Advisory Business

Frank, Rimerman Advisors LLC, founded in 2000, is an SEC-registered investment advisor with its principal place of business at 1801 Page Mill Road, Palo Alto, California, 94304. Frank, Rimerman Advisors LLC is wholly owned by Frank, Rimerman + Co. LLP, a certified public accountancy firm in business since 1949.

While we specialize in financial planning and wealth management, we also assist clients with the selection of third party asset managers, portfolio evaluations, and general investment advice concerning specific financial goals and objectives.

We tailor our financial planning and wealth management services to the individual needs of the clients, working with each client to define their investment objectives, time horizon, investment restrictions, and risk tolerance. We use this information to develop a comprehensive asset allocation plan upon which we construct and manage customized portfolios which are broadly diversified across and within various asset classes. Client portfolios comprise equity and fixed-income positions including exchange-listed securities, indexed funds, bonds, and exchange traded funds appropriate for the client's specific asset allocation plan.

In managing a client's portfolio, we have access to and may recommend the use of third party asset managers and/or sub-advisers where it is advantageous to the unique needs of the client. In such cases, the client enters into separate service agreements and fee arrangements with the third party asset managers and/or sub-advisers.

As of December 31, 2015, our total assets under management were approximately \$570 million, of which we managed approximately \$501 million on a discretionary basis and \$69 million on a non-discretionary basis.

Fees and Compensation

For managed account and investment advisory services, our advisory fees are generally based on a percentage of the current market value of the assets in the client's account and are set out in the agreement between the client and Frank, Rimerman Advisors. The total annual fees typically range from 0.75% to 1.50% and are negotiable. All fees are deducted quarterly from the client's account based on the value of the account on the last day of the previous quarter.

Of the total annual fees, our investment advisory fees typically range from 0.20% to 0.70% of the value of the client's assets. We currently use the following tiered fee structure with a minimum fee of \$15,000 annually:

<u>Assets Under Advisory</u>	<u>Advisory Fee</u>
First \$5 million	0.70%
\$5 million to \$10 million	0.50%
\$10 million to \$20 million	0.30%
\$20 million to \$100 million	0.20%
Over \$100 million	0.10%

Of the total annual fees, the client's account is also charged quarterly for agreed-upon fees charged by the investment management platform provider (where applicable), the individual asset managers, mutual funds (where applicable), and the brokers and custodians. The exact fees for these services are disclosed to and agreed upon by the client prior to setting up the managed account but overall fees for the account, including our investment advisory fees, will fall in the 0.75% to 1.50% annual range.

We reserve the right to negotiate fees and we may manage certain accounts without an advisory fee, such as accounts of employees, former employees, employees' affiliates or their relations. We may, in certain circumstances, negotiate a reduced annual minimum to avoid charging fees deemed to be excessive.

For clients who engage us on an hourly basis, our billing rates range from \$285 to \$625. Fixed fee engagements are available.

Performance Fees and Side-by-Side Management

We do not charge performance-based fees (fees based on a share of capital gains on, or capital appreciation of, the assets of a client) due to the inherent conflict of interest in charging fees in such a manner.

Types of Clients

We provide investment advisory services to high net worth individuals, trusts and estates, and some limited liability companies.

Methods of Analysis, Investment Strategies, and Risk of Loss

We use a long term investment philosophy and provide individual advice based on each client's risk tolerance. For the Separately Managed Account Program, we utilize the services of a Platform Provider to prescreen independent asset managers to determine if the managers meet certain criteria. For the Select Account Program, we recommend individual asset managers based on our review of information provided by the asset managers and independent third parties. Our investment recommendations are based upon fundamental and technical analysis of investments provided by a variety of publicly available research and reports. While we perform due diligence as described above, investing in securities involves risk of loss that clients/investors should be prepared to bear.

Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management. We have no reportable disciplinary events to disclose.

Other Financial Industry Activities and Applications

Frank, Rimerman + Co. LLP owns Frank, Rimerman Advisors LLC. Brian Kreischer is the managing partner of Frank, Rimerman + Co. LLP and the manager of Frank, Rimerman Advisors LLC. Brian is primarily engaged in the business of accountancy through Frank, Rimerman + Co. LLP. Frank, Rimerman + Co. LLP is a certified public accounting firm. It provides limited investment advice as an incidental part of its accounting business but does not hold itself out as an investment advisor and does not charge separate and identifiable fees for any investment advisory services. Frank, Rimerman Advisors LLC is an investment advisor and is not an accounting firm. Frank, Rimerman Advisors LLC does not hold itself out as an accounting firm and is not a licensee of the California Board of Accountancy.

Frank, Rimerman + Co. LLP provides certain administrative and clerical services for Frank, Rimerman Advisors LLC for which it receives compensation reasonably related to the cost of such services.

Frank, Rimerman Advisors LLC has contractual relationships with various independent portfolio managers to whom it refers clients as part of its various advisory and referral programs. Frank, Rimerman Advisors LLC also has contractual relationships with independent portfolio managers with whom Frank, Rimerman Advisors LLC contracts to act as sub-advisors.

Code of Ethics

Our formal code of ethics establishes standards of conduct for our management and employees to ensure they comply with their fiduciary obligations to our clients and with applicable securities laws and specific requirements relating to, among other things, insider trading and personal trading. Our code of ethics also contains policies involving the safeguarding of proprietary and non-public information by our personnel along with restrictions on the use of insider information and the use of non-public information regarding a client. Annually, our employees certify they have read, understand and comply with our code of ethics and avoid activities, interests and relationships that run contrary to the best interests of our clients.

Our employees agree to serve in the client's best interest and not benefit at the expense of our clients, particularly in making personal investments in securities traded by the client.

Our employees agree to comply with the code of ethics with regards to personal trading of securities and our insider trading policy. Upon being hired, our employees provide a copy of their existing holdings in individual securities and provide quarterly brokerage statements which are reviewed by our chief compliance officer for trading activity.

Our employees agree to not accept investment opportunities, gifts, or other gratuities from individuals seeking to conduct business with us or on behalf of the client.

Finally, our employees agree to maintain full compliance with federal securities law.

Brokerage Practices

For managed accounts, brokerage services will generally be provided by the broker designated by the client. We may recommend one or more brokers to a client based upon their reputation, experience and services offered to our clients. The client may select the broker we recommend or another broker of their choosing. Some individual asset managers may utilize other brokers at their discretion for purposes of best execution. We are not compensated, directly or indirectly, by brokers for client referrals.

Review of Accounts

We review the performance of managed accounts on a continuous, ongoing basis. On a quarterly basis, we review the account's rebalancing activity, review and audit fees charged to the account, review trading in the account against any client-directed restrictions, review the asset managers' performance and provide quarterly performance reporting to the client. We meet with the client at least annually to review the performance of their managed accounts and any changes in the client's financial goals or profile which would require any changes in their asset allocation.

Client Referrals and Other Compensation

We have no referral programs where we are compensated for referring our clients to other service providers. We occasionally refer clients to Frank, Rimerman + Co. LLP for non-investment advisory services, but we receive no compensation for those referrals.

Custody

All clients' accounts are held in custody by unaffiliated broker/dealers or banks, but Frank, Rimerman Advisors LLC can access many clients' accounts through its ability to debit advisory fees. For this reason, Frank, Rimerman Advisors LLC is considered to have custody of client assets. Account custodians send statements directly to the account owners on at least a quarterly basis. Clients should carefully review these statements, and should compare these statements to any account information provided by Frank, Rimerman Advisors LLC.

Voting Client Securities

The client may contact us for advice or information about a particular proxy vote but we do not exercise proxy voting authority over client securities and should not be designated by custodians as the party to receive information on voting client proxies. The obligation to vote client proxies rests with the client. The client may choose to designate proxy voting to the individual asset managers to whom it allocates assets. Should we inadvertently receive proxy information for a security held in the client's account, we will immediately forward such information on to the client.

Financial Information

Since we have discretionary authority over the assets of certain clients as it relates to investing and re-investing assets within their accounts, we are required to disclose any financial conditions which might reasonably impair our ability to meet contractual commitments. There are no unfavorable financial conditions to disclose.
