ITEM 4. ADVISORY BUSINESS

Centric Investment Group, Inc. is dedicated to providing individuals and other types of clients with a wide array of investment advisory services. We specialize in asset management, financial planning & consulting, Employer-Sponsored ERISA Plan Consulting, and portfolio monitoring. Our firm is a corporation formed in the State of Colorado and is wholly owned by Gregory Wambolt.

Description of the Types of Advisory Services We Offer

Comprehensive Wealth Management:

As part of our Comprehensive Wealth Management service, clients will be provided asset management, financial planning or consulting, and ongoing collaborative tax planning services. This service is designed to assist clients in meeting their financial goals through the use of a financial plan or consultation while proactively looking at tax liability within the context of the investment strategy in conjunction with a CPA. Accounting professionals are available throughout the year to advise on tax planning strategies and for consultations regarding possible tax consequences of personal investment decisions. Collaborative tax planning does not include the preparation and filing of annual income tax returns, but clients may independently engage the CPA for these services under a separate agreement. Our firm conducts client meetings to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what is learned, an investment approach is presented to the client consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. Once the appropriate portfolio has been determined, portfolios are continuously and regularly monitored, and if necessary, rebalanced based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Upon client request, our firm provides a summary of observations and recommendations for the planning or consulting aspects of this service.

Employer-Sponsored ERISA Plan Consulting:

We provide consulting services to employer plan sponsors on a one-time or ongoing basis. Generally, such consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All consulting services shall be in compliance with the applicable state law(s) regulating consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Employer-Sponsored ERISA Plan Consulting Agreement).

Financial Planning and Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of client's

current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives.

Planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Insurance Analysis, Business and Personal Financial Planning. Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Portfolio Monitoring:

Our Portfolio Monitoring Service provides for non-discretionary monitoring of assets on behalf of clients with no trading of securities transactions. Clients are responsible for placing and executing their own trades, either on their own or with another investment adviser. We provide periodic outside account monitoring where we, at least annually, reach out to clients to provide suggestions to their financial circumstances.

Separately Managed Accounts:

Our firm utilizes the services of third party money managers for portfolio diversification in domestic and international equities through separately managed accounts. Investment advice and trading of securities in these accounts will only be offered by or through the chosen third party money manager and will be governed under a separate agreement between the client and money manager. Our firm will not offer advice on any specific securities or other investments in connection with this service. Prior to referring clients, our firm will provide initial due diligence on third party money managers and ongoing reviews of their management of client accounts. In order to assist in the selection of a third party money manager, our firm will gather client information pertaining to financial situation, investment objectives, and reasonable restrictions to be imposed upon the management of the account.

Our firm will periodically review third party money manager reports provided to the client at least annually. Our firm will contact clients from time to time in order to review their financial situation and objectives; communicate information to third party money managers as warranted; and, assist the client in understanding and evaluating the services provided by the third party money manager. Clients will be expected to notify our firm of any changes in their financial situation, investment objectives, or account restrictions that could affect their financial standing.

Tailoring of Advisory Services

We offer individualized investment advice to clients utilizing our firm's Comprehensive Wealth Management services. Additionally, we offer general investment advice to clients utilizing the following services offered by our firm: Financial Planning and Consulting, Consulting, SMA's and Portfolio Monitoring. We allow clients to impose reasonable restrictions on the management of their

accounts, including the ability to instruct the Advisor not to purchase certain mutual funds, stocks, or other securities.

Participation in Wrap Fee Programs

Our firm does not offer or sponsor a wrap fee program.

Regulatory Assets Under Management

We manage \$6,008,335 on a discretionary basis as of 12/31/2016

ITEM 5. FEES AND COMPENSATION

We are required to describe our brokerage, custody, fees and fund expenses so you will know how much you are charged and by whom for our advisory services provided to you. Our fees are generally negotiable.

How We Are Compensated for Our Advisory Services

Comprehensive Wealth Management:

<i>Maximum Fee Schedule</i>	
Assets under Management	Annual Advisory Fee
\$0-\$100,000	1.98%
\$100,001-\$500,000	1.62%
\$500,001-\$1,000,000	1.20%
\$1,000,001-\$2,000,000	0.96%
\$2,000,001-\$3,500,000	0.72%
\$3,500,001-\$5,000,000	0.66%
\$5,000,001-\$10,000,000	0.60%
Over \$10,000,001	0.48%

Tiered (Blended) Pricing Schedule: The actual fees charged to a client account are a blending of the rates above. For example, a \$300,000 account is charged 1.98% on the first \$100,000 of assets and 1.62% on the next \$200,000 of such assets. The resulting blended fee is 1.74% or \$5,220 per year.

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of the account(s) on the last day of the previous quarter. Fees for the first cycle bill will be pro-rated to account for only those days in the quarter that the account(s) were under our management and are payable upon execution of the service agreement. Adjustments will be made for deposits and withdrawals during the quarter. In rare cases, we will agree to directly bill clients. Fees will be automatically deducted from your managed account. As part of the fee deduction process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to you showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms;
- c) If we send a copy of our invoice to you, our invoice includes a legend which urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements.

For ongoing collaborative tax planning services rendered to our clients, our firm compensates an independent and unaffiliated CPA up to 20% of the overall investment advisory fee charged to you by our firm, which is included in the fee schedule above. Clients may elect to engage the CPA for additional accounting-related services, including annual tax filings, by entering into a separate agreement for these services with the CPA.

Employer-Sponsored ERISA Plan Consulting:

Assets under Management	Annual Advisory Fee
\$0-\$100,000	1.98%
\$100,001-\$500,000	1.62%
\$500,001-\$1,000,000	1.20%
\$1,000,001-\$2,000,000	0.96%
\$2,000,001-\$3,500,000	0.72%
\$3,500,001-\$5,000,000	0.66%
\$5,000,001-\$10,000,000	0.60%
Over \$10,000,001	0.48%

Tiered (Blended) Pricing Schedule: The actual fees charged to a client account are a blending of the rates above. For example, a \$300,000 account is charged 1.98% on the first \$100,000 of assets and 1.62% on the next \$200,000 of such assets. The resulting blended fee is 1.74% or \$5,220 per year.

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account either upon the receipt of assets, or the balance at the end of the previous quarter. Fees will be debited directly from the Plan's Account(s) and Client authorizes the custodian for the Plan assets, which may be upon instruction from the Plan's administrator, to deduct fees directly from the Plan's Account(s). Client shall have the responsibility to verify the accuracy of the fee calculation, and Client acknowledges that the custodian shall have no responsibility to determine whether the fee is properly calculated.

Financial Planning and Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fee is \$200. Flat fees generally range from \$500 to \$20,000.

Portfolio Monitoring:

Our annual fees for Portfolio Monitoring shall be based on the market value of the assets under management and shall be calculated at up to 0.90% of all assets under management. The fee shall be due and payable quarterly in advance based upon the value of the account(s) on the last day of the quarter. For current comprehensive wealth management and/or legacy asset management clients, this fee may be waived. We will directly bill you for our portfolio monitoring service. Our bill is due and payable within thirty (30) days upon receipt.

Separately Managed Accounts:

Third party money managers retain their own billing process over which we have no control. Our firm does not receive any portion of the advisory fee third party money managers charge for their

services. The total fee to be charged, as well as the billing cycle, will be detailed in the third party money manager's ADV Part 2A and separate advisory agreement to be signed by the client.

Other Types of Fees & Expenses

Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Termination & Refunds

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees. In limited cases where we charge quarterly in arrears, if you wish to terminate our services, you need to contact us in writing and state that you wish to cancel this Agreement Upon receipt of your letter of termination. We will proceed to close out your account and charge you a pro-rata advisory fee(s) for services rendered up to the point of termination.

For Financial Planning and Consulting clients, if the client decides to terminate the contract, all work performed by us up to the point of termination shall be calculated at the hourly fee currently in effect. You will receive a pro-rata refund of unearned fees based on the time and effort expended by our firm and Planner.

Commissionable Securities Sales

We do not sell securities for a commission. In order to sell securities for a commission, we would need to have our associated persons registered with a broker-dealer. We have chosen not to do so.

ITEM 6. PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

We do not charge performance fees to our clients.

ITEM 7. TYPES OF CLIENTS AND ACCOUNT REQUIREMENTS

We have the following types of clients:

- Individuals;
- High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, limited liability companies and/or other business types.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- Generally, we require a minimum household account balance of \$500,000 for our comprehensive wealth management service.

ITEM 8. METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Methods of Analysis

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Technical Analysis. We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement. Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

Cyclical Analysis. In this type of technical analysis, we measure the movements of a particular stock against the overall market in an attempt to predict the price movement of the security.

Investment Strategies We Use

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. When utilizing this strategy, we purchase securities with the idea of holding them for a relatively long time (typically held for at least a year). A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client.

Short-term purchases. When utilizing this strategy, we purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Trading. We purchase securities with the idea of selling them very quickly (typically within 30 days or less). We do this in an attempt to take advantage of our predictions of brief price swings.

Margin transactions. We will purchase stocks for your portfolio with money borrowed from your brokerage account. This allows you to purchase more stock than you would be able to with your available cash, and allows us to purchase stock without selling other holdings. Margin transactions are only executed for non-retirement accounts and require a signed written margin authorization form.

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the financial markets and value of the securities your portfolio is invested in may increase and your account(s) could enjoy a gain, it is also possible that the financial markets and the value of the securities your portfolio is invested in may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the financial markets, that the risks are appropriately diversified in your investments, and that you ask us any questions you may have.

Description of Material, Significant or Unusual Risks

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services.

ITEM 9. DISCIPLINARY INFORMATION

We have no legal or disciplinary events to disclose that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

ITEM 10. OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

As licensed insurance agents, our Investment Advisor Representatives (IAR), recommend a variety of insurance products and will act in the best interest of our clients per our fiduciary responsibility. We may offer commissionable insurance products for which we may receive compensation. Clients are under no obligation to act upon any recommendations or execute any transactions through our firm.

Greg Wambolt serves as Chief Compliance Officer and sole owner of a related adviser Wambolt & Associates, LLC ("W&A"). In such capacity, he offers advisory services and receives normal and customary fees, which are fully disclosed in W&A's Form ADV.

ITEM 11. CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

An investment adviser is considered a fiduciary and our firm has a fiduciary duty to all of our clients. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes policies and procedures to avoid Insider Trading, as well as Personal Securities Transactions Policies and Procedures. Upon employment or affiliation, and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics.

Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided upon request.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest. Related persons of our firm may buy or sell securities and other investments that are also owned by our clients. In order to minimize this potential conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons' accounts will be traded in the same manner every time.

ITEM 12. BROKERAGE PRACTICES

Selecting a Brokerage Firm

Our firm does not maintain custody of client assets. Client assets must be maintained by a qualified custodian. Our firm seeks to recommend a custodian who will hold client assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. The factors considered, among others, are these:

- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation
- Quality of services

With this in consideration, our firm participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC. TD Ameritrade is an independent [and unaffiliated] SEC-registered broker-dealer. TD Ameritrade offers services to independent investment advisers which includes custody of securities, trade execution, clearance and settlement of transactions. TD Ameritrade enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. TD Ameritrade does not charge client accounts separately for custodial services. Client accounts will be charged transaction fees, commissions or other fees on trades that are executed or settle into the client's custodial account. Transaction fees are negotiated with TD Ameritrade and are generally discounted from customary retail commission rates. This benefits clients because the overall fee paid is often lower than would be otherwise

TD Ameritrade may make certain research and brokerage services available at no additional cost to our firm. Research products and services provided by TD Ameritrade may include: research reports on recommendations or other information about particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software

used in investment decision-making; and other products or services that provide lawful and appropriate assistance by TD Ameritrade to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services qualify for the safe harbor exemption defined in Section 28(e) of the Securities Exchange Act of 1934.

TD Ameritrade does not make client brokerage commissions generated by client transactions available for our firm's use. The aforementioned research and brokerage services are used by our firm to manage accounts for which our firm has investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As part of our fiduciary duty to our clients, our firm will endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade as a custodial recommendation. Our firm examined this potential conflict of interest when our firm chose to recommend TD Ameritrade and have determined that the recommendation is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

Our clients may pay a transaction fee or commission to TD Ameritrade that is higher than another qualified broker dealer might charge to effect the same transaction where our firm determines in good faith that the commission is reasonable in relation to the value of the brokerage and research services provided to the client as a whole.

In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Although our firm will seek competitive rates, to the benefit of all clients, our firm may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Soft Dollars

Our firm does not use soft dollar benefits to service client accounts.

Client Brokerage Commissions

We do not acquire client brokerage commissions (or markups or markdowns).

Procedures to Direct Client Transactions in Return for Soft Dollars

We do not direct client transactions to a particular broker-dealer in return for soft dollar benefits.

Brokerage for Client Referrals

Our firm does not receive brokerage for client referrals.

Directed Brokerage

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for

execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer.

Permissibility of Client-Directed Brokerage

We allow clients when possible to direct brokerage outside our recommendation. We may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Aggregation of Purchase or Sale

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

ITEM 13. REVIEW OF ACCOUNTS OR FINANCIAL PLANS

We review accounts on at least a quarterly basis for our clients subscribing to our Comprehensive Wealth Management services. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews. We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Employer-Sponsored ERISA Plan Consulting clients receive reviews of their pension plans for the duration of the Employer-Sponsored ERISA Plan Consulting service. We also provide ongoing services to Employer-Sponsored ERISA Plan Consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

Financial planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to the following services: Comprehensive Wealth Management, Portfolio Monitoring, Employer-Sponsored ERISA Plan Consulting and Separately Managed Accounts.

ITEM 14. CLIENT REFERRALS AND OTHER COMPENSATION

Our firm may recommend TD Ameritrade to clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice given to clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit our firm but may not benefit our client accounts. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to our clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

ITEM 15. CUSTODY

All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm. We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

ITEM 16. INVESTMENT DISCRETION

Our clients need to sign a discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Comprehensive Wealth Management clients. We do not take or exercise discretion with respect to our other clients.

ITEM 17. VOTING CLIENT SECURITIES

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

However, third party money managers selected or recommended by our firm may vote proxies for clients. Therefore, except in the event a third party money manager votes proxies, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Therefore (except for proxies that may be voted by a third party money manager), our firm and/or you shall instruct your qualified custodian to forward to you copies of all proxies and shareholder communications relating to your investment assets.

ITEM 18. FINANCIAL INFORMATION

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs its ability to meet contractual and fiduciary obligations to clients.
- We have never been the subject of a bankruptcy proceeding.
