

ONE WEALTH ADVISORS, LLC

a Registered Investment Adviser

1145 Market Street, 6th Floor
San Francisco, CA 94103

(415) 729-1770

www.onewealth.net

This brochure provides information about the qualifications and business practices of One Wealth Advisors, LLC (hereinafter “One Wealth Advisors” or the “Firm”). If you have any questions about the contents of this brochure, please contact the Firm at this telephone number listed above. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission (SEC) or by any state securities authority. Additional information about the Firm is available on the SEC’s website at www.adviserinfo.sec.gov. The Firm is a registered investment adviser. Registration does not imply any level of skill or training.

Item 2. Material Changes

In this Item, One Wealth Advisors is required to discuss any material changes that have been made to the brochure since the last annual amendment. Each section of this brochure has materially changed since David Steele, Jonathan Steele, Alexander Schmitz and Kevin Cohen became the owners of the Firm.

Item 4. Advisory Business

One Wealth Advisors offers a variety of advisory services, which include financial planning, consulting, and investment management services. Prior to One Wealth Advisors rendering any of the foregoing advisory services, clients are required to enter into one or more written agreements with One Wealth Advisors setting forth the relevant terms and conditions of the advisory relationship (the “Advisory Agreement”).

One Wealth Advisors has been wholly owned by David Steele, Jonathan Steele, Alexander Schmitz and Kevin Cohen since September 2015. As of October 27, 2015, One Wealth Advisors had approximately \$270,000,000 assets under management, \$250,000,000 of which was managed on a discretionary basis and \$20,000,000 of which was managed on a non-discretionary basis.

While this brochure generally describes the business of One Wealth Advisors, certain sections also discuss the activities of its Supervised Persons, which refer to the Firm’s officers, partners, directors (or other persons occupying a similar status or performing similar functions), employees or any other person who provides investment advice on One Wealth Advisors’s behalf and is subject to the Firm’s supervision or control.

Financial Planning and Consulting Services

One Wealth Advisors offers clients a broad range of financial planning and consulting services. The Firm starts with an extensive review of a client’s family situation which includes assets and liabilities as well as estate, tax and insurance needs. The Firm then employs a risk tolerance and risk capacity-focused simulation to get a detailed cashflow analysis and proposed allocation. One Wealth Advisors employs some market views to come up with a proposed financial plan which includes an extensive “to-do” list for both the client and One Wealth Advisors. The to-do list is a living breathing list which is constantly revisited.

One Wealth Advisors’ financial planning and consulting services may include any or all of the following functions:

- Business Planning
- Budget and Cash Flow Analysis
- Trust and Estate Planning
- Asset Allocations
- Investment Consulting
- Insurance Planning
- Retirement Planning
- Small Business Consulting
- Charitable Giving
- Distribution Planning
- Tax Planning
- Concierge Services

While each of these services is available on a stand-alone basis, certain of them may also be rendered in conjunction with investment portfolio management as part of a comprehensive wealth management engagement (described in more detail below).

In performing these services, One Wealth Advisors is not required to verify any information received from the client or from the client's other professionals (e.g., attorneys, accountants, etc.) and is expressly authorized to rely on such information. One Wealth Advisors may recommend clients engage the Firm for additional related services and/or other professionals to implement its recommendations. Clients are advised that a conflict of interest exists if clients engage One Wealth Advisors or its affiliates to provide additional services for compensation. Clients retain absolute discretion over all decisions regarding implementation and are under no obligation to act upon any of the recommendations made by One Wealth Advisors under a financial planning or consulting engagement. Clients are advised that it remains their responsibility to promptly notify the Firm of any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising One Wealth Advisors's recommendations and/or services.

Investment and Wealth Management Services

One Wealth Advisors manages client investment portfolios on a discretionary basis. In addition, One Wealth Advisors may provide clients with wealth management services which generally/may include a broad range of comprehensive financial planning and consulting services as well as discretionary management of investment portfolios.

One Wealth Advisors primarily allocates client assets among various mutual funds, exchange-traded funds ("ETFs"), and independent investment managers ("Independent Managers") in accordance with their stated investment objectives.

Where appropriate, the Firm may also provide advice about any type of legacy position or other investment held in client portfolios. Clients may engage One Wealth Advisors to manage and/or advise on certain investment products that are not maintained at their primary custodian, such as variable life insurance and annuity contracts and assets held in employer sponsored retirement plans and qualified tuition plans (i.e., 529 plans). In these situations, One Wealth Advisors directs or recommends the allocation of client assets among the various investment options available with the product. These assets are generally maintained at the underwriting insurance company or the custodian designated by the product's provider.

One Wealth Advisors tailors its advisory services to meet the needs of its individual clients and seeks to ensure, on a continuous basis, that client portfolios are managed in a manner consistent with those needs and objectives. One Wealth Advisors consults with clients on an initial and ongoing basis to assess their specific risk tolerance, time horizon, liquidity constraints and other related factors relevant to the management of their portfolios. Clients are advised to promptly notify One Wealth Advisors if there are

changes in their financial situation or if they wish to place any limitations on the management of their portfolios. Clients may impose reasonable restrictions or mandates on the management of their accounts if One Wealth Advisors determines, in its sole discretion, the conditions would not materially impact the performance of a management strategy or prove overly burdensome to the Firm's management efforts.

Retirement Plan Consulting Services

One Wealth Advisors provides various consulting services to qualified employee benefit plans and their fiduciaries. This suite of institutional services is designed to assist plan sponsors in structuring, managing and optimizing their corporate retirement plans. Each engagement is individually negotiated and customized, and may include any or all of the following services:

- Plan Design and Strategy
- Plan Review and Evaluation
- Executive Planning & Benefits
- Investment Selection
- Plan Fee and Cost Analysis
- Plan Committee Consultation
- Fiduciary and Compliance
- Participant Education

As disclosed in the Advisory Agreement, certain of the foregoing services are provided by One Wealth Advisors as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), each plan sponsor is provided with a written description of One Wealth Advisors's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Firm reasonably expects under the engagement.

Use of Independent Managers

As mentioned above, One Wealth Advisors may select certain Independent Managers to actively manage a portion of its clients' assets. The specific terms and conditions under which a client engages an Independent Manager may be set forth in a separate written agreement with the designated Independent Manager. In addition to this brochure, clients may also receive the written disclosure documents of the respective Independent Managers engaged to manage their assets.

One Wealth Advisors evaluates a variety of information about Independent Managers, which may include the Independent Managers' public disclosure documents, materials supplied by the Independent Managers themselves and other third-party analyses it believes are reputable. To the extent possible, the Firm seeks to assess the Independent Managers' investment strategies, past performance and risk results in relation to its clients' individual portfolio allocations and risk exposure. One Wealth Advisors also takes into consideration each Independent Manager's management style, returns, reputation, financial strength, reporting, pricing and research capabilities, among other factors.

One Wealth Advisors continues to provide services relative to the discretionary selection of the Independent Managers. On an ongoing basis, the Firm monitors the performance of those accounts being managed by Independent Managers. One Wealth Advisors seeks to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests.

Item 5. Fees and Compensation

One Wealth Advisors offers services on a fee basis, which may include fixed fees, as well as fees based upon assets under management or advisement. Additionally, the Firm and/or its Supervised Persons, in their individual capacities, may offer insurance products under a separate commission-based arrangement.

Financial Planning and Consulting Fees

One Wealth Advisors generally charges a fixed fee for providing financial planning and consulting services under a stand-alone engagement. These fees are negotiable, but generally range from \$1,000 to \$50,000, depending upon the scope and complexity of the services and the professional rendering the financial planning and/or the consulting services. The Firm may also make alternative compensation arrangements with certain clients which may include taking an interest in the client's company or other equity positions. If the client engages the Firm for additional investment advisory services, One Wealth Advisors may offset all or a portion of its fees for those services based upon the amount paid for the financial planning and/or consulting services.

The terms and conditions of the financial planning and/or consulting engagement are set forth in the Advisory Agreement and One Wealth Advisors generally requires one-half of the fee (estimated hourly or fixed) payable upon execution of the Advisory Agreement. The outstanding balance is generally due upon delivery of the financial plan or completion of the agreed upon services. The Firm does not, however, take receipt of \$1,200 or more in prepaid fees in excess of six months in advance of services rendered.

Investment Management Fees

One Wealth Advisors offers investment management services for an annual fee based on the amount of assets under the Firm's management. This management fee generally varies between 50 and 200 basis points (0.50% – 2.00%) in accordance with the below tiered fee schedule. The specific fee levels will depend upon the composition of a client's portfolio and the type of services rendered.

<u>PORTFOLIO VALUE</u>	<u>BASE FEE</u>
Up to \$500,000	0.75% – 2.00%
Next \$500,000	0.70% – 1.75%
Next \$1,000,000	0.65% – 1.50%
Next \$3,000,000	0.60% - 1.25%
Next \$5,000,000	0.50% - 1.00%
Above \$10,000,000	Negotiable

The annual fee is prorated and charged quarterly, in advance, based upon the market value of the assets being managed by One Wealth Advisors on the last day of the previous billing period.

If assets in excess of \$10,000 are deposited into or withdrawn from an account after the inception of a billing period, the fee payable with respect to such assets is adjusted to reflect the interim change in portfolio value. For the initial period of an engagement, the fee is calculated on a *pro rata* basis. In the event the advisory agreement is terminated, the fee for the final billing period is prorated through the effective date of the termination and the outstanding or unearned portion of the fee is charged or refunded to the client, as appropriate.

Additionally, for asset management services the Firm provides with respect to certain client holdings (e.g., held-away assets, accommodation accounts, alternative investments, etc.), One Wealth Advisors may negotiate a fee rate that differs from the range set forth above.

Retirement Plan Consulting Fees

One Wealth Advisors generally charges as fixed project-based fee to provide clients with retirement plan consulting services. Each engagement is individually negotiated and tailored to accommodate the needs of the individual plan sponsor, as memorialized in the Agreement. These fees vary, based on the scope of the services to be rendered, and may range up to \$20,000 per annum for highly complex and involved engagements.

Fee Discretion

One Wealth Advisors may, in its sole discretion, negotiate to charge a lesser fee based upon certain criteria, such as anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, pre-existing/legacy client relationship, account retention and pro bono activities.

Additional Fees and Expenses

In addition to the advisory fees paid to One Wealth Advisors, clients may also incur certain charges imposed by other third parties, such as broker-dealers, custodians, trust companies, banks and other financial institutions (collectively “Financial Institutions”). These additional charges may include securities brokerage commissions, transaction fees, custodial fees, fees charged by the Independent Managers, margin costs, charges imposed directly by a mutual fund or ETF in a client’s account, as disclosed in the fund’s prospectus (*e.g.*, fund management fees and other fund expenses), deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. The Firm’s brokerage practices are described at length in Item 12, below.

Direct Fee Debit

Clients generally provide One Wealth Advisors and/or certain Independent Managers with the authority to directly debit their accounts for payment of the investment advisory fees. The Financial Institutions that act as the qualified custodian for client accounts, from which the Firm retains the authority to directly deduct fees, have agreed to send statements to clients not less than quarterly detailing all account transactions, including any amounts paid to One Wealth Advisors.

Account Additions and Withdrawals

Clients may make additions to and withdrawals from their account at any time, subject to One Wealth Advisors’s right to terminate an account. Additions may be in cash or securities provided that the Firm reserves the right to liquidate any transferred securities or declines to accept particular securities into a client’s account. Clients may withdraw account assets on notice to One Wealth Advisors, subject to the usual and customary securities settlement procedures. However, the Firm generally designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a client’s investment objectives. One Wealth Advisors may consult with its clients about the options and implications of transferring securities. Clients are advised that when transferred securities are liquidated, they may be subject to transaction fees, short-term redemption fees, fees assessed at the mutual fund level (*e.g.*, contingent deferred sales charges) and/or tax ramifications.

Item 6. Performance-Based Fees and Side-by-Side Management

One Wealth Advisors does not provide any services for a performance-based fee (*i.e.*, a fee based on a share of capital gains or capital appreciation of a client’s assets).

Item 7. Types of Clients

One Wealth Advisors offers services to individuals, trusts, estates, charitable organizations, corporations and business entities.

Minimum Account Requirements

One Wealth Advisors does not impose a stated minimum fee or minimum portfolio value for starting and maintaining an investment management relationship. Certain Independent Managers may, however, impose more restrictive account requirements and billing practices from the Firm. In these instances, One Wealth Advisors may alter its corresponding account requirements and/or billing practices to accommodate those of the Independent Managers.

Item 8. Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Financial Planning Process

One Wealth Advisors goes through the following process when providing financial planning services to clients:

1. Develop a personal understanding of client's goals and objectives – often requires spending time obtaining and reviewing information regarding all of the client's personal & financial affairs.
2. Conduct a balance sheet analysis of both assets and liabilities.
3. Determine where is client currently in their Earnings Life Cycle.
4. Revisit goals and objectives as well as any life changes, at a minimum annually.
5. Maintain a dialogue with clients' disparate advisors.

Investment Process

One Wealth Advisors utilized the following steps when providing investment management services to clients:

1. Develop a Strategic Allocation: Strategic allocation is defined as the allocation that will be the primary driver of risk and return in a client investment portfolio over time.

- a. Identify a Client's Risk Tolerance.
 - b. Review Client's Risk Capacity.
 - c. Identify a risk return objective for the client's strategic allocation.
 - d. Identify any constraints (screen out positions/industries).
 - e. Develop time horizon.
2. Tactical tilts to the strategic allocation:
 - a. +/- 20% per asset class (Stocks, Bonds, Real Estate, Cash and Commodities), depending on client circumstance.
 - b. Sub-asset classes/style reviewed opportunistically.
 - c. Review Global Opportunities per asset class.
 - i. Attempt to determine over and undervalued regions.
 - ii. Overlay regional data per asset class.
 - d. Over/underweight investment areas.
 - i. Generally passive management in more efficient asset classes.
3. Identify active or passive implementation that seems most suitable for clients' objectives and risk.
 - a. Active for those clients who are generally willing to take more risk away from strategic allocation.
 - i. Choose active managers either through separate account managers or mutual funds. Leverage third party research and overlay our own knowledge and understanding of the managers.
 - b. Choose passive for those clients we agree need to maintain a close resemblance of their strategic allocation, primarily through indexing.
 - c. Choose taxable or tax exempt investments based on the client's needs and situation.
4. Review strategic allocation and revisit its scope versus client's goals and objectives and whether they have changed.
 - a. Review periodic performance and volatility relative to original expectations.
 - b. Review cash flow inputs versus original expectations.
 - c. Rebalance annually or more frequently to bring portfolio back to target or revised strategic plan.

Risk of Loss

Market Risks

Investing involves risk, including the potential loss of principal, and all investors should be guided accordingly. The profitability of a significant portion of One Wealth Advisors's recommendations and/or investment decisions may depend to a great extent upon correctly assessing the future course of price

movements of stocks, bonds and other asset classes. There can be no assurance that One Wealth Advisors will be able to predict those price movements accurately or capitalize on any such assumptions.

Mutual Funds and ETFs

An investment in a mutual fund or ETF involves risk, including the loss of principal. Mutual fund and ETF shareholders are necessarily subject to the risks stemming from the individual issuers of the fund's underlying portfolio securities. Such shareholders are also liable for taxes on any fund-level capital gains, as mutual funds and ETFs are required by law to distribute capital gains in the event they sell securities for a profit that cannot be offset by a corresponding loss.

Shares of mutual funds are generally distributed and redeemed on an ongoing basis by the fund itself or a broker acting on its behalf. The trading price at which a share is transacted is equal to a fund's stated daily per share net asset value ("NAV"), plus any shareholders fees (e.g., sales loads, purchase fees, redemption fees). The per share NAV of a mutual fund is calculated at the end of each business day, although the actual NAV fluctuates with intraday changes to the market value of the fund's holdings. The trading prices of a mutual fund's shares may differ significantly from the NAV during periods of market volatility, which may, among other factors, lead to the mutual fund's shares trading at a premium or discount to actual NAV.

Shares of ETFs are listed on securities exchanges and transacted at negotiated prices in the secondary market. Generally, ETF shares trade at or near their most recent NAV, which is generally calculated at least once daily for indexed based ETFs and potentially more frequently for actively managed ETFs. However, certain inefficiencies may cause the shares to trade at a premium or discount to their pro rata NAV. There is also no guarantee that an active secondary market for such shares will develop or continue to exist. Generally, an ETF only redeems shares when aggregated as creation units (usually 20,000 shares or more). Therefore, if a liquid secondary market ceases to exist for shares of a particular ETF, a shareholder may have no way to dispose of such shares.

Use of Independent Managers

As stated above, One Wealth Advisors may select certain Independent Managers to manage a portion of its clients' assets. In these situations, One Wealth Advisors continues to conduct ongoing due diligence of such managers, but such recommendations rely to a great extent on the Independent Managers' ability to successfully implement their investment strategies. In addition, One Wealth Advisors generally may not have the ability to supervise the Independent Managers on a day-to-day basis.

Item 9. Disciplinary Information

One Wealth Advisors has not been involved in any legal or disciplinary events that are material to a client's evaluation of its advisory business or the integrity of its management.

Item 10. Other Financial Industry Activities and Affiliations

This item requires investment advisers to disclose certain financial industry activities and affiliations. The Firm does not have any other financial industry activities or affiliations that need to be disclosed.

Licensed Insurance Agency

One Wealth Advisors may become a licensed insurance agency. Additionally, a number of the Firm's Supervised Persons are licensed insurance agents and may offer certain insurance products on a fully-disclosed commissionable basis. A conflict of interest exists to the extent that One Wealth Advisors recommends the purchase of insurance products where its Supervised Persons may be entitled to insurance commissions or other additional compensation. The Firm has procedures in place whereby it seeks to ensure that all recommendations are made in its clients' best interest regardless of any such affiliations.

Relationship with Dynasty Financial Partners, LLC

One Wealth Advisors maintains a business relationship with Dynasty Financial Partners, LLC ("Dynasty"), which provides the Firm with operational and back office support including access to a network of service providers. Through the Dynasty network of service providers, One Wealth Advisors has access to trading technology, transition support, reporting, custody, brokerage, investments, compliance and other related services. The Firm may also engage and/or recommend Dynasty's subsidiary, Dynasty Wealth Management LLC, a registered investment adviser, to clients for certain outsourced investment services, such as separate account management, asset allocation strategies and externally managed investment programs. While One Wealth Advisors believes this open architecture structure for both operational and investment services best serves the interests of its advisory clients, this relationship may potentially present certain conflicts of interest due to the fact that Dynasty retains a portion of the platform or other third party fees paid by the Firm or clients for the services referenced above. In light of the foregoing, One Wealth Advisors seeks at all times to ensure that any material conflicts are addressed on a fully-disclosed basis and handled in a manner that is aligned with its clients' best interests. One Wealth Advisors does not receive any portion of the fees paid directly to Dynasty, its affiliates or the service providers made available through Dynasty's platform. In addition, the Firm reviews all such relationships, including the service providers engaged through Dynasty, on an ongoing basis in an effort to ensure clients are receiving competitive rates in relation to the quality and scope of the services provided.

Item 11. Code of Ethics

One Wealth Advisors has adopted a code of ethics in compliance with applicable securities laws (“Code of Ethics”) that sets forth the standards of conduct expected of its Supervised Persons. One Wealth Advisors’s Code of Ethics contains written policies reasonably designed to prevent certain unlawful practices such as the use of material non-public information by the Firm or any of its Supervised Persons and the trading by the same of securities ahead of clients in order to take advantage of pending orders.

The Code of Ethics also requires certain of One Wealth Advisors’s personnel to report their personal securities holdings and transactions and obtain pre-approval of certain investments (*e.g.*, initial public offerings, limited offerings). However, the Firm’s Supervised Persons are permitted to buy or sell securities that it also recommends to clients if done in a fair and equitable manner that is consistent with the Firm’s policies and procedures. This Code of Ethics has been established recognizing that some securities trade in sufficiently broad markets to permit transactions by certain personnel to be completed without any appreciable impact on the markets of such securities. Therefore, under limited circumstances, exceptions may be made to the policies stated below.

When the Firm is engaging in or considering a transaction in any security on behalf of a client, no Supervised Person will access to this information may knowingly effect for themselves or for their immediate family (*i.e.*, spouse, minor children and adults living in the same household) a transaction in that security unless:

- the transaction has been completed;
- the transaction for the Supervised Person is completed as part of a batch trade with clients; or
- a decision has been made not to engage in the transaction for the client.

These requirements are not applicable to: (i) direct obligations of the Government of the United States; (ii) money market instruments, bankers’ acceptances, bank certificates of deposit, commercial paper, repurchase agreements and other high quality short-term debt instruments, including repurchase agreements; (iii) shares issued by mutual funds or money market funds; and (iv) shares issued by unit investment trusts that are invested exclusively in one or more mutual funds.

Clients and prospective clients may contact One Wealth Advisors to request a copy of its Code of Ethics.

Item 12. Brokerage Practices

Recommendation of Broker/Dealers for Client Transactions

One Wealth Advisors generally recommends that clients utilize the custody, brokerage and clearing services of Fidelity Institutional Wealth Services (“Fidelity”) for investment management accounts. Factors which One Wealth Advisors considers in recommending Fidelity or any other broker-dealer to clients include their respective financial strength, reputation, execution, pricing, research and service. Fidelity may enable the Firm to obtain many mutual funds without transaction charges and other securities at nominal transaction charges. The commissions and/or transaction fees charged by Fidelity may be higher or lower than those charged by other Financial Institutions.

The commissions paid by One Wealth Advisors’s clients to Fidelity comply with the Firm’s duty to obtain “best execution.” Clients may pay commissions that are higher than another qualified Financial Institution might charge to effect the same transaction where One Wealth Advisors determines that the commissions are reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a Financial Institution’s services, including among others, the value of research provided, execution capability, commission rates and responsiveness. One Wealth Advisors seeks competitive rates but may not necessarily obtain the lowest possible commission rates for client transactions.

Transactions may be cleared through other broker-dealers with whom the Firm and its custodians have entered into agreements for prime brokerage clearing services. Should an account make use of prime brokerage, the Client may be required to sign an additional agreement, and additional fees are likely to be charged.

Consistent with obtaining best execution, brokerage transactions may be directed to certain broker/dealers in return for investment research products and/or services which assist One Wealth Advisors in its investment decision-making process. Such research generally will be used to service all of the Firm’s clients, but brokerage commissions paid by one client may be used to pay for research that is not used in managing that client’s portfolio. The receipt of investment research products and/or services as well as the allocation of the benefit of such investment research products and/or services poses a conflict of interest because One Wealth Advisors does not have to produce or pay for the products or services.

One Wealth Advisors periodically and systematically reviews its policies and procedures regarding its recommendation of Financial Institutions in light of its duty to obtain best execution.

Software and Support Provided by Financial Institutions

One Wealth Advisors may receive without cost from Fidelity computer software and related systems support, which allow One Wealth Advisors to better monitor client accounts maintained at Fidelity. One Wealth Advisors may receive the software and related support without cost because the Firm renders investment management services to clients that maintain assets at Fidelity. The software and support is not provided in connection with securities transactions of clients (i.e., not “soft dollars”). The software and related systems support may benefit One Wealth Advisors, but not its clients directly. In fulfilling its duties to its clients, One Wealth Advisors endeavors at all times to put the interests of its clients first. Clients should be aware, however, that One Wealth Advisors’s receipt of economic benefits from a broker/dealer creates a conflict of interest since these benefits may influence the Firm’s choice of broker/dealer over another that does not furnish similar software, systems support or services.

Specifically, One Wealth Advisors may receive the following benefits from Fidelity:

- Credits to be used toward qualifying third-party service providers used in connection with the initial set up of the Firm’s research, technology and software platforms;
- Receipt of duplicate client confirmations and bundled duplicate statements;
- Access to a trading desk that exclusively services its institutional traders;
- Access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to client accounts; and
- Access to an electronic communication network for client order entry and account information.

Brokerage for Client Referrals

One Wealth Advisors does not consider, in selecting or recommending broker/dealers, whether the Firm receives client referrals from the Financial Institutions or other third party.

Directed Brokerage

The client may direct One Wealth Advisors in writing to use a particular Financial Institution to execute some or all transactions for the client. In that case, the client will negotiate terms and arrangements for the account with that Financial Institution and the Firm will not seek better execution services or prices from other Financial Institutions or be able to “batch” client transactions for execution through other Financial Institutions with orders for other accounts managed by One Wealth Advisors (as described above). As a result, the client may pay higher commissions or other transaction costs, greater spreads or may receive less favorable net prices, on transactions for the account than would otherwise be the case. Subject to its duty

of best execution, One Wealth Advisors may decline a client's request to direct brokerage if, in the Firm's sole discretion, such directed brokerage arrangements would result in additional operational difficulties.

Trade Aggregation

Transactions for each client generally will be effected independently, unless One Wealth Advisors decides to purchase or sell the same securities for several clients at approximately the same time. One Wealth Advisors may (but is not obligated to) combine or "batch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Firm's clients differences in prices and commissions or other transaction costs that might not have been obtained had such orders been placed independently. Under this procedure, transactions will generally be averaged as to price and allocated among One Wealth Advisors's clients pro rata to the purchase and sale orders placed for each client on any given day. To the extent that the Firm determines to aggregate client orders for the purchase or sale of securities, including securities in which One Wealth Advisors's Supervised Persons may invest, the Firm generally does so in accordance with applicable rules promulgated under the Advisers Act and no-action guidance provided by the staff of the U.S. Securities and Exchange Commission. One Wealth Advisors does not receive any additional compensation or remuneration as a result of the aggregation.

In the event that the Firm determines that a prorated allocation is not appropriate under the particular circumstances, the allocation will be made based upon other relevant factors, which may include: (i) when only a small percentage of the order is executed, shares may be allocated to the account with the smallest order or the smallest position or to an account that is out of line with respect to security or sector weightings relative to other portfolios, with similar mandates; (ii) allocations may be given to one account when one account has limitations in its investment guidelines which prohibit it from purchasing other securities which are expected to produce similar investment results and can be purchased by other accounts; (iii) if an account reaches an investment guideline limit and cannot participate in an allocation, shares may be reallocated to other accounts (this may be due to unforeseen changes in an account's assets after an order is placed); (iv) with respect to sale allocations, allocations may be given to accounts low in cash; (v) in cases when a pro rata allocation of a potential execution would result in a de minimis allocation in one or more accounts, the Firm may exclude the account(s) from the allocation; the transactions may be executed on a pro rata basis among the remaining accounts; or (vi) in cases where a small proportion of an order is executed in all accounts, shares may be allocated to one or more accounts on a random basis.

Item 13. Review of Accounts

Account Reviews

One Wealth Advisors monitors client portfolios on a continuous and ongoing basis while regular account reviews are conducted on at least a monthly basis. Such reviews are conducted by the Firm's investment adviser representatives. All investment advisory clients are encouraged to discuss their needs, goals and objectives with One Wealth Advisors and to keep the Firm informed of any changes thereto. The Firm contacts ongoing investment advisory clients at least annually to review its previous services and/or recommendations and quarterly to discuss the impact resulting from any changes in the client's financial situation and/or investment objectives.

Account Statements and Reports

Clients are provided with transaction confirmation notices and regular summary account statements directly from the Financial Institutions where their assets are custodied. From time-to-time or as otherwise requested, clients may also receive written or electronic reports from One Wealth Advisors and/or an outside service provider, which contain certain account and/or market-related information, such as an inventory of account holdings or account performance. Clients should compare the account statements they receive from their custodian with any documents or reports they receive from One Wealth Advisors or an outside service provider.

Item 14. Client Referrals and Other Compensation

The Firm does not currently provide compensation to any third-party solicitors for client referrals.

Item 15. Custody

The Advisory Agreement and/or the separate agreement with any Financial Institution generally authorize One Wealth Advisors and/or the Independent Managers to debit client accounts for payment of the Firm's fees and to directly remit that those funds to the Firm in accordance with applicable custody rules. The Financial Institutions that act as the qualified custodian for client accounts, from which the Firm retains the authority to directly deduct fees, have agreed to send statements to clients not less than quarterly detailing all account transactions, including any amounts paid to One Wealth Advisors.

In addition, as discussed in Item 13, One Wealth Advisors may also send periodic supplemental reports to clients. Clients should carefully review the statements sent directly by the Financial Institutions and compare them to those received from One Wealth Advisors.

Item 16. Investment Discretion

One Wealth Advisors may be given the authority to exercise discretion on behalf of clients. One Wealth Advisors is considered to exercise investment discretion over a client's account if it can effect and/or direct transactions in client accounts without first seeking their consent. One Wealth Advisors is given this authority through a power-of-attorney included in the agreement between One Wealth Advisors and the client. Clients may request a limitation on this authority (such as certain securities not to be bought or sold). One Wealth Advisors takes discretion over the following activities:

- The securities to be purchased or sold;
- The amount of securities to be purchased or sold;
- When transactions are made; and
- The Independent Managers to be hired or fired.

Item 17. Voting Client Securities

One Wealth Advisors generally does not accept the authority to vote a client's securities (i.e., proxies) on their behalf. Clients receive proxies directly from the Financial Institutions where their assets are custodied and may contact the Firm at the contact information on the cover of this brochure with questions about any such issuer solicitations.

Item 18. Financial Information

One Wealth Advisors is not required to disclose any financial information due to the following:

- The Firm does not require or solicit the prepayment of more than \$1,200 in fees six months or more in advance of services rendered;

- The Firm does not have a financial condition that is reasonably likely to impair its ability to meet contractual commitments to clients; and
- The Firm has not been the subject of a bankruptcy petition at any time during the past ten years.
