ITEM 2 MATERIAL CHANGES

This Brochure contains changes from the last annual update of this Brochure dated March 31, 2014. The following is a summary of certain changes made to this Brochure from the time of the annual update of the Brochure dated March 31, 2013 until the most recent annual update dated March 31, 2014. The following also includes a summary of certain changes made to the Brochure since the last annual update dated March 31, 2014. The Brochure was updated to include LPL's new San Diego address of 4707 Executive Drive, San Diego, California 92121-3091. Item 9 was updated to provide information regarding four disciplinary events involving LPL, one related to LPL's systems and procedures to review and retain emails, one related to aspects of LPL's processing and supervision of the sale of alternative investments, including non-traded real estate investment trusts, one related to the books and records of certain variable annuity exchange transactions, and one related to improper conduct by an LPL investor advisor representative. Item 9 also was updated to include more information about LPL's typical handling of trade errors in accounts.

Services

LPL sponsors various types of advisory programs, including wrap fee programs and mutual fund asset allocation programs. LPL makes these programs available to clients directly and also through third party investment advisor firms ("Advisor") and their associated persons. This Brochure provides a description of LPL's Optimum Market Portfolios ("OMP") program when offered

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

through an Advisor. For more information about LPL's advisory services and programs other than OMP, please contact your Advisor for a copy of a similar brochure that describes such service or program or go to www.adviserinfo.sec.gov.

The OMP program is a professionally managed mutual fund asset allocation program in which LPL and Advisor provide ongoing investment advice. The Advisor obtains the necessary financial data from the client, assists the client in determining the suitability of the program and assists the client in setting an appropriate investment objective. The Advisor on a discretionary or non-discretionary basis selects a model portfolio of mutual funds ("Portfolio") designed by LPL's Research Department consistent with the client's stated investment objective. If client authorizes Advisor to take discretion to select Portfolios on behalf of client, such authority will be set out in the Account Agreement and Application signed by the client. The Portfolios are made up of mutual funds in the Optimum Funds mutual fund family. A Portfolio may include up to six Optimum Funds.

LPL has discretion to buy and sell securities in the account and will invest the account based on the Portfolio selected. The client authorizes LPL to take discretion by executing the Account Agreement and Application. LPL rebalances accounts based on the allocations in the Portfolio as described below. LPL reviews the account for rebalancing on the frequency selected by the client at account opening or as altered by the Advisor or the client from time to time. The choices for frequency of rebalancing are quarterly (four times per year), semi-annually (two times per year) or annually (once per year). Accounts are reviewed on the frequency selected based on the anniversary date of account opening, or the next business day closest to the anniversary date, to determine if rebalancing is necessary. At each rebalancing review date, accounts are rebalanced if at least one of the account positions is outside a range determined by LPL, subject to a minimum transaction amount established by LPL in its discretion. In addition, LPL may review the account for rebalancing in the event that PL Research changes the model portfolio.

LPL invests deposits in an account according to the Portfolio, but such deposits (or a portion thereof) may be liquidated and the proceeds may remain in cash until certain conditions are met related to trade size and positive deviation from the target allocation. Although OMP accounts are not considered tax efficient or tax managed, LPL may delay placing transactions on non-retirement accounts by one day for any rebalancing scheduled to occur on the first one year anniversary date of the account opening in an attempt to limit short-term tax treatment for any position being sold. Liquidation requests in connection with withdrawals and requests related to changes in the Portfolio selected may take up to 5-7 days to process, and, in certain circumstances, may take longer.

In connection with the program, LPL also acts as custodian to accounts, provides research information to Advisor, provides brokerage services as the broker-dealer on transactions, and performs administrative services, such as quarterly performance reporting to clients.

Fee Schedule

In the OMP program, clients pay LPL and Advisor an ongoing advisory fee ("Account Fee"). The Account Fee is negotiable between the client and the Advisor and is set out in the Account Application. The Account Fee is typically a straight percentage based on the value of all assets in the account, including cash holdings. The Account Fee also may be structured on a tiered basis, with a reduced percentage rate based on reaching certain thresholds. The maximum Account Fee is 2.50%. The Account Fee is paid to LPL, and LPL shares up to 95% with the Advisor pursuant to the agreement between LPL and Advisor. LPL and Advisor do not accept performance-based fees under OMP. LPL and Advisor do not accept performance-based fees under OMP.

How the Account Fee is Charged

LPL deducts the Account Fee and other fees and charges associated with an OMP account from the account. LPL calculates and deducts the Account Fee in the method described in the Account Agreement, unless other arrangements are made in writing. If a client wishes to be billed for the Account Fee, rather than a deduction directly from the account, the client needs to make a request to LPL through the Advisor.

Payment in Advance and Refund of Pre-Paid Fees

LPL deducts the Account Fee quarterly in advance. If the Account Agreement is terminated before the end of the quarterly period, LPL will pay the client a prorated refund of any pre-paid quarterly Account Fee based on the number of days remaining

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

in the quarter after the termination date. However, if the account is closed within the first six months by the client or as a result of withdrawals that bring the account value below the required minimum, LPL and Advisor reserve the right to retain the pre-paid quarterly Account Fee for the current quarter in order to cover the administrative costs of establishing the account (for example, the costs related to transferring positions in and out of the account, data entry in opening the account, reconciliation of positions in order to issue quarterly performance reports, and re-registration of positions). After the termination date, LPL may convert the account to a brokerage account. In a brokerage account, client is charged a commission for each transaction and LPL and Advisor have no responsibility to provide ongoing investment advice.

Other Types of Fees and Expenses of LPL

In addition to the Account Fee, LPL assesses a confirmation charge of \$5 on each purchase and sale transaction. The confirmation charge is identified under the service charge column on trade confirmations and represents a reimbursement of expenses associated with printing and mailing confirmations. LPL does not share any portion of the confirmation charge with Advisor. The confirmation charge may be higher or lower than commissions otherwise payable in the absence of the Account Fee. Clients also pay LPL other miscellaneous administrative or custodial-related fees and charges that may apply to an OMP account. LPL notifies clients of these charges at account opening and makes available a list of these charges on its website at www.lpl.com.

Fees Charged by Third Parties

There are other fees and charges that are imposed by third parties other than LPL that apply to investments in OMP accounts. In OMP, assets are invested in mutual funds and, therefore, there are two layers of advisory fees and expenses for those assets. Client will pay an advisory fee to the investment advisor of the Optimum Funds and other expenses as a shareholder of the Funds. Client will also pay LPL and Advisor the Account Fee with respect to those assets. The Optimum Funds or funds with similar investment objectives may be purchased outside of LPL. Therefore, clients could generally avoid the second layer of fees by not using the advisory services of LPL and Advisor and by making their own decisions regarding mutual fund investing. The amount of the advisory fees and other expenses of the Optimum Funds are set out in the prospectus and financial statements of the Optimum Funds, which are available upon request from Advisor or the Optimum Funds directly.

Advisor may charge fees in addition to the Account Fee. Clients should refer to the Firm Brochure of Advisor for more information regarding fees charged by Advisor.

Important Things to Consider About Fees on an OMP Account

- The Account Fee is a single fee for investment advisory services and other administrative and custodial services. Clients do not pay a commission or transaction charge to LPL but do pay a confirmation charge as described above. The Account Fee may cost the client more than purchasing the program services separately, for example, paying an advisory fee plus commissions or transaction charges to a broker-dealer for each transaction in the account. Factors that bear upon the cost of the account in relation to the cost of the same services purchased separately include the:
 - type and size of the account
 - historical and or expected size or number of trades for the account, and
 - number and range of supplementary advisory and client-related services provided to the client.
- The Account Fee may be higher than the fees charged by other investment advisors for similar services. This is the case in particular if the Account Fee is at or near the maximum Account Fee set out above. The Advisor is responsible for determining the Account Fee to charge each client based on factors such as total amount of assets involved in the relationship and the complexity, number and range of supplementary advisory and client-related services to be provided to the account. Clients should consider the level and complexity of the advisory services to be provided when negotiating the Account Fee with Advisor.
- The Advisor and its IARs recommending the program to the client receives compensation as a result of the client's participation in the program. This compensation includes a portion of the Account Fee and also may include other compensation, such as bonuses, awards or other things of value offered by LPL to Advisor or by LPL or Advisor to the IAR.

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

For example, LPL may pay a bonus to Advisor or its IARs in the form of reimbursement of fees that Advisor or its IARs pay to LPL for administrative services. In particular, pursuant to the agreement between LPL and Advisor, LPL pays Advisor an amount, in addition to a percentage of the client's Account Fee, based on the current market value of all client assets Advisor maintains in LPL advisory programs, including the OMP program. This amount is paid from the portion of the fee retained by LPL, and payment of this amount does not result in any higher or additional client fees. Therefore, this additional portion of the fee provides Advisor a greater financial benefit if more client assets are invested in LPL advisory programs. The amount of compensation that Advisor receives from LPL may be more or less than what the Advisor and its IARs would receive if the client participated in other LPL programs, programs of other investment advisors or paid separately for investment advice, brokerage and other client services. Therefore, the Advisor and its IARs may have a financial incentive to recommend a program account over other programs and services.

- The investment products available to be purchased in the program can be purchased by clients outside of an OMP account, through broker-dealers or other investment firms not affiliated LPL.

ITEM 5 ACCOUNT REQUIREMENTS AND TYPES OF CLIENTS

LPL generally requires a minimum account value of \$15,000. In certain instances, LPL will permit a lower minimum account size. An account will not be invested according to the Portfolio until the minimum has been reached. The program is available for individuals, IRAs, banks and thrift institutions, pension and profit sharing plans, including plans subject to Employee Retirement Income Security Act of 1974 ("ERISA"), trusts, estates, charitable organizations, state and municipal government entities, corporations and other business entities.

ITEM 6 PORTFOLIO MANAGER SELECTION AND EVALUATION

In OMP, LPL does not select, review or recommend the services of other investment advisor or portfolio management firms. LPL and Advisor are responsible for the investment advice and management offered to clients, and the client selects the Advisor who services the account. Advisor is responsible for determining the standards required for its associated persons. For more information about the Advisor, client should refer to the Advisor's Firm Brochure, which client should have received at the time client opened the account.

In OMP, clients invest in Portfolios designed by LPL's Research Department. LPL's Research Department provides various types of advisory services. LPL Research provides research recommendations on asset allocation and mutual funds and ETFs. LPL Research provides investment advice on mutual fund selection and allocation through other LPL advisory programs, such as Model Wealth Portfolios and Personal Wealth Portfolios. LPL Research also reviews and recommends outside portfolio management firms for LPL's separately managed account wrap programs, Manager Select and Manager Access Select.

LPL Research designs different types of Portfolios for OMP to meet the varying needs of clients. The Advisor, or the client with the assistance of the Advisor, selects the Portfolio and provides advice based on the client's individual needs. LPL's Research Department uses the following investment strategies in designing Portfolios. It is important to note that no methodology or investment strategy is guaranteed to be successful or profitable. Each of these investment strategies seek to generate capital appreciation while assuming a reasonable amount of risk.

- *Standard.* These Portfolios invest in six Optimum Funds across the following asset classes: large growth, large value, small/mid growth, small/mid value, international, and fixed income.
- *U.S.* These Portfolios invest in five Optimum Funds across the following asset classes: large growth, large value, small/mid growth, small/mid value, and fixed income. These Portfolios do not invest in international.
- *Growth Tilt.* These Portfolios invest in six Optimum Funds across the following asset classes: large growth, large value, small/mid growth, small/mid value, international, and fixed income. These Portfolios are over-weighted to growth relative to value.
- *Value Tilt.* These Portfolios invest in six Optimum Funds across the following asset classes: large growth, large value, small/mid growth, small/mid value, international, and fixed income. These Portfolios are over-weighted to value relative to growth.

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

For Standard and U.S. Portfolios described above, LPL Research makes available a strategic or tactical version for each Portfolio. The strategic Portfolios are intended to take advantage of market opportunities that will occur or persist over a three-to-five-year time frame. The tactically managed Portfolios are intended to take advantage of short-, medium-, or long-term opportunities.

Types of Investments and Risks

Investing in securities involves the risk of loss that clients should be prepared to bear. Described below are some risks associated with investing.

- *Market Risk.* This is the risk that the value of securities owned by an investor may go up or down, sometimes rapidly or unpredictably, due to factors affecting securities markets generally or particular industries.
- *Interest Rate Risk.* This is the risk that fixed income securities will decline in value because of an increase in interest rates; a bond or a fixed income fund with a longer duration will be more sensitive to changes in interest rates than a bond or bond fund with a shorter duration.
- *Credit Risk.* This is the risk that an investor could lose money if the issuer or guarantor of a fixed income security is unable or unwilling to meet its financial obligations.

Voting Client Securities

In OMP, LPL and Advisors do not accept authority to vote client securities. Clients retain the right to vote all proxies that are solicited for securities held in the account. Clients will receive proxies or other solicitations from LPL. If clients have questions regarding the solicitation, they should contact the contact person that the issuer identifies in the proxy materials or their Advisor. In addition, LPL and Advisors do not accept authority to take action with respect to legal proceedings relating to securities held in the account.

ITEM 7 CLIENT INFORMATION PROVIDED TO PORTFOLIO MANAGERS

The Advisor obtains the necessary financial data from the client and assists the client in setting appropriate investment objectives for the account. The Advisor obtains this information by having the client complete an Account Application which is a part of the Account Agreement. In quarterly communications, LPL asks clients to contact the Advisor if there have been any changes in the client's financial situation or investment objectives or if they wish to impose any reasonable restrictions on the management of the account or reasonably modify existing restrictions.

Clients should understand that the investment objective selected for the program in the Account Application is an overall objective for the entire account and may be inconsistent with a particular holding and the account's performance at any time. Client also should be aware that achievement of the stated investment objective is a long-term goal for the account.

ITEM 8 CLIENT CONTACT WITH PORTFOLIO MANAGERS

LPL does not place any restrictions on a clients' ability to contact and consult with Advisors.

ITEM 9 ADDITIONAL INFORMATION

Disciplinary Information

As an investment advisor and broker-dealer regulated by the SEC, LPL was found by the SEC to have willfully violated Rule 30(a) of Regulation S-P, which requires broker-dealers and registered investment advisors to have written policies and procedures that are reasonably designed to safeguard customer records and information. The SEC ordered LPL to cease and desist from committing future violations of Rule 30(a), censured it for its conduct, and ordered it to pay the \$275,000 penalty (2008).

LPL, as a broker-dealer, is a member of the Financial Industry Regulatory Authority ("FINRA") and has found to be in violation of FINRA's rules related to its brokerage activities. In March of 2014, a Letter of Acceptance, Waiver and Consent was accepted by FINRA in connection with aspects of LPL's processing and supervision of the sale of alternative investments, including non-traded real estate investment trusts. LPL agreed to a censure and fine of \$950,000. In addition, LPL consented to sanctions related to the following matters:

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

- LPL, without admitting or denying the findings, agreed to a settlement in connection with FINRA's findings that, among other things, LPL had failed to establish and maintain adequate systems and procedures that were reasonably designed to comply with its obligation to review and retain email. LPL agreed to a censure, fine of \$7.5 million, and establishment of a fund of \$1.5 million to cover payments to eligible former brokerage customer claimants who may not have received all emails in connection with their claim (2013).
- LPL's supervisory systems to monitor and ensure the timely delivery of mutual fund prospectuses, resulting in a censure and fine of \$400,000 (2012).
- LPL's procedures regarding its review of e-mail communications, resulting in a censure and fine of \$100,000 (2011).
- LPL's procedures on transmittals of cash and securities from customer accounts to third party accounts, resulting in a censure and fine of \$100,000 (2011).
- LPL's procedures on supervision of variable annuity exchanges, resulting in a censure and fine of \$175,000 (2010).
- Allegations that LPL failed to reasonably supervise a registered representative regarding his use of strategies and recommendations involving UITs, resulting in a censure and fine of \$125,000 (2008).
- LPL's procedures on supervision of variable annuity exchanges, resulting in a censure and fine of \$300,000 (2006).
- LPL's procedures regarding mutual fund Class B and Class C shares, resulting in a censure and fine of \$2,400,000 (2005).
- LPL's procedures on supervision activities of its registered representative in connection with wire transfers, resulting in a censure and fine of \$75,000 (2005).
- Allegations that LPL maintained revenue sharing programs in which mutual fund complexes paid a fee for preferential treatment, resulting in a censure and fine of \$3,602,398 (2005).
- Allegations regarding late filings to FINRA reporting obligations, resulting in a censure and fine of \$450,000 (2004).

LPL, as a broker-dealer, is regulated by each of the 50 states and has been the subject to orders related to the violation of state laws and regulations in connection with its brokerage activities. In October 2014, LPL, without admitting or denying the findings, submitted to a consent order with the Illinois Securities Department in connection with findings that LPL failed to detect improper and fraudulent conduct by one of its IARs. LPL agreed to a censure, fine of \$500,000, and restitution to impacted customers. In June 2014, LPL submitted to a consent order with the Illinois Securities Department in connection with certain variable annuity exchange transactions, in particular, relating to its failure to adequately enforce supervisory procedures and maintain certain books and records required under Illinois law. LPL agreed to a censure, fine of \$2,000,000, and restitution to impacted customers. In 2013, LPL submitted to a consent order with the Massachusetts Securities Division in connection with the sale of non-traded real estate investment trusts to Massachusetts residents in excess of Massachusetts concentration limits. LPL agreed to a censure, fine of \$500,000, and restitution to impacted customers. For more information about those state events and other disciplinary and legal events involving LPL, client should refer to Investment Advisor Public Disclosure at www.adviserinfo.sec.gov or FINRA BrokerCheck at www.finra.org.

Other Financial Industry Activities and Affiliations

LPL is a broker-dealer registered with FINRA and the SEC. As a broker-dealer, LPL transacts business in various types of securities, including mutual funds, stocks, bonds, commodities, options, private and public partnerships, variable annuities, real estate investment trusts and other investment products. LPL is registered to operate in all 50 states and has primarily an independent-contractor sales force of registered representatives and investment advisor representatives dispersed throughout the United States. LPL has a small number of employee investment advisor representatives whose services are limited to servicing certain small IRA accounts. If required for their positions with a registered broker-dealer, LPL's principal executive officers are securities licensed as registered representatives of LPL. LPL is also registered as a transfer agent with the SEC and as an introducing broker with the Commodity Futures Trading Commission. In addition, LPL is qualified to sell insurance products in all 50 states.

Associated persons of Advisor may also be broker-dealer registered representatives of LPL or another broker-dealer. If an associated person of Advisor is a broker-dealer registered representative of LPL, that person is providing advisory services to the program account on behalf of Advisor. That person is not acting in a broker-dealer capacity or on behalf of LPL with respect to the services provided under the program.

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

LPL has an arrangement with Independent Advisers Group ("IAG"), a registered investment advisor and related person of LPL. IAG is an Advisor that offers the program to clients through its associated persons. IAG and LPL also contract with other Advisors to make the program available to clients through the other Advisor firms. In such case, LPL, IAG and the other Advisor firms share in the Account Fee. In addition, LPL has been retained by IAG to provide research services to IAG.

LPL and The Private Trust Company, N.A. ("PTC"), a federally chartered non-depository bank licensed to provide trust services in all 50 states, are related persons. PTC serves as IRA custodian for program accounts set up as IRAs and receives an annual maintenance fee for this service. PTC also provides personal trustee services to clients for a variety of administrative fiduciary services, which services may relate to a program account. PTC's IRA custodian and trustee services and related fees are established under a separate engagement between the client and PTC.

LPL has an arrangement with Fortigent, LLC ("Fortigent"), a registered investment advisor and related person of LPL. LPL has retained Fortigent to provide model portfolios as a portfolio strategist on LPL's Model Wealth Portfolios program. In addition, LPL and Fortigent have entered into an agreement for LPL to provide overlay portfolio management services to Fortigent clients in Fortigent's Access Overlay II Program.

Code of Ethics and Personal Trading

LPL has adopted a code of ethics that includes guidelines regarding personal securities transactions of its employees and investment advisor representatives ("IARs"). The code of ethics permits LPL employees and IARs to invest for their own personal accounts in the same securities that LPL and IARs purchase for clients in program accounts. This presents a conflict of interest because trading by an employee or IAR in a personal securities account in the same security on or about the same time as trading by a client can disadvantage the client. LPL addresses this conflict of interest by requiring in its code of ethics that LPL employees and IARs report certain personal securities transactions and holdings to LPL. LPL has procedures to review personal trading accounts for front-running. In addition, employees in LPL's Research Department are required to obtain pre-clearance prior to purchasing certain securities for a personal account. Employees and IARs are also required to obtain pre-approval for investments in private placements and initial public offerings. A copy of the LPL code of ethics is available to clients or prospective clients upon request and is available on LPL's website www.lpl.com.

Participation or Interest in Client Transactions

From time to time, a purchase of mutual fund shares may be processed through LPL's proprietary account resulting in the purchase being characterized as a principal transaction for certain reporting purposes. In such case, the shares will be purchased at the fund's net asset value, and no additional charges will be applied to such transactions as a result of LPL's use of a proprietary account. LPL does not otherwise engage in principal transactions with its clients in the program. LPL's parent company, LPL Financial Holdings Inc., is a publicly traded company. LPL Financial Holdings Inc. stock may not be purchased directly in OMP accounts.

LPL provides investment consulting services to the investment advisor of the Optimum Funds. These services include assisting the investment advisor in determining whether to engage, maintain or terminate sub-advisors for the Optimum Funds. As compensation for these services, LPL receives an investment consulting fee of up to 0.285% of assets from the investment advisor to the Optimum Funds. In addition, the Chief Financial Officer of LPL serves as a Trustee of the Optimum Funds.

LPL also performs recordkeeping and administrative services on behalf of the Optimum Funds and receives compensation for the services based on the number of positions held by OMP clients in the Optimum Funds (\$16 per position). These services include establishing and maintaining sub-account records reflecting the issuance, exchange or redemption of shares by each program account. The receipt of this recordkeeping and investment consulting compensation by LPL presents a conflict of interest, because LPL has a financial benefit the more assets that are invested in the Optimum Funds. However, the investment consulting and recordkeeping compensation is retained by LPL and is not shared with Advisors. Therefore, there is no financial incentive related to this compensation for an Advisor to recommend an OMP account.

Cash balances in a program account will be automatically invested either in a money market mutual fund or in an interest-bearing Federal Deposit Insurance Corporation ("FDIC") -insured cash account (an "ICA"). The sweep money market funds

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

available in the program pay 12b-1 fees higher than other money market funds. In addition, LPL receives compensation of up to 0.35% for recordkeeping services it provides for the funds. LPL also receives up to 0.15% of the assets invested in the sweep money market funds in connection with marketing support services LPL provides to the money market fund sponsor.

In connection with the ICA, LPL receives a fee equal to a percentage of the average daily deposit balance in the ICA. The fee paid to LPL may be at an annual rate of up to an average of 200 basis points as applied across all deposit accounts taken in the aggregate; therefore, on some accounts, fees to LPL may be higher or lower than this amount. The compensation LPL receives on an ICA may be higher than if a client invests in other sweep investment options. For additional information on the ICA, please see the ICA Disclosure Booklet available from Advisor.

The compensation that LPL receives related to the ICA and the sweep money market funds is in addition to the Account Fee received with respect to the assets in the sweep investment. This compensation related to the ICA and sweep money market funds presents a conflict of interest to LPL because LPL has a financial benefit if cash is invested in the ICA or funds. However, LPL Research does not take into account this compensation when it makes decisions on a Portfolio's allocation to cash.

Client should understand that LPL and Advisor may perform advisory and/or brokerage services for various other clients, and that LPL and Advisor may give advice or take actions for those other clients that differ from the advice given to the client. The timing and nature of any action taken for the account may also be different.

Review of Accounts

LPL provides Advisor and clients with regular written reports regarding their accounts. LPL provides detailed quarterly performance reports describing account performance and positions. In addition, LPL transmits to clients account statements showing transactions, positions, and deposits and withdrawals of principal and income. Portfolio values and returns shown in performance reports for the year-end time period may include mutual fund dividends paid out prior to December 31 but that were posted to the account within the first 2 business days of the subsequent year. The inclusion of such dividends in the year-end performance report may cause discrepancies between the report and the account statement client receives from LPL for the same period.

Other Compensation

LPL and LPL employees may receive additional compensation from product sponsors. Such compensation may not be tied to the sales of any products or services. Compensation may include such items as gifts valued at less than \$100 annually, an occasional dinner or ticket to a sporting event, or reimbursement in connection with educational meetings or marketing or advertising initiatives. Product sponsors may also pay for, or reimburse LPL for the costs associated with, education or training events that may be attended by LPL employees and for LPL-sponsored conferences and events. LPL also receives reimbursement from product sponsors for technology-related costs associated with investment proposal tools it makes available to Advisor and its IARs for use with clients. LPL makes available a list of product sponsors that provide these types of compensation on its website at www.lpl.com.

LPL may receive compensation in the form of earnings on its short-term investment of cash in program accounts prior to the time the cash is invested for the account (typically, not more than a business day). These earnings are generally known as "float." Cash in the account would typically result from contributions to the account or sales of securities in the account.

In the event a trade error occurs in the Account, and such error is determined to be caused by LPL, LPL typically will cancel the trade and remove the resulting monetary loss to Client from the Account. If a trade correction is required as a result of Client (e.g., if Client does not make full payment for purchases or fails to deliver negotiable securities for liquidations before trade settlement), LPL typically will cancel the trade and any resulting monetary loss will be borne by Client. In the case of a trade that requires a correction as described above and that resulted in a monetary gain to Client, such gain will be removed from the Account and may result in a financial benefit to LPL.

Financial Information and Custody

LPL is a qualified custodian as defined in Rule 206(4)-2 under the Investment Advisers Act of 1940 and maintains custody of OMP client funds and securities in a separate account for each client under the client's name. LPL as a qualified custodian sends

OPTIMUM MARKET PORTFOLIOS - PROGRAM FORM BROCHURE

account statements showing all transactions, positions, and all deposits and withdrawals of principal and income. LPL sends account statements monthly when the account has had activity or quarterly if there has been no activity. Clients should carefully review those account statements.

Brokerage Practices

In OMP, LPL requires that clients direct LPL as the sole and exclusive broker-dealer to execute transactions in the account. Clients should understand that not all advisors or program sponsors require their clients to direct brokerage. However, clients should understand that LPL is not paid a commission or transaction charge for executing transactions in OMP accounts and execution is made at the net asset value of the mutual fund.

LPL will aggregate transactions for a client with other clients. LPL also will aggregate rebalancing transactions for an account with other program accounts. Due to the large number of accounts that may be involved in rebalancing transactions on a single day, LPL may effect transactions for some accounts on one day and for other accounts on the following day or days. In such case, LPL will have discretion to sequence the accounts involved in rebalancing transactions with the goal of treating all accounts equitably over time.

ERISA Disclosure

LPL provides advisory services under the program as an investment advisor under the Investment Advisers Act of 1940. To the extent that LPL has or exercises discretionary authority under the Account Agreement with respect to the management of assets of (or otherwise provides "investment advice" under the Account Agreement as defined under Section 3(21) of ERISA to) a Plan subject to ERISA, LPL will be deemed a "fiduciary" as such term is defined under Section 3(21) of ERISA with respect to such advisory services. Unless specifically agreed to in writing, LPL does not serve as an "investment manager," as such term is defined under Section 3(38) of ERISA.

Brochure Supplements

Accompanying this Brochure are Brochure Supplements for individual employees or officers of LPL. Note that although these individuals are responsible for investment advice provided by LPL, they are not responsible for the ongoing individualized investment advice provided to a particular client. For more information about the Advisor, client should refer to the Advisor's Firm Brochure, which should have been provided at the time client opened the account. If client did not receive Advisor's Firm Brochure, the client should contact the Advisor.
