

# Ivy League Financial Advisors LLC

SEC File Number: 801 – 66562

## **ADV Part 2A, Brochure**

**Dated: March 28, 2016**

Contact: Christopher Brown, Chief Compliance Officer

11 North Washington Street, Suite 250

Rockville, MD 20850

[www.ivyfa.com](http://www.ivyfa.com)

This Brochure provides information about the qualifications and business practices of Ivy League Financial Advisors LLC. If you have any questions about the contents of this Brochure, please contact us at (301) 258-1300 or [cbrown@ivyfa.com](mailto:cbrown@ivyfa.com). The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Ivy League Financial Advisors LLC also is available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov).

References herein to Ivy League Financial Advisors LLC as a “registered investment adviser” or any reference to being “registered” does not imply a certain level of skill or training.

## **Item 2           Material Changes**

There have been no material changes made to Ivy League Financial Advisors LLC's Brochure since the previous annual update filing on March 26, 2015. While not a material change, Items 4 and 5 have been updated to reflect that Ivy League Financial Advisors LLC offers retirement plan consulting services as described more fully in those Items.

**Ivy League Financial Advisors LLC's Chief Compliance Officer Christopher Brown, remains available to address any questions that a current or prospective client may have about this change or any other aspect of this Brochure.**

#### **Item 4            Advisory Business**

- A. Ivy League Financial Advisors LLC (the “Registrant”) is a Limited Liability Company formed on August 1998 in the State of Maryland. The Registrant became registered as an Investment Adviser Firm in February 1999. The Registrant is principally owned by Christopher Brown, who is the Registrant’s Managing Member and Chief Compliance Officer.
- B. As discussed below, the Registrant offers to its clients (individuals, pension and profit sharing plans, business entities, trusts, estates and charitable organizations, etc.) investment advisory services, and, to the extent specifically requested by a client, financial planning and related consulting services.

#### **INVESTMENT ADVISORY SERVICES**

The client can determine to engage the Registrant to provide discretionary and/or non discretionary investment advisory services on a *fee-only* basis. The Registrant’s annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant’s management on a stepped up basis.

Before engaging the Registrant to provide investment advisory services, clients are required to enter into an *Investment Advisory Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the fee that is due from the client.

To commence the investment advisory process, an investment adviser representative will first ascertain each client’s investment objectives and then allocate and/or recommend that the client allocate investment assets consistent with the designated investment objectives. Once allocated, the Registrant provides ongoing monitoring and review of account performance and asset allocation as compared to client investment objectives, and may rebalance or recommend rebalancing the account based on such reviews.

#### **FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)**

To the extent requested by the client, the Registrant may provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. Please Note: If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. Please Also Note: It remains the client’s responsibility to promptly notify the Registrant if there is ever any change in

his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

### **FINANCIAL PLANNING IMPLEMENTATION SERVICES**

At the request of the client, the client can engage the Registrant to implement Financial Planning recommendations and provide ongoing financial advice on a *fee-only* basis. Examples of these services included annual updates to cash flow analysis, risk management implementation services, estate planning implementation services, retirement planning implementation services, and college funding implementation services.

### **RETIREMENT PLAN CONSULTING SERVICES**

The Registrant also provides non-discretionary retirement plan consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives (generally open-end mutual funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. In addition, to the extent requested by the plan sponsor, the Registrant shall also provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The terms and conditions of the engagement shall be set forth in a *Retirement Plan Consulting Agreement* between the Registrant and the plan sponsor.

### **MISCELLANEOUS**

**Limitations of Non-Investment Consulting/Implementation Services.** *To the extent requested by the client*, the Registrant *may* provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. The Registrant does not serve as a law firm, accounting firm, or insurance agency, and no portion of Registrant's services should be construed as legal, accounting, or insurance implementation services. Accordingly, Registrant does not prepare estate planning documents, tax returns or sell insurance products. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents, etc.). Clients are reminded that they are under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation made by Registrant or its representatives. **Please Note:** If the client engages any unaffiliated recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional.

**Non-Discretionary Service Limitations.** Clients that determine to engage Registrant on a non-discretionary investment advisory basis **must be willing to accept** that Registrant cannot effect any account transactions without obtaining prior consent to such transaction(s) from the client. Thus, in the event that Registrant would like to make a transaction for a client's account (including in the event of an individual holding or general market correction), and the client is unavailable, the Registrant will be unable to effect the account transaction(s) (as it would for its discretionary clients) **without first obtaining the client's consent.**

**Retirement Plan Rollovers-No Obligation/Conflict of Interest:** A client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in his/her former employer's plan, if permitted, (ii) roll over the assets to his/her new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). The Registrant may recommend that a client roll over plan assets to an IRA managed by the Registrant. As a result the Registrant and its representatives may earn an asset-based fee (see **Please Note** below). In contrast, a recommendation that a client or prospective client leave his or her plan assets with his/her former employer or roll the assets to a plan sponsored by a new employer will generally result in no compensation to the Registrant (unless clients engage the Registrant to monitor and/or manage the account while maintained at his/her employer). The Registrant has an economic incentive to encourage a client to roll plan assets into an IRA that the Registrant will manage **or** to engage the Registrant to monitor and/or manage the account while maintained at the client's employer. There are various factors that the Registrant may consider before recommending a rollover, including but not limited to: (i) the investment options available in the plan versus the investment options available in an IRA, (ii) fees and expenses in the plan versus the fees and expenses in an IRA, (iii) the services and responsiveness of the plan's investment professionals versus the Registrant's, (iv) protection of assets from creditors and legal judgments, (v) required minimum distributions and age considerations, and (vi) employer stock tax consequences, if any. **No client is under any obligation to roll over plan assets to an IRA managed by the Registrant or to engage the Registrant to monitor and/or manage the account while maintained at the client's employer. Please Note:** If Registrant's engagement will include the management of the client's retirement account per the same fee schedule set forth in Item 5 below, regardless of custodian or the client's decision to process a rollover, the above economic incentive to recommend a rollover is generally not present. **The Registrant's Chief Compliance Officer, Christopher Brown, remains available to address any questions that a client or prospective client may have regarding its prospective engagement and the corresponding conflict of interest presented by such engagement.**

**Use of Mutual Funds:** While the Registrant may recommend allocating investment assets to mutual funds that are not available directly to the public, the Registrant may also recommend that clients allocate investment assets to publically-available mutual funds that the client could obtain without engaging Registrant as an investment adviser. However, if a client or prospective client determines to allocate investment assets to publically-available mutual funds without engaging Registrant as an investment adviser, the client or prospective client would not receive the benefit of Registrant's initial and ongoing investment advisory services. Other mutual funds, such as those issued by Dimensional Fund Advisors ("DFA"), are generally only available through registered investment advisers. Registrant may allocate client investment assets to DFA mutual funds. Therefore, upon the termination of Registrant's services to a client, restrictions regarding transferability and/or additional purchases of, or reallocation among DFA funds will apply. **Registrant's Chief Compliance Officer, Christopher Brown, remains available to address any questions that a client or prospective client may have regarding the above.**

**Other Services.** Registrant may also render investment advisory management services to clients relative to: (1) fixed and/or variable annuity products that they may own, or (2) their individual employer sponsored retirement plans. In so doing, Registrant either directs or recommends the allocation of client assets among the various subaccounts which comprise the variable annuity product or the retirement plan. For these services, Registrant's management fee is paid quarterly in advance, based upon the market value of the assets on the last day of the previous quarter. The client assets shall be maintained at either the specific insurance company that issued the variable annuity product which is owned by the client, or at the custodian designated by the sponsor of the client's retirement plan.

**Church Bonds.** Church bonds carry a higher coupon historically over similar long term corporate bonds with the additional feature of a first mortgage securing the bond investments. However, since church bonds have limited secondary trading, a higher level of commitment is required over exchange traded bonds. Also, the additional yield generally received with church bonds comes with additional principal and liquidity risk. Should any client or prospective have any questions regarding the purchase of church bonds for your account, or want to restrict the purchase thereof, he/she/it should advise the Registrant's principal, Christopher Brown.

**Client Obligations.** In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

**Disclosure Statement.** A copy of the Registrant's written disclosure statement as set forth on Part 2 of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the applicable form of client agreement.

**ByAllAccounts.** Registrant, in conjunction with the services provided by ByAllAccounts, Inc., may also provide periodic comprehensive reporting services which can incorporate all of the client's investment assets, including those investment assets that are not part of the assets managed by Registrant (the "Excluded Assets"). **The client and/or his/her/its other advisors that maintain trading authority, and not Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets.** Unless otherwise specifically agreed to, in writing, Registrant's service relative to the Excluded Assets is limited to reporting only. The sole exception to the above shall be if Registrant is specifically engaged to monitor and/or allocate the assets within the client's 401(k) account maintained away at the custodian directed by the client's employer. As such, except with respect to the client's 401(k) account (if applicable), Registrant does not maintain any trading authority for the Excluded Assets. Rather, the client and/or the client's designated other investment professional(s) maintain supervision, monitoring and trading authority for the Excluded Assets. If Registrant were asked to make a recommendation as to any Excluded Assets, the client is under absolutely no obligation to accept the recommendation, and Registrant shall not be responsible for any implementation error (timing, trading, etc.) relative to the Excluded Assets. In the event the client desires that Registrant provide investment management services for the Excluded Assets, the client may engage the Registrant to do so pursuant to the terms and conditions of the *Investment Advisory Agreement* between Registrant and the client.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2015, the Registrant had \$108,618,928 in assets under management on a discretionary basis.

## Item 5 Fees and Compensation

A.

### INVESTMENT ADVISORY SERVICES

If the client determines to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a *fee-only* basis, the Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management on a stepped up basis as follows:

<u>Assets Under Management</u>	<u>Annual Fee Rate</u>
First \$0-\$500,000	1.25%
Next \$1,500,000	1.00%
Next \$3,000,000	0.85%
Next \$5,000,000	0.70%
Over \$10,000,000	0.60%

### FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by the client, the Registrant may provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$2,000 to \$10,000 on a fixed fee basis, and from \$175 to \$300 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

### FINANCIAL PLANNING IMPLEMENTATION SERVICES

At the request of the client, the client can engage the Registrant to implement Financial Planning recommendations and provide ongoing financial advice on a *fee-only* basis. Examples of these services included annual updates to cash flow analysis, risk management implementation services, estate planning implementation services, retirement planning implementation services, and college funding implementation services. In the event the client determines to engage the Registrant for Financial Planning Implementation Services, Registrant, in agreement with client, Registrant may charge a Financial Planning Implementation Fee of either 1) \$175.00 (minimum) to \$300.00 on an hourly rate basis, depending upon the level and scope of the services required, the current gross income level and/or net worth of the client (i.e. for project

and/or plan related services), and the professional rendering the service(s) or 2) an annual fee of 0.25% based upon a percentage of the market value of the assets over which the Registrant gives advice as defined in Investment Advisory Services. This fee is in addition to and above the annual fees charged for Financial Planning Services or Investment Advisory Services.

### **RETIREMENT PLAN CONSULTING SERVICES**

The Registrant also provides non-discretionary retirement plan consulting services, pursuant to which it assists sponsors of self-directed retirement plans and defined benefit plans with the selection and/or monitoring of investment alternatives (generally open-end mutual funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. The terms and conditions of the engagement shall generally be set forth in a *Retirement Plan Consulting Agreement* between the Registrant and the plan sponsor. The Registrant charges a negotiable hourly rate for retirement plan consulting services, which ranges from \$175 to \$300 depending upon the amount of plan assets, the complexity of the engagement, and the level and scope of overall services to be rendered.

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that TD Ameritrade Institutional Services, Inc. ("*Ameritrade*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Ameritrade* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g., management fees and other fund expenses).

**Tradeaway/Prime Broker Fees.** Relative to its discretionary investment management services, when beneficial to the client, individual fixed income transactions may be effected through broker-dealers other than the account custodian, in which event, the client generally will incur both the fee (commission, mark-up/mark-down) charged by the executing broker-dealer and a separate "tradeaway" and/or prime broker fee charged by the account custodian (*Ameritrade*).

- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. The Registrant, in its sole discretion, may charge a lesser investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.). The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.
- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

## **Item 6            Performance-Based Fees and Side-by-Side Management**

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

## **Item 7            Types of Clients**

The Registrant's clients shall generally include individuals, pension and profit sharing plans, business entities, trusts, estates and charitable organizations. The Registrant generally imposes a minimum asset level of \$500,000 for investment advisory services, but may, in its sole discretion, reduce that minimum asset level or charge a lesser investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

## **Item 8            Methods of Analysis, Investment Strategies and Risk of Loss**

- A. The Registrant may utilize the following methods of security analysis:
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
  - Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
  - Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

**Please Note: Investment Risk.** Investing in securities involves risk of loss that a client should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks. However, every method of analysis has its own inherent risks. To perform an accurate market analysis, the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

- C. Currently, the Registrant primarily allocates client investment assets among various no-load and/or load waived mutual fund classes, exchange traded funds, exchange traded notes, individual equities and individual fixed income securities on a discretionary basis in accordance with the client's designated investment objective(s). In more limited circumstances, when consistent with a client's investment objectives(s), the Registrant may allocate client investment assets to structured notes.

**Structured Notes.** A structured note is a financial instrument that combines two elements, a debt security and exposure to an underlying asset or assets. It is essentially a note, carrying counter party risk of the issuer. However, the return on the note is linked to the return of an underlying asset or assets (such as the S&P 500 Index or commodities). It is this latter feature that makes structured products unique, as the payout can be used to provide some degree of principal protection, leveraged returns (but usually with some cap on the maximum return), and be tailored to a specific market or economic view. In addition, investors may receive long-term capital gains tax treatment if certain underlying conditions are met and the note is held for more than one year. Finally, structured notes may also have liquidity constraints, such that the sale thereof prior to maturity may be limited. **In the event that a client has any questions regarding the purchase of structured notes, the Registrant's Chief Compliance Officer, Christopher Brown, remains available to address them.**

## **Item 9           Disciplinary Information**

The Registrant has not been the subject of any disciplinary actions.

## **Item 10            Other Financial Industry Activities and Affiliations**

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. The Registrant has no other relationship or arrangement with a related person that is material to its advisory business.
- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

## **Item 11            Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief

Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11.C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

## **Item 12      Brokerage Practices**

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Ameritrade*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Ameritrade* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker-dealer services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

### **1. Research and Additional Benefits**

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Ameritrade* (or another broker-dealer/custodian, investment platform, unaffiliated investment manager, vendor, and/or mutual fund sponsor) without cost (and/or at a discount) support services and/or products, certain of which assist the

Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Ameritrade* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Ameritrade* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

**The Registrant's Chief Compliance Officer, Christopher Brown, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.**

**TD Ameritrade Institutional Program**

The Registrant participates in the Institutional Program (the "*Program*") offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of *Ameritrade* member FINRA/SIPC/NFA, an independent and unaffiliated SEC-registered broker-dealer. *Ameritrade* offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. The Registrant receives some benefits from *Ameritrade* through its participation in the *Program*. Please refer to Item 14 below for more information about the *Program*.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

**Please Note:** In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur

higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance. **Please Also Note:** Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

**The Registrant's Chief Compliance Officer, Christopher Brown, remains available to address any questions that a client or prospective client may have regarding the above arrangement.**

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

### **Item 13      Review of Accounts**

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principal and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

### **Item 14      Client Referrals and Other Compensation**

- A. As disclosed under Item 12 above, the Registrant participates in the *Program* and may recommend *Ameritrade* to clients for custody and brokerage services. There is no direct link between Registrant's participation in the *Program* and the investment advice it gives to its clients, although Registrant receives economic benefits through its participation in the *Program* that are not typically available to *Ameritrade* retail investors. These benefits

include the following products and services (provided without cost or at a discount): receipt of duplicate client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing research, technology, and practice management products or services provided to Registrant by third party vendors. *Ameritrade* may also have paid for business consulting and professional services received by the Registrant. Some of the products and services made available by *Ameritrade* through the *Program* may benefit Registrant but may not benefit its client accounts. These products or services may assist Registrant in managing and administering client accounts, including accounts not maintained at *Ameritrade*. Other services made available by *Ameritrade* are intended to help Registrant manage and further develop its business enterprise. The benefits received by Registrant or its representatives through participation in the *Program* do not depend on the amount of brokerage transactions directed to *Ameritrade*. As part of its fiduciary duty to clients, the Registrant endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by Registrant or its representatives in and of itself creates a potential conflict of interest and may indirectly influence Registrant's recommendation of *Ameritrade* for custody and brokerage services.

Registrant also receives from *Ameritrade* certain additional economic benefits ("Additional Services") that may or may not be offered to any other independent investment advisers participating in the *Program*.

*Ameritrade* provides the Additional Services to Registrant in its sole discretion and at its own expense, and Registrant does not pay any fees to *Ameritrade* for the Additional Services. Registrant and *Ameritrade* have entered into a separate agreement ("Additional Services Addendum") to govern the terms of the provision of the Additional Services.

Registrant's receipt of Additional Services raises potential conflicts of interest. In providing Additional Services to Registrant, *Ameritrade* most likely considers the amount and profitability to *Ameritrade* of the assets in, and trades placed for, Registrant's client accounts maintained with *Ameritrade*. *Ameritrade* has the right to terminate the Additional Services Addendum with Registrant, in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from *Ameritrade*, Registrant may have an incentive to recommend to its clients that the assets under management by Registrant be held in custody with *Ameritrade* and to place transactions for client accounts with *Ameritrade*. Registrant's receipt of Additional Services does not diminish its duty to act in the best interests of its clients, including seeking best execution of trades for client accounts.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Ameritrade* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Ameritrade* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

**The Registrant's Chief Compliance Officer, Christopher Brown, remains available to address any questions that a client or prospective client may have regarding the above arrangements and any corresponding conflicts of interest any such arrangement may create.**

- B. If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant *may* pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

## **Item 15      Custody**

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. Please Also Note: The account custodian *does not* verify the accuracy of the Registrant's advisory fee calculation.

**Please Note: Custody Situations:** The Registrant engages in other practices and/or services on behalf of its clients that require disclosure at ADV Part 1, Item 9 (the Custody Section), which practices and/or services are subject to an annual surprise CPA examination in accordance with the requirements of Rule 206(4)-2 under the Investment Advisers Act of 1940. The Registrant's Chief Compliance Officer, Christopher Brown, remains available to address any questions that a client or prospective client may have regarding custody-related issues.

## **Item 16      Investment Discretion**

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, in writing, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

#### **Item 17        Voting Client Securities**

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

#### **Item 18        Financial Information**

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

**ANY QUESTIONS: The Registrant's Chief Compliance Officer, Christopher Brown, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.**
