Introduction

Signator Investors, Inc. ("SII") is a Registered Investment Adviser registered with the Securities & Exchange Commission ("SEC") under the Investment Advisers Act of 1940.

SII, through its affiliated Investment Adviser Representatives ("IARs"), provides a variety of services designed to meet the needs of retail individual and corporate clients. This brochure contains information about Adviser Managed Portfolios Program ("the Program"), a wrap fee program sponsored by SII. This program is also available as a non-wrap program where separate transaction fees apply. SII also sponsors John Hancock Portfolio Solutions and Portfolio by Design, other wrap fee programs. Please contact SII, or your IAR to obtain more information on John Hancock Portfolio Solutions or Portfolio by Design.

SII is also a registered broker-dealer and Financial Industry Regulatory Authority ("FINRA") member offering mutual funds, unit investment trusts, variable contracts, limited partnerships and general securities. Its revenue is primarily derived from commissions and fees earned as a result of the sales and services of these products. Each IAR affiliated with SII must be a FINRA registered representative and be appointed as an insurance agent or insurance broker with John Hancock Life Insurance Company, (U.S.A.) and/or John Hancock Life Insurance Company of New York. As registered representatives and insurance agents or brokers, they are compensated on the sale of investment and insurance products on a commission basis.

To offer the Program, IARs must be approved in the Managed Account Program within the Corporate RIA Program. They must have passed the Series 6 or 7 examination and meet all state requirements to act as an IAR. SII also requires IARs to complete specific internal and industry training programs.

Services, Fees & Compensation Overview

The Signator Managed Account Platform offers mutual fund and/or exchange traded fund programs and advisor directed portfolios. SII is the sponsor. Envestnet Asset Management, Inc. ("Envestnet Asset Management") is the Registered Investment Advisor. Envestnet Asset Management is located at 35 E. Wacker Dr., Suite 2400, Chicago IL 60601. Envestnet Asset Management Form ADV Part 2A is given to clients and prospective clients of the program and contains specific details about Envestnet Asset Management and its investment advisory qualifications and services. For additional information about Envestnet Asset Management, please see Envestnet Asset Management's Form ADV Part 2A.

advisor There is no guarantee that the advisory services offered under the Program will result in the clients' goals and objectives being met. Nor is there any guarantee of profit or protection from loss. No assumption can be made that an advisory fee arrangement or portfolio management service of any nature will provide a better return than other investment vehicles.

Signator Investors, Inc. charges an annual program fee (the "Program Fee") equal to a percentage of the assets invested in the clients account. The Program Fee may include the "Sponsor Fee" and "Manager Fee" depending on the portfolio, as well as the "Advisory Fee". The Sponsor Fee is the compensation paid to SII and Envestnet for services provided to the client's account and is not negotiable. The Advisory Fee

is the compensation that is paid to the IAR and is negotiable. The Program Fee includes fees for clearing and custody if applicable in a wrap fee account.

SII and Envestnet Asset Management each retain a portion of the Program Fee as compensation for services provided to the client's account. SII may, in their sole discretion, pay all or a portion of the Program Fee to another party involved in providing services to the client's account.

Program Fees are generally billed quarterly, in advance, based on the average daily balance of the account during the prior quarter. Program Fees are debited from the account at the start of each quarter. All unused, pre-paid program fees will be credited (refunded) to the Client's account in the event of termination of this Agreement and/or account closing. The Client account will only be charged for the actual days the account was managed. Program Fees are automatically deducted from the assets in the client's program unless other arrangements have been made.

Upon establishment of the account, the Program Fee will be charged in the month following the account opening. This Program Fee will be pro-rated for the number of days during the first month the account was managed plus the remainder of days in the current quarter. The Client account will only be charged for the actual days the account was managed.

Additional nominal regulatory fees may be assessed on certain securities transactions.

All investments in mutual funds are subject to the terms of each of the applicable prospectuses, including associated fees and underlying mutual fund expenses as fully described in the prospectus. All Clients will be advised that SII's fees are in addition to fees charged by the mutual funds and exchange-traded funds ("ETFs") in their portfolio. 12b-1 fees are paid on certain offered mutual funds. 12b-1 fee payments are passed through to the accounts.

The Program may cost the client more or less than if the client paid separately for the individual services included in the program.

The IAR recommending the Program to the Client receives compensation as a result of the Client's participation in the program, and the amount of such compensation may be more than what the IAR would recommend if the client participated in other programs of SII or paid separately for investment advice, brokerage and other services, and the IAR may therefore have a financial incentive to recommend the program over other programs or services.

For specific information regarding the available products offered through the Signator Managed Account Platform and the associated fees, please see below.

Advisor Managed Portfolios

In the Program, the Client provides the IAR with information regarding investment objectives, financial needs, investment time horizon, risk tolerance and other relevant information. The IAR inputs this information into the Envestnet platform to build a model portfolio for the client, recommend an appropriate asset allocation among the investment options in the Program and select appropriate investment vehicles for the Client's account coinciding with the Client's risk tolerance parameters.

SIIAMP02112015

The Program is offered on a discretionary or non-discretionary basis as determined by the client. For discretionary accounts, Client grants SII through its IAR full authority to invest, reinvest and allocate and reallocate assets in the accounts that are part of the Program. Such discretionary authority allows the IAR to make all investment decisions with respect to the account and when deemed appropriate and without prior consultation with the client, to buy, exchange, convert and otherwise trade in any stocks, bonds, mutual funds and other securities. If a client does not grant discretionary authority, then any transaction or investment must be reviewed and approved by the client in advance. SII, in its sole discretion may determine certain accounts that will not be eligible for discretion and discretion may be revoked in writing.

Reasonable restrictions may be imposed by the Client on management of the accounts including the designation of particular securities or types of securities that should not be purchased for the account or that should not be held in the account.

IARs consult with clients periodically, but no less than annually to determine whether any information needs to be updated and whether any changes need to be made to the Client's stated risk tolerance parameters.

The Client account may be structured as either a wrap fee Program account or a non-wrap fee Program account. A wrap fee Program account is charged an advisory fee as a percentage of assets under management that for one fee includes the management fee, administrative costs of SII and transaction fees for the securities sold and purchased in account. The non-wrap fee version of the Program is charged a lower advisory fee as well as transactions charges associated with the purchase and sale of each security. Depending on the trading activity in the account and the types of securities bought and sold, the non-wrap version of the Program may be less expensive for the client. The Client and the IAR should consider which version of the program is appropriate for the Client.

Wrap Fee Program accounts are allotted eighty (80) purchases or sales transactions in any twelve (12) month period. Should there be purchases and/or sales transactions in excess of the allotment then each transaction in excess of eighty (80) may be charged a transaction fee as defined in the non-wrap fee version of the Program. At the end of each twelve (12) month period, the allotment resets to eighty (80).

SII may allow non-program assets to be held in the client account as an accommodation. These accommodated assets will not be part of the recommended model and will not contribute to the performance or be charged the program fee. Should a Client want to hold securities as an accommodation, then only the non-wrap fee version of the program will be available.

Strategist Managed Portfolios

Strategist Managed Portfolios is a model driven program that allows the client to invest in a broad range of mutual funds and/ or exchange traded funds. These portfolios are managed by third party investment advisors and SII elects the model portfolios available in the program. The Model Providers are responsible for all investment selections and they may add or remove securities from their portfolios at their sole discretion. Envestnet Asset Management is granted investment discretion and will continuously monitor each client portfolio. When deemed appropriate, Envestnet Asset Management will make changes based updates to the model portfolios. Envestnet Asset Management will also periodically rebalance the portfolios.

In the program the client provides the IAR with information regarding investment objectives, investment time horizon, risk tolerance and other relevant information. The IAR then inputs this information into Envestnet Asset Management's proprietary investment allocation system, which in turn provides the client and the IAR with investment options that have been determined to be appropriate choices for the client based on the information provided by the client. After the initial investment selections have been elected, the IAR meets with the client no less than annually to discuss any changes in the client's financial situation which may affect the client's investment selections.

Clients may select model portfolios offered by the following third party model providers but not limited to: AlphaSimplex, Astor Investment Management, LLC, Beaumont Financial Partners, LLC, Brinker Capital, Inc., Clark Capital, Morningstar Investment Management Services, Inc., Russell Investment Management Company, Standard & Poors Investment Advisory Services, LLC, Symmetry Partners, Vanguard and Wilshire Associates Incorporated. For additional information about these Model Providers, please see the respective Form ADV Part 2A.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

SII is responsible for ensuring compliance with Rule 204A-1 of the Advisers Act, which requires a registered investment adviser to establish, maintain and enforce a written code of ethics. Consistent with this obligation, SII has adopted a Code of Ethics that, at a minimum, seeks to promote compliance with fiduciary standards and the means to address conflicts of interest arising from the personal securities transactions of its employees and its IARs. The Code of Ethics describes the standards of conduct that is expected of its employees and IARs. A copy of SII's Code of Ethics is available to clients upon request.

Review of Accounts

SII reviews a sample of its managed client accounts on a quarterly basis. The managed client accounts are reviewed to proactively identify any potential account irregularities.

To conduct its review of accounts, SII selects a sample of accounts and acquires specific account information and documentation that is examined during the review. After the review is completed a report of the findings is created and distributed to various member of the SII management team. Findings are reviewed and addressed to make certain that issues are addressed in a timely manner. These reports are not issued to the respective account owners. If SII becomes aware of a matter that requires the client's attention in order to resolve, SII will promptly notify the Client.

Client Referrals and Other Compensation

SII IARs receive client referrals for advisory services. Each client receives a solicitor fee disclosure document that outlines the referral arrangement and any compensation to the individual making the referral.

National Financial Services, LLC., may share revenue associated with the use of no-transaction fee mutual funds in the Program. Such payments vary from .03% to 0.12% based on aggregate no-transaction fee mutual fund assets held with National Financial Services, LLC. As such, there is a potential conflict of interest because SII may have a greater incentive to recommend investments that provide additional compensation to SII.

SII may receive revenue sharing from third party money managers for new sales and/or assets under management in its investment advisory programs.

Financial Information

This item is not applicable to SII.
