Item 4 Advisory Business

Salzinger Sheaff Brock, LLC is a federally registered investment adviser with the Securities and Exchange Commission. Its principal place of business located in Indianapolis, Indiana. Salzinger Sheaff Brock, LLC began conducting business in 2009.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- ☐ Mark Salzinger, Chief Investment Officer
- ☐ David Sheaff Gilreath, Chief Compliance Officer
- ☐ Ronald Robert Brock, Chief Financial Officer
- ☐ Sheaff Brock Capital Management, LLC,

Salzinger Sheaff Brock, LLC offers the following advisory services to our clients:

INVESTMENT SUPERVISORY SERVICES ("ISS") MODEL PORTFOLIO MANAGEMENT

Our firm provides portfolio management services to clients using model asset allocation portfolios. Each model portfolio is designed to meet a particular investment goal.

Accounts are generally invested in up to 20 different no-load mutual funds, ETFs, individual equities, options or cash equivalents. Holdings can include domestic equity and debt funds as well as index funds, currency funds, commodity, and metals funds. Upon occasion another type of listed security may be used such as a covered call option. All portfolio holdings are intended to be listed on U.S. exchanges, liquid, and readily priced.

Top-down *asset allocation* is determined by the risk profile of the portfolios. There are model portfolios with varying degrees of portfolio risk; Aggressive Growth, Growth, Moderate Balanced, Conservative Balanced, Income, High Monthly Payout and Alternative. *Sector* allocation research sources include various publications and private research including for example fund websites, ETF provider websites, and Morningstar Research. Analysis of *specific funds* includes fundamental study but more importantly interviews and visits with fund managers and other investment-related fund personnel engaged in fund management. Accounts can have as many as 20 to 25 fund, ETF, listed equity and in some accounts option positions.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Through personal discussions with the client in which the client's goals and objectives are established, we determine if the model portfolio is suitable to the client's circumstances.

Once we determine the suitability of the portfolio, the portfolio is managed based on the portfolio's goal, rather than on each client's individual needs. Clients, nevertheless, have the opportunity to place reasonable restrictions on the types of investments to be held in their account.

Clients retain individual ownership of all securities.

Our investment recommendations are not limited to any specific product or service offered by a broker dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Securities traded over-the-counter
- Corporate debt securities (other than commercial paper)
- Certificates of deposit
- Municipal securities
- Variable life insurance
- Mutual fund shares
- Options contracts on securities

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

To ensure that our initial determination of an appropriate portfolio remains suitable and that the account continues to be managed in a manner consistent with the client's financial circumstances, we will:

1. send quarterly written reminders to each Model Portfolio Management Services client requesting any updated information regarding changes in the client's financial situation and investment objectives;
2. at least annually, contact each participating client to determine whether there have been any changes in the client's financial situation or investment objectives, and whether the client wishes to impose investment restrictions or modify existing restrictions;
3. be reasonably available to consult with the client; and
4. maintain client suitability information in each client's file.

AMOUNT OF MANAGED ASSETS

As of 03/25/2015, we were actively managing \$134,000,000 of clients' assets on a discretionary basis.

Item 5 Fees and Compensation

INVESTMENT SUPERVISORY SERVICES ("ISS") PORTFOLIO MANAGEMENT FEES

Our annual fees for Investment Supervisory Services are based upon a percentage of assets under management and generally are 0.96% annually.

Our fees are billed quarterly, in advance, at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value), of the client's account at the end of the previous quarter. Fees will be debited from the account in accordance with the client authorization in the Client Services Agreement.

A minimum of \$200,000 of assets under management is required for this service. This account size may be negotiable under certain circumstances. Salzinger Sheaff Brock, LLC may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although Salzinger Sheaff Brock, LLC has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded. In calculating a client's reimbursement of fees, we will pro rate the reimbursement according to the number of days remaining in the billing period.

Mutual Fund Fees: All fees paid to Salzinger Sheaff Brock, LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Wrap Fee Programs and Separately Managed Account Fees: Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which may be charged as part of a wrap fee arrangement. In a wrap fee arrangement, clients pay a single fee for advisory, brokerage and custodial services. Client's portfolio transactions may be executed without commission charge in a wrap fee arrangement. In evaluating such an arrangement, the client should also consider that, depending upon the level of the wrap fee charged by the broker-dealer, the amount of portfolio activity in the client's account, and other factors, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately. We will review with clients any separate program fees that may be charged to clients.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to Salzinger Sheaff Brock, LLC's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

ERISA Accounts: Salzinger Sheaff Brock, LLC is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"), and regulations under the Internal Revenue Code of 1986 (the "Code"), respectively. . As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Salzinger Sheaff Brock, LLC may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees, or conversely, investment advice about products for which our firm and/or our related persons receive commissions or 12b-1 fees, however,

only when such fees are used to offset Salzinger Sheaff Brock, LLC's advisory fees.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$500 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

Salzinger Sheaff Brock, LLC does not charge performance-based fees.

Item 7 Types of Clients

Salzinger Sheaff Brock, LLC provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Foundations
- Retirement Plans

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the service(s) being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall

market regardless of the economic and financial factors considered in evaluating the stock.

Quantitative Analysis. We use mathematical models in an attempt to obtain more accurate measurements of a company's quantifiable data, such as the value of a share price or earnings per share, and predict changes to that data.

A risk in using quantitative analysis is that the models used may be based on assumptions that prove to be incorrect.

Qualitative Analysis. We subjectively evaluate non-quantifiable factors such as quality of management, labor relations, and strength of research and development factors not readily subject to measurement, and predict changes to share price based on that data. A risk is using qualitative analysis is that our subjective judgment may prove incorrect.

Asset Allocation. Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, will no longer be appropriate for the client's goals.

Mutual Fund and/or ETF Analysis. We look at the experience and track record as well as generally a personal interview of the manager of an actively managed mutual fund in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- ☐ we believe the securities to be currently undervalued, and/or
- ☐ we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-term purchases. When utilizing this strategy, we purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Option writing. We may use options as an investment strategy. An option is a contract that gives the buyer the right, but not the obligation, to buy or sell an asset (such as a share of stock) at a specific price on or before a certain date. An option, just like a stock or bond, is a security. An option is also a derivative, because it derives its value from an underlying asset.

The two types of options are calls and puts:

- ☐ A call gives us the right to buy an asset at a certain price within a specific period of time. We may sell a call to bring in premium income if we believe the strike price represents fair value for the underlying position.
- ☐ A put gives us the holder the right to sell an asset at a certain price within a specific period of time. We generally will only employ the sale of cash secured put options in our strategies.

We may use options to "hedge" a purchase of the underlying security; in other words, we may use option sales or purchases to limit the potential upside and reduce possible downside of a security we have purchased for your portfolio.

We use "covered calls", in which we sell an option on security you own, or cash secured puts to buy shares of a security at a favorable price. In these strategies, you receive a fee

for making the option available, and the person purchasing the option has the right to buy or force you to buy the security at an agreed-upon price.

Risk of Loss. Securities investments are not guaranteed and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

We have no disciplinary events required to be disclosed on our ADV Part I.

Item 10 Other Financial Industry Activities and Affiliations

A member of our firm's management is separately licensed as an investment adviser representative of Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC. In that capacity, this individual provides advisory services through Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC. The advisory services delivered by Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC are distinct from those provided by our firm and are provided for separate compensation. Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC's advisory services may be recommended to our clients for whom it is appropriate. There are no referral fee arrangements between our firm and Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC. However, a conflict of interest is created by this arrangement to the extent that this individual recommends that a Salzinger Sheaff Brock, LLC client open a Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC account through which this individual will receive additional compensation. No Salzinger Sheaff Brock, LLC client is obligated to use Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC or its services. Clients choosing to implement Salzinger Sheaff Brock, LLC's recommendations through Sheaff Brock Investment Advisors, LLC's advisory services should refer to Sheaff Brock Investment Advisors, LLC's Firm Brochure or other disclosure document for details regarding that firm's services and fees.

As this affiliation with Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC may present potential conflicts of interest, we have established written policies and procedures for insider trading that prohibit any member, officer or employee of our firm, from buying, selling or recommending the securities of companies bought, sold or recommended by Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC where the decision is substantially derived, in whole or in part, by reason of access to the recommendations of Sheaff Brock Investment Advisors, LLC and SBAuer Funds, LLC to its clients.

As required, any affiliated investment advisers are specifically disclosed in Section 7.A. on Schedule D of Form ADV, Part 1. (Part 1 of our Form ADV can be accessed by following the directions provided on the Cover Page of this Firm Brochure.)

Clients should be aware that the receipt of additional compensation by Sheaff Brock and its

management persons or employees may create a conflict of interest that may impair the objectivity of our firm and these individuals when making advisory recommendations. Salzinger Sheaff Brock, LLC endeavors at all times to put the interest of its clients first as part of our fiduciary duty as a registered investment adviser; we take the following steps to address this conflict:

- we disclose to clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;
- we disclose to clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
- we collect, maintain and document accurate, complete and relevant client background information, including the client's financial goals, objectives and risk tolerance;
- our firm's management conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to the client's needs and circumstances;
- we require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;
- we periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and
- we educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Salzinger Sheaff Brock, LLC and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement

and recordkeeping provisions.

Salzinger Sheaff Brock, LLC's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

Our Code of Ethics is listed below and available to our advisory clients and prospective clients. You may request a copy by email sent to info@salzingersheaffbrock.com, or by calling us at 317-705-5700.

Salzinger Sheaff Brock, LLC and individuals associated with our firm are prohibited from engaging in principal transactions.

Salzinger Sheaff Brock, LLC and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be included in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or

her employment unless the information is also available to the investing public.

3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
8. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
9. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
10. Any individual who violates any of the above restrictions may be subject to termination.

As disclosed in the preceding section of this Brochure (Item 10), related persons of our firm are separately registered as investment adviser representatives of another registered investment adviser. Please refer to Item 10 for a detailed explanation of these relationships and important conflict of interest disclosures.

Item 12 Brokerage Practices

Salzinger Sheaff Brock does have the authority to determine, without obtaining specific client consent the securities to be bought or sold, the amount of securities to be bought and sold, the broker or dealer to be used, and the commission rates paid. Furthermore the Firm does suggest brokers to clients.

Advisor generally is retained to manage clients' accounts on a discretionary basis, and in such capacity, Advisor is authorized to direct execution of portfolio transactions without transaction-by-transaction client consultation. Clients may direct that Advisor use particular broker-dealers to execute portfolio transactions. Clients who designate use of a particular broker-dealer should understand that (a) Advisor will generally not attempt to negotiate commissions with designated broker-dealers; and (b) clients may pay higher commissions than they might have paid if they had not made such a designation. If a client does not designate a broker-dealer, Advisor will select brokers and dealers to execute portfolio transactions. Advisor's general objective in selecting broker-dealers is

to obtain the best combination of price and transaction costs. In addition, Advisor considers such factors as execution capability, financial stability, and clearance and settlement capability.

Brokers that we select to execute transactions may from time to time refer clients to our firm. Salzinger Sheaff Brock, LLC will not make commitments to any broker or dealer to compensate that broker or dealer through brokerage or dealer transactions for client referrals; however, a potential conflict of interest may arise between the client's interest in obtaining best price and execution and Salzinger Sheaff Brock, LLC's interest in receiving future referrals.

Salzinger Sheaff Brock, LLC conducts periodic soft-dollar reviews, analyzing price and commissions offered by the various brokers used and volume of client commissions directed to each broker. Salzinger Sheaff Brock, LLC requires that clients provide us with written authority to determine the broker-dealer to use and the commission costs that will be charged to our clients for these transactions.

Clients must include any limitations on this discretionary authority in this written authority statement. Clients may change/amend these limitations as required. Such amendments must be provided to us in writing.

Salzinger Sheaff Brock, LLC will block trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of securities composed of assets from multiple client accounts, so long as transaction costs are shared equally and on a pro-rated basis between all accounts included in any such block.

Block trading may allow us to execute equity trades in a timelier, more equitable manner, at an average share price. Salzinger Sheaff Brock, LLC will typically aggregate trades among clients whose accounts can be traded at a given broker, and generally will rotate or vary the order of brokers through which it places trades for clients on any particular day. Salzinger Sheaff Brock, LLC's block trading policy and procedures are as follows:

- 1) Transactions for any client account may not be aggregated for execution if the practice is prohibited by or inconsistent with the client's advisory agreement with Salzinger Sheaff Brock, LLC, or our firm's order allocation policy.
- 2) The trading desk in concert with the portfolio manager must determine that the purchase or sale of the particular security involved is appropriate for the client and consistent with the client's investment objectives and with any investment guidelines or restrictions applicable to the client's account.
- 3) The portfolio manager must reasonably believe that the order aggregation will benefit, and will enable Salzinger Sheaff Brock, LLC to seek best execution for each client participating in the aggregated order. This requires a good faith judgment at the time the order is placed for the execution. It does not mean that the determination made in advance of the transaction must always prove to have been correct in the light of a "20-20 hindsight" perspective. Best execution includes the duty to seek the best quality of execution, as well as the best net price.

4) Prior to entry of an aggregated order, a written order ticket must be completed which identifies each client account participating in the order and the proposed allocation of the order, upon completion, to those clients.

5) If the order cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated pro rata among the participating client accounts in accordance with the initial order ticket or other written statement of allocation. However, adjustments to this pro rata allocation may be made to participating client accounts in accordance with the initial order ticket or other written statement of allocation. Furthermore, adjustments to this pro rata allocation may be made to avoid having odd amounts of shares held in any client account, or to avoid excessive ticket charges in smaller accounts.

6) Generally, each client that participates in the aggregated order must do so at the average price for all separate transactions made to fill the order, and must share in the commissions on a pro rata basis in proportion to the client's participation. Under the client's agreement with the custodian/broker, transaction costs may be based on the number of shares traded for each client.

7) If the order will be allocated in a manner other than that stated in the initial statement of allocation, a written explanation of the change must be provided to and approved by the Chief Compliance Officer no later than the morning following the execution of the aggregate trade.

8) Salzinger Sheaff Brock, LLC's client account records separately reflect, for each account in which the aggregated transaction occurred, the securities which are held by, and bought and sold for, that account.

9) Funds and securities for aggregated orders are clearly identified on Salzinger Sheaff Brock, LLC's records and to the broker-dealers or other intermediaries handling the transactions, by the appropriate account numbers for each participating client.

10) No client or account will be favored over another.

Salzinger Sheaff Brock, LLC through Sheaff Brock Investment Advisors, LLC participates in the institutional customer program offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member SIPC ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions. Salzinger Sheaff Brock, LLC receives some benefits from TD Ameritrade through our participation in the program.

Salzinger Sheaff Brock, LLC participates in TD Ameritrade's Institutional customer program and we may recommend TD Ameritrade to our clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors.

These benefits include the following products and services (provided without cost or at a discount): Duplicate client statements and confirmations; research related products and tools; consulting services ; access to a trading desk serving adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain Institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Salzinger Sheaff Brock, LLC by third party vendors. TD Ameritrade may also pay for business consulting and professional services received by Salzinger Sheaff Brock, LLC's related persons and may also pay or reimburse expenses (including travel, lodging, meals [and entertainment] expenses) for Salzinger Sheaff Brock, LLC's personnel to attend conferences or meetings relating to the program or to TD Ameritrade's adviser custody and brokerage services generally.

Some of the products and services made available by TD Ameritrade through the program may benefit Salzinger Sheaff Brock, LLC but may not benefit our client accounts. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by Salzinger Sheaff Brock, LLC or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. Clients should be aware, however, that the receipt of economic benefits by Salzinger Sheaff Brock, LLC or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our recommendation of TD Ameritrade for custody and brokerage services.

Salzinger Sheaff Brock, LLC through Sheaff Brock Investment Advisors, LLC also receives from TD Ameritrade certain additional economic benefits ("Additional Services") that may or may not be offered to any other independent investment advisers participating in the program. Specifically, the Additional Services include quote retrieval systems and/or software programs to more effectively monitor, manage and trade client accounts . TD Ameritrade provides the Additional Services to our firm in its sole discretion and at its own expense, and Salzinger Sheaff Brock, LLC does not pay any fees to TD Ameritrade for the Additional Services. Salzinger Sheaff Brock, LLC and TD Ameritrade have entered into a separate agreement ("Additional Services Addendum") to govern the terms of the provision of the Additional Services.

Salzinger Sheaff Brock, LLC's receipt of Additional Services raises potential conflicts of interest. In providing Additional Services to our firm, TD Ameritrade most likely considers the amount and profitability to TD Ameritrade of the assets in, and trades placed for, our client accounts maintained with TD Ameritrade. TD Ameritrade has the right to terminate the Additional Services Addendum with Salzinger Sheaff Brock, LLC, in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from TD Ameritrade, we may have an incentive to recommend to our clients that the assets under management by us be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade.

Salzinger Sheaff Brock, LLC's receipt of Additional Services does not diminish our duty to act in the best interests of our clients, including seeking best execution of trades for client accounts.

Item 13 Review of Accounts

INVESTMENT SUPERVISORY SERVICES("ISS") PORTFOLIO MANAGEMENT SERVICE

REVIEWS: While the underlying securities within Portfolio Management Services accounts are continually monitored, these accounts are reviewed at least quarterly. Accounts are reviewed in the context of the investment objectives and guidelines of each model portfolio as well as any investment restrictions provided by the client. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: Mark Salzinger, Chief Investment Officer

REPORTS: In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we provide quarterly reports summarizing account performance, balances and holdings. These reports will also remind the client to notify us if there have been changes in the client's financial situation or investment objectives and whether the client wishes to impose investment restrictions or modify existing restrictions.

Item 14 Client Referrals and Other Compensation

CLIENT REFERRALS

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- whether the fee paid to us by the client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

Registrant, through the affiliation with Sheaff Brock Investment Advisors, LLC serves on the TD Ameritrade Institutional Advisor Panel ("Panel"). The Panel consists of approximately twenty independent investment advisors that advise TD Ameritrade Institutional ("TDA ") on issues relevant to the independent advisor community. The Panel meets in person on average three to four times per year and conducts periodic conference calls on an as needed basis. Independent advisors are appointed to serve on the Panel for indefinite terms by TDA senior management. At times panel members are provided confidential information about TDA initiatives. Panel members are required to sign confidentiality agreements. TD Ameritrade, Inc. ("TD Ameritrade") does not compensate Panel members. However, TD Ameritrade pays or reimburses for the travel, lodging and meal expenses registrant incurs in attending panel meetings. The benefits received by registrant or its personnel by serving on the panel do not depend on the amount of brokerage transactions directed to TD Ameritrade. Clients should be aware, however, that the receipt of economic benefits by registrant or its related persons in and of itself creates a potential conflict of interest and may indirectly influence registrant's recommendation of TD Ameritrade for custody and brokerage services.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients on a quarterly basis. We urge our clients to carefully compare the information provided on these statements to ensure that all account transactions, holdings and values are correct and current.

Our firm does not have actual or constructive custody of client accounts.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- determine the security to buy or sell; and/or
- determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

As previously disclosed in Item 4 of this brochure, our firm does not provide discretionary asset management services.

Item 17 Voting Client Securities

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We do not offer any consulting assistance regarding proxy issues to clients.

Item 18 Financial Information

As an advisory firm that maintains discretionary authority for client accounts, we are also required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. Salzinger Sheaff Brock, LLC has no additional financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$500 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Salzinger Sheaff Brock, LLC has not been the subject of a bankruptcy petition at any time during the past ten years.
