This Brochure provides information about the qualifications and business practices of KLK Capital Management LLC ("KLK" or "we"). If you have any questions about the contents of this Brochure, please contact us by telephone at (949) 379-1988 or email at info@klkcapital.com. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission ("SEC") or by any State Securities Authority.

Additional information about KLK Capital Management LLC also is available on the SEC's website at www.adviserinfo.sec.gov.

Please note that the use of the term "registered investment adviser" and description of KLK Capital Management LLC and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and our employees.

Item 2: Material Changes

As of November 17, 2014 KLK Capital Management, LLC is no longer eligible to remain registered with California, New Jersey and New York and has begun to transition to SEC registration. As a result of this transition, we have removed State required disclosures, and the SEC has approved our registration effective January 2, 2015.

Item 4: Advisory Business

A. Description of our advisory firm and our principal owner(s) including how long we have been in business.

We provide individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of California and has been in business as an investment adviser since 2014. The firm is 100% owned by Hyesook Kim.

B. Description of the Types of Advisory Services We Offer.

(i) Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

We may utilize Independent Money Managers, where we design an investment portfolio on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

(ii) Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements,

we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

(iii) Pension Consulting:

We provide pension consulting services to employer plan sponsors on a one-time or ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education. All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement or the plan administrator's service agreement).

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of clients, whether clients may impose restrictions on investing in certain securities or types of securities.

(i) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to all of our clients.

(ii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Asset Management service. We do not manage assets through our other services.

D. Participation in Wrap Fee Programs.

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the "Wrap Fee Program Brochure") of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

E. Disclosure of the amount of client assets we manage on a discretionary basis and the amount of client assets we manage on a non-discretionary basis as of April 2014.

As of December 31, 2014, KLK Capital Management LLC manages approximately \$82,886,115 million of assets on a discretionary basis and \$29,936,006 million of assets on a non-discretionary basis.

Item 5: Fees & Compensation

A. Description of how we are compensated for our advisory services provided to you.

(i) Asset Management:

Assets Under Management	Annual Percentage of Assets Charge – Equity/Balanced	Annual Percentage of Assets Charge – Fixed Income
First \$500,000	3.00%	1.25%
Next \$500,000	2.50%	1.00%
Next \$4 million	2.00%	0.75%
Next \$5 million+	Customized	Customized

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Our fees are negotiable and may be lower than the noted percentages at each asset class above based on the exact amount of the investment and investment type where applicable. Additionally, no increase in the annual fee shall be effective without prior written notification to the Client. Decreases in Asset Management fees are implemented without written notification to the Client as changes in the management of their accounts may warrant.

We pay compensation to Independent Managers for services rendered by these firms to our clients and our firm. This compensation is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory fee paid to Independent Managers shall never exceed the overall amount in our published fee statement.

(ii) Financial Planning & Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fees are \$350 for financial advisors. Flat fees generally range from \$2,500 to \$10,000.

(iii) Pension Consulting:

We charge on an hourly or flat fee basis for pension consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fee is \$350. Our flat fees generally range from \$2,500 to \$10,000. We charge flat fees or pre-determined percentage fees based upon the value of

the plan's account per the Pension Consulting Agreement or the plan administrator's service agreement. We are paid in arrears and our fees are negotiable.

Comment [ME(1): Please indicate the frequency that pension consulting fees are charged. Upon completion if not on a regular schedule such as quarterly.

B. Description of whether we deduct fees from clients' assets or bill clients for fees incurred.

(i) Asset Management:

Fees will be automatically deducted from your managed account. In rare cases we will agree to directly bill clients. As part of the automatic fee deduction process, please note the following:

- a) You provide written authorization permitting us to be paid directly from the managed account held by the independent custodian;
- b) Our firm sends an electronic request to the custodian indicating the amount of the fee to be paid from the client's managed account;
- c) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- d) As required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940, if we send our own statement to our clients, we urge them to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements.

(ii) Financial Planning & Consulting:

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

(iii) Pension Consulting:

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement or the plan administrator's service agreement. The client will be invoiced directly for the fees or the Adviser's fees will be paid directly from the plan's administrator.

C. Description of any other types of fees or expenses clients may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Non-Wrap fee clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

- D. We must disclose if client's advisory fees are due quarterly in advance. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

- E. Commissionable Securities Sales.

In order to sell securities for a commission, our supervised persons are registered representatives of M.S. Howells & Co., Inc. ("M.S. Howells & Co."), member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

1. Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received. We generally address commissionable sales conflicts that arise:
 - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn;
 - b) when recommending commissionable mutual funds, explaining that "no-load" funds are also available.
2. In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.
3. Does not exceed more than 50% of our revenue.
4. Does not reduce your advisory fees to offset the commissions our supervised persons receive.

We may offer certain qualified clients, who maintain assets custodied at Charles Schwab & Co., Inc., opening account at M.S. Howells & Co. and its trading services.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not accept performance-based fees.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals and High Net Worth Individuals;

- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$250,000 for our Asset Management service. Generally, this minimum account balance requirement is negotiable and would be required throughout the course of the client's relationship with our firm.
- We do not impose any minimum fees on our clients.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Description of the methods of analysis and investment strategies we use in formulating investment advice or managing assets.

Methods of Analysis:

- Charting;
- Cyclical;
- Fundamental; and/or
- Technical.

Investment Strategies We Use:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Short Sales;
- Margin Transactions; and/or
- Option Writing, including Covered Options, Uncovered Options or Spreading Strategies.

Please Note:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

We generally invest clients' cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to Asset Management as applicable.

Item 9: Disciplinary Information

We have no legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

- A. If our firm or our management persons are registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer, we must disclose this fact.

Representatives of our firm are registered representatives of M.S. Howells & Co., member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. A conflict of interest may arise as these commissionable securities and/or variable annuity sales may create an incentive to recommend products based on the compensation they may earn.

- B. If our management persons are registered, or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or an associated person of the foregoing entities, we must disclose this fact.

Representatives of our firm are engaged in a separately owned advisory business, KLK Partners LLC, for pooled investment vehicles. A conflict of interest may arise as these private securities sales may create an incentive to recommend products based on the compensation they may earn.

- C. Description of any relationship or arrangement that is material to our advisory business or to our clients, that we or any of our management persons have with any related person¹ listed below. We are required to identify the related person and if the relationship or arrangement creates a material conflict of interest with clients, describe the nature of the conflict and how we address it.

Representatives of our firm are licensed to offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn.

In his separate Mr. Wonkyong Kim is a licensed CPA by the State of New York only and does not practice in the State of California. Additionally, Mr. Kim does not offer accounting or tax services to any affiliated company or client of KLK Capital Management, LLC. Furthermore, neither Mr. Wonkyong Kim nor any other individual affiliated with KLK Capital Management, LLC has signatory authority for a client's checking account.

- D. If we recommend or select other investment advisers for our clients and we receive compensation directly or indirectly from those advisers, or we have other business

¹ Our Related Persons are any advisory affiliates and any person that is under common control with our firm. Advisory Affiliate: Our advisory affiliates are (1) all of our officers, partners, or directors (or any person performing similar functions); (2) all persons directly or indirectly controlling or controlled by us; and (3) all of our current employees (other than employees performing only clerical, administrative, support or similar functions). Person: A natural person (an individual) or a company. A company includes any partnership, corporation, trust, limited liability company ("LLC"), limited liability partnership ("LLP"), sole proprietorship, or other organization.

relationships with those advisers, we are required to describe these practices and discuss the conflicts of interest these practices create and how we address them.

KLK Capital Management, LLC will always endeavor to recommend third-party advisers that are properly licensed or registered as investment advisers unless exempt for registration when selecting or recommending such advisers to clients.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

A. Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities. Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts.

In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates. Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times.

We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

B. If our firm or a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest (excluding an interest as a shareholder of an SEC-registered, open-end investment company), we must describe our practice and discuss the conflicts of interest it presents.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest.

C. If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are

required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

- D. If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

See Item 11A of this Brochure. Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 24 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

Item 12: Brokerage Practices

- A. Description of the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Liquidity of the securities traded
- Willingness to commit capital
- Ability to place trades in difficult market environments
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation

With this in consideration, our firm has an arrangement with Charles Schwab & Co., Inc. and M.S. Howells & Co. Charles Schwab & Co., Inc. and M.S. Howells & Co. offer to independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some non-soft dollar benefits from Charles Schwab & Co., Inc. and M.S. Howells & Co. through our participation in the program. Please see the disclosure under Item 14 of this Brochure.

1. Research and Other Soft Dollar Benefits. If we receive non-soft dollar research or other products or services other than execution from a broker-dealer or a third party in connection with client securities transactions ("soft dollar benefits"), we are required to disclose our practices and discuss the conflicts of interest they create. Please note that we must disclose all soft dollar benefits we receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

Charles Schwab & Co., Inc. and M.S. Howells & Co. may make certain research and brokerage services available at no additional cost to our firm. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by Charles Schwab & Co., Inc. and M.S. Howells & Co. may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by Charles Schwab & Co., Inc. and M.S. Howells & Co. to our firm in the performance of our investment decision-making responsibilities.

We do not use client brokerage commissions to obtain research or other products or services. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

- a. Explanation of when we use client brokerage commissions (or markups or markdowns) to obtain research or other products or services, and how we receive a benefit because our firm does not have to produce or pay for the research, products or services.

As part of the arrangement described in Item 12.A.1, Charles Schwab & Co., Inc. and M.S. Howells & Co. also make certain research and brokerage services available at no additional cost to our firm. These services include certain research and brokerage services, including research services obtained by Charles Schwab & Co., Inc. and M.S. Howells & Co. directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by Charles Schwab & Co., Inc. and M.S. Howells & Co. to our firm may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by Charles Schwab & Co., Inc. and M.S. Howells & Co. to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services

are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

- b. Incentive to select or recommend a broker-dealer based on our interest in receiving the research or other products or services, rather than on our clients' interest in receiving best execution.

Charles Schwab & Co., Inc. Advisor Services serves independent investment advisory firms like us. They provide our firm and our clients with access to its institutional brokerage – trading, custody, reporting and related services – many of which are not typically available to Charles Schwab & Co., Inc. retail customers. Charles Schwab & Co., Inc. also makes available various support services. Some of those services help us manage or administer our clients' accounts while others help us manage and grow our business. Charles Schwab & Co., Inc.'s support services described below are generally available on an unsolicited basis (we don't have to request them) and at no charge to us as long as we keep a total of at least \$10 million of the assets of our firm's advisory clients in accounts at Charles Schwab & Co., Inc.. The availability to us of Charles Schwab & Co., Inc.'s products and services is not based on us giving particular investment advice, such as buying particular securities for our clients. As described below, however, the availability to us of some third party products and services is contingent on our clients placing a specified amount of assets in accounts at Charles Schwab & Co., Inc. Here is a more detailed description of Charles Schwab & Co., Inc.'s support services:

Services that Benefit You. Charles Schwab & Co., Inc.'s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Charles Schwab & Co., Inc. include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Charles Schwab & Co., Inc.'s services described in this paragraph generally benefit you and your account.

Services that May Not Directly Benefit You. Charles Schwab & Co., Inc. also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Charles Schwab & Co., Inc.'s own and that of third parties. We may use this research to service all or some substantial number of our clients' accounts, including accounts not maintained at Charles Schwab & Co., Inc. In addition to investment research, Charles Schwab & Co., Inc. also makes available software and other technology that:

- provide access to client account data (such as duplicate trade confirmations and account statements);
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- provide pricing and other market data;
- facilitate payment of our fees from our clients' accounts; and
- assist with back-office functions, recordkeeping and client reporting.

Services that Generally Benefit Only Us. Charles Schwab & Co., Inc. also offers other services intended to help us manage and further develop our business enterprise. These services include:

- educational conferences and events;
- technology, compliance, legal, and business consulting;
- publications and conferences on practice management and business succession; and
- access to employee benefits providers, human capital consultants and insurance providers.

Charles Schwab & Co., Inc. may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Charles Schwab & Co., Inc. may also discount or waive its fees for some of these services or pay all or a part of a third party's fees. Charles Schwab & Co., Inc. may also provide us with other benefits such as occasional business entertainment of our personnel. Charles Schwab & Co., Inc. has agreed that when the assets in our clients' accounts maintained at Charles Schwab & Co., Inc. total at least \$50 million, it will pay for certain research, technology and marketing products and services provided to us by third parties.

The availability of the services described above from Charles Schwab & Co., Inc. benefits us because we do not have to produce or purchase them. We don't have to pay for Charles Schwab & Co., Inc.'s services so long as we keep a total of at least \$10 million of client assets in accounts at Charles Schwab & Co., Inc. In addition, we don't have to pay for certain third party research, technology and marketing products and services once the total of our clients' assets maintained in accounts at Charles Schwab & Co., Inc. reaches \$50 million. These required amounts of client assets (\$10 million and \$50 million) may give us an incentive to require that you maintain your account with Charles Schwab & Co., Inc. based on our interest in receiving Charles Schwab & Co., Inc.'s and the third parties' services that benefit our business rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a potential conflict of interest. We believe, however, that our selection of Charles Schwab & Co., Inc. as custodian and broker is in the best interests of our clients. It is primarily supported by the scope, quality and price of Charles Schwab & Co., Inc.'s services and not Charles Schwab & Co., Inc.'s or third parties' services that benefit only us or may only indirectly benefit you.

c. Description of commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up).

Our clients may pay a commission to Charles Schwab & Co., Inc. and M.S. Howells & Co. that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

- d. Disclosure of whether we use soft dollar benefits to service all of our clients' accounts or only those that paid for the benefits, as well as whether we seek to allocate soft dollar benefits to client accounts proportionately to the soft dollar credits the accounts generate.

We do not receive soft dollar benefits although the non-soft dollar investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

- e. Description of the types of products and services our firm or any of our related persons acquired with client brokerage commissions, markups or markdowns within our last fiscal year.

Neither our firm nor a related person acquired products and services with client brokerage commissions, markups, or markdowns within our last fiscal year.

- f. Explanation of the procedures we used during our last fiscal year to direct client transactions to a particular broker-dealer in return for soft dollar benefits we received.

Neither our firm nor a related person directed client transactions to a particular broker-dealer in return for soft dollar benefits we received within our last fiscal year.

2. Brokerage for Client Referrals. If we use client brokerage to compensate or otherwise reward brokers for client referrals, we must disclose this practice, the conflicts of interest it creates, and any procedures we used to direct client brokerage to referring brokers during the last fiscal year (i.e., the system of controls used by us when allocating brokerage).

Our firm does not receive brokerage for client referrals.

3. Directed Brokerage.

- a. If we routinely recommend, request or require that a client directs us to execute transactions through a specified broker-dealer, we are required to describe our practice or policy. Further, we must explain that not all advisers require their clients to direct brokerage. If our firm and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, we are further required to describe the relationship and discuss the conflicts of interest it presents by explaining that through the direction of brokerage we may be unable to achieve best execution of client transactions, and that this practice may cost our clients more money.

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates for transactions effected.

- b. Permissibility of client-directed brokerage.

We allow clients to direct brokerage. However, we may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher

brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

- B. Discussion of whether, and under what conditions, we aggregate the purchase or sale of securities for various client accounts in quantities sufficient to obtain reduced transaction costs (known as bunching). If we do not bunch orders when we have the opportunity to do so, we are required to explain our practice and describe the costs to clients of not bunching.

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm.

Although such concurrent authorizations potentially could be advantageous or disadvantageous to any one or more particular accounts, they are effected only when we believe that to do so will be in the best interest of the effected accounts with similar investment objectives. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

- A. Review of client accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

You may have the opportunity to participate in reviews of your Account with your Financial Advisor, generally on a semi-annual basis. These reviews provide important information, and we strongly encourage you to take advantage of these opportunities. Additionally, you are not limited in your ability to contact your Financial Advisor. We welcome and encourage you to discuss any questions or concerns you may have at any time.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

Pension Consulting clients receive reviews of their pension plans for the duration of the pension consulting service. We also provide ongoing services to Pension Consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

- B. Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

C. Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients may take place on at least an annual basis when we contact clients who subscribe to our Asset Management service.

As mentioned in Item 13A of this Brochure, Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

As also mentioned in Item 13A of this Brochure, Pension Consulting clients do not receive written or verbal updated reports regarding their pension plans unless they choose to contract with us for ongoing Pension Consulting services.

Item 14: Client Referrals & Other Compensation

A. If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

We receive an economic benefit from Charles Schwab & Co., Inc. in the form of the support products and services it makes available to us and other independent investment advisors that have their clients maintain accounts at Charles Schwab & Co., Inc. These products and services, how they benefit us, and the related conflicts of interest are described above (*see Item 12 – Brokerage Practices*). The availability to us of Charles Schwab & Co., Inc.'s products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

KLK occasionally receives sponsorships from mutual fund wholesalers ("non-soft dollar benefits"). These benefits include dinner gatherings and events organized and/or sponsored by the mutual fund wholesalers. The mutual fund company pays for the event or we pay for the event up front and then get reimbursed by the mutual fund company. Other potential benefits may include occasional business entertainment by including meals, invitations to conferences, and other forms of entertainment, some of which may accompany educational opportunities. Nevertheless, KLK will not accept any soft dollars.

B. If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Item 15: Custody

- A. If we have custody of client funds or securities and a qualified custodian as defined in SEC rule 206(4)-2 or similar state rules (for example, a broker-dealer or bank) does not send account statements with respect to those funds or securities directly to our clients, we must disclose that we have custody and explain the risks that you will face because of this.

We do not have custody of client funds or securities. All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

- B. If we have custody of client funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to our clients, we are required to explain that you will receive account statements from the broker-dealer, bank, or other qualified custodian and that you should carefully review those statements.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements at least quarterly listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16: Investment Discretion

If we accept discretionary authority to manage securities accounts on behalf of clients, we are required to disclose this fact and describe any limitations our clients may place on our authority.

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, the total amount to be bought and sold, and the costs at which the transactions will be effected. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

If we have, or will accept, proxy authority to vote client securities, we must briefly describe our voting policies and procedures, including those adopted pursuant to SEC Rule 206(4)-6.

We do not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Third party money managers selected or recommended by our firm may vote proxies for clients. Therefore, except in the event a third party money manager votes proxies, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Therefore (except for proxies that may be voted by a third party money manager), our firm and/or you shall instruct your qualified custodian to forward to you copies of all proxies and shareholder communications relating to your investment assets.

Item 18: Financial Information

If we require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.
- We have never been the subject of a bankruptcy proceeding.
