Item 4 - Advisory Business

Firm Description

FINANCIAL MANAGEMENT PROFESSIONALS, INC. DBA FMP Wealth Advisers was founded in YEAR 1987.

We provide personalized confidential financial planning and investment management to individuals, pension and profit sharing plans, trusts, estates, charitable organizations and small businesses. Advice is provided through consultation with the client and may include: determination of financial objectives, identification of financial problems, cash flow management, tax planning, insurance review, investment management, education funding, retirement planning, and estate planning.

FMP Wealth Advisers is strictly a fee-only financial planning and investment management firm. We do not sell annuities, insurance, stocks, bonds, mutual funds, limited partnerships, or other products for a commission. No commissions in any form are accepted. No finder's fees are accepted.

Investment advice is an integral part of financial planning. In addition, at times we advise clients regarding cash flow, college planning, retirement planning, tax planning and estate planning.

FMP Wealth Advisers does normally not act as a custodian of client assets under investment management. Exceptions to this general rule are the pooled investment funds it manages, or if a client requests establishment of a third party authorization on the account which is deemed to give FMP Wealth Advisers custody. We place trades for clients under a limited power of attorney.

An evaluation of each client's initial situation is provided to the client. Periodic reviews are also communicated to provide reminders of the specific courses of action that need to be taken. More frequent reviews occur but are not necessarily communicated to the client unless immediate changes are recommended.

Other professionals (e.g., lawyers, accountants, insurance agents, etc.) are engaged directly by the client on an as-needed basis. Conflicts of interest will be disclosed to the client in the unlikely event they should occur.

The initial meeting, which may be by telephone at 512-329-5174, is free of charge and is considered an exploratory interview to determine the extent to which financial planning and investment management may be beneficial to the client.

Types of Advisory Services

FMP Wealth Advisers provides investment supervisory services and manages investment advisory accounts. On more than an occasional basis, FMP Wealth Advisers also furnishes advice to clients on matters not involving securities, such as financial planning matters, taxation issues, and trust services that often include estate planning.

As of 12-31-2017, FMP Wealth Advisers manages approximately \$607,580,554.00 in assets for approximately 600 clients. Approximately \$558,496,520.00 is managed on a discretionary basis, and \$49,084,034.00 is managed on a non-discretionary basis.

Tailored Relationships

The goals and objectives for each client are documented in our database. We provide a tailored relationship to a client by recommending a combination of investment profiles or portfolios that reflect the stated goals and objectives.

Each profile or portfolio is a combination of an investment style and risk level. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without client consent.

Types of Agreements

The following agreements define the typical client relationships.

Financial Planning Agreement

A financial plan is designed to help the client with specific areas of financial planning requested by the client.

The financial plan may include, but is not limited to: a net worth statement; a cash flow statement; a review of investment accounts, including reviewing asset allocation and providing repositioning recommendations; strategic tax planning; a review of retirement accounts and plans including recommendations; a review of insurance policies and recommendations for changes, if necessary; one or more retirement scenarios; estate planning review and recommendations; and education planning with funding recommendations.

Detailed investment advice and specific recommendations are not provided as part of a financial plan.

The fee for a financial plan is predicated upon the facts known at the start of the engagement. Since financial planning is a discovery process, situations occur wherein the client is unaware of certain financial exposures or predicaments. In the event the client's situation is substantially different than disclosed at the initial meeting, a revised fee may be provided for mutual agreement. The client must approve the change of scope in advance of the additional work being performed when a fee increase is necessary.

Investment Supervisory Services

FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers serves as investment manager to FMP Real Estate One, L.P., a Delaware limited partnership formed in 2009 (hereinafter "the Fund"). FMP Real Estate GP, L.L.C., a Delaware limited liability company and an entity wholly-owned by FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers, is the General Partner to the Fund.

FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers serves as investment manager to FMP Real Estate Two, L.P., a Delaware limited partnership formed in 2013 (hereinafter "the Fund"). FMP Real Estate Two GP, L.L.C., a Delaware limited liability company and an entity wholly-owned by FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers, is the General Partner to the Fund.

Interests in these Funds are offered in reliance upon various exemptions available under the securities laws for transactions in securities not involving a public offering. FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers manages the Funds on a discretionary basis in accordance with the terms and conditions of the Funds' Private Placement Memorandum and organizational documents.

The Funds are each a closed-end fund, formed to pursue investments in the real estate sector through a commitment to invest capital of the Funds into one or more investment vehicles (hereinafter, "Venture Fund Partnerships"). Any capital not invested in Venture Fund Partnerships may be invested in all types of securities and other financial instruments, including, but not limited to, United States government and agency obligations, commercial paper, interest-bearing bank deposits and certificates of deposit, money market funds, mutual funds, exchange traded funds, and other fixed income securities.

The FMP Real Estate One L.P. Fund requires an initial minimum investment of \$50,000 from investors who are clients of FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers and \$100,000 from all other investors.

The FMP Real Estate Two L.P. Fund requires an initial minimum investment of \$150,000 from investors.

These minimum investment requirements may be lowered in the sole discretion of the General Partner.

Prospective investors in each of the Funds should be aware of additional risks, restrictions on withdrawals and redemptions and other important information associated with investment in the Funds. This information is outlined in the Funds' Private Placement Memorandum and subscription documents. Prospective investors should refer to the Private Placement Memorandum and subscription documents for information regarding these important additional considerations.

MANAGEMENT FEES: The FMP Real Estate One L.P. Fund's management fee is calculated based on the percentage of assets under management in accordance with the fee schedule below. Additionally, a base fee ranging from \$1,000 to \$5,000 is charged annually. FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers serves as investment manager to FMP Select Assets Diversified Fund, L.P., a Delaware limited partnership formed in 2016. FMP Select Assets Diversified Fund GP, LLC, a Delaware limited liability company and an entity wholly-owned by FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers, is the General Partner to the Fund.

Interests in FMP Select Assets Diversified Fund, L.P. are offered in reliance upon various exemptions available under the securities laws for transactions in securities not involving a public offering. FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers manages the FMP Select Assets Diversified Fund, L.P. on a discretionary basis in accordance with the terms and conditions of the Private Placement Memorandum and organizational documents.

The FMP Select Assets Diversified Fund, L.P. is a closed-end fund, formed to pursue investments flexibly in a broad range of fixed income, equity, and alternative asset classes in the U.S. and other countries throughout the world, both developing and emerging.

The FMP Select Assets Diversified Fund, L.P. requires an initial minimum investment of \$150,000. FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers as the investment manager may in its sole discretion waive, reduce, or calculate differently all or a portion of the management fees associated with a capital fund.

MANAGEMENT FEES: The FMP Select Assets Diversified Fund, L.P. fee is paid quarterly in advance, equal to 2% per annum of the Net Asset Value of the Class Interests attributable to each capital account. The Management Fee will be waived or adjusted for certain Limited Partners pursuant to the terms of an existing advisory arrangement with the Investment Manager (or its affiliates) that includes a separately negotiated fee schedule reflecting such Limited Partner's Interests. No such waiver, reduction or calculation will entitle any other Limited Partner to such waiver, reduction or calculation.

The management fee is payable as of the first business day of each fiscal quarter. Furthermore, investors in the FMP Select Assets Diversified Fund, L.P. are subject to potential performance-based fees relating to its underlying investments of assets with Portfolio Funds. These performance fees are expected to generally range from 0% to 20% per annum of the increase in value of the Fund's net assets invested in such Portfolio Funds.

Prospective investors in the FMP Select Assets Diversified Fund, L.P. should refer to the Private Placement Memorandum for additional information regarding fees and restrictions.

Manages Investment Advisory Accounts

FMP Wealth Advisers provides investment advisory management services to clients using model asset allocation portfolios. Each model portfolio is designed to meet a particular investment goal. We offer this service to individuals, pension and profit sharing plans, trusts, estates or charitable organizations and corporations or other business entities. Most advisory accounts are managed on a discretionary basis only. Pension and profit sharing plans may be managed on a discretionary basis or non-discretionary basis depending on the level of service desired.

Through personal discussions with the client in which the client's goals and objectives are established, we will determine which model portfolio is suitable to the client's circumstances. Once the appropriate portfolio has been determined, the portfolio will be managed based on the portfolio's goal, rather than on each client's individual needs. Clients, nevertheless, will have the opportunity to place reasonable restrictions on the types of investments to be held in the client's account and account supervision will be guided by the stated objectives of the client (i.e., maximum capital appreciation, growth, income, or growth and income). Clients will retain individual ownership of all securities.

Assets are invested primarily in no-load mutual funds and exchange-traded funds, usually through discount brokers or fund companies. Fund companies charge each fund shareholder an investment management fee that is disclosed in the fund prospectus. Discount brokerages may charge a transaction fee for the purchase of some funds or a custody fee for holding custody of a fund.

Stocks and bonds may be purchased or sold through a brokerage account when requested by the client. The brokerage firm charges a fee for stock and bond trades. FMP Wealth Advisers does not receive any compensation, in any form, from fund companies.

Investments may also include: equities (stocks), warrants, corporate debt securities, commercial paper, certificates of deposit, municipal securities, investment company securities (variable life insurance, variable annuities, and mutual funds shares), U. S. government securities, options contracts, futures contracts, and interests in partnerships.

To ensure that our initial determination of an appropriate portfolio continues to be suitable and that the client's account continues to be managed in a manner suitable to the client's financial circumstances, we will maintain client suitability information in the client's file. On a quarterly basis, we will contact clients in writing to determine whether there have been any changes in the client's financial situation and investment objectives and whether the client wishes to impose or modify existing investment restrictions.

Initial public offerings (IPOs) are not available through FMP Wealth Advisers.

Investment Advisory Management Services to Separately Managed Accounts (hereinafter referred to as "SMA" in the remainder of this document)

FMP Wealth Advisers provides continuous advice regarding investment of client's funds based on the individual needs of the account holder.

Once the particular goals and objectives of an account holder are established, FMP Wealth Advisers develops a personal investment policy and manages the portfolio based on that policy. FMP Wealth Advisers will manage advisory accounts on a discretionary basis. Account supervision is guided by account holder specific factors such as prior investment experience, current investments, income needs, risk tolerance, income objectives, and other relevant data as obtained directly from the client in the Engagement Agreement.

Through personal discussions and a comprehensive information gathering process, each client's investment goals and objectives are established. From this information, FMP Wealth Advisers will work with the client to determine which portfolio is suitable to their particular circumstances. FMP Wealth Advisers may, if appropriate, suggest modifications to the model or an allocation among two or more of the models to more adequately address the client's individual needs. FMP Wealth Advisers provides clients the opportunity to place reasonable restrictions on the types of investments to be held in the client's account.

However, FMP Wealth Advisers reserves the right to refuse or decline the request. Clients will retain individual ownership of all portfolio securities. In addition to the client specific factors mentioned in the preceding paragraph, account supervision is also guided by the stated objectives of the client (i.e., maximum capital appreciation, growth, income, or growth and income).

FMP Wealth Advisers offers SMA account management services through portfolios invested in a variety of fixed income instruments and equity securities. Periodically, FMP Wealth Advisers may recommend purchases and sales in the account based on shifts in the market, fluctuations in interest rates, updates in customer suitability, goals, or financial objectives, and other related changes.

FMP Wealth Advisers develops and manages investment portfolios based on the investment policies of our clients, and these portfolios may consist of one of the following, as appropriate: mutual funds, individual equities, warrants, corporate debt securities, commercial paper, exchange traded funds (ETFs), bonds, municipal debt securities, structured products, notes and/or other investment products. FMP Wealth Advisers will allocate the client's assets among various investments taking into consideration the overall investment policy of the client.

In order to ensure that FMP Wealth Advisers initial determination of an appropriate portfolio continues to be suitable and that the client's account continues to be managed in a manner fitting the client's financial circumstances, FMP Wealth Advisers will maintain client suitability information in the client's file. On a quarterly basis, FMP Wealth Advisers will notify Investment Advisory Management Services clients in writing to request updated information regarding the client's financial situation and investment objectives and whether the client wishes to impose or modify existing investment restrictions.

ERISA Retirement Plan Advice

FMP and its Advisors provide investment advice to sponsors of ERISA retirement plans, as well as education and enrollment services to eligible participants of the plans. At the plan level, FMP assists the responsible plan fiduciary in analysis, selection, and monitoring of investment options made available to plan participants. FMP may recommend appropriate mutual fund Model Portfolios, which are managed on a discretionary basis. FMP may also assist the responsible plan fiduciary in the selection of a list of specific mutual funds.

Termination of Agreement

Clients or FMP Wealth Advisers may terminate any of the aforementioned agreements at any time and a refund will be made for the value of services paid but not yet rendered.

Item 5 - Fees and Compensation

Description

Fees for investment advisory management services (non-SMA) are negotiated in advance, and the fees are stated in the contract as the sum of a percentage of assets and a flat fee. The flat fee amount ranges from \$0 - to - \$2,500.00 depending upon frequency of meetings, the level of the adviser's review responsibilities, and other factors. The percentage of asset range is between 1.0% to 0.15%. The percentage fee varies depending on the amount of assets managed, type of account (pooled, daily valued, 403-b, etc.) the level of the adviser's review responsibilities, and the asset mix desired. At times, group or family fee schedules providing reduced fees can be used for clients. Fees are usually paid quarterly in advance. The client or the adviser may terminate at any time and a refund will be made for the value of services paid but not yet rendered.

Fees for the SMA investment advisory management services will generally be charged as a percentage of assets under management. Annual fees for the fixed income strategies will range from 1.30% to 0.60%. Annual fees for our equity strategies range from 1.50% to 0.80%.

Note: All fees referenced above reflect our standard ranges. Some accounts may exist with fees that fall outside our standard range. FMP Wealth Advisers, in its sole discretion, may charge a lesser investment advisory management fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

Financial plans are priced according to the degree of complexity associated with the client's situation.

Fee Billing

Investment management fees are billed quarterly, in advance, meaning that we invoice you on or before the beginning of three-month billing period. Payment in full is expected upon invoice presentation. All accounts, depending on the particular arrangement with each client, will be charged either by invoicing clients or directly debiting their custodial accounts. Clients should contact their custodian for more information related to the deduction of fees from client accounts. The client must consent in advance to direct debiting of their investment account.

Fees for financial plans are billed 50% in advance, with the balance due upon delivery of the financial plan.

Other Fees

Custodians may charge transaction fees on purchases or sales of certain mutual funds and exchange-traded funds. These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

FMP Wealth Advisers, in its sole discretion, may charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

Expense Ratios

Mutual funds and exchange-traded funds generally charge a management fee for their services as investment managers. The management fee is called an expense ratio. For example, an expense ratio of 0.50 means that the mutual fund company charges 0.5% for their services. These fees are in addition to the fees paid by you to FMP Wealth Advisers.

Performance figures quoted by mutual fund companies in various publications are after their fees have been deducted.

Past Due Accounts and Termination of Agreement

FMP Wealth Advisers reserves the right to stop work on any account that is more than 180 days overdue. In addition, we reserve the right to terminate any financial planning engagement where a client has willfully concealed or has refused to provide pertinent information which in our judgment is important to providing proper financial advice. Any unused portion of fees collected in advance will be refunded.

ERISA

Fees for advice and services provided to ERISA retirement plans fees are negotiable between FMP and the plan sponsor. For plans governed by ERISA, compensation arrangements will involve the offset or refunding of any indirect compensation relating to the assets in the plan, such as 12b-1 fees, to the plan and/or plan participants to ensure level compensation to FMP. All direct and indirect compensation will be described in the 408(b)(2) disclosure provided when your ERISA account is established.

Any 12b-1 fees derived from the assets in a qualified employer retirement plan governed under ERISA, will be refunded to the plan/plan participants.

Item 6 - Performance-Based Fees and Side-By-Side Management

Not applicable.

It is currently anticipated that Limited Partners in the Funds and the FMP Select Assets Diversified Fund, L.P. will not be subject to performance compensation on net capital appreciation. See Item 5. Fees and Compensation for information regarding potential performance-based fees relating to investments of assets with Portfolio Funds of the FMP Select Assets Diversified Fund, L.P.

Item 7 - Types of Clients

The FMP Select Assets Diversified Fund, L.P. (hereinafter "the Fund") requires an initial minimum investment of \$150,000. FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers as the investment manager may in its sole discretion waive, reduce, or calculate differently all or a portion of the management fees associated with a capital fund.

Interests in the Funds will generally be sold only to qualified investors who are "accredited investor" as that term is defined in Rule 501(a) of the General Rules and Regulations under the Securities Act of 1933, as amended (the "Securities Act"), a "qualified eligible person" as that term is defined in Commodity Futures Trading Commission ("CFTC") Regulation 4.7 and a "qualified purchaser" as that term is defined in Section 2(a)(51) of the Investment Company Act of 1940, as amended (the "Investment Company Act").

Interests in the Funds are intended for experienced and sophisticated investors. Prospective investors in the Funds should refer to the Private Placement Memorandum and subscription agreement of the Funds for detailed information regarding restrictions applicable to investment in the Funds.

Item 8 - Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include charting, fundamental analysis, technical analysis, and cyclical analysis.

Other sources of information include financial newspapers and magazines, inspections of corporate activities, research materials prepared by others, corporate rating services, timing services, annual reports, prospectuses, filings with the Securities and Exchange Commission, and company press releases.

The main sources of information we may use include Ned Davis Research, Morningstar Research, Charles Schwab & Company's "SchwabLink" service, and the World Wide Web.

Investment Strategies

The adviser's investment strategies are designed to evaluate most areas of investment risk by combining his advisory services with those of no-load mutual fund managers. The majority of investment products the adviser recommends are no-load mutual funds or exchange-trade funds that pay no commissions. No investment strategy can guarantee a client will outperform the market or make money but it is important to evaluate risk. Our service is intended to evaluate the client's exposure to market risk, business cycle risk, interest rate risk, and financial risk. By using mutual funds and exchange-trade funds the client receives the following additional services:

1. Professional investment management directed to reduce the business and financial risk associated with specific stock or bond securities.
2. Diversification of securities.

Our investment strategies may include long-term purchases, short-term purchases, trading, short sales, margin transactions, and option writing (including covered options, uncovered options or spreading strategies).

By its nature financial planning looks at the long term. After making sure that a client's short-term needs, emergency funds, and insurance needs are covered, we design investment strategies to help achieve his or her financial goals.

Risk of Loss

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks:

- **Interest-rate Risk:** Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- **Market Risk:** The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- **Inflation Risk:** When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.
- **Currency Risk:** Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- **Financial Risk:** Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

As disclosed under Investment Supervisory Services we serve as the investment manager to FMP Real Estate One, L.P (hereinafter “the Fund”). FMP Real Estate GP, LLC, an entity wholly-owned by FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers, is the General Partner to the Fund. We also serve as the investment manager to FMP Real Estate Two, L.P. (hereinafter “the Fund”). FMP Real Estate Two GP, LLC, an entity wholly- owned by FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers, is the General Partner to the Fund. Additionally, FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers serves as the investment manager to the FMP Select Assets Diversified Fund, L.P., a Delaware limited partnership formed in 2016. FMP Select Assets Diversified Fund GP, LLC, a Delaware limited liability company and an entity wholly-owned by FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers, is the General Partner to the Fund.

As appropriate, clients may be solicited to invest in the Funds and the FMP Select Assets Diversified Fund, L.P. The General Partner, for separate and typical compensation or in lieu of compensation, may engage in customary activities of a General Partner such as seeking qualified and desirable investors to participate in the Funds.

The General Partner and/or related persons of Adviser may have invested or may invest a portion of their personal net worth in the Funds.

Milton Hixson currently serves on the J.P. Morgan Advisory Council. This Council was created by J.P. Morgan to get direct feedback from Registered Investment Advisers on how they are doing regarding meeting the needs of Registered Investment Adviser clients and what they can do to improve. These sessions include the evaluation of various J.P. Morgan investment securities and other investment products. It also includes reviewing products such as the Guide to the Market, Retirement Insights program, the Guide to Retirement and other retirement planning resources available at J.P. Morgan. This service, how it benefits us, and the related conflicts of interest are described below (see Item 14 – Client Referrals and Other Compensation).

Item 11 - Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics

FMP Wealth Advisers representatives and all employees maintain a strict Code of Ethics based upon the principal of our fiduciary duty to our clients to conduct affairs, including personal securities transactions, in such a manner as to avoid (i) serving our own personal interests ahead of our clients, (ii) taking inappropriate advantage of our position with the firm and (iii) any actual or potential conflicts of interest or any abuse of our position of trust and responsibility. FMP Wealth Advisers has an affirmative duty of utmost good faith to act solely in the best interests of our clients.

FMP Wealth Advisers is committed to our Code of Ethics that is available for review by clients and prospective clients upon request. The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Participation or Interest in Client Transactions

FMP Wealth Advisers and its employees may buy or sell securities that are also held by clients. Employees may not trade their own securities ahead of client trades. Employees comply with the provisions of the FMP Wealth Advisers Compliance Manual.

Personal Trading

The Chief Compliance Officer of FMP Wealth Advisers is Milton Hixson. He reviews all employee trades each quarter. The personal trading reviews ensure that the personal trading of employees does not affect the markets, and that clients of the firm receive preferential treatment. Since most employee trades are small mutual fund trades or exchange-traded fund trades, the trades do not affect the securities markets.

Item 12 - Brokerage Practices

Selecting Brokerage Firms

FMP Wealth Advisers does not have the discretionary authority to determine the broker dealer to be used or the commission rates to be paid, clients must direct us as to the broker dealer to be used. In directing the use of a particular broker or dealer, it should be understood that we will not have authority to negotiate commissions among various brokers or obtain volume discounts, and best execution may not be achieved. In addition, a disparity in commission charges may exist between the commissions charged to the client and those charged to other clients.

FMP Wealth Advisers does not maintain custody of your managed assets. Although we may be deemed to have custody of your assets if you give us authority to withdraw assets from your account. Your assets must be maintained in an account at a "qualified custodian," generally a broker-dealer or bank.

For clients in need of brokerage or custodial services, and depending on client circumstances and needs, we may recommend the use of one of several custodians and/or broker dealers including, but not limited to Charles Schwab and Co., Inc. ("Schwab"), Jefferson National Securities Corporation ("Jefferson National"), LT Trust Company, and Aspire. Our clients must evaluate these custodians or brokers before opening an account. The factors we consider when making this recommendation are the custodian or broker's ability to provide professional services. We consider a wide range of factors including, among others, the following:

- combination of transaction execution services along with asset custody services (generally without a separate fee for custody)
- capability to execute, clear and settle trades (buy and sell securities for your account)
- capabilities to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payment, etc.)
- breadth of investment products made available (stocks, bonds, mutual funds, exchange traded funds (ETFs), etc.)
- availability of investment research and tools that assist us in making investment decisions
- quality of services
- competitiveness of the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate them
- reputation, financial strength and stability of the provider
- their prior service to us and our other clients

At times, we recommend that our clients use Charles Schwab & Co., Inc. (Schwab), a FINRA-registered broker-dealer, member SIPC, as the qualified custodian. We are independently owned and operated and not affiliated with Schwab. Schwab will hold your assets in a brokerage account and buy and sell

securities when we instruct them to. While we recommend that you use Schwab as a custodian/broker, you will decide whether to do so and open your account with Schwab by entering into an account agreement directly with them. We do not open the account for you, although we may assist you in doing so. Even though your account is maintained at Schwab, we can still use other brokers to execute trades for your account.

FMP Wealth Advisers is independently owned and operated and not affiliated with the custodians and/or brokers it recommends. Which custodian and/or broker is recommended also depends on if the client's accounts are an individual account, an annuity account or an institutional retirement plan account. Lincoln Trust, Schwab, Aspire and Jefferson National charge their fees directly to the individual client account, the plan sponsor and or to the institutional retirement plan.

These custodians provide services which include trading, custody, research (Schwab only) and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For our clients' accounts, it maintains, Schwab generally does not charge you separately for custody services but is compensated by charging you commissions or other fees on trades that it executes or that settle into your Schwab account. For some accounts, Schwab may charge you a percentage of the dollar amount of assets in the account in lieu of commissions. Schwab's commission rates and asset-based fees applicable to our client accounts were negotiated based on our commitment to maintain \$10 million of our clients' assets statement equity in accounts at Schwab. This commitment may benefit you because the overall commission rates or asset based fees you pay may be lower than they would be if we had not made the commitment. In addition to commissions or asset-based fees Schwab charges you a flat dollar amount as a "prime broker" or "trade away" fee for each trade that we have executed by a different broker-dealer but where the securities bought or the funds from the securities sold are deposited (settled) into your Schwab account. These fees are in addition to the commissions or other compensation you pay the executing broker-dealer. Because of this, to minimize your trading costs, we have Schwab execute most trades for your account.

Schwab Advisor Services is Schwab's business serving independent investment advisory firms like us. They provide us and our clients with access to its institutional brokerage-trading, custody, reporting and related services – many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients' accounts while others help us manage and grow our business. Here is a more detailed description of Schwab's support services:

Services that Benefit You. Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab's services described in this paragraph generally benefit you and your account.

Services that May Not Directly Benefit You. Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Schwab's own and that of third parties. We may use this research to service all or some substantial number of our clients' accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- Provide access to client account data (such as duplicate trade confirmations and account statements);
- Facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- Provide pricing and other market data;
- Facilitate payment of our fees from our clients' accounts; and
- Assist with back-office functions, recordkeeping and client reporting.

Services that Generally Benefit Only Us. Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- Educational conferences and events
- Technology, compliance, legal, and business consulting;
- Publications and conferences on practice management and business succession; and
- Access to employee benefits providers, human capital consultants, marketing consultants and support, and insurance providers. Schwab may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab may also discount or waive its fees for some of these services or pay all or a part of a third party's fees.
- Schwab may also provide us with other benefits such as occasional business entertainment of our personnel or reimburse us for other cost such as training or technology cost we incur.

Our Interest in Schwab's Services. The availability of these services from Schwab benefits us because we do not have to produce or purchase them. We don't have to pay for Schwab's services. Schwab has also agreed to reimburse certain clients up to \$12,000.00 in Transfer of Account Exit Fees to help develop our relationship with new clients by making these clients transition to Schwab a smooth one. To be eligible our new clients must

transfer to Schwab within 6 months from the date FMP Wealth Advisers made this agreement with Schwab. This agreement was based on the expectation that these transfers would result in an increase in the total value of the accounts FMP Wealth Advisers uses with Schwab custodial services.

This creates an incentive to recommend that you maintain your account with Schwab, based on our interest in receiving Schwab's services that benefit our business and Schwab's payment for services for which you would otherwise have to pay rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a potential conflict of interest. We believe, however, that our selection of Schwab as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality, and price of Schwab's services and not Schwab's services that benefit only us.

LT Trust, Aspire and Jefferson National also make available to FMP other products and services that benefit us but may not benefit our client's accounts. Some of these other products or services assist us in managing and administering client's accounts. These include software and other technology that provide access to client account data (such as trade confirmations and account statements); facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts); pricing information and other market data; facilitate payment of our fees from our client's accounts; and assist with back-office functions, recordkeeping and client reporting. Many of these services generally may be used to service all or a substantial number of our accounts, including accounts not maintained at either of these custodians.

Due to the nature of FMP Real Estate One, L.P., and FMP Real Estate Two, L.P., we may not recommend the use of retail broker dealers to invest in Venture Fund Partnerships or other private placement vehicles. Depending on the specific circumstances surrounding an investment opportunity, we may either subscribe to a private placement fund through direct solicitation of its general partner or by responding to a solicitation by a finder. Typically, due to the limited nature of the investment opportunities sought, multiple subscription sources or multiple finders will not be available, and we may not be able to negotiate finder fees, if any.

FMP Wealth Advisers may have limited brokerage discretion in rare situations where it purchases a large amount of Exchange Traded Funds on a trade-away basis or directly from the issuer of such a security in order to obtain a better price for the client. Schwab may charge client accounts trade-away fees in such situations. In cases where we have such limited brokerage discretion, we will endeavor to select those brokers or dealers which will provide the best services at the lowest price and commission rates possible (if commissions are applicable). The reasonableness of commissions is based on the broker's ability to provide professional services, competitive commission rates, research and other services which will help us in providing investment management services to clients.

FMP Wealth Advisers will not have brokerage discretion in SMAs. The sub-advisor shall have full investment and brokerage discretion in the selection of a broker or dealer for transactions. The sub-advisors to FMP Wealth Advisers have been delegated certain responsibilities related to portfolio management and may have soft dollar arrangements and may receive soft-dollar benefits. The sub-advisor may aggregate purchase or sale orders with other accounts as permitted by the Investment Advisers Act and will seek to allocate such investment opportunities fairly and equitably over time. However, the sub-advisor is under no obligation to aggregate orders.

Soft Dollars

FMP Wealth Advisers entered into a partial fee waiver for the registration cost of the Schwab IMPACT 2016 Conference on October 24-27, 2016. This benefit was provided to us in recognition of the amount of client's assets we maintain under Schwab's custody. FMP Wealth Advisers has found the Schwab IMPACT Conference to be of substantial value to its advisors as we seek to continually improve the services offered to our clients.

FMP Wealth Advisers on August 11, 2017 entered into a partial fee reimbursement agreement for the cost of the July 2017 Tamarac Invoice. This benefit was provided to us in recognition of the amount of client's assets we maintain under Schwab's custody. FMP Wealth Advisers has found the Tamarac software (Client Relationship Management software, Rebalancing Software, and Advisor View software) to be of substantial value to its advisors as we seek to continually improve the services offered to our clients.

Order Aggregation

Most trades are mutual funds or exchange-traded funds where trade aggregation does not garner any client benefit.

Item 13 - Review of Accounts

Periodic Reviews

While the underlying securities within investment advisory accounts and investment supervisory services accounts are continuously monitored, accounts are also formally reviewed semi-annually or annually, based on the agreement with each client. Accounts are reviewed in the context of the investment objectives and guidelines of each model portfolio as well as any investment restrictions provided by the client. FMP Real Estate One, L.P., FMP Real Estate Two, L.P., and FMP Select Assets Diversified Fund, L.P. positions are reviewed in the overall context of the investment objectives and guidelines as set forth in the Private Placement Memorandum.

FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers will continuously monitor the underlying securities in SMA client accounts and perform at least annual reviews of account holdings for all

clients. Accounts are reviewed for consistency with client investment strategy, asset allocation, risk tolerance and performance relative to the appropriate benchmark.

For ERISA plan services, FMP will review the client's Investment Policy Statement (IPS) whenever the client advises us of a change in circumstances regarding the needs of the plan. FMP will also review the investment options of the plan according to the agreed upon time intervals established in the IPS. Such reviews will generally occur quarterly.

Review Triggers

More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment. Reviews of past performance are done by either Harry Milton Hixson, Owner; Kevin Edmond Hixson, Owner; John Carroll Hixson Jr., Owner; Adam Palmer Todd, Owner; Marc Lester Hixson, Owner; Michael Lloyd Carr, Representative; Daniel W. Frick, Representative; David Harmon Theobald, Jr., Representative; or Timothy Lynn Nabers, Representative. The review is focused on the performance of the account and does not involve a comprehensive review of a client's financial condition or plan.

If a client wants to consider changing the style of management or risk level of his account, the client may be provided a risk assessment questionnaire and is told to consider completing it at a later time. If the client returns the questionnaire to the Adviser, then the Adviser reviews the questionnaire and determines if a change should be made in the handling of the account.

More frequent reviews of SMA accounts may be triggered by changes in an account holder's personal, tax or financial status. Economic and macroeconomic specific events may also trigger reviews.

Regular Reports

Clients are provided reports on a quarterly frequency. The reports provided are (1) a Current Value Report showing the value of each security held in the account, (2) a Change in the Value of the Account during the current calendar year, and (3) an internal rate of return report.

FMP Real Estate One GP, L.L.C., FMP Real Estate Two GP, L.L.C., and FMP Select Assets Diversified Fund GP, LLC furnishes to its limited partners, as soon as practicable after the end of each taxable year (or as otherwise required by law), annual reports containing financial statements audited by the Funds' independent auditors as well as such tax information as is necessary for each Partner to complete federal and state income tax or information returns, along with any other tax information required by law. FMP Real Estate GP, L.L.C., FMP Real Estate Two GP, L.L.C., and FMP Select Assets Diversified Fund GP, LLC may also furnish unaudited quarterly reports reviewing the Fund's performance. The General Partner also selects an

independent auditor in its sole discretion.

In addition to the monthly statements and confirmations of transactions that SMA clients receive from their broker dealer, FINANCIAL MANAGEMENT PROFESSIONALS, INC., DBA FMP Wealth Advisers will provide quarterly performance reports.

Item 14 - Client Referrals and Other Compensation

Incoming Referrals

FMP Wealth Advisers has been fortunate to receive many client referrals over the years. The referrals came from current clients, estate planning attorneys, accountants, employees, personal friends of employees and other similar sources. The firm does not compensate referring parties for these referrals.

Referrals Out

FMP Wealth Advisers does not accept referral fees or any form of remuneration from other professionals when a prospect or client is referred to them.

Other Compensation

Harry Milton Hixson in years prior to 1994 had a life insurance license and served as an agent or broker with several life insurance companies. Starting in 1994, he discontinued his life insurance license and no longer serves as an agent or broker for the sale of life insurance products. However, as the result of sales products in prior years, he continues to receive renewal year commissions when a policyholder pays his premium. This commission income is compensation for services he provides to the remaining policyholders. Adviser does not consider these commissions to be material to its business since they represent less than 1% of the total annual revenue.

We receive an economic benefit from Schwab in the form of support products and services it makes available to us and other independent investment advisors that have their clients maintain accounts at Schwab. These products and services, how they benefit us, and the related conflicts of interest are described above (see Item 12 – Brokerage Practices). The availability to us of Schwab's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

Mutual fund management companies may provide us with other benefits such as occasional business entertainment of our personnel or pay for or reimburse us for other cost. Examples of other cost are: partial reimbursement or payment of invoices for client events we provide; provision of employee training sessions and the associated travel, lodging, meals or other expenses connected with a training or consultation session. Such arrangements create a

conflict between us and our clients, to compromise our fiduciary responsibility by inducing us to direct client assets to mutual funds managed by companies that provide such benefits, instead of direct the assets to mutual funds that are better suited to our client's needs. The availability to us of these benefits or services is not based on us giving particular investment advice, such as buying particular securities for our clients. Additionally, FMP Wealth Advisers representatives and all employees maintain a strict Code of Ethics based upon the principal of our fiduciary duty to our clients to conduct affairs, including personal securities transactions, in such a manner as to avoid (i) serving our own personal interests ahead of our clients, (ii) taking inappropriate advantage of our position with the firm and (iii) any actual or potential conflicts of interest or any abuse of our position of trust and responsibility. FMP Wealth Advisers has an affirmative duty of utmost good faith to act solely in the best interests of our clients.

Item 15 – Custody

Account Statements

All assets are held at qualified custodians other than those invested in FMP Real Estate GP, L.L.C., FMP Real Estate Two GP, L.L.C, and FMP Select Assets Diversified Fund GP, LLC, which means the custodians provide account statements directly to clients at their address of record at least quarterly.

Performance Reports

Under government regulations, we are deemed to have custody of your assets if you authorize us to instruct Schwab or another custodian to deduct our advisor fees directly from your account. Schwab or the other custodian maintains actual custody of your assets. You will receive account statements directly from them at least quarterly. They will be sent to the email or postal mailing address you provided. You should carefully review those statements promptly when you receive them. We also urge you to compare the custodian's account statements to the periodic [account statements/portfolio reports] you will receive from us.

The “Funds” and FMP Select Assets Diversified Fund

Because we act as investment manager to the Funds and the FMP Select Assets Diversified Fund, L.P., we are deemed to have custody of client assets under current applicable regulatory interpretations. As an adviser with custody, we seek to have the fund(s) audited on an annual basis by an independent public accountant that is both registered with and subject to regular inspection by the Public Company Accounting Oversight Board (PCAOB). For the funds, we seek to send the audited financials to each investor within 120 days of the fund's fiscal year end.

Upon the final liquidation of any Fund, FINANCIAL MANAGEMENT

PROFESSIONALS, INC., DBA FMP Wealth Advisers will obtain a final audit and distribute audited financial statements prepared in accordance with GAAP with respect to such Fund to all investors promptly after completion of the audit.

Third Party Authorizations

FMP is deemed to have custody for some of the Standard Letter of Authorizations it maintains for third party transfers.

Item 16 - Investment Discretion

Discretionary Authority for Trading

FMP Wealth Advisers accepts discretionary authority to manage securities accounts on behalf of clients. FMP Wealth Advisers has the authority to determine, without obtaining specific client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold.

FMP Wealth Advisers requires its SMA clients to grant discretionary authority to determine the sub-investment adviser to retain on behalf of the client. FMP Wealth Advisers will engage certain investment management service providers to provide the management services and the service provider will have investment and brokerage discretion and the right to make all decisions with respect to the investment and reinvestment of the cash, securities, and other assets in client's accounts and may hold, trade, purchase, sell, invest, divest, reinvest, or exchange such investments for an account as deemed appropriate without prior consultation with FMP Wealth Advisers subject to investment objectives and guidelines.

Discretionary trading authority facilitates placing trades in your accounts on your behalf so that we may promptly implement the investment policy that you have approved in writing.

Limited Power of Attorney

A limited power of attorney is a trading authorization for this purpose. You sign a limited power of attorney so that we may execute the trades.

Item 17 - Voting Client Securities

Proxy Votes

FMP Wealth Advisers does not vote proxies on securities. Clients will receive proxies directly from custodians and are expected to vote their own proxies.

When assistance on voting proxies is requested, FMP Wealth Advisers will provide recommendations to the Client. If a conflict of interest exists, it will be disclosed to the Client.

Item 18 - Financial Information

Financial Condition

FMP Wealth Advisers does not have any financial impairment that will preclude the firm from meeting contractual commitments to clients.

A balance sheet is not required to be provided because FMP Wealth Advisers does not serve as a custodian for client funds or securities, and does not require prepayment of fees of more than \$1,200 per client, and six months or more in advance.

Brochure Supplement (Part 2B of Form ADV)

Education and Business Standards

FMP Wealth Advisers requires that advisors in its employ have a bachelor's degree and further coursework demonstrating knowledge of financial planning and tax planning. Examples of acceptable coursework include: an MBA, a CFP®, a CFA, a ChFC, CMT, JD, CTFA, EA or CPA. Additionally, advisors must have work experience that demonstrates their aptitude for financial planning and investment management.

Professional Certifications

Employees have earned certifications and credentials that are required to be explained in further detail.
