This Brochure provides information about the qualifications and business practices of FirstPoint Financial, LLC (“FirstPoint”). If you have any questions about the contents of this Brochure, please contact us at (913) 647-9700. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority. FirstPoint is a registered investment adviser. Registration of an Investment Adviser does not imply any level of skill or training. The oral and written communications of an Adviser provide you with information through which you determine to hire or retain an Adviser.

Additional information about FirstPoint is also available via the SEC’s web site www.adviserinfo.sec.gov. The SEC’s web site also provides information about any persons affiliated with FirstPoint who are registered, or are required to be registered, as investment adviser representatives of FirstPoint.

Item 2 – Material Changes

The material changes from the March 2, 2015 brochure include: changes to ownership (Item 4), fees and compensation (Item 5), affiliations (Item 10), and brokerage practices (Item 12).

Pursuant to SEC Rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. We may provide other ongoing disclosure information about material changes, as necessary.

We will provide you with a new Brochure, if requested based on changes or new information, at any time, without charge. Currently, our Brochure may be requested by contacting us at (913) 647-9700 or compliance@mariner-holdings.com.

Item 4 – Advisory Business

FirstPoint Financial, LLC (“FirstPoint,” “we,” or “us”) is a limited liability company organized under the laws of Delaware since February 2015. The sole member is A+ Institutional Services, LLC. Montage Investments, LLC is the Manager. Montage Investments, LLC is the managing member of A+ Institutional Services, LLC and OpenAdvisor, LLC is a member. OpenAdvisor, LLC is wholly owned by managing member, Steven Lockshin. Montage Investments, LLC is wholly owned by Mariner Holdings, LLC, an independent financial services firm. The Bicknell Family Holding Company, LLC holds a controlling interest in Mariner Holdings. Martin Bicknell is the elected manager of the Bicknell Family Holding Company.

We provide investment management services to individuals, charitable organizations, corporations and other business entities. We offer our services on a fee basis based upon assets under management. Advisors at FirstPoint are restricted to providing services and charging fees bases in accordance with the descriptions detailed in this document. FirstPoint advisors are instructed to always consider the individual needs of each client when recommending our services.

Prior to engaging us, the client will be required to enter into one or more written agreements setting forth the terms, conditions, and objectives under which we shall render our services (the “Agreement”). Additionally, we may only implement our investment recommendations after a client has arranged for and furnished all information and authorizations regarding accounts with appropriate financial institutions. Our clients are advised to promptly notify us if there are ever any changes in their financial situation or investment objectives or if they wish to impose any reasonable restrictions upon our advisory services.

Our total assets under management as of July 7, 2015 were \$0.

Item 5 – Fees and Compensation

Our fees are subject to negotiation and all fee arrangements will comply with Section 205 of the Advisers Act.

The specific manner in which our fees are charged is established in the Agreement. We will generally bill our fees in advance on a quarterly basis based upon the value of assets under management on the last day of the previous quarter, as more fully described in the Agreement. The Agreement and/or the separate agreement with any financial institution(s) may authorize us to invoice the custodian for the advisory fee. The Agreement further authorizes the custodian to deduct the amount stated in the fee statement from one or more of the client's accounts in accordance with applicable custody rules. The financial institution(s) recommended by us have agreed to send a statement to the client, at least quarterly, indicating all amounts disbursed from the account, including the amount of management fees paid directly to us.

A client may make additions to and withdrawals from the account at any time, subject to our right to terminate an account. If assets are deposited into an account after the inception of a quarter that exceed \$100,000, the fee payable with respect to such assets will be prorated based on the number of days remaining in the quarter. A client may withdraw account assets on notice to us, subject to the usual and customary securities settlement procedures. For partial withdrawals in excess of \$100,000 within a billing period, we shall credit our unearned fee towards the next quarter's fee. However, we design our portfolios as long-term investments and asset withdrawals may impair the achievement of a client's investment objectives.

For the initial quarter of investment management services, the first quarter's fees shall be calculated on a *pro rata* basis. The Agreement between us and a client will continue in effect until terminated by either party pursuant to the terms of the Agreement. Our annual fee shall be prorated through the date of termination and any remaining balance shall be charged or refunded to the client, as appropriate, in a timely manner.

Additions may be in cash or securities, provided that we reserve the right to liquidate any transferred securities or decline to accept particular securities into a client's account. We may consult with our clients about the options and ramifications of transferring securities. However, clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

Our fees are generally exclusive of any brokerage commissions, transaction fees, and other related costs and expenses, which shall be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, third party investment managers and other third parties, such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees and other fees, which are disclosed in a fund's prospectus. Such charges, fees and commissions are generally exclusive of and in addition to our fee, and we shall not receive any portion of these commissions, fees, and costs. Advisory clients should note that

they always have the option to purchase investment products recommended by us through other brokers or agents that are not affiliated with us, but should an advisory client choose to purchase investment products through Montage Securities, both Montage Securities and our advisors may receive certain commissions, fees and costs outlined above.

In the event a client desires, the client can engage certain of our advisors that are separately Registered Representatives of Montage Securities to purchase investment-related products on a commission, rather than advisory basis. In the event the client chooses to purchase or sell investment products through Montage Securities, they will be charged brokerage commissions or other commissions to effect securities transactions or purchase investment-related products. The brokerage commissions charged by Montage Securities may be higher or lower than those charged by other broker-dealers. In addition, Montage Securities and their representatives may also receive additional ongoing 12b-1 fees or other trailing commission payments directly from a mutual fund company or product sponsor.

The recommendation to purchase commission products through Montage Securities presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received. No client is under any obligation to purchase any commission products through Montage Securities. In addition, clients may always purchase investment products recommended by FirstPoint through other non-affiliated broker-dealers.

Item 12 further describes the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

Certain representatives, in their individual capacities, are licensed as insurance agents and are compensated for the sale of insurance-related products.

Item 6 – Performance-Based Fees and Side-By-Side Management

We do not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client). If deemed appropriate for a particular client, we may recommend investments that charge performance-based fees.

Item 7 – Types of Clients

We generally provide investment advice to the following types of clients:

- Individuals
- Trusts, Estates or Charitable Organizations
- Corporations or business entities other than those listed above

We do not impose a minimum portfolio size or minimum annual fee. Certain Independent or Affiliated Investment Managers (hereafter referred to as “Managers”) may, however, impose more restrictive account requirements and varying billing practices from ours. In such instances, we may alter our corresponding account requirements and/or billing practices to accommodate those of the Manager(s).

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

We utilize a long term strategy when providing and implementing our advice. However, should a client's situation change or the basis for making an investment change, there may be occasions where we may utilize a short term strategy and securities are held less than one year.

We may recommend that clients authorize the active discretionary management of a portion of their assets by and/or among certain Manager(s), based upon the stated investment objectives of the client. When recommending or selecting a Manager for a client, we shall review information about the Manager(s), such as its disclosure statement and/or material supplied by the Manager(s) or independent third parties for a description of the Manager's investment strategies, past performance and risk results, to the extent available.

Investing in securities involves a risk of loss that you should be prepared to bear, including total loss of principal. Past performance is not necessarily indicative of future results, therefore, you should not assume that future performance of any specific investment or investment strategy will be profitable. We do not provide any representation or guarantee that your goals will be achieved. Depending on the different types of investments, there may be varying degrees of risk:

- **Market Risk** – Either the market, as a whole, or the value of an individual company, goes down, resulting in a decrease in the value of client investments.
- **Equity Risk** – Stocks are susceptible to fluctuations and to the volatile increases and decreases in value as their issuer's confidence in or perceptions of the market change. Investors holding common stock of any issuer are generally exposed to greater risk than if they hold preferred stock or debt obligations of the issuer.
- **Company Risk** – There is always a level of company or industry risk when investing in stock positions. This is referred to as unsystematic risk and can be reduced through appropriate diversification. There is the risk that a company may perform poorly or that its value may be reduced based on factors specific to it or its industry.
- **Options Risk** – Options on securities may be subject to greater fluctuations in value than investing in the underlying securities. Purchasing and writing put or call options are highly specialized activities and involve greater investment risk. Puts and calls are the right to sell or buy a specified amount of an underlying asset at a set price within a set time.
- **Fixed Income Risk** – Investing in bonds involves the risk that the issuer will default on the bond and be unable to make payments. In addition, individuals depending on set amounts of periodically paid income face the risk that inflation will erode their spending power. Fixed-income investors receive set, regular payments that face the same inflation risk.
- **ETF and Mutual Fund Risk** – ETF and mutual fund investments bear additional expenses based on a pro-rata share of operating expenses, including potential duplication of

management fees. The risk of owning an ETF or mutual fund generally reflects the risks of owning the underlying securities held by the ETF or mutual fund. Clients also incur brokerage costs when purchasing ETFs.

- **International Investing Risk** – International investing, especially in emerging markets, involves special risks, such as currency exchange and price fluctuations, as well as political and economic risks.
- **Alternative Investment Risk** – Alternative investments encompass a broad array of strategies, each with its own unique return and risk characteristics that must be considered on a case-specific basis.
- **Management Risk** – Investments also vary with the success and failure of the investment strategies, research, analysis and determination of portfolio securities. If our strategies do not produce the expected returns, the value of your investments will decrease.

Item 9 – Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of us or the integrity of our management. We have no information applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

We have relationships and arrangements that are material to our advisory business or to our clients with related persons that are an investment adviser, broker-dealer, or investment company.

Trust Company

We are under common control with Mariner Trust Company, LLC. Mariner Trust Company, LLC, is a state-chartered public trust company organized under the laws of South Dakota and serves to provide administrative trust services and other related services to customers of Mariner Trust Company, LLC.

Accounting Firm

We are under common control with Mariner Consulting, LLC, a Certified Public Accounting Firm, which offers accounting advice and tax preparation services located in the same place of business as FirstPoint. To the extent that a client requires accounting advice and/or tax preparation services, we, if requested, will recommend the services of a Certified Public Accountant, including the services of Mariner Consulting, all of which services shall be rendered independent of FirstPoint pursuant to a separate agreement between the client and the Certified Public Accountant, referral or otherwise. We shall not receive any of the fees charged by any recommended Certified Public Accountant, referral or otherwise.

Insurance Company or Agency

We are under common control with Mariner Insurance Resources, LLC; ERS Insurance, Inc.; and ERS Securas, LLC; duly licensed insurance agencies. Certain of our representatives, in their individual capacities, are licensed insurance agents with these companies and in such capacity may recommend on a fully disclosed basis the purchase of certain insurance-related products. These individuals are compensated for the sale of these insurance-related products.

The recommendation by a representative of FirstPoint that a client purchase an insurance commission product presents a conflict of interest, as the receipt of commission may provide an incentive to recommend investment products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from a representative of FirstPoint. Clients are reminded that they may purchase insurance products recommended by FirstPoint through other, non-affiliated insurance agents.

Real Estate Broker or Dealer

We are under common control with Mariner Real Estate Management, LLC. One of our affiliates, Ryan Anderson, is a licensed real estate broker and an indirect owner of Mariner Real Estate Management, LLC.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

We have adopted a code of ethics that sets forth the standards of conduct expected of our associated persons and requires compliance with applicable securities laws (“Code of Ethics”). In accordance with Section 204A of the Advisers Act, the Code of Ethics contains written policies reasonably designed to prevent the unlawful use of material non-public information by us or any of our associated persons. The Code of Ethics also requires that certain of our personnel (“access persons”) report their personal securities holdings and transactions and obtain pre-approval of certain investments, such as initial public offerings and limited offerings. Unless specifically permitted in our Code of Ethics, none of our access persons may effect for themselves or for their immediate family (i.e., spouse, minor children, and adults living in the same household as the access person) or beneficiaries any transactions in a security which is being actively purchased or sold, or is being considered for purchase or sale, on behalf of any of our clients.

When we are purchasing or considering for purchase any security on behalf of a client, no access person may themselves effect a transaction in that security prior to the completion of the purchase or until a decision has been made not to purchase such security. This does not include transactions for accounts that are executed as part of a block trade within a managed strategy. Similarly, when we are selling or considering the sale of any security on behalf of a client, no access person may effect a transaction in that security prior to the completion of the sale or until a decision has been made not to sell such security. These requirements are not applicable to: (i) direct obligations of the Government of the United States; (ii) money market instruments, bankers’ acceptances, bank certificates of deposit, commercial paper, repurchase agreements and other high quality short-term debt instruments, including repurchase agreements; (iii) shares issued by money market funds; (iv) shares issued by other mutual funds that are not advised or sub-advised by the firm or its affiliates; and (v) shares issued by unit investment trusts that are invested exclusively in one or more mutual funds, none of which are funds advised or sub-advised by the firm or its affiliates.

FirstPoint, from time to time, recommends to clients that they buy or sell securities in which employees or other related persons have a financial interest. These types of transactions present a conflict of interest in that employees or related persons might benefit from market activity by a client in a security held by an employee. In order to reasonably prevent conflicts of interest between FirstPoint and its clients, employee trading is monitored under the Code of Ethics.

We do not execute any principal or agency cross securities transactions for client accounts, nor do we execute cross trades between client accounts. Principal transactions are generally defined as transactions where an adviser, acting as principal for its own account or the account of an affiliated broker-dealer, buys from or sells any security to any advisory client. A principal transaction may also be deemed to have occurred if a security is crossed between an affiliated hedge fund and another client account. An agency cross transaction is generally defined as a transaction where a person acts as an investment adviser in relation to a transaction in which the

investment adviser, or any person controlled by or under common control with the investment adviser, acts as broker for both the advisory client and for another person on the other side of the transaction. Agency cross transactions may arise where an adviser is dually registered as a broker-dealer or has an affiliated broker-dealer.

No supervised person may trade, either personally or on behalf of others, while in the possession of material, nonpublic information, nor may any personnel of FirstPoint communicate material, nonpublic information to others in violation of the law. Furthermore, all access persons are required to submit information to the Chief Compliance Officer detailing all outside business activities. The Chief Compliance Officer will review and approve these activities on a case by case basis.

Our clients or prospective clients may request a copy of our Code of Ethics by contacting us at (913) 647-9700 or compliance@mariner-holdings.com.

Item 12 – Brokerage Practices

If the client requests us to arrange for the execution of securities brokerage transactions for the client's account, we shall direct such transactions through broker-dealers that we reasonably believe will provide best execution. Transactions may only be cleared through broker-dealers with whom FirstPoint and the Financial Institution(s) have entered into agreements for prime brokerage clearing services. We shall periodically and systematically review our policies and procedures regarding recommending broker-dealers to our clients in light of our duty to obtain best execution. As previously stated, certain FirstPoint advisors may also be Registered Representatives of Montage Securities. These Registered Representatives are restricted by certain FINRA rules and policies from maintaining client accounts at or executing client transactions in such client accounts through any broker/dealer or custodian that is not approved by their broker dealer. Therefore, trading platforms must be approved not only by FirstPoint, but also by Montage Securities. You should discuss these potential limitations with your advisor. Generally our advisors are restricted to those broker-dealers, as mentioned above, which have been approved by Montage Securities and with whom FirstPoint has entered into a prime brokerage relationship. It should be noted that not all Investment Advisers require their clients to use specific or particular broker-dealers or other custodians required by the Investment Adviser and/or affiliated broker dealer. The fees charged by other broker-dealers may be higher or lower than those charged by those broker/dealers or custodians that have been approved by the FirstPoint.

The client may direct us in writing to use a particular broker-dealer to execute some or all transactions for the client. In that case, the client will negotiate terms and arrangements for the account with that broker-dealer, and we will not seek better execution services or prices from other broker-dealers or be able to "batch" client transactions for execution through other broker-dealers with orders for other accounts managed by us (as described below). As a result, the client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case. Subject to our duty of best execution, we may decline a client's request to direct brokerage if, in our sole discretion, such directed brokerage arrangements would result in additional operational difficulties or violate restrictions imposed by other broker-dealers (as further discussed below).

Transactions for each client generally will be effected independently, unless we decide to purchase or sell the same securities for several clients at approximately the same time. We may (but are not obligated to) combine or "batch" such orders to obtain best execution, to negotiate more favorable commission rates, or to allocate equitably among our clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will generally be averaged as to price and allocated among our clients, pro rata, to the purchase and sale orders placed for each client on any given day. To the extent that we determine to aggregate client orders for the purchase or sale of securities, including securities in which our Advisory Affiliate(s) may invest, we shall generally do so in accordance with applicable rules promulgated under the Advisers Act and no-action guidance provided by the staff of the SEC. We shall not receive any additional compensation or remuneration as a result of the aggregation. In the event that we determine that a prorated allocation is not appropriate under the particular circumstances, the allocation will be

made based upon other relevant factors, which may include: (i) when only a small percentage of the order is executed, shares may be allocated to the account with the smallest order or the smallest position or to an account that is out of line with respect to security or sector weightings relative to other portfolios, with similar mandates; (ii) allocations may be given to one account when one account has limitations in its investment guidelines that prohibit it from purchasing other securities which are expected to produce similar investment results and can be purchased by other accounts; (iii) if an account reaches an investment guideline limit and cannot participate in an allocation, shares may be reallocated to other accounts (this may be due to unforeseen changes in an account's assets after an order is placed); (iv) with respect to sale allocations, allocations may be given to accounts low in cash; (v) in cases when a pro rata allocation of a potential execution would result in a *de minimis* allocation in one or more accounts, we may exclude the account(s) from the allocation; the transactions may be executed on a pro rata basis among the remaining accounts; or (vi) in cases where a small proportion of an order is executed in all accounts, shares may be allocated to one or more accounts on a random basis.

Consistent with obtaining best execution, brokerage transactions may be directed to certain broker-dealers in return for investment research products and/or services which assist us in our investment decision-making process. Such research generally will be used to service all of our clients, but brokerage commissions paid by one client may be used to pay for research that is not used in managing that client's portfolio. The receipt of investment research products and/or services, as well as the allocation of the benefit of such investment research products and/or services, poses a conflict of interest.

Item 13 – Review of Accounts

We monitor portfolios as part of an ongoing process, while regular account reviews are conducted on at least an annual basis. Such reviews are conducted by one of our wealth advisors. All investment advisory clients are encouraged to discuss their needs, goals, and objectives with us and to keep us informed of any changes thereto. We shall contact ongoing investment advisory clients at least annually to review our previous services and/or recommendations and to discuss the impact resulting from any changes in the client's financial situation and/or investment objectives.

Item 14 – Client Referrals and Other Compensation

We pay a referral fee to certain solicitors for the introduction of clients to the Firm in accordance with the requirements of Rule 206(4)-3 of the Advisers Act and any corresponding state securities law requirements. Any such referral fee shall be paid solely from our investment management fee and shall not result in any additional charge to the client. If the client is introduced to us by an unaffiliated solicitor, the client will be given, prior to or at the time of entering into any advisory contract, (1) a copy of our written disclosure statement which meets the requirements of Rule 204-3 of the Advisers Act, and (2) a copy of the solicitor's disclosure statement containing the terms and conditions of the solicitation arrangement, including compensation. Any affiliated solicitor of ours shall disclose the nature of his/her relationship to prospective clients at the time of the solicitation and will provide all prospective clients with a copy of our written disclosure statement at the time of the solicitation.

If we determine that it is appropriate based on the client's investment objectives, we will recommend affiliate investment advisers' services to manage a portion of a client's assets. These affiliate investment advisers charge fees in addition to and separate from the fees charged by FirstPoint. Clients are advised that a conflict of interest exists to the extent we recommend affiliate investment adviser services.

If we determine that it is appropriate based on the client's investment objectives and investor status, clients are solicited to invest in investment-related limited partnerships or limited liability companies for which one of our related persons serves as the general partner or manager. These limited partnerships or limited liability companies charge fees in addition to and separate from the fees charged by FirstPoint. Clients are advised that a conflict of interest exists to the extent we recommend these investments.

Item 15 – Custody

FirstPoint is deemed to have custody of client funds and securities under Rule 206(4)-2 due to its ability to debit fees directly from client accounts. Clients should receive at least quarterly statements from the broker dealer, bank or other qualified custodian that holds and maintains client's investment assets. We urge clients to carefully review such statements and compare such official custodial records to the account statements that we may provide to clients. Our statements may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

Item 16 – Investment Discretion

We usually receive discretionary authority from the client at the outset of an advisory relationship to select the identity and amount of securities to be bought or sold. In all cases, however, such discretion is to be exercised in a manner consistent with the stated investment objectives for the particular client account.

When selecting securities and determining amounts, we observe the investment policies, limitations and restrictions of the clients for which we advise.

Investment guidelines and restrictions must be provided to us in writing.

Item 17 – Voting Client Securities

We may vote proxies on behalf of our clients. When we do so, we will only cast proxy votes in a manner consistent with the best interest of our clients. Absent special circumstances, which are fully described in our Proxy Voting Policies and Procedures, all proxies will be voted consistent with guidelines established and described in our Proxy Voting Policies and Procedures, as they may be amended from time-to-time. At any time, clients may contact us to request information about how we voted proxies for that client's securities or to get a copy of our Proxy Voting Policies and Procedures.

A brief summary of our Proxy Voting Policies and Procedures is as follows:

- According to its Proxy Voting Procedures, FirstPoint's policy is to vote client shares primarily in conformity with Glass Lewis & Co. recommendations, in order to limit conflict of interest issues between FirstPoint and its clients. Glass Lewis & Co. is a neutral third party that issues recommendations based upon its own internal guidelines.
- FirstPoint may vote client shares inconsistent with Glass Lewis & Co. recommendations, if FirstPoint believes it is in the best interest of its clients. In such a case, FirstPoint will have to file a written disclosure detailing why it believes Glass Lewis & Co.'s recommendation was not in the client's best interest.
- FirstPoint votes client shares via ProxyEdge, an electronic voting platform provided by Broadridge Financial Solutions, Inc. ProxyEdge retains a record of proxy votes for each client.
- FirstPoint's Compliance Department will periodically review proxy votes to ensure consistency with its procedures and to determine that votes were cast in the client's best interest.
- In situations where there is a conflict of interest in the voting of proxies, due to business or personal relationships that FirstPoint maintains with persons having an interest in the outcome of certain votes, FirstPoint will take appropriate steps to ensure that our proxy voting decisions are made in the best interest of our clients.

Item 18 – Financial Information

Registered investment advisers are required in this Item to provide you with certain financial information or disclosures about our financial condition. We have no financial commitment that impairs our ability to meet contractual and fiduciary commitments to clients, and have not been the subject of a bankruptcy proceeding.
