This document (“Brochure”) provides information about the qualifications and business practices of Petso Financial Consultants LLC. If you have any questions about the contents of this Brochure, you may contact us at (208) 853-2000 or ria.petso@yahoo.com to obtain answers and additional information. Petso Financial Consultants LLC is an investment adviser registered with the United States Securities and Exchange Commission (“SEC”). Registration of an investment adviser does not imply any level of skill or training. The information in this Brochure has not been approved or verified by the SEC or by any state securities authority.

Additional information about Petso Financial Consultants LLC is available on the SEC’s website at www.adviserinfo.sec.gov. The searchable IARD/CRD number Petso Financial Consultants LLC is 282032.

Item 2 – Material Changes

This Brochure is our initial brochure. There is no previous annual update to our Brochure.

As required by the SEC, we will ensure that all current clients receive a Summary of Material Changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year which is December 31st. A Summary of Material Changes is also included with our Brochure on the SEC's website at www.adviserinfo.sec.gov. The searchable IARD/CRD number for Petso Financial Consultants LLC is 282032. The Firm may further provide other ongoing disclosure information about material changes as necessary.

Currently, our Brochure may be requested by contacting Jennifer Stone, Compliance Officer of Petso Financial Consultants LLC at (208) 853-2000 or ria.petso@yahoo.com. Our Brochure is provided free of charge.

Item 4 – Advisory Business

- A** Petso Financial Consultants LLC (“Petso Financial” “we” or “us”) is an investment advisory firm formed on February 28, 2001 and located in Boise, Idaho. We are registered with the Securities and Exchange Commission (“SEC”) and we provide investment management, financial planning and income in retirement planning to individual and corporate clients. The sole owner of Petso Financial is David S. Petso.

Our investment advisory services are driven by and coordinated with each client’s individual financial goals. Our approach uses broadly diversified portfolios of mutual funds, individual equities, ETF’s, and individual bonds. Our strategies focus on long term results based on lowest possible level of risk to obtain highest reasonable returns. It is our philosophy that being financially secure takes time and patience. We do not believe in taking the short-term view of your financial picture. We follow strict fiduciary standards, asking ourselves “knowing what we know about the markets and our clients, what would we do in their situation”. Our investment advice is independent and beholden to no investment company or mutual fund. Our clients’ interests are first and foremost in our minds.

- B, C** We help clients coordinate and prioritize their financial lives with all aspects of their life goals. For many clients this involves close coordination of business, retirement and personal assets. client input and involvement is critical to our customized approach to investment management. We spend many meetings with our clients discussing short, mid and long term objectives prior to establishing investment policy. These discussions will not only involve questions of risk and income but also key factors such as taxes, family circumstances and inheritance objectives. Many clients have sensitive estate planning needs which are to be addressed through their investment plans. We require ongoing conversations with clients following the implementation of investment strategies. We meet with our clients to review progress, understand changes in circumstance and to address needed changes due to market movement.

Petso Financial has discretionary authority over client funds. Discretionary authority means that we have the authority to determine, without obtaining specific client consent, the securities bought or sold and the amount of securities bought or sold. The only restrictions on the above discretionary authority are those set by the client on a case by case basis. Discretionary authority allows us to act on behalf of the client in most matters necessary or incidental to the handling of the account, including monitoring certain assets, without the client’s prior approval.

Advice and services are tailored to the stated objectives of the client(s). We create an investment policy statement for each client which summarizes their investment objectives, risk tolerance, time horizon, and projected future needs. This policy guides us in objectively and suitably managing the client’s investment accounts. It also provides a means by which to evaluate results. The statement is reviewed and updated at least annually as a part of our ongoing review process. We recognize that the IPS sets the tone for our investment work and that many clients may have objectives relating to tax and inheritance which are dealt with and recognized/discussed in other planning documents prepared by us or key, outside, legal and accounting professionals.

Our approach uses mutual funds, individual equities, ETF's and individual bonds to manage client portfolios. As active investors, we are systematic and persistent in searching for asset classes that are selling at a considerable discount to their fair value. Likewise, we apply our extensive experience in identifying money managers to select only those who we are highly confident will deliver superior long-term performance. We believe that intensive research and a disciplined process are critical to investment success. In-depth, fundamental research and careful reasoning underlie every investment decision we make.

- D** We do not participate in or sponsor any wrap-fee programs.
- E** We manage \$0 of client assets on a discretionary basis and \$0 of client assets on a non-discretionary basis. This amount was calculated as of November 3, 2015.

Item 5 – Fees and Compensation

- A** Petso Financial generally charges its clients an annual management fee of 1.50% on the first \$100,000 in assets plus 1.25% on the next \$150,000 in assets plus 1.00% on all assets above \$250,000. Advisory fees are negotiable solely at Petso Financials discretion. The maximum allowable fee that can be charged may not exceed 2.25% of assets under management on an annual basis.
- B** Annual management fees are payable in four quarterly installments in advance of each quarter. Petso Financial will bill the client an amount equal to one-quarter of the calculated annual fee. Any partial quarters are pro-rated based on the number of days in the quarter that Petso Financial provided the client services. The advisor deducts quarterly management fees from client accounts.
- C** In addition to fees paid to Petso Financial, the client will incur transaction fees and the usual expenses charged by mutual fund companies.
- D** Either party may terminate the investment advisory contract at any time by sending a written communication to the other party. The ongoing management fee will cease upon Petso Financials receipt of notice of termination and Petso Financial will bill the client for that portion of the quarter already elapsed.
- E** Certain representatives of Petso Financial are also Registered Representatives of Purshe Kaplan Sterling Investments, Inc. (“PKS”). PKS is not affiliated with Petso Financial. Certain representatives of Petso Financial are also licensed to sell insurance in one or more states, either through a licensed general insurance agency or as direct agent representative of a specific insurance company.

Securities and insurance related business is transacted with advisory clients, and individuals may receive commissions from products sold to clients. Clients are advised that the fees paid to Petso Financial for investment advisory services are separate and distinct from the commissions earned by any individual for selling clients insurance or other securities products. If requested by a client, we will disclose the amount of commission expected to be paid.

The receipt of commissions by an affiliated entity or individuals associated with the firm presents a conflict of interest. As fiduciaries we must act primarily for the benefit of investment advisory clients. As such, we will only transact insurance or securities related business with clients when fully disclosed, suitable, and appropriate. Further, we must determine in good faith that any commissions paid to our representatives are appropriate. Clients are informed that they are under no obligation to use any individual associated with Petso Financial for insurance or securities products or services. Clients may use any insurance or brokerage firm or agent they choose.

Item 6 – Performance-Based Fees and Side-By-Side Management

Petso Financial does not charge any performance-based fees for its services or provide side-by-side management.

Item 7 – Types of Clients

We provide investment advice to individuals, high net worth individuals, corporations, trusts, foundations, and other charitable entities. The minimum portfolio size for ongoing management is \$25,000, negotiable solely at Petso Financial's discretion. Petso Financial will consider prospective clients based on their rapport with the IARs, a match in investment philosophy, and overall fit between the prospective client's needs and the firm's services.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

ANALYSIS METHODS

We believe strongly in long term holdings. As investors are more and more driven to short term decisions we grow even more confident that a long term outlook is critical to investment success. As primarily contrarian and value investors, we believe in tactical allocation and can spend some time out of sync with current market trends. This can require patience on our part as well as our clients. Given that market conditions favor different styles at different times, we have found that an allocation to growth/momentum may reduce volatility and potentially increase returns. We are constantly looking for investments that are not correlated to each other or any particular index. To accomplish this, we may use alternatives, real estate and other investments.

INVESTMENT STRATEGIES

Petso Financial will recommend an initial allocation of assets (among stocks, bonds and cash) based on client objectives, time horizon, risk tolerance and, within certain limits, client preferences. The approach favors a wide range of globally diversified assets to assess optimal characteristics of a portfolio for each client's unique financial circumstances.

RISK OF LOSS

We firmly believe that no one can time the market or predict the future. Clients must understand that past performance is not indicative of future results. Therefore, current and prospective clients (including you) should never assume that future performance of any specific investment or investment strategy will be profitable. Investing in any type of security (including stocks, mutual funds, and bonds) involves risk of loss. Further, depending on the different types of investments there may be varying degrees of risk. You need to be prepared to bear investment loss including loss of original principal.

Because of the inherent risk of loss associated with investing, Petso Financial cannot represent, guarantee, or even imply that our services and methods of analysis:

1. Can or will predict future results;
2. Successfully identify market tops or bottoms; or
3. Insulate you from losses due to market corrections or declines. There are certain additional risks associated when investing in securities through an investment management program.

Item 9 – Disciplinary Information

Petso Financial is required to disclose all material facts regarding any legal or disciplinary event that would be material to your evaluation of our firm, or the integrity of our management. No principal or person associated with Petso Financial has any information to disclose which is applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

As disclosed in Section 5, above, certain representatives of Petso Financial are also licensed as Registered Representatives with PKS. PKS is a registered broker-dealer, member FINRA, and SIPC (CRD No. 35747). In their separate capacity as registered representatives, Petso Financial advisors will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Petso Financial advisors.

Petso Financial advisors are also licensed insurance agents and may receive usual and customary commissions associated with the sale of insurance products. PKS is a FINRA Member broker-dealer.

PKS and Petso Financial are not affiliated. Under no circumstances will a client of Petso Financial be deemed to be a client of PKS, nor will PKS assume any liability for Petso Financial advisors' actions unless client has an executed PKS client Agreement which has been accepted by PKS and client's claim is the result of those services agreed to in writing by and between PKS and client. Further, Petso Financial acknowledges that it is solely responsible for the securities transactions and advisory activities, and any liability arising out of such activities, of any of its owners, officers, partners, directors, employees, agents, and IARs, or persons holding similar status or performing similar functions that do not have appropriate and active securities registrations through PKS, and/or are not covered by PKS-approved errors and omissions insurance coverage.

When acting as registered representatives of PKS, the Petso Financial advisors' investment recommendations will be limited to investment products offered through PKS. Other suitable investment products may be available through other broker/dealers or investment advisers at lower costs. A conflict of interest exists because of the duty to provide unbiased advice to clients and the potential receipt of commissions on transactions effected through PKS.

Certain Investment Adviser Representatives of Petso Financial are also licensed as insurance agents in one or more states, either through a licensed general insurance agency or as direct agent representative of a specific insurance company. The conflicts of interest associated with the above arrangements and how these conflicts are addressed are described in Section 5E, above.

Petso Financial may, on occasion, recommend that all or a portion of a client's assets be managed by an unaffiliated investment manager or sub-advisor. Fees charged by a sub-advisor will be fully disclosed to clients. Sub-advisory fees may be deducted directly from client accounts and may result in increased fees to client. In all discretionary accounts, except to the extent the client directs otherwise, we are authorized to use our discretion in selecting or changing a sub-Advisor and/or outside money manager to the account without prior approval from a client. Clients may be required to execute a limited power of attorney with a sub-advisor selected by us. Prior to selecting other advisers to manage client assets, Petso Financial will confirm that the other advisers are properly licensed or registered as an investment adviser.

Item 11 – Code of Ethics, Participation or Interest in Client Transaction & Personal Trading

- A** Petso Financial has a Code of Ethics which all employees are required to follow. The Code of Ethics outlines our high standard of business conduct, and fiduciary duty to clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading, a prohibition of rumor mongering, restrictions on the acceptance of significant gifts, the reporting of certain gifts and business entertainment items, and personal securities trading procedures, among other things.

A copy of the code of ethics is available to any client or prospective client upon request by contacting Jennifer Stone at (208) 853-2000 or ria.petso@yahoo.com.

- B,C,D** We do not own or manage any companies or investments that we advise our clients to buy.

Petso Financial or individuals associated with our firm may buy and sell some of the same securities for their own account that Petso Financial buys and sells for its clients. When appropriate we will purchase or sell securities for clients before purchasing the same for our account or allowing representatives to purchase or sell the same for their own account. In some cases Petso Financial or representatives may buy or sell securities for their own account for reasons not related to the strategies adopted for our clients. Our employees are required to follow the Code of Ethics when making trades for their own accounts in securities which are recommended to and/or purchased for clients. The Code of Ethics is designed to assure that the personal securities transactions will not interfere with decisions made in the best interest of advisory clients while at the same time, allowing employees to invest their own accounts.

Petso Financial will disclose to advisory clients any material conflict of interest relating to us, our representatives, or any of our employees which could reasonably be expected to impair the rendering of unbiased and objective advice.

As any advisory situation could present a conflict of interest, we have established the following restrictions to ensure our fiduciary responsibilities:

1. A director, officer, associated person, or employee of Petso Financial shall not buy or sell securities for his personal portfolio where his decision is substantially derived, in whole or in part, by reason of his employment unless the information is also available to the investing public on reasonable inquiry. No person of Petso Financial shall prefer his or her own interest to that of the advisory client.
2. Petso Financial maintains a list of all securities holdings for itself and for anyone associated with its advisory practice that has access to advisory recommendations. An appropriate officer of Petso Financial reviews these holdings on a regular basis.
3. Any individual not in observance of the above may be subject to termination.

Item 12 – Brokerage Practices

- A** Our clients' assets are held by independent third-party custodians. Except to the extent that the client directs otherwise, Petso Financial may use its discretion in selecting or recommending the broker-dealer. The client is not obligated to effect transactions through any broker-dealer recommended by Petso Financial. In recommending broker-dealers, Petso Financial will comply with its fiduciary duty to seek best execution and with the Securities Exchange Act of 1934 and will take into account such relevant factors as:

- Price;
- The custodian's facilities, reliability and financial responsibility;
- The ability of the custodian to effect transactions, particularly with regard to such aspects as timing, order size and execution of order; and
- Any other factors that we consider to be relevant.

Generally speaking, we will recommend that clients establish brokerage accounts with TD Ameritrade ("TD"), which is a registered broker-dealers and SIPC member, so long as TD continues to meet the above criteria. We work with primarily these broker dealers for administrative convenience and because they broker dealer offers a good value to our clients for the transaction costs and other costs incurred.

- B** Petso Financial may aggregate trades for clients. The allocations of a particular security will be determined by Petso Financial before the trade is placed with the broker. When practical, client trades in the same security will be bunched in a single order (a "block") in an effort to obtain best execution at the best security price available. When employing a block trade:

- Petso Financial will make reasonable efforts to attempt to fill client orders by day-end.
- If the block order is not filled by day-end, Petso Financial will allocate shares executed to underlying accounts on a pro rata basis, adjusted as necessary to keep client transaction costs to a minimum.
- If a block order is filled (full or partial fill) at several prices through multiple trades, an average price and commission will be used for all trades executed;
- All participants receiving securities from the block trade will receive the average price.
- Only trades executed within the block on the single day may be combined for purposes of calculating the average price.

It is expected that this trade aggregation and allocation policy will be applied consistently. However, if application of this policy results in unfair or inequitable treatment to some or all of Petso Financials clients, Petso Financial may deviate from this policy.

Item 13 – Review of Accounts

- A** Accounts are reviewed by Jennifer Stone who is responsible for overseeing all regulatory compliance for the firm. See Mrs. Stone's Form ADV Part 2B, Item 2 for more information about her. The frequency of reviews is determined based on the client's investment objectives. Accounts are generally reviewed quarterly, but in any event, no less than annually.
- B** More frequent reviews may be triggered by a change in client's investment objectives; tax considerations; large deposits or withdrawals; large sales or purchases; loss of confidence in corporate management; or, changes in the economic climate.
- C** Investment advisory clients receive standard account statements from the custodian of their accounts on a quarterly basis. Petso Financial also provides clients with a verbal report summarizing the account activity generally quarterly, but in any event, no less than annually.

Item 14 – Client Referrals and Other Compensation

We do not compensate, nor receive compensation from, any third parties in connection with any services we provide for clients, including referrals. Neither Petso Financial nor its related persons directly or indirectly compensate or receive compensation that is disclosable pursuant to this Item.

Item 15 – Custody

With the exception of Petso Financials ability to debit fees, Petso Financial does not otherwise have custody of the assets in the account.

Petso Financial shall have no liability to the client for any loss or other harm to any property in the account, including any harm to any property in the account resulting from the insolvency of the custodian or any acts of the agents or employees of the custodian and whether or not the full amount or such loss is covered by the Securities Investor Protection Corporation (“SIPC”) or any other insurance which may be carried by the custodian. The client understands that SIPC provides only limited protection for the loss of property held by a custodian.

Item 16 – Investment Discretion

Petso Financial has ongoing and continuous discretionary authority to execute its investment recommendations for clients in accordance with Petso Financials Statement of Investment Policy (or similar document used to establish each client's objectives and suitability), without the client's prior approval of each specific transaction. Under this discretionary authority, client allows Petso Financial to purchase and sell securities and instruments in their account(s), arrange for delivery and payment in connection with the foregoing, select and retain sub-advisors, and act on behalf of the client in matters necessary or incidental to the handling of the account, including monitoring certain assets.

Item 17 – Voting Client Securities

- A** Without exception, we do not vote proxies on behalf of clients
- B** We do not have authority to vote client securities. Clients will receive proxies and other solicitations directly from the custodian or transfer agent. If any proxy materials are received on behalf of a client, they will be sent directly to the client or a designated representative of the client, who is responsible to vote the proxy.

Item 18 – Financial Information

- A** Petso Financial does not require advisory fees to be paid in advance and under no circumstances will Petso Financial collect more than \$1,200.00, more than six months in advance of services from any client.
- B** Petso Financial has discretionary authority over client funds and securities, but we have no financial commitments that would impair our ability to meet contractual and fiduciary commitments to clients.
- C** Neither Petso Financial, nor any of the principals, have been the subject of a bankruptcy petition at any time in the past.
