\* The SEC requires all investment advisers to organize their disclosure documents according to specific categories listed above, some of which may not pertain to Actinver Wealth's business. When a required category is not relevant to our business, we list the category and state that it does not apply.

## **ITEM 4: ADVISORY BUSINESS**

### **A. Firm Description**

Actinver Wealth is an investment adviser registered with the Securities and Exchange Commission ("SEC") located in Houston, Texas with a branch office in San Antonio, Texas.

Built on a customer oriented culture, Actinver Wealth seeks to provide sound investment advice that over time allows our clients to reach their investment objectives. The Firm believes that a disciplined approach to investing is the best path to a successful strategy. Actinver Wealth employs a thorough examination of the client's risk and return objectives, as well as their restrictions to determine the best asset allocation and investment approach.

Actinver Wealth is owned by Actinver Holdings, Inc., which in turn is a wholly-owned subsidiary of Corporación Actinver SAB de CV, Actinver is one of Mexico's largest, prestigious financial institutions. Mr. F. Xavier Maza is the President of Actinver Wealth and William Cathriner is the Chief Compliance Officer.

### **B. Types of Advisory Services**

Actinver Wealth provides investment advisory and consulting services to individuals, high net worth individuals, trusts, estates and charitable organizations. These services include advice on the design of a personal "Investment Strategy" based on the client's individual profile, private financial and market advisory services, preparation, for certain accounts, of a monthly consolidated investment position report in order to review and manage the portfolio with a global approach and constant review and analysis of investment instruments and opportunities in the international financial markets in order to take advantage of those which may match with our client's individual investment profile. Additionally, Actinver Wealth performs Non-Financial/Investment Advisory services to clients, to include assistance and advice on other asset classes, such as Real Estate, Art, Collectibles, Insurance products.

Investment advice and portfolio management services are provided on a continuing basis which includes the appropriate allocation of managed assets among cash, stocks, mutual funds and bonds. This selection of specific securities will provide proper diversification and help meet the client's stated investment objectives.

## **Quant Equities Portfolio**

The Quant Equities Portfolio (“QEP”) is built upon the notion that accounting ratios are not enough to determine if a company is creating or destroying value. The QEP’s objective is to consistently find companies that are both good businesses and undervalued. Clients of Actinver Wealth, through the QEP, are thoroughly screened for it is a pure equity strategy with a minimum of one-million-dollar opening account value.

## **ACM Americas Fixed Income Fund (a.k.a. Actinver Fixed Income Opportunities Fund Limited)**

Actinver Wealth serves as the investment manager to ACM Americas Fixed Income Fund (“the Fixed Income Fund”) and is responsible for the management of the assets of the Fixed Income Fund and for day-to-day investment decisions. The Fixed Income Fund is registered as a “mutual fund” under Section 4(1)(b) of the Mutual Funds Law of the Cayman Islands Monetary Authority. The Mutual Fund Law is the primary legislation regulating mutual funds in the Cayman Islands. As such, the Fund is not subject to the Investment Company Act of 1940, or any U.S. regulation governing mutual funds, nor is the fund regulated by any U.S. regulatory authority.

The investment objective of the Fixed Income Fund is to provide its shareholders a significant return in U.S. Dollars, while preserving liquidity. The Fixed Income Fund will seek to achieve its investment objective primarily through investment in U.S. Dollar-denominated investments. The investment manager may invest in dollar securities and also invest in other securities of private issuers.

## **Actinver Moderate Portfolio Fund Limited**

Actinver Wealth Management serves as the investment manager to Actinver Moderate Portfolio Fund Limited (“the Moderate Portfolio Fund”) and is responsible for the management of the assets of the Moderate Portfolio Fund and for day-to-day investment decisions. The Moderate Portfolio Fund is registered as “mutual fund” under Section 4(1)(b) of the Mutual Funds of the Cayman Islands Monetary Authority. The Mutual Fund Law is the primary legislation regulating mutual funds in the Cayman Islands. As such, the Fund is not subject to the Investment Company Act of 1940, or any U.S. regulation governing mutual funds, nor is the fund regulated by any U.S. regulatory authority.

The primary objective of fund is to realize a high level of current income through investing in a global portfolio of high yield debt securities, including government debt, corporate debt of

companies domiciled in the US, Europe, and emerging markets, as well as collateralized debt obligations.

### **Actinver Conservative Portfolio Fund Limited**

Actinver Wealth Management serves as the investment manager to Actinver Conservative Portfolio Fund Limited (“the Conservative Portfolio Fund”) and is responsible for the management of the assets of the Conservative Portfolio Fund and for day-to-day investment decisions. The Conservative Portfolio Fund is registered as “mutual fund” under Section 4(1)(b) of the Mutual Funds Law of the Cayman Islands Monetary Authority. The Mutual Fund Law is the primary legislation regulating mutual funds in the Cayman Islands. As such, the Fund is not subject to the Investment Company Act of 1940, or any U.S. regulation governing mutual funds, nor is the fund regulated by any U.S. regulatory authority.

The primary objective of fund is to preserve capital taking exposure across multiple asset classes, including equity and fixed income by maintaining a moderate level of volatility. The strategy goals include minimizing portfolio volatility, minimizing correlation to broad equity markets and seeking positive returns in excess of intermediate-term treasuries over a multi-year (2-3) time frame.

### **C. Client Tailored Services and Client Imposed Restrictions**

As the Firm offers the QEP and the Fixed Income Fund, the, the Moderate Portfolio Fund and the Conservative Portfolio Fund (collectively “Funds”), it normally does tailor its services to individual clients. Investment guidelines and restrictions, if such are imposed by the client, must be provided to Actinver Wealth in writing.

### **D. Wrap Fee Programs**

Actinver Wealth does not sponsor or manage a wrap fee program.

## **E. Amounts of Assets under Management**

Actinver Wealth has assets under managements, as of December 31, 2016 of approximately \$377 million of which \$317 million is managed on a discretionary basis and \$60 million is managed on a non-discretionary basis. Of this amount; approximately \$100 million are assets of the Funds.

## **ITEM 5: FEES, COMPENSATION AND TERMINATION OF SERVICES**

### **A. Description of Compensation and Basic Fee Schedule**

The advisory fees payable to Actinver Wealth are either an annualized asset-based fee or a fixed fee that is negotiated with the client. Fees are calculated monthly in arrears by multiplying the net equity value in an account on the last day of the calendar month by the relevant percent and dividing such product by twelve. Accounts opened in mid-month will be assessed at a pro-rated management fee.

With regards to employee related accounts and certain other accounts, the monthly fees may be less, depending upon a number of factors, including portfolio size, length of employment and relationship to the employee.

The fee for Non-Financial/Investment Advisor services for assistance and advice on other asset classes, such as Real Estate, Art, Collectibles, Insurance products will be determined on a case-by-case basis and agreed upon, in writing, by the client. The monetary basis for the fee to be charged in connection with these items will be based upon the market value of these items, based on proper support documentation. Actinver will not undertake any efforts to validate or otherwise verify the accuracy of the valuation other than normal market values.

Per the advisory agreement an initial term of one year and will be automatically renewed for an unlimited number of terms of one year each. The relationship between the parties may be terminated by either party upon 30 days' written notice. Notwithstanding the above, if the appropriate disclosure statement was not delivered to the client at least 48 hours prior to the client entering into any written or oral advisory contract with this investment adviser, then the client has the right to terminate the relationship, contract without penalty, within five business days after entering into the contract.

The fee structures for the Funds are the following:

***ACM Americas Fixed Income Fund (a.k.a. Actinver Fixed Income Opportunities Fund Limited)***

Actinver Wealth receives a management fee of 1.20% (annualized) of the net assets from the Fixed Income Fund, payable monthly in arrears. Actinver Wealth does not charge clients invested in the Fixed Income Fund an additional advisory fee.

***Actinver Conservative Portfolio Fund Limited***

Actinver Wealth Management will receive a monthly management fee in respect of each Class at an annual rate equal to 1.35 % of the net assets of the Conservative Portfolio Fund attributable to each Class, payable monthly in arrears. Actinver Wealth Management does not charge clients invested in the fund an additional advisory fee.

### ***Actinver Moderate Portfolio Fund Limited***

Actinver Wealth Management will receive a monthly management fee in respect of each Class at an annual rate equal to 1.35 % of the net assets of the Moderate Portfolio Fund attributable to each Class, payable monthly in arrears.

### ***Quant Equities Portfolio Strategy***

Actinver Wealth charges a flat 2.00% annualized fee quarterly in advance for those individuals whose money is managed pursuant to the QEP strategy described in the “Advisory Services” Section above.

All Fees for clients not in the Funds or QEP are negotiable.

## **B. Payment of Fees**

Fees, except for those involving the Funds, are payable monthly in arrears, depending on the custodian and broker/dealer of record. Such fees may be deducted from client's account(s) monthly within five business days of the end of the month for which said fees are incurred. Clients may elect to be billed for the fees rather than having them deducted from their accounts.

## **C. Other Fees**

Clients not in the Funds may pay other fees or expenses associated with their account, including the cost of executing trades and annual maintenance fees charged by the Firm's custodian. The fees may include:

- Brokerage commissions;
- Transaction fees;
- Exchange fees;
- SEC fees;
- Advisory fees and administrative fees charged by Mutual Funds (MF), Exchange Traded Funds (ETFs)
- Advisory fees charged by sub-advisers (if any are used for your account);
- Custodial Fees;
- Deferred sales charges (on MF or annuities);
- Odd-Lot differentials;
- Deferred sales charges (charged by MFs);
- Transfer taxes;
- Wire transfer and electronic fund processing fees;
- Commissions or mark-ups / mark-downs on security transactions;
- Among others that may be incurred.

While the Funds will charge no additional management fees, there may be additional costs related to the operations of the Funds including, but not limited to, brokerage commissions, other expenses related to buying and selling securities, costs of due diligence (including travel) regardless of whether a particular transaction is consummated, the costs of attending shareholder meetings, research expenses, and costs related to monitoring investments (collectively, the “investment-related expenses”); expenses incurred in connection with its operations including, but not limited to, fees and expenses of advisers and consultants, the Management Fee, fees and expenses of any custodians, escrow or transfer agents or other investment-related service providers; indemnification expenses and the cost of insurance against potential indemnification liabilities; interest and other borrowing expenses; legal, administrative, accounting, tax, audit and insurance expenses, expenses of preparing and distributing reports, financial statements and notices to Shareholders; litigation or other extraordinary expenses; and the cost of periodically updating the Memorandum.

To the extent mutual funds are selected to fill components of the overall investment strategy, the annual advisory fee set forth above does not include the customary fees and expenses associated with investing in mutual funds or other costs of establishing and maintaining an account with mutual funds, including Rule 12b-1 fees and expenses. The client is advised that, in addition to the annual advisory fee set forth above, each mutual fund in which assets are invested will incur separate investment advisory fees and other expenses for which Client will bear a proportionate share.

#### **D. Other Compensation**

An affiliate of Actinver Wealth may receive compensation for transactions executed by Actinver Wealth on behalf of the Funds. The affiliate executes fixed income and other transactions on a “riskless principal” basis and charges a minimal mark-up or mark-down in connection with these transactions. This compensation is not shared with Actinver Wealth, but may be considered additional compensation to Actinver Wealth pursuant to SEC rules and regulations. As a result, this arrangement creates a conflict of interest in that the Firm may select investments for the Fund based upon compensation to be received by its affiliate. The Firm will mitigate this conflict by ensuring that it fulfills its fiduciary duty by placing its clients’ interests ahead of its own by only selecting investments based upon their appropriateness and suitability to the funds and its clients and not based upon any compensation that might be received.

## **ITEM 6: PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT**

Actinver Wealth does not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client).

## **ITEM 7: TYPES OF CLIENTS**

Actinver Wealth's client base consists primarily of Mexican clients in some cases referred to the Firm by an affiliated entity in Mexico. These clients are typically individuals, high net worth individuals, trusts, estates, charitable organizations, corporations, and off-shore trusts for the benefit of Mexican individuals.

## **ITEM 8: METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS**

### **A. Methods of Analysis and Investment Strategies**

#### ***QEP Portfolio***

For the QEP portfolio, the analysis performed is based on the target and current securities' quarterly and yearly earnings report. Proprietary measures are applied to gauge the attractiveness of their valuations based on an average of earnings estimates. The portfolio is then built with an equal weight approach and rebalanced at least once a month. As with any other equity investment, the risk of loss is greater than that of a fixed income or cash investments. Nevertheless, Actinver Wealth deems the risk as "smaller than average" for an equity investment.

There is no assurance, however that the Actinver Wealth's clients will achieve their investment objectives and investing in securities involves risk of loss that clients should be prepared to bear.

#### ***ACM Americas Fixed Income Fund (a.k.a. Actinver Fixed Income Opportunities Fund Limited)***

Actinver Wealth serves as the investment manager to the Fixed Income Fund and is responsible for the management of the assets of the Fixed Income Fund and for day-to-day investment decisions. The Fixed Income Fund is a company incorporated in the Cayman Islands as an exempted company with limited liability.

The investment objective of the Fixed Income Fund is to provide its shareholders a significant return in U.S. Dollars while preserving liquidity. The Fixed Income Fund will seek to achieve its investment objective primarily through investment in U.S. Dollar-denominated investments. The investment manager may invest in dollar securities and also invest in other securities of private issuers. Under normal conditions, up to 100% of the Fixed Income Fund's total assets will be invested in Dollar Securities, and the balance, if any, of the Fixed Income Fund's assets, will be invested in other securities in special situations, deemed by Actinver Wealth to offer the potential for superior returns. However, the FI Fund reserves the right to invest up to 100% of its total assets in short-term U.S. government instruments and other high quality money market instruments for temporary defensive purposes. The FI Fund may assume a temporary defensive posture, when due to political, market or other factors broadly affecting the debt market in Mexico or other countries, Actinver Wealth determines either opportunities for high current

income consistent with preservation of capital in those markets may be significantly limited or that significant diminution in the value of the securities traded in those markets is likely to occur.

### ***Actinver Moderate Portfolio Fund Limited***

Actinver Wealth Management is responsible for the management of the assets of the fund and for day-to-day investment decisions. Actinver Moderate Portfolio Fund Limited is incorporated in the Cayman Islands as an exempted company with limited liability.

The primary objective of the Fund is to realize a high level of current income through investing in a global portfolio of debt securities, including government debt, corporate debt of companies domiciled in the US, Europe and emerging markets and collateralized debt obligations. The Fund will attempt to achieve its objective by primarily investing in a global portfolio of high yield debt securities, including government debt, corporate debt of companies domiciled in the US, Europe and emerging markets and collateralized debt obligations. The fund may use specialist analysis tools among other elements for these transactions. It should be noted that, given the strategy applied, investment in the fund implies a high level of risk.

### ***Actinver Conservative Portfolio Fund Limited***

Actinver Wealth Management is responsible for the management of the assets of the fund and for day-to-day investment decisions. Actinver Conservative Portfolio Fund Limited is incorporated in the Cayman Islands as an exempted company with limited liability.

The primary objective of the Fund is to preserve capital taking exposure across multiple asset classes, including equity and fixed income by maintaining a moderate level of volatility. The strategy goals include minimizing portfolio volatility, minimizing correlation to broad equity markets and seeking positive returns in excess of intermediate-term treasuries over a multi-year (2-3) time frame.

The Fund will attempt to achieve its objective by primarily investing in a combination of asset classes, which may include, but are not limited to the following; US equities, International equities, Fixed Income, REITS, Alternatives and Commodities, Infrastructure and Convertibles. The fund may use specialist analysis tools among other elements for these transactions. It should be noted that, given the strategy applied, investment in the fund implies a high level of risk.

### ***Individual Accounts***

Our investment strategy is founded on: Diversification, Independence and Objectivity.

Diversification is achieved not only through different types of instruments, but also through different markets, currencies and institutions. Through the network of institutions with whom we

operate we are in a position to offer our clients various instruments, markets and currencies in order to achieve global diversification.

## **B. Material Risks**

Please see the discussion in Item 8.A. regarding the Firm's strategies and the related risks as well as the offering memorandums for each of the Funds. Additionally, all investments carry some amount of risk. Actinver Wealth's investment strategies may be subject to the following principal investment risks:

**Credit Risks** – The risk that the portfolio could lose money if the issuer of guarantor of a fixed-income security, or the counter-party to a derivative contract, is unable or unwilling to meet its financial obligations.

**Counter-Party Risks** – A portfolio may incur a loss if the other party to an investment contract, such as a derivative, fails to fulfill its contractual obligation.

**Currency Risks** – The risk that foreign currencies will decline in value relative to the US dollar and affect a portfolio's investments in foreign (non-US) currencies or in securities that trade in, and receive revenues in, or in derivatives that provide exposure to, foreign (non-US) currencies.

**Debt Securities Risks** – The issuer of a debt security may fail to pay interest of principal when due, and changes in market interest rates may reduce the value of debt securities or reduce the portfolio's returns.

**Derivatives Risks** – The use of derivatives such as futures, options and swap agreements can lead to losses, including those magnified by leverage, particularly when derivatives are used to enhance return rather than offset risk.

**Emerging-Markets Risk** – Foreign investment risks are typically greater for securities in emerging markets, which can be more vulnerable to recessions, currency volatility, inflation and market failure.

**Equity Risks** – The risk that the value of equity securities, such as common stocks and preferred stocks, may decline due to general market conditions which are not specifically related to a particular company or to factors affecting a particular industry or industries. Equity securities generally have greater price volatility than fixed income securities.

**ETF Risks** – A portfolio will be exposed indirectly to all of the risks of securities held by an ETF.

Foreign Investment Risk – Foreign investments face the potential of heightened illiquidity, greater price volatility and adverse effects of political, regulatory, tax, currency, economic or other macroeconomic developments.

High-Yield Securities Risk – High-yield securities have a much greater risk of default or of not returning principal and tend to be more volatile than higher-rated securities of similar maturity.

Interest-Rate Risk – The risk that fixed income securities will decline in value because of an increase in interest rates.

Issuer Risk – The value of a security may decline because of adverse events or circumstances that directly relate to conditions at the issuer or any entity providing it credit or liquidity support.

Issuer Non-Diversification Risk – The risks of focusing investments in a small number of issuers, industries, or foreign currencies, including being more susceptible to risks associated with a single economic, political or regulatory occurrence than a more diversified portfolio might be.

Leverage Risk – The risk that certain portfolio transactions may give rise to leverage, causing the portfolio to be more volatile than if it had not been leveraged.

Liquidity Risk – A security may not be able to be sold at the time desired or without adversely affecting the price.

Market Risk – The market price of securities held by a portfolio may rapidly or unpredictably decline due to factors affecting securities markets generally or particular industries.

Mortgage- and Asset-Backed Securities Risk – These securities may decline in value when defaults on the underlying mortgage or assets occur and may exhibit additional volatility in periods of changing interest rates. When interest rates decline, the prepayment of mortgages or assets underlying such securities may require the reinvestment of money at lower prevailing interest rates, resulting in reduced returns.

Regulatory Risk – The risk that changes in government regulations may adversely affect the value of a security. An insufficiently regulated industry or market might also permit inappropriate practices that adversely affect an investment.

Short Sale Risk – The risk of entering into short sales includes the potential loss of more money than the actual cost of the investment, and the risk that the third party to the short sale may fail to honor its contract terms, causing a loss to a portfolio.

Private Securities Risk – Private securities contain the risks of their respective public securities, but these risks can be magnified due to their illiquidity and lack of public knowledge on the business. These securities are inherently more risky.

Real Estate Risk – The real estate market has experienced some large swings recently. Due to changes in interest rates, the lending market, economic policy, and supply and demand, in addition to illiquidity, real estate investments can carry a great deal of risk.

### **C. Certain Risk Factors**

Investments in the Funds carry with it a degree of risk. The value of Shares and the income from them may go down as well as up, and investors may not get back the amount invested. Because of the risks involved, investment in the Funds is only suitable for sophisticated investors who are able to bear the loss of a substantial portion or even all of the money they invest in the Funds, who understand the high degree of risk involved, believe that investment in the Funds is suitable for them based on their investment objectives and financial needs and have no need of liquidity of investment. Investors are therefore advised to seek independent professional advice on the implications of investing in the Funds. Certain risk factors for an investor to consider are set out in the Section headed “Certain Risk Factors” in the offering memorandum. There is no public market for the Shares and no such market is expected to develop in the future.

## **ITEM 9: DISCIPLINARY INFORMATION**

### **A. Criminal or Civil Action**

Neither Actinver Wealth, nor any of our employees, has had any civil or criminal actions brought against them.

### **B. Administrative Procedure**

Neither Actinver Wealth, nor any of our employees, has had any administrative proceedings before the SEC, any other federal regulatory agency, any state regulatory agency, or any foreign financial regulatory authority.

### **C. Self-Regulatory Organization**

Pursuant to Securities and Exchange rule, registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of the investment adviser, or the integrity of the investment adviser's management. An affiliate of Actinver Wealth, Actinver Securities, Inc. and one of the registered representatives was found to be in violation of NASD Conduct Rule 2110 and 3010(A). The matter was resolved on April 11, 2003 by an Acceptance, Waiver and Consent ("AWC") and a monetary fine and censure was ordered. The total amount of the fine was \$20,000.00 jointly to the Firm and the registered representative. For additional information regarding this matter, please consult the SEC Web site at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov), or [brokercheck.finra.org](http://brokercheck.finra.org).

## **ITEM 10: OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS**

### **A. Registration as a Broker/Dealer or Broker/Dealer Representative**

#### ***Actinver Securities, Inc.***

The Firm's President, F. Xavier Maza, is registered with FINRA as the President of Actinver Securities, Inc. ("Actinver Securities") and the Firm's Chief Compliance Officer, William Cathriner, is registered with FINRA as a General Securities Principal of Actinver Securities, a related broker/dealer, which is under common ownership and control. Mr. Maza devotes approximately 60% percent of his time to the operations of Actinver Securities and Mr. Cathriner devotes approximately 10% of his time to the operations of Actinver Securities. This dual registration is deemed to be a material conflict of interest because the Firm could recommend clients invest through an account based upon the amount of income that could be earned by the Firm rather than what is in the clients' best interests. The Firm mitigates this conflict by ensuring the type of account as well as the product is appropriate for the client. Additionally, the majority of clients of Actinver Wealth are also clients of Actinver Securities. In the performance of his duties, Mr. Cathriner reviews all client activities conducted through Actinver Wealth, on a regular basis.

### **B. Registration as a Futures Commission Merchant, Commodity Pool Operator or a Commodity Trading Adviser**

Neither Actinver Wealth nor its representatives are registered as a Futures Commission Merchant, Commodity Pool Operator or a Commodity Trading Adviser.

### **C. Registration Relationships Material to This Advisory Business and Conflicts of Interest**

The Firm's President also serves as the designated individual investment manager for the Fixed Income Fund, the Moderate Portfolio Fund and the Conservative Portfolio Fund. Actinver Wealth has also entered into a sub-advisory agreement. In the performance of his duties, Mr.

Cathriner reviews all client activities, whether they be conducted through the Fund or an advisory account, to ensure the Firm is meeting its fiduciary duty.

Actinver Wealth has an insurance affiliate, Actinver Insurance Services, that offers insurance products including life insurance, health insurance, personal lines insurance and property and casualty insurance. Currently, the firm has two advisory clients are also clients of Actinver Insurance Services and the business does not create a conflict of interest.

#### **D. Selection of Other Advisors of Managers and How This Adviser is Compensated for Those Selections**

Actinver Wealth may select or recommend a sub-advisor for its clients and it will share part of the fee. The Firm does not select other investment advisers for its clients and thus does not receive compensation directly or indirectly from any advisers.

## **ITEM 11: CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING**

### **A. Code of Ethics**

Actinver Wealth has adopted a Code of Ethics for all supervised persons of the Firm describing its high standard of business conduct, and fiduciary duty to its clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading, a prohibition of rumor mongering, restrictions on the acceptance of significant gifts and the reporting of certain gifts and business entertainment items, and personal securities trading procedures, among other things. All supervised persons at Actinver Wealth must evidence by signature, an acknowledgement, acceptance, and understanding of the terms of the Code of Ethics, annually or as amended.

It is Actinver Wealth's policy that the Firm will not affect any principal securities transactions for client accounts. Actinver Wealth as the investment adviser to its clients including the Funds may purchase securities from Actinver Securities, an affiliated broker/dealer, on a principal or riskless principal basis. Such trades will be approved by clients prior to settlement. Actinver Wealth will also not normally effect cross trades between client accounts but may do so if a client wishes to liquidate a position and another client is interested in purchasing the security. Actinver Wealth does not anticipate executing agency cross trades on a discretionary basis but rather will receive approval from clients prior to execution. Principal transactions are generally defined as transactions where an adviser, acting as principal for its own account or the account of an affiliated broker/dealer, buys from or sells any security to any advisory client. A principal transaction may also be deemed to have occurred if a security is crossed between an affiliated hedge fund and another client account. An agency cross transaction is defined as a transaction where a person acts as an investment adviser in relation to a transaction in which the investment adviser, or any person controlled by or under common control with the investment adviser, acts as broker for both the advisory client and for another person on the other side of the transaction. Agency cross transactions may arise where an adviser is dually registered as a broker/dealer or has an affiliated broker/dealer

Actinver Wealth's clients or prospective clients may request a copy of the Firm's Code of Ethics by contacting our offices at 713-885-9843 or via email at [info@actinverwm.com](mailto:info@actinverwm.com).

## **B. Recommendations Involving Material Financial Interests**

Actinver Wealth anticipates that, in appropriate circumstances, consistent with clients' investment objectives, it will cause accounts over which Actinver Wealth has management authority to effect, and will recommend to investment advisory clients or prospective clients, the purchase or sale of securities in which Actinver Wealth, its affiliates and or clients, directly or indirectly, have a position of interest. Actinver Wealth as the investment adviser to the Funds may purchase securities from Actinver Securities, an affiliated broker/dealer, on a principal or riskless principal basis. This relationship presents a conflict of interest in that the Firm may purchase the securities based upon compensation the affiliate may receive rather than what is in the clients' best interests. The Firm mitigates this conflict by ensuring that it evaluates each security on its merits and whether it is appropriate for the Fund and its underlying investors.

## **C. Investing in the Same Securities as Clients**

Actinver Wealth's employees and persons associated with Actinver Wealth are required to follow Actinver Wealth's Code of Ethics. Subject to satisfying this policy and applicable laws, officers, directors and employees of Actinver Wealth and its affiliates may trade or invest for their own accounts in securities which are recommended to and or purchased for Actinver Wealth's clients. The Code of Ethics is designed to assure that the personal securities transactions, activities and interests of the employees of Actinver Wealth will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts. Under the Code, certain classes of securities have been designated as exempt transactions, based on a determination that these would materially not interfere with the best interest of Actinver Wealth's clients. In addition, the Code requires pre-clearance of many transactions, and restricts trading in close proximity to client trading activity. Nonetheless, because the Code of Ethics, in some circumstances, would permit employees to invest in the same securities as clients, there is a possibility that employees might benefit from market activity by a client in a security held by an employee. Employee trading is continually monitored under the Code of Ethics, and to reasonably prevent conflicts of interest between Actinver Wealth and its clients.

## **D. Trading the Same Securities as Clients' Securities**

Please see the response to Item 11.C. above.

## **ITEM 12: BROKERAGE PRACTICES**

### **A. Selecting Brokerage Firms**

#### **Research and Soft Dollar Benefits**

Unless a client instructs Actinver Wealth otherwise, the Firm may place orders for the execution of transactions with or through a broker/dealer as Actinver Wealth may select, and complying with Section 28(e) of the Securities Exchange Act of 1934, may pay a commission on transactions in excess of the amount of commission another broker or dealer would have charged. Actinver Wealth will select such brokers that can effect transactions at the best price and execution under the prevailing circumstances. In managing investment portfolios, Actinver Wealth acts in a manner in keeping with selected objectives to provide diversification among economic sectors and industries which are chosen to achieve the desired balance between expected risk and expected return. Transactions of an unusual nature are discussed with clients before execution.

It is not Actinver Wealth's practice to negotiate "execution only" commission rates; thus, the client may be deemed to be paying for other services provided by the broker which are included in the commission rate. These other services may include research, services such as marketed publications, advice, analysis, reports or on line financial information. Research services furnished by Actinver Wealth to its brokerage clients may or may not be used by Actinver Wealth in the servicing of its investment advisory clients.

Actinver Wealth may receive information regarding other products and services that benefit Actinver Wealth but may not benefit its clients' accounts. Some of these other products and services assist in managing and administering client's accounts. These include software and other technology that provide access to client account data (such as trade confirmations and account statements); facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts); provide research, pricing information and other market data; facilitate payment of fees from its clients' accounts; and assist with back-office functions, recordkeeping and client reporting. Many of these services generally may be used to service all or a substantial number of Actinver Wealth's accounts, including accounts not maintained at the custodian. Adhering to a strict formula will not be practicable given the variation in client objectives and guidelines.

### **Brokerage for Client Referrals**

Actinver Wealth does not consider whether it or a related person receives referrals from a broker/dealer or third party when selecting or recommending broker/dealers to its clients.

### **Directed Brokerage and Custodian**

Actinver Wealth, unless directed otherwise by the client, will utilize its affiliated broker/dealer, Actinver Securities, to execute transaction for its clients. Actinver Securities may receive compensation for transactions executed by Actinver Wealth on behalf of the Fund. The affiliate executes fixed income and other transactions on a “riskless principal” basis and charges a minimal mark-up or mark-down in connection with these transactions. This compensation is not shared with Actinver Wealth, but may be considered additional compensation to Actinver Wealth pursuant to SEC rules and regulations. This relationship creates a conflict of interest in that Actinver Wealth may select transactions based upon compensation to be received by Actinver Securities rather than the clients’ best interests. The Firm mitigates this conflict by ensuring that all transactions are selected for their suitability and appropriateness for the clients based upon their objectives and not on any compensation that might be received by the Firm or its affiliate.

Although Actinver primarily uses one custodian, clients may direct the Firm to have their assets custodied at another Firm. This alternative relationship may have an adverse effect on the fees and commissions paid by the client directing the custodial relationship.

## **B. Aggregation of Securities for Multiple Client Accounts**

Whenever the Firm is buying or selling the same securities for multiple clients, it will endeavor to aggregate the transactions when possible in order to provide best execution for the clients.

## **ITEM 13: REVIEW OF ACCOUNTS**

### **A. Periodic Reviews**

William Cathriner will review all client's account no less than annually, and compare each investment on a transaction basis to ensure that each transaction is: (i) suitable to the respective client's investment objectives; (ii) meets that client's quality standards; and (iii) to make sure that their investment objectives are still pertinent to the managed account arrangement.

### **B. Factors that Will Trigger Non-Periodic Reviews**

More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances or the market economic or political environment.

### **C. Reports Provided to Clients**

All Actinver Wealth clients receive brokerage transaction confirmations and monthly statements from the custodian on the account and not from Actinver Wealth. For certain accounts, a monthly consolidated investment report will be issued. This report consolidates all investment positions for each client and shows the client his total positions in a manner to assess and evaluate present and future investment strategies in accordance with his individual investment objectives. The valuation of the custodian statements versus the valuation of the client report could show certain variances. Such possible variances are due to one or a combination of the following possible issues: calculation of accrued interest, valuation date, prices of securities.

In addition, certain clients may have special situations, in which the client report may include other assets, such as, real estate, art collections, jewelry, insurance policies, etc., in addition to the investment portfolio or it may have multi-custodians. For calculation of the AWM fees, the valuation to be utilized will be the valuation of the client's assets, as contained on the consolidated report issued by AWM the valuation of the other assets, if any are included in the report such as, real estate, art collections, jewelry, insurance policies, etc., such valuations will be used by the Firm as acquired on a best effort on a market basis.

Investors in the Funds will receive audited financial statements from the Funds on an annual basis.

## **ITEM 14: CLIENT REFERRALS AND OTHER COMPENSATION**

### **A. Third Party Compensation**

Neither Actinver Wealth nor any of its supervised persons receive any economic benefit from any persons who are not the clients receiving investment advice.

### **B. Referrals**

Actinver Wealth has a referral agreement with its Mexican affiliates, whereby Actinver Wealth shares a percentage of its fees or other revenue received as a result of the referral.

Actinver Wealth Management has agreements with some independent contractors for the referral of non-US clients. (Independent Contractor Agreement).

## **ITEM 15: CUSTODY**

Actinver Wealth does not hold monies, securities, or any other asset for the benefit of its clients other than through the Funds. As a result, the Firm is deemed to have custody of the funds and securities managed through the Funds. Clients should receive at least quarterly statements from the broker/dealer, bank or other qualified custodian that holds and maintains clients' investment assets. Actinver Wealth urges its clients to carefully review such statements and compare such official custodial records to any reports that it may provide. The reports may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities. Clients who have questions should contact the Firm or the custodian issuing the statements.

## **ITEM 16: INVESTMENT DISCRETION**

Actinver Wealth usually receives discretionary authority from the client at the outset of an advisory relationship. This discretionary authority allows Actinver Wealth to select which securities are to be purchased, sold, or exchanged, and the timing and price(s) of such transactions. This discretion does not allow Actinver Wealth to withdraw client funds from their account without prior written authorization to do so. Actinver Wealth will supervise and direct the investments of the client accounts subject to such limitations as the client may impose in writing. Actinver Wealth, as agent and attorney-in-fact with respect to the client's account, without prior consultation with the client, may, (a) direct the purchase, sell, exchange, conversion, and otherwise trade in stocks, bonds and other securities including money market instruments, (b) direct the amount of securities purchased, sold, exchanged, and otherwise traded, (c) place orders for the execution of such securities transactions with Actinver Securities or other third party broker/dealers, and (d) determine the commission rates paid. When selecting securities, and determining amounts, Actinver Wealth observes the investment policies, limitations and restrictions of the clients for which it advises.

## **ITEM 17: VOTING CLIENT SECURITIES**

Actinver Wealth does not take any action or render any advice with respect to the voting of proxies solicited by, or with respect to, the issuers of any securities held in the Accounts.

## **ITEM 18: FINANCIAL INFORMATION**

Actinver Wealth does not have any financial commitments that impair its ability to meet contractual and fiduciary commitments to clients, and has not been the subject of a bankruptcy proceeding.

### **A. Balance Sheet**

Actinver Wealth does not require nor solicit prepayment of investment advisory fees which would result in custody issues. Therefore, the Adviser is not required to include a balance sheet with this brochure.

### **B. Financial Conditions**

Neither Actinver Wealth nor its management has any financial conditions that are likely to reasonably impair its ability to meet contractual commitments to clients.

### **C. Bankruptcy Petitions**

Actinver Wealth has not been the subject of a bankruptcy petition in the last ten years.
