Form ADV: Firm Brochure
December 2015**

Financial Advisors Network

1432 Edinger Avenue, Suite 200
Tustin, CA 92780

Firm Contact:
Devon Borje, Chief Compliance Officer

Firm Website Address:
www.financialadvisorsnetwork.net

This brochure provides information about the qualifications and business practices of Financial Advisors Network. If you have any questions about the contents of this brochure, please contact us by telephone at 866-526-7726 or email at devon@fanwmg.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about Financial Advisors Network also is available on the SEC's website at www.adviserinfo.sec.gov.

Please note that the use of the term "registered investment adviser" and description of Financial Advisors Network and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and our employees.

Item 2: Material Changes to Our Part 2A of Form ADV: Firm Brochure

Financial Advisors Network is required to advise you of any material changes to our Firm Brochure ("Brochure") from our last annual update, identify those changes on the cover page of our Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Brochure, and we must provide the date of the last annual update of our Brochure.

Please note that we do not have to provide this information to a client or prospective client who has not received a previous version of our brochure. Upon request, we shall furnish the entire Form ADV Part 2A - Firm Brochure, and/or Form ADV Part 2A - Appendix 1 - Wrap Fee Program Brochure to you free of charge.

Since our last annual amendment filing on 02/11/2014, we have the following material changes to disclose:

- 1) We now offer custodial services through Charles Schwab in addition to LPL Financial. These arrangements are further described in Item 12 and Item 14.
- 2) Our fee schedule for our Comprehensive Portfolio Management service has changed. Please see Item 5 for more information.
- 3) For clients who custody assets through Charles Schwab, we may execute fixed income transactions through another broker/dealer. This arrangement is further described in Item 5 and Item 12.

Item 4: Advisory Business

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. We specialize in the following types of services: Asset Management, Comprehensive Portfolio Management, Financial Planning & Consulting, Seminars, LPL Financial Sponsored Advisory services and SEI Programs.

A. Description of our advisory firm, including how long we have been in business and our principal owner(s)¹.

Our firm is a corporation formed in the State of California. Our firm has been in business as an investment adviser since 2011 and is owned as follows:

- Kamps 2002 Family Trust is the sole owner of Kamps Asset Management Planning, Inc. d.b.a. Kamps, Inc. Kamps, Inc. is one-hundred-percent owner of our firm Financial Advisors Network, Inc. d.b.a. Financial Advisors Network.

B. Description of the Types of Advisory Services We Offer.

(i) Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio on a regular basis and at least an annual basis and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

(ii) Comprehensive Portfolio Management:

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds ("ETFs"), mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once

¹ Please note that: (1) For purposes of this item, our principal owners include the persons we list as owning 25% or more of our firm on Schedule A of Part 1A of Form ADV (Ownership Codes C, D or E). (2) If we are a publicly held company without a 25% shareholder, we simply need to disclose that we are publicly held. (3) If an individual or company owns 25% or more of our firm through subsidiaries, we must identify the individual or parent company and intermediate subsidiaries. If we are a state-registered adviser, on Form ADV Part 2A Page 2, we must identify all intermediate subsidiaries. If we are an SEC-registered adviser, we must identify intermediate subsidiaries that are publicly held, but not other intermediate subsidiaries.

the relevant accounts are under our management, we review such accounts on a regular basis and at least an annual basis. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

(iii) Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Social Security Analytics, Investment Fee Analytics, Annuity Analytics,, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

(iv) Seminars:

Mr. Kamps is a licensed presenter of Financial Strategies for Successful Retirement (FSSR). FSSR is published by Emerald and Associates. Partners and members of Financial Advisors Network may present these course materials in these seminars.

(v) LPL Financial Sponsored Advisory Programs:

We may provide advisory services through certain programs sponsored by LPL Financial, LLC ("LPL"), a registered investment adviser and broker-dealer. Below is a brief description of each LPL advisory program available to us. For more information regarding the LPL programs, including more information on the advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the LPL Financial Form ADV Part 2 or applicable client agreement. LPL's applicable paperwork and client agreement shall not become effective until acceptance by us as evidenced by the signature of an authorized representative.

Optimum Market Portfolios Program (OMP)

OMP offers clients the ability to participate in a professionally managed asset allocation program using Optimum Funds Class I shares. Under OMP, client will authorize LPL on a discretionary basis to purchase and sell Optimum Funds pursuant to investment objectives chosen by the client. We will assist the client in determining the suitability of OMP for the client and assist the client in setting an appropriate investment objective. We will have discretion to select a mutual fund asset allocation portfolio designed by LPL consistent with the client's investment objective. LPL will have discretion to purchase and sell Optimum Funds pursuant to the portfolio selected for the client. LPL will also have authority to rebalance the account.

A minimum account value of \$15,000 is required for OMP.

Potential Conflicts of Interest

Transactions in LPL advisory program accounts are generally effected through LPL as the executing broker-dealer.

We receive compensation as a result of a client's participation in an LPL program. Depending on, among other things, the size of the account, changes in its value over time, the ability to negotiate fees or commissions, and the number of transactions, the amount of this compensation may be more or less than what we would receive if the client participated in other programs, whether through LPL or another sponsor, or paid separately for investment advice, brokerage and other services.

(vi) SEI Programs:

Our firm recommends that certain of our clients allocate investment assets among the various mutual fund asset allocation models, underlying mutual funds, and/or independent investment manager programs offered through SEI Investments Management Corp. ("SEI"). SEI is a global asset management company and sponsor of its own proprietary mutual funds. SEI Private Trust Company, an affiliate of SEI, serves as custodian for each SEI account, and provides each client with reporting services, including consolidated monthly statements, quarterly performance reports, and year-end tax reports. SEI enables investment advisers such as our firm to offer its clients mutual fund asset allocation models, underlying individual mutual funds, and investment management programs that are not otherwise available to the general public. As part of its overall investment management program, SEI offers quarterly rebalancing of each client's investment assets for the purpose of maintaining the assets in accordance with the client's previously designated percentage (%) asset allocations for the SEI account. Our firm shall not remove clients' account from SEI to another program without the client's consent.

(vii) Potential Tax Planning and Tax Preparation Benefits:

For our clients with at least \$500,000 in assets under our management and who have engaged (or plan to engage) our affiliated firm Kamps & Associates Accounting Services, LLC for tax planning and preparation services, our parent company Kamps, Inc. may pay for a portion of the client's tax planning and tax preparation fees up to the levels specified below. This service is provided as a courtesy, and may be altered or discontinued at our discretion.

Applies only to clients of Kamps & Associates Accounting Services, LLC:

Asset Under Management	Amount Paid By Us Toward Tax Planning	Amount Paid By Us Toward Tax Preparation
\$500,000 – \$1,000,000	\$100	\$350
\$1,000,000 – \$2,000,000	\$150	\$500
\$2,000,000 – \$4,000,000	\$200	\$1,000

We will pay for a portion of the client's tax planning fees and tax preparation fees to the extent such services are obtained through and pursuant to the regular fee schedule of Kamps & Associates Accounting Services, LLC. Kamps & Associates Accounting Services, LLC is affiliated with our firm through common ownership. Please see Item 10 of this Brochure for more information regarding the potential conflicts of interest this presents for our clients.

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of clients, whether clients may impose restrictions on investing in certain securities or types of securities.

(i) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing the following services offered by our firm: Asset Management and Comprehensive Portfolio Management. Additionally, we offer general investment advice to clients utilizing our firm's Financial Planning & Consulting services.

(ii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Asset Management and Comprehensive Portfolio Management.

D. Participation in Wrap Fee Programs.

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the "Wrap Fee Program Brochure") of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

E. Disclosure of the amount of client assets we manage on a discretionary basis and the amount of client assets we manage on a non-discretionary basis.

We manage² \$166,476,000 on a discretionary basis and \$0 on a non-discretionary basis as of December 31, 2014.

Item 5: Fees & Compensation

We are required to describe our brokerage, custody, fees, and fund expenses so you will know how much you are charged and by whom our advisory services are provided to you. Our fees are generally negotiable. In accordance with CCR Section 260.238(j), our firm hereby discloses that lower fees for comparable services may be available from other sources.

A. Description of how we are compensated for our advisory services provided to you.

(i) Asset Management:

<u>Assets Under Management</u>	<u>Annual Percentage of Assets Charge*</u>
Any Assets	Up to 2.00 %

*Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

(ii) Comprehensive Portfolio Management:

<u>Assets Under Management</u>	<u>Annual Percentage of Assets Charge*</u>
Any Assets	Up to 2.50 %

*Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

(iii) Financial Planning & Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fees are \$350 for financial advisors. Flat fees generally range from \$1,250 to \$3,500.

² Please note that our method for computing the amount of "client assets we manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute "client assets we manage," we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our "as of" date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

(iv) Seminars:

Mr. Kamps does not earn any fees or revenue from these seminars. Instead the attendees pay a \$59 fee to the particular college at which Mr. Kamps presents.

(v) LPL Financial Sponsored Advisory Programs:

Fees for LPL Advisory Programs

The account fee charged to the client for LPL advisory's OMP program is negotiable, subject to the following maximum account fees:

OMP	2.5%
-----	------

Account fees are payable quarterly in advance.

LPL serves as program sponsor, investment adviser and broker-dealer for LPL advisory programs. Our firm and LPL share the account fee and other fees associated with program accounts. Our firm's associated persons may also be registered representatives of LPL.

(vi) SEI Programs:

Complete details on the SEI fees and expenses, are disclosed in SEI's Form ADV Part 2A which will be given to all clients subscribing to this advisory service. The exact fee and/or fee schedule for each client will be disclosed in SEI's Client Agreement.

B. Description of whether we deduct fees from clients' assets or bill clients for fees incurred.

(i) Asset Management:

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms. We send our invoice directly to the custodian; and
- c) If we send a copy of our invoice to you, it will include a legend urging you to compare information provided in our statement with those from the qualified custodian.

*In rare cases, we will agree to directly bill clients.

(ii) Comprehensive Portfolio Management:

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms. We send our invoice directly to the custodian; and
- c) If we send a copy of our invoice to you, it will include a legend urging you to compare information provided in our statement with those from the qualified custodian.

*In rare cases, we will agree to directly bill clients.

(iii) Financial Planning & Consulting:

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

(iv) Seminars:

Mr. Kamps does not earn any fees or revenue from these seminars.

(v) LPL Financial Sponsored Advisory Programs:

For more information regarding the LPL programs, including more information on the advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the LPL Financial Form ADV Part 2 or applicable client agreement.

(vi) SEI Programs:

The advisory fee is payable quarterly in arrears. SEI calculates and deducts the advisory fee according to the SEI Client Agreement.

C. Description of any other types of fees or expenses clients may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Non-Wrap fee Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

For clients that use Charles Schwab & Co. as a custodian, to the extent a fixed income transaction is executed through a broker/dealer other than Schwab as described in Item 12 Brokerage Practices, the executing broker/dealer may charge a commission, markup/markdown, or other fee for the transaction. Any such charges will be reflected in the price of the security, and we do not receive any portion of these charges.

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

- D. We must disclose if client's advisory fees are due quarterly in advance. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

- E. Commissionable Securities Sales.

We sell securities for a commission. In order to sell securities for a commission, our supervised persons are registered representatives of LPL Financial, LLC, member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise:
 - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
 - b) when recommending commissionable mutual funds, explaining that "no-load" funds are available through our firm if the client wishes to become an investment advisory client.
- 2) In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not charge performance fees to our clients.

Item 7: Types of Clients & Account Requirements

We have, or will likely have, the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$250,000 for our Asset Management service. The minimum account balance may be negotiable in certain circumstances.

- LPL sponsored programs require a minimum account balance. Please see Item 4B(v).

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

A. Description of the methods of analysis and investment strategies we use in formulating investment advice or managing assets.

Methods of Analysis:

- Fundamental;
- Technical;
- Quantitative.

Our firm will utilize several disciplines of analysis. We will use technical analysis, which is the forecasting of prices through the study of past market data, as well as fundamental analysis which examines earnings, economic developments, industry competition dynamics, and the like. Technical analysis is frequently contrasted with fundamental analysis and each have limitations because of assumptions about the market. We enlist a more rational approach by utilizing both types of analyses. We unify our analyses under a quantitative framework, which includes the analysis of investment volatility and correlations, and is used for portfolio construction, risk management, and allocation decision making.

Investment Strategies we use:

- Core
- Value
- Momentum
- Income
- Real Return

The Core strategy is an index fund based strategy with minimal tracking error to our internal benchmark.

The Value strategy is a bottom-up fundamental strategy that seeks to capture the value anomaly in markets.

The Momentum strategy is a top-down technical strategy that seeks to capture the momentum anomaly in markets.

The Income strategy is a risk-managed portfolio designed to produce higher level of income.

The Real Return strategy is a risk-managed portfolio designed to counter rising rates and inflationary pressures.

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

- B. Our practices regarding cash balances in client accounts, including whether we invest cash balances for temporary purposes and, if so, how.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our Asset Management and Comprehensive Portfolio Management services, as applicable.

Item 9: Disciplinary Information

We have determined that our firm and management have nothing to disclose under the aforementioned standard.

Item 10: Other Financial Industry Activities & Affiliations

- A. Our firm or our management persons are registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer. The details are as follows:

Some of our advisory affiliates are registered representatives of LPL Financial, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. This presents a conflict of interest to the extent that the advisory affiliate recommends that a client invest in a security which results in a commission being paid to the advisory affiliate. Due to our registrations, LPL Financial is required under FINRA Rule 3040 to review personal securities transactions of our advisors by monitoring all client accounts managed by our firm. As a result of this relationship, LPL Financial may have access to certain confidential information (e.g., financial information, investment objectives, transactions and holdings) about our clients, even if client does not establish any account through LPL Financial. If you would like a copy of the LPL Financial privacy policy, please contact us.

A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn and may not necessarily be in the best interests of the client. To minimize the conflict we have established a Code of Ethics described in Section 11 of the Firm Brochure.

- B. Our firm or our management persons are registered, or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or an associated person of the foregoing entities. The details are as follows:

We have nothing to disclose in this regard.

- C. Description of any relationship or arrangement that is material to our advisory business or to our clients, that we or any of our management persons have with any related person³ listed below. We are required to identify the related person and if the relationship or arrangement creates a material conflict of interest with clients, describe the nature of the conflict and how we address it.

Our firm or our management persons have a material relationship with the following related person(s) as follows:

1. insurance company or agency

Certain of our firm's advisory affiliates, in their individual capacities, are also licensed insurance agents with various insurance companies, and in such capacity, may recommend, on a fully disclosed commission basis, the purchase of certain insurance products. While our firm does not sell such insurance products to our investment advisory clients, we permit our Advisory Affiliates, in their individual capacities as licensed insurance agents, to sell insurance products to our investment advisory clients. A conflict of interest exists to the extent that our firm recommends the purchase of insurance products where our firm's Advisory Affiliates receive insurance commissions or other additional compensation. Our clients are not obligated to use the various insurance agencies our Advisory Affiliates may recommend to purchase any insurance products. Clients of various insurance agencies may be solicited to use our firm for investment advisory services.

2. real estate broker or dealer

From time to time, Mr. Kamps will be involved in buying commercial real estate property. Mr. Kamps also has several rental properties from which he derives income. These activities account for approximately 2% of his time.

3. accountant or accounting firm

The parent company of our firm, Kamps, Inc., is 50% owner of Kamps & Associates Accounting Services, LLC, a CPA accounting practice. Mr. Kamps, the owner of Kamps, Inc., spends approximately 5% of his time on this activity.

As stated previously, for our clients with at least \$500,000 in assets under our management, our parent company Kamps, Inc. may pay for a portion of the client's tax planning fees and tax preparation fees up to certain specified levels to the extent such services are obtained through and pursuant to the regular fee schedule of Kamps & Associates Accounting Services, LLC. While this benefit is provided as a courtesy, and may be altered or discontinued at our discretion, it represents a conflict of interest in that our clients may be introduced to Kamps & Associates Accounting Services, LLC for tax services. As a result of this referral, Kamps & Associates Accounting Services, LLC may also refer clients to our firm. This cross marketing benefits our firm. In addition, Rod Kamps, as an owner of the accounting firm, may also benefit financially through receipt of profits of the accounting firm. These conflicts of interest

³ Our Related Persons are any advisory affiliates and any person that is under common control with our firm. Advisory Affiliate: Our advisory affiliates are (1) all of our officers, partners, or directors (or any person performing similar functions); (2) all persons directly or indirectly controlling or controlled by us; and (3) all of our current employees (other than employees performing only clerical, administrative, support or similar functions). Person: A natural person (an individual) or a company. A company includes any partnership, corporation, trust, limited liability company ("LLC"), limited liability partnership ("LLP"), sole proprietorship, or other organization.

are addressed by making clients aware of the conflicts through this disclosure. In addition, clients are advised that while they would not receive this benefit unless they engage Kamps & Associates Accounting Services, LLC for their tax planning or tax preparation needs, they are under no obligation to use this related firm.

- D. If we recommend or select other investment advisers for our clients and we receive compensation directly or indirectly from those advisers, or we have other business relationships with those advisers, we are required to describe these practices and discuss the conflicts of interest these practices create and how we address them.

We have determined we have nothing to disclose in this regard.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

- A. Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures with respect to transactions effected by our members, officers and employees for their personal accounts⁴.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

- B. If our firm or a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest (excluding an interest as a shareholder of an SEC-registered, open-end investment company), we must describe our practice and discuss the conflicts of interest it presents.

⁴ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

We have nothing to disclose in this regard.

- C. If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

- D. If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from trading in their personal or related accounts ahead of our clients' accounts, therefore preventing such persons from benefits from transactions placed on behalf of clients. If related persons' accounts are included in a block trade, related persons will never receive a better price than our clients.

Item 12: Brokerage Practices

- A. How We Select or Recommend Broker/Custodians.

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation
- Quality of services

With this in consideration, our firm recommends that clients establish custodial/brokerage accounts with LPL Financial LLC ("LPL"), Charles Schwab & Co. ("Schwab") or SEI Private Trust Company ("SEI"). LPL, Schwab and SEI offer services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions. LPL is the broker-dealer and investment adviser with which our representatives are also associated as registered representatives. SEI generally serves as custodian for SEI Program clients.

While we recommend that you use LPL, Schwab or SEI as custodian/broker, you will decide which of them to use and open your account by entering into an account agreement with the custodian/broker-dealer of your choice.

If you use Schwab as custodian/broker, we may choose to execute certain fixed income security transactions through another qualified custodian and executing broker/dealer consistent with our duty to seek to achieve best execution. The executing broker/dealer may charge a commission, markup/markdown, or other fees for the transaction. Any such charges will be reflected in the price of the security, and we do not receive any portion of the charges.

1. Research & Other Soft Dollar Benefits.

LPL, Schwab and SEI may make certain research and brokerage services available at no additional cost to our firm, all of which qualify for the safe harbor exemption defined in Section 28(e) of the Securities Exchange Act of 1934. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by LPL, Schwab or SEI may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by LPL, Schwab or SEI to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

We are required to specifically describe to our clients the types of products or services that we are acquiring and to permit them to evaluate possible conflicts of interest. Our description must be more detailed for products or services that do not qualify for the safe harbor in Section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution. Merely disclosing that we obtain various research reports and products is not specific enough. Our firm may receive other products and services that benefit us, but may not benefit our clients' accounts. These benefits may include national, regional or investment adviser specific educational events. Other potential benefits may include occasional business entertainment of personnel of our firm, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Some of these products and services assist our firm in managing and administering clients' accounts. These services may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance, and marketing.

While, as a fiduciary, our firm endeavors to act in its clients' best interests, our recommendation/requirement that clients maintain their assets in accounts at LPL, Schwab or SEI may be based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost, or quality of custody and brokerage services provided. This creates a potential conflict of interest since we may have an incentive to place client trades through broker-dealers that offer the aforementioned services and products. This interest conflicts with the clients' interest of obtaining the lowest commission rate (transaction/ticket charge) available.

Our firm must act in the best interest of the client in seeking the best price and execution for the client's securities transactions. We are not obliged to get the lowest possible commission as qualitative aspects are equally important. Research, execution capability, the commission rate charged, the broker-dealers financial responsibility, and responsiveness to the firm should also be considered. Higher commission rates are reasonable in order to obtain the products and services of a broker-dealer. Best execution may not be reached if a client directs brokerage and the client must forego any benefit that the firm's preferred broker-dealer offers. Under the RIA's compliance obligations, policies and procedures must be in place as a way to ensure that best execution is being reached on a consistent basis.

We will review our best execution responsibilities when directing brokerage to any broker-dealer (especially affiliated entities), determining commission discounts and disclosing the various conflicts of interest inherent in this direction. We will evaluate the quality and cost of services received from broker/dealers on a periodic and systematic basis. As part of the evaluations, our firm will consider the quality and cost of services available from alternative broker/dealers, market makers, and market centers.

We benefit from our relationships with LPL, Schwab and SEI. As discussed above, our advisory clients' brokerage transactions are executed through LPL, Schwab or SEI. Because our expenses would likely increase considerably without these relationships, they might be considered a "soft dollar" relationship. Under Section 28(e) of the Securities and Exchange Act of 1934, an investment adviser's use of client commission dollars to acquire research and brokerage products and services is not a breach of an investment adviser's fiduciary duty to clients – even if the brokerage commissions paid are higher than the lowest available as long as (among certain other requirements) the investment adviser determines that the commissions are reasonable compensation for both the brokerage services and the research acquired.

All soft dollar arrangements must be approved in writing by our Chief Compliance Officer and/or Rod Kamps. A record of all soft dollar arrangements will be maintained which contains sufficient details of the benefits received by our firm and clients along with any noted concerns about increased costs to our clients, should they exist, and how such concerns were alleviated. Our Chief Compliance Officer undertakes a review of parties which propose to pay our firm in soft dollars and analyzes a number of criteria. When deciding whether to approve or disapprove of a soft dollar relationship, the following criteria is reviewed: the broker-dealer's business reputation and financial position and our ability to consistently execute orders professionally and on a cost effective basis, provide prompt and accurate execution reports, prepare timely and accurate confirms, deliver securities or cash proceeds promptly and provide meaningful research services that are useful to us in investment decision-making or other desired and appropriate services. When testing for best execution, our Chief Compliance Officer will also review all our soft dollar relationships for appropriateness, benefits to our clients, etc.

2. Brokerage for Client Referrals.

Our firm does not direct client transactions to a particular broker-dealer in return for client referrals.

3. Directed Brokerage.

While we may recommend certain broker-dealers to clients, neither we nor any of our firm's related person have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates (transaction/ticket charges) at which such securities transactions are effected (see custodial fee structure).

We allow clients to direct brokerage. However, we may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

B. Trade Aggregation and Allocation.

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

A. Review of client accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

We review accounts on at least an annual basis for our clients subscribing to the following services: Asset Management and Comprehensive Portfolio Management. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors will conduct reviews.

Financial planning only clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

- B. Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

- C. Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We generally provide written reports to clients following a meeting which may take place on an annual or semi-annual basis. Verbal or written reports to clients take place on at least an annual basis when we contact clients who subscribe to the following services: Asset Management and Comprehensive Portfolio Management.

Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14: Client Referrals & Other Compensation

- A. If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

We will occasionally co-sponsor educational seminars or client events with certain professionals (lawyers, CPAs, lenders, etc.) for which we might be reimbursed for expenses. These business relationships may create a potential conflict of interest as we may recommend the services of such professionals to our advisory clients. We do not receive compensation for client referrals.

LPL:

We *may* receive from LPL or a mutual fund company, without cost and/or at a discount support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL as result of this arrangement. There is no commitment made by us to LPL or any other institution as a result of the above arrangement.

Schwab:

We receive an economic benefit from Schwab in the form of support products, services and portfolio management software it makes available to us and other independent investment advisors. These products and services assist us in managing and administering our client accounts. They include investment research, both Schwab's own and that of third parties. As such, our firm will utilize Schwab's OpenView Integrated Office portfolio management software, which may be used to provide services to some or all of our clients. Because of the costs associated with oversight of the accounts held at Schwab by LPL, there may be incentive for our firm to recommend that client assets are custodied with LPL. In order to address this conflict of interest, client assets will be custodied with the institution that best fits the management needs of the client.

- B. If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We do not pay referral fees to independent solicitors for the referral of clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Item 15: Custody

- A. If we have custody of client funds or securities and a qualified custodian as defined in SEC rule 206(4)-2 or similar state rules (for example, a broker-dealer or bank) and do not send account statements with respect to those funds or securities directly to our clients, we must disclose that we have custody and explain the risks that you will face because of this.

We do not have custody of client funds or securities. All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

Additional Information Regarding Custody:

Although most securities available in program accounts are custodied at LPL, Schwab or SEI, there are certain securities managed as part of the account that are held at third parties, and not at LPL, Schwab or SEI. For example, variable annuities, hedge funds and managed futures are often held directly with the investment sponsor. For those outside positions, client will receive confirmations and statements directly from the investment sponsor.

- B. If we have custody of client funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to our clients, we are required to explain that you will receive account statements from the broker-dealer, bank, or other qualified custodian and that you should carefully review those statements.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16: Investment Discretion

Our clients need to sign a discretionary investment advisory agreement with our firm for the management of their account.

Item 17: Voting Client Securities

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18: Financial Information

- A. If we require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We do not require nor do we solicit prepayment of more than \$1,200 in fees per client, six months or more in advance. Therefore we have not included a balance sheet for our most recent fiscal year.

- B. If we are an SEC-registered adviser and have discretionary authority or custody of client funds or securities, or we require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance, we must disclose any financial condition that is reasonably likely to impair our ability to meet contractual commitments to clients.

We have nothing to disclose in this regard.

- C. If we have been the subject of a bankruptcy petition at any time during the past ten years, we must disclose this fact, the date the petition was first brought, and the current status.

We have nothing to disclose in this regard.
