Item 4 – Advisory Services

A. Firm Information

Coastal Capital Group, Inc. (“Coastal Capital” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a Corporation under the laws of the Commonwealth of Massachusetts. Principals and supervised persons of Coastal Capital have been providing advisory services since 2005 through LPL Financial LLC. In April 2015, Coastal Capital Group, Inc. was formed as a separate Corporation and became a registered investment advisor with the SEC. Coastal Capital is primarily owned by David A. Caruso (Founding Chairman / Managing Director) and James F. Horrocks (Managing Director). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Coastal Capital.

B. Advisory Services Offered

Coastal Capital offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses and their retirement plans (each referred to as a “Client”).

Investment Management Services

Coastal Capital provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and consulting services. Coastal Capital works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio allocation. Coastal Capital will then construct a portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks and bonds to meet the needs of its Clients.

Coastal Capital’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Coastal Capital will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Coastal Capital evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Coastal Capital may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Coastal Capital may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement, which may adversely affect the portfolio. Coastal Capital may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Coastal Capital will provide investment advisory services and portfolio management services and will not provide securities custodial or other administrative services. At no time will Coastal Capital accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client investment advisory agreement.

Financial Planning Services

Coastal Capital will typically provide a variety of financial planning services to individuals and families, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass

one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Coastal Capital may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

Retirement Plan Advisory Services

Coastal Capital serves as a 3(21) Fiduciary to retirement plans (each a "Plan") in support of the Plan Sponsor. Coastal Capital provides the following Plan Fiduciary Services pursuant to the terms of the Advisor's agreement with each Plan Sponsor:

- Vendor Analysis
- Employee Enrollment and Education Tracking
- Investment Policy Statement
- Investment Monitoring
- Performance Reports
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

Coastal Capital does not provide 3(38) discretionary investment advisory services on behalf of the Plan or Plan Sponsor.

Coastal Capital also provides communication and education services to the Plan and its Participants, pursuant to the terms of the Advisor's agreement with each Plan Sponsor:

- Direct employee contact by phone, e-mail or letter upon eligibility to promote enrollment
- Investment education
- Regular on-site advisor visits with staff for account updates and reviews
- Periodic company-wide employee survey of retirement plan understanding
- Customer satisfaction surveys
- Periodic employee group education opportunities

C. Client Account Management

Prior to engaging Coastal Capital to provide investment advisory services, each Client is required to enter into an investment advisory agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing Investment Policy – Coastal Capital, in connection with the Client, will develop the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.

- Asset Allocation – Coastal Capital will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Coastal Capital will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Coastal Capital will provide investment management and ongoing oversight of the Client's portfolio and overall account.

Advisory Persons of Coastal Capital are also registered representatives of LPL Financial LLC ("LPL"). In their separate capacity as registered representatives, Advisory Persons may earn commissions on investment products implemented through LPL. The Advisor will not charge a Client an ongoing investment advisory fee if a commission is earned on the investment. Please see Item 10 below.

D. Wrap Fee Programs

Coastal Capital may pay the securities transaction fees for Client accounts as part of its overall investment advisory fee (See Item 5 – Fees and Compensation). The inclusion of these securities transaction costs into the investment advisory fee is generally considered a "Wrap Fee Program". While traditional wrap fee programs often have a defined set of investment options and uniform trading practices, Coastal Capital customizes its investment advisory services for its Clients. Coastal Capital's Wrap Fee Program merely provides for these services under a single annualized fee. A copy of this Wrap Fee Program Brochure is attached as Appendix 1 to this Disclosure Brochure and should always accompany this complete Disclosure Brochure.

E. Assets Under Management

Coastal Capital is a newly established advisor. Assets under management shall be reported following the Advisor's December 31, 2015 fiscal year end. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign an investment advisory agreement that details the responsibilities of Coastal Capital and the Client.

A. Fees for Advisory Services

Investment Management Services

The Investment advisory fee is paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. The investment advisory fee is based on the market value of assets under management at the end of the prior calendar quarter based on the following schedule:

Assets Under Management	Annual Rate
Up to \$499,999	1.25%
\$500,000 to \$999,999	1.15%
\$1,000,000 to \$1,999,999	1.00%
\$2,000,000 to \$3,499,999	0.85%
\$3,500,000 to \$4,999,999	0.75%
Over \$5,000,000	Negotiable

The investment advisory fee in the first quarter of service is prorated from the inception date of the account to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. Certain Clients may have fee schedules that differ from the schedule above. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Coastal Capital will be independently valued by the designated Custodian. Coastal Capital will not have the authority or responsibility to value portfolio securities.

Financial Planning Services

Coastal Capital offers financial planning services at an hourly rate of \$250 per hour or on a fixed fee per engagement ranging from \$1,500 to \$10,000. Fee may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total hours and costs will be determined prior to establishing the advisory relationship. The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are based on the market value of assets in the Plan at the end of the prior calendar quarter. Fees are based on the following schedule:

Assets Under Management	Annual Rate
\$0 to \$3,500,000	0.500%
\$3,500,000 to \$5,000,000	0.400%
\$5,000,001 to \$7,500,000	0.300%
\$7,500,001 to \$10,000,000	0.250%
\$10,000,001 to \$15,000,000	0.225%
\$15,000,001 to \$20,000,000	0.200%
\$20,000,001 to \$35,000,000	0.175%
\$25,000,001 to \$50,000,000	0.150%
\$50,000,001 to \$75,000,000	0.125%
\$75,000,001 and Over	0.100%

Fees may be negotiable depending on the size and complexity of the Plan. Certain Clients may have fee schedules that differ from the schedule above.

B. Fee Billing

Investment Management Services

Investment advisory fees will be automatically deducted from the Client's account[s] by the Custodian. The Custodian, on behalf of the Advisor, calculates the amount of the fees to be deducted from the Client's account[s] at the respective quarter end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Coastal Capital at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients provide written authorization permitting Coastal Capital to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees are invoiced by the Advisor and are due upon receipt of the agreed upon deliverable.

Retirement Plan Advisory Services

Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Coastal Capital, in connection with investments made on behalf of the Client's account[s]. The Client may be responsible for custodial and securities transactions fees charged by the custodian and executing broker-dealer. Clients participating in the Coast Capital Wrap Fee Program will have these fees included in the investment advisory fee.

In addition, all fees paid to Coastal Capital for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account

reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Coastal Capital, but would not receive the services provided by Coastal Capital which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Coastal Capital to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management and Retirement Plan Advisory Services

Coastal Capital is compensated for its services in advance of the quarter in which advisory services are rendered. Clients may request to terminate their advisory agreement with Coastal Capital, in whole or in part, by providing advance written notice. The Client shall be responsible for advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid advisory fees from the effective date of termination to the end of the quarter. The Client's advisory agreement[s] with the Advisor is non-transferable without the Client's written approval.

Financial Planning Services

Either party may terminate a planning or consulting agreement at any time by providing written notice to the other party. In the event that a Client should wish to cancel the financial planning agreement under which any plan is being created, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate or the percentage completion for a fixed fee engagement. Upon termination, any unearned, prepaid fees will be returned to the Client within five (5) business days of cancellation.

E. Compensation for Sales of Securities

Coastal Capital does not buy or sell securities to generate commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above. As noted in Item 4, Advisory Persons of the Advisor are also registered representatives of LPL. In their separate capacity as registered representatives, Advisory Persons may earn commissions on investment products implemented through LPL. The Advisor will not charge a Client an ongoing investment advisory fee if a commission is earned on the investment. Please see Item 10 below.

Item 6 – Performance-Based Fees and Side-By-Side Management

Coastal Capital does not charge performance-based fees for its investment advisory services. The fees charged by Coastal Capital are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Coastal Capital does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Coastal Capital offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses and their retirement plans. The relative percentage of each type of Client is available on Coastal Capital's Form ADV Part 1. These percentages will change over time. Coastal Capital generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Coastal Capital primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Coastal Capital is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Coastal Capital generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Coastal Capital will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Coastal Capital may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Coastal Capital will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Coastal Capital or any of its employees. Coastal Capital and its advisory personnel value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov.

To review the firm information contained in Form ADV Part 1, select the option for "Investment Adviser Search", then selecting "Firm" and enter **186511** in the field labeled "Firm Name or CRD# or SEC#". This will provide access to Form ADV Parts 1 and 2. Item 11 of the Form ADV Part 1 lists legal and disciplinary disclosure questions.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

Advisory Persons of Coastal Capital are also registered representatives of LPL Financial LLC, a registered broker-dealer (CRD No. 6413), member FINRA, SIPC (herein "LPL"). In their separate capacity as registered representatives, Advisory Persons will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons of Coastal Capital. Neither Coastal Capital nor its Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in an Advisory Person's separate capacity

as a registered representative. Generally, recommendations made by Coastal Capital to its Clients are implemented by Advisory Persons in their role as investment advisor representatives of Coastal Capital and not in their role as registered representatives of LPL. As such, Clients of Coastal Capital only pay advisory fees as described above. In no circumstances will Coastal Capital earn an advisory fee and a commission on the same investment.

Insurance Agency Affiliations

Certain Advisory Persons of Coastal Capital are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from the Advisory Person's role with Coastal Capital. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Coastal Capital has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Coastal Capital. The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Coastal Capital and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Coastal Capital associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (978) 777-3116.

B. Personal Trading with Material Interest

Coastal Capital allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Coastal Capital does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Coastal Capital does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Coastal Capital allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, employees of Coastal Capital may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Coastal Capital requiring reporting of personal securities trades by its employees for review by the employee's supervisor or the CCO. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

In addition the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

D. Personal Trading at Same Time as Client

While Coastal Capital allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Coastal Capital, or any associated person of Coastal Capital, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Coastal Capital does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services or the administrator for defined contribution accounts. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Coastal Capital to direct trades to this custodian as agreed in the investment advisory agreement. Further, Coastal Capital does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Coastal Capital does not exercise discretion over the selection of the Custodian, the Advisor will typically recommend a Custodian to Clients for execution and/or custodial services. Coastal Capital typically recommends to Clients that they established their brokerage account[s] at LPL Financial, LLC ("LPL"), where the Advisor maintains an institutional relationship and its Advisory Persons are also registered representatives of LPL's broker-dealer (Please see Item 10). The Advisor may be limited in using other custodians as any custodian utilized by the Advisor must be approved by LPL. Coastal Capital also receives services from LPL that are described in Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **Coastal Capital does not participate in soft dollar programs sponsored or offered by any broker-dealer.**

2. Brokerage Referrals - Coastal Capital does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Coastal Capital will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the custodian, Coastal Capital will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. Coastal Capital will execute its transactions through an unaffiliated broker-dealer selected by the Client. Coastal Capital may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by a Managing Director and/or the Chief Compliance Officer of Coastal Capital. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Coastal Capital if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or custodian. These brokerage statements are sent directly from the custodian to the Client. The Client may also establish electronic access to the custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Coastal Capital

Coastal Capital does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Coastal Capital may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Coastal Capital may receive referrals of new Clients from a third-party.

Broker-Dealer Affiliation

Certain Advisory Persons of Coastal Capital are also registered representatives of LPL. In their separate capacity as registered representatives, Advisory Persons will receive commissions for the implementation of recommendations for commissionable transactions. Additional details are included in Item 10 above.

Insurance Agency Affiliations

Certain Advisory Persons of Coastal Capital are also licensed insurance professionals. Accredited Investment Fiduciary Analyst ("AIFA®")

The AIFA® mark is held by the Center for Fiduciary Studies, LLC, a Fiduciary360 (fi360) company. The professional designations awarded by fi360 demonstrate the focus on all the components of a comprehensive investment process, related fiduciary standards of care, and commitment to excellence. AIFA® designees undergo an initial training program, annual continuing education, and pledge to abide by the designation's code of ethics.

In response to a need for professional training to perform fiduciary assessments, fi360 introduced the Accredited Investment Fiduciary Analyst™ (AIFA®) designation in May 2006. Holders of the AIFA® mark successfully complete a specialized program on investment fiduciary standards of care and ISO assessment procedures, pass a comprehensive examination, and meet the designation's education and professional experience prerequisites. The AIFA® designees hold the knowledge necessary to understand and implement a prudent process for Investment Stewards, Investment Advisors, and Investment Managers and can perform fiduciary assessments to verify or certify an entity's conformity to CEFEX's Global Fiduciary Standard of Excellence.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
