Item 5 – Fees and Compensation

Fee Schedules

PARTNERSINWEALTH, INC. currently has 2 fee schedules. Clients are billed under one of the following fee schedules.

Financial Planning with Investment Management

Advisor will calculate the Service Fee for the **Financial Planning with Investment Management** package using the following Service Fee schedule. The Advisor shall base account value(s) on reinvestment of all distributions, net of previously assessed fees and expenses and before taxes. Service Fees are payable quarterly in arrears based on the value of the account(s) at the end of the quarter. The minimum Service Fee for any quarter will be two thousand five hundred dollars (\$2,500.00). Service Fees will be prorated for the period during the quarter the assets were not under the Advisor's management.

SERVICE FEE (Annual)

1.00% on Account(s) Under Management up to \$1,000,000, plus
0.80% on Account(s) Under Management between \$1,000,001 and \$2,000,000, plus
0.58% on Account(s) Under Management between \$2,000,001 and \$5,000,000, plus
0.47% on Account(s) Under Management between \$5,000,001 and \$10,000,000, plus
0.40% on Account(s) Under Management greater than \$10,000,001

The PARTNERSINWEALTH Program

The Advisor will calculate the Service Fee for The **PARTNERSINWEALTH** Program using the following Service Fee schedule. Net Worth is the current fair market value of all assets and liabilities and before any deferred income or unrealized capital gains taxes.

SERVICE FEE

0.67% of Net Worth up to \$1,500,000, plus
0.55% of Net Worth between \$1,500,001 and \$3,000,000, plus
0.40% of Net Worth between \$3,000,001 and \$4,000,000, plus
0.25% of Net Worth between \$4,000,001 and \$5,000,000, plus
0.15% of Net Worth greater than \$5,000,000.

The minimum Service Fee is \$10,000. An initial payment of one-third (0.333) of the Service Fee is due upon signing Section 8. The remaining two-thirds (0.667) of the Service Fee, the Client authorizes the Advisor to debit from the Client's account in 11 equal

payments. These debits will begin the month following receipt of the initial payment, and will occur on or about the 18th of each month. The minimum debit is \$606.36 per month.

The Service Fee as stated in Section 7(b) of the **PARTNERSINWEALTH** Service Agreement is not final until the Client and Advisor agree that a Net Worth statement as calculated by the Advisor is fair and accurate. Once the Net Worth is agreed to as fair and accurate, any adjustment to the Service Fee will be allocated evenly over the remaining first year monthly payments.

In the anniversary month of the initial payment, prior to the 18th of the anniversary month, the Client's Net Worth will be updated and the Service Fee recalculated based on the Service Fee schedule in place at that time. The debit will begin on or about the 18th of the anniversary month and will continue for 12 months. The minimum debit is \$833.33 per month.

Prior to the anniversary of the initial engagement, the Advisor may request and the Client agrees to provide documentation needed to calculate the Client's updated Net Worth. Should the Client not provide the documentation, the Advisor will increase the previous year's Net Worth by eight percent (8%) and the Advisor will adjust the Service Fee accordingly. Should the documentation later be provided and within four (4) months of the anniversary wherein the Service Fee was increased by eight percent (8%), the Service Fee will be adjusted to coincide with the actual Net Worth.

Termination of Services:

The Client or Advisor may terminate the **PARTNERSINWEALTH** Service Agreement with a complete refund of all Service Fees paid, by delivering written notice of termination to the other party within ten (10) days from the date of the Client's acceptance of the Agreement. After ten (10) days, the Client or Advisor may terminate the **PARTNERSINWEALTH** Service Agreement by delivering a written notice of termination to the other party. Service Fee payments will cease based on the following schedule:

Financial Planning with Investment Management:

The Client's fee for the quarter, wherein the Client terminates the Agreement, will be prorated based on the fee schedule in section 4(a) up to the date the Client's investment accounts are transferred out of the Advisor's management.

The **PARTNERSINWEALTH Program:**

The Client's fee will terminate when the Client's investment accounts are transferred out of the Advisor's management. If the investment accounts are transferred before the 18th (draft date) of the month, the Client will receive a prorated invoice for the final monthly fee based on the number of days in the month before the investment accounts were

transferred.

For Single Individuals, in the event of the Client's death, the Client's fee will terminate as of the date the Client's investment accounts are transferred out of the Advisor's management.

For Married Couples, in the event of one of the Client's death, this Agreement will not terminate unless the surviving Client provides written notice of termination to the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

PARTNERSINWEALTH, INC. does not manage any performance-based accounts and, as such, neither our firm nor any of our advisory personnel receive performance-based fees.

Item 7 – Types of Clients

PARTNERSINWEALTH, INC. provides investment advice to individuals, high net worth individuals, trusts, estates, and corporate business entities.

While the Advisor provides investment supervisory services, manages investment advisory accounts, and holds itself out as providing financial planning or some similarly termed services, it does not impose a minimum dollar value of assets or other conditions for starting or maintaining an investment account.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

The basic tenets under which the Advisor recommends investment strategies to clients are the following:

- The only acceptable risk is that which is effectively rewarded by potential returns.
- Markets work. For investment purposes, securities (i.e. stock, bonds, etc.) are priced accurately.
- The design of the portfolio as a whole is more important than the selection of any particular security.

- Diversification helps reduce unpredictability and risk.
- Stocks offer the potential for higher long-term investment returns than cash or bonds.
- Picking individual securities and timing the purchase or sale of investments in the attempt to “beat the market” are not practiced.

The Advisor analyzes securities based on relative performance, fund management expertise, cost, and tax efficiency. The main source of information used by the Advisor is research materials prepared by others.

The investment strategies used by the Advisor to implement any investment advice given to clients are long-term purchases (securities held at least a year), short-term purchases (securities sold within a year), and margin transactions. Investing in securities involves risk of loss that clients should be prepared to bear.

Item 9 – Disciplinary Information

Registered investment advisors are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of **PARTNERSINWEALTH, INC.** or the integrity of **PARTNERSINWEALTH, INC.** management. **PARTNERSINWEALTH, INC.** has no information applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

Advisor participates in the TD Ameritrade Institutional Services program, which is an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers independent advisor services, which include: custody of securities, trade execution, and clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the program. Advisor may recommend TD Ameritrade to clients for custody and brokerage services. However, there is no direct link between Advisor’s participation in the program and the investment advice it gives to its clients, although Advisor receives economic benefits through participation in the program.

Item 11 – Code of Ethics

PARTNERSINWEALTH, INC. has adopted a Code of Ethics pursuant to Rule 204A-1 under the Investment Advisers Act of 1940. To confirm their compliance with the

Code's requirements, advisory personnel are required to submit annual holdings reports and quarterly reports of their personal securities transactions to our Chief Compliance Officer, James R. Waters, CFP, for review. Any client or prospective client may request a copy of the Firm's Code of Ethics, which will be provided at no cost.

The following basic principles guide all aspects of the Firm's business and represent the minimum requirements to which the Firm expects employees to adhere:

- Clients' interests come before employees' personal interests and before the Firm's interests.
- The Firm must fully disclose all material facts about conflicts of which it is aware between the Firm and its employees' interests on the one hand and client and the Firm's interests on the other.
- Employees must operate on the Firm's behalf and on their own behalf consistently with the Firm's disclosures and to manage the impacts of those conflicts.
- The Firm and its employees must not take inappropriate advantage of their positions of trust with or responsibility to clients.
- The Firm and its employees must always comply with all applicable securities laws.

Misuse of Nonpublic Information

The Code of Ethics contains a policy against the use of nonpublic information in conducting business for the Firm. Employees may not convey nonpublic information nor depend upon it in placing personal securities trades.

Personal Securities Trading

PARTNERSINWEALTH, INC. or individuals associated with the Firm may buy, sell or hold in their personal accounts the same securities the Firm recommends to its clients. This creates a potential conflict of interest with the possibility of Firm personnel obtaining a better price than clients obtain. To mitigate this conflict, such trades may occur on the same day at the same time receiving average pricing or after the client with the client receiving the same or better pricing.

The Firm does not allow front running.

Outside Business Activities

Employees are required to report any outside business activities generating revenue. If any are deemed to be in conflict with clients, such conflicts will be fully disclosed.

Item 12 – Brokerage Practices

Investment or Brokerage Discretion

Non-Discretionary Accounts

The ultimate decision as to the particular custodian used rests with the client.

PARTNERSINWEALTH, INC. recommends TD Ameritrade because of the services that this firm is able to provide to our clients, including their ability to provide duplicate confirmations and bundled duplicate statements; access to a trading desk serving program participants exclusively; access to block trading; the ability to have investment advisory fees deducted directly from client accounts; access to an electronic communication network for client order entry and account information; receipt of compliance publications; assistance with back-office operations; and access to mutual funds which generally require higher initial minimum investments or are generally available only to institutional investors. In addition, our firm has entered into an arrangement with TD Ameritrade whereby our clients who establish an account with this firm get access to institutional account services, rather than retail services. Clients with access to institutional account services typically pay lower commissions and/or mark-ups on bond trades.

Other Services Provided

TD Ameritrade also provides various publications to our firm and advisory personnel, including, for example, invitations to TD Ameritrade -sponsored events, such as conferences on practice management, regulatory compliance, marketing, etc.

Maintaining Assets at Other Custodians

As stated above, clients are free to choose their own custodian, so long as such custodian is a “qualified” custodian within meaning of the Investment Advisers Act of 1940. A client may therefore choose to use a custodian and, therefore, executing broker, that is not TD Ameritrade. Whether held at a recommended firm or other qualified custodian, our firm typically will execute client trades through such custodian, even through our advisory personnel might be able to obtain a more favorable net price and execution from another broker-dealer for the transaction.

Client-Directed Brokerage

As stated above, client securities transactions generally will be effected through each client’s qualified custodian or other broker selected by our advisory personnel pursuant

to the discretionary brokerage authority given to us by our clients. Notwithstanding the foregoing, a client may direct us to purchase or sell securities through a particular brokerage firm even though we may be able to obtain a more favorable net price and execution from another broker-dealer.

Where the directed executing broker is not the client custodian, the custodian may require the client to establish a prime brokerage account before such client-directed brokerage transaction may be executed.

Brokerage for Client Referrals

PARTNERSINWEALTH, INC. does not enter agreements with, or make commitments to, any broker/dealer that would bind us to compensate that broker/dealer with client commissions in return for client referrals.

The Advisor has the authority to determine, without obtaining specific client consent, the securities to be bought or sold and the amount of the securities to be bought or sold.

Additional Compensation

Advisor participates in the TD Ameritrade Institutional Services program. Advisor receives economic benefits through its participation in the program. These benefits include: receipt of duplicate client confirmations; access to a trading desk serving advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and access to certain institutional money managers; and discounts on compliance, marketing, technology, and practice management products or services provided to Advisor by third party vendors. These benefits received by Advisor [or its related persons] do not depend on the amount of brokerage transactions directed to TD Ameritrade.

Advisor participates in the Dimensional Fund Advisors program. These benefits include: Portfolio analysis, research, access to non-retail mutual funds, and educational and practice management services. These benefits received by Advisor [or its related persons] do not depend on the amount of assets invested in Dimensional Fund Advisors funds.

Clients should be aware that the receipt of economic benefits by Advisor [or its related persons] in and of itself creates a potential conflict of interest. However, as part of its fiduciary duty to clients, Advisor endeavors at all times to put the interest of its clients first.

Item 13 – Review of Accounts

Reviews

Reviews of the accounts by the Advisor will be performed at least one (1) time a year on the client's anniversary with the firm. Additional reviews will be performed when cash flows into (deposited) or out of (withdrawal) of the accounts. Each review will consist of an evaluation of the diversification, appropriateness of each investment to the overall portfolio, and performance of the overall portfolio. Reviews will evaluate risk relative to each client's risk tolerance.

Reviewers

The reviewers will be James R. Waters and Jeffrey E. Riley.

Reports

Reports to clients will be generated four (4) times per year. Each report will cover the client's holdings, total amount of money invested in each investment, current dollar value of each investment, and overall time-weighted average rate of return for the account.

Item 14 – *Client* Referrals and Other Compensation

PARTNERSINWEALTH, INC. participates in the TD Ameritrade Institutional program. While there is no direct link between our investment advice and participation in these programs, our firm does receive economic benefits, which would not be received absent such participation, as discussed in more detail under Item 12.

Item 15 – Custody

PARTNERSINWEALTH, INC. does not maintain physical custody of client assets; rather, each client's assets (including cash and securities) are held by an independent qualified custodian.

Item 16 – Investment Discretion

PARTNERSINWEALTH, INC. also manages discretionary accounts where our advisory personnel determine the securities to be bought for the client accounts, and

implement those decisions directly. Clients with discretionary accounts give us such authority through the advisory agreement that the client signs with us. Non-qualified discretionary accounts are managed in accordance with the asset allocation agreed upon between the client and the Advisor. Qualified discretionary accounts typically are managed in accordance with the Investment Policy Statement. Clients may impose reasonable restrictions (in the Advisor's opinion) on our firm's management of these accounts.

Item 17 – Voting Client Securities

As a matter of firm policy and practice, **PARTNERSINWEALTH, INC.** does not have any authority to and does not vote proxies on behalf of advisory clients. Clients retain the responsibility for receiving and voting proxies for all securities maintained in client portfolios.

PARTNERSINWEALTH, INC. may provide advice to clients regarding the clients' voting of proxies.

Item 18 – Financial Information

Registered investment advisors are required in this Item to provide you with certain financial information or disclosures about **PARTNERSINWEALTH, INC.**'s financial condition.

PARTNERSINWEALTH, INC. has no financial commitment that impairs its ability to meet contractual and fiduciary commitments to clients, and has not been the subject of a bankruptcy proceeding.
