Item 4 - Advisory Business

Description of Services and Fees

We are a registered investment adviser based in San Ramon, California. We are organized as a limited liability company under the laws of the State of Delaware. John H. Seo is our principal owner. Currently, we offer the following investment advisory services, which are personalized to each individual client:

- **Portfolio Management Services**
- **Financial Planning Services**
- **Selection of Other Advisers**

The following paragraphs describe our services and fees. Please refer to the description of each investment advisory service listed below for information on how we tailor our advisory services to your individual needs. Also, you may see the term Associated Person throughout this Brochure. As used in this Brochure, our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm.

Portfolio Management Services

We offer discretionary portfolio management services to our clients and prospective clients. Our investment advice is tailored to meet our clients' needs and investment objectives. If you retain our firm for portfolio management services, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information (the "suitability information") at the beginning of our advisory relationship. We will use the suitability information we gather from our initial meeting to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investments on your behalf. As part of our portfolio management services, we may customize an investment portfolio for you in accordance with your risk tolerance and investing objectives. We may also invest your assets using a predefined strategy, or we may invest your assets according to one or more model portfolios developed by our firm. Once we construct an investment portfolio for you, or select a model portfolio, we will monitor your portfolio's performance on an ongoing basis, and will rebalance the portfolio as required by changes in market conditions and in your financial circumstances.

If you participate in our discretionary portfolio management services, we require you to grant our firm discretionary authority to manage your account. Discretionary authorization will allow our firm to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. Discretionary authority is typically granted by the investment advisory agreement you sign with our firm, a power of attorney, or trading authorization forms. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased for your account) by providing our firm with your restrictions and guidelines in writing. If you enter into non-discretionary arrangements with our firm, we must obtain your approval prior to executing any transactions on behalf of your account.

As part of our portfolio management services, we may use one or more sub-advisers or outside money managers to manage all or a portion of your account. We will regularly monitor the performance of your accounts managed by sub-adviser(s), and may use our discretionary authority to hire and fire any sub-adviser without your prior approval (unless you direct otherwise). Our ability to hire and firm sub-advisers on your behalf is based on you granting our firm discretionary authority, which is typically granted by the investment advisory agreement you sign with our firm, a power of attorney, or trading authority forms. You may also be required to grant the sub-adviser or outside money manager discretionary authority. We will pay a portion of our advisory fee to the sub-adviser(s) we use; however, you will not pay our firm a

higher advisory fee as a result of any sub-advisory relationships. Where an outside money manager is recommended, the outside money manager may charge separate advisory fees that are in addition to our advisory fees. You will receive the outside money manager's Form ADV Part 2 disclosure brochure, which you should review for information on its fees and services.

Our fee for portfolio management services is based on a percentage of your assets we manage and is set forth in the following fee schedule:

Assets Under Management	Tiered Annual Fee
Up to \$1,000,000	1.25%
\$1,000,001 to \$3,000,000	1.10%
\$3,000,001 to \$5,000,000	1.00%
\$5,000,001 to \$10,000,000	0.90%
Over \$10,000,000	0.80%

Our annual portfolio management fee is billed and payable quarterly in advance based on the value of your account on the last day of the previous quarter. If the portfolio management agreement is executed at any time other than the first day of a calendar quarter, our fees will apply on a pro rata basis, which means that the advisory fee is payable in proportion to the number of days in the quarter for which you are a client. Our advisory fee is negotiable, depending on individual client circumstances.

At our discretion, we may combine the account values of family members living in the same household to determine the applicable advisory fee. For example, we may combine account values for you and your minor children, joint accounts with your spouse, and other types of related accounts. Combining account values may increase the asset total, which may result in your paying a reduced advisory fee based on the available breakpoints in our fee schedule stated above.

We will send you an invoice for the payment of our advisory fee, or we will deduct our fee directly from your account through the qualified custodian holding your funds and securities. We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. Further, the qualified custodian will deliver an account statement to you at least quarterly. These account statements will show all disbursements from your account. You should review all statements for accuracy. We will also receive a duplicate copy of your account statements.

You may terminate the portfolio management agreement upon 30-days' written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the portfolio management agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

Financial Planning Services

We offer broad-based financial planning services to our clients and prospective clients. Financial planning will typically involve providing a variety of advisory services to clients regarding the management of their financial resources based upon an analysis of their individual needs. If you retain our firm for financial planning services, we will meet with you to gather information about your financial circumstances and objectives. Once we review and analyze the information you provide to our firm, we will deliver a written plan to you, designed to help you achieve your stated financial goals and objectives.

Financial plans are based on your financial situation at the time we present the plan to you, and on the financial information you provide to our firm. You must promptly notify our firm if your financial situation, goals, objectives, or needs change.

You are under no obligation to act on our financial planning recommendations. Should you choose to act on any of our recommendations, you are not obligated to implement the financial plan through any of our other investment advisory services. Moreover, you may act on our recommendations by placing securities transactions with any brokerage firm.

We charge an hourly fee of \$500 for financial planning services, subject to a \$5,000.00 minimum fee per financial plan. The financial planning fee is negotiable depending on the scope and complexity of the plan, your situation, and your financial objectives. An estimate of the total time/cost will be determined at the start of the advisory relationship. In limited circumstances, the cost/time could potentially exceed the initial estimate. In such cases, we will notify you and request that you approve the additional fee. If you receive portfolio management services from our firm, you will not incur financial planning fees for our financial planning services.

Fees are due at the inception of the advisory relationship. We will not require prepayment of a fee more than six months in advance and in excess of \$1,200.

You may terminate the financial planning engagement by providing written notice to our firm. If you terminate the financial planning engagement within two weeks of entering into the engagement, you will receive a full refund. Otherwise, we will refund only half of total financial planning fee.

Selection of Other Advisers

As part of our investment advisory services, we may recommend that you use the services of a third party investment adviser ("TPA") to manage your entire, or a portion of your, investment portfolio. After gathering information about your financial situation and objectives, we may recommend that you engage a specific TPA or investment program. Factors that we take into consideration when making our recommendation(s) include, but are not limited to, the following: the TPA's performance, methods of analysis, fees, your financial needs, investment goals, risk tolerance, and investment objectives. We will periodically monitor the TPA(s)' performance to ensure its management and investment style remains aligned with your investment goals and objectives.

Advisory fees charged by TPAs are separate and apart from our advisory fees. Advisory fees that you pay to the TPA are established and payable in accordance with the disclosure brochure provided by each TPA to whom you are referred. These fees may or may not be negotiable. You should review the recommended TPA's disclosure brochure and take into consideration the TPA's fees along with our fees to determine the total amount of fees associated with this program.

You will be required to sign an agreement directly with the recommended TPA(s). You may terminate your advisory relationship with the TPA according to the terms of your agreement with the TPA. You should review each TPA's disclosure brochure for specific information on how you may terminate your advisory relationship with the TPA and how you may receive a refund, if applicable. You should contact the TPA directly for questions regarding your advisory agreement with the TPA.

Types of Investments

We offer advice on equity securities, warrants, corporate debt securities, commercial paper, certificates of deposit, municipal securities, mutual fund shares, U.S. Government securities, and options contracts on securities. You may request that we refrain from investing in particular securities or certain types of securities. You must provide these restrictions to our firm in writing.

Assets Under Management

As of December 31, 2014, we manage \$247,944,929 in client assets on a discretionary basis, and \$18,145,322 in client assets on a non-discretionary basis.

Item 5 - Fees and Compensation

Please refer to the “Advisory Business” section in this Brochure for information on our advisory fees, fee deduction arrangements, and refund policy according to each service we offer.

Additional Fees and Expenses

As part of our investment advisory services to you, we may invest, or recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund’s prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian through which your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others. For information on our brokerage practices, please refer to the “Brokerage Practices” section of this Brochure.

Item 6 - Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client’s account. Our fees are calculated as described in the *Advisory Business* section above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 - Types of Clients

We offer investment advisory services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business entities.

We require a minimum investment of \$1,000,000 to open and maintain an advisory account. Additionally, the firm requires a minimum annual fee of \$5,000.

Item 8 - Methods of Analysis, Investment Strategies and Risk of Loss

Our Methods of Analysis and Investment Strategies

We may use one or more of the following methods of analysis or investment strategies when providing investment advice to you:

- Charting Analysis – involves the gathering and processing of price and volume information for a

particular security. This price and volume information is analyzed using mathematical equations. The resulting data is then applied to graphing charts, which is used to predict future price movements based on price patterns and trends.

- Fundamental Analysis – involves analyzing individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience and expertise of the company's management, and the outlook for the company's industry. The resulting data is used to measure the true value of the company's stock compared to the current market value.
- Technical Analysis – involves studying past price patterns and trends in the financial markets to predict the direction of both the overall market and specific stocks.
- Cyclical Analysis – a type of technical analysis that involves evaluating recurring price patterns and trends.
- Long Term Purchases – securities purchased with the expectation that the value of those securities will grow over a relatively long period of time, generally greater than one year.
- Short Term Purchases – securities purchased with the expectation that they will be sold within a relatively short period of time, generally less than one year, to take advantage of the securities' short term price fluctuations.
- Short Sales – a securities transaction in which an investor sells securities he or she borrowed in anticipation of a price decline. The investor is then required to return an equal number of shares at some point in the future. A short seller will profit if the stock goes down in price.
- Margin Transactions – a securities transaction in which an investor borrows money to purchase a security, in which case the security serves as collateral on the loan.
- Option Writing – a securities transaction that involves selling an option. An option is the right, but not the obligation, to buy or sell a particular security at a specified price before the expiration date of the option. When an investor sells an option, he or she must deliver to the buyer a specified number of shares if the buyer exercises the option. The seller pays the buyer a premium (the market price of the option at a particular time) in exchange for writing the option.

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

We may use frequent trading (in general, selling securities within 30 days of purchasing the same securities) as an investment strategy when managing your account(s). Frequent trading is not a fundamental part of our overall investment strategy, but we may use this strategy occasionally when we determine that it is suitable given your stated investment objectives and tolerance for risk. We may also trade option on an infrequent basis. The trading of options is highly speculative and may entail more risk than those present when investing in other types of securities. Prices of options are generally more volatile than prices of other types of securities. An investor purchasing an option or warrant runs the risk of losing the entire investment, which will cause significant losses to the investor's account in a relatively short period of time. When an investor sells an option, he or she must deliver to the buyer a specified number of shares if the buyer exercises the option. If the price of those shares increases, the investor theoretically has an unlimited risk of loss.

Most of our clients' assets are advised using a long term investment strategy. Long term purchases may be affected by unforeseen long term changes in the company in which clients are invested or in the overall market.

Our strategies and investments may have unique and significant tax implications. However, unless we specifically agree otherwise, and in writing, tax efficiency is not our primary consideration in the management of your assets. Regardless of your account size or any other factors, we strongly recommend that you continuously consult with a tax professional prior to and throughout the investing of your assets.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Recommendation of Particular Types of Securities

As disclosed under the "Advisory Business" section in this Brochure, we primarily recommend the following types of securities: equity securities, warrants, corporate debt securities, commercial paper, certificates of deposit, municipal securities, mutual fund shares, U.S. Government securities, and options contracts on securities. You should be advised that investing in securities of any type involves a risk of loss. In an effort to limit your exposure to loss involving one particular security, we diversify clients' investments among various securities.

Item 9 - Disciplinary Information

Neither Consilium Wealth Management, LLC nor any of its associated persons has any reportable disciplinary information.

Item 10 - Other Financial Industry Activities or Affiliations

John H. Seo, Managing Member/CEO of our firm is also the Managing Member and CEO of Consilium Insurance Services, LLC, an insurance agency based in California. The firm expects that clients to whom it offers advisory services may also be insurance clients of Consilium Insurance Services, LLC. Clients are instructed that the fees paid to the firm for advisory services are separate and distinct from the commissions earned by Consilium Insurance Services, LLC. Clients to whom the firm offers advisory services are informed that they are under no obligation to utilize the services of Consilium Insurance Services, LLC or its agents for insurance services and may use the insurance brokerage firm and agent of their choosing.

Apart from our affiliation with Consilium Insurance Services, LLC, we do not have any relationship or arrangement that is material to our advisory business or to our clients with any of the types of entities listed below.

1. broker-dealer, municipal securities dealer, or government securities dealer or broker
2. investment company or other pooled investment vehicle (including a mutual fund, closed-end investment company, unit investment trust, private investment company or "hedge fund," and offshore fund)
3. other investment adviser or financial planner
4. futures commission merchant, commodity pool operator, or commodity trading advisor
5. banking or thrift institution
6. accountant or accounting firm
7. lawyer or law firm
8. insurance company or agency
9. pension consultant
10. real estate broker or dealer

11. sponsor or syndicator of limited partnerships

Item 11 - Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Description of Our Code of Ethics

We strive to comply with applicable laws and regulations governing our practices. Therefore, our Code of Ethics includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. All of our Associated Persons are expected to adhere strictly to these guidelines. Our Code of Ethics also requires that certain persons associated with our firm submit reports of their personal account holdings and transactions to a qualified representative of our firm who will review these reports on a periodic basis. Persons associated with our firm are also required to report any violations of our Code of Ethics. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Our Code of Ethics is available to you upon request. You may obtain a copy of our Code of Ethics by contacting John H. Seo at info@consiliumwm.com.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell the same securities that we recommend to you or securities in which you are already invested. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To mitigate this conflict of interest, it is our policy that neither our Associated Persons nor we shall have priority over your account in the purchase or sale of securities.

Item 12 - Brokerage Practices

We primarily recommend the brokerage and custodial services of Fidelity Brokerage Services, LLC, a securities broker-dealer and a member of the New York Stock Exchange and the Securities Investor Protection Corporation. We may also recommend TD AMERITRADE, Inc., a securities broker-dealer and a member of the Financial Industry Regulatory Authority, National Futures Association, and the Securities Investor Protection Corporation; and/or Vanguard Capital, a securities broker-dealer and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation.

We believe that the recommended broker-dealer/custodian provides quality execution services for you at competitive prices. Price is not the sole factor we consider in evaluating best execution. We also consider the quality of the brokerage services provided by the recommended broker-dealer/custodian, including the value of research provided, the firm's reputation, execution capabilities, commission rates, and responsiveness to our clients and our firm. In recognition of the value of research services and additional brokerage products and services the recommended broker-dealer/custodian provides, you may pay higher commissions and/or trading costs than those that may be available elsewhere.

TD AMERITRADE Research and Other Benefits

Our firm participates in the TD AMERITRADE Institutional program. TD AMERITRADE Institutional is a division of TD AMERITRADE, Inc. ("TD AMERITRADE") member FINRA/SIPC/NFA. TD AMERITRADE is an independent and unaffiliated SEC-registered broker-dealer and FINRA member. TD AMERITRADE offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. Our firm receives some benefits from TD AMERITRADE through its participation in the program.

There is no direct link between our firm's participation in the program and the investment advice it gives to its Clients, although our firm receives economic benefits through its participation in the program that are typically not available to TD AMERITRADE retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to our firm by third party vendors. TD AMERITRADE may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD AMERITRADE through the program may benefit our firm but may not benefit its Client accounts. These products or services may assist our firm in managing and administering Client accounts, including accounts not maintained at TD AMERITRADE. Other services made available by TD AMERITRADE are intended to help our firm manage and further develop its business enterprise. The benefits received by our firm or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD AMERITRADE. As part of its fiduciary duties to Clients, the firm endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or its related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD AMERITRADE for custody and brokerage services.

Brokerage for Client Referrals

We do not receive client referrals from broker-dealers in exchange for cash or other compensation, such as brokerage services or research.

Block Trades

We combine multiple orders for shares of the same securities purchased for advisory accounts we manage (this practice is commonly referred to as "block trading"). We will then distribute a portion of the shares to participating accounts in a fair and equitable manner. The distribution of the shares purchased is typically proportionate to the size of the account, but it is not based on account performance or the amount or structure of management fees. Subject to our discretion regarding factual and market conditions, when we combine orders, each participating account pays an average price per share for all transactions and pays a proportionate share of all transaction costs. Accounts owned by our firm or persons associated with our firm will not participate in block trading with your accounts.

Item 13 - Review of Accounts

John H. Seo will monitor your accounts on an ongoing basis and will conduct account reviews at least quarterly and upon your request to ensure that the advisory services provided to you and the portfolio mix

are consistent with your stated investment needs and objectives. Additional reviews may be conducted based on various circumstances, including, but not limited to:

- contributions and withdrawals;
- year-end tax planning;
- market moving events;
- security specific events; and/or,
- changes in your risk/return objectives.

We will provide you with reports on a quarterly basis, using third party performance reports. Reports we provide to you will contain relevant account and/or market-related information such as an inventory of your account holdings and account performance. In addition, you will receive trade confirmations and monthly or quarterly statements from your account custodian(s).

If you have engaged our firm for financial planning services only, we will review your written financial plan only upon your request and for an additional fee.

Item 14 - Client Referrals and Other Compensation

We do not receive any compensation from any third party in connection with providing investment advice to you nor do we compensate any individual or firm for client referrals.

Item 15 - Custody

We directly debit your account(s) for the payment of our advisory fees. This ability to deduct our advisory fees from your accounts causes our firm to exercise limited custody over your funds or securities. We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent qualified custodian. You will receive account statements from the independent qualified custodian(s) holding your funds and securities at least quarterly. The account statements from your custodian(s) will indicate the amount of our advisory fees deducted from your account(s) each billing period. You should carefully review account statements for accuracy.

You should compare our statements with the statements from your account custodian(s) to reconcile the information reflected on each statement. If you have a question regarding your account statement or if you did not receive a statement from your custodian, please contact us at info@consiliumwm.com.

Item 16 - Investment Discretion

Before we can buy or sell securities on your behalf, you must first sign our discretionary management agreement. By signing our discretionary management agreement, you are granting our firm the limited right to make certain investment decisions on your behalf.

You may grant our firm discretion over the selection and amount of securities to be purchased or sold for your account(s) without obtaining your consent or approval prior to each transaction. You may specify

investment objectives, guidelines, and/or impose certain conditions or investment parameters for your account(s). For example, you may specify that the investment in any particular stock or industry should not exceed specified percentages of the value of the portfolio and/or restrictions or prohibitions of transactions in the securities of a specific industry or security. Please refer to the "Advisory Business" section in this Brochure for more information on our discretionary management services.

Item 17 - Voting Client Securities

We will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of common stock or mutual funds, you are responsible for exercising your right to vote as a shareholder.

In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward any electronic solicitation to vote proxies.

Item 18 - Financial Information

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$1,200 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

Miscellaneous

Your Privacy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will never sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact us at info@consiliumwm.com if you have any questions regarding this policy.

Trade Errors

In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account. If a trade error results in a profit, you will keep the profit.
