Item 4 – Advisory Business

Overview of the Firm

BAAM, a Delaware limited partnership, is a leading hedge fund solutions provider and primarily provides investment advisory services to private investment funds (collectively, the “BAAM Funds”) that predominantly engage in multi-manager investment programs. The BAAM Funds are commonly referred to in the industry as funds of hedge funds. BAAM, together with its affiliates in the Hedge Fund Solutions Group (“HFS”), manages or advises approximately \$66.9 billion as of December 31, 2016. Please note that this is an unaudited estimate and does not include non-discretionary advisory clients. BAAM also may advise clients / accounts, typically on a non-discretionary basis, regarding such clients’ hedge fund portfolio (together with BAAM Funds, the “BAAM Clients”).

BAAM was founded in 1990 as part of The Blackstone Group L.P. (NYSE: BX) (“Blackstone”), which is the ultimate parent of BAAM. Blackstone is one of the leading alternative investment managers in the world with investment programs and services concentrating in the private equity, real estate, corporate advisory and debt / credit areas, as well as the hedge fund solutions business. Subject to the HFS information walls, BAAM shares employees and facilities with Blackstone Strategic Alliance Advisors L.L.C. (“BSAA”), Blackstone Alternative Solutions L.L.C. (“BAS”), Blackstone Strategic Capital Advisors L.L.C. (“BSCA”), and Blackstone Alternative Investment Advisors LLC (“BAIA”) each a registered investment adviser. Please see **Item 10 – Other Financial Industry Activities and Affiliations** for more information.

Blackstone Alternative Asset Management L.P.

Item 4 – Advisory Business

BAAM's assets under management ("AUM") were \$53.7 billion as of December 31, 2016. Please note that this is an unaudited estimate. In the case of assets managed by BAAM which are sub-advised or allocated to other HFS managers, such assets are included in the AUM for both BAAM and the other HFS manager if BAAM is paid a fee on such assets.

Overview of Advisory Services

As investment adviser to BAAM's Clients, BAAM:

- ▶ Identifies and implements investment opportunities for BAAM Clients;
- ▶ Participates in the monitoring of BAAM Clients' investments;
- ▶ Makes decisions on behalf of BAAM Clients to make and/or redeem investments;
- ▶ Engages in foreign currency hedging transactions and/or the hedging of certain market exposures for certain BAAM Clients; and
- ▶ Facilitates credit arrangements with a third party on behalf of certain BAAM Clients to allow the BAAM Client to borrow for bridge financing purposes and to leverage their investments (within the leverage limits stated in the Client Constituent Documents).

A BAAM Fund's strategy generally is to allocate capital to a diversified group of portfolio Underlying Managers, that invest or trade in a wide variety of securities and other instruments, including, but not limited to, equities and fixed income securities, currencies, commodities, futures contracts, options and other derivative instruments, all of which may be listed or unlisted, rated or unrated, distressed or publicly or privately issued. From time to time, BAAM Funds also invest in separate managed accounts with Underlying Managers (the funds and accounts managed by Underlying Managers are referred to herein as the "Underlying Investment Vehicles").

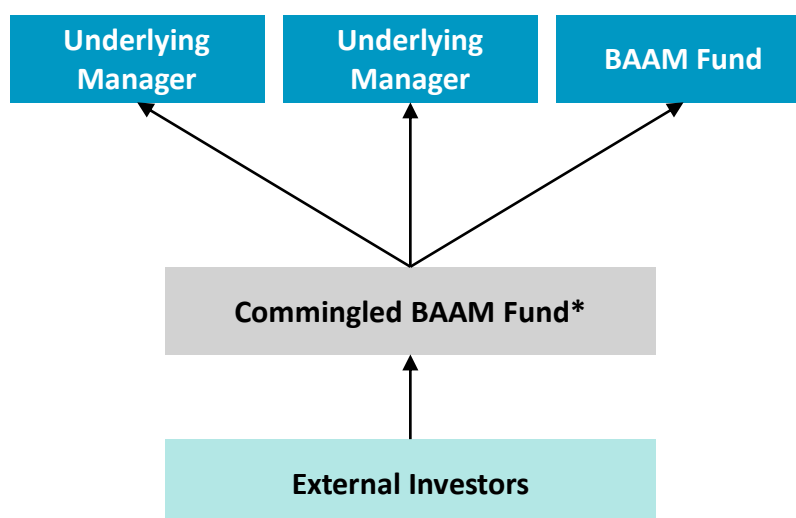

Blackstone Alternative Asset Management L.P.

Item 4 – Advisory Business

In general, BAAM offers three types of products:

1. Commingled Funds

“Commingled Funds” are BAAM Funds that are offered to multiple investors and invest in multiple Underlying Managers. Certain Commingled Funds are registered investment companies (“Registered Funds”). BAAM mandates the investment guidelines (e.g., risk factors, leverage, concentration limits, etc.) and makes investment decisions in its sole discretion. Generally, Commingled Funds other than Registered Funds also invest in other BAAM Funds, including in certain circumstances a BAAM Fund which invests in a single Underlying Manager (referred to by BAAM as “Wrappers”) or a group of Underlying Managers concentrated in one investment thesis (referred to by BAAM as “Pods”) within the guidelines of the Client Constituent Documents. Where a BAAM Fund invests in other BAAM Funds, there is only one level of fees charged by BAAM.

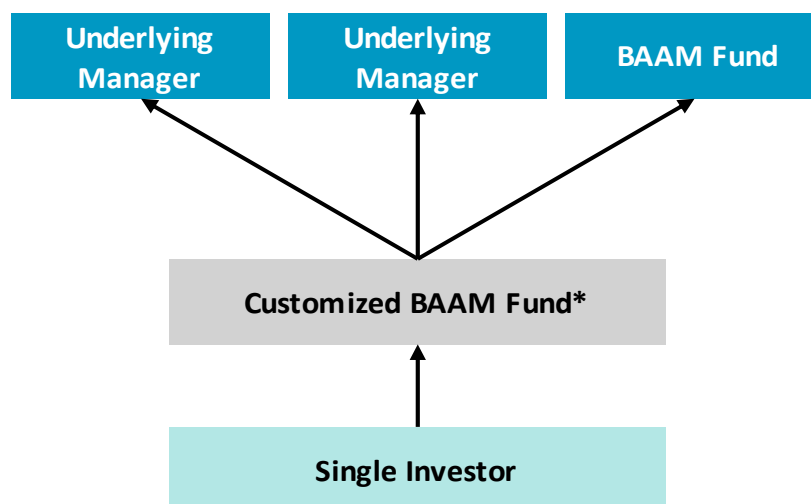

*A Commingled BAAM Fund may be an externally offered BAAM Fund or a BAAM Fund which is an intermediary fund (e.g., pods; wrappers) which are only offered to other BAAM Clients. A Commingled BAAM Fund may be in the form of an entity (e.g., Delaware limited partnership, Cayman limited liability company, etc.) or a managed account.

Blackstone Alternative Asset Management L.P.

Item 4 – Advisory Business

2. Customized Funds

A “Customized Fund” is where BAAM establishes a fund or account for a single investor and such fund or account invests directly in Underlying Managers and/or BAAM Funds. The investor is involved in establishing the investment guidelines and terms of the Customized Fund, although generally BAAM maintains discretion to make investment decisions. Certain Customized Funds are structured as “Managed Accounts,” which are funds managed and advised by BAAM that contract with third-party hedge fund managers to conduct day-to-day investment activities on behalf of such Customized Funds. If a Customized Fund invests in another BAAM Fund, to avoid duplication of fees, typically no advisory fees are charged by the underlying BAAM Fund. From time to time under limited circumstances, other advisors within HFS charge fees on assets invested with such advisors by a Customized Fund.

*A Customized BAAM Fund may be in the form of an entity (e.g., Delaware limited partnership; Cayman limited liability company) or a managed account.

3. Advisory Clients

On a limited basis, BAAM provides investment advisory services regarding a Client’s hedge fund portfolio (an “Advisory Client”). Advisory Clients typically maintain discretion over their portfolios (i.e., the right to make all investment decisions) and such portfolios are unaffiliated with BAAM.

BAAM Funds, Customized Funds and Advisory Clients constitute BAAM’s Clients. Investors in BAAM Funds (“Investors”) are not deemed to be BAAM Clients but are entitled to the rights and benefits described in the applicable Confidential Offering Memorandum, Limited Partnership

Blackstone Alternative Asset Management L.P.

Item 4 – Advisory Business

Agreements, Investment Management Agreements and other applicable constituent fund documents (the “Client Constituent Documents”).

Investors invested in the Customized Funds and Advisory Clients generally are subject to a significantly higher minimum investment threshold than Investors invested in the Commingled Funds due to the individualized nature of services provided.

BAAM typically engages third party service providers, such as custodians, administrators and/or auditors, on behalf of the BAAM Clients.

Blackstone Alternative Asset Management L.P.

Item 5 – Fees and Compensation

Asset-Based Advisory Fees

In general, BAAM charges an asset-based advisory fee of up to 2% of assets under management. Generally, Blackstone managed funds and employees, retired partners, and certain former employees of Blackstone are not subject to such asset-based advisory fees.

BAAM's asset-based advisory fees and performance-based fees are not inclusive of all fees and expenses. Please see **Additional Fees and Expenses** section below.

Performance-Based Fees

Please see **Item 6 – Performance-Based Fees** for more detail.

Fee Negotiations

Fees generally are non-negotiable, except in the case of affiliates, strategic/significant relationships, Customized Funds and Advisory Clients.

Payment of Asset-Based Advisory Fees

Fees are paid to BAAM in accordance with the Client Constituent Documents. In general, asset-based advisory fees accrue on a monthly basis and are paid on a quarterly basis. A Client may be charged an asset-based advisory fee in advance on the first day of each fiscal quarter or in arrears on the last day of each fiscal quarter. Investors only will be charged for the days that they are invested in the BAAM Clients. If a payment was made in advance and an Investor redeems prior to the end of the payment period, a pro rata portion of the asset-based advisory fee (based on the number of days remaining in the payment period) will be refunded by BAAM to the Investor.

Fees typically are deducted from a Client's assets invested with BAAM at the payment date, but also may be invoiced at a later time. Investors in a BAAM Fund bear indirectly their pro rata share of asset-based fees for the time period they are invested in the BAAM Funds.

Additional Fees and Expenses

BAAM's advisory fees are not inclusive of all the fees that BAAM Clients (and, indirectly, the Investors) may pay. The following is a list of fees and/or expenses that BAAM Clients may pay directly to third parties. This list is not intended to be exhaustive; the relevant Client Constituent Documents provide further detail relating to fees and expenses.

- ▶ Underlying Manager Advisory and Performance Fees
- ▶ Underlying Manager Expenses
- ▶ Credit Facility Fees, including Interest Charges
- ▶ Director Fees
- ▶ Organizational Expenses
- ▶ Ordinary Administrative Expenses
- ▶ Operating Expenses

Blackstone Alternative Asset Management L.P.

Item 5 – Fees and Compensation

- ▶ Risk Management
- ▶ Data Aggregation
- ▶ Custodial Fees
- ▶ Administrator Fees
- ▶ Legal Fees
- ▶ Regulatory Fees
- ▶ Compliance Fees
- ▶ Accounting Fees
- ▶ Audit Fees
- ▶ Brokerage Costs
- ▶ Interest Charges
- ▶ Bank Wire Fees
- ▶ Shareholder Onboarding
- ▶ Consulting Fees
- ▶ Preparing, Printing and Delivering All Reports, Documents and Filings Related to the Fund and its Investments
- ▶ Any Fees Related to the Preparation and Delivery of Internal Control Reports
- ▶ Any Fees Related to the Preparation and Delivery of Any Entity-Level Taxes
- ▶ Expenses Incurred in Offering of Shares/Interests
- ▶ Certain Technology Costs
- ▶ Certain Hardware Costs
- ▶ Software Fees
- ▶ News Expenses
- ▶ Quotation Services
- ▶ Travel Expenses
- ▶ Expenses Related to the Preparation and Filing of Any Reports, Disclosures, Filings and Notifications of the Fund, the Investment Manager or its Affiliates to Regulatory or Governmental Authorities Relating to the Fund or its Activities
- ▶ Form PF Fees
- ▶ AIFM Report Fees
- ▶ Extraordinary Expenses, Including Litigation Expenses

Blackstone Alternative Asset Management L.P.

Item 5 – Fees and Compensation

- ▶ Commissions
- ▶ Tax Expenses
- ▶ Hedging
- ▶ Expenses of Liquidating the Fund
- ▶ Reports To Be Filed With the U.S. Commodity Futures Trading Commission (“CFTC”)

Investors in a BAAM Fund indirectly bear their pro rata share of such additional fees and expenses for the time period they are invested in the BAAM Fund.

BAAM employees do not receive compensation from the purchase or sale of securities or investments for BAAM Clients or for which BAAM provides advisory expertise / services. BAAM is a “fee only” investment adviser and, except as described below, BAAM does not have any potential conflicts of interest relating to any additional, undisclosed compensation.

Arcesium LLC (“Arcesium”) provides certain middle- and back-office services and technology to one or more Underlying Investment Vehicles, including certain funds managed by BAAM and affiliates of BAAM. BAAM holds a non-controlling, minority equity interest in Arcesium and the HFS Chief Operating Officer serves on the board of Arcesium. The services and technology provided to the Underlying Investment Vehicles by Arcesium support various post-trade activities, including trade capture, cash and position reconciliations, asset servicing, margin and collateral monitoring, pricing-related services, portfolio data warehousing, and other services and technology as agreed between the applicable Underlying Manager and Arcesium. BAAM may recommend Arcesium's services to the Underlying Managers. BAAM will not require any Underlying Manager to hire Arcesium as a condition to investing with such Underlying Manager, nor will it favor Underlying Managers because they use Arcesium over Underlying Managers who use other qualified middle- and back-office service providers when selecting Underlying Managers for the BAAM Fund's portfolio.

In return for such services, Arcesium receives from the Underlying Manager a one-time upfront implementation fee, an annual software fee (based on the Underlying Investment Vehicle's complexity and net asset value), and an annual operations services fee (also based on the Underlying Investment Vehicle's net asset value), as negotiated by the applicable client and Arcesium (such fees in the aggregate, the “Arcesium Fees”). Additional information regarding the Arcesium Fees is available from BAAM upon request.

Blackstone Alternative Asset Management L.P.

Item 5 – Fees and Compensation

In connection with BAAM's minority equity ownership interest in Arcesium, BAAM is expected to receive cash distributions from Arcesium from time to time. Subject to applicable law (including ERISA), such cash distributions are expected to be used to reimburse BAAM for the operating expenses of Arcesium which BAAM has previously paid. Following such expected reimbursement, any further cash distributions received by BAAM from Arcesium will be applied to reimburse the Arcesium Fees paid by funds managed by the Hedge Fund Solutions Group which are clients of Arcesium (the "HFS Arcesium Clients"). In the event that cash distributions received by BAAM from Arcesium exceed the Arcesium Fees paid by the HFS Arcesium Clients, any excess amounts will be retained by BAAM. In the event that Arcesium is sold to a third-party, there is no guarantee that BAAM will continue to receive such cash distributions and that the HFS Arcesium Clients will be reimbursed for any portion of the Arcesium Fees paid by them.

Blackstone Alternative Asset Management L.P.

Item 6 – Performance-Based Fees

In addition to the asset-based advisory fees disclosed in **Item 5 – Fees and Compensation** above, BAAM Clients also may pay a performance-based fee of up to 20% of net profits, subject to loss carryforward provisions (and, in some cases, a “performance hurdle”). Under a loss carryforward provision (also referred to as a “high water mark”), if a BAAM Client has a loss chargeable to it during any fiscal year, and during a subsequent fiscal year there is a profit allocable to such BAAM Client, there will be no performance-based fee payable with respect to BAAM such Client until the amount of the loss previously allocated has been recouped.

The size of the performance-based fee varies and depends on a number of factors including, but not limited to, the level of asset-based advisory fee charged and the use of performance hurdles. Investors in a BAAM Fund are allocated their pro rata share of performance-based fees for the time period they are invested in the BAAM Fund. These fee arrangements are more thoroughly described in the relevant Client Constituent Documents.

Generally, Blackstone managed funds and employees, retired partners, and certain former employees of Blackstone are not subject to such performance-based fees.

BAAM’s asset-based advisory fees and performance-based fees are not inclusive of all fees. Please see **Item 5 – Fees and Compensation** (Additional Fees and Expenses).

Please note the existence of a performance-based fee may incentivize BAAM to manage the BAAM Clients’ assets in a more aggressive manner than if there was no performance-based fee. Further, the existence of differing performance-based fees for BAAM Clients trading side-by-side creates a potential conflict of interest on the part of BAAM with respect to the allocation of investment opportunities. BAAM has a trade allocation policy (see **Item 12 – Brokerage Practices**) that is designed to address these potential conflicts of interest.

Since Underlying Managers are compensated based on their performance of their Underlying Investment Vehicles, a particular Underlying Manager will typically receive the BAAM Funds performance allocation in respect of its Underlying Investment Vehicles’ performance even during a period when the BAAM Funds experience losses.

Blackstone Alternative Asset Management L.P.

Item 7 – Types of Clients

Potential Conflicts of Interest specific to Blackstone Advisory Partners L.P.

Blackstone Advisory Partners L.P. (“BAP”) is a registered broker dealer and an affiliate of BAAM. BAP does not make markets in any securities and generally does not hold proprietary positions in securities or other investments. BAP engages in underwriting activities, which generally involve underwriting of debt and equity securities by Blackstone private equity portfolio companies.

On October 1, 2015, Blackstone spun off the financial and strategic advisory and restructuring and reorganization advisory divisions of BAP, as well as its Park Hill Group fund placement business, and combined these businesses with PJT Partners, an independent financial advisory firm founded by Paul J. Taubman (“PJTP”). While PJTP operates independently from Blackstone and is not an affiliate thereof, it is expected that there will be substantial overlapping ownership between Blackstone and PJTP for a considerable period of time going forward. Such overlapping ownership, as well as the relationship between Blackstone and its former personnel involved in PJTP, may influence Blackstone in deciding to select or recommend PJTP to perform services for Blackstone-managed funds (or a portfolio company).

BAAM U.S.-based marketing personnel who are responsible for raising assets for the BAAM Funds are registered representatives of BAP. BAP does not receive any compensation relating to such arrangement.

Potential Conflicts of Interest specific to Pátria Investments S.A.

Blackstone owns 40% of the equity interests in Pátria Investments S.A. (“Pátria”), a leading Brazilian alternative asset manager and advisory firm. Pátria’s alternative asset management businesses include the management of private equity funds, real estate funds, infrastructure funds and hedge funds. Each of Blackstone’s and Pátria’s respective investment funds continues to pursue investment opportunities in accordance with their existing mandates. There may be instances where appropriate investment opportunities will be shared (in whole or in part) with Pátria.

See **Item 11 – Code of Ethics** for a further discussion of potential conflicts of interest.

Blackstone Alternative Asset Management L.P.

Item 11 – Code of Ethics

As required by the Advisers Act, Blackstone and BAAM have adopted a Code of Ethics (the “Code”) that governs a number of potential conflicts of interest which exist when providing advisory services to the BAAM Clients. This Code is designed to enable BAAM to meet its fiduciary obligation to BAAM’s Clients (or prospective Clients) and to instill a culture of compliance within BAAM. An additional benefit of the Code is to assist Blackstone and BAAM in preventing violations of securities laws.

The Code is distributed to each employee at the time of hire and annually thereafter, and it is available on Blackstone’s intranet. BAAM also supplements the Code with ongoing monitoring of employee activity.

The Code includes (among other things):

- ▶ Requirements Related to Confidentiality
- ▶ Limitations On, and Reporting of, Gifts and Entertainment
- ▶ Pre-Clearance of Political Contributions
- ▶ Pre-Clearance and Reporting of Employee Personal Securities Transactions
- ▶ Pre-Clearance of Outside Business Activities
- ▶ Protection of Persons who Engage in “Whistle Blowing” Activities from Retaliation

On an annual basis, Blackstone requires all employees to certify that they are in compliance with the Code.

Potential Conflicts of Interest

Blackstone offers many different products and services and there are several potential conflicts of interest which may arise, including, but not limited to, those identified below. BAAM has adopted, and continues to adopt, policies and procedures to address such potential conflicts of interest.

To the extent permitted by applicable law, BAAM may cause a BAAM Client to purchase investments from, to sell investments to or to exchange investments with another BAAM Client. Any such purchases, sales, exchanges or transfers will be affected based upon the independent current market price or fair market value of the investment.	All investment decisions are approved by BAAM’s Investment Committee. Once approved by the BAAM Investment Committee, the BAAM Executive Committee reviews the investment allocations for compliance with BAAM’s allocation policies and procedures. (see Item 13 – Review of Accounts for further details).
BAAM provides advisory services, typically on a non-discretionary basis, regarding the hedge fund portfolios of certain clients (“Advisory Clients”). BAAM may communicate investment recommendations to its Advisory Clients prior to the full implementation of such recommendations by BAAM for the BAAM Funds. Accordingly, the BAAM Funds may be seeking to obtain limited capacity from Underlying Managers at the same time as such Advisory Clients.	All investment decisions are approved by BAAM’s Investment Committee. Once approved by the BAAM Investment Committee, the BAAM Executive Committee reviews the investment allocations for compliance with BAAM’s allocation policies and procedures. (see Item 13 – Review of Accounts for further details).
Similarly, to the extent that an Underlying Manager imposes redemption limitations, actions taken by Advisory Clients may be adverse to the BAAM Funds.	BAAM maintains detailed policies and procedures relating to allocations among BAAM Clients. In addition each limited capacity allocation decision is documented separately and reviewed by BAAM Compliance to determine that such allocation follows policies and procedures and is fair and equitable.
In addition, Advisory Clients, from time to time, may have access to or have the right to obtain information about investment decisions made for the BAAM Funds. Based on such information, the Advisory Clients may take actions that are adverse to the BAAM Funds.	
Some of BAAM’s Clients may make seed investments in investment vehicles and may enter into revenue sharing agreements with Underlying Managers. Revenues generated	BAAM Clients are notified of the potential for such arrangements.

Some BAAM Clients have a credit facility arrangement which facilitates bridge financing for temporary cash needs. The lack of a credit facility may cause BAAM Clients to forego on certain investment opportunities.	BAAM Clients are notified of such potential for missing investment opportunities.
Some Customized Funds may require Investor approval in a manner which potentially could preclude investment decisions in a timely manner, thereby precluding participation in the investment opportunity.	To the extent applicable, Investors in Customized Funds are notified of such potential for missing investment opportunities.
BAAM or its affiliates may sponsor, manage or advise other investment funds with overlapping investment objectives with those of the BAAM Funds. Neither the BAAM Funds nor any of their Investors will have any rights of first refusal, co-investment or other economic rights in respect of the investments of such other Blackstone funds or investment vehicles.	BAAM Clients are notified of such potential conflicts.

Through such “capital introduction” events, prospective hedge fund investors have the opportunity to meet with BAAM. BAAM incurs common expenses on behalf of the BAAM Clients.	BAAM allocates such expenses on a basis that it considers fair and equitable and in accordance with its expense allocation policies and the Client Constituent Documents.
BEMAP is a BAAM-managed master-feeder fund for which BAAM engages discretionary investment sub-advisers (the “ <u>Underlying Managers</u> ”) that each manage a portion of BEMAP’s assets. BAAM and certain other Blackstone affiliates provide office space and certain risk, operations and compliance services (the “ <u>Shared Services</u> ”) to some of the Underlying Managers. In exchange for providing the office space and Shared Services, BAAM and/or the relevant Blackstone affiliates will receive reimbursements from BEMAP for costs, expenses, obligations and liabilities attributable to (i) the office space (including, without limitation, rent, utilities, insurance, maintenance fees/expenses, supplies, office cleaning and taxes) and (ii) operating expenses attributable to the Shared Services (including, without limitation, salaries, bonuses and fringe benefits, investment and industry research related expenses, communications expenses and expenses related to computer equipment, software,	The amount paid by BEMAP to BAAM and/or its affiliates for providing the office space and Shared Services will not exceed the actual expenses incurred. Fee Related Potential Conflicts

Potential Conflict	Mitigating Policy
BAAM may invest the BAAM Clients' assets in other Hedge Fund Solutions Funds and these investments may be significant. By investing in other BAAM Funds, the BAAM Clients may receive preferable notice requirements and liquidity terms. BAAM may have an incentive to allocate the Client's assets to other Hedge Fund Solutions Funds since BAAM or one of its affiliates has a direct or indirect financial interest in the success of such funds.	<p>All investment decisions are approved by BAAM's Investment Committee. Blackstone Related Potential Conflicts

Potential Conflict	Mitigating Policy
From time to time, Underlying Managers with which the BAAM Clients invest may retain Blackstone to provide investment and advisory services.	Such retentions will be on an arm's length basis, independent of any Client investment and BAAM.
From time to time, Blackstone may refer potential investors to BAAM and these investors may become investors in one of the BAAM Funds.	All investors are reviewed for suitability of investments and must satisfy the BAAM Funds' investment minimums and any investor qualifications.
Blackstone may hire or enter into a partnership or other arrangement with one or more investment professionals to form and manage pooled investment vehicles or separately managed accounts pursuing alternative investment strategies ("Blackstone Proprietary Funds"). Blackstone and its affiliates typically would receive a significant portion of the revenues attributable to these Blackstone Proprietary Funds. Such existing Blackstone Proprietary Funds and any Blackstone Proprietary Funds formed in the future may compete with Underlying Managers, the SAF Managers, and the Strategic Capital Managers.	<p>All investment decisions are approved by BAAM's Investment Committee. Once approved by the BAAM Investment Committee, the BAAM Executive Committee reviews the investment allocations for compliance with BAAM's allocation policies and procedures. BAAM is an affiliate of The Blackstone Group L.P., which was listed on the New York Stock Exchange on June 22, 2007. Blackstone entities may have duties or incentives relating to the interests of the Blackstone unit holders that may differ from, and that could conflict with, the interests of the BAAM Funds and their investors, such as conflicts arising from the allocation of expenses, fee offsets and investment opportunities.	Blackstone, consistent with its fiduciary duties, will endeavor to resolve such conflicts in a manner it deems fair and equitable to the extent possible under the prevailing facts and circumstances.

Item 12 – Brokerage Practices

General Considerations

There are no limitations as to which broker-dealers are used or as to the commission rates or similar charges paid.

In selecting brokers, dealers and other counterparties or intermediaries (“Brokers”) to effect portfolio transactions, BAAM will seek to obtain the best execution for the BAAM Clients taking into account several factors, including but not limited to: (i) the ability to effect prompt and reliable executions at favorable prices (including the applicable dealer spread or commission, if any); (ii) the operational efficiency with which transactions are effected, taking into account the size of order and difficulty of execution; (iii) the financial strength, integrity, stability and reputation of the Broker; (iv) the quality, comprehensiveness and frequency of available research and brokerage related services and products; (v) the Broker’s willingness to commit capital; (vi) trading expertise; (vii) clearance, settlement and custodial services; (viii) other financial services offered; and (ix) the competitiveness of commission rates in comparison with other brokers satisfying other selection criteria of BAAM. BAAM is generally not required to weigh any of these factors equally. Subject to seeking best execution, BAAM may consider other factors, such as capital introduction services and other investor referrals

Research and Other Soft Dollar Benefits

Research products or services may include research reports on particular industries and companies, economic surveys and analyses, recommendations as to specific securities, and other products or services used by BAAM in the performance of its investment decision-making responsibilities.

Commencing in 2017, BAAM will utilize “soft dollars” to pay for third-party brokerage services in connection with BAAM’s direct trading activities. (Soft dollars refer to the practice of using consideration other than cash to pay for services.) Underlying Managers also may use “soft dollars” both within and outside of the safe harbor of Section 28(e) of the Securities Exchange Act of 1934, as amended, to obtain both research and non-research products and services.

In certain cases, BAAM may determine it appropriate for the BAAM Funds to pay higher prices for the purchase of securities from or accept lower prices for the sale of securities to brokerage firms that provide it with research services or other soft dollar benefits, or pay higher commissions to such firms if BAAM determines such prices or commissions are reasonable in relation to the overall services provided. Research services furnished by brokers may include written information and analyses concerning specific securities, companies or sectors; market, financial and economic studies and forecasts; statistics and pricing or appraisal services; discussions with research personnel; and invitations to attend conferences or meetings with management or industry consultants.

BAAM has entered into client commission arrangements (“CCAs”) with certain brokers and may enter into additional CCAs with other brokers in the future. Under the CCAs, a portion of the commissions charged by the brokers is allocated to an account (each, a “CCA Account”) that is

Blackstone Alternative Asset Management L.P.

Item 12 – Brokerage Practices

available to pay for eligible third-party research selected by BAAM. Since commission rates in the United States are negotiable, selecting brokers on the basis of considerations which are not limited to applicable commission rates may at times result in higher transaction costs than would otherwise be obtainable.

The availability of these non-monetary benefits may influence BAAM to select one broker rather than another to perform services for the BAAM Clients.

Brokerage for Client Referrals

BAAM does not use brokerage relationships for Investor referrals. BAAM does have distribution relationships and placement agreements, however, as described further in **Item 14 – Client Referrals and Other Compensation**.

Block Trading Procedures

In the event that securities, futures, forward, options, spot currency or other transactions are traded for multiple BAAM Clients, typically, to the extent possible, trade orders would be aggregated for execution and allocated pro rata (subject to any approval delays or operational and/or investment limitations of particular participating BAAM Clients).

Principal Trading

BAAM does not engage in principal trading (*i.e.*, trading for BAAM's proprietary accounts).

Blackstone Alternative Asset Management L.P.

Item 12 – Brokerage Practices

Cross Transactions – Agency Cross Transactions

BAAM may engage in cross transactions to the extent permitted by, and in accordance with, the Client Constituent Documents and all applicable laws and regulations. Cross transactions may be deemed to occur in instances where, for example, one BAAM Client is reducing an allocation to an Underlying Manager or position and another BAAM Client simultaneously is increasing its allocation of such Underlying Manager or position. As it has no affiliated broker-dealer engaged in the trading of securities, BAAM does not engage in agency cross transactions.

Trade Allocations

Certain investment opportunities may be appropriate for more than one BAAM Client, one or more other entities and accounts managed by affiliates of BAAM within HFS (the “Other HFS Advisers”) (such entities and accounts, the “Other HFS Clients”), and/or one or more other entities and accounts managed by affiliates of BAAM outside of HFS (the “Other Blackstone Advisers”) (such entities and accounts, the “Other Blackstone Clients”). As further described below, BAAM, the Other HFS Advisers and the Other Blackstone Advisers are subject to actual and potential conflicts of interest in allocating investment opportunities among BAAM Clients, Other HFS Clients and Other Blackstone Clients. BAAM and the Other HFS Advisers maintain written policies and procedures relating to allocations among their respective clients. Such allocation policies and procedures are available upon request.

Allocations Among BAAM Clients and Other HFS Clients

Investment opportunities may be appropriate for more than one BAAM Client and one or more Other HFS Clients. BAAM and the applicable Other HFS Adviser(s) (if any) will determine allocations of such investment opportunities both among the BAAM Clients and as among the BAAM Clients and the Other HFS Clients, as the case may be, in their sole discretion in accordance with their written allocation policies and procedures, taking into account various investment criteria, such as the availability of cash, liquidity needs, investment objectives, risk parameters, ERISA capacity, tax status, investment limits and diversification guidelines, and operational, legal and regulatory concerns. To the extent BAAM Clients and/or Other HFS Clients invest in investment opportunities with limited capacity, BAAM and/or the Other HFS Advisers may be required to choose, in accordance with their written allocation policies and procedures, between the BAAM Clients and/or Other HFS Clients in allocating such opportunities. Further, the BAAM Clients and the Other HFS Clients may have different management and/or incentive fee structures. As part of the investment allocation process, BAAM and/or the Other HFS Advisers potentially could allocate a limited investment opportunity to a client that has a more favorable fee structure.

Blackstone-wide Policies, Procedures and Guidelines

Blackstone Alternative Asset Management L.P.

Item 12 – Brokerage Practices

Because Blackstone has many different asset management and advisory businesses, it is subject to a number of actual and potential conflicts of interest, greater regulatory oversight, and additional legal and contractual restrictions than those to which it would otherwise be subject if it had only one line of business. In addressing these conflicts and regulatory, legal and contractual requirements across its various businesses, Blackstone has implemented certain policies and procedures and information barriers that may reduce the positive synergies that the BAAM Clients could otherwise utilize for purposes of identifying attractive investments.

Accordingly, certain information or investment opportunities which could be of benefit to the BAAM Clients might become restricted or otherwise unavailable to the BAAM Clients due to the activities of Blackstone's other asset management businesses. For example, BAAM generally will be restricted from investing in (i) Blackstone portfolio companies and (ii) issuers with respect to which any investment advisor in the Blackstone Hedge Fund Solutions group has received material non-public information (the "Restricted Issuers"). Other than with respect to the Restricted Issuers, BAAM generally will be permitted to invest in issuers in which Other Blackstone Clients have an interest.

BAAM could be forced to sell or hold existing investments, or be precluded from making new investments, as a result of a relationship that Blackstone may have or investments Blackstone and its affiliates (including, without limitation, Other HFS Clients or Other Blackstone Clients) may make. Blackstone maintains information barriers that are designed to protect against the improper possession and/or use of material non-public information. Generally, no employee of BAAM may contact an employee of another Blackstone group outside of HFS, and vice versa, about a substantive business matter, without BAAM Compliance consent and, if appropriate, having BAAM Compliance chaperone such contact. Prior to receiving confidential information each Blackstone group typically seeks to limit the impact that such receipt may have on other Blackstone groups by, among other things, limiting the applicability of any confidentiality agreement to the particular Blackstone group(s) that receive the confidential information.

With respect to BAAM's ability to allocate investment opportunities to BAAM Clients where such opportunities are within the common objectives and guidelines of one or more BAAM Clients and Other Blackstone Clients, Blackstone has established general guidelines for determining how such allocations are made, which, among other things, sets forth priorities and presumptions regarding allocation for certain types of investments and other matters. The application of those guidelines may result in BAAM Clients not participating (and/or not participating to the same extent) in certain investment opportunities in which it would have otherwise participated had the related allocations been determined without regard to such guidelines.

It may also be the case that the BAAM Clients will benefit from the relationship of Other Blackstone Clients with respect to the availability of a particular investment opportunity.

Trade Errors

Trade errors are evaluated on a case-by-case basis. In the case of a trade error committed by BAAM, the gain or loss from the error will be allocated to the BAAM Clients; provided, however,

Blackstone Alternative Asset Management L.P.

Item 12 – Brokerage Practices

if BAAM determines that its gross negligence, willful misconduct or fraud was the direct cause of the trade error, BAAM will compensate the BAAM Clients for any losses resulting from the error. BAAM will have a potential conflict of interest in determining whether a trade error should be borne by BAAM or allocated to the BAAM Clients.

A trade error is generally defined as an error in the placement, execution, or settlement of a trade for a Client. Potential examples of trade errors could include (but are not necessarily limited to) the following:

- The placement of orders (either purchases or sales) in securities or other financial instruments at variance with the amounts/quantities that the Advisor intended to trade;
- the sale of a security or financial instrument when it should have been purchased;
- the purchase of a security or financial instrument when it should have been sold;
- the purchase or sale of the incorrect security or financial instrument;
- the purchase or sale of the correct security or financial instrument for the wrong client; and
- the purchase or sale of a security or financial instrument contrary to contractual client investment guidelines or restrictions.

Examples of circumstances that do not constitute trade errors include (but are not necessarily limited to) the following:

- An incorrect trade order that is identified and corrected prior to settlement, as long as there is no negative economic impact to the client;
- the error is the fault of an executing broker-dealer, custodian, or other counterparty (irrespective of whether the Advisor seeks compensation on behalf of the client from such parties);
- the purchase or sale of the security or financial instrument is reallocated to another client prior to settlement in accordance with the Advisor's allocation policies and procedures and the client's investment guidelines;

Blackstone Alternative Asset Management L.P.

Item 12 – Brokerage Practices

- the purchase or sale of the security or financial instrument violates restrictions arising from a contractual obligation to a third party other than the applicable client (e.g., a standstill agreement);
- incorrect over- or under-allocations of securities or financial instruments;
- an investment that does not perform favorably but otherwise complies with applicable contractual requirements;
- the error does not result in a transaction in a client account (such as an error that results in the loss of an investment opportunity);
- the governing documents of the applicable client expressly provide for the right of the Advisor to cure (e.g., annul the trade error), and the Advisor cures in accordance therewith;
- errors resulting from unavailability of (or disruptions in) electronic services or other force majeure events;
- the applicable client ratifies the trade in writing; and
- good faith errors in judgment in making investment decisions for clients, which include errors in securities analysis and, for quantitative/systematic strategies, errors in writing computer code that relate to the process by which investment decisions are made for a client (i.e., errors that reflect subjective judgments or mistakes made at the time of programming, concern the process of constructing an investment strategy, and are not associated with nor result in a particular trade).

Item 13 – Review of Accounts

The Investment Committee

The BAAM Investment Committee, comprised of certain Senior Managing Directors of the Hedge Fund Solutions Group, is responsible for the investment and redemption decisions for the BAAM Clients. The Investment Committee also approves Underlying Managers, and hedging themes and parameters.

The Investment Committee makes its investment decisions based on a variety of criteria including, but not limited to:

- ▶ The Expected Performance of the Investment
- ▶ Reputation of the Principals of the Underlying Manager
- ▶ Availability of Cash
- ▶ Liquidity Needs
- ▶ Client Investment Objectives
- ▶ Client Risk Parameters
- ▶ ERISA Capacity
- ▶ General Capacity
- ▶ Tax Efficiency
- ▶ Investment Limits
- ▶ Diversification Guidelines
- ▶ Operational Factors
- ▶ Legal and Regulatory Factors

The Investment Committee also reviews the information presented to assess the allocations in light of the standard of being fair and equitable, particularly with respect to any potential conflicts of interest.

There is significant overlap among the members of the Hedge Fund Solutions Group's investment/oversight committees.

The Executive Committee

Once approved by the BAAM Investment Committee, the BAAM Executive Committee, which includes BAAM's Chief Executive Officer, Chief Operating Officer, and General Counsel, reviews the investment allocations for compliance with BAAM's allocation policies and procedures.

Item 13 – Review of Accounts

Monitoring Process

The BAAM Investment Committee and Investment Team monitor the performance of the BAAM Clients on an ongoing basis. This monitoring includes, but is not limited to, reviewing for:

- ▶ Potential Conflicts
- ▶ Market Conditions
- ▶ Adherence to Investment Guidelines
- ▶ Performance Attribution, and
- ▶ Performance Deviation
- ▶ The BAAM Funds' Administrator⁽¹⁾ is responsible for maintaining the official books and records of the BAAM Funds. This responsibility includes, but is not limited to, performing monthly cash and position reconciliations to custodians, prime brokers and counterparties and valuation of investments. At month end, the BAAM Funds' Administrator independently determines the net asset value of the BAAM Funds, including income and expense / fee accruals, and produces the final investor allocations and capital / shareholder statements.

Commingled Fund Investor Reporting

BAAM generally provides Investors in Commingled Funds unaudited capital statements at least quarterly, and monthly and quarterly reports regarding their investments, which includes Fund performance. Investors also receive annual audited financial statements for the Commingled Funds in which they are invested. In generating these reports, BAAM generally will rely, in part, on information provided by the Underlying Managers. Some Investors receive additional information in their investor reports, including performance of Underlying Managers and geographic and sector exposures, and therefore, possess information regarding the BAAM Fund that is not generally known to other Investors, subject in all cases to compliance by BAAM and BAAM's general partner with their disclosure and fiduciary obligations under applicable law. Such additional information is available to all Investors upon request.

Customized Products and Non-Discretionary Advisory Services Investor Reporting

Investors in Customized Funds and Advisory Clients will receive reporting as agreed upon between BAAM and the Investor / Client and as described in the Client Constituent Documents.

BAAM Operations Team Reconciliation

The BAAM Operations Team performs daily cash reconciliations to determine that fundings, redemptions, expense payments, and other cash movements are properly processed.

Administrator Reconciliation⁽¹⁾

Each BAAM Fund's administrator performs a reconciliation of cash, investor activity, and investments as part of its independent determination of the net asset value for such BAAM Fund, and produces the estimated and/or final capital / shareholder statements.

Blackstone Alternative Asset Management L.P.

Item 13 – Review of Accounts

Custodian Reconciliation⁽¹⁾

Each BAAM Fund's custodian reviews and reconciles the Fund's accounts on a monthly basis.

(1) If applicable. Not all BAAM Funds have administrators and/or custodians appointed by BAAM.

Blackstone Alternative Asset Management L.P.

Item 14 – Client Referrals and Other Compensation

BAAM has entered into distribution and/or placement agent arrangements with a number of third parties. Typically, the third-party will receive a portion of the management fee and/or performance fee paid to BAAM (although other payment arrangements could exist). A prospective investor solicited by a third party will be informed of (and will be asked to acknowledge in writing its understanding of) any such arrangement. All fees for such solicitation services will be paid by BAAM and the Investor will not be subject to any increased or additional fees or charges. Third-party solicitors engaged by BAAM in the U.S. will be registered as broker-dealers with the SEC. Third-party solicitors engaged by BAAM outside the U.S. may be registered with a non-U.S. regulatory body to the extent such registration is required in the applicable non-U.S. jurisdiction.

Blackstone Advisory Partners L.P., an affiliate of BAAM, serves as a placement agent for the BAAM Funds in the U.S. but is not compensated for such services.

Blackstone Alternative Asset Management L.P.

Item 15 – Custody

Rule 206(4)-2 of the Advisers Act defines custody as holding client securities or assets or having any authority to obtain possession of them. BAAM Funds structured as U.S. entities generally have a BAAM affiliate acting as general partner and, as such, BAAM is deemed to have custody of the BAAM Funds' assets. For the BAAM Funds structured as non-U.S. entities, BAAM also is typically deemed to have custody of the Funds' assets. Although BAAM does not serve as the general partner or managing member of the non-U.S. Funds, does not constitute a majority of each such non-U.S. Fund's Board of Directors, and does not hold voting shares in any such fund, BAAM has access to Fund assets for trading purposes and to pay expenses. BAAM generally complies with the Advisers Act custody rules by providing all Investors with audited financial statements within 180 days of the Fund's fiscal year end (subject to a few exceptions where financials are delivered within 60 or 120 days of fiscal year end).

Unless an exception applies, a BAAM Fund's assets (which are typically comprised of investments in hedge funds, other financial instruments, and cash) will be held in the name of the BAAM Fund with a Qualified Custodian such as a bank or broker-dealer in the name of the BAAM Fund.

BAAM does not have custody of client securities or assets in the case of the Advisory Clients.

Item 16 – Investment Discretion

Investment Guidelines

Investment decisions are made within the investment guidelines as described in each Client Constituent Documents. For Commingled Funds and certain Customized Funds, BAAM has discretion in determining the Underlying Managers in which the BAAM Clients may invest and the amount to invest.

Multiple BAAM Clients may invest in the same Underlying Manager. If two or more BAAM Clients wish to invest in or redeem from the same Underlying Manager at the same time, BAAM will implement such decisions in a manner deemed to be fair and in accordance with BAAM's allocation policies and procedures.

Types of Investments

BAAM has broad discretion to make investments within the guidelines of the Client Constituent Documents, except in the case of the Advisory Clients. BAAM Clients primarily will invest in Underlying Managers. In addition, in order to hedge investor contributions denominated in currencies other than U.S. dollars or to hedge certain market exposures, BAAM Clients may invest in securities and other instruments, including but not limited to forward contracts, currency options, interest rate swaps, interest rate caps, interest rate floors, and other derivative contracts and similar instruments, which may be listed or unlisted and rated or unrated.

BAAM also may obtain exposure to Underlying Managers through total return swaps or an investment in equity shares of exchange traded closed-end funds.

Underlying Managers may participate in the purchase and sale of initial equity public offerings ("New Issues") for BAAM Funds. Although it is not expected to occur, BAAM Funds also may directly purchase New Issues. The subscription documents for the BAAM Funds require each Investor to make an initial representation to its status as either a restricted investor (*i.e.*, may not invest in New Issues) or non-restricted investor (*i.e.*, may invest in New Issues). On an annual basis thereafter, BAAM will confirm an Investor's status through a negative confirmation process by sending a letter via electronic communication or hard copy and asking for a response only if the Investor's eligibility status has changed.

Blackstone Alternative Asset Management L.P.

Item 16 – Investment Discretion

BAAM Funds may acquire or hold, directly or indirectly, assets or securities that are illiquid, including for example, where an Underlying Manager determines to “side pocket” all or a portion of an investment. Underlying Investment Vehicles may themselves be illiquid investments. BAAM, in its sole discretion, may treat these investments (including Underlying Investment Vehicles) as “side pockets” and Investors may be issued a separate series of shares or ownership interests to represent a Side Pocket.

Please refer to the relevant Client Constituent Documents for a more detailed discussion of investment guidelines and types of investment.

Blackstone Alternative Asset Management L.P.

Item 17 – Voting Client Securities (i.e., Proxy Voting)

The SEC adopted Rule 206(4)-6 under the Advisers Act, which requires registered investment advisors that exercise voting authority over client securities to implement proxy voting policies. In compliance with such rule, BAAM has adopted proxy voting policies and procedures. In the case of interests held by BAAM Clients in Underlying Investment Vehicles, the general policy is to vote proxy proposals, amendments, consents or resolutions (collectively, “proxies”) in a manner that serves the best interests of the BAAM Clients, determined by BAAM in its discretion.

In the case of publicly-traded securities held directly by a BAAM Client, BAAM has engaged the services of Institutional Shareholder Services, Inc. (“ISS”) to make recommendations to BAAM on the voting of proxies related to such securities. ISS provides voting recommendations based on established guidelines and practices. BAAM generally will vote proxies in accordance with ISS’s recommendations, but may decide not to vote in accordance with the ISS recommendations if it believes that the specific ISS recommendation is not in the best interests of the BAAM Clients.

BAAM may not vote certain proxies if BAAM determines that doing so would be unduly burdensome, subject to the BAAM’s obligations under Rule 206(4)-6. Investors may request from BAAM a copy of BAAM’s proxy voting policies and the proxy voting record relating to the BAAM Funds in which the Investor is invested.

Item 18 – Financial Information

BAAM does not charge or solicit prepayment of \$1,200 or more in fees per client six or more months in advance.

As of the date of this Brochure, BAAM is not aware of any financial condition reasonably likely to impair its ability to meet contractual commitments to the BAAM Clients.

Item 19 – Requirements for State-Registered Advisers

This item is not applicable as BAAM is not registered in any states.
