

- E. **Securities Commission Transactions.** In the event that the client desires, the client can engage Registrant's representatives, in their individual capacities, as a registered representatives of Pershe Kaplan Sterling Investments, ("*PKS*"), a FINRA member broker-dealer, to implement investment recommendations on a commission basis. In the event the client chooses to purchase investment products through *PKS*, *PKS* will charge brokerage commissions to effect securities transactions, a portion of which commissions *PKS* shall pay to Registrant's representatives, as applicable. The brokerage commissions charged by *PKS* may be higher or lower than those charged by other broker-dealers. In addition, *PKS*, as well as Registrant's Representatives, relative to commission mutual fund purchases, may also receive additional ongoing 12b-1 trailing commission compensation directly from the mutual fund company during the period that the client maintains the mutual fund investment.

Please Note: The Registrant's representatives shall not collect 12b-1 trailing commissions from individuals from whom the Registrant is collecting advisory fee.

1. **Conflict of Interest:** The recommendation that a client purchase a commission product from *PKS* presents a ***conflict of interest***, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant's representatives. **The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

2. **Please Note:** Clients may purchase investment products recommended by Registrant through other, non-affiliated broker dealers or agents.
3. The Registrant does not receive more than 30% of its revenue from advisory clients as a result of commissions or other compensation for the sale of investment products the Registrant recommends to its clients.
4. When Registrant's representatives sell an investment product on a commission basis, the Registrant does not charge an advisory fee in addition to the commissions paid by the client for such product. When providing services on an advisory fee basis, the Registrant's representatives do not also receive commission compensation for such advisory services. **However**, a client may engage the Registrant to provide investment management services on an advisory fee basis and separate from such advisory services purchase an investment product from Registrant's representatives on a separate commission basis.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, high net worth individuals, pension and profit sharing plans, charitable organizations, and other business entities. The Registrant does not generally require an annual minimum fee or asset level for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee, waive its annual minimum fee, or require a minimum asset level based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

A. The Registrant may utilize the following methods of security analysis:

- **Charting** - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
- **Fundamental** - (analysis performed on historical and present data, with the goal of making financial forecasts)
- **Technical** – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
- **Cyclical** – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Short Sales (contracted sale of borrowed securities with an obligation to make the lender whole)
- Margin Transactions (use of borrowed assets to purchase financial instruments)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. In general the Registrant engages infrequently in short terms investment strategies.

In addition to the fundamental investment strategies discussed above, the Registrant may also implement and/or recommend – short selling, use of margin, and/or options transactions. Each of these strategies has a high level of inherent risk. (See discussion below).

Short selling is an investment strategy with a high level of inherent risk. Short selling, involves the selling of assets that the investor does not own. The investor borrows the assets from a third party lender (i.e. Broker-Dealer) with the obligation of buying identical assets at a later date to return to the third party lender. Individuals who engage in this activity shall only profit from a decline in the price of the assets between the original date of sale and the date of repurchase. Conversely, the short seller will incur a loss if the price of the assets rises. Other costs of shorting may include a fee for borrowing the assets and payment of any dividends paid on the borrowed assets.

Margin is an investment strategy with a high level of inherent risk. A margin transaction occurs when an investor uses borrowed assets to purchase financial instruments. The investor generally obtains the borrowed assets by using other securities as collateral for the borrowed sum. The effect of purchasing a security using margin is to magnify any gains or losses sustained by the purchase of the financial instruments on margin. Accordingly, the decision as to whether to employ margin is left totally to the discretion of client.

The use of options transactions as an investment strategy involves a high level of inherent risk. Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the purchase or the recommendation to purchase an option contract by the Registrant shall be with the intent of offsetting/"hedging" a potential market risk in a client's portfolio. **Please Note:** Although the intent of the options-related transactions that may be implemented by the Registrant is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Thus, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct the Registrant, in writing, not to employ any or all such strategies for his/her/their/its accounts.

- C. Currently, the Registrant primarily allocates client investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, municipal securities, mutual funds and/or exchange traded funds, on a discretionary and non-discretionary basis in accordance with the client's designated investment objective(s).

Independent Managers. The Registrant may allocate (and/or recommend that the client allocate) a portion of a client's investment assets among unaffiliated independent investment managers in accordance with the client's designated investment objective(s). In such situations, the *Independent Manager(s)* shall have day-to-day responsibility for the active discretionary management of the allocated assets. The Registrant shall continue to render investment advisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending *Independent Manager(s)* include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. **Registered Representatives of PKS.** As disclosed above in Item 5.E, the Registrant's President and certain of the Registrant's representatives are also registered representatives of PKS, a FINRA member broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Broker Dealer.** As disclosed above in Item 5.E, the Registrant's President and certain of the Registrant's representatives are registered representatives of PKS, a FINRA member broker-dealer. Clients can choose to engage Registrant's President and certain of the Registrant's representatives, in their individual capacities, to effect securities brokerage transactions on a commission basis.

Conflict of Interest: The recommendation by either the Registrant's President or certain of the Registrant's representatives that a client purchase a securities commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from the Registrant's President and/or certain of the Registrant's representatives. Clients are reminded that they may purchase securities products recommended by Registrant through other, non-affiliated, registered representatives of a broker/dealer. **The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Other Investment Adviser Firm The Registrant's President, Timothy Flatley, is also a shareholder and an investment adviser representative of IFG Russell Advisors, Inc. ("IFG"), a non-affiliated SEC registered investment advisor firm. No client is under any obligation to engage the services of IFG. **The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Licensed Insurance Agents. The Registrant's President and certain of the Registrant's representatives, in their individual capacities, are licensed insurance agents, and may recommend the purchase of certain insurance-related products on a commission basis. As referenced above, clients can therefore engage Registrant's President and certain of the Registrant's representatives to purchase insurance products on a commission basis.

Conflict of Interest: The recommendation by either the Registrant's President or certain of the Registrant's representatives that a client purchase an insurance commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from the Registrant's President and/or certain of the Registrant's representatives. Clients are reminded that they may purchase insurance products recommended by Registrant through other, non-affiliated, insurance agents.

The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.

- D. The Registrant does not receive compensation, directly or indirectly, for selecting other registered investment adviser firms for clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material ownership interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab*, *PKS* and/or *NFS*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab*, *PKS* and/or *NFS* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

Please note: *PKS* will be provided with trade data and account information for all client accounts held at *Schwab*, due to compliance obligations. The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab*, *PKS* and/or *NFS* (or another broker-dealer/custodian, investment platform, independent investment manager, and/or mutual fund sponsor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the

Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab, PKS* and/or *NFS* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab, PKS* and/or *NFS* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance.

The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or “bunch” such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant’s clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant may receive an indirect economic benefit from *Schwab*, *PKS* and/or *NFS*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab*, *PKS* and/or *NFS*.

Registrant’s clients do not pay more for investment transactions effected and/or assets maintained at *Schwab*, *PKS* and/or *NFS* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab*, *PKS* and/or *NFS* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant’s Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant *may* pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as client's investment adviser, granting the Registrant authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, Michelle Smaltz, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
