General information

Merit Financial Group, LLC (hereinafter “the Firm,” “we,” “our,” or “us”) was established as an SEC registered investment advisory firm in 2007.¹ Our mission is to provide a superior level of coordinated, unbiased advice to help you achieve your financial goals through professional wealth management. We provide our clients with a wide array of specialized advisory services, including: asset management, financial planning, retirement plan advice, participant consulting, employee wellness programs and educational workshops.

Rick L. Kent, the Firm’s President and Founder, is the sole owner of Merit Financial, Inc., which is the sole owner of the Firm. Please see the **Brochure Supplement(s)** for more information on Mr. Kent and other individuals who formulate investment advice and have direct contact with clients, or have discretionary authority over client accounts.

This Wrap Fee Program Brochure describes the asset management services we offer through our Wrap Fee Program (the “Program”), which is administered through our clearing broker-dealer, LPL Financial. The Program has been designed to simplify our clients’ payment of management fees and brokerage expenses. You will find additional information about the Firm in our Form ADV Part 2A, which is referenced variously herein, and provided in conjunction with this document.

Asset Management Services

We generally follow an established investment management process with a long-term orientation. For most clients, we believe that a long-term diversified approach is the most suitable investment strategy. As part of our asset management services, we may create a portfolio consisting of individual stocks or bonds, exchange traded funds (“ETFs”), options, mutual funds, variable annuities and other public and private securities or investments. We also manage a select group of model asset allocation portfolios that are used in client accounts, when appropriate. Each portfolio is designed to meet the client’s particular investment goals, risk tolerance and financial circumstances. The client’s individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned strategies and securities. Once a suitable portfolio has been determined, we review the portfolio periodically or as often as necessary, and will rebalance and/or recommend modifications to the portfolio as needed.

To implement the client’s investment plan, we will manage the client’s investment portfolio on a discretionary or a non-discretionary basis. As a discretionary investment adviser, we will have the authority to supervise and direct the portfolio without prior consultation with the client. Under a non-discretionary arrangement, clients must be contacted prior to the execution of any trade in the account(s) under management. This may result in a delay in executing recommended trades, which could adversely affect the performance of the portfolio. This delay also normally means the affected account(s) will not be able to participate in block trades, a practice designed to enhance the execution quality, timing and/or cost for all accounts included in the block. In a non-discretionary arrangement, the client retains the responsibility for the final decision on all actions taken with respect to the portfolio.

¹ Merit Financial Group, LLC also does business under the names: *Merit Financial Advisors, Merit Advisor Services, Financial Development Systems, SHARP ADVISORS, Consilium Associates, Allegiance Retirement Solutions, BluHawk Wealth Management and Wealth Realm.*

Clients may impose certain written restrictions in the management of their investment portfolios, such as prohibiting the inclusion of certain types of investments in an investment portfolio or prohibiting the sale of certain investments held in the account at the commencement of the relationship.

General Fee Information

Fees paid by clients to participate in the Program generally include brokerage expenses (i.e., commissions, ticket charges, etc.) as well as the management fee paid to our Firm. Under the all-inclusive billing alternative, we will assess one client fee that captures the management, brokerage and administrative portions collectively.

Clients participating in the Program are charged an annual fee that ranges up to 1.75% annually, based on the percentage of assets under management. Fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Our fees are negotiable and will be automatically deducted from your managed account. Adjustments are made for deposits and withdrawals.

We do not offer direct billing as an option. Fees are generally automatically deducted from the client's managed account in accordance with the permission the client grants within the executed Asset Management Agreement and/or brokerage account application. Clients will receive at least quarterly account statements from the custodian reflecting the account holdings and value, and all deposits and disbursements from the account(s), including the amount of the fees paid to us. Please see ADV Part 2A, **Item 5 – Fees and Compensation** for more information.

In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us to state that you wish to terminate our services. Upon notification of termination, we will return pro-rata, a refund of unearned advisory fees.

Other Types of Fees & Expenses:

Fees paid to our Firm are exclusive of and distinct from the fees and expenses charged by mutual funds, ETFs (exchange traded funds) or other investment pools to their shareholders (generally including a management fee and fund expenses, as described in each fund's prospectus or offering materials). Clients will pay certain fees in addition to the fees of the Program, such as margin interest, check fees, trade-away fees and other similar types of fees. Please see ADV Part 2A for more information in the following areas: **Item 12 - Brokerage Practices**.

The client should review all fees charged by funds, our Firm and others to fully understand the total amount of fees paid by the client for investment and financial-related services. Clients participating in the Program may pay higher or lower fees than clients purchasing such services separately, depending on the cost of services if provided separately and the level of trading in a particular client's account.

Program fees which our Firm does not pay to third parties in connection with transaction and execution expenses are retained by us. Because of this, we may have a disincentive to trade securities in the accounts of clients in the Program.

We may recommend or offer the wrap program services of other providers. Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm.

Item 5: Account Requirements & Types of Clients

We serve individuals, high net worth individuals, pension and profit-sharing plans, corporations, trusts, estates and charitable organizations. We may impose a minimum fee or minimum account balance for our asset management services, as set forth in the Asset Management Agreement.

Item 6: Portfolio Manager Selection & Evaluation

The Program was designed to simplify for clients the payment of management fees and brokerage expenses. The Wrap Program does not select advisers in addition to our Firm, which is the only Portfolio Manager for the Program.
