FORM ADV PART 2A BROCHURE

This Brochure provides information about the qualifications and business practices of EHD Advisory Services, Inc. If you have any questions about the contents of this Brochure, please contact us at the phone number listed above. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about EHD Advisory Services, Inc. is also available on the SEC's website at www.adviserinfo.sec.gov. The searchable IARD/CRD number for our firm is 127155.

EHD Advisory Services, Inc. is a registered investment adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Item 2 Summary of Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Since our last annual updating amendment dated March 18, 2015, we have amended this Part 2A Disclosure Brochure to clarify our fee calculation for portfolio management services. Specifically, the portfolio management fee is billed monthly in advance, and the calculation is based on market value of your account(s) as of the last business day of the preceding month. If you have any questions about how your fees are billed and/or calculated, please do not hesitate to contact us at 717-390-4336.

Item 4 Advisory Business

Description of Services and Fees

EHD Advisory Services, Inc. is a registered investment adviser based in Lancaster, PA. We are organized as a corporation under the laws of the State of Pennsylvania. We have been providing investment advisory services since 2003. Kenneth Eshleman, Joyce Libby, Joseph Rader, Stephen Torrance, Richard Diem and Steven Maher are our firm's owners. Currently, we offer the following investment advisory services, which are personalized to each individual client:

- Financial Planning Services
- Portfolio Management Services
- Pension Consulting Services

The following paragraphs describe our services and fees. Please refer to the description of each investment advisory service listed below for information on how we tailor our advisory services to your individual needs. As used in this Brochure, the words "we", "our" and "us" refer to EHD Advisory Services, Inc. and the words "you", "your" and "client" refer to you as either a client or prospective client of our firm. Also, you may see the term Associated Person throughout this Brochure. As used in this Brochure, our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm.

Financial Planning Services

We offer broad-based, modular, and consultative financial planning services. Financial planning will typically involve providing a variety of advisory services to clients regarding the management of their financial resources based upon an analysis of their individual needs. If you retain our firm for financial planning services, we will meet with you to gather information about your financial circumstances and objectives. Once we review and analyze the information you provide to our firm, we may deliver a written plan to you, designed to help you achieve your stated financial goals and objectives.

Financial plans are based on your financial situation at the time we present the plan to you, and on the financial information you provide to our firm. You must promptly notify our firm if your financial situation, goals, objectives, or needs change.

You are under no obligation to act on our financial planning recommendations. Should you choose to act on any of our recommendations, you are not obligated to implement the financial plan through any of our other investment advisory services. Moreover, you may act on our recommendations by placing securities transactions with any brokerage firm.

We charge a fixed fee for financial planning services, which generally ranges from \$500 to \$1,500. The fee is negotiable depending upon the complexity and scope of the plan, your financial situation, and your objectives. An estimate of the total time/cost will be determined at the start of the advisory relationship. We generally require payment upon completion of services rendered, but we may require that you pay 50% of the fee in advance with the remaining portion upon the completion of the services rendered. In our sole discretion, we may negotiate other fee paying arrangements with you. We will not require prepayment of a fee more than six months in advance and in excess of \$1,200.

You may terminate the financial planning agreement by providing written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the agreement. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

Portfolio Management Services

We offer discretionary and non-discretionary portfolio management services. Our investment advice is tailored to meet our clients' needs and investment objectives. If you retain our firm for portfolio management services, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information (the "suitability information") at the beginning of our advisory relationship. We will use the suitability information we gather to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investments on your behalf. As part of our portfolio management services, we may customize an investment portfolio for you in accordance with your risk tolerance and investing objectives. Once we construct an investment portfolio for you, we will monitor your portfolio's performance on an ongoing basis, and will rebalance the portfolio as required by changes in market conditions and in your financial circumstances.

If you participate in our discretionary portfolio management services, we require you to grant our firm discretionary authority to manage your account. Discretionary authorization will allow our firm to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. Discretionary authority is typically granted by the investment advisory agreement you sign with our firm, a power of attorney, or trading authorization forms. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased for your account) by providing our firm with your restrictions and guidelines in writing. If you enter into non-discretionary arrangements with our firm, we must obtain your approval prior to executing any transactions on behalf of your account.

Our fee for portfolio management services is based on a percentage of your assets we manage and is set forth in the following fee schedule:

<u>Assets Under Management</u>	<u>Annual Fee</u>
Assets up to \$1 million	1.10%
Plus, on assets over \$1 million, but less than \$3 million	0.75%
Plus, on assets over \$3 million, but less than \$5 million	0.65%
Plus, on assets over \$5 million	0.50%

In limited circumstances, our portfolio management fee may exceed our standard fee schedule. Under no circumstances will our portfolio management fee exceed an annual fee of 1.50% of assets under management.

Or fees are automatically debited from your account on the first business day of each month. Management fees are calculated based on the market value of your account(s) as of the last business day of the previous month.

If the portfolio management agreement is executed at any time other than the first day of a calendar month, our fees will apply on a pro rata basis, which means that the advisory fee is payable in proportion to the number of days in the month for which you are a client. Our advisory fee is negotiable, depending on individual client circumstances.

At our discretion, we may combine the account values of family members living in the same household to determine the applicable advisory fee. For example, we may combine account values for you and your minor children, joint accounts with your spouse, and other types of related accounts. Combining account values may increase the asset total, which may result in your paying a reduced advisory fee based on the available breakpoints in our fee schedule stated above.

We will send you an invoice for the payment of our advisory fee, or we will deduct our fee directly from your account through the qualified custodian holding your funds and securities. We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. Further, the qualified custodian will deliver an account statement to you at least quarterly. These account statements will show all disbursements from your account. You should review all statements for accuracy. If you find any inconsistent information on statement(s) you receive from the qualified custodian, please call our main office number located on the cover page of this Brochure.

You may terminate the portfolio management agreement upon 30 day written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the portfolio management agreement, which means you will incur advisory fees only in proportion to the number of days in the month for which you are a client. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

Retirement Plan Advisory Services

We offer advisory services to employer sponsor retirement plans and their Trustees/ fiduciaries based upon the needs of the plan and the services requested by the plan sponsor or named fiduciary. In general, these services may include an existing plan review and analysis, plan-level advice regarding fund selection and investment options, education services to plan participants, investment performance monitoring, and/or ongoing consulting related to plan design, administration and/or participant communication efforts. These services will generally be non-discretionary and advisory in nature. The ultimate decision to act on behalf of the plan shall remain with the plan sponsor or other named fiduciary.

We may also assist with participant enrollment meetings and provide investment-related educational seminars to plan participants on such topics as: Diversification; Asset allocation; Risk tolerance; and, Time horizon. Our educational seminars may include other investment-related topics specific to the particular needs of the plan *sponsor and/or participants*.

We may also provide additional types of *advisory* services to plans on an individually negotiated basis. All services, whether discussed above or customized for the plan based upon requirements from the plan fiduciaries (which may included additional plan-level or participant-level services) shall be detailed in a written agreement and be consistent with the parameters set forth in the plan documents. Our advisory fees for these customized services will be negotiated with the plan sponsor or named fiduciary on a case-by-case basis.

Either party to the *advisory* agreement may terminate the agreement upon 30-days' written notice to the other party. The *advisory* fees will be prorated for the quarter in which the termination notice is given and any unearned fees will be refunded to the client.

General - Advisory Services to Retirement Plans and Plan Participants

As disclosed above, we offer various levels of advisory and consulting services to employee benefit plans ("Plan") and to the participants of such plans ("Participants"). The services are designed to assist plan sponsors in meeting their management and fiduciary obligations to Participants under the Employee Retirement Income Securities Act ("ERISA"). Pursuant to adopted regulations of the U.S. Department of Labor, we are required to the Plan's responsible plan fiduciary (the person who has the authority to engage us as an investment adviser to the Plan) with a written statement of the services we provide to the Plan, the compensation we receive for providing those services, and our status (which is described below).

The services we provide to your Plan are described above, and in the service agreement that you have previously signed. Our compensation for these services are described in the service agreement. We do not reasonably expect to receive any other compensation, direct or indirect, for the services we provide to the Plan or Participants, unless the plan sponsor directs us to deduct our fee from the plan or directs the plan record-keeper to issue payment for our fee out of the plan. If we receive any other compensation for such services, we will (i) offset the compensation against our stated fees, and (ii) we will promptly disclose the amount of such compensation, the services rendered for such compensation and the payer of such compensation to you.

We are registered as an investment adviser under the Investment Advisers Act of 1940, and represent that our firm is not subject to any disqualification as set forth in Section 411 of ERISA.

In performing the Fiduciary Services, we are acting as a fiduciary of the Plan as defined in Section 3(21) under the Employee Retirement Income Security Act ("ERISA"), or as a fiduciary of the plan as defined in Section 3(38) under ERISA.

Types of Investments

We offer advice on equity securities, certificates of deposit, investment company securities, US Government securities, options contracts on securities, and others. Additionally, we may advise you on any type of investment that we deem appropriate based on your stated goals and objectives. We may also provide advice on any type of investment held in your portfolio at the inception of our advisory relationship.

You may request that we refrain from investing in particular securities or certain types of securities. You must provide these restrictions to our firm in writing.

Assets Under Management

As of December 31, 2015, we provide continuous management services for \$120,658,752 in client assets on a discretionary basis, and \$2,964,844 in client assets on a non-discretionary basis.

Item 5 Fees and Compensation

Additional Fees and Expenses

As part of our investment advisory services to you, we may invest, or recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian through whom your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others. For information on our brokerage practices, please refer to the "Brokerage Practices" section of this Brochure.

Compensation for the Sale of Securities or Other Investment Products

Persons providing investment advice on behalf of our firm may be registered representatives with LPL Financial LLC ("LPL"), a securities broker-dealer. In their capacity as registered representatives, these persons will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by these persons in their capacities as registered representatives is separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment

advice on behalf of our firm who are registered representatives may have a financial incentive to effect securities transactions on your behalf. However, you are under no obligation, contractually or otherwise, to purchase securities products through any person affiliated with our firm.

Persons providing investment advice on behalf of our firm may also be licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents may have a financial incentive to recommend insurance products to you. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with our firm.

Item 6 Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Our fees are calculated as described in the *Advisory Business* section above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 Types of Clients

We provide portfolio management services to individuals, high net worth individuals, corporate pension and profit-sharing plans, charitable institutions, foundations, endowments and municipalities. Advice may extend to corporate entities related to the client, such as small businesses. Client relationships vary in scope and length of service. We do not impose a minimum dollar of assets or other condition for opening or maintaining an account.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Our Methods of Analysis and Investment Strategies

Overall our process is led by our Chief Investment Officer, a Chartered Financial Analyst who possesses over 16 years of portfolio management experience and Investment Research Associate with over X years of relevant experience.

Our method of security selection depends on the nature of the particular security. If we are analyzing an individual equity security then we will utilize a variety of research services and fundamental factors. We purchase research from Advent, Standard & Poor's, Morningstar and Ned Davis Research to provide the backbone of our analysis. This information is converted into a quantitatively oriented spreadsheet to come up with an informal stock attractiveness rating.

EAS runs its own large-mid cap core equity strategy. Typically this approach holds 30 or so individual, equally weighted stocks in a portfolio that benchmarks against the Russell 1000 index. The strategy is run on a top down and bottom up basis meaning that industry sector and sub sector over and underweights are used in addition to individual stock selection. This portfolio is evaluated on a monthly basis.

Mutual fund research is supported by Morningstar Office. Mutual funds and ETF's are ranked according to an index based system that evaluates each fund's performance, risk and expense ratios relative to their peers in a variety of predetermined categories.

Individual bond analysis is supported through associations with various brokers, but most notably with Advisors Asset Management (AAM) who support individual bond and fixed income portfolio analysis. AAM utilizes various major rating agency research combined with independent research from an in-house analytical group.

Alternative assets in mutual fund form are utilized in portfolio construction to reduce asset class risk. Depending on the portfolio's risk budget these assets can be carved out of equity or fixed income exposure. These funds will almost always be in an Act 40 mutual fund for liquidity, tax and transparency advantages. They are evaluated in a similar fashion to other mutual fund and ETF categories.

Portfolio construction is made within a strategic and tactical asset allocation construct. After a client's preferred asset class allocation is determined a portfolio of stocks, bonds and alternative assets is created. Our exposure to the various categories of equities is determined by the current tactical allocation which can change on a quarterly basis. Investments are made in the major equity categories that can include large cap growth, value and core equities. Small and Mid-cap investments are added to round out the client's domestic equity portfolio. Developed International and Emerging market equities are also utilized. The large cap core can be populated with the EAS Core equity strategy or through a mutual fund depending on account size and client preferences. Most of the other equity categories mentioned above require specific expertise that is best found in a mutual fund or ETF.

EHD Advisory Services, Inc. recognizes that every investment carries various inherent risks such as: principal risk, interest rate risk, market risk, inflation risk, currency risk, timing risk and liquidity risk. The most common definition of risk is "risk of loss". Risk of loss is unavoidable, but not unmanageable. Risk of loss can be greatly diminished through diversification based risk controls, consistently applied fundamental analysis and an objective buy/sell discipline.

We feel that robust analysis, actual diversification and constant due diligence can reduce portfolio risk and maximize risk adjusted return. We feel our methods and process address this objective on a portfolio and security basis.

Item 9 Disciplinary Information

EHD Advisory Services, Inc. has been registered and providing investment advisory services since 2003. Neither our firm nor any of our Associated Persons has any disciplinary information.

Item 10 Other Financial Industry Activities and Affiliations

Persons providing investment advice on behalf of our firm may be registered representatives with LPL Financial LLC ("LPL"), a securities broker-dealer.

In addition to being registered as an investment adviser, our firm is also licensed as an insurance agency. Moreover, our firm is also affiliated with Engle-Hambright & Davies, Inc., a licensed insurance agency. Consequently, some persons providing investment advice on behalf of our firm may be licensed as insurance agents. These persons may earn commission-based compensation for selling

insurance products. Insurance commissions earned by these persons are separate and apart from our advisory fees. Please see the "Fees and Compensation" section in this Brochure for more information on the compensation received by insurance agents who are affiliated with our firm.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Description of Our Code of Ethics

We strive to comply with applicable laws and regulations governing our practices. Therefore, our Code of Ethics includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. All of our Associated Persons are expected to adhere strictly to these guidelines. Persons associated with our firm are also required to report any violations of our Code of Ethics. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Our Code of Ethics is available to you upon request. You may obtain a copy of our Code of Ethics by contacting us at the phone number listed on the cover page of this Brochure.

Participation or Interest in Client Transactions

Neither our firm nor any of our Associated Persons has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this Brochure.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell the same securities that we recommend to you or securities in which you are already invested. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To eliminate this conflict of interest, it is our policy that neither our Associated Persons nor we shall have priority over your account in the purchase or sale of securities.

Item 12 Brokerage Practices

We recommend the brokerage and custodial services of LPL Financial LLC. ("LPL") and Pershing Advisor Solutions ("Pershing"), respectively. We believe that LPL and Pershing provide quality execution services for you at competitive prices. Price is not the sole factor we consider in evaluating best execution. We also consider the quality of the services provided, including the value of research provided, the firm's reputation, execution capabilities, commission rates, and responsiveness to our clients and our firm. In recognition of the value of research services and additional brokerage products and services LPL and Pershing provide, you may pay higher commissions and/or trading costs than those that may be available elsewhere.

Directed Brokerage

Persons providing investment advice on behalf of our firm who are registered representatives of LPL will recommend LPL to you for brokerage services. These individuals are subject to applicable rules that restrict them from conducting securities transactions away from LPL unless LPL provides the representative with written authorization to do so. Therefore, these individuals are generally limited to conducting securities transactions through LPL. It may be the case that LPL charges higher transactions costs and/or custodial fees than another broker charges for the same types of services. If transactions are executed through LPL, these individuals (in their separate capacities as registered representatives of LPL) may earn commission-based compensation as result of placing the

recommended securities transactions through LPL. This practice presents a conflict of interest because these registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on your needs. You may utilize the broker-dealer of your choice and have no obligation to purchase or sell securities through such broker as, we recommend. However, if you do not use LPL, we may not be able to accept your account. Please see the "Fees and Compensation" section in this Brochure for more information on the compensation received by registered representatives who are affiliated with our firm.

Block Trades

We combine multiple orders for shares of the same securities purchased for discretionary accounts; however, we do not combine orders for non-discretionary accounts. Accordingly, non-discretionary accounts may pay different costs than discretionary accounts pay. If you enter into non-discretionary arrangements with our firm, we may not be able to buy and sell the same quantities of securities for you and you may pay higher commissions, fees, and/or transaction costs than clients who enter into discretionary arrangements firm.

Research and Other Soft Dollar Benefits

In selecting or recommending a broker-dealer, we will consider the value of research and additional brokerage products and services a broker-dealer has provided or will provide to our clients and our firm. Receipt of these additional brokerage products and services are considered to have been paid for with "soft dollars." Because such services could be considered to provide a benefit to our firm, we have a conflict of interest in directing your brokerage business. We could receive benefits by selecting a particular broker-dealer to execute your transactions, and the transaction compensation charged by that broker-dealer might not be the lowest compensation we might otherwise be able to negotiate.

Products and services that we may receive from broker-dealers may consist of research data and analyses, financial publications, recommendations, or other information about particular companies and industries (through research reports and otherwise), and other products or services (e.g., software and data bases) that provide lawful and appropriate assistance to our firm in the performance of our investment decision-making responsibilities. Consistent with applicable rules, brokerage products and services consist primarily of computer services and software that permit our firm to effect securities transactions and perform functions incidental to transaction execution. We use such products and services in our general investment decision making, not just for those accounts for which commissions may be considered to have been used to pay for the products or services.

The test for determining whether a service, product or benefit obtained from or at the expense of a broker constitutes "research" under this definition is whether the service, product or benefit assists our firm in investment decision-making for discretionary client accounts. Services, products or benefits that do not assist in investment decision-making for discretionary client accounts do not qualify as "research." Also, services, products or benefits that are used in part for investment decision-making for discretionary client accounts and in part for other purposes (such as accounting, corporate administration, recordkeeping, performance attribution analysis, client reporting, or investment decision-making for the firm's own investment accounts) constitute "research" only to the extent that they are used in investment decision-making for discretionary client accounts.

Before placing orders with a particular broker-dealer, we determine that the commissions to be paid are reasonable in relation to the value of all the brokerage and research products and services provided by that broker-dealer. In some cases, the commissions charged by a particular broker for a particular transaction or set of transactions may be greater than the amounts charged by another broker-dealer that did not provide research services or products.

We do not exclude a broker-dealer from receiving business simply because the broker-dealer does not provide our firm with soft dollar research products and services. However, we may not be willing to pay the same commission to such broker-dealer as we would have paid had the broker-dealer provided such products and services.

The products and services we receive from broker-dealers will generally be used in servicing all of our clients' accounts. Our use of these products and services will not be limited to the accounts that paid commissions to the broker-dealer for such products and services. In addition, we may not allocate soft dollar benefits to your accounts proportionately to the soft dollar credits the accounts generate. As part of our fiduciary duties to you, we endeavor at all times to put your interests first. You should be aware that the receipt of economic benefits by our firm is considered to create a conflict of interest.

We have instituted certain procedures governing soft dollar relationships including preparation of a brokerage allocation budget, mandated reporting of soft dollar irregularities, annual evaluation of soft dollar relationships, and an annual review of our brochure to ensure adequate disclosures of conflicts of interest regarding our soft dollar relationships.

Item 13 Review of Accounts

Portfolio Managed Accounts: Our Associated Person assigned to your managed account will monitor your account(s) on an ongoing basis and will conduct account reviews at least annually to ensure the advisory services provided to you are consistent with your stated investment needs and objectives. Additional reviews may be conducted based on various circumstances, including, but not limited to: contributions and withdrawals, year-end tax planning, market moving events, security specific events, and/or, changes in your risk/return objectives.

You will receive trade confirmations and monthly or quarterly statements from your account custodian(s). We may provide you with additional or regular written reports in conjunction with account reviews.

Financial Planning Accounts: We will review your financial plan only at your request.

Item 14 Client Referrals and Other Compensation

We do not receive any compensation from any third party in connection with providing investment advice to you nor do we compensate any individual or firm for client referrals.

Please refer to the *Brokerage Practices* section above for disclosures on research and other benefits we may receive resulting from our relationship with LPL.

As disclosed under the "Fees and Compensation" section in this Brochure, persons providing investment advice on behalf of our firm are licensed insurance agents, and are registered representatives with LPL, a securities broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. For information on the conflicts of interest this presents, and how we address these conflicts, please refer to the "Fees and Compensation" section.

Item 15 Custody

We directly debit your account(s) for the payment of our advisory fees. This ability to deduct our advisory fees from your accounts causes our firm to exercise "limited" custody over your funds or securities. We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent qualified custodian. You will receive account statements from the independent qualified custodian(s) holding your funds and securities at least quarterly. The account statements from your custodian(s) will indicate the amount of our advisory fees deducted from your account(s) each billing period. You should carefully review account statements for accuracy. If you have a question regarding your account statement or if you did not receive a statement from your custodian, please contact us at the phone number on the cover page of this Brochure.

Item 16 Investment Discretion

If you engage us to perform discretionary management services, you must first sign our discretionary management agreement before we can buy or sell securities on your behalf. Discretionary authorization enables our firm to exercise discretion over the selection and amount of securities to be purchased or sold for your account(s) without obtaining your consent or approval prior to each transaction. You may specify investment objectives, guidelines, and/or impose certain conditions or investment parameters for your account(s). For example, you may specify that the investment in any particular stock or industry should not exceed specified percentages of the value of the portfolio and/or restrictions or prohibitions of transactions in the securities of a specific industry or security.

If you enter into non-discretionary arrangements with our firm, we will obtain your approval prior to the execution of any transactions for your account(s). You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Item 17 Voting Client Securities

Proxy Voting

EHD Advisory Services, Inc. generally will monitor proposed corporate actions and proxy issues regarding client securities, and may take any of the following actions based upon reasonable judgment of the vote most likely to produce favorable financial results for the client. The following actions may be taken based upon the best interest of the client: (i) determine how to vote the proxies, (ii) abstain, or (iii) follow the recommendations of an independent proxy voting service in voting the proxies.

The full text of EHD Advisory Services, Inc.'s proxy voting policy will be provided upon request.

Item 18 Financial Information

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$1,200 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

Item 19 Requirements for State Registered Investment Advisers

We are a federally registered investment adviser; therefore, we are not required to respond to this item.

Item 20 Additional Information

Your Privacy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact us if you have any questions regarding this policy.

Trade Errors

In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account. If a trade error results in a profit, you will not keep the profit.

Class Action Lawsuits

We do not determine if securities held by you are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by you.
