**Certified Financial Planner** minimum requirements as described on Certified Board of Standards website. CFP® certificants must pass the comprehensive CFP® Certification Examination, pass CFP Board's Fitness Standards for Candidates and Registrants, agree to abide by CFP Board's Code of Ethics and Professional Responsibility which puts clients' interests first and comply with the Financial Planning Practice Standards which spell out what clients should be able to reasonably expect from the financial planning engagement.

To become certified, you are required to meet the following initial certification requirements (known as the four "Es"): Education; Examination; Experience; Ethics

#### **Education**

To take the CFP® Certification Examination, you will need to be knowledgeable in all areas covered by the financial planning topic list. There are three ways to complete the educational requirement: CFP Board-Registered Programs, Challenge Status or Transcript Review. Candidates for certification must have a bachelor's degree (or higher), or its equivalent, in any discipline, from an accredited college or university in order to obtain CFP® certification.

**Examination**

After you have successfully met the education requirement, you will be eligible to apply for the CFP® Certification Examination. The CFP® Certification Examination assesses your ability to apply your financial planning knowledge, in an integrated format, to financial planning situations. Combined with the education and experience requirements, it assures the public that you have met a level of competency appropriate for professional practice.

**Experience**

Because CFP® certification indicates to the public your ability to provide financial planning without supervision, CFP Board requires you to have experience in the financial planning process. Three years of full-time relevant personal financial planning experience is required.

**Ethics**

When you have completed the education, examination and experience components of the CFP® certification process, you will be directed to complete the CFP® Certification Application asking you to disclose whether you have been a party (or involved) in any criminal, civil, governmental, or self-regulatory agency proceeding or inquiry. CFP® certification also requires you to agree to adhere to CFP Board's Code of Ethics and Professional Responsibility, Rules of Conduct and Financial Planning Practice Standards, and acknowledge CFP Board's right to enforce them through its Disciplinary Rules and Procedures.
