The Consulting Agreement may specify an amount of the fee to be paid in advance of the engagement, subject to the limitations below.

Investment Management Services

Investment Advisory Fees are paid quarterly in arrears pursuant to the terms of the Investment Advisory Agreement. Investment Advisory Fees are based on the market value of assets under management at the end of each calendar quarter. Investment Advisory Fees generally range from 1.00% to 0.40% based on the following schedule:

| Assets Under Management | Annual Rate |
|--------------------------------|--------------------|
| \$500,000 to \$1,000,000 | 1.00% |
| \$1,000,001 to \$2,000,000 | 1.00% to 0.85% |
| \$2,000,001 to \$5,000,000 | 0.85% to 0.60% |
| \$5,000,001 to \$7,000,000 | 0.60% to 0.40% |
| Above \$7,000,001 | Negotiable |

Investment advisory fees in the first quarter of service are prorated to the inception date of the account to the end of the first quarter. Fees may be negotiable at the discretion of Barker Financial Group, Inc. per the schedule above and in instances of family or other relationships where multiple accounts may be aggregated to achieve a lower fee rate.

The Client's fees will take into consideration the aggregate assets under management with Barker Financial Group, Inc. All securities held in accounts managed by Barker Financial Group, Inc. will be independently valued by the designated Custodian. Barker Financial Group, Inc. will not have the authority or responsibility to value portfolio securities.

Account Portfolio Management

Investment Advisory Fees will be automatically deducted from the Client Account by the Custodian. Barker Financial Group, Inc. shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client Account at the respective quarter end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Barker Financial Group, Inc. at the end of each quarter.

Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the Investment Advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Barker Financial Group, Inc. to be paid directly from their accounts held by the Custodian as part of the Investment Advisory Agreement and separate account forms provided by the Custodian. Fees charged by Third-Party Managers or platforms may calculate fees on other methodologies (i.e., average assets, prior period assets or other methods).

Cash Management Services

Barker Financial Group, Inc. offers investment management services for short term fixed income accounts, and generally offers a reduced management fee for this service due to the nature of lower yields typical of the securities and holding periods involved. These accounts would generally include cash or other liquid instruments and the fee is negotiated based upon the size, client needs, duration, etc. Cash management services fees will be charged 0.10% quarterly in arrears.

Third-Party Money Management

For Clients referred to an independent manager, Barker Financial Group, Inc.'s fee will be deducted from the Client's account[s] with the respective independent manager and a portion of the investment advisory fee will be provided to Barker Financial Group, Inc. This fee generally ranges from 0.50% to 1.00%. The calculation methodology for fees of third-party managers and platforms may vary from Barker Financial Group, Inc.'s methodology. Details of third-party manager billing and compensation practices may be found in the independent manager's disclosure document. Barker Financial Group, Inc. will assist the Client in obtaining and reviewing third-party management practice and fee information

Other Fees and Expenses

Clients may incur certain fees or charges imposed by third-parties, other than Barker Financial Group, Inc., in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The investment advisory fee charged by Barker Financial Group, Inc. is separate and distinct from these custodian and execution fees.

In addition, all fees paid to Barker Financial Group, Inc. for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Barker Financial Group, Inc., but would not receive the services provided by Barker Financial Group, Inc. which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial condition and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Barker Financial Group, Inc. to fully understand the total fees to be paid.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Barker Financial Group, Inc. employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Barker Financial Group, Inc. is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Barker Financial Group, Inc. generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Barker Financial Group, Inc. will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of its Clients. At times, Barker Financial Group, Inc. may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Barker Financial Group, Inc. will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. Barker Financial Group, Inc. shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform Barker Financial Group, Inc. of any changes in financial condition, goals or other factors that may affect this analysis. Barker Financial Group, Inc. primarily employs investment strategies that do not involve any significant or unusual risk other than domestic equity and international market risks. The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. Barker Financial Group, Inc. will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Barker Financial Group, Inc. may use margin in Client accounts to manage the timing of purchases and sales, as appropriate. Barker Financial Group, Inc. may employ options strategies to hedge or gain additional exposure to a particular asset class or sector. Barker Financial Group, Inc.'s investment strategy encompasses active trading in

concentrated portfolios. Following are some of the risks associated with certain transactions:

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses. Options trading risk includes the possibility of a complete loss of principal.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Clients should only have a portion of their assets in these investments.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with Barker Financial Group, Inc.

Barker Financial Group, Inc. receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at TDA. The software and related systems support may benefit Barker Financial Group, Inc., but not its Clients directly. In fulfilling its duties to its Clients, Barker Financial Group, Inc. endeavors at all times to put the interests of its Clients first. Clients should be aware however that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence Barker Financial Group, Inc.’s recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, Barker Financial Group, Inc. may receive the following benefits from TDA: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Participation in Institutional Advisor Platform

Barker Financial Group, Inc. has established an institutional relationship with Schwab through its “Schwab Advisor Services” unit, a division of Schwab dedicated to serving independent advisory firms like Barker Financial Group, Inc. As a registered investment advisor participating on the Schwab Advisor Services platform, Barker Financial Group, Inc. receives access to software and related support without cost because Barker Financial Group, Inc. renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit Barker Financial Group, Inc. and many, but not all, services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, Barker Financial Group, Inc. endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence Barker Financial Group, Inc.’s recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab’s institutional brokerage services include

access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, Barker Financial Group, Inc. may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, Barker Financial Group, Inc. may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, Barker Financial Group, Inc. receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist Barker Financial Group, Inc. in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit Barker Financial Group, Inc. – Schwab also offers other services and financial support to Barker Financial Group, Inc. that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for Barker Financial Group, Inc. to recommend Schwab, which results in a potential conflict of interest. Barker Financial Group, Inc. believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Client Referrals from Solicitors

Barker Financial Group, Inc. does not engage paid solicitors for Client referrals.

However, these purchases or sales are generally subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Barker Financial Group, Inc. in writing. Discretionary authority will only be authorized upon full disclosure to the Client. The discretionary authority will be documented with the custodian by executing a limited power of attorney to allow Barker Financial Group, Inc. limited access for trading and account administration purposes. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Barker Financial Group, Inc. will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Barker Financial Group, Inc. does not accept proxy-voting responsibility for any Client.

Neither Barker Financial Group, Inc., nor any of its advisory persons, has been subject to a bankruptcy or financial compromise.
