

The Aggressive Growth Fund seeks short-term growth of capital in a manner consistent with preservation of capital by primarily investing in stocks and/or options selected for their growth potential. The fund generally invests in SmallCap and MidCap growth companies. Ajenifuja Investments defines SmallCap companies as those whose market capitalization falls within the range of \$50 million and \$1 billion, while MidCap companies are those with market capitalization of between the range of \$1 billion and \$10 billion. The fund is designed for short-to medium-term investors who can accept the risks of investing in a portfolio with significant common stock and option holdings. The fund requires investors to commit their funds for a period of twelve months.
