Form ADV Part 2A

Item 1 – Cover Page

Form ADV, Part 2A, our “Disclosure Brochure” or “Brochure” as required by the Investment Advisers Act of 1940 is a very important document between Clients (you, your) and BB&T Securities, LLC (we, us, our, the “Firm”).

This Brochure provides information about the qualifications and business practices of the Firm. If you have any questions about the contents of this Brochure, please contact us at (804) 787-8211. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission (SEC) or by any State Securities Authority.

Additional information about the Firm is also available at the SEC’s investment advisers public disclosure website www.adviserinfo.sec.gov (click on the link, select “investment adviser firm” and type in our Firm name). Results will provide you both Part 1 and 2 of our Form ADV.

We are a registered investment adviser with the Securities and Exchange Commission. Our registration as an Investment Adviser does not imply a certain level of skill or training. The oral and written communications we provide to you, including this Brochure, are information you can use to evaluate us. These communications are factors you can use in your decision to hire us or to continue to maintain a mutually beneficial relationship with us.

Item 2 – Material Changes

1. We discuss below only material changes which we believe are important in terms of disclosure since the Firm’s last filing of our Form ADV Part 2A Brochure and Appendix 1 Wrap Fee Programs Brochure on August 1, 2015. On March 26 2015, our annual updating amendment was filed on the SEC’s Investment Advisers Public Disclosure Website (IAPD), www.adviserinfo.sec.gov.
2. There were no material changes to our Form ADV Part 2A or Appendix 1 Wrap Fee Programs Brochure with this filing.
3. We may, at any time, update this Brochure, which you can download from the above SEC Website. You may contact Kenneth Manning in the Financial Products and Services

department at (804) 787-8211, regarding any questions you have about the Brochure or its contents.

Item 4A – Description of Firm

On January 1, 2013, pursuant to an internal corporate merger between two wholly owned subsidiaries of BB&T Corporation, Scott & Stringfellow, LLC, a registered broker/dealer (CRD# 6255) and an SEC registered Investment Adviser firm (IA# 801-40380) merged into Clearview Correspondent Services, LLC a registered broker/dealer (CRD# 142785) and an SEC registered Investment Adviser firm (IA# 801-77145). Effective upon the merger, Clearview changed its name to BB&T Securities, LLC; and began conducting business as BB&T Scott & Stringfellow and BB&T Capital Markets, Divisions of BB&T Securities, LLC.

The Firm is a member of the Financial Industry Regulatory Authority (www.finra.org), and the Securities Investors Protection Corporation (“SIPC”).

The Firm, a wholly-owned subsidiary of BB&T Corporation (NYSE: BBT), has more than 60 offices throughout the country, has more than 900 total employees, has over 600 registered representatives, including approximately 320 financial advisors. The Firm conducts

its advisory business through two divisions, BB&T Scott & Stringfellow, and BB&T Capital Markets.

Tracing its roots back to the founding of Scott & Stringfellow in 1893 by Frederic William Scott & Charles S. Stringfellow, Jr., the Firm operates as a full-service regional brokerage, investment banking and investment advisory firm serving individual, institutional, corporate, and municipal clients.

BB&T Scott & Stringfellow, a division of BB&T Securities, LLC, has a longstanding commitment to developing lasting client relationships based on mutual trust and respect. For well over a century, our focus has been on providing comprehensive financial guidance and wealth planning to our clients. Our values are service of the highest quality, the development of a personal relationship with our clients, quality investment advice, and a team of professionals upholding the highest standards of integrity.

BB&T Capital Markets, a division of BB&T Securities, LLC, is a leading source of capital market solutions and services for selected corporate, government, and institutional relationships. The Capital Markets division allows us to offer our retail client base a broad range of equity and fixed income research, new issue equity and debt products originated by its investment bankers, and secondary liquidity through its equity and fixed income trading desks.

BB&T Investment Services, Inc., Sterling Capital Management LLC and BB&T Institutional Investment Advisers, Inc. are affiliated advisers of the Firm.

The assets under management for the Firm totaled approximately \$7.8 billion as of December 31, 2014.

Item 4B - Description of Advisory Services

1. Spectrum Investment Program

The Firm assists certain clients in the selection of independent investment advisers to professionally manage client assets. In this investment advisory capacity, the Firm does not provide investment advice regarding securities in the construction of an investment portfolio. The Spectrum Investment Program is offered as a wrap-fee program.

2. CHOICE Portfolios

A. CHOICE Wrap Portfolios

CHOICE Portfolios ("CHOICE") provides investment advisory services to client accounts on a discretionary basis using one or more of six portfolios created and managed by Sterling Capital Management LLC, ("Sterling"), a subsidiary of BB&T Corporation.

The Firm will assess the Client's suitability to invest in one or more of the portfolios created and managed by Sterling, and to assist the client with allocation of the Client's account between one or more of the Sterling portfolios. On an ongoing basis, the Firm will monitor the Client's allocation between the Sterling portfolios to ensure that the allocations remain consistent with the Client's stated investment objectives. In addition, the Firm will periodically review Sterling's portfolios to ensure that the investments made in the portfolios are consistent with the

descriptions of the portfolio strategies that were provided to Clients.

The Firm will not engage in discretionary trading in the Client's account because these services will be provided by Sterling. The Firm will initiate the steps necessary, including the receipt of investment funds, to open Client's account, and will be available on an ongoing basis to receive deposit and withdrawal instructions, and to convey any changes in the Client's financial circumstances or investment objectives to Sterling.

The Firm does not assume responsibility for Sterling's investment decisions or performance or compliance with applicable laws or regulations or any other matters within that Sterling's control. The Firm's relationship with Sterling is governed by a separate agreement between the Firm and Sterling.

The six portfolios that Sterling manages are the: Equity Income Portfolio, Leaders Portfolio, Special Opportunities Portfolio, SMID Portfolio, Insight Portfolio and/or Enhanced Equity Portfolio. The Equity Income Portfolio is primarily a larger-cap portfolio focused on increasing dividend payouts; the Special Opportunities Portfolio is multi-cap, multi-style focused on stock selection; the Enhanced Equity Portfolio is a portfolio that manages risk through the use of covered call writing; the SMID Portfolio concentrates on small- and mid-cap stocks; the Insight Portfolio focuses on corporate insiders' stock purchasing activity or existing ownership based on SEC filings; and the Leaders Portfolio primarily consists of larger cap equities that are seen as industry leaders.

Sterling will buy, sell or otherwise trade securities or other investments in Client's account in accordance with their investment style/discipline and subject to the Client's reasonable restrictions without discussing these transactions with the Client in advance. The Client also authorizes the Firm and Sterling to take any other necessary action in connection with the opening and maintenance of their account, the completion and payment of transactions in the account and the fulfillment of all other obligations hereunder. This authorization shall inure to the benefit of any designee or successor corporation of the Firm and Sterling, respectively, and shall be binding upon the Client's heirs, executors, successors and assignees.

The Firm's and Sterling's understanding of the Client's current investment objectives and investment restrictions is based upon the information provided by the Client to the Firm. The Firm and Sterling, respectively, have relied and will continue to rely on the information provided. This information is important for the management of the account.

Additionally, Client must notify the Firm if Client's financial circumstances or investment objectives (including but not limited to the investment objectives for this account) change. Also, Client must provide the Firm and Sterling such additional information as the Firm or Sterling may request from time to time to assist Sterling with managing the Client's account.

Clients may impose reasonable restrictions on the management of their account, including the designation of

particular securities or types of securities that should not be purchased for the account, or that should be sold if held in the account. The Firm will forward these instructions to Sterling. If the Firm believes the instructions are unreasonable or if the Firm believes that the instructions are inappropriate, the Firm will notify the client that unless the instructions are modified they may be required to cancel the account.

This Program is offered as a wrap fee program.

3. Unified Managed Account Program ("UMAP")

UMAP is a discretionary account which incorporates various investment products including: manager model portfolios, separate account managers, mutual funds and ETFs. In UMAP clients retain the ability to select one or more manager models ("**Models**"), and/or separate account managers (the "**Manager**") who will manage client's discretionary account. Where Models, mutual funds, and/or ETFs have been selected, the Firm will maintain trading authority and discretion. Where Managers have been selected, the Manager will maintain trading authority and discretion.

The Firm's understanding and the Manager's understanding of the Client's current investment objectives and investment restrictions is based upon the information provided by the Client to the Firm. The Firm and the Manager, respectively, have relied and will continue to rely on the information provided. This information is important for the management of the Account.

Additionally, Client must promptly notify the Firm if Client's financial circumstances or investment objectives (including but not limited to the investment objective for the Account) change. Also, Client must provide the Firm such additional information as the Firm may request from time to time to assist the Firm in managing the Account.

The Firm offers Financial Advisor discretionary services to manage the Client's asset allocation, investment products, Model and Manager selection within UMAP. The Client may elect to delegate discretion to a Firm Financial Advisor. Where this has been selected, the Client's Firm Financial Advisor will have discretion over the asset allocation, Models, Managers, mutual funds, ETFs and other investment products that make up the Account. The Firm's Financial Advisors that participate in this Program must meet certain qualifications and not all Firm Financial Advisors qualify. In the event that a Financial Advisor is removed from the Program, or leaves the Firm, the Client account will be re-assigned to another Financial Advisor in the Program.

Clients have the ability to impose reasonable restrictions on the management of the Account, including the designation of particular securities or types of securities that should not be purchased for the Account, or that should be sold if held in the Account. The Firm will forward these instructions to the client's Manager. If the Firm or the client's Manager believes the instructions are unreasonable or if the Firm or the client's Manager believes that the instructions are inappropriate, the Firm will notify the client that unless the instructions are modified the client may be required to select an alternate Manager or cancel the Account.

A. Manager Models

In UMAP, client retains the ability to select one or more manager models ("**Models**"), mutual funds and/or ETFs for the purposes of selecting and customizing a blended portfolio. The Firm has retained investment portfolios provided by approved registered investment advisors ("**Alpha Providers**") who make recommendations for purchases and sales of securities based upon specific investment objectives and guidelines. Client must designate the Model(s) it selects to provide investment recommendations to the Firm with respect to the Account, and a separate ("**Subaccount**") will be established for the assets allocated to each Model selected by the Client in the Program. The Firm, and not the Alpha Provider, will construct and manage the Account and Subaccounts under the Program. The Alpha Provider's responsibilities are limited as set forth in the terms and conditions of the Alpha Provider and FDX Advisors Inc. Agreement. The Firm has retained FDX Advisors Inc. to provide certain services which enable the Firm to offer the Program.

The Firm will manage the Account and the Client has no contractual relationship with any Alpha Provider. The Firm will seek to manage the Account and Subaccount in a manner consistent with the recommendations provided by the Alpha Provider, but the Firm may deviate, in its discretion, from such recommendations. As a result of the Firm's overlay management process, the Account and/or Subaccount may vary from the model portfolio. Because information regarding the composition of the investment recommendations and any updates thereto may be communicated to the Firm on a delayed basis, Alpha Providers may have taken action or advised other Clients, its affiliates and their respective partners, directors, officers and employees with respect to changes in the investment recommendations before making recommendations or communicating this information to the Firm. As a result, Alpha Providers and/or their related persons likely will have already commenced trading for its or their other Clients before the Firm has received or had the opportunity to evaluate or act on the Alpha Provider's recommendations. In this circumstance, trades ultimately placed by the Firm for Clients may receive prices that are more or less favorable than the prices obtained by the Alpha Providers or their related persons for their Accounts.

The Firm reserves the right to terminate an Alpha Provider from this Program at any time and for any reason. In addition, each Alpha Provider may resign from participation in this Program. The Firm may retain and terminate any Alpha Provider with respect to any Account in this Program. Upon the termination or resignation of an Alpha Provider, the Firm will notify the affected Client of such event and Client will be responsible for promptly selecting a new Alpha Provider, mutual fund or ETF as a replacement in the respective Account. Any failure to timely complete and return the new Appendix A of the UMAP Agreement may result in the Account being re-assigned to a new Model selected by the Firm or may result in the Account's termination from the Program.

in the event that a suitable alternative Model is not available. Should the Firm re-assign the Account to a new Model, the Firm will provide written notice to the Client.

By executing the UMAP Agreement, Client consents to the investment by the Firm of all or part of the Client's Account in mutual funds advised by Sterling Capital Management LLC, an affiliate of the Firm. Such consent may be revoked by Client at any time. To be effective, any such revocation must be delivered to the Firm in writing. Client's account will only be invested in mutual funds advised by Sterling Capital Management LLC, if and to the extent such mutual funds satisfy the criteria for inclusion in the model portfolio designated by Client. Sterling Capital Management LLC receives a fee from these funds for the advisory services it provides that is separate from the fee paid by the Client to the Firm under this account.

B. Separate Account Managers

In UMAP, clients retain the ability to select one or more separate account managers (the "**Manager**") who will manage the client's discretionary Account. The Firm will, among other things, provide clients with certain services as a broker/dealer and investment advisor as described below. In the instance where the Client has chosen a Separate Account Manager, the Firm will not manage the client's Account or provide discretionary trading in the client's Account because these services will be provided by the client's Manager. The Firm will initiate the steps necessary, including the receipt of investment funds, to open an Account and will be available to clients on an ongoing basis to receive deposit and withdrawal instructions, and to convey any changes in financial circumstances or investment objectives to the client's Manager.

The decision to retain any particular Manager rests with the Client. The Firm will assist the Client in establishing appropriate investment objectives and will recommend and engage one or more Managers to provide continuous discretionary investment management to the Client. Client will have no obligation to select or to use any Manager recommended by the Firm, however, once a Manager has been selected by Client, each Manager must first agree to accept the management of the Account subject to any restrictions requested by Client.

The Firm does not assume responsibility for any Manager's investment decisions or performance or compliance with applicable laws or regulations or any other matters within that Manager's control. The Firm's relationship with the client's Manager is governed by a separate agreement between the Firm and the Manager.

The Firm reserves the right to terminate a Manager from UMAP at any time and for any reason. In addition, each Manager may resign from participation in UMAP. The Firm may retain and terminate any Manager with respect to any Account in UMAP. Upon the termination or resignation of a Manager, the Firm will notify the affected Client of such event and Client

will be responsible for promptly selecting a new Manager to manage the Account. Any failure to timely complete and return the new Appendix A of the UMAP Agreement may result in the account being re-assigned to a new Manager selected by the Firm or may result in the Account's termination from UMAP in the event that a suitable alternative manager is not available. Should the Firm re-assign the Account to a new Manager the Firm will provide written notice to the Client.

In sum, the Manager will buy, sell or otherwise trade securities or other investments in the Account in accordance with the Manager's investment style/discipline and subject to the Client's reasonable restrictions without discussing these transactions with the Client in advance. The Client also authorizes the Firm and Manager to take any other necessary action in connection with the opening and maintenance of the Account, the completion and payment of transactions in the Account and the fulfillment of all other obligations hereunder. This authorization shall inure to the benefit of any designee or successor corporation of the Firm and the Manager, respectively, and shall be binding upon the Client's heirs, executors, successors and assignees.

4. Professional Management Program ("PMP")

Through the Professional Management Program ("PMP"), certain selected, qualifying Financial Advisors provide investment advisory and brokerage services to client accounts on a discretionary basis. PMP Financial Advisors develop disciplined portfolios based on certain established PMP guidelines, the client's investment objectives, and individual client needs as established in investment portfolio and strategy criteria. Each PMP client must provide information to the Firm about the client's attitude toward risk and reward, the client's current financial situation and any specific constraints that might affect investment decisions for the client. PMP is offered as a wrap-fee program.

5. S&S Advisor

The S&S Advisor account program is a non-discretionary advisory program. The S&S Advisor account program is a fee-based account program where for a single asset-based fee clients receive advisory services as well as traditional brokerage services. The traditional brokerage services include, but are not limited to, trading, custody, and research. Advisory services may include: client education, investment planning, asset allocation, portfolio review, portfolio rebalancing, manager/stock research and monitoring, portfolio construction, risk tolerance analysis, and setting investment objectives.

The Client shall provide the Firm in writing with any investment objectives, restrictions and instructions ("Investment Guidelines") applicable to the Client's S&S Advisor account ("Account"). Any changes to the Investment Guidelines will become effective as soon as practicable following their delivery in writing to, and their acceptance by, the Firm. The Firm, its employees, agents and affiliates shall not be liable to the Client or any other person for any investment made in violation of any

investment objective, restriction or instruction of which the Client did not notify the Firm in writing.

The Client may choose to develop an investment strategy in either of the following ways:

- a. The Client provides the Firm with a predetermined investment strategy; or
- b. The Client, in consultation with a Financial Advisor, determines an appropriate investment strategy designed to reflect the Client's investment needs and objectives identified in the consultation process (and any additional written guidelines the Client establishes).
- c. The Client has sole discretion whether to accept or reject a strategy or any specific recommendation to purchase or redeem securities. The Firm shall have no discretionary authority with respect to the Account and shall execute only transactions directed by the Client. Margin is generally not permitted in S&S Advisor accounts. Further, in no event will the Firm be obligated to effect any transaction for the Account which it believes would be in violation of any applicable federal or state law, rule or regulation, or of the rules or regulations of any regulatory or self-regulatory body.

A Financial Advisor will be available to the Client, during normal business hours, for consultation regarding the Account. At least annually, the Client and the Financial Advisor will meet together (in person or by phone) to review and analyze the Account, Investment Guidelines, asset allocation, and other relevant factors and circumstances in order to assess what, if any, changes are to be made in the management of the Account.

The quality of the investment advisory services to be rendered under the Client Agreement are dependent upon the accuracy of the data and information supplied by the Client for analysis and use in delivering services. The Firm is under no affirmative duty to independently verify or audit any of such data or information. The Client will promptly notify the Firm of any change in the Client's investment objectives or financial condition that may affect the manner in which the Account assets should be invested. Based on that information, the Financial Advisor may recommend other investment strategies or investments.

The Firm's responsibility in connection with the Client's selection of investments shall be to consult with the Client, based on the Client's Investment Guidelines, as to which investment strategy would be most compatible with the Client's stated investment objectives and needs and as to which investment would be most compatible with the investment strategy selected by the Client. The Firm shall not be responsible for the performance of any selected investment. The Firm has the right and authority to remove any investment from S&S Advisor upon at least thirty days' prior written notice to the Client.

The Client will be sent confirmations of transactions in the account and periodic account statements. It is the Client's responsibility to review this material and report any

discrepancies to the Financial Advisor as soon as possible.

Eligible assets in the account include: cash & cash equivalents, free credit balances, money markets, common stock, preferred stock, rights/warrants on stock, closed-end mutual fund shares, eligible open-end mutual fund shares, American Depositary Receipts ("ADRs"), exchange traded funds ("ETFs"), foreign stock, fixed income securities, municipal securities, publicly traded limited partnership shares, unit investment trusts, option contracts, and structured products.

The S&S Advisor Program is not intended for day trading or other excessive securities or option trading activity, including trading based on market timing. The Account may be terminated or frozen, at the Firm's discretion, if these activities occur. Losses resulting from Client initiated or Client-directed transactions, including, without limitation, losses resulting from the frequency of trading, are solely the Client's responsibility.

The Client, in conjunction with the Financial Advisor, may choose a strategy that includes asset allocation, that is, assignment of a percentage of the overall value of the Account to each asset class. If the strategy includes asset allocation, it may also include a fund allocation, that is, an assignment of a percentage of the overall value of the asset class to one or more mutual funds.

In order to implement any investment strategy, the Financial Advisor may recommend to the Client eligible securities that may include mutual funds ("mutual funds"), offered at their net asset value without any front-end or deferred sales charge, which may also include no load funds, that the Firm believes possess investment characteristics that are consistent with the Client's Investment Guidelines. If the investment strategy will be implemented with mutual funds only, the Client shall select from the various mutual funds and shall specify, in writing, the mutual funds in which Account assets are to be invested and the allocation among those mutual funds. This written fund allocation may subsequently be modified by the Client orally by notifying the Financial Advisor of the Client's changes.

Additional Disclosures Relevant to All Above Programs 1 – 5

The Firm will maintain custody of the assets held in the Account. As custodian the Firm will, at no additional charge, credit the Account with dividends and interest paid on securities and with principal paid on called or matured securities in the Account. For CHOICE, Spectrum, and UMAP accounts where the manager votes proxies, Client may elect not to receive proxy and annual reports for the holdings in the account, which election may be rescinded at any time. Upon request, Client will be provided with a copy of the manager's proxy voting policies and procedures which may be updated from time to time. In addition, Client will be provided information on how the proxies were voted by the manager upon request of the Investment Adviser.

The Firm will send the Client confirmations of Account transactions and monthly statements summarizing Account positions and portfolio value. It is the Client's

responsibility to review this material and report any discrepancies to the Financial Advisor as soon as possible. The Client may elect not to receive a confirmation for each securities transaction, which election may be rescinded at any time. Any discrepancy not objected to in writing by the Client within 30 days of receipt will be binding upon the Client.

The Firm and its affiliates manage or provide advice to Accounts for many types of Clients and also engage in a broad range of other research, advisory, brokerage, and investment banking activities. The same may be true for your Manager. The advice given to, or action taken for, any other Client or Account, including the Firm's or Manager's own Accounts, may differ from that provided to a Client's Account. In particular, transactions effected in a Client's Account may differ from those in other such Accounts or from the advice provided by Firm Financial Advisors or the Firm's research departments. Nothing in the Program Agreements shall be deemed to impose upon the Firm or Manager any obligation to purchase or sell, or recommend for purchase or sale, for a Client's Account, any security or other property which the Firm or its affiliates, or Manager may purchase or sell for their own Accounts or for the Accounts of any other Client. The Firm or Manager may purchase securities for its own Accounts that are purchased for a Client's Accounts.

The Firm and Manager may occasionally acquire confidential information in the course of its business. If that occurs, the Firm and Manager will not, of course, be able to divulge it or act upon this information for a Client's Account. The Firm and Manager are under no obligation to execute any transaction for a Client's Account which it believes to be improper under applicable law, rule, or regulation.

In valuing a Client's Account, the Firm will use the closing prices and/or mean bid and ask prices of the last recorded transaction for listed securities and over-the-counter Nasdaq securities. In so doing, the Firm will utilize information provided to it by quotation services believed to be reliable. If any such prices are unavailable or believed to be unreliable, the Firm will determine the price in good faith so as to reflect its understanding of fair market value.

The Firm will not act on Client's behalf or render advice in legal proceedings involving a Client's Account or the securities in it. Client will be sent the information and documents that the Firm has received for distribution to customers to help Client take whatever action Client deems advisable.

Notwithstanding the above, for CHOICE, Spectrum, and UMAP accounts, decisions on the following will be made by the Firm, Sterling, or Manager unless Client directs to the contrary in writing: 1) voting of proxies and 2) tendering of securities or interest coupons in response to offers, calls or redemptions or with respect to the exercise of conversion rights, subscription rights or other options relating to the investments in a Client's Account. The Client shall determine whether or not to participate in any class action lawsuits that arise as a result of the purchase of a security Sterling, the Alpha Provider or Manager has selected in the Account unless the Client requests in writing the Firm, Sterling or Manager to act on its behalf in such class action lawsuits.

All trading in a Client's Account is at Client's risk and that the value of a Client's Account is subject to a variety of factors including the liquidity and volatility of the securities markets. The investment performance of any kind can never be guaranteed by the Firm, Sterling, or Manager. No representation has been made by the Firm, Sterling, or Manager that success can be assured in any transaction or that a Client's Account will prove profitable.

Free credit cash balances resulting from sales, cash deposits, or interest or dividend credits (that is, cash that may be withdrawn from the Account without resulting interest changes) will automatically be swept on a daily basis into the Firm's Insured Deposit Program (IDP) providing FDIC insurance for all eligible cash balances or, in some cases, into shares of a money market fund made available by the Firm at their then current net asset value. The Firm and its affiliates may have agreements to provide advisory, administrative, distribution, and other services to the money market fund used in a Client's Account and receive compensation as a result of those services.

If a Client is a shareholder of a money market fund then in addition to fees that Client pays to the Firm as part of this Program, Client will bear a proportionate share of the money market fund's expenses which may include the investment management fees that are paid to the fund's investment advisor, which, as stated above, may be the Firm or its affiliates. Refer to the prospectus or statement of additional information provided for a more complete description of the fund and its operation.

If a Client's Account is subject to the provisions of ERISA, the Firm represents that it is a fiduciary as defined in that Act in performing its duties under the applicable Agreement. Client must maintain any bond required in connection with the Account under the provisions of ERISA or other applicable law and to include within its coverage the Firm and any of its personnel as may be required.

Client may terminate the Agreement within five (5) business days of its execution and receive a full refund of all pre-paid fees. Thereafter, either party may terminate the Agreement at any time and for any reason by notifying the other in writing and termination will become effective upon receipt of this written notice. However, termination will not affect either party's responsibilities under the Agreement for previously initiated transactions or for balances due in the Account or for any fees and amounts owed.

Upon the termination of the Agreement, Client assumes the exclusive responsibility to direct and monitor the securities in the Account and the Firm will have no further obligation to act or advise with respect to those assets or to liquidate the positions held in the Account under the Agreement. Fees paid in advance hereunder will be prorated to the date of termination, and any unearned portion thereof will be refunded to Client.

Upon Termination, Clients may request that their Account positions be liquidated utilizing market orders. All Client requests to liquidate Account positions must be in writing. If termination is initiated by the client, the written request to liquidate must be made in the writing terminating the

Agreement. If termination is initiated by the Firm, the written request to liquidate must be made within five (5) business days of receipt of the Firm's notice of termination.

All timely requests to liquidate positions from the Account within the first twelve months of the inception of this Agreement shall be subject to commissions according to and consistent with the rates customarily charged by the Firm in an ordinary transaction-based, non-discretionary brokerage account.

All timely requests to liquidate positions from the Account after twelve months of the inception of this Agreement, shall not be subject to commissions; however, certain unit investment trusts and mutual funds may impose redemption fees in certain circumstances as stated in each trust or fund prospectus.

Securities liquidations may result in tax consequences that should be discussed with your tax advisor. The Firm does not, and will not, provide tax advice. Upon termination of the Account or transfer of the advisory share class into a retail brokerage account, you authorize the Firm to revert, at our discretion, the advisory share class to the mutual fund's primary share class, typically A shares, without incurring a commission or load without your prior consent. Client understands that the primary share class generally has higher operating expenses than the advisory share class which may negatively affect performance.

Should the necessary securities markets be unavailable, efforts to trade will be done as soon as possible following their reopening. The Firm shall not be responsible for market fluctuations in your Account from time of written notice until liquidation.

This Agreement will terminate upon notification of your death. Certain mutual fund shares may be required to be redeemed as part of the Account termination, as stated in their prospectus.

6. FDX Advisors

FDX Advisors is a SEC registered investment advisor. FDX Advisors provides the Firm with a number of tools to assist the Firm in providing its clients with investment advisory services. Such services include assistance in investment policy development, manager research, proposal development and periodic client reporting. Through FDX Advisors, the Firm also has access to various money managers with reduced fees and account minimums which may not otherwise be available to it.

7. Financial Planning

Financial planning services are offered to clients. Through the client interview and questionnaire process the client's investment needs and objectives are identified and analyzed. A financial plan, based on the client's investment needs and objectives is, developed and delivered to the client.

8. Qualified Plan Sponsors & Participants

Registered Investment Adviser ("RIA") Services for Qualified Plan Sponsors and Participants are offered to clients. Investment advisory services, offered on a contractual basis, to the Plan Sponsor and the Plan Participants may include providing advice regarding the investment policy statement ("IPS"), the investment selection process, and designing and maintaining asset allocation models. An investment adviser representative ("IAR") provides quarterly review and monitoring of the investment options. The IAR conducts periodic enrollment and educational meetings with the Plan Participants, as well as annual review meetings with the Plan Sponsor.

9. Discretionary Advisory Account Services

The Firm provides advisory account services on a commission basis to certain accounts in which discretion is provided in writing to the extent allowed for by Rule 202(a)(11)-1 of the Investment Advisers Act of 1940, and the supporting Releases. Certain legacy commission-based accounts, where the Firm had discretionary authority, were converted to advisory accounts. Thus, in these limited circumstances, the Firm provides advisory account services on a commission basis to certain legacy accounts in which clients have provided written discretion to individual investment advisor representatives. The Firm is not actively soliciting these arrangements.

These legacy client accounts will be governed by the terms and conditions contained in the applicable Account Agreement. The Firm also retains documents evidencing the Client's attitude towards risk and rewards, the Client's financial situation and any specific constraints that might affect investment decisions for the Client. In addition to executing the Account Agreement, each discretionary commission-based Client must complete and sign a Trading Authorization Limited to Purchases and Sales of Securities form, authorizing their investment advisor representative to engage in securities transactions in the account. This discretionary authority may be terminated by either party upon written notice.

The Firm and its affiliates manage or provide advice to accounts for many types of clients and also engage in a broad range of other research, advisory, brokerage and investment banking activities. The advice given to, or action taken for, any other Client or account, including the Firm's own accounts, may differ from the advice taken in the Client's account. Additionally, the Firm may occasionally acquire confidential information in the course of its business. If that occurs, the Firm will not be able to divulge it or act upon this information for the Client's account. The Firm is under no obligation to execute any transaction for the account which it believes to be improper under applicable law, rule or regulation.

10. Sterling Capital Funds

Sterling Capital Management LLC, is also a subsidiary of BB&T Corporation. Sterling Capital Funds distributes certain mutual funds through Sterling Capital Distributor, LLC.

The Sterling Capital Prime Fund and Sterling Capital Treasury Fund are two of the cash sweep options available for clients to choose for the investment of free cash balances in their Accounts.

11. Municipal Entities

The Firm also provides investment advice to state or municipal government entities.

Item 5 – Fees and Compensation

Clients pay the Firm an Annual Fee in accordance with the individual Program fee schedule unless otherwise agreed to in writing. Any agreement to a flat fee to be paid on the Account's billable value may result in fees greater than or less than those that would be incurred in accordance with the Program fee schedule. The Annual Fee will be deducted directly from the Account unless the parties agree otherwise. The Annual Fee, which is payable pro-rata on a quarterly basis in advance, will compensate the Firm for investment management as well as custody and execution services, and except in the case of discretionary advisory services described above, no separate Firm brokerage commissions will be charged.

The initial Annual Fee will be prorated to cover the period from the date a Client's Account is opened and approved, through the end of the then current full calendar quarter. The initial Annual Fee will be due in full on the day the Firm opens and approves a Client's Account and will be based on the opening value of the Account. Thereafter, the Annual Fee will be based on the Account's value as reflected on the quarter month end statement and will be due the following business day to cover the next calendar quarter. Additional assets received into a Client's Account will be charged a pro-rata Annual Fee based upon the number of days remaining in the current calendar quarter. No fee adjustment will be made for partial withdrawals or for appreciation or depreciation of a Client's Account within a billing period. For purposes of calculating the Annual Fee due, the Account's value includes the sum of the long market value of all securities, money market, cash and credit balances. Margin debit balances and the short market value of securities held do not reduce the value of the Account. In accordance with the terms of the individual Client Agreement, a pro-rata refund of fees charged will be made to Client if a Client's Account is closed within a quarterly billing period.

The Annual Fee does not include charges to a Client's Account for services not included herein or resulting from certain dealer mark-ups or mark-downs, odd lot differentials, postage and handling charges, IRA fees, transfer taxes, pass-through fees, transaction fees and any other fees which may be charged to the Account.

Clients with mutual funds, exchange traded funds and investment company products in their portfolios are effectively paying the Firm and the fund/product advisor for the management of the Client's assets. Clients who place funds/products under the Firm's management are therefore subject to both the Firm's direct management fee and the indirect management of the mutual fund advisor. These funds/products may be subject to additional advisory and other fees and expenses, as set forth in the respective prospectuses, which are ultimately borne by the Client. In addition, with respect to certain exchange traded funds included in certain portfolios and managed accounts, the manager of the exchange traded fund may use the Firm in its capacity as broker-dealer to transact with the exchange traded fund for the purchase and sale of

the securities that comprise the exchange traded fund. The Firm derives additional revenue from these transactions.

The Firm receives payments from mutual funds or their affiliated service providers for providing certain recordkeeping and related services to the funds. The Firm processes some mutual fund business with fund families on an omnibus basis, which means clients' trades are consolidated into one daily trade with the fund. We receive omnibus fee payments as compensation for the services we provide when trading mutual funds on an omnibus basis. We trade other fund families on a networked basis, which means we submit a separate trade for each individual client and may receive networking fee payments for each client mutual fund position we hold with the fund.

All programs utilize the same liquidation fee schedule upon Account termination. The Firm's liquidation fee schedule upon Account termination is described under Item 4.B titled "Additional Disclosures Relevant to All Above Programs 1-5."

A. Programs

1. Spectrum Investment Program

Clients pay an annual fee as specified below for services hereunder, including execution services, custody, and quarterly reporting services with no separate charge imposed by the Firm for brokerage commissions on agency trades or markups or markdowns on principal transactions. The Firm may participate in selling concessions on underwritings which are purchased for the Client's Account by the Adviser.

<u>Equity and Balanced</u>	
On the First \$250,000	2.00%
On the Next \$250,000	1.75%
On the Next \$500,000	1.50%
On the Next \$1,000,000	1.00%
Over \$2,000,000	Negotiable

<u>Fixed Income</u>	
On the First \$250,000	1.00%
On the Next \$250,000	0.90%
On the Next \$500,000	0.70%
On the Next \$1,000,000	0.60%
Over \$2,000,000	Negotiable

The minimum account size is \$100,000. Minimums may vary according to each specific Investment Manager/portfolio.

The value of these assets will be determined on the last business day of each quarter according to an account's billing cycle. In certain circumstances, the fee schedule is negotiable. The term "asset value of Client's account" shall mean the sum of the long market value of all securities, money market, cash and credit balances. Margin debit balances and the short market value of securities held do not reduce the value of the Account. This schedule may be amended from time to time by the Firm, provided that the Client will receive 30 days' notice of such amendment.

Compensation to the independent investment adviser will vary and is billed based on the independent investment adviser selected by the Client. Compensation arrangements will also be disclosed in the independent investment adviser's disclosure brochure and/or the Firm's disclosure brochure. Fees, payments and refund policies will vary depending upon the independent investment adviser's fee schedule and terms. The Firm will determine that any independent investment adviser, with which it contracts, is properly registered in those states where investment advice or securities are provided to residents of that state.

The contract between the client and the Firm is separate and distinct from the contract between the client and the independent investment adviser. Upon termination of client's agreement with the independent investment adviser, client's agreement with the Firm will be terminated.

2. CHOICE Portfolios

A. CHOICE Wrap Portfolios

CHOICE accounts are charged an all inclusive "wrap fee" that is both for investment advice and in lieu of commissions by the Firm. The standard CHOICE fee schedule, which is negotiable, is based on asset size and an assumed "active" portfolio.

Equity Income, Leaders, SMID, Insight and Special Opportunities Portfolios

<u>Account Size*</u>	<u>Annual Fee</u>
\$100,000 - \$149,999	2.50%
\$150,000 - \$249,999	2.20%
\$250,000 - \$499,999	2.05%
\$500,000 - \$749,999	1.75%
\$750,000 - \$999,999	1.60%
\$1,000,000 - \$4,999,999	1.50%
\$5,000,000 - \$9,999,999	1.30%
\$10,000,000 and Over	1.20%

Enhanced Equity Portfolio

<u>Account Size*</u>	<u>Annual Fee</u>
\$250,000 - \$499,999	2.55%
\$500,000 - \$749,999	2.25%
\$750,000 - \$999,999	2.10%
\$1,000,000 - \$4,999,999	2.00%
\$5,000,000 - \$9,999,999	1.80%
\$10,000,000 and Over	1.70%

*Calculated as the value of the account based on the quarter month-end statement, the "value of the account" includes free credit cash balances and for purposes of the accounts described, shall mean the sum of the long market value of all securities, money market, cash and credit balances. Margin debit balances and the short market value of securities held do not reduce the value of the account.

A minimum initial account value of \$100,000 is required for the Equity Income, Leaders, SMID, Insight, and Special

Opportunities Portfolio accounts, and \$250,000 for the Enhanced Equity Portfolio accounts. Under certain circumstances the minimum may be waived.

The Firm may terminate any account that has fallen below the minimum account value shown above as required to remain in the Program. Accounts will not be terminated due to fluctuations in market value or fees deducted. However, should the net of the assets received into the account less any client withdrawals taken from the account fall below the minimum account value, then trading will be suspended in the account at that time and the client will be notified in writing of deficiency in that case. Should the account not receive a deposit for at least the amount of the deficiency shown within 30 days of the date that the notification was mailed, then the account shall be removed from the Program and become a non-discretionary investment account.

Whenever there are changes to the fee schedule, the schedule or charges previously in effect shall continue until the next quarterly billing cycle. Established fees may not be increased without client approval.

3. Unified Managed Account Program ("UMAP")

Client will pay the Firm the Annual Fee described below.

The Annual Fee will be calculated for each calendar quarter in accordance with the following schedule:

UMAP HH Assets	Model Sleeves/SMA	Tier	Fund/ETF/Fixed Income SMA
\$ 50,000 \$ 249,999	3.00%	1	2.00%
\$ 250,000 \$ 499,999	2.65%	2	1.75%
\$ 500,000 \$ 749,999	2.25%	3	1.50%
\$ 750,000 \$ 999,999	2.15%	4	1.40%
\$ 1,000,000 \$ 2,499,999	2.05%	5	1.30%
\$ 2,500,000 \$ 4,999,999	1.95%	6	1.20%
\$ 5,000,000 +	1.85%	7	1.10%

Minimum Account value is \$50,000 (minimums may be higher according to each specific Manager/Portfolio).

The Firm reserves the right to notify the Account of a minimum fee to be charged should the account fall below the minimum Account value. The Firm may terminate any Account that has fallen below the minimum Account value shown above as required to remain in the UMAP Program. Should the Account not receive a deposit for at least the amount of the deficiency shown within thirty (30) days of the date that the notification was mailed, the Account shall be removed from the UMAP Program and become a non-discretionary commission-based investment Account at the Firm.

Client should be aware that the fees charged to the Account may be higher than those otherwise available if Client chose to select a separate brokerage service and negotiate commissions in the absence of the extra advisory services that the Firm provides. Client should consider the value of the services that the Firm provides when making such comparisons. Client should also consider the amount of anticipated trading activity when assessing the overall cost of our program. Fee based programs typically assume a normal amount of trading activity and, therefore, under particular circumstances, prolonged periods of inactivity may result in higher compensation than if commissions were paid separately for each transaction. The standard fee schedules set forth above may be subject to negotiation depending upon a range of factors, including, but not limited to, Account sizes and overall range of services requested.

The Firm will pay all fees of each Manager selected by the Client. The fees to be paid each Manager will be negotiated by the Firm and each Manager.

The Account assets used to calculate the Quarterly Fee will include those invested assets transferred into the Account for which Client may have previously paid a separate sales charge or load, commission, mark-up, or other cost associated with acquiring such assets. Transferring such previously acquired assets into the Account may result in Client paying higher investment related expenses for such assets than Client would otherwise pay were such assets retained in a commission-based mutual fund or other type of account such as direct investment with a mutual fund company.

4. Professional Management Program ("PMP")

PMP accounts are charged a "wrap fee" for investment advice and in lieu of commissions. The Standard PMP fee schedule, which is negotiable, is based on asset size and an assumed "active" equity portfolio. The minimum quarterly fee is \$250. This standard fee shall be effective if designated or if the fee schedule below is otherwise blank. Any change to the annualized fee must be in writing and signed by the Client and the Firm. The minimum quarterly fee may be reduced or waived in certain circumstances.

Total Account Value*	Annualized Fee
On the First \$250,000	3.00%
On the Next \$250,000	2.50%
On the Next \$500,000	2.25%
On Anything Over \$1,000,000	2.00%

*Calculated as the value of the account as reflected on the Client's quarter month-end statement, the "value of the account" includes free credit cash balances and for the purposes of the accounts described, shall mean the sum of the long market value of all securities, money market, cash and credit balances. Margin debit balances and the short market value of securities do not reduce the value of the account.

A minimum initial account value of \$50,000 is required for PMP accounts. Under certain circumstances this minimum may be waived.

Whenever there are changes to the fee schedule, the schedule or charges previously in effect shall continue until the next quarterly billing cycle. Established fees may not be increased without client approval.

As a shareholder in the securities in which client's PMP account are invested, Client will receive shareholder communications (including proxy materials) from the individual companies, their service providers or the Firm . The Firm will not advise client on the voting of proxies for company investments held in the Account or advise client in legal proceedings involving companies.

5. S&S Advisor

The Account assets used to calculate the Quarterly Fee will include those invested assets transferred into the Account for which Client may have previously paid a separate sales charge or load, commission, mark-up, or other cost associated with acquiring such assets.

Transferring such previously acquired assets into the Account may result in Client paying higher investment related expenses for such assets than Client would otherwise pay were such assets retained in a commission-based mutual fund or other type of account such as direct investment with a mutual fund company.

A fee-based arrangement may not be appropriate for customers who anticipate engaging in a lower level of trading activity, as substantially greater transaction cost savings may be realized in the context of a traditional pay-per-trade commission structure.

The fee payable by the Client pursuant to the Client Agreement covers investment advisory services rendered by the Firm, and certain commissions, mark-ups and other transactional charges applicable to securities transactions, subject to the terms of the Fees described as follows.

Client will pay an Annual Fee, which is negotiable, based upon the following schedule and terms. The Standard Annual Fee shall be effective if designated or if the fee schedule is otherwise blank. The minimum Quarterly Fee is \$125 (\$500/year) and the minimum value of the Account is \$25,000. Any change to the Annual Fee must be agreed to by Client and the Firm, except as described elsewhere in the terms of the Client Agreement. The minimum quarterly fee may be reduced or waived in certain circumstances.

*Total Billable Value	Annual Fee as a % of Value
On the First \$500,000	2.50%
On the Next \$500,000	2.00%
On the Next \$1,000,000	1.50%
On the Next \$3,000,000	1.00%
Assets Above \$5,000,000	Inquire

The Firm reserves the right to terminate the Client agreement for accounts whose value falls below the minimum account value of \$25,000. Accounts valued less than \$25,000 paying the minimum quarterly fee will realize a higher fee percentage than our stated fee schedule. For

example, an account valued at \$15,000 paying the minimum quarterly fee (\$125) would effectively be paying an annualized fee of 3.33%.

The Annual Fee shall be paid in quarterly installments (each, a "Quarterly Fee") that shall be deducted in advance by the Firm from Client's Account. The Firm reserves the right to increase the Annualized Fee in the event that there is excessive turnover in Client's Account upon ten (10) days written notice to Client. The Quarterly Fee may be more than the commissions that might otherwise accrue under the Firm's regular commission rates. The Quarterly Fee will be based upon all assets in the Account.

*The billable value of the account will be based upon the long market value of all securities, including money markets, cash and free credit balances, in the account and is not reduced by margin debit balances or the market value of short positions within the account. The value is based upon the closing market value of the securities in the account on the last trading day of the last month of each calendar quarter (March, June, September, and December). Client authorizes the Firm to deduct the Quarterly Fee from the Account in the following order:

- a. from any free credit balances in the Account;
- b. from the balances in the Firm's Insured Deposit Program (IDP);
- c. from the balances in any money market funds;
- d. from the proceeds received by liquidating securities positions.

The initial Quarterly Fee shall be payable to the Firm within five (5) days of the Firm accepting the Client Agreement based upon the value of the Account on the date of acceptance for the partial calendar quarter beginning on such date. Thereafter, the Quarterly Fee shall be payable on the first business day of each succeeding calendar quarter based upon the billable value of the Account as reflected on the quarter month end statement. Quarterly Fee payments will be adjusted for deposits in excess of \$5,000 made by Client to the Account on a pro rata basis. The Client will be entitled to a pro rata refund of any pre-paid quarterly fee based upon the number of days remaining in the quarter after termination.

No adjustment to the Annualized Fee shall be applicable unless and until it is approved in writing by the Firm.

The fee payable covers all investment advisory services rendered by the Firm as well as commissions, mark-ups and other transactional charges applicable to securities transactions effected for the Account with or through the Firm. The fee also covers custodial services, and other Account related services provided by the Firm.

The fee payable pursuant to the S&S Advisor Agreement does not cover, and the Client will be additionally responsible and charged for: commissions, mark-ups, spreads and other transactional charges on securities transactions effected with or through brokers and dealers other than the Firm, interest on debit account balances,

where applicable; the entire public offering price (including underwriting commissions or discounts) on securities purchased from an underwriter or dealer involved in a distribution of securities; bid-ask spreads; odd-lot differentials; exchange fees, pass-through fees, transfer taxes on other fees required by law; Individual Retirement Account (IRA) fees, qualified retirement plan account fees, postage & handling fees and other account maintenance fees; usual and customary transaction charges on the liquidation of assets not eligible for the S&S Advisor Program; management and other fees on open-end, closed-end and exchange traded mutual funds and UITs; margin interest; any contingent deferred sales charge assessed by a Mutual Fund company on the sale or liquidation of a mutual fund; check reordering cost and fees; short-term trading charges for purchases and corresponding redemptions of certain mutual fund shares (see fund prospectus for details) made within short periods of time. These short-term trading charges are imposed by the mutual funds to deter "market timers" who trade in fund shares.

6. Financial Planning

The Firm may charge a fee of \$500 for this service. Under certain circumstances the financial planning fee may be negotiable. The fee does not include transaction execution services, either at the Firm or any other broker-dealer.

7. Qualified Plan Sponsors & Participants

Charges to the Plan Sponsor or Plan Participant could include a one-time setup fee and/or an annual fee based upon a percentage of the assets contained in the plan, or a specified flat fee to be agreed upon by the Plan Sponsor or Plan Participant and the IAR. The signed agreement will continue in force from year to year, unless one party notifies the other in writing, no less than 45 days prior to the desired termination date. The Plan Sponsor or Plan Participant also has the right to terminate the agreement within five (5) business days of the execution of the agreement, without penalty, by providing the IAR with written notice of such election to rescind. The Plan Sponsor and/or Plan Participant are not required to hold their accounts with the Firm.

8. Discretionary Advisory Account Services

Clients with discretionary commission-based accounts are typically charged the Firm's standard commission schedule at the time each transaction takes place in their account. Under certain circumstances, the Firm may enter into commission arrangements with clients that are different than the Firm's standard commission structure. A commission-based arrangement may not be appropriate for customers who anticipate engaging in a higher level of trading activity, as substantially greater transaction costs may be incurred than compared to a fee-based commission structure.

The Firm will not be compensated based on assets under management for these accounts. The Firm will also not be compensated on the basis of a share of capital gains or on capital appreciated of the funds or any portion of the funds of the client.

Item 6 – Performance-Based Fees and Side-By-Side Management

We do not charge advisory fees based on the capital appreciation of the funds or securities in a client account (so-called performance-based fees). Our advisory fee compensation for each of our Programs is disclosed above in Item 5.

Item 7 – Types of Clients

We generally provide our services to the following types of Clients:

- Individuals, including high net worth individuals
- Trusts, estates and charitable organizations
- Corporations or other business entities
- Taft-Hartley plans, governmental plans, municipalities
- Not-for-profit entities
- Private equity firms (Consulting only)
- Outside investment platforms

The minimum account size we generally require to open or maintain an account is \$100,000. See Item 5 above for the minimum account sizes of each of our various Programs.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss Analysis

For a description of the methods of analysis and investment strategies of each of our Programs, see Item 4B above. These methods vary widely across the Firm and Managers. Security analysis methods include charting, fundamental, technical and cyclical analysis. Investment strategies used to implement advice given to clients may include long term purchases (securities held at least a year), short term purchases (securities sold within a year), trading (securities sold within 30 days), short sales, margin transactions and approved option writing.

Risk of Loss

All investments in securities include a risk of loss of your principal (invested amount) and any profits that have not been realized. Stock markets and bond markets fluctuate substantially over time. In addition, as recent global and domestic economic events have indicated, performance of any investment is not guaranteed. As a result, there is a risk of loss of the assets we manage that may be out of our control. We will do our very best in the management of your assets; however, we cannot guarantee any level of performance or that you will not experience a loss of your account assets.

Item 9 – Disciplinary Information

As a registered broker-dealer and investment advisor, we from time to time are subject to disciplinary actions from our regulators. Such disciplinary actions have historically been and are currently disclosed on our Forms BD and ADV Part 1. We disclose the following disciplinary events which occurred within the last ten (10) years which we believe may be material to you when evaluating us to initiate or continue a Client/Adviser relationship with us.

On January 6, 2010, the Commonwealth of Virginia, State Corporation Commission, initiated a regulatory action against S&S (Docket/Case Number #SEC-2009-00112). The Virginia State Corporation Commission's Division of Securities and Retail

Franchising alleged that S&S violated Commission Rules 21 VAC 5-20-260A and B, and 21 VAC 5-20-580A3 and A18 in connection with the marketing and sale of auction rate securities to Virginia residents. Prior to entering into this settlement with the Virginia State Corporation Commission, S&S offered to purchase, at par, auction rate securities ("ARS") from certain eligible customers ("Offer"). As part of the settlement, S&S undertook to: abide by the terms and conditions of its Offer; make up the difference paid to any eligible customers who sold ARS below par; reimburse eligible customers for expenses on ARS secured loans; and participate in FINRA's ARS Arbitration Program. Although S&S believed that it had meritorious defenses to the allegations, to avoid the uncertainty and expense of litigation, and without admitting or denying the allegations, S&S settled the matter. The Order was entered by the Virginia State Corporation Commission on January 6, 2010. On August 1, 2013, the Firm received a follow-up letter from the Division requesting additional reporting regarding matters that were covered in the January 6, 2010 settlement. On August 23, 2013, the Firm agreed to the Division's request for additional reporting.

On May 27, 2010, the Commonwealth of Virginia, State Corporate Commission (the "Commission"), initiated a regulatory action against S&S (Docket/Case Number #SEC-2010-00091). The Commission alleged that S&S violated Securities Rule 21 VAC 5-20-260 B for inadequate supervision in connection with a former registered representative's recommendation and sale of allegedly unsuitable securities to a customer. Without admitting or denying the allegations, and to avoid the cost and uncertainty of continued investigation by the Commission, S&S agreed to the entry of a settlement order, fully and finally resolving the matter with the Commission. The settlement order levied a fine of \$20,000 against S&S. S&S was also charged an additional \$5,000 in investigative charges. The settlement order was executed by the Commission on January 6, 2011. The \$20,000 fine and \$5,000 investigative charges were paid on December 31, 2010 and no portion of either was waived. A \$10,000 rescission offer to the customer was made on January 10, 2011. The registered representative who was the subject of the investigation is no longer employed by S&S.

On June 19, 2012, FINRA accepted a Letter of Acceptance, Waiver and Consent ("AWC") from Scott & Stringfellow, LLC ("S&S") (Case Number 20090195365). The allegations are as follows: During the period from January 2008 through June 2009 (the "Relevant Period"), S&S failed to establish and maintain a supervisory system, including written procedures, reasonably designed to achieve compliance with applicable NASD and/or FINRA rules in connection with the sale of leveraged, inverse, and inverse-leveraged Exchange-Traded Funds ("Non-Traditional ETFs"). Non-Traditional ETFs have certain risks that are not found in traditional ETFs, such as the risks associated with a daily reset, leverage and compounding. The performance of Non-Traditional ETFs over longer periods of time can differ significantly from the performance of their underlying index or benchmark, especially in volatile markets. Nonetheless, S&S supervised Non-Traditional ETFs the same way it supervised traditional ETFs. Thus, S&S failed to establish a reasonable supervisory system and written procedures to monitor the sale of Non-Traditional ETFs. S&S also failed to establish adequate formal training regarding Non-Traditional ETFs during the Relevant Period. In addition, certain S&S registered representatives did not have an adequate understanding of Non-Traditional ETFs before recommending these products to retail brokerage customers. Certain S&S registered representatives also made unsuitable recommendations of Non-Traditional ETFs to certain customers with the primary investment objectives of income or capital preservation. S&S consented, without admitting or denying the findings, to the imposition of the following sanctions in

the AWC, namely a censure and a fine in the amount of \$350,000. S&S paid the fine on June 27, 2012

On December 13, 2013, FINRA accepted a Letter of Acceptance, Waiver, and Consent ("AWC") from the Firm (Case Number #2012033723601). The allegations are as follows: During the period September 1, 2011 to December 28, 2011, the Firm effected sales of unregistered securities and that the Firm's AML programs failed to adequately address potential suspicious activity related to the unregistered securities. In addition, during the period August 23, 2010 to February 24, 2012, the Firm failed to maintain sufficient records of research analysts' public appearances, and that the Firm between 2002 and 2011 failed to consistently send change of address notices to clients. The Firm consented, without admitting or denying the findings, to the issuance of an AWC, a censure and a fine in the amount of \$300,000.

Item 10 – Other Financial Industry Activities and Affiliations

The Firm is a registered broker-dealer.

BB&T Investment Services, Inc., a FINRA member broker-dealer and a state registered investment adviser, is a wholly-owned subsidiary of Branch Banking & Trust Company. Branch Banking & Trust Company is owned by BB&T Corporation, a bank holding company.

The Firm is affiliated by common ownership with BB&T Institutional Investment Advisers, Inc., Sterling Capital Management LLC, and Stratton Management Company, which are subsidiaries of BB&T Corporation and are SEC-registered investment advisers.

BB&T Insurance Services, Inc. is a wholly-owned subsidiary of Branch Banking and Trust Company. P. J. Robb Variable Corporation, a FINRA member broker-dealer, is owned by Crump Life Insurance Services, Inc., a subsidiary of Branch Banking and Trust Company.

The Firm's affiliated advisers (BB&T Investment Services, Inc., Sterling Capital Management LLC, and BB&T Institutional Investment Advisers, Inc.) may manage limited partnerships or other private funds. A complete list of partnerships managed by these companies can be obtained by viewing each respective adviser's ADV Part I, Schedule D, Section 7.B. The Firm's customers are not solicited to invest in any of the affiliated companies' limited partnerships.

Valley Forge Asset Management, LLC is a FINRA member broker-dealer and an SEC registered Investment adviser. Valley Forge Asset Management is a wholly owned subsidiary of BB&T Corporation, a bank holding company.

Item 11 – Code of Ethics

We have adopted an Investment Advisory Code of Ethics based on the principle that all Investment Advisory Representatives have a fiduciary duty to place the interest of clients ahead of their own. This Code of Ethics is designed to (i) ensure we meet our fiduciary obligations to our Client, and (ii) foster and maintain a Culture of Compliance within our Firm. On an annual basis, all Investment Advisory Representatives are required to certify in writing that they are aware and will abide by the principles of the Code. We also

supplement the Code with annual training and on-going monitoring of investment advisory activity.

Our Code includes the following:

- Requirements related to the confidentiality of our Client;
- Policies relating to conflicts of interest;
- Prohibitions on:
 - Insider trading;
 - Use of proprietary information, and
 - Rumor mongering;
- Policies relating to employee and Firm transactions;

Our Code does not prohibit personal trading by employees or proprietary trading by our Firm. As you may imagine, as a professional investment adviser, we follow our own advice. As a result, we or our employees may purchase or sell the same or similar securities (or securities that are suitable for a Firm or employee or related account but not suitable for any client) at the same time that we place transactions for Client accounts.

On an annual basis, we require all Investment Advisory Representatives to re-certify to our Code. Individuals who are designated as "Access Persons" are required to make quarterly reports to Compliance of all securities transactions made in their covered accounts. By January 31st of each year Access Persons must also file an Annual Holdings Report.

Clients may request a complete copy of our Code by contacting us at the address or telephone number on the cover page of this Brochure; attn.: Chief Compliance Officer.

Item 12 – Brokerage Practices

1. Spectrum Investment Program

The Firm will perform no discretionary acts with respect to the account of a client for which it has acted in an investment advisory capacity only by assisting the client in selection of an independent investment adviser. For such clients, the Firm is appointed as primary broker for the execution of purchase and sale transactions as directed by the independent investment adviser managing the client's account. Accounts will be carried by the Firm who will serve as custodian and process trade executions. In the execution of such transactions, the Firm may act as agent or as principal. The independent investment adviser may choose to effect a securities transaction on behalf of an account through or with a broker or dealer other than the Firm. Such transactions will be effected (other than through the Firm) only when the independent investment adviser reasonably believes that such other broker or dealer may effect such transaction at a price, including any brokerage commission or dealer mark-up or mark-down, that is more favorable to the account than would otherwise be the case if the transaction were effected through the Firm.

2. CHOICE Portfolios

As a general matter, the Firm considers it appropriate to use its own execution services for the purchase and sale of securities involved in its CHOICE program.

Under CHOICE, the Firm effects securities transactions as agent or, where permitted by law, as principal for clients

but receives no additional brokerage execution compensation for the account. Clients authorize the Firm to effect brokerage transactions, including on a national exchange, as permitted by current provisions of Section 11(a) of the Securities Exchange Act of 1934, as amended, and the rules promulgated thereunder.

It is the Firm's practice, when feasible, to aggregate for execution as a single transaction orders for the purchase or sale of a particular security for the accounts of CHOICE (including employee, the Firm or affiliates' CHOICE accounts), in order to seek a lower commission or more advantageous net price. The benefit, if any, obtained as a result of such aggregation generally is allocated *pro rata* among the accounts of CHOICE.

3. Unified Managed Account Program ("UMAP")

As a general matter, the Firm considers it appropriate to use its own execution services for the purchase and sale of securities involved in its UMAP program. In no event will the Firm be obligated to execute any transaction which it believes would violate applicable state or federal law or regulations of any self-regulatory body of which it is a member at the time of the transaction. The Firm or Manager may direct transactions to another broker-dealer in its own discretion, including when legal execution obligations so require. Clients authorize the Firm or its affiliates to effect and execute brokerage transactions, including on a national exchange, as permitted by current provisions of Section 11(a) of the Securities Exchange Act of 1934 and the rules promulgated thereunder and any future amendments or changes to such statutes and rules.

The Firm will inform Clients when a new Account is opened, on an annual basis thereafter and on transaction confirmation slips, of payment for order flow practices (compensation received by placing orders through certain broker-dealers, exchanges, Nasdaq, or exchange members). To provide its Clients with the best execution price for their trades, orders placed through the Firm will be routed to primary exchanges and other market centers, including regional securities exchanges and dealers which make markets over-the-counter. In an effort to obtain the best execution price, the Firm may consider several factors, including price improvement opportunities (executions at prices superior to the then prevailing inside market on Nasdaq or national best bid or offer for listed securities), regardless of whether the Firm will receive cash or non-cash payments for routing order flow and reciprocal business arrangements. The Firm may receive remuneration for directing orders to particular broker-dealers or market centers for execution.

The Manager will act as a principal in transactions only if, prior to each such transaction, the Manager discloses in writing to Client the capacity in which it is acting and obtains Client's written consent before the execution of the transaction. Client hereby authorizes the Firm to act as a principal in transactions to the extent permitted by applicable law and subject to applicable restrictions.

In addition, there may be instances when the Firm or an affiliate or the Manager will have an opportunity to act as agent for both buyer and seller in a securities transaction. This is called an "agency cross transaction." Because the Firm or Manager would receive compensation from each

party to such an agency cross transaction, there is a potential conflict of interest. By signing the Client Agreement, Client is giving the Firm and Manager permission to do agency cross transactions for the Account when the Firm or the Manager considers them advisable. Client may revoke this consent at any time by notifying the Firm in writing.

It is Firm and Manager practice, when feasible, to aggregate for execution as a single transaction orders for the purchase or sale of a particular security for the Accounts of several Clients and, occasionally, our affiliates, in order to seek a lower commission or more advantageous net price. The benefit, if any, obtained as a result of such aggregation generally is allocated *pro-rata* among the Accounts of Clients and affiliates who participated in the aggregated transaction. The Firm and Manager allocate trades among Clients and affiliates in accordance with the Firm's written procedures.

4. Professional Management Program ("PMP")

As a general matter, the Firm considers it appropriate to use its own execution services for the purchase and sale of securities involved in its PMP services. On occasion, clients may designate, or legal requirements may indicate, the use of other brokers.

Under PMP, the Firm effects securities transactions as agent, or, where permitted by law, as principal for clients but receives no additional brokerage execution compensation for the account. Clients authorize the Firm to effect and execute brokerage transactions, including on a national exchange, as permitted by current provisions of Section 11(a) of the Securities Exchange Act of 1934, as amended, and the rules promulgated thereunder. PMP Financial Advisors also are authorized to purchase for their own account securities that are purchased for clients. It is the Firm's practice, when feasible, to aggregate for execution as a single transaction orders for the purchase or sale of a particular security for the accounts of several PMP clients, in order to seek a lower commission or more advantageous net price. The benefit, if any, obtained as a result of such aggregation generally is allocated *pro rata* among the accounts of clients which participated in the aggregated transaction.

5. S&S Advisor

The Firm will perform no discretionary acts with respect to the account of an S&S Advisor client. Consistent with its duty to the Client to seek and obtain best execution on securities transactions, most securities transactions will be effected with and through the Firm. Any principal and agency cross transactions will be effected through the Firm only to the extent and in the manner permitted by applicable law, rules and regulations. In any case, the Firm receives no additional brokerage execution compensation for the account. The Firm may aggregate contemporaneous purchase or sell orders for the same securities with orders of other customers in accordance with applicable legal and regulatory guidelines.

6. Additional Disclosures

Managers of fixed income portfolios have historically placed more trades through other broker-dealers than equity managers and as a result clients of these fixed income managers will pay more for execution to the extent their managers trade away and the total net price paid for bonds could exceed the net price the Firm might have obtained, acting as agent. A portion of the wrap fee compensates the Firm for custody, clearance and settlement activities that are undertaken by the Firm even where a manager chooses to place the trade through a broker-dealer other than the Firm. Clients should read the disclosures related to the Firm program in which they enroll and also the disclosures of their chosen Managers (particularly those disclosures regarding best execution, since those Managers are responsible for best execution and control brokerage selection on behalf of their clients).

Item 13 – Review of Accounts

1. Spectrum Investment Program

The Firm assists clients of other brokers in the selection of investment advisers that are suitable for the client's investment objectives. The Firm does not have discretionary authority over the assets in these accounts, and does not supervise such accounts on a daily basis. On a quarterly basis, the Financial Advisor reviews the investment adviser's performance using reports provided by the Firm and the investment adviser. At each quarterly review, the investment adviser's performance and adherence to the client's investment strategy are measured against objective criteria. The Financial Advisor typically meets with the client on a quarterly basis to review these results.

Those clients who have independent investment advisers have available a quarterly analysis of the portfolio from the Firm, and in some cases, the independent investment adviser as well. The Firm provided quarterly analysis provides the following for each security in the portfolio: details of investment earnings, performance tracking (for the quarter and since inception), and returns compared to appropriate benchmarks. Additional reports to clients provided by the Firm include account statements (itemizing all cash and securities transactions, dividends and interest received, all deposits and withdrawals of principal and income during the preceding calendar month), and statements of securities in custody listing securities held in the account.

Spectrum Investment Program clients have the option to receive individual trade confirmations from the Firm reflecting all securities transactions executed through the Firm. Clients may elect to receive or not to receive a confirmation for each securities transaction, which election may be rescinded at any time.

2. CHOICE Portfolios

For the CHOICE Wrap Fee Program, the client's investment objective and strategy are reviewed for approval and consistency with CHOICE guidelines for each particular portfolio when each CHOICE account is opened. The Firm is responsible for monitoring of the activity in their clients' fee-based accounts to ensure the respective advisory program is appropriate. The Firm's

Centralized Supervision Unit (CSU) group is responsible for the review of advisory accounts. The reviews are conducted through the Firm's trade surveillance program Protegent. The Financial Advisor for the account will meet with the client no less than annually to determine if the client's financial status has changed.

The Firm provides CHOICE clients with periodic reports of relevant activity. Each CHOICE Wrap Fee Program account will receive: (1) confirmation of each transaction in securities (except money market fund transactions); (2) monthly statements of account; and (3) annual summary of transactions and dividend and interest statements. At account inception CHOICE clients may elect not to receive a confirmation for each securities transaction, which election may be rescinded at any time.

3. Unified Managed Account Program ("UMAP")

For the Unified Managed Account Program (UMAP), the client's investment objective and strategy are reviewed for consistency with UMAP guidelines when each account is opened. On a regular basis, the Firm reviews the portfolio to ensure that the current allocation is within an acceptable range of the target allocation guidelines. The Firm will rebalance the portfolio if the current allocation deviates outside of the acceptable range of the target allocation. The Financial Advisor for the account will meet with the client no less than annually to determine if the client's financial status has changed which would result in changes to the client's portfolio or investment objectives, risk tolerance and time horizon. The client may at any time place restrictions on his/her account and may change investment objectives, risk tolerance and time horizon.

4. Professional Management Program ("PMP")

For the PMP account, a wrap fee program, the client's investment objective and strategy are reviewed for consistency with PMP guidelines when each PMP account is opened. The Firm and its advisors are responsible for the monitoring of the activity in their clients' fee-based accounts to ensure the respective advisory program is appropriate. The Firm's Centralized Supervision Unit (CSU) is responsible for the review of advisory accounts. Each month CSU will review a selected sample of advisory accounts which review includes, but is not limited to, suitability, trading volume, cash balance and overall performance. On a quarterly basis, the advisor will review the account's performance and adherence to the Client's investment strategy using the reports provided by the Firm. The advisor will meet with Clients on at least an annual basis.

The Firm provides PMP clients with periodic reports of relevant activity. Each PMP account receives: (1) confirmation of each transaction in securities (except money market mutual fund transactions); (2) monthly statements of account; and (3) annual summary of transactions and dividend and interest statements. PMP clients may elect not to receive a confirmation for each securities transaction, which election may be rescinded at any time.

5. S&S Advisor

The S&S Advisor account is a non-discretionary advisory account. Based on the client's investment needs and objectives, the Financial Advisor consults with the client in determining an investment strategy compatible to their objectives and needs and investments most compatible with the investment strategy chosen by the client. The Firm and its advisors are responsible for the monitoring of the activity in their clients' fee-based accounts to ensure the respective advisory program is appropriate. The Firm's Centralized Supervision Unit (CSU) is responsible for the review of advisory accounts. Each month CSU will review a selected sample of advisory accounts which review includes, but is not limited to, suitability, trading volume, cash balance and overall performance. On a quarterly basis, the advisor will review the account's performance and adherence to the Client's investment strategy using the reports provided by the Firm. The advisor will meet with Clients on at least an annual basis.

The Firm provides S&S Advisor clients with periodic reports of relevant activity. Each S&S Advisor account receives: (1) confirmation of each transaction in securities (except money market mutual fund transactions); (2) monthly statements of account; and (3) annual summary of transactions and dividend and interest statements.

Item 14 – Client Referrals and Other Compensation

Non-employee third-parties who are directly responsible for bringing a client to the Firm; such as accountants, may receive compensation from the Firm. Such agreements will comply with the requirements set out in Rule 206(4)-3 of the Investment Advisers Act of 1940, as amended, including the requirement that the relationship between the solicitor and the investment advisor be disclosed to the client at the time of the solicitation or referral. Referral fees are a percentage of the annual management fees earned by the Firm on referred accounts and represent no additional expenses to such accounts. The Client will be requested to acknowledge this arrangement prior to acceptance of the Clients' funds.

In certain cases, applicable state laws may require these third-parties to become either licensed as representatives of the Firm or as independent investment advisors.

Item 15 – Custody

The Firm may have custody of certain securities held by Client Accounts in our Programs. As part of its clearing function, the Firm is responsible for transmitting monthly account statements to Client Accounts.

On an exception only basis at the request of the client, a third party custodian other than the Firm may be used. For those clients choosing to use a third party custodian, they may be subject to additional custodial fees charged by and collected by their respective third party custodian. Those clients who use a third party custodian will be charged for custodian fees within the wrap program in addition to any fee assessed by their respective third party custodian.

Clients are encouraged to compare the account statement received from qualified custodians and the statements provided by the Firm. For tax and other purposes, the custodial statement is the official record of your account(s) and assets.

Item 16 – Investment Discretion

For a discussion of Investment Discretion within our Programs, see Items 4B and 12 above.

Item 17 – Voting Client Securities (i.e., Proxy Voting)

For UMAP and CHOICE accounts where the Firm votes proxies, clients may obtain a copy of the Firm's Proxy Voting Policies and Procedures which may be updated from time to time upon request by using the address or telephone number on the front page of this Brochure, Attn: Chief Compliance officer or contacting your Investment Advisor. In addition, Client will be provided information on how the proxies were voted by the manager upon request of the Investment Advisor.

Item 18 – Financial Information

The Firm does not charge or solicit pre-payment of fees by clients six months or more in advance. It will bill fees in advance each quarter. The Firm is not aware of any financial conditions or events which are reasonably likely to impair its ability to meet its contractual commitments to its clients.

Item 19 – Requirements for State-Registered Advisers

N/A
