FBB Capital Partners

4520 East West Highway
Suite 450
Bethesda, MD 20814

Telephone: 301-657-8870

Email: Info@FBBCap.com

Web Address: www.FBBCapitalPartners.com

04/10/2015

This brochure provides information about the qualifications and business practices of FBB Capital Partners. If you have any questions about the contents of this brochure, please contact us at 301-657-8870 or Info@FBBCap.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission (SEC) or by any state securities authority.

Additional information about FBB Capital Partners also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 108967.

Item 2 Material Changes

The SEC adopted "Amendments to Form ADV" in July, 2010. This Firm Brochure, dated 04/10/2015, is our disclosure document prepared according to the SEC's requirements and rules. Consistent with the SEC rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. ").

If you would like a copy of the most recent Form ADV Part 2A – Firm Brochure, you can retrieve it from the firm's website at www.FBB CapitalPartners.com. The document is located on the "Checklist and Forms" page. This link is located at the bottom on each page of our website. You may also email FBB Capital partners compliance using the email address info@FBBCapitalPartners.com and request a copy be emailed or sent via hard copy to your address of record. A copy of the brochure may also be requested by calling client services at 301-657-8870. Furthermore, we will provide you with other interim disclosures about material changes as necessary.

2015 Minority Ownership Change

FBB Capital Partners has repurchased the 24% interest previously held by Broken Clock Inc. and former managing director, Mitchel Schlesinger. Mr. Schlesinger left FBB Capital Partners in late 2014.

Item 4 Advisory Business

Fulton Breakefield Broenniman, LLC (hereafter called FBB Capital Partners) is a SEC-registered investment adviser with its principal place of business located in Maryland. FBB Capital Partners or its predecessor companies began conducting business in 1986. Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- FBB Management L.P., member
- Susan Breakefield Fulton, via control of Julian, Inc., member of the LLC and General Partner of FBB Management LP

FBB Capital Partners offers the following advisory services to our clients:

INDIVIDUAL PORTFOLIO MANAGEMENT

Our firm provides management of client financial assets based on the individual needs of the client. Through personal discussions in which goals and objectives based on the client's particular circumstances are established, we develop the client's personal investment policy. We create and manage a portfolio based on that policy. During our data-gathering process, we determine the client's individual objectives, time horizons, risk preference, and liquidity needs. As appropriate, we may also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a primarily discretionary basis. Account supervision is guided by the client's stated objectives, as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Once the client's portfolio has been established, we review the portfolio regularly, and rebalance as needed, based on the client's individual needs. The FBB Capital Partners investment universe receives on-going monitoring.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Securities traded over-the-counter
- Corporate debt securities
- Municipal securities
- Mutual fund shares
- United States governmental and agency securities
- Options contracts on securities

Because some types of investments involve certain additional degrees of risk, they will only be implemented when consistent with the client's stated investment objectives, preference for risk, liquidity and suitability.

FINANCIAL PLANNING

While not our primary business, on occasion we provide financial planning services. Financial planning is a comprehensive evaluation of a client's current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans. Through the financial planning process, all questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the client. Clients purchasing this service receive a written report which provides the client with a detailed financial plan designed to assist the client achieve his or her financial goals and objectives. In general, the financial plan can address any or all of the following areas:

PERSONAL: We review family records, budgeting, personal liability, estate information and financial goals.

TAX & CASH FLOW: We analyze the client's income tax and spending and planning for past, current and future years; then illustrate the impact of various investments on the client's current income tax and future tax liability.

INVESTMENTS: We analyze investment alternatives and their effect on the client's portfolio.

INSURANCE: We review existing policies to ensure proper coverage for life, health, disability, long-term care, liability, home and automobile.

RETIREMENT: We analyze current strategies and investment plans to help the client achieve his or her retirement goals.

DEATH & DISABILITY: We review the client's cash needs at death, income needs of surviving dependents, estate planning and disability income.

ESTATE: We assist the client in assessing and developing long-term strategies, including as appropriate, living trusts, wills, review estate tax, powers of attorney, asset protection plans, nursing homes, Medicaid and elder law.

We gather required information through in-depth personal interviews. Information gathered includes the client's current financial status, tax status, future goals, returns objectives and attitudes towards risk. We carefully review documents supplied by the client, including a questionnaire completed by the client, and prepare a written report. Should the client choose to implement the recommendations contained in the plan, we suggest the client work closely with his/her attorney, accountant, insurance agent, and/or stockbroker. Implementation of financial plan recommendations is entirely at the client's discretion.

We also provide general non-securities advice on topics that may include tax and budgetary planning, estate planning and business planning.

Typically the financial plan is presented to the client within six months of the contract date, provided that all information needed to prepare the financial plan has been promptly provided.

AMOUNT OF MANAGED ASSETS

As of 12/31/2014, we were actively managing \$809,914,161 of clients' assets on a discretionary basis plus \$61,915,993 of clients' assets on a non-discretionary basis.

Item 5 Fees and Compensation

PORTFOLIO MANAGEMENT SERVICES FEES

The annualized fee for Portfolio Management Services will be charged as a percentage of assets under management, according to the following schedule:

Annual Fee Assets Under Management

1.00% on the first.....\$1,500,000 in assets under management,
subject to a minimum quarterly fee of \$1,250.

0.85% on the next\$1,000,000.

0.75% on the balanceof managed assets above \$2,500,000

For clients with assets under management greater than \$5 million, fees are negotiated.

Our fees are billed quarterly, in advance, at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value), of the client's account at the end of the previous quarter. Fees will be debited from the account in accordance with the client authorization in the Management Agreement.

A minimum of \$500,000 of assets under management is normally required for this service.

This account size may be negotiable under certain circumstances. FBB Capital Partners may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although FBB Capital Partners has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs will be considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule will be identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

FINANCIAL PLANNING FEES

FBB Capital Partners' Financial Planning fee will be determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

Our Financial Planning fees are calculated and charged on an hourly basis, at \$450 per hour. Although the length of time it will take to provide a Financial Plan will depend on each client's personal situation, we will provide an estimate for the total hours at the start of the advisory relationship.

The client will be billed quarterly in arrears based on actual hours accrued.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded. In calculating a client's reimbursement of fees, we will pro rate the reimbursement according to the number of days remaining in the billing period.

Fees and expenses associated with certain security types: All fees paid to FBB Capital Partners for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds, exchange-traded funds, royalty trusts, 'structured products', or similar security types FBB Capital Partners may purchase on behalf of its clients. FBB Capital Partners has no control over such fees and receives no benefit from them. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to FBB Capital Partners' minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for higher, similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

FBB Capital Partners does not charge performance-based fees.

Item 7 Types of Clients

FBB Capital Partners provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Pension and profit sharing plans (other than plan participants)
- Charitable organizations
- Corporations or other businesses not listed above

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk preference, and time horizons, among other considerations:

Long-term purchases. We generally purchase securities with the intent to hold them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Option strategies. On occasion, we may use options as an investment strategy. An option is a contract that gives the buyer the right, but not the obligation, to buy or sell an asset (such as a share of stock) at a specific price on or before a certain date. An option, just like a stock or

bond, is a security. An option is also a derivative, because it derives its value from an underlying asset.

The two types of options are calls and puts:

- A call gives us the right to buy an asset at a certain price within a specific period of time.

We will buy a call if we have determined that the stock will increase substantially before the option expires.

- A put gives us the holder the right to sell an asset at a certain price within a specific period of time. We will buy a put if we have determined that the price of the stock will fall before the option expires.

We will use options to speculate on the possibility of a sharp price swing. We will also use options to "hedge" a purchase of the underlying security; in other words, we will use an option purchase to limit the potential upside and downside of a security we have purchased for your portfolio.

We use "covered calls", in which we sell an option on a security you own. In this strategy, you receive a fee for making the option available, and the person purchasing the option has the right to buy the security from you at an agreed-upon price.

We use a "spreading strategy", in which we purchase two or more option contracts (for example, a call option that you buy and a call option that you sell) for the same underlying security. This effectively puts you on both sides of the market, but with the ability to vary price, time and other factors.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management. Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

Our firm and our related persons are engaged in other financial industry activities and have affiliations with:

NAPFA (National Association of Personal Financial Advisors)
CFA Society of Washington, D.C. (Certified Financial Analysts)
Washington Area Money Managers
NSCP (National Society of Compliance Professionals)

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

FBB Capital Partners and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be

submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

FBB Capital Partners' Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to Info@FBBCap.com, or by calling us at 301-657-8870.

FBB Capital Partners or individuals associated with our firm may buy securities for the firm or for themselves from our advisory clients; or sell securities owned by the firm or the individual(s) to our advisory clients. We will ensure, however, that such transactions are conducted in compliance with all the provisions under Section 206(3) of the Advisers Act governing principal transactions to advisory clients.

FBB Capital Partners and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be excluded in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or her designee.

6. We have established procedures for the maintenance of all required books and records.
7. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
8. We require delivery and annual acknowledgement of the Code of Ethics by each supervised person of our firm.
9. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
10. Any individual who violates any of the above restrictions may be subject to termination.

Item 12 Brokerage Practices

For discretionary clients, FBB Capital Partners requires these clients to provide us with written authority through the management agreement to determine the broker dealer to use and the commission costs that will be charged to these clients for these transactions.

Brokers that we select to execute transactions may from time to time refer clients to our firm. FBB Capital Partners will not make commitments to any broker or dealer to compensate that broker or dealer through brokerage or dealer transactions for client referrals; however, a potential conflict of interest may arise between the client's interest in obtaining best price and execution and FBB Capital Partners' interest in receiving future referrals.

FBB Capital Partners conducts periodic reviews, analyzing price and commissions offered by the various brokers used and volume of client commissions directed to each broker.

Moreover, we perform a qualitative ranking of all brokers used by interviewing and/or polling our trading staff.

FBB Capital Partners will execute group (block) trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of securities composed of assets from multiple client accounts.

Block trading may allow us to execute equity trades in a timelier, more equitable manner, at an average share price. FBB Capital Partners will typically aggregate trades among clients whose accounts can be traded at a given broker, and generally will rotate or vary the order of brokers through which it places trades for clients on any particular day. FBB Capital Partners' block trading policy and procedures are as follows:

- 1) Transactions for any client account may not be aggregated for execution if the practice is prohibited by or inconsistent with the client's advisory agreement with FBB Capital Partners, or our firm's order allocation policy.
- 2) The trading desk in concert with the portfolio manager must determine that the purchase or sale of the particular security involved is appropriate for the client and consistent with the client's investment objectives and with any investment guidelines or restrictions applicable to the client's account.
- 3) The portfolio manager must reasonably believe that the order aggregation will benefit, and will enable FBB Capital Partners to seek best execution for each client participating in the aggregated order. This requires a good faith judgment at the time the order is placed for the execution. It does not mean that the determination made in advance of the transaction must always prove to have been correct in the light of a "20-20 hindsight" perspective. Best execution includes the duty to seek the best overall quality of execution.

- 4) Upon entry of an aggregated order, a written order ticket is completed which identifies each client account participating in the order and the proposed allocation of the order, upon completion, to those clients.
 - 5) If the order cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated pro rata among the participating client accounts in accordance with the initial order ticket or other written statement of allocation. However, adjustments to this pro rata allocation may be made to participating client accounts in accordance with the initial order ticket or other written statement of allocation. Furthermore, adjustments to this pro rata allocation may be made to avoid having odd amounts of shares held in any client account, or to avoid excessive charges in smaller accounts.
 - 6) Generally, each client that participates in the aggregated order must do so at the average price for all separate transactions made to fill the order. Under the client's agreement with the custodian/broker, transaction costs may be based on the number of shares traded for each client.
 - 7) FBB Capital Partners' client account records separately reflect, for each account in which the aggregated transaction occurred, the securities which are held by, and bought and sold for, that account.
 - 8) Funds and securities for aggregated orders are clearly identified on FBB Capital Partners' records and to the broker-dealers or other intermediaries handling the transactions, by the appropriate account numbers for each participating client.
- FBB Capital Partners does not participate in soft dollar programs. In a "soft dollar" arrangement, an advisory firm receives investment research or other services in exchange for executing trades through the broker or paying them through commissions. Generally speaking, the more trades the advisor does, the more the advisor "earns" through the arrangement. FBB Capital Partners believes such arrangements can result in a conflict of interest between us and our clients, so we do not participate in soft dollar programs.
- ❖ FBB Capital Partners may recommend that clients establish brokerage accounts with the Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"), a FINRA registered broker-dealer, member SIPC, to maintain custody of clients' assets and to effect trades for their accounts. Although we recommend that clients establish accounts at Schwab, it is the client's decision to custody assets with Schwab. FBB Capital Partners is independently owned and operated and not affiliated with Schwab. Schwab provides FBB Capital Partners with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisers on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the adviser's clients' assets are maintained in accounts at Schwab Institutional. These services are not contingent upon our firm committing to Schwab any specific amount of business (assets in custody or trading commissions). Schwab's brokerage services include the execution of securities transactions, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment. For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts. Schwab Institutional also makes available to our firm other products and services that benefit FBB Capital Partners but may not directly benefit our clients' accounts. Many of these products and services may be used to service all or some substantial number of our client accounts, including accounts not maintained at Schwab.

Schwab's products and services that assist us in managing and administering our clients' accounts include software and other technology that provide access to client account data (such as trade confirmations and account statements); facilitate trade execution and allocate aggregated trade orders for multiple client accounts; provide research, pricing and other market data; facilitate payment of our fees from clients' accounts; and assist with back-office functions, recordkeeping and client reporting.

Schwab Institutional also offers other services intended to help us manage and further develop our business enterprise. These services may include: compliance, legal and business consulting; publications and conferences on practice management and business succession; and access to employee benefits providers, human capital consultants and insurance providers.

Schwab may make available, arrange and/or pay third-party vendors for the types of services rendered to FBB Capital Partners. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. Schwab Institutional may also provide other benefits such as educational events or occasional business entertainment of our personnel. In evaluating whether to recommend that clients custody their assets at Schwab, we may take into account the availability of some of the foregoing products and services and other arrangements as part of the total mix of factors we consider and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

- ❖ FBB Capital Partners participates in the institutional customer program offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC/NFA ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions. FBB Capital Partners receives some benefits from TD Ameritrade through our participation in the program.

FBB Capital Partners participates in TD Ameritrade's Institutional customer program and we may recommend TD Ameritrade to our clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors.

These benefits include the following products and services (provided without cost or at a discount): access to duplicate client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain Institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to FBB Capital Partners by third party vendors.

TD Ameritrade may also pay or reimburse expenses (including travel, lodging, meals and entertainment expenses) for FBB Capital Partners' personnel to attend conferences or meetings relating to the program or to TD Ameritrade's adviser custody and brokerage services generally.

Some of the products and services made available by TD Ameritrade through the program may benefit FBB Capital Partners but may not benefit our client accounts. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by FBB Capital Partners or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. Clients should be aware, however, that the receipt of economic benefits by FBB Capital Partners or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our recommendation of TD Ameritrade for custody and brokerage services.

FBB's participation in AdvisorDirect raises potential conflicts of interest. TD Ameritrade will most likely refer clients through AdvisorDirect to investment advisors that encourage their clients to custody their assets at TD Ameritrade and whose client accounts are profitable to TD Ameritrade. Consequently, in order to obtain client referrals from TD Ameritrade, FBB may have an incentive to recommend to clients that the assets under management by FBB be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade. In addition, FBB has agreed not to solicit clients referred to it through AdvisorDirect to transfer their accounts from TD Ameritrade or to establish brokerage or custody accounts at other custodians, except when its fiduciary duties require doing so.

FBB's participation in AdvisorDirect does not diminish its duty to seek best execution of trades for client accounts.

- ❖ FBB Capital Partners may recommend that clients establish brokerage accounts with FOLIOfn Investments, Inc. ("FOLIOfn"), a FINRA registered broker-dealer, member SIPC, to maintain custody of clients' assets and to effect trades for their accounts. Although we recommend that clients establish accounts at FOLIOfn, it is the client's decision to custody assets with FOLIOfn. FBB Capital Partners is independently owned and operated and not affiliated with FOLIOfn. FOLIOfn provides FBB Capital Partners with access to its institutional trading and custody services, which are typically not available to retail investors. These services are not contingent upon our firm committing to Schwab any specific amount of business (assets in custody or trading commissions).

Item 13 Review of Accounts

PORTFOLIO MANAGEMENT SERVICES

REVIEWS: Reviews on discretionary managed accounts are made initially by the designated portfolio manager with oversight by FBB Capital Partners' Investment Committee. At that point in time, accounts are formatted to fit FBB Capital Partners parameters subject to client restrictions and/or preferences. The underlying securities within individual accounts are monitored throughout the workday for news and events that may impact their value. It is the goal of FBB Capital Partners that accounts are reviewed at least quarterly by the portfolio manager with oversight by FBB Capital Partners' Investment Committee in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

REPORTS: Clients are mailed a report and billing statement on a quarterly basis.

Client-Portfolio Manager meetings are held at least once a year, circumstances permitting, and more frequently when appropriate. Clients also receive monthly statements from the custodian where the account is held.

FINANCIAL PLANNING SERVICES

REVIEWS: While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Financial Planning clients unless otherwise contracted for.

REPORTS: Financial Planning clients will receive a completed financial plan. Additional reports will not typically be provided unless otherwise contracted for.

Item 14 Client Referrals and Other Compensation

CLIENT REFERRALS

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- whether the fee paid to us by the client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

It is FBB Capital Partners' policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

FBB Capital Partners may receive client referrals from TD Ameritrade through its participation in TD Ameritrade AdvisorDirect. In addition to meeting the minimum eligibility criteria for participation in AdvisorDirect, FBB Capital Partners may have been selected to participate in AdvisorDirect based on the amount and profitability to TD Ameritrade of the assets in, and trades placed for, client accounts maintained with TD Ameritrade. TD Ameritrade is a discount broker-dealer independent of and unaffiliated with FBB Capital Partners and there is no employee or agency relationship between them. TD Ameritrade has established AdvisorDirect as a means of referring its brokerage customers and other investors seeking fee-based personal investment management services or financial planning services to independent investment advisors. TD Ameritrade does not supervise FBB Capital Partners and has no responsibility for FBB Capital Partner's management of client portfolios or FBB

Capital Partner's other advice or services. FBB Capital Partners pays TD Ameritrade an on-going fee for each successful client referral. This fee is usually a percentage (not to exceed 25%) of the advisory fee that the client pays to FBB ("Solicitation Fee"). FBB will also pay TD Ameritrade the Solicitation Fee on any advisory fees received by FBB from any of a referred client's family members, including a spouse, child or any other immediate family member who resides with the referred client and hired FBB on the recommendation of such referred client. FBB will not charge clients referred through AdvisorDirect any fees or costs

higher than its standard fee schedule offered to its clients or otherwise pass Solicitation Fees paid to TD Ameritrade to its clients. For information regarding additional or other fees paid directly or indirectly to TD Ameritrade, please refer to the TD Ameritrade AdvisorDirect Disclosure and Acknowledgement Form.

Item 15 Custody

Our firm does not have actual or constructive custody of client accounts.

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the security to buy or sell; and/or
- Determine the amount of the security to buy or sell; and/or
- Determine the time and price at which to buy or sell the security

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

We vote proxies for all client accounts; however, you always have the right to vote proxies yourself. You can exercise this right by instructing us in writing to not vote proxies in your account.

We will vote proxies in the best interests of clients and in accordance with our established policies and procedures. Our firm will retain all proxy voting books and records for the requisite period of time, including a copy of each proxy statement received, a record of each vote cast, a copy of any document created by us that was material to making a decision how to vote proxies, and a copy of each written client request for information on how the adviser voted proxies.

Clients may obtain a copy of our complete proxy voting policies and procedures by contacting Laurie Keegan, Chief Compliance Officer, by telephone, email, or in writing. Clients may request, in writing, information on how proxies were voted. If any client requests a copy of our

complete proxy policies and procedures or how we voted proxies, we will provide such information to the client.

We may advise or act on behalf of the client in legal proceedings involving companies whose securities are held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. If desired, clients may direct us to transmit copies of class action notices to the client or a third party. Upon such direction, we will make commercially reasonable efforts to forward such notices in a timely manner.

With respect to ERISA accounts, we will vote proxies unless the plan documents specifically reserve the plan sponsor's right to vote proxies. To direct us to vote a proxy in a particular manner, clients should contact Michael Mussio, Managing

Director, in writing at FBB Capital Partners, 4520 East West Highway, Suite 450, Bethesda, MD 20814.

Item 18 Financial Information

FBB Capital Partners has no additional financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

FBB Capital Partners has not been the subject of a bankruptcy petition at any time.
